E-mail: infrateam@shrem.in; **Website:** www.shreminvit.com

		
Sponsor Shrem Infra Structure Private Limited	Investment Manager Shrem Financial Private Limited	Trustee Axis Trustee Services Limited

Shrem InvIT (the “Trust”) is proposing an initial offer of 60,000,000* Units through a private placement at a price of ₹ 100 per Unit (the “Issue Price”), aggregating to ₹ 6,000 million (the “Issue”).

The Issue Price is ₹ 100 per Unit.

*Subject to approval of Allotment by the Board of Directors of the Investment Manager

THIS ISSUE, AND THE DISTRIBUTION OF THIS FINAL PLACEMENT MEMORANDUM, IS BEING MADE ONLY TO BIDDERS IN RELIANCE UPON REGULATION 14(2) OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (INFRASTRUCTURE INVESTMENT TRUSTS) REGULATIONS, 2014

The Units are proposed to be listed on the National Stock Exchange of India Limited (the “NSE” or the “Stock Exchange”). In-principle approval for listing of the Units has been received from the NSE on March 15, 2021 and extended by way of its letters dated June 11, 2021 and September 9, 2021. NSE is the Designated Stock Exchange. Application shall be made to NSE for obtaining the final listing and trading approval for the Units to be Allotted pursuant to the Issue. NSE assumes no responsibility for the correctness of any statements made, opinions expressed or reports contained herein. Admission of the Units to be Allotted pursuant to the Issue for trading on NSE should not be taken as an indication of the merits of the Trust or of the Units.

This being an initial offer by the Trust, there has been no formal market for the Units. The Issue Price (determined and justified by the Investment Manager in consultation with the Lead Manager), should not be taken to be indicative of the market price of the Units after the Units are listed. No assurance can be given regarding an active or sustained market for trading in the Units or regarding the price at which the Units will be traded after listing.

A copy of the Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum has been delivered to NSE. This Final Placement Memorandum has not been, and will not be, registered as a prospectus, will not be circulated or distributed to the public at large in India or any other jurisdiction, and will not constitute a public offer in India or any other jurisdiction.

The Units have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws. Accordingly, the Units are being offered and sold outside the United States in offshore transactions in reliance on Regulation S under the Securities Act (“Regulation S”) and applicable law of the jurisdictions where such offers and sales are made.

THIS FINAL PLACEMENT MEMORANDUM SHALL BE PERSONAL TO EACH BIDDER. THIS FINAL PLACEMENT MEMORANDUM HAS BEEN PREPARED BY THE TRUST SOLELY FOR PROVIDING INFORMATION IN CONNECTION WITH THE ISSUE.

YOU MAY NOT, AND ARE NOT AUTHORIZED TO, (1) DELIVER THIS FINAL PLACEMENT MEMORANDUM TO ANY OTHER PERSON; OR (2) REPRODUCE THIS FINAL PLACEMENT MEMORANDUM IN ANY MANNER WHATSOEVER. ANY DISTRIBUTION OR REPRODUCTION OF THIS FINAL PLACEMENT MEMORANDUM, IN WHOLE OR IN PART, IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS INSTRUCTION MAY RESULT IN A VIOLATION OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (INFRASTRUCTURE INVESTMENT TRUSTS) REGULATIONS, 2014 OR OTHER APPLICABLE LAWS OF INDIA AND OF OTHER JURISDICTIONS.

INVESTMENTS IN THE UNITS INVOLVE RISKS AND PROSPECTIVE INVESTORS SHOULD NOT INVEST ANY FUNDS IN THE ISSUE UNLESS THEY CAN AFFORD TO TAKE THE RISK OF LOSING THEIR ENTIRE INVESTMENT. FOR MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE TRUST, THE UNITS, THE ISSUE, AND THE PLACEMENT MEMORANDUM, INCLUDING THE RISKS INVOLVED. INVESTORS ARE ADVISED TO CAREFULLY READ THE PLACEMENT MEMORANDUM, INCLUDING THE SECTION ENTITLED “RISK FACTORS” AND “RIGHTS OF UNITHOLDERS” ON PAGES 64 AND 439, RESPECTIVELY, BEFORE MAKING AN INVESTMENT DECISION. THE UNITS HAVE NOT BEEN RECOMMENDED BY THE SECURITIES AND EXCHANGE BOARD OF INDIA (“SEBI”) NOR DOES SEBI GUARANTEE ACCURACY OR ADEQUACY OF THE CONTENTS OF THIS FINAL PLACEMENT MEMORANDUM. EACH ELIGIBLE INVESTOR IS ADVISED TO GUARANTEE ITS OWN ADVISORS, ABOUT THE CONSEQUENCES OF AN INVESTMENT IN THE UNITS BEING ISSUED PURSUANT TO THIS FINAL PLACEMENT MEMORANDUM.

Unless a serially numbered Placement Memorandum along with an Application Form is addressed to a particular Eligible Investor, no invitation to offer shall be deemed to have been made to such Eligible Investor to make an offer to subscribe to Units on private placement basis pursuant to the Issue. For further details, please see the section entitled “Issue Information” on page 444. The distribution of this Final Placement Memorandum or the disclosure of its contents without the Trustee’s or Investment Manager’s prior consent, to any person, other than to the addressees, shall be unauthorized and prohibited. Each addressee, by accepting delivery of this Final Placement Memorandum, shall agree to observe the foregoing restrictions and to make no copies of this Final Placement Memorandum or any documents referred to in this Final Placement Memorandum.

The information on the websites of the Sponsor, the Investment Manager, the Trust or the Lead Manager, as applicable, any website directly or indirectly linked to such websites, or the website of the Trustee, does not form part of this Final Placement Memorandum and prospective investors should not rely on such information contained in, or available through, any such websites.

NOTICE TO INVESTORS

The statements contained in this Final Placement Memorandum relating to the Trust and the Units are, in all material respects, true and accurate and not misleading. The opinions and intentions expressed in this Final Placement Memorandum with regard to the Trust and the Units are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions and information presently available with the Investment Manager, the Sponsor or both, the Investment Manager and the Sponsor. There are no other facts in relation to the Trust and the Units, the omission of which would, in the context of the Issue, make any statement in this Final Placement Memorandum misleading in any material respect. Further, each of the Investment Manager and the Sponsor has made all reasonable enquiries to ascertain such facts and to verify the accuracy of all such information and statements.

The Lead Manager has not separately verified any information (financial, legal or otherwise) contained in this Final Placement Memorandum. Accordingly, the Lead Manager or any of its shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates make any express or implied representation, warranty or undertaking, and accept no responsibility or liability as to the accuracy or completeness of the information contained in this Final Placement Memorandum or any other information supplied in connection with the Issue or the distribution of the Units, other than in relation to themselves. Each Bidder receiving this Final Placement Memorandum acknowledges that such person has neither relied on the Lead Manager nor any of its shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates in connection with their investigation of the accuracy of such information or such person's investment decision. Each Bidder must rely on its own examination of the Trust and the merits and risks involved in investing in the Units. Bidders should not construe the contents of this Final Placement Memorandum as legal, tax, accounting or investment advice. Each Bidder receiving this Final Placement Memorandum acknowledges that in making an investment decision, such investor has relied solely on the information contained in this Final Placement Memorandum and not on any other disclosure or representation by the Investment Manager, the Trustee, the Sponsor, the Lead Manager or any other party. Save as expressly stated in this Final Placement Memorandum, nothing contained herein is, or may be relied upon as, a promise or representation as to the future performance of the Trust.

No person is authorized to give any information or to make any representation not contained in this Final Placement Memorandum and any information or representation not so contained must not be relied upon as having been authorized by or on behalf of the Trust or by, or on behalf, of the Sponsor, the Investment Manager or the Lead Manager. The delivery of this Final Placement Memorandum, at any time, does not imply that the information contained in it is correct as of any time subsequent to its date. This Final Placement Memorandum shall not be relied upon by, and the Investment Manager, the Trustee, the Sponsor, the Project Manager and/or the Lead Manager shall not be liable to, any subsequent acquirer, transferee or investor of the Units.

As per the terms of the Concession Agreements, the acquisition of any control directly or indirectly of the board of directors of the Project SPVs by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of the respective concessioning authority, from national security and public interest perspective and the decision of respective concessioning authority in this behalf being final, conclusive and binding on the Project SPVs. The Project SPVs are also obliged to not give effect to any such acquisition of equity or control of the board of directors without such prior approval of respective concessioning authority.

This Final Placement Memorandum is personal to each Bidder.

The distribution of this Final Placement Memorandum or the disclosure of its contents to any person, other than the Bidders to whom it is addressed and those retained by such Bidders to enable them to make a decision with respect to their purchase of the Units, is unauthorized and prohibited. Each Bidder, by accepting delivery of this Final Placement Memorandum, agrees to observe the foregoing restrictions and make no copies of this Final Placement Memorandum or any other material in connection with the Issue or the Units.

Certain U.S. Matters

The Units have not been, and will not be, registered under the Securities Act or any other applicable state securities laws of the U.S. and, unless so registered, may not be offered or sold within the U.S. except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Units are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S, in each case in compliance with the applicable laws of the jurisdictions where those offers and sales are made.

Each purchaser of the Units offered by the Placement Memorandum will be deemed to have made the representations, agreements and acknowledgments as described in this section entitled "*Notice to Investors - Representations by Eligible Investors*" on page 3 and in the section entitled "*Selling and Transfer Restrictions*" on page 436.

THE UNITS OFFERED HEREBY HAVE NOT BEEN REGISTERED WITH, OR APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE “SEC”) OR ANY STATE SECURITIES COMMISSION IN THE U.S. OR ANY OTHER U.S. REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT PASSED ON OR ENDORSED THE MERITS OF THE OFFERING OR THE ACCURACY OR ADEQUACY OF THIS FINAL PLACEMENT MEMORANDUM. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE IN THE U.S.

Notice to Investors in certain other jurisdictions

The distribution of this Final Placement Memorandum and the issue of the Units in certain jurisdictions may be restricted by law. As such, this Final Placement Memorandum does not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such offer or solicitation. In particular, no action has been taken by the Investment Manager or the Lead Manager which would permit an offer of the Units or distribution of this Final Placement Memorandum in any jurisdiction, other than India. Accordingly, the Units may not be offered or sold, directly or indirectly, and neither this Final Placement Memorandum nor any Issue materials in connection with the Units be distributed or published in or from any country or jurisdiction that would require registration of the Units in such country or jurisdiction. Please see the section entitled “*Selling and Transfer Restrictions*” on page 436.

FATCA and Similar Measures

India has signed a Model 1 inter-governmental agreement with the United States (the “**U.S.-India IGA**”) to give effect to the United States Foreign Account Tax Compliance Act provisions contained in sections 1471 to 1474 of the United States Internal Revenue Code and U.S. Treasury Regulations promulgated thereunder (together, as amended from time to time, “**FATCA**”). Pursuant to the U.S.-India IGA and the related Indian legislation, regulations and guidance, the Trust is required to report certain information about “Specified U.S. Persons” (as defined in the U.S.-India IGA) that own, directly or indirectly, an interest in the Trust. If the Trust does not comply with these obligations, it may be subject to a 30.0% withholding tax on certain payments to it of U.S. source income (including interest and dividends) (from July 1, 2014) and proceeds from the sale of property that could give rise to U.S. source interest or dividends (from January 1, 2019) (a “**FATCA Deduction**”), and to financial penalties or other sanctions under the relevant Indian legislation.

Under the terms of the current U.S.-India IGA, the Trust will not generally be required to withhold tax on payments made to an account holder (i.e. a Unitholder) or to close recalcitrant accounts. The Trust will be required to report certain information in respect of any “Specified U.S. Persons” to the Indian Directorate of Intelligence and Criminal Investigation (the “**Directorate**”) and the Directorate will exchange this information, on an automatic basis annually, with the U.S. Internal Revenue Service.

It should be noted that a number of other jurisdictions have entered into or are committed to entering into inter-governmental agreements for the automatic cross-border exchange of tax information similar to the U.S.-India IGA, including, in particular, under a regime known as the OECD Common Reporting Standard (the “**CRS**”). India has signed, along with over 80 other countries, a multilateral competent authority agreement to implement the CRS, and has passed regulations to give effect to the CRS. These regulations require Indian “Financial Institutions”, which is likely to include the Trust, to identify specified persons in participating jurisdictions under the CRS, and to report related information to the Directorate (for automatic exchange with the relevant tax authorities in such jurisdictions).

While the Trust will seek to satisfy its obligations under FATCA, the U.S.-India IGA, the CRS and the associated implementing legislation in India to avoid the imposition of any FATCA Deductions, financial penalties and other sanctions, the ability of the Trust to satisfy such obligations will depend on receiving relevant information and/or documentation about each Unitholder and the direct and indirect beneficial owners of the Units (if any). There can be no assurance that the Trust will be able to satisfy such obligations. If a Unitholder, or any related party, causes the Trust to suffer a FATCA Deduction, financial penalty, or other cost, expense or liability, or the Trust is required to make a FATCA Deduction from such Unitholder, the Investment Manager and/or the Trustee, on behalf of the Trust, reserves the right to take any action available to it and to pursue all remedies at its disposal to ensure that the FATCA Deduction or financial penalty and other associated costs, expenses and liabilities are economically borne by such Unitholder.

All prospective investors should consult with their own tax advisers regarding the possible implications of FATCA, the U.S.-India IGA, the CRS and the associated implementing legislation in India and any other similar legislation and/or regulations on their investments in the Trust.

THE VALUE OF THE UNITS AND THE INCOME DERIVED FROM THEM MAY FALL, AS WELL AS RISE, THE UNITS ARE NOT OBLIGATIONS OF, DEPOSITS IN, OR GUARANTEED BY THE TRUST, THE TRUSTEE, THE SPONSOR, THE INVESTMENT MANAGER, THE LEAD MANAGER OR ANY OF THEIR RESPECTIVE

SHAREHOLDERS, EMPLOYEES, COUNSEL, OFFICERS, DIRECTORS, REPRESENTATIVES, AGENTS, ASSOCIATES OR AFFILIATES. AN INVESTMENT IN THE UNITS IS SUBJECT TO INVESTMENT RISKS, INCLUDING THE POSSIBLE LOSS OF THE PRINCIPAL AMOUNT INVESTED, FURTHER, LISTING OF THE UNITS ON THE STOCK EXCHANGE DOES NOT GUARANTEE A LIQUID MARKET FOR THE UNITS. INVESTORS HAVE NO RIGHT TO REQUEST THE TRUST, THE TRUSTEE, THE SPONSOR OR THE INVESTMENT MANAGER OR ANY OF THEIR RESPECTIVE SHAREHOLDERS, EMPLOYEES, COUNSEL, OFFICERS, DIRECTORS, REPRESENTATIVES, AGENTS, ASSOCIATES OR AFFILIATES TO REDEEM THEIR UNITS WHILE THE UNITS ARE LISTED, UNLESS OTHERWISE PERMITTED BY APPLICABLE LAW. THE PERFORMANCE OF ANY OF THE LISTED UNITS OF THE TRUST IS NOT NECESSARILY INDICATIVE OF THE FUTURE PERFORMANCE OF THE UNITS OF THE TRUST.

Representations by Eligible Investors

References herein to “you” or “your” is to each Eligible Investor in the Issue.

By purchasing, or subscribing to, the Units pursuant to the Issue, you are deemed to have represented to the Trustee, the Investment Manager, the Sponsor and the Lead Manager, and acknowledge and agree as follows:

1. You are an “Institutional Investor” as defined in Regulation 2(1)(ya) of InvIT Regulations or a “Body Corporate” as defined in Regulation 2(1)(d) of InvIT Regulations, and are eligible under applicable laws and regulations of India, and undertake (i) to acquire, hold, manage or dispose of any of the Units that are Allotted to you in accordance with InvIT Regulations, other applicable laws and under the laws of all relevant jurisdictions; and (ii) that you are entitled to acquire and have all necessary capacity and have obtained all necessary consents, governmental or otherwise and authorisations to enable you to commit to this participation in the Issue and to perform your obligations in relation thereto (including, without limitation, in the case of any person on whose behalf you are acting, all necessary consents and authorisations to agree to the terms set out or referred to in the Placement Memorandum and this Final Placement Memorandum) and will honour such obligations;
2. You will make all necessary filings and reportings, in relation to the Issue and your investment in the Units, with appropriate governmental, statutory or regulatory authorities, including the RBI, as may be required, in accordance with applicable law in your respective jurisdiction, as applicable;
3. You agree to provide on request in a timely manner, and consent to the use and disclosure (including to any taxation or other regulatory authorities) of, any information or documentation in relation to yourself and, if and to the extent required, the direct or indirect beneficial ownership of your Units (if any), as may be necessary for the Trust (or the Trustee and its agents) and the Investment Manager to comply with any regulatory obligations and/or prevent the withholding of tax or other penalties under FATCA, the CRS or other similar exchange of tax information regimes. You acknowledge and agree that you shall have no claim against the Trust (or the Trustee and its agents) and the Investment Manager for any losses suffered by you (including in relation to the direct or indirect beneficial ownership of your Units (if any)) as a result of such use or disclosure of such information or documentation.
4. You are aware that the Units have not been, and will not be registered through a prospectus under the InvIT Regulations, or under any other law in force in India, and no Units had been offered in India or overseas to the public or any members of the public in India or any other class of investors other than Institutional Investors and Bodies Corporate. This Final Placement Memorandum shall be filed with the Stock Exchange and SEBI and would be displayed on the website of the Stock Exchange;
5. You confirm that, either: (i) you have not participated in or attended any investor meetings or presentations by the Trust or its agents (“**Presentations**”) with regard to the Trust, the Units or the Issue; or (ii) if you have participated in or attended any Presentations, you understand and acknowledge that the Lead Manager or the Trustee may not have knowledge of the statements that the Trust, the Sponsor or their respective agents may have made at such Presentations and are therefore unable to determine whether the information provided to you at such Presentations may have included any material misstatements or omissions, and, accordingly you acknowledge that the Lead Manager, the Trustee (or its agents), the Investment Manager or the Sponsor have advised you not to rely in any way on any information that was provided to you at such Presentations;
6. None of the Sponsor, the Investment Manager, the Trustee or the Lead Manager or any of their respective shareholders, directors, officers, employees, counsel, representatives, agents or affiliates is making any recommendations to you or advising you regarding the suitability of any transactions it may enter into in connection with the Issue and that participation in the Issue is on the basis that you are not and will not, up to the Allotment, be a client of the Lead Manager. None of the Sponsor, the Trustee, the Investment Manager, the Lead Manager or any of their respective shareholders, employees, counsel, officers, directors, representatives, agents or affiliates have any duties or responsibilities to you for providing the protection afforded to their clients, or for providing advice in relation to the Issue and are in no way acting in a fiduciary capacity towards you;

7. All statements, other than statements of historical fact included in this Final Placement Memorandum, including, without limitation, those regarding the Trust's financial position, business strategy, plans and objectives for future operations, the Investment Objectives, and the Projections of Revenue from Operations and Cash Flow from Operating Activities, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause actual results to be materially different from the results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Trust's present and future business strategies and the environment in which the Trust will operate in the future. You should not place undue reliance on forward-looking statements, which speak only as of the date of this Final Placement Memorandum. The Trust, the Trustee, the Sponsor, the Lead Manager and the Investment Manager or any of their respective shareholders, directors, officers, employees, counsel, representatives, advisors, agents, associates or affiliates assume no responsibility to update any of the forward-looking statements contained in this Final Placement Memorandum;
8. You have been provided a serially numbered copy of the Placement Memorandum and this Final Placement Memorandum and have read the Placement Memorandum and this Final Placement Memorandum in its entirety, including, in particular, the section entitled "*Risk Factors*" on page 64;
9. You are aware and understand that the Units are being offered only to Eligible Investors and are not being offered to the general public and the Allotment shall be on a discretionary basis;
10. You have made, or are deemed to have made, as applicable, the representations provided in the section entitled "*Selling and Transfer Restrictions*" on page 436;
11. You understand that the Units have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state of the United States and accordingly, may not be offered or sold within the United States, except in reliance on an exemption from the registration requirements of the Securities Act;
12. The Units are being offered and sold outside the United States in an offshore transaction within the meaning of Regulation S and the applicable law of the jurisdictions in which those offers and sales are made.
13. You understand and agree that the Units are transferable only in accordance with the restrictions described in the section entitled "*Selling and Transfer Restrictions*" on page 436, and you warrant that you will comply with such restrictions;
14. In making your investment decision, you have (i) relied on your own examination of the Trust, the Units and the terms of the Issue, including the merits and risks involved, (ii) made and will continue to make your own assessment of the Trust, the Units and the terms of the Issue based solely on the information contained in the Placement Memorandum and this Final Placement Memorandum, (iii) consulted your own independent advisors or otherwise have satisfied yourself concerning, without limitation, the effects of local laws, (iv) relied solely on the information contained in the Placement Memorandum and no other disclosure or representation by the Sponsor or the Investment Manager or any other party; (v) received all information in the Placement Memorandum that you believe is necessary or appropriate in order to make an investment decision in respect of the Trust and the Units, and (vi) relied upon your own investigation in deciding to invest in the Issue;
15. You have such knowledge and experience in financial, business and investment matters as to be capable of evaluating the merits and risks of an investment in the Units. You and any accounts for which you are subscribing to the Units, (i) are each able to bear the economic risk of the investment in the Units; (ii) will not, subject to the terms of this Final Placement Memorandum, look to any of the Investment Manager, the Trustee, the Sponsor or the Lead Manager or any of their respective shareholders, employees, counsel, officers, directors, representatives, financial advisors, agents or affiliates for all, or part, of any such loss or losses that may be suffered due to your investment in the Units; and (iii) are able to sustain a complete loss on the investment in the Units; (iv) have no need for immediate liquidity with respect to the investment in the Units, and (v) have no reason to anticipate any change in your or their circumstances, financial or otherwise, which may cause or require any sale or distribution by you or them of all or any part of the Units. You acknowledge that an investment in the Units involves a high degree of risk and that the Units are, therefore, a speculative investment. You are seeking to subscribe to the Units in the Issue for your own investment and not with a view to resell or distribute in any manner that could characterise you as an underwriter or similar entity in any jurisdiction;
16. The Trustee, the Sponsor, the Investment Manager, the Lead Manager or any of their respective shareholders, directors, officers, employees, counsel, representatives, advisors, agents or affiliates have not provided you with any legal, financial or tax advice or otherwise made any representations regarding the tax consequences of the Units (including but not limited to the Issue and the use of the proceeds of the Issue). You will obtain your own independent legal, financial or tax advice and will not rely on the Investment Manager, the Sponsor, the Trustee, the Lead Manager or

any of their respective shareholders, employees, counsel, officers, directors, representatives, advisors, agents or affiliates when evaluating the tax consequences in relation to the Units (including but not limited to the Issue and the use of the proceeds of the Issue). You waive and agree not to assert any claim against the Lead Manager, the Sponsor, the Trustee or the Investment Manager or any of their respective financial advisors, agents or affiliates with respect to the tax aspects of the Units or the Issue or as a result of any tax audits by tax authorities, in relation to the Units and the Issue, wherever situated;

17. You are not the Trustee, or the Valuer or an employee of the Valuer involved in the valuation of the Trust's Initial Portfolio Assets;
18. You are aware that (i) we have received in-principle approval from the NSE dated March 15, 2021 and extended by way of its letters dated June 11, 2021 and September 9, 2021, and (ii) the application for the final listing and trading approval will be made only after Allotment. There can be no assurance that the final approval for listing and trading of the Units will be obtained in a timely manner, or at all. The Trust, the Trustee, the Investment Manager or the Sponsor, shall not be responsible for any delay or non-receipt of such final approval (except to the extent prescribed under the InvIT Regulations) or any loss arising from such delay or non-receipt;
19. You shall not undertake any trade in the Units credited to your demat account until such time that the final listing and trading approval for the Units has been issued by the Stock Exchange;
20. The only information you are entitled to rely on, and on which you have relied, in committing yourself to acquire the Units is contained in the Placement Memorandum, such information being all that you deem necessary to make an investment decision in respect of the Units and that you have neither received nor relied on any other information given or representations, warranties or statements made by the Trustee, the Lead Manager, the Investment Manager or the Sponsor, and neither the Trustee, the Lead Manager, the Investment Manager nor the Sponsor will be liable for your decision to accept an invitation to participate in the Issue based on any other information, representation, warranty or statement that you have obtained or received;
21. You understand that the Units to be Allotted in this Issue will, when issued, be credited as fully paid and will rank *pari passu* in all respect with all other Units, including in respect of the right to receive all distributions declared, made or paid in respect of the Units after the Allotment. For details, please see the section entitled "*Distributions*" on page 386;
22. You agree to indemnify and hold the Trustee, Investment Manager, the Sponsor and the Lead Manager harmless from any and all costs, claims, liabilities and expenses (including legal fee and expenses) arising out of or in connection with any breach of the representations and warranties in this section;
23. The Trustee, the Investment Manager, the Sponsor, the Lead Manager, their respective shareholders, employees, counsel, offices, directors, representatives, agents or affiliates, will rely on the truth and accuracy of the foregoing representations, warranties, acknowledgements and undertakings which are given to the Lead Manager on their own behalf and on behalf of the Trust, the Sponsor, the Investment Manager, the Trustee, and the same are irrevocable;
24. You are eligible to invest in India and in the Units under applicable law, including the FEMA Rules, and have not been prohibited by SEBI from buying, selling or dealing in securities;
25. You understand that, subject to the terms of the Placement Memorandum and this Final Placement Memorandum, neither the Lead Manager, the Investment Manager, the Sponsor nor the Trustee has any obligation to purchase or subscribe to all, or any part, of the Units purchased by you in the Issue, or to support any losses directly or indirectly sustained or incurred by you for any reason whatsoever in connection with the Issue;
26. Any dispute arising in connection with the Issue will be governed by, and construed in accordance with, the laws of the Republic of India and the courts at Mumbai, Maharashtra shall have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Final Placement Memorandum;
27. You have made, or are deemed to have made, as applicable, the representations provided in this section and each of the representations, warranties, acknowledgements and agreements set out above shall continue to be true and accurate at all times, up to and including the Allotment, listing and trading of the Units in the Issue; and
28. You are eligible to hold the Units, so Allotted. You are aware that your holding after the Allotment of the Units cannot exceed the investment level permissible as per any applicable law and regulations.

Available Information

The Investment Manager agrees to comply with any undertakings given by it from time to time in connection with the Units and, without prejudice to the generality of foregoing, shall furnish to the Unitholders all such information as may be required under the InvIT Regulations.

DEFINITIONS AND ABBREVIATIONS

This Final Placement Memorandum uses the definitions and abbreviations provided below which you should consider when reading the information contained herein.

References to any legislation, act, regulations, rules, guidelines or policies shall be to such legislation, act, regulations, rules, guidelines or policies as amended, supplemented, or re-enacted from time to time and any reference to a statutory provision shall include any subordinate legislation made under that provision.

The words and expressions used in this Final Placement Memorandum, but not defined herein shall have the meaning ascribed to such terms under the InvIT Regulations, the SEBI Act, the Depositories Act, and the rules and regulations made thereunder.

Notwithstanding the foregoing, the terms not defined but used in the sections entitled “Audited Special Purpose Combined Financial Statements”, “Projections of Revenue from Operations and Cash Flow from Operating Activities”, “Statement of Tax Benefits” and “Legal and other Information” on pages 465, 527, 451 and 429, respectively, shall have the meanings ascribed to such terms in those respective sections.

In this Final Placement Memorandum, unless the context otherwise requires, a reference to “we”, “us” and “our” refers to the Trust and the Initial Portfolio Assets on a consolidated basis. For the sole purpose of the Audited Special Purpose Combined Financial Statements, reference to “we”, “us” and “our” refers to the Initial Portfolio Assets on a combined basis.

PRESENTATION OF FINANCIAL DATA AND OTHER INFORMATION

Certain Conventions

All references in this Final Placement Memorandum to “India” are to the Republic of India and all references to the “U.S.,” or the “United States” are to the United States of America.

Unless stated otherwise, all references to page numbers in this Final Placement Memorandum are to the page numbers of this Final Placement Memorandum.

Financial Data

Unless stated otherwise, the financial information in this Final Placement Memorandum is derived from the Audited Special Purpose Combined Financial Statements. The Trust was settled as a trust on December 31, 2020, and will not acquire ownership of the Initial Portfolio Assets until immediately prior to the Allotment of the Units in the Issue. As of the date of this Final Placement Memorandum, there is no available financial information of the Trust.

The Audited Special Purpose Combined Financial Statements have been prepared in accordance with requirements of the InvIT Regulations, the accounting principles generally accepted in India, including the Indian Accounting Standards as notified under the Companies (Indian Accounting Standards) Rules, 2015 prescribed under the Companies Act, 2013, as applicable (“**Ind AS**”) and the SEBI Circular (CIR/IMD/DF/114/2016) dated October 20, 2016 on ‘Disclosure of Financial Information in Offer Document/Placement Memorandum for InvITs’ (“**SEBI Circular on Financial Disclosures**”). For further details, please see the section entitled “*Audited Special Purpose Combined Financial Statements*” on page 465.

Further, this Final Placement Memorandum includes projections of revenue and operating cash flows of the Project SPVs for the financial years ended March 31, 2022, March 31, 2023 and March 31, 2024, prepared in accordance with Standard on Assurance Engagement 3400, ‘The Examination of Prospective Financial Information’, issued by the Institute of Chartered Accountants of India (the “**Projections of Revenue from Operations and Cash Flow from Operating Activities**”). For further details, please see the section entitled “*Projections of Revenue from Operations and Cash Flow from Operating Activities*” on page 527.

Further, this Final Placement Memorandum includes summary of the audited financial statements of the (i) Sponsor, as of and for the financial years ended March 31, 2021, March 31, 2020 and March 31, 2019 prepared in accordance with Ind AS and the Companies Act; and (ii) Investment Manager, as of and for the financial years ended March 31, 2021, March 31, 2020 and March 31, 2019, prepared in accordance with Indian GAAP, derived from the consolidated financial statements of the Sponsor for the respective years and from the consolidated financial statements of the Investment Manager for the respective years. For further details, please see the sections entitled “*Summary Financial Information of the Sponsor*” and “*Summary Financial Information of the Investment Manager*” on pages 36 and 40, respectively.

The financial year for the Trust, the Sponsor, the Investment Manager and the Initial Portfolio Assets, commences on April 1 and ends on March 31 of the next year, and accordingly, all references to a particular financial year or fiscal year, unless stated otherwise, are to the 12-month period ended on March 31 of that year.

The degree to which the financial information included in this Final Placement Memorandum will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, the Indian GAAP, Ind AS and the InvIT Regulations. The Investment Manager has not attempted to explain these differences or quantify their impact on the financial data included in this Final Placement Memorandum, and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Final Placement Memorandum should accordingly be limited.

In this Final Placement Memorandum, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures and percentage figures have been rounded off to two decimal places.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupees, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” or “U.S. dollars” are to United States Dollars, the official currency of the United States.

Except otherwise specified, certain numerical information in this Final Placement Memorandum has been presented in “million” units. One million represents 1,000,000 and one billion represents 1,000,000,000.

Unless the context requires otherwise, any percentage amounts, as set forth in this Final Placement Memorandum, have been calculated on the basis of the Audited Special Purpose Combined Financial Statements, and the summary financial statements of (i) the Sponsor (on a consolidated basis); and (ii) the Investment Manager (on a consolidated basis).

Exchange Rates

This Final Placement Memorandum may contain conversion of certain other currency amounts into Indian Rupees. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and the US\$:

	<i>(in ₹ per US\$)</i>		
Currency	As of March 31, 2021	As of March 31, 2020	As of March 31, 2019
1 US\$	73.50	75.39	69.17

Source: www.rbi.org.in and www.fbil.org.in

Note: If the reference rate is not available on a particular date due to Saturday or Sunday or a public holiday, exchange rates of the previous working day has been disclosed. The reference rates are rounded off to two decimal places.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Final Placement Memorandum has been obtained or derived from publicly available information, publications of the Government and other sources.

Industry publications as well as Government publications generally state that the information contained in such publications has been obtained from various sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Accordingly, no investment decisions should be based solely on such information. Although the Investment Manager and the Sponsor believe that the industry and market data used in this Final Placement Memorandum is reliable, it has not been independently verified by the Investment Manager or the Sponsor or the Trustee or the Lead Manager or any of their respective affiliates or advisors. The data used in these sources may have been re-classified for the purposes of presentation. Data from these sources may also not be comparable. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in the section entitled “*Risk Factors*” on page 64. Accordingly, investment decisions should not be based solely on such information.

The extent to which the market and industry data used in this Final Placement Memorandum is meaningful depending on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of the Trust is conducted, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Final Placement Memorandum that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “can”, “could”, “estimate”, “expect”, “intend”, “likely”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of the Trust are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All statements regarding the Trust’s expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to the Trust’s business strategy, planned projects, revenue and profitability (including, without limitation, any financial or operating projections or forecasts), new business and other matters discussed in this Final Placement Memorandum that are not historical facts. These forward-looking statements and any other projections contained in this Final Placement Memorandum (whether made by the Trustee, Investment Manager or any third party), are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the Trust’s actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. Further, this Final Placement Memorandum also includes the section entitled “*Projections of Revenue from Operating and Cash Flow from Operating Activities*” on page 527.

The Valuation Report included in this Final Placement Memorandum, is based on certain projections and accordingly, should be read together with assumptions and notes thereto. For further details, please see the “*Valuation Report*” attached as Annexure A. The Technical Reports include projections and estimates in relation to routine and periodic maintenance, including operation and maintenance, and accordingly, should be read in conjunction with the relevant notes and assumptions thereto.

All forward-looking statements and financial projections are subject to risks, uncertainties and assumptions. Actual results may differ materially from those suggested by forward-looking statements and financial projections due to certain known or unknown risks or uncertainties associated with the Investment Manager’s expectations with respect to, but not limited to, the actual growth in the infrastructure sector, the Investment Manager’s ability to successfully implement the strategy, growth and expansion plans, technological changes, cash flow projections, exposure to market risks, general economic and political conditions in India, monetary and fiscal policies of India, inflation, deflation, foreign exchange rates, performance of financial markets in India or globally, changes in domestic laws, regulations and taxes, changes in competition in the infrastructure sector, the outcome of any legal or regulatory proceedings and the future impact of new accounting standards. By their nature, certain of the market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact on net income could materially differ from those that have been estimated.

Factors that could cause actual results, performance or achievements of the Trust to differ materially include, but are not limited to, those discussed under the sections entitled “*Risk Factors*”, “*Industry Overview*”, “*Business*” and “*Discussion and analysis by the Directors of the Investment Manager of the financial condition, results of operations and cash flows of the Initial Portfolio Assets of the Trust*”, on pages 64, 143, 152 and 389, respectively. Some of the factors that could cause the Trust’s actual results, performance or achievements to differ materially from those in the forward-looking statements, financial projections and financial information include, but are not limited to, the following:

- We propose to intimate our lenders in relation to the transactions contemplated under the Issue or the refinancing of the loans obtained by the Project SPVs from banks and other financial institutions;
- Some of our business approvals and applications for business approvals are not traceable;
- A significant portion of our concessions have been granted by MPRDC. Further, a significant portion of our projected revenue will be derived from the NHAI HAM Projects;
- Some of our Project SPVs and the Holding Companies have availed non-interest bearing unsecured loans from the Sponsor, other Shrem group entities and/or other parties that may be;
- The lenders of the Project SPVs may not release the security that has been created pursuant to loan agreements that have been entered into between the Project SPVs and their lenders;
- The Trust has incurred indebtedness, the terms whereof impose restrictions and conditions which may adversely affect the Trust’s ability to conduct its business;
- The terms of the Project Implementation and Management Agreements, O&M Agreements and the Subscription Agreements may change subject to comments provided by Concessioneering Authorities;

- The Valuation Report issued by S. Sundararaman is not an opinion on the commercial merits and structure of the Issue nor is it an opinion, express or implied, as to the future trading price of Units or the financial condition of Trust upon the Listing, and the valuation of the Project SPVs contained in such Valuation Report may not be indicative of the true value of the Project SPVs;
- The accuracy of statistical and other information with respect to the road infrastructure sector and the traffic assessment report commissioned by the Investment Manager for the Toll Projects contained in this Final Placement Memorandum cannot be guaranteed; and
- The acquisition by the Trust of the Project SPVs from the Sponsor may be subject to certain risks, which may result in damages and losses, and conditions that may prevent the Trust from acquiring the Project SPVs or providing debt financing to them.

The forward-looking statements, Projections of Revenue from Operations and Cash Flow from Operating Activities, Valuation Report and Technical Reports reflect current views as of the date of this Final Placement Memorandum and are not a guarantee of future performance or returns to Bidders. These statements and projections are based on certain beliefs and assumptions, which in turn are based on currently available information. Although the Investment Manager and the Sponsor believe that the expectations and the assumptions upon which such forward-looking statements are based, are reasonable at this time, none of the Investment Manager or the Sponsor can assure Bidders that such expectations will prove to be correct or accurate.

In accordance with the InvIT Regulations, the assumptions underlying the Projections of Revenue from Operations and Cash Flow from Operating Activities have been certified by the Auditors. The Projections of Revenue from Operations and Cash Flow from Operating Activities have been prepared for inclusion in this Final Placement Memorandum for the purposes of this Issue, using a set of assumptions that include hypothetical assumptions about future events and management's actions that are not necessarily expected to occur, and have been approved by the board of directors of the Investment Manager. Consequently, Bidders are cautioned that the Projections of Revenue from Operations and Cash Flow from Operating Activities may not be appropriate for purposes other than that described above. In any event, these statements speak only as of the date of this Final Placement Memorandum or the respective dates indicated in this Final Placement Memorandum.

The Trust, the Investment Manager, the Sponsor and the Lead Manager or any of their affiliates or advisors, undertake no obligation to update or revise any of statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, whether as a result of new information, future events or otherwise after the date of this Final Placement Memorandum. If any of these risks and uncertainties materialize, or if any of the Investment Manager's underlying assumptions prove to be incorrect, the actual results of operations or financial condition or cash flow of the Trust could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to the Trust are expressly qualified in their entirety by reference to these cautionary statements. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and financial projections, and not to regard such statements to be a guarantee or assurance of the Trust's future performance or returns to investors.

OVERVIEW OF THE TRUST

The following overview is qualified in its entirety by, and is subject to, the more detailed information contained in, or referred to elsewhere, in this Final Placement Memorandum. The statements contained in this summary that are not historical facts may be forward-looking statements. Such statements are subject to certain risks, uncertainties and assumptions that could cause actual results of the Trust to differ materially from those forecasted or projected in this Final Placement Memorandum. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction of the accuracy of the underlying assumptions by the Trust, the Parties to the Trust or the Lead Manager or any other person or that these results will be achieved or are likely to be achieved. Investment in Units involves risks. Bidders are advised not to rely solely on this overview, however, should read this Final Placement Memorandum in its entirety and, in particular, the section entitled "Risk Factors" on page 64.

Structure and description of the Trust

The Sponsor set up the Trust on December 31, 2020, as an irrevocable trust under the provisions of the Indian Trusts Act, 1882. The Trust was registered as an infrastructure investment trust under the InvIT Regulations on February 4, 2021 having registration number IN/InvIT/20-21/0017. The Sponsor has settled the Trust for an initial sum of ₹ 10,000. The Sponsor shall not have any beneficial interest in such initial sum of the Trust and such sum shall not be distributed to Sponsor under any circumstances.

For details of the registered office and contact person of the Sponsor, please see the section entitled "General Information" on page 96.

Further, Shrem Financial Private Limited has been appointed as the Investment Manager, and Shrem Road Projects Private Limited has been appointed as the Project Manager to the Trust. For further details, please see the section entitled "Parties to the Trust" on page 101.

Investment Objectives

The objective of the Trust is to carry on the activities of, and to make investments as, an infrastructure investment trust, as permissible in terms of the InvIT Regulations, and to make investments in Holding Companies and / or SPVs and / or infrastructure projects and / or securities in India, in accordance with the InvIT Documents and as permitted under applicable law.

The Investment Objectives of the Trust is as follows:

- (a) to raise funds in accordance with applicable law, for purpose of attaining the object and purpose of the Trust;
- (b) to make investments or re-investments in accordance with the InvIT Documents and applicable law;
- (c) to park amounts held by the Trust pending investment or distribution, or as a reserve of the Trust's anticipated obligations, in temporary short term investments such as high-grade money market instruments, short term deposits with banks and financial institutions and debt based market funds to the extent permitted under the InvIT Regulations;
- (d) to make distributions to the Unitholders in the manner set out in the Trust Deed; and
- (e) to do all other things necessary and conducive to the attainment of the Investment Objectives of the Trust, directly or through agents or other delegates (including the Investment Manager).

The Trust, through the Trustee or the Investment Manager (as applicable), is entitled to do all other things necessary or conducive to the attainment of the objectives and the Investment Objectives, as is reasonably practicable, subject to the provisions of the InvIT Regulations. The Trustee shall ensure that the Trust shall invest in the Holding Companies or SPVs or infrastructure projects or securities in India, in the manner provided under the InvIT Regulations.

Subject to, and as contemplated in, the InvIT Regulations and the InvIT Documents, the Trust may invest amounts held by it pending investments, distributions, as a reserve or any other permitted use of the InvIT Assets in short-term investments, through such instruments, as may be permitted under the InvIT Regulations.

The Trustee shall ensure that at all times during the term of the Trust, the utilisation of the InvIT Assets and the activities of the Trust shall comply with the provisions of the InvIT Documents and applicable laws. The Trustee shall ensure that the Trust shall not carry on any other business or trade, in contradiction of the restrictions and requirements under applicable law.

Fee and expenses

Annual Expenses

The expenses in relation to the Trust, other than such expenses incurred in relation to operations of the Initial Portfolio Assets, would broadly include fee payable to: (i) the Trustee; (ii) the Investment Manager; (iii) the Project Manager; (iv) the Auditors, (v) the Valuer; and (vi) other intermediaries and consultants.

The estimated recurring expenses on an annual basis, including but not limited to, are as follows:

(₹ in million)

Payable by the Trust	Estimated Expenses*

*The above-mentioned expenses relate to the first full year of operation for the Trust i.e. Financial Year 2022

Set-up expenses

The expenses in relation to setting up the Trust, being an aggregate of ₹ 1.01 million, have been borne by the Sponsor, on behalf of the Trust.

Issue Expenses

The total expenses of this Issue are estimated to be up to ₹ 200.00 million. For details in relation to the Issue expenses, please see the section entitled "Use of Proceeds" on page 375.

Details of credit ratings

The Trust has been given an issuer rating of 'IND AAA' with a 'Stable' outlook by India Ratings and Research, a Fitch Group company, the rationale for which is available at the website www.indiaratings.co.in. ICRA has assigned an Issuer rating of [ICRA]AAA (Stable) on the long-term scale to the Trust*.

**ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer. ICRA however has not conducted any audit of the rated issuer or of the information provided by it. While reasonable care has been taken to ensure that the information herein is true, such information is provided 'as is' without any warranty of any kind, and ICRA in particular, makes no representation or warranty, express or implied, as to the accuracy, timeliness or completeness of any such information. Also, ICRA or any of its group companies may have provided services other than rating to the issuer rated. All information contained herein must be construed solely as statements of opinion, and ICRA shall not be liable for any losses incurred by users from any use of this publication or its contents.*

23.	DWBHPL	100.00%	100.00%
24.	JDTL	100.00%	100.00%

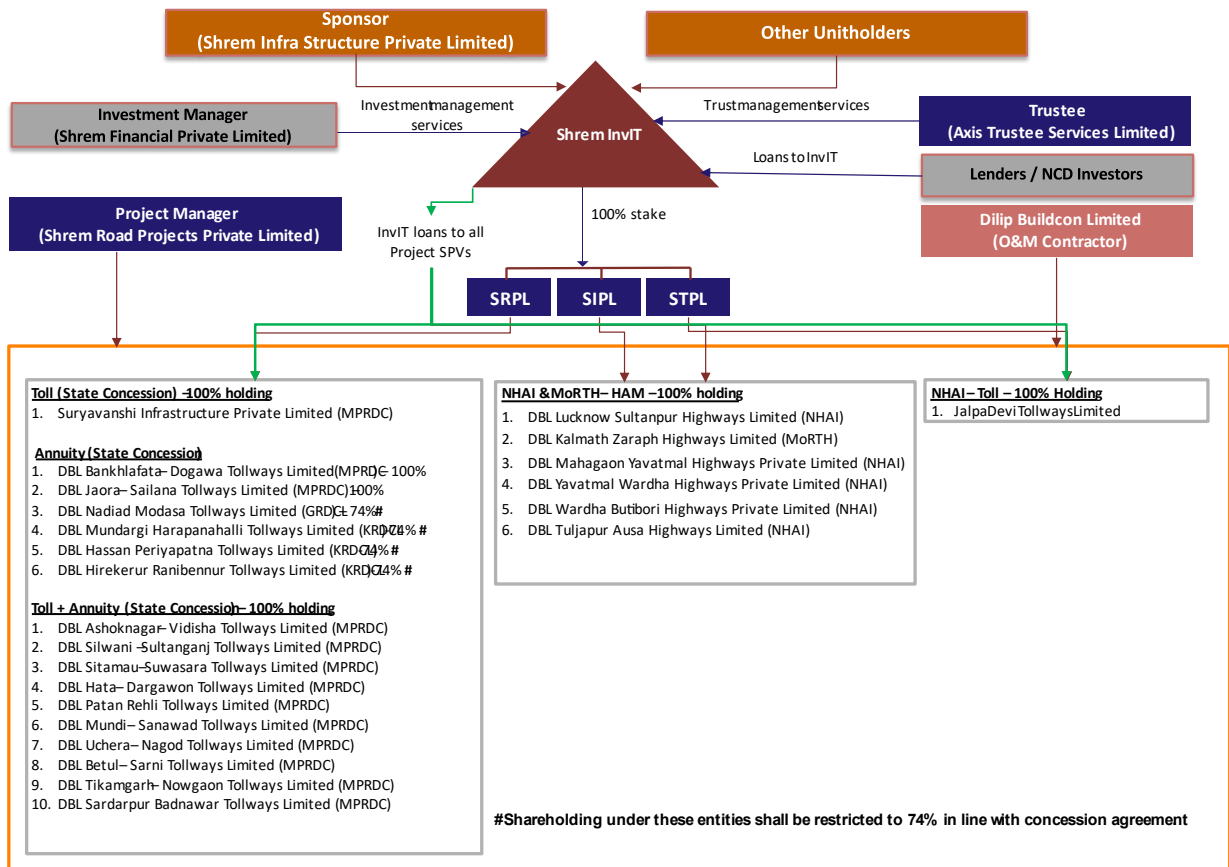

Utilisation of Issue Proceeds and InvIT Loan

Upon the listing of the Units, the Trust shall utilize the Issue Proceeds towards providing loans to certain Initial Portfolio Assets for repayment or pre-payment of debt, including any accrued interest, availed by them from certain banks and financial institutions. For further details, please see the section entitled “*Use of Proceeds*” on page 375.

The Trust has utilised the InvIT Loan to subscribe to the Project SPV NCDs, which in turn will be utilised towards pre-payment or repayment of debt, including any accrued interest, availed from banks and financial institutions.

Proposed post-listing structure

The following structure illustrates the relationship between the Trust, the Trustee, the Sponsor, the Investment Manager, the Project Manager and the Unitholders as on the Listing Date:

SUMMARY OF INDUSTRY

Overview of the Indian Economy

According to the Economic Survey 2020-2021, in 2018, 2019 and 2020 (advance estimates), India's gross domestic product ("GDP") based on constant prices was estimated at ₹ 1,39,81,426 crores (revised estimates), ₹ 1,45,65,951 crores (provisional estimates) and ₹ 1,34,39,662 crores (advance estimates) respectively. (Source: *Economic Survey 2020-2021 Statistical Appendix Volume 2*).

Median CPI inflation is projected at 5.0%, 5.0%, 4.4% and 5.1% for Q1FY22, Q2FY22, Q3FY22 and Q4FY22 respectively (Source: *Reserve Bank of India, Minutes of the Monetary Policy Committee Meeting December 2 to 4, 2020 and Minutes of the Monetary Policy Committee Meeting February 3 to 5, 2021*).

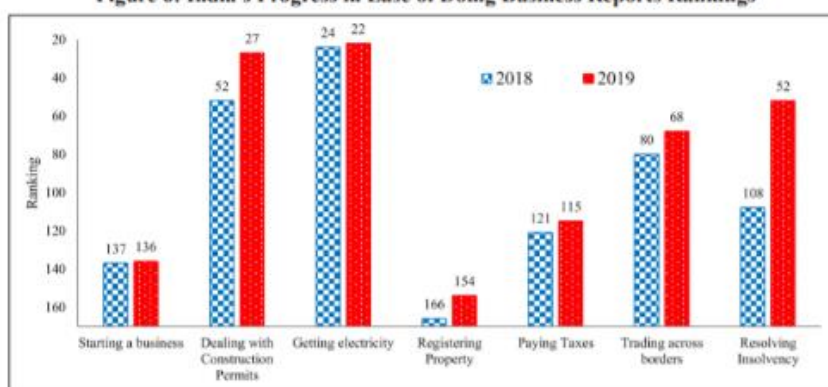

The Government of India has taken several industry specific reform initiatives since 2014 that have significantly improved the overall business environment. In order to improve ease of doing business, the emphasis has been on simplification and rationalization of the existing rules and introduction of information technology to make governance more efficient and effective. The improvement in the business environment as a result of these reforms is reflected in India's considerably improved ranking to 63rd position among the 190 countries in the World Bank's Doing Business 2020 Report (Source: *Economic Survey of India 2019 - 2020, Volume II ("ESI II")*).

Overview of the Indian Infrastructure Sector

It is well-accepted that investment in infrastructure is necessary for growth. Inadequate transport infrastructure leads to bottlenecks both in the supply of raw materials as well as movement of finished goods to the marketplace. The price that farmers get for their produce is depressed if there is no connectivity through good quality rural roads, which in turn keeps rural incomes depressed negating the fruits of high overall growth performance. For all these reasons, provision of adequate infrastructure is essential for growth and for making growth inclusive. India recently launched the National Infrastructure Pipeline for the period FY 2020-2025 (Source: *ESI II*).

Investment in Infrastructure is necessary for growth. To achieve the GDP of \$5 trillion by 2024-25, India needs to spend about

\$1.5 trillion (₹ 111 lakh crore) over these years on infrastructure. The challenge is to step-up annual infrastructure investment so that lack of infrastructure does not become a binding constraint to the growth of the Indian economy. To implement an infrastructure program of this scale, it is important that projects are adequately prepared and launched (Source: *ESI II*).

To draw up the National Infrastructure Pipeline (“NIP”) for each of the years from FY 2019-20 to FY 2024-25, an inter-ministerial Task Force was set up in September 2019 under the chairmanship of Secretary (Department of Economic Affairs), Ministry of Finance. NIP is expected to enable well-prepared infrastructure projects which will create jobs, improve ease of living, and provide equitable access to infrastructure for all, thereby making growth more inclusive. NIP also intends to facilitate supply side interventions in infrastructure development to boost short-term as well as the potential GDP growth. Improved infrastructure capacities will also drive competitiveness of the Indian economy (Source: *ESI II*).

The Finance Minister released the Report of the Task Force on National Infrastructure Pipeline (abridged version) on December 31, 2019. The NIP has projected total infrastructure investment of ₹ 111 lakh crore during the period FY 2020 to 2025 in India. Energy (24 per cent), roads (18 per cent), urban (17 per cent), and railways (12 per cent) amount to over 70 per cent of the projected capital expenditure during the said period. As per the NIP, Central Government (39 per cent) and State Government (40 per cent) are expected to have equal share in funding of the projects followed by the private sector (21 per cent). It is expected that private sector share may increase to 30 per cent by 2025. Out of the total expected capital expenditure of ₹ 111 lakh crore, projects worth ₹ 44. lakh crore (40 per cent) are under implementation, projects worth ₹ 34 lakh crore (30 per cent) are in conceptualization stage and Rs 22 lakh crore (20%) are under development. Hence about two-thirds of the pipeline is already firmed up. It is also expected that projects of certain states would be added to the pipeline in due course.

The Task Force has given its recommendations on required changes to several key sectoral policies and other reform initiatives by the Central and State Governments such as developing a robust bond market for infrastructure companies, revitalizing asset monetization, speedy resolution of infrastructure disputes, optimal risk sharing through better and balanced PPP contracts, and sanctity and enforceability of contracts. The NIP captures the infrastructure vision of the country for the period FY 2020-2025. This is the first ever exercise undertaken in the country. However, it is recognized that financing of NIP would be a challenge. It is hoped that a bouquet of well-prepared projects would attract investment from Central and State Governments, urban local bodies, banks and financial institution, PE funds, and private investors, both local and foreign (Source: *ESI II*).

The Government of India set up the Public Private Partnership Appraisal Committee (PPPAC) responsible for the appraisal of PPP projects in the Central sector. During Financial Year 2020, PPPAC recommended 5 projects with total project cost of ₹4,321 crore. Out of these 5 projects, 4 are railway sector projects (passenger train projects) and 1 is port sector project. In Fiscal 2021, PPPAC recommended 7 projects with total project cost of ₹66,600.59 crore. Out of these 7 projects, 1 is a telecom sector project, 3 are railway sector projects (2 station redevelopment projects & 1 passenger train project), 2 are MHA sector projects (Eco-tourism projects) and 1 is port sector project

In Fiscal 2021, the Government of India approved the continuation of the revamped Infrastructure Viability Gap Funding (VGF) scheme till 2024-25. Revamping of the proposed VGF scheme will attract more PPP projects and facilitate the private investment in the social sectors (Health, Education, Waste Water, Solid Waste Management, Water Supply etc.). The revamped Scheme is mainly related to introduction of the two sub-schemes for mainstreaming private participation in social infrastructure. (Source: *Economic Survey of India 2020 - 2021, Volume II*)

Overview of Road Sector in India

Introduction

Road transport is the dominant mode of transportation in terms of its contribution to Gross Value Added (“GVA”) and traffic share. The share of transport sector in the GVA for 2017-18 was about 4.77 per cent of which the share of road transport is the largest at 3.06 per cent, followed by the share of the Railways (0.75 per cent), air transport (0.15 per cent) and water transport (0.06 per cent). Similarly, as per the National Transport Development Policy Committee Report, as of 2011-12, road transport is estimated to handle 69 per cent and 90 per cent of the countrywide freight and passenger traffic, respectively. The Ministry of Road Transport and Highways (“MoRTH”) is mandated with the development and maintenance of road networks especially the national highways as well as the implementation of the Motor Vehicle Act under which it formulates broad policies relating to road transport (Source: *ESI II*).

The national highways have a total length of 1,32,500 km, which in totality serve as the arterial network of the country. The development of national highways is the responsibility of the Government of India. The Government of India has launched major initiatives to upgrade and strengthen national highways through various phases of the National Highways Development Project (“NHDP”) (Source: *Annual Report of the Ministry of Road Transport and Highways 2019 – 2020 (“MoRTH Annual Report”)*).

During the decade ending in Fiscal 2019, the national highways recorded a CAGR of 7.25 per cent followed by rural roads (6.25 per cent) and urban roads (4.27 per cent). The pace at which roads have been constructed has grown significantly from 12 kms per day in 2014-15 to 30 kms per day in Fiscal 2019 before it moderated in Fiscal 2020. Total investment in the Roads

and Highway sector has gone up more than three times in the six years period from FY15 to FY20 (Table 10), which also led to increased road density across the states. (Source: *Economic Survey of India 2020 - 2021, Volume II*). Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. Under the Union Budget 2021-22, the Government of India has allocated Rs. 108,230 crore (US\$ 14.85 billion) to the Ministry of Road Transport and Highways. The Government, through a series of initiatives, is working on policies to attract significant investor interest. A total of 200,000 km of national highways is expected to be completed by 2022. In the next five years, National Highway Authority of India (NHAI) will be able to generate Rs. 1 lakh crore (US\$ 14.30 billion) annually from toll and other sources. (Source: *IBEF Roads Report, 2021*).

Road Network

The capacity of national highways in term of handling traffic (passenger and goods) needs to keep pace with economic growth. India has the second largest road network in the world of about 62.16 lakh km. This comprises national highways, expressways, state highways, major district roads, other district roads and village roads as under and transports 64.5% of all goods in the country and 90% of India's total passenger traffic uses road network to commute:

Particulars	Capacity (in km)
National Highways	136,440
State Highways	1,76,818
Other Roads	59,02,539
Total	62,15,797

(Source: *MoRTH Annual Report*)

The Government of India has launched major initiatives to upgrade and strengthen national highways through various phases of NHDP. The status of various programmes up to December 31, 2019 is as under:

Phases	Total Length in km	Length completed up to March 31, 2020	Length completed during April 1, 2020 to December 31, 2020	Length Completed up to December 31, 2020
Bharatmala Pariyojana (I+ II +III +IV) GQ, Port connection and Upgradation with 2/4/6-laning / Development of North South-East West Corridor	46,278	35,579	1106	38,685
V 6-laning of GQ and High density corridor	6,500	3,799	289	4,088
VI Expressways	1,000	209	10	219
VII Ring Roads, Bypasses and flyovers and other structures	700 km of ring roads, bypass + flyovers etc.	150	31	181
Other Schemes				
SARDP-NE (Phase A + Arunachal Pradesh)	6,418	3,269	176	3445
LWE (including Vijaywada Ranchi Route)	6,014	5380	80	5460
EAP (WB+JICA+ADB)	1,985	1.109	97	1206

(Source: *MoRTH Annual Report*)

A good road network is an essential requirement for the rapid growth of the economy. Roads provide connectivity to remote areas, open up backward regions and facilitate access to markets, trade and investment. Roads should not be looked at in isolation, but as part of an integrated multi-modal transport system, which provides crucial links with airports, railway stations, ports and other logistical hubs. As on March 31, 2020, India had a road network of about 62.16 lakh km. The total length of National Highways was 1.36 lakh km as on March 1, 2020. The pace at which roads have been constructed has grown significantly from 17 kms per day in 2015-16 to 29.7 kms per day in 2018-19 and in FY 2020-21 construction of roads grew to a new milestone of 34 km per day which is almost three times of the rate of construction of highways of about 12 km per day

in 2014-15. (Source: *ESI II*). During 2019-20, projects with about 8,948 km length were awarded and completion was achieved in 138 about 10,237 km length of roads and during 2020-21 national highways of 12,205.25 km were constructed. The rate of development of roads has increased significantly from about 11.7 km during 2013-14 to about 28 km now. Due to consistent efforts of MoRTH, length of the National Highways has increased from 91,287 km in April, 2014 to about 1,36,155 km as on December 20, 2020 (Source: *Press Information Bureau, Year-End Review, Ministry of Road Transport and Highways 2020: The Year of Marching Ahead* (<https://pib.gov.in/PressReleaseDetailm.aspx?PRID=1684574>)). In December 2020, the MoRTH proposed to develop additional 60,000 kms of national highways (in the next five years), of which 2,500 kms are expressways/access controlled highways, 9,000 kms are economic corridors, 2,000 kms are coastal and port connectivity highways and 2,000 kms are border road/strategic highways

Construction of National Highways		
Year	Award (km)	Construction (km)
2020-21* (till 22 nd March, 2021)	6,764	12,205.25
2019-20	8,948	10,237
2018-19	5,493	10,855
2017-18	17,055	9,829
2016-17	15,948	8,231
2015-16	10,098	6,061
2014-15	7,972	4,410

(Source: *Press Information Bureau, Year-End Review, Ministry of Road Transport and Highways 2020: The Year of Marching Ahead* (<https://pib.gov.in/PressReleaseDetailm.aspx?PRID=1684574>))

During the period April 1, 2018 to December 31, 2020, a total of 6,291 land acquisition notifications have been issued and 59,825 hectares of land has been notified for acquisition under Section 3D of the National Highways Act, 1956. Details of land acquired by the National Highways Authority of India during last four years are set out below:

Sr. No.	Year	Area notified u/s 3A (Ha.)	Area notified u/s 3D i.e Total area acquired (Ha.)
1.	2016-17	8,471	7,491
2.	2017-18	11,459	9,494
3.	2018- 19	96,450	29,374
4.	2019-20 (Upto Dec. 2019)	12,784	7,774

(Source: *MoRTH Annual Report*)

Investments in the Road Sector

Total investment in the Roads and Highway sector has gone up more than three times in the six years period from 2014-15 to 2019-20, which also led to increased road density across the states.

Heads	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21*
Total Budgetary Support	29,359	45,949	49,172	59,636	76,137	75,853	45,508

Key Organisations governing the National Highways

1. Ministry of Road Transport and Highways

MoRTH is the apex organisation under the Government of India entrusted with the task of formulating and administering, in consultation with other central ministries and departments, State Governments, Union Territory administrations, organisations and individuals, policies for road transport, national highways and transport research with a view to increasing the mobility and efficiency of the road transport system in the country. MoRTH has two wings: roads wing and transport wing (Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

The road wing deals with development and maintenance of national highways in the country. Its main responsibilities are as follows:

- planning, development and maintenance of National Highways in the country;
- extending technical and financial support to State Governments for the development of state roads and the roads of inter-state connectivity and economic importance;
- evolving standard specifications for roads and bridges in the country; and
- serving as a repository of technical knowledge on roads and bridges.

(Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

The transport wing deals with matter relating to road transport. Its main responsibilities are as follows:

- motor vehicles legislation;
- administration of the Motor Vehicles Act, 1988.
- taxation of motor vehicles;
- compulsory insurance of motor vehicles;
- administration of the Road Transport Corporations Act, 1950 and promotion of transport co-operatives in the field of motor transport;
- evolution of road safety standards in the form of a National Policy on Road Safety and by preparing and implementing the Annual Road Safety Plan;
- collecting, compiling and analysing road accident statistics and taking steps for developing a road safety culture in the country by involving the members of public and organising various awareness campaigns; and
- providing grants-in-aid to non-governmental organisations in accordance with the laid down guidelines.

(Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

2. *National Highways Authority of India*

National Highways Authority of India (“**NHAI**”) was set up by an act of the Parliament i.e. National Highways Authority of India Act, 1988. It has been entrusted with NHDP, which along with other minor projects, has vested in it the development, maintenance and management of national highways. NHAI’s objective is to ensure that all contract awards and procurements conform to the best industry practices with regard to transparency of process, adoption of bid criteria to ensure healthy competition in award of contracts, implementation of projects conform to best quality requirements and the highway system is maintained to ensure best user comfort and convenience. National highways are the arterial roads of the country for inter-state movement of passengers and goods. They traverse the length and width of the country connecting the national and state capitals, major ports and rail junctions and link up with border roads and foreign highways. The total length of national highways (including expressways) in the country at present is 136,440 kms. While highways and expressways constitute only about 1.7% of the length of all roads, they carry about 40% of the road traffic (Source: *Website of National Highways Authority of India* (<https://nhai.gov.in/#/about-nhai>)).

Development initiatives in the Roads and Highways Sector

National Highway Development Project

NHAI is mandated to implement NHDP, which is India’s largest ever highways project, in a phased manner. The national highways have a total length of approximately 72,000 km to serve as the arterial network of the country. Although national highways constitute only about 1.7 per cent of the road network, it carries 40 per cent of the total road traffic. Rapid expansion of passenger and freight traffic makes it imperative to improve the road network in the country. Accordingly, Government of India launched major initiatives to upgrade and strengthen national highways through various phases of NHDP.

- ***NHDP Phase I:*** CCEA on January 12, 2000 approved NHDP Phase-I - Four laning of 6,359 km at a cost of ₹ 30,300.00 crore.
- ***NHDP Phase II:*** CCEA on December 18, 2003 approved NHDP Phase-II: Four laning of 6,702 km at a cost of ₹. 34,339 crore in December 2003. These two phases comprise of Golden Quadrilateral (“**GQ**”), North-South and East-West Corridors (“**NS-EW**”), port connectivity and other projects. The GQ (5,846 km) connects the four major cities of Delhi, Mumbai, Chennai and Kolkata. The NS-EW Corridors (7,300 km) connect Srinagar in the North to Kanyakumari in the South, including a spur from Salem to Kochi and Silchar in the East to Porbandar in the West.
- ***NHDP Phase III:*** CCEA on April 12, 2007 approved upgradation of 12,109 km under NHDP Phase III at an estimated cost of ₹ 80,626 crore.
- ***NHDP Phase-IV:*** CCEA on June 18, 2008 approved upgradation/strengthening of 20,000 kms of national highways to 2/4 lane with paved shoulders on EPC/ BOT (Toll/Annuity) basis under NHDP Phase-IV.

- **NHDP Phase-V:** CCEA on October 5, 2006 approved six laning of 6,500 km of national highways comprising 5,700 km of GQ and balance 800 km of other sections under NHDP Phase-V at a cost of Rs. ₹ 41,210 crore.
- **NHDP Phase-VI:** In November 2006, approved construction of 1,000 km of expressways with full access control on new alignments at a cost of ₹ 16,680 crore under NHDP-Phase-VI.
- **NHDP Phase-VII:** CCEA in December 2007 approved construction of ring roads, bypasses, grade separators, flyovers, elevated roads and tunnels at a cost of ₹16,680 crore under the NHDP Phase-VII.

Advantages of NHDP

Advantages of having a well-developed network of world class highways are many for a nation like India -poised to surge ahead.

- Savings in vehicle operating costs
- Benefits to trade especially in movement of perishable matter
- Faster, comfortable journeys
- Reduced maintenance costs
- Reduced fuel consumption
- Safer travel
- All round development of areas

Prime Focus of NHDP

NHDP's prime focus is on developing International standard roads with facilities for uninterrupted flow of traffic with:

- Enhanced safety features
- Divided carriageways and service roads
- Better riding surface
- Grade separators
- Better road geometry
- Over bridges and underpasses
- Better traffic management and noticeable signage
- Bypasses and wayside amenities

(Source: Website of NHAI (<https://nhai.gov.in/#/about-nhdp>))

Bharatmala Pariyojana (Phase-I)

The Cabinet Committee on Economic Affairs approved the implementation of an umbrella programme for the National Highways – “Bharatmala Pariyojana Phase-I” in its meeting held on October 24, 2017, for construction/ up-gradation of national highways of 34,800 kms length over a period of five years (2017-18 to 2021-22) at an estimated outlay of ₹ 5,35,000 Crore. The programme focuses on optimizing efficiency of freight and passenger movement across the country by bridging critical infrastructure gaps through effective interventions like development of economic corridors, inter corridors and feeder routes, national corridor efficiency improvement, border and international connectivity roads, coastal and port connectivity roads and green-field expressways. Multi-modal integration is also built into this program. Special attention has been paid to fulfilling the connectivity needs of backward and tribal areas, areas of economic activity, places of religious and tourist interest, border areas, coastal areas and trade routes with neighbouring countries. Projects with aggregate length of approximately 9,674 kms (includes projects with length 347 kms which had been awarded and terminated) have already been awarded under Bharatmala Pariyojana (including residual NHDP Works) till December 2019, while projects with length 3,555 kms are currently under bidding. Additionally, work on preparation of detailed project reports for about 16,326 kms is under progress (Source: MoRTH Annual Report).

Phase-I of Bharatmala Pariyojana includes development of following schemes:

Sr. No.	Scheme	Length (km)	Cost (₹ crore)
1.	Economic Corridors	9,000	120,000
2.	Inter-Corridors and feeder roads	6,000	80,000
3.	National Corridor Efficiency improvement	5,000	100,000
4.	Border and International connectivity roads	2,000	25,000
5.	Coastal and port connectivity roads	2,000	20,000
6.	Expressways	800	40,000
Sub Total		24,800	385,000
7.	Ongoing Projects, including NHDP*	10,000	150,000
Total		34,800	535,000

* Balance works under various phases of NHDP shall be fully subsumed under the proposed Bharatmala Pariyojana, to remove overlap and undertake comprehensive development. Balance works under NH(O), SARDP-NE, EAP & LWE schemes would continue under relevant schemes.

(Source: MoRTH Annual Report)

SUMMARY OF BUSINESS

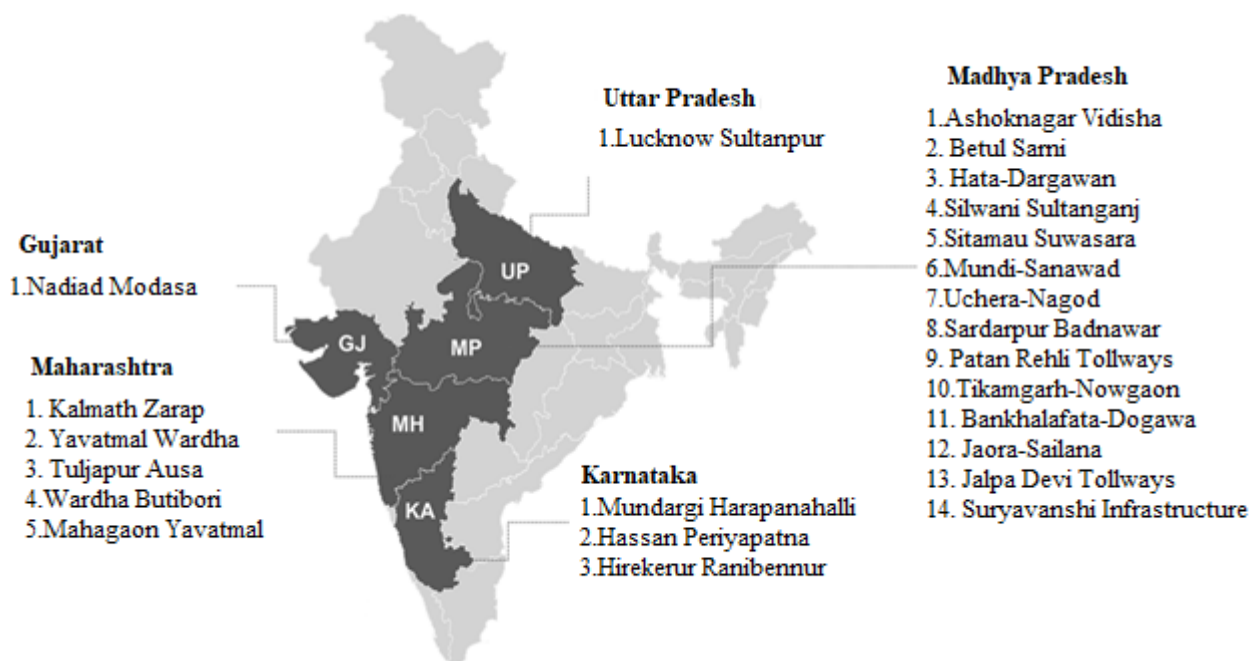

Overview

We are an InvIT set-up for the purposes of carrying on the activity of an infrastructure investment trust and for making investments in the Project SPVs or infrastructure projects or securities of Indian companies engaged in the infrastructure sector, as may be permitted, in accordance with the InvIT Regulations. We were registered with SEBI as an InvIT on February 4, 2021. Our Sponsor, Shrem Infra Structure Private Limited, is a part of the Shrem group. The Shrem group was founded in 2010 by Nitan Chhatwal, and has managed diverse investments in the hospitality, health care, telecommunication and infrastructure sectors. The Sponsor has set up the Trust, which, subject to receiving approvals from the Concessioneing Authorities, will, amongst other things, acquire 100% of the issued and paid-up equity share capital of Shrem Infraventure Private Limited, Shrem Roadways Private Limited and Shrem Tollway Private Limited (together, the “**Holding Companies**”). It is proposed that through the Holding Companies, the Trust will ultimately acquire 100% shareholding in 20 Project SPVs and 74% shareholding in four Project SPVs (on account of shareholding requirements under the relevant concession agreements), which maintain and operate road assets aggregating to approximately 6,442.35 lane kilometers, located across five states in India (the “**Projects**”). For details of such proposed acquisitions, please see the section entitled “*Formation Transactions in relation to the Trust*” on page 19.

Our Projects

The Projects, consisting of both National Highways and State Highways, are located in the States of Madhya Pradesh, Maharashtra, Uttar Pradesh, Gujarat and Karnataka.

The map below illustrates the locations of the Projects:

* Map not to scale

We operate and maintain our Projects through the Project SPVs, the key details of which are provided below:

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
1.	DBL Lucknow Sultanpur Highways Limited (“ DLSHL ”)	Augmenting the existing road from 11.500 kilometer to 134.700 kilometer (approximately 127.425 kilometer) on the Lucknow-Sultanpur section of National Highway number 56 (new National Highway number 731) by four-laning thereof on design, build, operate and transfer (annuity) basis.	666.77	Uttar Pradesh
2.	DBL Kalmath Zarap Highways Limited (“ DKZHL ”)	Augmenting the existing road from kilometer 406.030 to kilometer 450.170 (43.905 kilometer) on the Kalmath-Zarap section of National Highway number 17 (new National Highway number 66) by four-laning on design, build, operate and transfer (annuity) basis.	267.40	Maharashtra
3.	DBL Yavatmal Wardha Highways Private Limited (“ DYWHPL ”)	Augment the existing road from kilometer 400.575 to kilometer 465.500 of Yavatmal-Wardha section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	370.55	Maharashtra
4.	DBL Tuljapur Ausa Highways Limited (“ DTAHL ”)	Augmenting the existing road from kilometer 0.000 to kilometer 55.835 (existing chainage: kilometer 416.000 to kilometer 470.000) (approximately 67.428 kilometer) on the Tuljapur-Ausa (including Tuljapur bypass) section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	376.96	Maharashtra
5.	DBL Wardha Butibori Highways Private Limited (“ DWBHPL ”)	Augmenting the existing road from kilometer 28.800 to kilometer 85.374 (approximately 59.374 kilometer) on the Wardha-Butibori section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	351.93	Maharashtra
6.	DBL Mahagaon Yavatmal Highways Private Limited (“ DMYHPL ”)	Augmenting the existing road from kilometer 320.580 to kilometer 400.575 (approximately 80.195 kilometer) on the Mahagaon to Yavatmal section of National Highway number 361 by four-laning thereof on design, build, operate and transfer (annuity) basis.	450.42	Maharashtra
7.	DBL Ashoknagar Vidisha Tollways Limited (“ DAVTL ”)	Augmenting the existing road from bypass junction of Ashoknagar (kilometer 0/10) to Bangla Chauraha (kilometer 35.68) (approximately 35.68 kilometer), on the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis.	107.04	Madhya Pradesh
8.	DBL Betul Sarni Tollways Limited (“ DBSTL ”)	Augmenting the existing road from kilometer 0.00 (Kamani Gate Betul) to kilometer 124.10 (approximately 124.10 kilometer) on the section of State Highway number 43 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	372.30	Madhya Pradesh
9.	DBL Hata-Dargawan Tollways Limited (“ DHDTL ”)	Augmenting the existing road from kilometer 0.00 (Damoh naka in Ilatta town) to kilometer 64.40 (at Dargawan Tiraha) (approximately 64.40 kilometer), section of the State Highway number 48, by intermediate-laning on build, operate and transfer (toll plus annuity) basis.	193.20	Madhya Pradesh

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
10.	DBL Silwani Sultanganj Tollways Limited (“ DBL Silwani ”)	Augmenting the existing road from kilometer 0.00 to kilometer 75.995 (approximately 76.00 kilometer) on the Silwani-Sultanganj-Jaisinghnagar-Sagar Road section of State Highway number 15 by intermediate-laning / two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	228.00	Madhya Pradesh
11.	DBL Sitamau Suwasara Tollways Limited (“ DSSTL ”)	Augment the existing road from kilometer 0/00 to kilometer 34/000 (approximately 34.97 kilometer) on the Sitamau-Basai-Suwasara section of major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	104.91	Madhya Pradesh
12.	DBL Mundi-Sanawad Tollways Limited (“ DMSTL ”)	Augmenting the existing road from kilometer 0.00 (at Mundi) to kilometer 64.400 (at Sanawad town) (approximately 67.63 kilometer) on the Mundi-Punasa-Sulgaon- Sanawad section of the major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	202.89	Madhya Pradesh
13.	DBL Uchera-Nagod Tollways Limited (“ DUNTL ”)	Augmenting the existing road from kilometer 32.00 (near Nagod National Highway number 75) to kilometer 87.00 (near Uttar Pradesh Border) including 1.70 kilometer Nagod bypass (approximately 55.60 kilometer) on the section of State Highway number 56 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	166.80	Madhya Pradesh
14.	DBL Sardarpur Badnawar Tollways Limited (“ DSBTL ”)	Augmenting the existing road from kilometer 0/00 to kilometer 43/300 (approximately 43.00 kilometer) on the Sardarpur-Badnawar Road section of State Highway number 34 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis	129.00	Madhya Pradesh
15.	DBL Patan Rehli Tollways Limited (“ DPRTL ”)	Augmenting the existing road from kilometer 31/10 of State Highway number 15 Rehli-Gorjhamar-Patan Chok and cross the junction of kilometer 113/00 of Rehli Gourjhamar State Highway number 15 including bypass of Rehli which is about 4.4 kilometer and terminated at kilometer 38/10 (approximately 86.60 kilometer) on the section of State Highway number 15 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	259.80	Madhya Pradesh
16.	DBL Tikamgarh-Nowgaon Tollways Limited (“ DTNTL ”)	Augmenting the existing road from Y-junction in kilometer 10/8 at Tikamgarh-Malehra road (State Highway number 10) to kilometer 107 of Jhansi-Nowgaon (National Highway number 76) (approximately 76.40 kilometer), the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis	229.20	Madhya Pradesh
17.	DBL Nadiad Modasa Tollways Limited (“ DNMTL ”)	Improving the section Nadiad-Madhudha-Kathial-Kapadwanj-Bayad-Modasa from kilometer 0.60 to kilometer 109.00 on State Highway number 59 by strengthening and widening to two-laning on design, build, finance, operate and transfer (annuity) basis.	325.20	Gujarat

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
18.	DBL Bankhalafata-Dogawa Tollways Limited (“ DBDTL ”)	Augmenting the existing three major district roads under package-I comprising (i) Bankhalafata-Dogawa-via-Borawa-Savardevala (23.67 kilometer); (ii) Punasa-Mundi-Singhaji (thermal power plant) and Singhaji bridge approach road (13.30 kilometer); and (iii) Beed-Mundi-Devala-Khutala-Attoot-NVDA (28.43 kilometer) (total length of 65.40 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.	196.20	Madhya Pradesh
19.	DBL Jaora-Sailana Tollways Limited (“ DJSTL ”)	Augmenting the existing four major district roads under package-IV comprising (i) Jaora-Piplodha-Jalandharkheda and Piploda-Sailana (42.27 kilometer); (ii) Raipururiya-Petlabad-Bamniya (18.18 kilometer); (iii) Jawad-Khoh (21.07 kilometer); and (iv) Soyat-Pidawa (6.25 kilometer) (total length of 87.77 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.	263.31	Madhya Pradesh
20.	DBL Mundargi Harapanahalli Tollways Limited (“ DMHTL ”)	Augmenting the existing State Highway from Mundargi-Hadagali-Harapanahalli (approximate length 51.21 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.	153.63	Karnataka
21.	DBL Hassan Periyapatna Tollways Limited (“ DHPTL ”)	Augmenting the existing State Highway from Hassan-Ramanathapura-Periyapatna (approximate length of 73.69 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.	221.07	Karnataka
22.	DBL Hirekerur Ranibennur Tollways Limited (“ DHRTL ”)	Augmenting the existing State Highway from Hirekerur-Ranibennur (approximate length 55.69 kilometers) on design, build, finance, operate, maintain and transfer (annuity) basis.	167.07	Karnataka
23.	Jalpa Devi Tollways Limited (“ JDTL ”)	Augmenting the existing road National Highway number 3 from kilometer 332.100 to kilometer 426.100 (approximately 93.500 kilometer) on the Guna-Biaora section of National Highway number 3 by four-laning on design, build, finance, operate and transfer (toll) basis.	506.70	Madhya Pradesh
24.	Suryavanshi Infrastructure Private Limited (“ Suryavanshi Infra ”)	Reconstruction, strengthening, widening and rehabilitation of Mandsaur-Sitamau section from existing kilometer stone 18 and ends at the existing kilometer stone 62 at Chambal River (Rajasthan border) (total 44 kilometer) on State Highway number 14 section, and its operation and maintenance, on build, operate and transfer basis.	132.00	Madhya Pradesh

* The calculation of lane kilometres is done as per the circular of MoRTH (Ref. No.341/PS/Secretary/RTH/2018) dated March 1, 2018 (“**MoRTH Measurement Circular**”). As per the MoRTH Measurement Circular, the linear measurement of the project highway has been dispensed with.

The concessioning authorities for the State Projects are Madhya Pradesh Road Development Corporation Limited (“**MPRDC**”), Karnataka Road Development Corporation Limited (“**KRDCL**”), Roads and Buildings Department, Government of Gujarat (“**RBDGG**”) and for the National Highway Projects are National Highways Authority of India (“**NHAI**”) and Ministry of Road Transport and Highways, Government of India (“**MoRTH**”) (collectively, the “**Concessioning Authorities**”). Each of the concessioning authorities is a government entity.

The Projects are divided into four types on the basis of the implementation mode: (i) hybrid annuity; (ii) toll; (iii) annuity; and (iv) annuity plus toll. Key details of these models are set out below:

- The hybrid annuity model (“**HAM**”) was introduced in January 2016 by the Government with an intent to share the financial risk with the developers, given that infrastructure projects are capital intensive in nature. In a HAM project, the concessioning authority shares a portion of the total project cost during the construction phase. As a mix of EPC and annuity models, HAM reduces the financial burden of a concessionaire during the project construction phase and provides an assured revenue in form of annuities, interest on reducing balance of completion cost (BCC) and O&M payments linked to inflation in the operational phase. Annuity payments eliminate the risk of income fluctuations resulting from changes in traffic volumes. Going forward, HAM is expected to remain the preferred mode of contract for both the Government as well as developers.
- In an annuity project or where the annuity component of an annuity plus toll project is concerned, a fixed amount is paid semi-annually as annuity by the respective Concessioning Authority pursuant to the applicable concession agreement. Income from the project is thus assured to the extent of the annuity to be collected, thus eliminating or reducing our risk of income fluctuations resulted from changes in traffic volumes.
- In a toll-based project or where the toll component of an annuity plus toll project is concerned, concessionaires are allowed to collect tolls from vehicles that use their project carriageways during the concession period at rates notified by the relevant Concessioning Authority, as updated from time to time. Income collected on a toll basis thus fluctuates as traffic volume changes, which is a risk inherent in the operation of our toll roads. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.

Salient Features of the Projects				
Particulars	HAM	Toll	Annuity	Annuity Plus Toll
Bid Criteria	Bid project cost (“ BPC ”) and first year O&M payable during operation (Both BPC and O&M are indexed with inflation from bid date at every payment invoice)	One time grant receivable from the relevant Concessioning Authority or annual premium payable to the relevant Concessioning Authority	Fixed half yearly payment (annuity) throughout the concession period	Fixed half yearly payment (annuity) throughout the concession period
Bid Parameter	Lowest lifecycle cost considering net present value of BPC and O&M bids	Lowest grant or highest premium, as the case maybe	Lowest fixed half year payment (annuity)	Lowest fixed half year payment (annuity)
Payments during Construction	40% of the BPC, linked to physical progress in five equal instalments	Grant if payable else Nil	Nil	Nil
Payments during Operation/Revenue	60% of the BPC is paid in bi-annual annuities over 15 years after COD along with interest at 3 per cent above the RBI Bank Rate and O&M payment as per bid norms	Actual Toll Collection. Toll rates are revised and notified annually by the relevant Concessioning Authority with a fixed formula which consists of one fixed component (3% annual) and second inflation linked (40% of wholesale price index)	Fixed Half Yearly Payment	Fixed Half Yearly Payment and Actual Toll Collection. Toll Rates are revised and notified annually by Authority with a fixed formula
Concession Period	Construction period and 15 years of operations	As per the concession agreement (which	As per the concession agreement (which is usually up to 15 years)	As per the concession agreement (which is usually up to 15 years)

Salient Features of the Projects				
Particulars	HAM	Toll	Annuity	Annuity Plus Toll
		varies between 12 to 26 years)		
Revenue Risk	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual annuity, interest and O&M payments are made by the relevant Concessioning Authority irrespective of the traffic.	The revenue is directly linked with the actual traffic plying on the project stretch. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by the relevant Concessioning Authority irrespective of the traffic.	There is no revenue risk with respect to annuity payments as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by Concessioning Authority irrespective of the traffic. The toll revenue is directly linked with the actual traffic plying on the project stretch.

Parties to the Trust

Our Sponsor, Shrem Infra Structure Private Limited and its directors, prior to entering the road infrastructure sector, was an investor in Radiant Life Care Mumbai Private Limited (from March 2015 to December 2017), which through an operation and maintenance agreement, was involved in expanding, equipping, operating, upgrading, managing and administering work of Dr. Balabhai Nanavati Hospital. For further details, please see the section entitled “*Parties to the Trust – The Sponsor - Shrem Infra Structure Private Limited*” on page 101. Further, the promoters of the Shrem group have managed investments in various assets classes such as debt capital markets, development of hotels, upgradation of hospital, private equity, lending through a group NBFC entity and development of road projects.

Our Investment Manager, Shrem Financial Private Limited, is responsible for managing us, the Holding Companies and the Project SPVs as well as undertaking investment decisions relating to our assets. The Investment Manager has been engaged in the infrastructure business since 2011. The Investment Manager, through its erstwhile subsidiary, Shrem Resort Private Limited (now Zon Hotels Private Limited), developed and operated the Novotel Goa Shrem Resorts Hotel and the Grand Mercure Goa Shrem Resort between January 2011 – September 2017. It successfully operated the two hotels until September 2017 and subsequently sold them. For further details, please see the section entitled “*Parties to the Trust – The Investment Manager – Shrem Financial Private Limited*” on page 112.

Our Trustee, Axis Trustee Services Limited, is a trusteeship company which has been registered with SEBI on January 31, 2014, and has been promoted by Axis Bank Limited for providing corporate and other trusteeship services. For further details, please see the section entitled “*Parties to the Trust – The Trustee – Axis Trustee Services Limited*” on page 101.

Our Project Manager, Shrem Road Projects Private Limited, will be overseeing the operation and maintenance of the entire portfolio of the Projects which has been contracted on a fixed price basis to DBL for the entire life of the respective Project. For further details, please see the section entitled “*Parties to the Trust – The Project Manager – Shrem Road Projects Private Limited*” on page 125. For further details in respect of our O&M arrangements, please see the section entitled “*Business – Operation and Maintenance*” on page 222.

Competitive Strengths

Sizeable portfolio of long term steady revenue-generating assets

The Trust will have a sizeable initial portfolio of completed and revenue-generating assets, consisting of the 24 Projects, having an aggregate length of 6,442.35 lane kilometres, located across five states in India. Each Project SPV has entered into a long term concession agreement with one of the Concessioning Authorities, having concession periods ranging between 10 and 26 years, with each such concession period commencing from the appointed date of the relevant Project. Thus, the Projects will provide long term cash flows to the Trust. On a collective basis, the HAM Projects had a weighted average residual project life of approximately 13.58 years, JDTL had a residual project life of approximately 21.45 years and the state Projects had a weighted average residual project life of approximately 7.21 years, each as of March 31, 2021.

Diversified road asset portfolio in terms of Concessioning Authorities, categories of revenue and geographies

The Projects comprise six hybrid annuity projects, 10 annuity plus toll projects, six annuity projects and two toll projects (one being a sole toll project and the other being a grant and toll project) across five states of India, with concessions granted by five different Concessioneing Authorities. We believe that the diversified revenue streams from our Projects place us at a unique position in the Indian road sector providing us with steady cash flow during the course of the year.

1. *Breakup of share of annuity revenue and toll revenue in total revenue:* A significant portion of our revenue comes and is expected to continue in the future from annuities paid by the relevant Concessioneing Authorities, which signifies the steady nature of income for the Trust. Further, the state toll revenue from our Projects comprising approximately 4% of our combined revenue from operations has been linked with the O&M payments under 14 state Projects to the O&M Contractor, thus eliminating any risk of fluctuations in toll collection.

* *The revenue composition for the financial year ended March 31, 2021 is based on the Audited Special Purpose Combined Financial Statements. For further details, please see the section entitled "Audited Special Purpose Combined Financial Statements" on page 465.*

** *The revenue composition for Fiscal 2022, 2023 and 2024 is based on the Projections of Revenue from Operations and Cash Flow from Operating Activities (based on actual cash inflow). For further details of the Projections of Revenue from Operations and Cash Flow from Operating Activities and reliance on the same, please see the sections entitled "Projections of Revenue from Operations and Cash Flow from Operating Activities" and "Risk Factors – The Audited Special Purpose Combined Financial Statements and Projections of Revenue from Operations and Cash Flow from Operating Activities presented in this Final Placement Memorandum may not be indicative of the future financial condition and results of operations of the Trust" on pages 527 and 68, respectively.*

2. *Annuity Track Record:* The Project SPVs have received 196 regular semi-annual annuities till March 31, 2021. We have been receiving regular semi-annual annuities from MPRDC since 2013, RBDGG since January 2015, KRDC since March 2019 and NHAH since October 2019. As per the concession agreements, the relevant Concessioneing Authorities are required to make payment within 15 days of due date as per concession period and average collection days on all annuities is 12 days from the due date.
3. *Sole NHAH Toll Asset:* Jalpa Devi Tollway Limited is the only NHAH project in our portfolio that is entirely based on NHAH toll revenues. It is part of a NH-3, which connects Agra-Gwalior-Shivpuri-Biaora-Dewas-Indore-Nasik-Mumbai. Toll revenue have shown consistent growth since its COD i.e. 18th June 2018. During Financial year 2020-21, the first quarter showed a decline in traffic in freight modes due to a complete lockdown in view of COVID-19. The traffic showed recovery in second and third quarter of FY21 as the lockdowns were eased and economic activities slowly started to pick up (Source: *Traffic Report*).

The concession periods of the Project SPVs started at different times and they are expected to expire at different times, thereby ensuring continuous cash flows. The residual terms of the concession agreements range between 5.26 years and 21.45 years as of March 31, 2021. We believe that our temporally and geographically diverse project portfolio and our expertise leveraged from existing projects provides us with an advantage in capitalizing on new opportunities available in the Indian roads and highways sector. We believe that this diversification strengthens our business by reducing our reliance on any specific project and reducing the potential impact on our business of any economic slowdown or Project-specific *force majeure* event or with respect to any particular project.

Strong O&M support and favourable O&M structure

For the present O&M arrangements of the Project SPVs, please see the section entitled “*Business – Operation and Maintenance*” on page 222.

Pursuant to the O&M Agreements, Dilip Buildcon Limited has been appointed as the O&M contractor in respect of the Project SPVs (“**DBL**” or the “**O&M Contractor**”) prior to filing the Placement Memorandum with SEBI. DBL was the original bidder for the Project SPVs, and was also the EPC contractor for the construction and development of each of the Projects.

DBL is one of the largest players in the Indian road construction sector in terms of scale of operations and order book size. DBL has demonstrated strong execution capability over the past few years. DBL bids for projects after factoring synergistic benefits arising from clustering of projects and stretches with relatively lower hurdles of land acquisition and clearances. DBL has a large fleet of self-owned equipment and machinery and a large workforce to support all their contractual obligations, including the O&M activities relating to our projects.

Pursuant to the terms of the O&M Agreements, DBL will be responsible for discharging all the O&M responsibilities required to be discharged under the Concession Agreements by the Project SPVs. For further details, please see the section entitled “*Business – Operation and Maintenance*” on page 222. The Investment Manager believes that the Trust will benefit from DBL’s engagement as the O&M Contractor for the Project SPVs, given that DBL was the original owner and developer of the Projects and has extensive experience in the road infrastructure sector. Some of the benefits that arise from our O&M arrangements with DBL include:

- The O&M Agreements will have a fixed cost structure for the entire concession life of each Project SPV, and the O&M Contractor will not be entitled to any adjustments in payments on account of any escalation in prices and inflation as well as adjustments for items required for the execution of the O&M obligations under the O&M Agreements.
- In case of the NHAI and MoRTH HAM Projects, we shall be entitled to withhold the release of the defect liability deposit (submitted in the form of performance security) and utilise such deposit against any cost incurred by the Project SPV or the O&M Contractor due to non-fulfilment of the O&M obligations mentioned in the relevant O&M Agreements. Further, under the O&M Agreements, the Project SPV will be required to make payments after the expiry of six months from the date of the expiry of the defects liability period under the relevant EPC agreements.
- Payments to the O&M Contractor will be subject to certain conditions, including:

- such payments being subject to receipt of the annuity by the relevant Project SPV under its concession agreement, except where there is any loss of annuity or delay in receipt of annuity from the relevant Concessions Authority due to reasons attributable to the relevant Project SPV or the relevant Concessions Authority (in which case the payments will be released to the O&M Contractor on the due date of payment). DBL has agreed that O&M payments in respect of major maintenance shall only be paid by the Concessions Authority upon completion of major maintenance by DBL in accordance with the relevant Concession Agreement and as per the specifications and standards provided under the O&M Agreements; and
- the entitlement of a Project SPV to adjust payments to be made to the O&M Contractor in the event any annuity is withheld or reduced by the relevant Concessions Authority on account of any deficiency in the O&M of the relevant Project or for the breach of by the O&M Contractor of the relevant O&M Agreement.

Further, since a significant portion in six of our HAM Projects is rigid pavement roads (i.e. road constructed with cement, also known as pavement quality concrete roads (“**PQC Roads**”). The design life of PQC Roads is approximately 25-30 years which is more than the concession life of such Projects (being 15 years). Since PQC roads does not require periodic overlay, the maintenance expenses are relatively lower. In addition, the average annual daily traffic plying on the State Projects is 1,303 passenger car equivalent units. The maintenance cost of such Projects, amongst other aspects, is also linked with the vehicular traffic using the Projects. Since traffic on such Projects is very low, the associated maintenance cost is also low.

Hedge against adverse interest rate movements

The NHAI and MoRTH HAM Projects have a natural hedge against the risk of adverse interest rate movement. In addition to the annuity payments due under such concession agreements during the operations period, the relevant concession agreements for HAM Projects require the relevant Concessions Authority to pay interest on the reducing balance of the completion cost (equivalent to 60% of the BPC) throughout the operation period at the rate of 3 per cent above the prevailing RBI Bank Rate. Accordingly, any increase in the interest payable on loans by us due to an increase in interest rates gets offset by the increased revenues earned by us on such HAM Projects. The value of the financial assets carrying this interest is higher than the consolidated debt of the Project SPVs availed from banks and financial institutions.

Skilled and experienced management team with industry experience

We will be managed by qualified personnel of the Investment Manager who have management and operational experience in the roads and highways sector. For further details, see “*Parties to the Trust – The Investment Manager – Shrem Financial Private Limited*” on page 112. We believe that the experience and leadership of these teams will contribute to our growth and success and will position the Project SPVs to be operated and managed in an efficient manner.

Attractive industry sector with favourable government policies

Further development of the infrastructure sector, in particular road infrastructure, is a priority for the GoI and has been the subject of enhanced investment from the public sector through traditional means of public investment and new channels such as PPPs. Roads have been the key focus area for budget allocations over the years. Under Union Budget 2020-21, the Government has allocated ₹ 91,823 crore (US\$ 13.14 billion) under the Ministry of Road Transport and Highways. Between FY2016 and FY2021, budget outlay for road transport and highways increased at a robust CAGR of 13.10%. Huge investment have been made in the sector with total investment increasing more than three times from ₹ 51,914 crore (US\$ 7.43 billion) in 2014-15 to ₹ 158,839 crore (US\$ 22.73 billion) in 2018 – 2019. More than 13,000 km length of roads have already been awarded under the Bharatmala Pariyojana project, of which 3,800 kms have been constructed. By March 2022, the government aims to award another 8,500 kms and complete an additional 11,000 kms of national highway corridors (Source: *Union Budget 2021-2022*). Through the PPP model, among others, the Investment Manager believes that the Trust has acquired, and will continue to capture through further acquisitions, a significant share in the PPP format of the road infrastructure sector.

For further details, please see the section entitled “*Industry Overview*” on page 143.

Business Strategies

The Investment Manager believes the following to be the key strategies of the Trust:

Institute and maintain prudent capital management policies

The Investment Manager will seek to employ appropriate financing policies and diversify its sources of financing with the objective of minimizing our overall cost of capital to retain enough flexibility to make acquisitions in the future while also maximising distributions to Unitholders.

Active asset management

We intend to continue to manage our road assets through the services of the Project Manager and the O&M Contractor. The Project Manager and the O&M Contractor will be responsible for providing routine O&M services pursuant to the provisions of the Project Implementation and Management Agreements and O&M Agreements. For further details in respect of our O&M arrangements, please see the section entitled “*Business – Operation and Maintenance*” on page 222.

Future acquisition of completed steady revenue- generating annuity road infrastructure assets

The Investment Manager may in the future expand our initial portfolio by identifying and acquiring additional operational revenue generating hybrid annuity or annuity projects which meet our Investment Objectives in accordance with the provisions of the Trust Deed. For further details of the Investment Objectives, please see the section entitled “*Overview of the Trust*” on page 17.

In addition, the Investment Manager believes that due to trends in the industry, a number of acquisition opportunities may be available. These trends include the potential divestment of assets by reputed Infrastructure developers, highly leveraged private companies and by financial and private equity investors seeking to exit their investments. The Investment Manager hopes to take advantage of these opportunities by actively sourcing and acquiring quality assets from such third parties on a case-by-case basis which is value accretive to existing unitholders. The acquisitions shall be done only after a detailed technical and financial due diligence from independent third parties.

RISK FACTORS

An investment in the Units involves a high degree of risk. Investors should carefully consider all the information in this Final Placement Memorandum, including the risks and uncertainties described below, before making an investment in the Units. If any of the following risks actually occurs, the business, results of operations and financial condition of the Trust could suffer, the price of the Units could decline and investors may lose all or part of their investment. The risks and uncertainties described below are not the only risks that the Trust faces or may face. Additional risks and uncertainties not presently known to the Investment Manager and the Trust or that they currently believe to be immaterial may also have an adverse effect on the business, results of operations and financial condition of the Trust and as a result, the returns on investments of the Unitholders. If any of the following risks, or other risks that are not currently known or are currently considered immaterial, actually occur, our business prospects, results of operations, cash flows and financial condition could suffer, the price of the Units could decline, and prospective investors may lose all or part of their investment. Unless specified or quantified in the relevant risk factors below, the Investment Manager and the Sponsor are not in a position to quantify or specify the financial or other implications of any of the risks described in this section.

In making an investment decision, prospective investors must rely on their own examination of the Trust and the terms of the Issue, including the merits and risks involved. To obtain a complete understanding, this section should be read in conjunction with the sections entitled “Business” and “Discussion and Analysis by the Directors of the Investment Manager of the Financial Condition, Results of Operations and Cash Flows of the Initial Portfolio Assets of the Trust” on pages 152 and 389, respectively as well as the financial statements and other financial information included elsewhere in this Final Placement Memorandum. Before investing in the Units, prospective investors should obtain professional advice on investing in the Issue.

This Final Placement Memorandum also contains forward-looking statements that involve risks and uncertainties and assumptions. The Trust’s actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including considerations described below and in “Forward Looking Statements”.

Investors should be aware that the price of the Units, and the income from them, may be subject to volatility. If any of the risks described below occurs, our business and prospects could be materially and adversely affected, and investors could lose all or part of their original investment.

In making an investment decision, prospective investors must rely upon their own examinations and the terms of the Issue, including the merits and the risks involved. The prospective investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Issue.

RISKS RELATING TO THE TRUST’S BUSINESS AND INDUSTRY

1. *We propose to intimate our lenders in relation to the transactions contemplated under the Issue or the refinancing of the loans obtained by the Project SPVs from banks and other financial institutions.*

Certain of the lending arrangements entered into by the Project SPVs in relation to loans availed by them from banks and other financial institutions may require consent to be obtained by the Project SPVs for, amongst others, incurring further indebtedness and in certain cases, for change in management control. Prior to filing the Placement Memorandum with SEBI, each of the Project SPVs has served notices to its relevant lenders in relation to the repayment or prepayment of the outstanding debt availed from such lender, which includes details of the amounts proposed to be repaid or prepaid, the Issue and the proposed transfer of the Holdcos and the Project SPVs to the Trust. There can be no assurance that upon intimation, the lenders or financial institutions will not prescribe any conditions in relation to the Issue and proposed refinancing by the Project SPVs.

2. *Some of our business approvals and applications for business approvals are not traceable.*

We have not been able to trace copies of certain applications made by the Project SPVs in relation to approvals required under certain labour laws and certain approvals obtained by the Project SPVs in relation to their business, including approvals relating to environmental clearances, registrations under Shops and Establishments Acts of various states and registration under the Legal Metrology Act, 2009 and respective state government rules for weigh-in-motion and road weigh bridge. Despite conducting searches of our internal records, we have not been able to trace the aforementioned documents.

While information in relation to the aforementioned applications and some of the aforementioned approvals has been disclosed in the section entitled “Regulatory Approvals” on page 425 based on the internal records of the Project SPVs and the Investment Manager, we may not be able to furnish any document evidencing making such applications or receiving such approvals. We cannot assure you that the abovementioned applications and approvals will be located by us in a timely manner or at all. Further, there can be no assurance that in the event of any legal proceedings or regulatory actions against any of the Project SPVs in relation to such applications or approvals, the Project SPVs will not face adverse consequences or penalties on account of not being able to provide documentation in relation to such applications or approvals.

3. ***A significant portion of our concessions have been granted by MPRDC. Further, a significant portion of our projected revenue will be derived from the NHAI HAM Projects.***

13 of the 24 Project SPVs have been granted concessions by MPRDC. Any adverse changes to the terms of the existing concession agreements of such Project SPVs, or any changes to the existing policy framework of MPRDC may adversely impact the cash flow, business and revenue from operations of such Project SPVs and may accordingly have an adverse impact on the Trust.

Further, as per the Projections of Revenue from Operations and Cash Flow from Operating Activities, the revenue from operations for Fiscals 2022, 2023 and 2024 arising from the six National HAM Projects is projected to constitute approximately 50%, 49% and 48% of our overall projected revenue from operations for Fiscals 2022, 2023 and 2024. For further details of the Projections of Revenue from Operations and Cash Flow from Operating Activities and reliance on the same, please see the sections entitled “*Projections of Revenue from Operations and Cash Flow from Operating Activities*” and “*– The Audited Special Purpose Combined Financial Statements and Projections of Revenue from Operations and Cash Flow from Operating Activities presented in this Final Placement Memorandum may not be indicative of the future financial condition and results of operations of the Trust*” on pages 527 and 68, respectively. Any adverse impact on the revenue from operations of the National HAM Projects will have an adverse impact on the business, cash flows and revenue from operations of the Trust.

4. ***Some of our Project SPVs and the Holding Companies have availed non-interest bearing unsecured loans from the Sponsor, other Shrem group entities and/or other parties.***

Some of our Project SPVs and the Holding Companies have availed non-interest bearing unsecured loans from the Sponsor, other Shrem group entities and/or other parties which shall continue on the books of such Project SPVs even after listing of the Issue. In the event that any such lender seeks any pre-mature repayment of any such loan, such Project SPVs and/or Holding Companies and/or the Trust would need to find alternative sources of financing such repayment, which may not be available on commercially reasonable terms, or at all. Any such pre-mature repayment may have a material adverse effect on the Project SPVs and/ or the Holding Companies business, cash flows and financial condition. For further details of such non-interest bearing unsecured loans please see the section entitled “*Financial Indebtedness and Deferred Payments*” on page 377.

5. ***The lenders of the Initial Portfolio Assets may not release the security, including pledge of shares of certain Initial Portfolio Assets, that has been created pursuant to loan agreements that have been entered into between the Initial Portfolio Assets and their lenders.***

The shares of SRPL and STPL are pledged with their lenders as part of the security for borrowings availed by them from their respective lenders. If such security is not released by the lenders in a timely manner after the Bid/Issue Closing Date, it could have an adverse effect on the ability of the Trust to acquire shareholding in SRPL and STPL in a timely manner or at all.

The Trust proposes to utilise the proceeds from the InvIT Loan and the Issue to repay the loans that are currently outstanding with the Project SPVs (the “**Project SPV Loans**”). For further details, please see the sections entitled “*Use of Proceeds*” and “*Financial Indebtedness and Deferred Payments*” on page 375 and 377, respectively. The Project SPVs have secured the indebtedness under the Project SPV Loans in favour of the respective lenders. The security that has been created in favour of these lenders will be released within an agreed period of time from the repayment of the Project SPV Loans. If such security is not released by the lenders within the time period agreed, or in the event of a dispute with the Project SPVs in relation to such security, it could have an adverse effect on the Trust’s business and results of operations.

6. ***The Trust has incurred indebtedness, the terms whereof impose restrictions and conditions which may adversely affect the Trust’s ability to conduct its business.***

The Trust has availed a loan aggregating to ₹ 34,310 million, the drawdown of which has happened before the Closing Date (the “**InvIT Loan**”) and which has been utilized for the purpose of prepayment or repayment of the Project SPV Loans (other than the loan availed by DBL Lucknow Sultanpur Highways Limited).

The terms of the InvIT Loan contain customary restrictive covenants and conditions, such as the requirement to obtain prior consent from the relevant lender to dispose of InvIT Assets or incur further indebtedness at the Trust or Project SPV level.

Further, the terms of the InvIT Loan include restrictive conditions in relation to acquisitions by the Trust (including to completed and operational projects), which restrict the ability of the Trust to acquire certain categories of eligible infrastructure projects, as otherwise permitted under the InvIT Regulations.

Additionally, the InvIT Loan is secured by, among other things:

- first charge on all immoveable assets, moveable assets, and the receivables of the Trust;
- first charge on the escrow account opened by the Trust in which the free cash flows of the Initial Portfolio Assets and any infrastructure projects directly owned by the Trust will be deposited;
- assignment of loans granted by the Trust to the Initial Portfolio Assets;
- pledge of shares of the Initial Portfolio Assets held by the Trust;
- pledge of 15% of the Units held by the Sponsor; and
- corporate guarantee by the Project SPVs

There can be no assurance that the Trust would be able to comply with the terms applicable to the InvIT Loan due to, amongst other things, restrictions under the Concession Agreements or conditions stipulated by the concessioning authorities. In the event the Trust is unable to comply with such terms, our business, financial condition, results of operation, cash flows and ability to make distributions to Unitholders may be adversely affected.

7. *The terms of the Project Implementation and Management Agreements, O&M Agreements and the Subscription Agreements may change subject to comments provided by Concessioning Authorities*

Pursuant to the terms of the respective concession agreements, the Project SPVs are required to submit to their respective concessioning authorities, drafts of all project agreements or any amendments or replacements, pursuant to which the relevant concessioning authorities have the right to review and provide comments within specified time periods. Accordingly, the Project SPVs have received comments on the drafts of the Project Implementation and Management Agreements, the O&M Agreements and the Subscription Agreements from the relevant concessioning authorities. Further, we will submit the executed copies of the Project Implementation and Management Agreements, the O&M Agreements and Subscription Agreements with the relevant concessioning authorities. We cannot assure that, (i) the concessioning authorities may not have any further comments on the Project Implementation and Management Agreements, the O&M Agreements and Subscription Agreements, and (ii) such comments may not have an impact on the business and operations of the Project SPVs and their financial operations.

8. *The Valuation Report by S. Sundararaman (the “Valuer”) is not an opinion on the commercial merits and structure of the Issue nor is it an opinion, express or implied, as to the future trading price of Units or the financial condition of Trust upon the Listing, and the valuation of the Project SPVs contained in such Valuation Report may not be indicative of the true value of the Project SPVs.*

S. Sundararaman was appointed as the independent valuer (the “**Valuer**”) to undertake independent appraisals of the Project SPVs. The Valuer issued a letter and a report appended to it (together, the “**Valuation Report**”), which sets out its opinion as to the fair market value of the Project SPVs as of March 31, 2021. The Valuation Report is based on various assumptions with respect to the Project SPVs, including their revenue cash flows, O&M expenses, major maintenance and repairs costs, defect liability payments, capital expenditure and working capital. Such assumptions are based on the information provided by, and discussions with, the Investment Manager. Further, the Valuation Report is based on estimates of future financial performance or opinions, which represent reasonable expectations at a particular point of time, but such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, a particular event will occur or that a particular price will be offered or accepted.

The Valuation Report is neither an opinion on the commercial merits and structure of the Issue, nor is it an opinion, express or implied, as to the future trading price of Units or the financial condition of the Trust upon Listing. The Valuation Report does not purport to contain all the information that may be necessary or desirable to fully evaluate the commercial or investment merits of the Issue or the Trust. The Valuation Report does not confer rights or remedies upon investors or any other person, and does not constitute and should not be construed as any form of assurance as to the financial condition or future performance of the Trust or the Project SPVs. Further, the Valuation Report is necessarily based on financial, economic, monetary, market and other conditions as of the date of the Valuation Report. The Valuation Report has not been updated since the date of its issue and does not take into account any developments subsequent to the date of its issue.

Further, the outbreak of the COVID-19 pandemic has created significant uncertainty in valuation and accordingly, the Valuer has recommended a degree of caution to the values arrived under current circumstances, as the same may change rapidly depending on the changing market scenario. Due to the outbreak of the COVID-19 pandemic, the valuation exercise undertaken by the Valuer is based on significant assumptions within the valuation approach and methodology, which are based on factors whose outcome are uncertain and hence, results in lower certainty of the value determined in

the Valuation Report, than would otherwise be in this case.

There can be no assurance that the Valuation Report reflects the true value of the Project SPVs or that other independent valuers would arrive at the same valuation. Accordingly, investors should not rely unduly on the Valuation Report in making an investment decision to purchase Units in the Issue. For details, please see the Valuation Report in Annexure A.

9. *The accuracy of statistical and other information with respect to the road infrastructure sector and the traffic assessment report commissioned by the Investment Manager for the Toll Projects contained in this Final Placement Memorandum cannot be guaranteed.*

Statistical and other information in this Final Placement Memorandum relating to India, the Indian economy or the road infrastructure sector have been derived from various government publications, research reports from reputable institutions and communications with various Indian government agencies that are believed to be reliable. However, there can be no guarantee as to the quality or reliability of such information.

Two of the Projects (being the JDTL Project and the Suryavanshi Infra Project) are exclusively toll based whilst the remaining 22 Projects are predominantly annuity based. In relation to the JDTL Project and the Suryavanshi Infra Project (together, the “**Toll Projects**”), the information reflected in the Traffic Report and the Suryavanshi Infra Technical Report is subject to various limitations and is based upon certain estimates and assumptions that are subjective in nature. The Traffic Report and the Suryavanshi Infra Technical Report reflect current expectations and views regarding future events, and contain forecasts, projections and other forward-looking statements that relate to future events. The future events referred to in the Traffic Report and Suryavanshi Infra Technical Report are subject to risks, uncertainties and factors such as gross domestic product growth, current and future traffic mix, per capita income changes and alignment of the Delhi-Mumbai expressway (in case of the Traffic Report), which may cause the actual traffic volumes to be materially different from any future traffic volumes expressed or implied by the Traffic Report and the Suryavanshi Infra Technical Report.

While reasonable care has been taken in the reproduction of the information, no assurance can be made as to the accuracy of such facts and statistics, which may not be consistent with other information compiled within or outside India. Due to possibly inconsistent or ineffective collection methods or discrepancies between published information and market practice, the statistics contained in the Traffic Report and the Technical Reports may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that the statistics are stated or compiled on the same basis or with the same degree of accuracy as may be the case with information from elsewhere.

Further, the Technical Consultant has prepared the Technical Reports concerning the Initial Portfolio Assets which are contained in this Final Placement Memorandum. We commissioned the Technical Reports for the purposes of conducting a technical assessment of the Project SPVs. Neither we, nor the Trustee, the Sponsor, the Lead Manager, the Investment Manager nor any other person connected with the Issue has verified the information in the Technical Reports. Further, the Technical Reports have been prepared based on information as of specific dates and may no longer be current or reflect current trends. Opinions in the Technical Reports based on estimates, projections, forecasts and assumptions may prove to be incorrect. The Technical Reports are subject to various limitations and are based upon certain bases, estimates and assumptions that are subjective in nature and that are based, in part, on information provided by and discussions with or on behalf of us and the Investment Manager. There can be no assurance that the bases, estimates and assumptions adopted by the Technical Consultant for the purposes of preparing the Technical Reports will prove to be accurate. Future reports for the Project SPVs could be materially different from those that are set forth in the Technical Reports and this Final Placement Memorandum. The Technical Reports are not a recommendation to invest or disinvest in the Project SPVs. Prospective investors are advised not to unduly rely on the Technical Reports when making their investment decision.

10. *The acquisition by the Trust of the Project SPVs from the Sponsor may be subject to certain risks, which may result in damages and losses, and conditions that may prevent the Trust from acquiring the Project SPVs or providing debt financing to them.*

While the Investment Manager believes that reasonable due diligence will have been carried out on the Project SPVs prior to their acquisition by the Trust, there can be no assurance that the Projects will not have defects or deficiencies that are unknown or unquantified and that may require additional capital expenditure or obligations to third parties, including to the relevant concessioning and statutory authorities, which may have an adverse effect on the Trust's earnings and cash flows and the distributions to the Unitholders.

The sellers of the Holding Companies and Project SPVs, including the Sponsor, under each Securities Purchase Agreement, has agreed to indemnify the respective Holding Company and Project SPVs, the Investment Manager and their respective directors, and the Trust for any losses resulting from breach, inaccuracy or misrepresentation of the representations and warranties. Under the terms of the Securities Purchase Agreements, the period for claiming under

the indemnity shall be unlimited in respect of fundamental warranties of the sellers and five years from the Closing Date for all other warranties of the sellers. For further details, see the section entitled “*Related Party Transactions*” on page 413.

Further, the Project Manager has agreed to indemnify the Trust under the Project Implementation and Management Agreements. The Project Manager will indemnify each Project SPV for claims made in a particular financial year, provided that the claims do not exceed the fee paid or payable to the Project Manager, in that financial year. Claims exceeding the amount limits, not indemnified by the Project Manager, would have an adverse effect on the Project SPVs’ financial performance.

The Project SPVs may, from time to time, receive letters and notices from their respective concessioning authorities imposing penalties and seeking claims for any deficiencies or non-compliance with the terms of the respective concession agreement or other project agreements or a claim or compensation under the terms of the respective concession agreement. The Project SPVs may contest such claims or invoke any indemnification provided by the O&M Contractor. However, there would be an adverse effect on the relevant Project SPV’s operations and financial condition if a claim is decided against such Project SPV. Ongoing claims by certain Project SPVs against their respective concessioning authorities have been disclosed in the section entitled “*Legal and other information*” on page 429. Further, the Project SPVs have applied to the concessioning authorities for their consent in relation to, amongst others, the transfer of the Project SPVs to the Trust and the designation of the Trust as a senior lender. We have received approvals from the relevant concessioning authorities for transfer of the Project SPVs to the Trust and refinancing of loans subject to compliance with certain conditions. The approvals do not specifically provide for designation of the Trust as a senior lender (save and except in case of Project SPVs under KRDC and RBDGG) which could adversely impact the rights of the Trust, including amongst others, to receive termination payments and substitution rights.

In addition, the Project SPVs may be subject to unknown or contingent liabilities for which the Trust may have limited or no recourse against the Sponsor. Such unknown or contingent liabilities may also include tax liabilities and other liabilities whether incurred in the ordinary course of business or otherwise.

11. *We may not be able to recover losses arising from the acquisition of the Project SPVs by the Holdcos from Dilip Buildcon Limited.*

Pursuant to the terms of the share acquisition cum shareholders agreements entered into between the Holdcos and Dilip Buildcon Limited (“**DBL**”), the Holdcos acquired shareholding in the Project SPVs. Under the SASHAs, DBL has agreed to indemnify and hold harmless the Holdcos and their Affiliates, directors, officers, employees and advisors against all losses and damages which arise out of, or result from or may be payable by virtue of, amongst others, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties granted under the SASHAs or a matter or event which renders any such warranties false, incomplete or inaccurate. There is no assurance that in the event any of the purchase warranties granted by DBL to a Holdco is found to be inaccurate, false, incomplete or inaccurate, the relevant Holdco will be able to recover any losses arising therefrom pursuant to the indemnification provisions of the SASHAs, in a timely manner, or at all.

12. *The Audited Special Purpose Combined Financial Statements and Projections of Revenue from Operations and Cash Flow from Operating Activities presented in this Final Placement Memorandum may not be indicative of the future financial condition and results of operations of the Trust.*

The Audited Special Purpose Combined Financial Statements of the Project SPVs for Fiscals 2021, 2020 and 2019 constitute a different presentation of information and may not necessarily reflect the consolidated financial position, results of operations or cash flows of the Trust, and nor will they necessarily give an indication of the financial position, results of operations or cash flows of the Trust or the Project SPVs in the future.

After the Listing, there may be certain changes to the Trust’s cost structure, levels of indebtedness and operations, and these could differ materially from the historical combined cost structure and levels of indebtedness presented in the Audited Special Purpose Combined Financial Statements. For example, there are certain costs, such as the Investment Manager’s fee, the Project Manager’s fee and other costs relating to the Trust, that will be incurred by the Trust going forward, some of which were not incurred by the Project SPVs historically. For details of recurring expenses, please see the section entitled “*Overview of the Trust*” on page 17. In addition, the Project SPVs will be valued at fair value at the time of the actual acquisition of such assets by the Trust, which will occur prior to the Closing Date, for the purpose of a purchase price allocation exercise required under Ind AS for financial reporting purposes. Furthermore, the future consolidated financial statements of the Trust will be prepared on the basis of Ind AS 103 “*Business Combinations*”, which is different from the accounting treatment used for the preparation of the Audited Special Purpose Combined Financial Statements.

The financial projections contained in this Final Placement Memorandum are based on historical financial information and certain estimates and assumptions. There can be no assurance that the Project SPVs will be able to generate sufficient cash from the operations of the Projects for the Trust to make distributions to Unitholders or that such distributions will

be in line with those set out in the section entitled “*Projections of Revenue from Operations and Cash Flow from Operating Activities*” on page 527. The future financial performance of the Trust could vary materially from the financial projections and some of such projections’ underlying assumptions might change or not materialise as expected. Unfavourable events or circumstances not anticipated may also arise. There can be no assurance that the assumptions will be realised or actual distributions will be as anticipated.

13. *The flexibility of the Trust and the Project SPVs to utilise available funds may be restricted by the escrow arrangements they are required to maintain under the concession agreements.*

Under the terms of the concession agreements, the Project SPVs are required to establish escrow accounts. The Project SPVs are required to deposit all their cash inflows and receipts into the escrow accounts, including, among other things, tolls collected from the Projects and any payments (including termination payments) by the concessioning authorities. The funds in such escrow accounts are to be utilised only in the manner prescribed in the escrow agreements and the concession agreements. The escrow arrangements typically prioritise the payment of all taxes due and payable by the Project SPV, followed by the payment of expenses in connection with (i) the construction of the Projects, (ii) O&M expenses and other costs and expenses incurred by the relevant concessioning authority, (iii) any payments and damages payable to the relevant concessioning authority, (iv) debt servicing of the project lenders, and (v) the balance if any in accordance with the instructions of the Project SPVs.

Any withdrawals from the escrow accounts by the Project SPVs during the concession periods must be made strictly in accordance with the terms of the concession agreements, debt documentation and escrow agreements, thereby limiting the flexibility of the Project SPVs in utilising available funds to plan for, or react to, changes in their business needs, which could have an adverse effect on their business, financial condition and results of operations.

With respect to withdrawals on termination of the concession agreements, the escrow arrangements typically prioritize the payment of all taxes due, followed by the payment of prescribed percentage of debt due to project lenders (excluding subordinated debt), the payment of any outstanding concession fee, the payment of damages in relation to the concession, retentions and payments arising out of liability for any defects, the remainder of debt due, subordinated debt, operation and maintenance expenses and any other payments under the concession agreement, after which the balance may be withdrawn by the Project SPVs for their own purposes. The loans/advances by the shareholders will be classified as subordinated debt and equity under the concession agreements, unless the same is otherwise approved by the concessioning authorities. Also, the financing documents for the InvIT Loans have restrictive covenants such as cash trap mechanism, cash-sweep, restricted payment conditions, etc. which, if triggered, shall adversely affect the surplus cashflows of the Project SPVs and its distribution to the Unitholders.

Accordingly, the ability of the Trust to access such termination payments in relation to the loans/advances by the shareholders will be subordinated to the discharge of all obligations towards the project lenders and/or the lenders of the InvIT Loan and the payment of, among other things, any outstanding concession fees and damages. Any shortfall in the termination payments received from the concessioning authorities may prevent us from recovering our investments or returns in the relevant Project SPVs adequately or at all. Also, on termination of the Concession Agreement and/or default under the financing documents executed with the project lenders, the payments/withdrawals from the escrow accounts of the respective Project SPVs may be entirely controlled by the discretion of the concessioning authorities and/or the project lenders and/or the lenders of the InvIT Loan.

14. *The Project SPVs have entered into concession agreements which contain certain onerous provisions and any failure to comply with such concession agreements could result in adverse consequences including penalties and the substitution of the concessionaire.*

The Project SPVs have entered into concession agreements with their respective concessioning authorities with which the Project SPVs have a limited ability to negotiate the terms of the concession agreements. As a result, the concession agreements contain terms that may be onerous to the Project SPVs in relation to, among other things, compliance with and monitoring of O&M requirements. The O&M requirements include, among other things, permitting the safe, smooth and uninterrupted flow of traffic, undertaking routine maintenance, including repairs of potholes, cracks, joints, drains, embankments, structures, markings, lighting, signage and other control devices, undertaking major maintenance in accordance with the relevant concession agreement, including but not limited to resurfacing, repairs to structures, and repairs and refurbishment of system and equipment and preventing, with the assistance of the concerned law enforcement agencies, any encroachments on, or unauthorized entry to the relevant Project. Failure to comply with these requirements could result in adverse consequences, including the Project SPVs being liable for compensating the relevant concessioning authorities for such breach or termination.

There are terms in the concession agreements which require the relevant concessioning authority’s prior written approval before a Project SPV can create encumbrance or security interest over, or transfer its rights and benefits under, the respective concession agreement. The terms of the concession agreements limit the creation of security interest to secure the loans taken by the Project SPV(s) to finance the project cost of the respective project only. There is no assurance that a concessioning authority will approve the actions of any Project SPV in time or at all. Even if approval from a

concessioning authority is obtained, there is no assurance that the transfer of the rights and benefits under the respective concession agreement would have no adverse effect on the Unitholders. The restrictions and uncertainties impose constraints on the flexibility of the Trust to conduct its business and its financial conditions and results of operations may be adversely affected.

In addition, the concession agreements also contain clauses which will allow a concessioning authority to step in, in place of a Project SPV, in the event of a suspension or termination of the concession agreement. Further, in case of Project SPVs that have been granted concessions by the NHAI, according to the circular dated January 29, 2014 issued by the NHAI, the NHAI or the lenders of such Projects may substitute a Project SPV in the event that the Project SPV is in “financial default”; that is, for example, if the NHAI or the lenders of such Project have a reason to believe that a Project SPV is likely to face financial distress and is likely to default in its obligations under the terms of the relevant concession agreement. The NHAI may also impose a penalty on the defaulting Project SPV.

The concession agreements also require the Project SPVs to indemnify the concessioning authorities, including for losses arising out of, or with respect to, the failure of the concessionaire to comply with applicable laws and permits, payment of taxes payable by the concessionaire or the non-payment of amounts arising out of materials or services provided to the relevant concessioning authority, among others.

Further, the GoI may, on the occurrence of certain events, suspend toll collection at any of the Projects. For example, as part of the GoI’s demonetisation exercise, the GoI announced a toll exemption for all vehicles across all toll plazas from November 9, 2016 to December 2, 2016. Further, during the national lockdown imposed from March 24, 2020 in India on account of the COVID-19 pandemic, the Concessioning Authorities suspended toll collection for a certain period. The national lockdown and these instances resulted in huge revenue loss and other work constraints (such as availability of labour and spare parts) for entities operating in the road sector, including the Project SPVs. There is no assurance that if such situations occur in the future, to the extent the Trust faces any loss of revenue, it would be able to claim for such loss of revenue and any such claim would be successful.

In the event that any change in law under a Project’s concession agreement imposes a financial burden on the affected Project SPV, the Project SPV may be entitled to approach the relevant concessioning authority to amend its concession agreement or seek compensation such that the Project SPV is placed in its former financial condition. If compensation is sought under such provisions in the concession agreements, there is no assurance that the affected Project SPV will receive such compensation from the relevant concessioning authority in the amounts claimed, in a timely manner, or at all. This could have an adverse effect on the Trust’s financial performance.

The form of the concession agreement has evolved in the previous decade and there is limited guidance available on the interpretation of the terms and conditions contained in such concession agreements. In addition, certain terms of the concession agreements are ambiguous and untested and accordingly, their interpretation by the relevant concessioning authorities may differ from that of the Project SPVs. In the event that the interpretation of the concession agreements is unfavourable to the Project SPVs, their business, financial condition and results of operations may be adversely affected.

15. *Lower than expected returns on our investment in our Projects may adversely affect our financial results.*

In our annuity BOT (annuity) projects or BOT projects with an annuity component, our annuity revenue depends on the fixed amounts paid to us by our government clients. The amount of annuity is not necessarily linked to our actual costs of construction and may only be deducted pursuant to the relevant concession agreements. In our toll-based projects or projects with a toll component, our toll revenue depends on the tolling rates set by the relevant concessioning authority in accordance with the relevant concession agreements and the actual traffic volume using our roads. Our decision to undertake BOT road projects is largely based on our estimate of our expected toll revenue, which in turn is partly based on our estimate of the traffic volume using our roads.

Traffic volume may be affected by a number of factors beyond our control, including general economic conditions, alternate routes, alternate means of transportation, location of toll plazas, weather conditions, demographic changes, fuel prices, reduction in commercial or industrial activities in the regions served by the roads and natural disasters. Thus the actual traffic volume may be lower than our estimate. Any decrease in traffic volume, could result in a significant loss of our toll revenue. In addition, our concession agreements typically limit and regulate increases in tolling rates. Usually, the NHAI sets the applicable tolling rates which is revised by NHAI and we may not be able to increase tolling rates to cover increases in our operational costs.

In some of our concession agreements, adjustments of annuities are linked to the movements of inflation indices in a relevant year. However, there are no provisions in our concession agreements protecting us against increases in interest rates or cost of raw materials. Our lenders may have the right to periodically adjust our interest rates and our applicable interest rates may increase based on their review of our credit profile and perceived risks in our operations. Our operational costs may also increase substantially during the operation of our BOT projects due to shortage of raw materials or substantial increases in prices of raw materials required for operation and maintenance beyond the permitted scope of adjustment due to occurrence of certain events under the relevant provisions of the concession agreements.

Many factors causing such adverse changes are beyond our control and we are usually not able to demand matching increases in our tolling rates over and above fixed increase of 3% and 40% of variation in WPI or annuities. Even if we invoke the inflation adjustment clauses in some of our concession agreements, the increase may not be adequate to offset the negative impact of increases in interest rates or cost of raw materials.

Under the relevant concession agreements, our Project SPVs have rights to construct and operate the road projects exclusively for fixed periods of time and we receive annuities and/or collect tolls, as the case may be, for the use of our roads. However, we may be faced with competition from new roads developed by State Governments, which are not within our control. For example, MPRDC has the right to construct competing roads after a prescribed period of time, pursuant to the terms of the concession agreements. State Governments may not always charge for the use of these roads. There can be no assurance that our road projects will compete effectively against such roads that connect the same locations. Any material decrease in the actual traffic volume as compared to our forecasted traffic volume could have a material adverse effect on our cash flows from our tolling projects, which in turn can adversely affect our business, prospects, financial condition and results of operation.

As our BOT projects often require significant capital investment with potential returns spread over a long period of time, inadequate toll revenues and annuities collected from our projects may result in a low return or even loss on our investment, which may adversely affect our liquidity, business, financial condition and results of operation.

16. *We may be subject to inflation and interest rate risks.*

In some of our concession agreements, our income from operation and maintenance is linked with the movements of inflation indices in a relevant period and income from interest on the balance completion cost is linked with RBI Bank Rate. However, there are no specific provisions in our concession agreements protecting us against increases in interest rates or cost of raw materials except to the limited extent of rates linked to inflation and the RBI Bank Rate. Our lenders may have the right to periodically adjust our interest rates and our applicable interest rates may increase based on their review of our credit profile and perceived risks in our operations. Our operational costs may also increase substantially if the O&M Contractor fails to perform its duties as per the O&M Agreements. Many factors causing such adverse changes are beyond our control and we are usually not able to demand matching increases in our tolling rates or annuities. Even if we invoke the inflation adjustment clauses in some of our concession agreements, the increase may not be adequate to offset the negative impact of increases in interest rates or O&M costs.

17. *The Projects' revenues from tolls are subject to significant fluctuations due to changes in traffic volumes and the mix of traffic and a decline in traffic volumes could adversely affect their business prospects, financial condition, results of operations and their ability to make distributions.*

Two of the Projects are exclusively toll based and 10 Projects are a mixture of annuity and toll payments. Toll revenues depend on toll receipts and are affected by changes in traffic volumes and the mix of traffic. Traffic volumes are directly or indirectly affected by a number of factors, many of which are outside the relevant Project SPVs' control, including toll rates, fuel prices, the affordability of automobiles, the quality, convenience and travel time on alternate routes and the availability of alternate means of transportation, including rail networks and air transport. Moreover, such Project SPVs' cash flows are affected by seasonal factors, which may adversely affect traffic volumes. India experiences monsoon rains during the period from June or July until September or October each year, which can affect the volume of traffic on such Projects. During such periods of curtailed activity, such Project SPVs may continue to incur operating expenses but receive reduced toll revenues. Such fluctuations may adversely affect the Project SPVs' business, financial condition or results of operations.

Traffic volumes are also influenced by the convenience and extent of a toll road's connections with other parts of the state and national highway and toll road network, as well as the cost, convenience and availability of other means of transportation and alternative routes. There can be no assurance that future changes affecting the road network in India, through road additions and closures or through other traffic diversions or redirections, or the development of other means of transportation, such as air or rail transport, will not adversely affect traffic volume on toll roads.

The toll-linked Projects may experience high traffic levels and congestion at certain times of the day or on certain days of the week. Although such Project SPVs may consider possible solutions and take appropriate steps in order to ease traffic flow and reduce congestion, there can be no assurance that the saturation problems will be resolved under conditions that are economically satisfactory to such Project SPVs. This could also lead to user dissatisfaction and could potentially reduce traffic volume.

18. *Leakage of the tolls collected on the toll-linked Projects may adversely affect the relevant Project SPVs' revenues and earnings.*

Two of the Projects are exclusively toll based and 10 Projects are a mixture of annuity and toll payments. Toll receipts are primarily dependent on the integrity of toll collection systems. The Project SPVs that have a toll component generate revenues from the Projects through the collection of tolls. On Indian toll roads, each motorist generally pays a one-time

entry tariff to the toll operator at the point of entry to the toll road based on the average trip distance calculated for all users of the toll road. Such Project SPVs employ toll management software to monitor their operations.

Further, there have been occasions where political parties and local communities protest against the collection of tolls on roads and some of these occasions have turned violent and resulted in the destruction of toll collection booths. During such an event, a Project SPV could have a limited ability to collect tolls. Under the terms of the Project SPVs' concession agreements, in the event that the concession agreement is terminated by either party as a result of an occurrence of a political event, the relevant concessioning authority is required to make payments to the affected Project SPV as a result of such an event; however there is no assurance that concessioning authorities will do so in a timely manner or at all.

The level of revenues derived from the collection of tolls may be affected by reduction in toll rates as determined by the concessioning authorities. Toll revenues may also be affected by leakage through toll evasion, theft, fraud or technical faults in the toll systems or forced violations by users of toll roads. At times, there may be a need to allow users of toll roads to pass through without paying applicable tolls due to heavy traffic build up, or there may be an inability to collect tolls due to political protests or agitations relating to tolling. In addition, in certain circumstances, the governmental authorities or Indian courts could seek to suspend toll collection for or during certain periods, in full or in part, which suspension would result in a reduction in revenues. Further, while there are provisions under the concession agreements to compensate the Project SPVs, there may be a considerable delay in the receipt of such compensation. Although the Project SPVs have systems in place to minimise leakage through fraud and pilfering, any significant failure to control leakage in toll collection systems could have an adverse effect on the business, prospects, financial condition and results of operations of the Project SPVs.

19. *The Project SPVs have a limited period to operate the Projects as the concession periods granted to the Project SPVs are fixed.*

Each of the concession agreements entered into by the Project SPVs provides for a fixed term concession, at the end of which the operation of the relevant Project will be transferred to the relevant concessioning authority. For details of the concession periods of the Project SPVs, please see the section entitled "*Business*" on page 152. We have in the past sought extensions for the concession period of the Suryavanshi Infra Project and DTNTL Projects, and such extensions were granted by MPRDC. However, there is no assurance that concessioning authorities will grant any similar extensions in the future. In addition, there can be no assurance that the Trust will be able to successfully acquire new assets to replenish its portfolio once the existing concession agreements expire. Further, if the operating periods of the Projects are shortened or disrupted or the Project SPVs' rights to operate the Projects are terminated before the expiration of the concessions, the business, financial condition and results of operations of the Trust may be adversely affected.

20. *The concession agreements may be terminated prematurely under certain circumstances.*

Under the terms of our concession agreements, we have obligations to maintain our BOT road projects in good working order and maintain the roads periodically. Our BOT road projects require repair or maintenance due to natural disasters, accidents and other factors beyond our control. The concessioning authorities will periodically carry out tests through one or more engineering firms to assess the quality of roads and their maintenance. If we fail to maintain the roads to the standards set forth in the relevant concession agreements, the concessioning authorities may impose penalties, withhold annuity payments and demand remedies within cure periods. If we fail to cure our defaults in a timely manner within such time as may be prescribed under the concession agreement, our concession agreements may be terminated.

The contracts for our BOT road projects typically specify certain operation and maintenance standards and specifications to be met by us while undertaking our operation and maintenance activities and develop a maintenance manual. These specifications and standards require us to incur operation and maintenance costs on a regular basis. The operation and maintenance costs of our projects may increase due to factors beyond our control, including but not limited to:

- standards of maintenance or road safety applicable to our projects prescribed by the relevant regulatory authorities;
- we may be required to restore our projects in the event of any landslides, floods, road subsidence, other natural disasters accidents or other events causing structural damage or compromising safety;
- unanticipated increases in material and labour costs, higher axle loading, traffic volume or environmental stress leading to more extensive or more frequent heavy repairs or maintenance costs. The cost of major repairs may be substantial and repairs may adversely affect traffic flows;
- increase in electricity or fuel costs resulting in an increase in the cost of energy; or
- other unforeseen operational and maintenance costs.

Any failure by a Project SPV to maintain the relevant Project according to the terms of the concession agreement will entitle the concessioning authorities to terminate the concession agreement or take remedial actions at the risk and cost of the Project SPV and recover such cost and damages from the Project SPV from the escrow account as if such costs and damages were O&M expenses.

If a concession agreement is terminated by the concessioning authority due to a default by a Project SPV, the Project SPV may be exposed to additional liability as it is obliged to repair or rectify, at its own cost, any defects or deficiencies identified by the independent engineer of the Project for a period specified in the concession agreement upon such termination. In addition, the termination payment by the concessioning authority due to a default by a Project SPV, will be calculated according to the terms of the concession agreement, which may be less than the actual cost incurred by a Project SPV on its Project. Consequently, not only would the Project SPV recover less than the costs incurred, but such an occurrence would also have an adverse effect on the Trust's financial performance. Unless otherwise approved by the concessioning authorities, the termination payments to the Trust, pursuant to a default by a Project SPV, may be contested by the concessioning authorities on the ground of the same being in nature of loans/advances by the shareholders of the Project SPV and the absence of the concessioning authority's approval to recognize the Trust as a senior lender.

In addition, our operations may be adversely affected by interruptions or failures in the technology and infrastructure systems that we use to support our operations, including toll road collection and traffic measurement systems. Furthermore, accidents and natural disasters may also disrupt the construction, operation or maintenance of our projects and concessions. Any significant increase in operations and maintenance costs beyond our budget and any failure by us to meet quality standards may reduce our profits and could expose us to regulatory penalties and could adversely affect our business, financial condition and results of operations.

If a concession agreement is terminated by the concessioning authorities due to a default by a Project SPV, or by the Project SPV due to a default by the concessioning authorities, such Project SPV is entitled to termination payments or otherwise from the concessioning authorities in accordance with the terms of the relevant concession agreement. The loans/advances from the shareholders (including the Trust) may be for a maturity term that exceeds the maturity term of the original facilities obtained from the project lenders. There can be no assurance that the concessioning authorities will recognize such amounts as outstanding after the term of the original facilities obtained by the Project SPVs from their respective senior lenders or allow creation/enforcement of security interest over the assets/shares of the respective Project SPVs to secure the InvIT Loan. There can also be no assurance that the concessioning authorities will pay the termination payments promptly or at all or that any termination payments will be adequate to enable us to recover our investments or returns in the relevant Project SPVs.

If any concession agreement is terminated prematurely, the business, financial condition and results of operations of the relevant Project SPV could be adversely affected. Please see the section entitled "*Summary of Key Agreements*" on page 224.

21. ***The Project SPVs, which are responsible for the operation and maintenance of the Projects under the respective concession agreements, may be directed by the relevant concessioning authority to undertake, and the Project SPVs will be obliged to perform, additional construction work.***

Under the terms of the concession agreements, the Project SPVs are responsible for the operation and maintenance of the Projects during the applicable concession periods. A concessioning authority may require a Project SPV to provide additional work and services not included in the original scope of the concession agreement. For example, if a Project SPV is required to construct fast tag lanes, in addition to the construction, it needs to facilitate electronic toll lanes and build weigh-in motion equipment to check for the overloading of vehicles, among other things. There is no assurance that the money spent on complying with a change of scope order will be reimbursed in a timely or complete manner.

22. ***Newly constructed roads or existing alternative routes may compete with the Projects and result in the diversion of the vehicular traffic and a reduction of tolls that the Project SPVs can collect.***

Two of the Projects are exclusively toll based and 10 Projects are a mixture of annuity and toll payments. Under the terms of the concession agreements entered into by the Project SPVs with a toll component, the relevant concessioning authority is entitled to construct an additional tollway for use by traffic which may serve as alternate routes to the Projects after the expiry of determined time periods, depending on the terms of the concession agreements. Notwithstanding that the concession period will accordingly increase, the development of such an additional tollway during the subsistence of the concession agreement could compete with the relevant Project and attract users (who would have otherwise used the Project) to use the additional tollway and divert vehicular traffic from the Projects, thereby reducing toll collections by the Project SPVs which could have an adverse effect on their business, financial condition or results of operations. Please see the section entitled "*Summary of Key Agreements*" on page 224.

Further, in case of the JDTL Project, as per the Traffic Report, the Delhi – Mumbai Expressway route is about 90 kilometres shorter than the route via the JDTL Project. There is no assurance that once completed, some of the freight vehicles currently using the JDTL Project for travelling between Delhi and beyond to Mumbai and surroundings, will not find the Delhi – Mumbai Expressway attractive and the Delhi – Mumbai Expressway will not divert the traffic on the JDTL Project.

There is no assurance that any alternative roads built or improved will not compete with the Projects and have an adverse

effect on the Trust's business, financial condition, revenues and operations.

23. *An inability to obtain, renew or maintain the required statutory and regulatory permits and approvals or to comply with the applicable laws may have an adverse effect on the business of the Project SPVs.*

The Project SPVs require certain approvals, licenses, registrations and permissions under regulations, guidelines, circulars and statutes regulated by the Indian regulatory and government authorities to be obtained at various stages and by a number of parties. There can be no assurance that the relevant authorities will issue these approvals or licenses, or renewals thereof, in a timely matter, or at all. In addition, the Project SPVs are required to comply with a wide variety of Indian laws and regulations. There can be no assurance that the Project SPVs are in compliance with such laws and regulations, have obtained all necessary approvals or that they will continue to obtain the necessary approvals or have been and will continue to be in compliance with all applicable laws and regulations. In the event of any failure to obtain or renew the approvals or if there is a delay in the obtaining of such approvals, the business and financial condition of the Project SPVs could be adversely affected. Further, these permits, licenses and approvals could be subject to several conditions, and the Trust cannot assure investors that the Project SPVs have complied with all such conditions and will be able to continuously meet such conditions or be able to prove compliance with such conditions to the authorities. Any non-compliance may lead to cancellation, revocation or suspension of relevant permits, licenses or approvals, which may result in the interruption of the operations of the Project SPVs and may adversely affect the business, financial condition and results of operations of the Project SPVs.

Further, certain terms and conditions in the Project SPVs' concession agreements, financing agreements, and our other approvals require the concessioning authorities' prior written approval to be obtained for one or more of the following actions, among others:

- amendment, modification, or replacement by the Project SPV of any project agreements (including financing agreements) relating to the operation of the road asset to which the Project SPV is a party if the amendment, modification, or replacement of such agreement increases or imposes any financial liability or obligation on the concessioning authorities;
- the creation of any encumbrance or security interest over, or transfer of rights and benefits of the Project SPVs under, the concession agreements or any project agreements; and
- the selection or replacement of any engineering, procurement and construction contract, operation and maintenance contractor and execution of the engineering, procurement and construction agreements and the operation and maintenance agreements.

The concession agreements of the Project SPVs also require the submission to the concessioning authorities, for its review and comments, all project agreements (including, financing agreements, O&M Contracts) to which a Project SPV is a party prior to entry, amendment, or replacement of such agreements, even if such agreements do not affect the financial liability or obligations of the concessioning authorities.

The restrictions described above may impose constraints on our flexibility to conduct our business. Further, if as a result of these restrictions, we are unable to pursue a favourable course of action or to respond to an unfavourable event, condition, or circumstance, then our business, financial condition and results of operations may be materially and adversely affected.

24. *Failure to comply with and changes in, safety, health and environmental laws and regulations in India may adversely affect the business, prospects, financial condition and results of operations of the Project SPVs.*

The Project SPVs are required to adhere to various environmental, health and safety laws and regulations and various labour, workplace and related laws and regulations in India as per the requirements of the concession agreements they have entered into. Please see the section entitled "*Regulations and Policies*" on page 417. If any of the Project SPVs fail to meet environmental, health or safety requirements, they may also be subject to administrative, civil and criminal proceedings by government authorities, as well as civil proceedings by environmental groups and other individuals, which could result in substantial fines and penalties against the Project SPVs as well as orders that could limit or halt the operations of the Project SPVs. The Trust cannot assure investors that the Project SPVs have been and will continue to be in compliance with all environmental, health and safety and labour laws and regulations.

Further, any changes in, or amendments to, these standards or laws and regulations could further regulate the operations of the Projects and could require the Project SPVs to incur additional, unanticipated expenses in order to comply with these changed standards. The scope and extent of any new environmental, health and safety regulations, including their effect on the operations of the Projects and the cash flows of the Project SPVs, cannot be predicted with certainty. The costs and management time required to comply with these requirements could be significant. The measures taken in order to comply with these new laws and regulations may not be deemed sufficient by government authorities and

compliance costs may significantly exceed estimates.

There can be no assurance that the Project SPVs will not become involved in future litigation or other proceedings or be held responsible in any such future litigation or proceedings relating to safety, health and environmental matters in the future. Clean-up and remediation costs, as well as damages, payment of fines or other penalties, other liabilities and related litigation, could adversely affect the business, prospects, financial condition and results of operations of the Project SPVs.

25. *The current insurance coverage for the Projects may not protect the Project SPVs from all forms of losses and liabilities associated with their businesses.*

Road infrastructure development project contracts are subject to various risks including:

- political, regulatory and legal actions that may adversely affect a project's viability;
- changes in government and regulatory policies;
- design and engineering defects;
- breakdown, failure or substandard performance of equipment;
- improper installation or operation of equipment;
- labour disturbances;
- terrorism and acts of war;
- inclement weather and natural disasters, including earthquakes, flooding, tsunamis and landslides; and
- adverse developments in the overall economic and capital financing environment in India.

The Project SPVs have in place various project-specific insurance policies covering the Project SPVs against material damage, terrorism and debris removal and all-risk policies against risk of fire and natural calamities. For further details, please see the section entitled "*Business*" on page 152. However, there can be no assurance that all risks are adequately insured against or that the Project SPVs will be able to procure adequate insurance coverage at commercially reasonable rates in the future. Natural disasters in the future may disrupt traffic, thereby adversely affecting toll collections and causing significant disruption to the operations of the Projects, and causing damage to the Projects and the environment that could have an adverse impact on the business and operations of the Project SPVs. In addition, not all of the above risks may be insurable on commercially reasonable terms, or at all. For example, the Project SPVs are required, under the concession agreements, to maintain the quality of the roads and to repair the roads in the event of damage to the roads on account of accidents or other reasons. Accordingly, there may be significant expenditure incurred by a Project SPVs to repair damaged roads and maintain the Projects in good condition, particularly if the damage is major, unanticipated or uninsured. The insurance obtained in relation to the Project SPVs may not provide adequate coverage in certain circumstances and is subject to certain deductibles, exclusions and limits on coverage. In addition, these insurance policies are subject to annual review by insurers, and there can be no assurance that they will be renewed on similar or otherwise acceptable terms, if at all. To the extent that the Project SPVs suffer any damage or loss which is not covered by insurance, or exceeds the insurance coverage, the loss would have to be borne by the Project SPVs. Further, the Project SPVs have, from time to time, insurance claims pending, with respect to its insurance policies. The proceeds of any insurance claim may also be insufficient to cover rebuilding costs as a result of inflation, changes in regulations regarding infrastructure projects, environmental and other factors. The resulting costs could have an adverse effect on the Trust's business, prospects, financial condition or results of operations and no assurance can be given that losses in excess of insurance proceeds will not occur in the future.

26. *The cost of repairing and refurbishing existing equipment for operating, maintaining and monitoring the Projects could be significant and could adversely affect the results of operations, cash flows and financial condition of the Project SPVs.*

Some of the equipment used by the Project SPVs at the Projects have pre-determined useful lives and the Project SPVs are required to repair or refurbish such equipment at periodical intervals, pursuant to the terms of the concession agreements. These obligations have been undertaken by the O&M Contractor pursuant to the O&M Agreements. There can be no assurance that such replacement or refurbishment will be undertaken in a timely or efficient manner by the O&M Contractor, and any increased costs to the Project SPVs as a result of such replacement or refurbishment by the O&M Contractor will not affect the profit margins of the Project SPVs and adversely affect their cash flows.

27. *The business and financial performance of the Trust, the operations of the Projects and any future projects that the Trust may acquire, are significantly dependent on the policies of, and relationships with, various government entities in India and could be affected if there are adverse changes in such policies or relationships.*

The operations of the Projects and any future projects that the Trust may acquire, are and will be significantly dependent on various central and state government entities, in terms of policies, incentives, budgetary allocations and other resources provided by these entities for the surface transportation industry, as well as the terms of the contractual arrangements, concessions and other incentives available from these government entities for the projects. Sustained increases in budgetary allocations by the GoI and various state governments for investments in the infrastructure sector,

the development of structured and comprehensive infrastructure policies that encourage greater private sector participation and increased funding by international and multilateral development financial institutions in infrastructure projects in India have resulted in, and are expected to continue to result in, an increase in the amount of transportation infrastructure projects undertaken in India. Any adverse change in the focus or policy framework regarding infrastructure development or the surface transportation industry, or change in the Trust's relationships with the GoI or various government entities in India, could adversely affect the Projects, the opportunities for the Trust to secure new projects and the business, financial condition and results of operations of the Trust.

In addition, the projects in which government entities participate may be subject to delays, extensive internal processes, policy changes, changes due to local, national and internal political pressures and changes in governmental or external budgetary allocation and insufficiency of funds. Since government entities are responsible for awarding concessions and are parties to the development and operations of projects, projects are directly and significantly dependent on their support. Any withdrawal of support or adverse changes in their policies may lead to the agreements being renegotiated and could also adversely affect the financing, capital expenditure, revenues, development or operations relating to the Projects.

- 28. *The Projects awarded to the Project SPVs may be subject to legal or regulatory action and the Project SPVs may be required to incur substantial expenses in defending any such actions and there is no assurance that the Project SPVs will be successful in defending such actions.***

Certain Project SPVs are involved in legal proceedings which are pending at different levels of adjudication before various courts, tribunals and regulatory authorities. In addition, arbitration and litigation proceedings in India can be time consuming and the Project SPVs may have to incur costs and devote considerable resources towards defending the outstanding legal proceedings. There is no assurance that the legal proceedings will be decided in favour of the relevant Project SPVs. The legal proceedings may be decided against the relevant Project SPV or changes in the relevant laws and regulations may adversely affect the outcome of such legal proceedings.

Under the Project Implementation and Management Agreements, the Project Manager has indemnified the Trust against certain identified matters. Further, under the O&M Agreements, the O&M Contractor has provided also provided indemnities to the Project SPVs. There can be no assurance that the Trust will be able to successfully bring a claim and invoke the indemnity obligations against the Project Manager or the O&M Contractor. Any substantial costs incurred by the relevant Project SPV towards defending the outstanding legal proceedings or any unfavourable outcome in relation to such proceedings could have an adverse effect on the Trust's business, financial condition, results of operations and prospects. For more details, please see the section entitled "Legal and other information" on page 429.

- 29. *The Project SPVs, parties to the Trust and their respective associates are involved in legal proceedings, which if determined against such parties, may have an adverse effect on the reputation, business and results of operations of the Trust.***

Certain of the Project SPVs and associates of the Sponsor (also being associates of the Investment Manager and Project Manager) are involved in certain legal proceedings, including in relation to criminal matters, tax matters, civil and arbitration proceedings, which are pending at different levels of adjudication before various courts, tribunals and appellate authorities. There is no assurance that these legal proceedings and regulatory matters will be decided in favour of the respective entities. Decisions in any of the aforesaid proceedings adverse to the Project SPVs' interests may have an adverse effect on the Project SPVs' business, future financial performance and results of operations.

- 30. *The Project SPVs depend on the O&M Contractor to operate and maintain the Projects. Any delay, default or unsatisfactory performance by the O&M Contractor could adversely affect the Project SPVs' ability to effectively operate or maintain the Projects.***

The Project SPVs are obligated to maintain the Projects according to standards specified in the concession agreements. In this regard, the Project SPVs have entered into the O&M Agreements with the O&M Contractor. Under such O&M Agreements, the O&M Contractor is required to discharge the obligations of the Project SPVs under the concession agreements relating to operation and maintenance. The Project SPVs may have limited control over the timing or quality of services, equipment or supplies provided by the O&M Contractor. Inefficiencies or operational failures on the part of the Project SPVs or the O&M Contractor, as a result of defects in design, quality of construction or maintenance, could result in the Project SPVs incurring increased costs, loss of revenue and penalties, thereby causing adverse impact on the financial position of the Project SPVs.

The Project SPVs may also be exposed to risks relating to inability of the O&M Contractor or other sub-contractors to obtain requisite approvals for operation and maintenance activities, as well as risks relating to the quality of their services, equipment and supplies. In particular, failure to ensure the reliability and sustainability of toll collectors who are required to staff the toll booths continuously may adversely affect the overall net revenue. The O&M Agreements only provide for damages in case of default by the O&M Contractor in performance of its obligations and do not provide for any kind of security/guarantee from the O&M Contractor. Additionally, any delay beyond 10 (ten) days in making

O&M payments to the O&M Contractor would result in an interest of 18% (eighteen percent) per annum to be paid by the Project SPVs to the O&M Contractor.

In addition, under certain of the concession agreements, the consent of the concessioning authority is required for any selection or replacement of an operation and maintenance contractor. Any delay, default or unsatisfactory performance by the O&M Contractor or other sub-contractors could adversely affect the ability of the Project SPVs to effectively operate or maintain the Projects. This may result in increased costs as well as losses of revenue for the Project SPVs and thereby have an adverse effect on the financial condition and results of operations of the Trust.

31. *The Project SPVs may be held liable for the payment of wages to the contract labourers engaged indirectly in the operations of the Trust.*

The Project SPVs or the O&M Contractor may appoint independent contractors who, in turn, engage on-site contract labour to perform certain operations. Some of the Project SPVs have obtained the relevant registrations under the Contract Labour (Regulation and Abolition) Act, 1970 (the “**Contract Labour Act**”) for certain locations where workmen are employed through contractors or agencies licensed under the Contract Labour Act. Although the Project SPVs do not engage the labourers directly, in the event of default by any independent contractor, the relevant Project SPV may be held responsible for any wage payments due to the labourers of such contractor. Any violation of the provisions of the Contract Labour Act by a Project SPV may result in penalties pursuant to the provisions of the Contract Labour Act. If any of the Project SPVs are required to pay the wages of contracted workmen and subjected to other penalties under the Contract Labour Act, the reputation, results of operations, cash flows and financial condition of the Trust could be adversely affected.

32. *The results of operations of the Project SPVs could be adversely affected by strikes, work stoppages or increased wage demands by the employees of the O&M Contractor or other sub-contractors.*

Under the O&M Agreements, the Project SPVs have engaged the O&M Contractor to conduct all O&M activities required under the respective concession agreements. In the event of any strikes or work stoppages by employees of the O&M Contractor or other sub-contractors due to increased wage demands or the inability of the O&M Contractor or other sub-contractors to either retain or recruit employees and sub-contractors with suitable credentials, the ability of the Project SPVs to collect tolls and maintain and operate the Projects will be adversely affected. In addition, any disruption to the services provided by the employees of the O&M Contractor or other sub-contractors will have an adverse effect on the operations of the Project SPVs. There can be no assurance that future disruptions will not be experienced due to disputes or other problems with the work force, which may adversely affect the business and results of operations of the Project SPVs.

33. *The Project SPVs have experienced losses in previous years and any losses in the future could adversely affect the Trust’s business, financial condition and the results of its operations, its ability to make distributions and the trading price of the Units.*

The Project SPVs have experienced losses for one or more Fiscals in the last three Fiscals. Under the Companies Act, 2013, companies that do not generate “distributable profits” are not permitted to pay dividends. Accordingly, any Project SPV that fails to generate such distributable profits will not be permitted to pay dividends to the Trust which will adversely affect the Trust’s ability to make distributions to Unitholders.

34. *The Project SPVs may be required to pay additional stamp duty if any concession agreement is subject to payment of stamp duty as a deed creating leasehold rights, or as a development agreement.*

Currently, concession agreements are treated as agreements which are not lease deeds and stamp duty ranging between ₹ 100 to ₹ 500 is typically paid for such concession agreements. Stamp duty authorities of certain states in India have issued notices to some concessionaires alleging inadequate stamp duty on the concession agreements executed between the concessionaires and the concessioning authorities. The stamp authorities allege that since the concession agreements relate to the letting of tolls to the concessionaires in the form of leases, or as development agreements, such agreements were required to be stamped as lease agreements or development agreements, as applicable. Accordingly, concession agreements that have not been stamped as such could be considered to be inadequately stamped. The High Courts of Allahabad and Madhya Pradesh have also held that a concession agreement ought to be stamped as a lease agreement and have upheld the imposition of a higher stamp duty on such agreements.

The stamp duty for a lease agreement or a development agreement ranges between 1.0% and 11.0% of the annual rent or premium payable or the market value of the property. Furthermore, stamp duty authorities may impose penalties for payment of inadequate stamp duty, which could extend up to 10 times the amount of the stamp duty payable.

If any of the concession agreements were determined to be inadequately stamped, then such agreements would be inadmissible as evidence in any legal action, until the deficient amount of stamp duty together with penalties, if any, was paid. Any deficiently stamped documents can also be impounded by any person having authority, by law or consent,

to receive evidence or every person who is in-charge of a public office. Such persons impounding the deficiently stamped documents can either levy the appropriate stamp duty and penalty or send them to revenue authorities for that purpose. In addition, a person who signs an instrument chargeable with stamp duty will be subject to a fine if such instrument is not duly stamped.

Concession agreements contain change in law provisions which extend to a change in the interpretation or application of any Indian law by a court of record after the date of the concession agreement or the submission of the bid documents, as the case may be. Under the terms of the concession agreements, if any financial burden exceeding a certain prescribed threshold is imposed on a concessionaire as a result of such change in law, then it may be entitled to approach the concessioning authority to amend the concession agreement or seek compensation to place the concessionaire in its former financial condition. However, relief under the concession agreements may be limited in nature. There can be no assurance that the relevant concessioning authority will consider additional stamp duty on the concession agreements as a change in law for which they will amend the concession agreement or agree to provide compensation to the concessionaire. Any disagreement between the relevant concessionaire and the concessioning authority may result in arbitration proceedings between the parties which could lead to increased costs.

Any imposition of a demand for payment of a higher stamp duty or imposition of penalty would increase the costs of the Projects, to the extent such additional costs are not recoverable from the concessioning authorities, and could adversely affect the business, results of operations and prospects of the Project SPVs.

35. *We have entered into material related party transactions and may continue to do so in the future, which may potentially involve conflict of interests with the Unitholders.*

The transactions resulting from the Project Implementation and Management Agreements, the Investment Management Agreement, the Trademark License Agreement and the Securities Purchase Agreements are related party transactions and their terms may not be deemed as favourable to us as if they had been negotiated solely amongst unaffiliated third parties. Furthermore, it is likely that we will enter into additional related party transactions in the ordinary course of our business. Such transactions, individually or in the aggregate, could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows. For additional details, please see the sections entitled “*Related Party Transactions*”, “*Formation Transactions in Relation to the Trust*” and “*Parties to the Trust*” on pages 413, 19 and 101, respectively.

36. *We do not own the “Shrem” trademark and logo. Our license to use the “Shrem” trademark and logo may be terminated under certain circumstances and our ability to use the trademark and logo may be impaired.*

We do not own the “Shrem” trademark and “Shrem” logo. However, pursuant to the Trademark Licensing Agreement, Chhatwal Group Trust has granted to the Trust and the Investment Manager a license to use the aforementioned trademark and logo in relation to our business. For details of the terms of the Trademark License Agreement, please see the section entitled “*Related Party Transactions – Related Party Transactions – Present and On-going Related Party Transactions – Trademark License Agreement*” on page 415. The license granted to the Trust and the Investment Manager by Chhatwal Group Trust may be terminated under certain circumstances, including, failure to pay any due amounts within the specified period, any assignment for the benefit of creditors, admission in writing of the inability to pay debts as they come due, any action toward the dissolution or winding up of its affairs or the cessation or suspension of its activities, and material breaches of the Trademark License Agreement which remain uncured for a period of 30 days. Upon the termination of the trademark license, the Trust will be required to cease and desist from all further use of the aforementioned trademark and logo and shall not thereafter readopt or use any trademark, service mark, trade or corporate name or business title, or other indicium of origin, which consists of, or includes therein, the “Shrem” trademark and “Shrem” logo, or any portion thereof.

37. *There may not be any eligible acquisition opportunities from third parties in the future, which may adversely affect the Trust’s business, financial condition, results of operations and prospects.*

The Trust aims to achieve portfolio growth through its acquisition growth strategy supported by future third party acquisitions. Accordingly, in respect of future acquisitions, the Trust will depend on third parties as a source of attractive acquisition opportunities. There can be no assurance that any such acquisition opportunities will materialise and the Trust will be able to avail of the same.

Eligible acquisition opportunities from third parties may also not materialise or the Trust may face increased competition from other InvITs and third parties, which may cause the price at which the Trust is able to acquire a given asset to not be financially desirable. An inability to grow through prudent acquisitions may adversely affect the Trust’s business, financial condition and results of operations.

38. *The Trust may not be able to successfully fund future acquisitions of new projects due to the unavailability of debt or equity financing on acceptable terms, which could impede the implementation of its acquisition strategy and negatively affect its business.*

The Trust's total outstanding consolidated net debt after full utilization of the Issue Proceeds and disbursement of the InvIT Loan, will be within the regulatory requirement of 49% of the value of the InvIT Assets upon completion of the Issue (net of cash and cash equivalents) as specified under the InvIT Regulations. Under the terms of the InvIT Regulations, the consolidated borrowings and deferred payments of the Trust, net of cash and cash equivalents, cannot exceed 49% of the value of the assets of Trust until certain conditions are met, and cannot exceed 70% of the value of the assets of Trust until, amongst others, the Trust has made six consecutive distributions to Unitholders. Further, if the consolidated borrowings of the Trust exceed 25% of the value of the assets of the Trust, further borrowings, up to 49% of the value of the assets of the Trust, would be subject to: (i) obtaining a credit rating from a credit rating agency registered with SEBI; and (ii) approval of the Unitholders, in accordance with the InvIT Regulations and Trust Deed. There is no assurance that the relevant approvals can be obtained in a timely manner, or at all. The Trust will rely on debt and equity financing to expand its portfolio of projects through acquisitions, which may not be available on favourable terms or at all.

Debt financing to fund the acquisition of a project may not be available on short notice or may not be available on acceptable terms. Since the timing and size of acquisitions cannot be readily predicted, the Trust may need to be able to obtain funding on short notice to benefit fully from opportunities. However, under applicable law, the aggregate consolidated borrowings and deferred payments net of cash and cash equivalents of the Trust cannot exceed 49% of the value of its assets until, amongst others, the Trust has made six consecutive distributions to Unitholders. In addition, the level of indebtedness of the Project SPVs may affect the Trust's ability to borrow without prior Unitholders' approval.

Restrictions imposed by the Reserve Bank of India may limit the Trust's ability to borrow overseas for projects under development and hence could constrain its ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, there can be no assurance that any required regulatory approvals or borrowing in foreign currencies will be granted to the Trust without onerous conditions, or at all.

The Trust may also fund the consideration (in whole or in part) for future acquisitions through the issuance of additional Units. Such issuances may result in the dilution of the interests in the Trust held by existing Unitholders. The Trust may not be able to complete the issuance of the required number of Units on short notice or at all due to a lack of investor demand for the Units at prices that it considers to be in the interests of then-existing Unitholders. As a result of a lack of funding, the Trust may not be able to pursue its acquisition strategy successfully. Potential vendors may also view the prolonged time frame and lack of certainty generally associated with the raising of equity capital to fund any such purchase negatively and may prefer other potential purchasers.

Debt financing may increase the Trust's vulnerability to general adverse economic and industry conditions by limiting its flexibility in planning for or reacting to changes in its business and its industry. The Trust will also be subject to the risk that certain covenants in connection with any future borrowings may limit or otherwise adversely affect its operations and its ability to make distributions to its Unitholders. Such covenants may also restrict the Trust's ability to acquire additional projects or undertake other capital expenditure by requiring it to dedicate a substantial portion of its cash flows from operations to interest and principal payments on its debt.

39. *The use of additional leverage by the Investment Manager and the Trust are subject to risks.*

Although the Investment Manager will seek to use leverage in relation to the Trust in a manner it believes is prudent and manage the Trust according to the Investment Objectives, the use of leverage will generally magnify both the opportunities for gain and risk of loss from any given asset. The cost and availability of leverage is variable and it is not always possible to obtain or maintain the desired degree of leverage. The use of leverage will also result in interest expense and other costs that will limit distributions made by the Trust or appreciation of its investments. An increase in interest rates may decrease the profitability of the Trust or any of the Project SPVs. A leveraged capital structure will increase a Project SPV's exposure to any deterioration in market conditions, competitive pressures, an adverse economic environment or rising interest rates, which could accelerate and magnify declines in the value of the Trust's investments. If a Project SPV is not able to generate adequate cash flow to meet debt service, the Trust may suffer a partial or total loss of capital invested in such Project SPV.

40. *The actual performance of the Trust is subject to significant business, regulatory, and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forward-looking statements in this Final Placement Memorandum.*

This Final Placement Memorandum contains forward-looking statements including the Projections of Revenue from Operations and Cash Flow from Operating Activities. These forward-looking statements are based on a number of assumptions, many of which are outside the control of the Trust. The assumptions underlying the Projections of Revenue from Operations and Cash Flow from Operating Activities are inherently uncertain and are subject to significant

business, regulatory, and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forecast results. In addition, the revenue of the Trust is dependent on a number of factors, including the toll receipts from the Projects, which may decrease for a number of reasons. This may adversely affect the ability of the Trust to achieve the landmarks set out in the Projections of Revenue from Operations and Cash Flow from Operating Activities as some or all of the events and circumstances assumed may not occur as expected, or events and circumstances, which are not currently anticipated, may arise. While the Trust currently expects to meet the Projections of Revenue from Operations and Cash Flow from Operating Activities based on the assumptions set out in "*Projections of Revenue from Operations and Cash Flow from Operating Activities*", no assurance can be given that the assumptions will remain true or relevant and that the actual profit and cash flow will be achieved as forecasted or projected.

The Projections of Revenue from Operations and Cash Flow from Operating Activities should be reviewed in conjunction with the description of the business of the Project SPVs, "*Discussion and analysis by the Directors of the Investment Manager of the financial condition, results of operations and cash flows of the Portfolio Assets of the Trust*" and other information contained in this Final Placement Memorandum, including the information set forth in this "*Risk Factors*" section.

The Investment Manager does not intend to provide any updated or otherwise revised profit and cash flow forecast or profit and cash flow projection in the event that any assumptions differ from actual results.

41. *The ability of the Trust to make or maintain consistency in distributions to Unitholders depends on the financial performance of the Project SPVs and their profitability.*

The amount of future distributions, if any, will depend upon various factors including future earnings, financial condition, cash flows, working capital requirements and capital expenditures of the Project SPVs and the dividends, interest payments and repayments of indebtedness that are distributed to the Trust. The income earned from the Projects depends on, among other things, the amount of income generated from toll receipts and the level of operating and other expenses incurred. If the Projects do not generate sufficient operating profit, the income of the Trust, cash flows and ability to make distributions to Unitholders will be adversely affected.

The ability of the Project SPVs to make dividend payments is subject to, among other things, applicable laws and regulations in India and other contractual restrictions that they may be bound by and the ability of Trust to make distributions to the Unitholders is subject to the terms and conditions of the InvIT Loan. Please see the section entitled "*– The Trust has incurred indebtedness, the terms whereof impose restrictions and conditions which may adversely affect the Trust's ability to conduct its business*" on page 65. Under the terms of the InvIT Regulations, in the event any assets are sold by the Trust, the Holding Companies or any Project SPV or if the equity shareholding or interest in any Holding Company or Project SPV is disposed of by the Trust and the proceeds of such sale are proposed to be reinvested in another infrastructure asset, then the Trust is not obligated to make any distributions from such proceeds to the Unitholders.

In addition, the InvIT Regulations provide that the Trust must distribute not less than 90% of net distributable cash flows of each Project SPV in proportion of its holding in each of the Project SPV subject to the applicable provisions of the Companies Act, 2013. Further, a Holding Company must distribute 100% of the net distributable cash flows received from the underlying Project SPVs and must distribute 90% of the net distributable cash flows generated by the Holding Company. The distributions to the Unitholders must be declared and made not less than once every quarter in a financial year in each Fiscal and must not be made later than 15 days from the date of such declaration. There is no assurance that the Trust will be able to make distributions to the Unitholders or that such distributions will be consistent across various periods.

Further, the method of calculating the net distributable cash flows of a Project SPV is subject to change and any change in the applicable laws in India or elsewhere may limit the Trust's ability to pay or maintain consistency in distributions to Unitholders. There is also no assurance that the expansion of the Trust's portfolio of infrastructure assets will increase the Trust's cash flows and thereby result in an increase in the level of distributions to Unitholders over time.

42. *It may be difficult for the Trust to dispose of its non-performing assets.*

The Projects may be illiquid as a result of the current market condition or the limited residual life of the Projects, among other things. In the event that the Projects are performing poorly, the Trust may experience difficulty in realising, selling or disposing its shareholding in a Project at the appropriate time or at all or at an attractive price, and this may have an adverse effect on the business, prospects, financial condition and results of operations of the Trust.

43. *The principal place of business of the Trust, being the registered office of the Investment Manager, is not owned by the Investment Manager. There can be no assurance that the present arrangements of the Investment Manager will not be terminated and the Trust will be able obtain other premises on lease on similar terms.*

The principal place of business of the Trust, being the registered office of the Investment Manager, is not owned by the

Investment Manager. The Investment Manager uses such premises, which is owned by Ms. Krishani Nitán Chhatwal (daughter of Mr. Nitán Chhatwal, the promoter of the Investment Manager). Any of these lease agreements can be terminated, and any such termination could result in any of these premises being shifted or shut down. Accordingly, there can be no assurance that the Trust will, in the future, be able to retain the present principal place of business or will be able to find alternate locations on similar terms.

RISKS RELATING TO OUR ORGANISATION AND STRUCTURE

- 1. The Trust is a newly settled trust with no established operating history and no historical financial information and, as a result, investors may not be able to assess its prospects on the basis of past records.***

The Trust was set up on December 31, 2020 under the provisions of the Indian Trust Act, 1882 and it is registered as an infrastructure investment trust in accordance with the InvIT Regulations. The Trust will acquire the Project SPVs immediately prior to the Closing Date. Accordingly, the Trust does not have any operating history or historical financial information by which its past performance may be judged. This could make it difficult for investors to assess the likely performance of the Trust. There can be no assurance that the Project SPVs will be able to generate sufficient cash flows from the operations of the InvIT Assets to make distributions to Unitholders or that such distributions will be as anticipated with those set out in the section entitled “*Projections of Revenue from Operations and Cash Flow from Operating Activities*” on page 527.

- 2. The Trust must maintain certain investment ratios which may pose additional risks.***

Pursuant to the InvIT Regulations, we are required to invest not less than 80% of the value of our assets in eligible infrastructure projects as defined under the InvIT Regulations, such as the Project SPV. In addition, we must not invest more than 20% of the value of our assets in certain financial instruments prescribed under the InvIT Regulations.

Additionally, if the aggregate consolidated borrowings of the Trust, the Holding Companies and the Project SPVs, net of cash and cash equivalents exceed 25% of the value of the assets of the Trust, for any further borrowings up to 49% of the value of the assets of the Trust, we are required to adhere to specific conditions, such as obtaining a credit rating and seeking Unitholder approval. For any further borrowings beyond 49% of the value of the assets of the Trust, we are required to comply with specific conditions prescribed under the InvIT Regulations, which include amongst others, obtaining a credit rating of “AAA” or equivalent from a credit rating agency registered with SEBI, prior approval from at least 75% of the Unitholders, and demonstrating a track record of at least six distributions on a continuous basis post listing of the Units, in the years preceding the financial year in which the enhanced borrowings are proposed to be made. The aggregate consolidated borrowings and deferred payments, net of cash and cash equivalents of the Trust, the Holding Companies and the Project SPVs cannot exceed 70% of the value of the assets of the Trust.

If these conditions are breached on account of market movements of the price of the underlying assets or securities, the Investment Manager must inform the Trustee and ensure that these conditions are satisfied within six months of such breach (or within one year with Unitholder approval). Failure to comply with these conditions may present additional risks to us, including divestment of certain assets, delisting and other penalties, which could have a material, adverse effect on our business, financial condition and results of operations.

- 3. Changes in government regulation could adversely affect our profitability, prospects, results of operations and ability to make distributions to our Unitholders.***

Regulatory changes in India, particularly in respect of the InvIT Regulations and other taxation legislations such as the Finance Act, 2020, could expose us to greater tax liability than what our financial projections assume. The application of various Indian sales, value-added and other tax laws, rules and regulations to our services, currently or in the future, may be subject to differing or stricter interpretation by applicable authorities, which could result in an increase in our tax payments (prospectively or retrospectively) and/or subject us to penalties, which could affect our business operations and affect our ability to make distributions to our Unitholders. The InvIT Regulations also require us to maintain certain investment ratios, including the requirement that not less than 80% of the value of our assets should be eligible infrastructure projects, in accordance with Regulation 18(4) of the InvIT Regulations, which may prevent us from acquiring additional assets to achieve our growth strategy.

- 4. We depend on the Investment Manager, the Project Manager and the Trustee to manage our business and assets, and our financial condition, results of operations and cash flows and our ability to make distributions may be harmed if the Investment Manager, Project Manager or the Trustee fail to perform satisfactorily. The rights of the Trust and the rights of the Unitholders to recover claims against the Project Manager, the Investment Manager or the Trustee may be limited.***

The success of our business and growth strategy and the operational success of our assets will depend significantly upon the managers’ satisfactory performance of these services. Our recourse against the Project Manager, the Trustee and

Investment Manager is limited. The aggregate maximum liability of the Project Manager under the Project Implementation and Management Agreements in each financial year is limited to the fees payable to the Project Manager in such financial year in accordance with the terms of the Project Implementation and Management Agreements except in the event that such liability arises out of any gross negligence, wilful default, wilful misconduct or fraud on the part of the Project Manager, as determined by a court of competent jurisdiction. If the Trustee is required by the InvIT Regulations or any applicable law to provide information regarding the Trust or the Sponsor or the Unitholders, the investments made by the Trust and income therefrom and provisions of such presents, and complies with such request in good faith, whether or not it was in fact enforceable, the Trustee shall not be liable to the Unitholders or to any other party as a result of such compliance or in connection with such compliance. The Trustee is also not liable on account of anything done or omitted to be done or suffered by the Trustee in good faith in accordance with, or in pursuance of any request or advice of the Investment Manager. Further, the Trustee is not liable for any act or omission or (as the case may be) failing to do any act or thing which may result in a loss to a Unitholder (by reason of any depletion in the value of the Project SPVs or otherwise), except in the event that such loss is a direct result of fraud, gross negligence or wilful default on the part of the Trustee or results from a breach by the Trustee of the Trust Deed, as determined by a court of competent jurisdiction. The liability of the Trustee shall be limited to the extent of the fees received by it, in all circumstances whatsoever except (a) in case of any negligence or misconduct or fraud on the part of the Trustee as may be determined by a court of competent jurisdiction, or (b) any failure on the part of the Trustee to protect the interests of the Unitholders. The Investment Manager's liability to Trustee, its directors, employees and officers for breach of its obligations under the Investment Management Agreement in each financial year is limited to the aggregate fees paid to the Investment Manager for the immediately preceding financial year under the agreement, except in the event that such liability arises out of any gross negligence, wilful default or misconduct or fraud of the Investment Manager, as determined by the competent court of jurisdiction. Further, the Investment Manager is not liable for any act or omission which may result in a loss to a Unitholder (by reason of any depletion in the value of the Project SPVs or otherwise), except in the event that such loss is a result of the Investment Manager's fraud or gross negligence or wilful default. Accordingly, the Unitholders may not be able to recover claims against the Project Manager, the Trustee or the Investment Manager.

If the management agreements were to be terminated or if their terms were to be altered, our business could be adversely affected, as the Trustee may not be able to immediately replace such services, and even if replacement services were immediately available, the terms offered or obtained with the new managers could be less favourable than the ones currently offered by the Investment Manager and the Project Manager.

5. *Our success depends in large part upon the Investment Manager and Project Manager, the management and personnel that they employ, and their ability to attract and retain such persons.*

Our ability to make consistent distributions to our Unitholders depends on the continued service of management teams and personnel of the Investment Manager and Project Manager. Each of the Investment Manager and Project Manager may face challenges in recruiting and retaining a sufficient number of suitably skilled personnel. Generally, there is significant competition for management and other skilled personnel in our industry in India, and it may be difficult to attract and retain the skilled personnel that the Investment Manager and Project Manager need for our operations. Furthermore, the Investment Manager and Project Manager may not be able to adequately re-deploy and re-train their employees to keep pace with evolving industry standards and changing customer preferences. The loss of key personnel of either of the Investment Manager or the Project Manager, may have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows of the Trust.

6. *The Investment Manager has limited experience and may not be able to successfully implement its investment strategy for and Investment Objectives of the Trust or to manage the Trust's growth effectively.*

The combined experience of the directors and employees of the Investment Manager is nearly 90 years. However, none of the Investment Manager and its directors and employees has experience in investment management activities for an InvIT.

Further, there can be no assurance that the Investment Manager will be able to implement its investment strategy or Investment Objectives successfully or that it will be able to expand the portfolio of the Trust at all, or at any specified rate or to any specified size or make distributions as projected. The results of the operations of the Trust will depend on many factors, including but not limited to, its ability to operate and manage the Projects efficiently, changes in the regulatory framework, competition for assets or macro-economic condition. These factors will, in turn, affect the availability of further opportunities for the acquisition of road assets and the availability of finance to achieve leverage. The Trust will be relying on external sources of funding to expand its asset portfolio, which may not be available on favourable terms, or at all. Even if the Trust is able to successfully acquire additional road assets, portfolio growth and expansion could place significant demands on the management and administrative resources of the Investment Manager and the capital resources of the Trust and there can be no assurance that the Trust will be able to efficiently manage such assets and achieve its intended return on such acquisitions.

The Investment Manager can also stop acting as the Investment Manager by providing notice under the Investment Management Agreement or the Trust may replace the Investment Manager in accordance with the terms of the Trust Deed. There is no assurance that the financial performance of the Trust would not be affected upon the appointment of a new investment manager.

7. ***Upon completion of the Issue, the Sponsor may be able to exercise significant influence over activities of the Trust on which Unitholders are entitled to vote. The Sponsor's interests may be different from Unitholders.***

Under the InvIT Regulations, upon completion of the Issue, the Sponsor must continue to own all of its Units for one year and must own 15% of the outstanding Units for three years from the date of listing of the Units, subject to the conditions specified in the InvIT Regulations. As a result, the Sponsor, may be able to control the outcome of matters on which Unitholders are entitled to vote and for which the Sponsor is not prohibited from voting due to a conflict of interest. The interests of the Sponsor may be different from those of the Unitholders.

8. ***The Trust may be dissolved, and the proceeds from the dissolution thereof may be less than the amount invested by the Unitholders.***

The Trust is an irrevocable trust registered under the Indian Registration Act, 1908 and it may only be extinguished: (i) if it is impossible to continue with the Trust or if the Trustee, on the advice of the Investment Manager, deems it impracticable to continue with us; (ii) on the written recommendation of the Investment Manager and upon obtaining the prior written consent of such number of the Unitholders as is required under the InvIT Regulations; (iii) if our Units are delisted from the Stock Exchange; (iv) if the SEBI passes a direction to wind up the Trust or the delisting of the Units; or (v) in the event our activities are rendered illegal. Should the Trust be dissolved, depending on the circumstances and the terms upon which our assets are disposed of, there is no assurance that our Unitholder will recover all or any part of its investment.

If a default is triggered under the financing documents the Trust is a party to, the Trustee will take steps to cure such default and/or to repay the affected lender by appropriate means, including divesting or liquidating the assets of the Trust or raising additional financing, in accordance with such financing documents and applicable laws. If such default is not cured, and the affected lender initiates proceedings against the Trust, the Trust will be terminated immediately in accordance with applicable laws. In the event of a termination of the Trust, the net assets which will be paid to the Unitholders will take into account the debt, liabilities and obligations of the Trust. There is no assurance that Unitholders will recover all or any part of their investments.

9. ***Information and the other rights of Unitholders under Indian law may differ from such rights available to equity shareholders of an Indian company or under the laws of other jurisdictions.***

The Trust Deed and various provisions of Indian law govern the Trust's affairs. Legal principles relating to these matters and the validity of procedures, fiduciary duties and liabilities, and Unitholders' rights may differ from those that would apply to a company in India or a trust in another jurisdiction. Unitholders' rights and disclosure standards under Indian law may also differ from the laws of other countries or jurisdictions. For details, please see the section entitled "Rights of Unitholders" on page 439.

10. ***The Trust has a limited number of listed peers undertaking similar lines of business for comparison of performance and therefore investors must rely on their own examination of the Trust for the purposes of investment in the Issue.***

As of the date of this Final Placement Memorandum, there are a limited number of other infrastructure investment trusts listed on the Indian stock exchanges and, accordingly, the Trust is not in a position to provide a comparative analysis of its performance with many listed InvITs. Investors must rely on their own examination of the Trust for the purposes of investing in the Units.

11. ***Parties to the Trust are required to satisfy the eligibility conditions specified under Regulation 4 of the InvIT Regulations on an ongoing basis. We may not be able to ensure such ongoing compliance by the Sponsor, the Investment Manager, the Project Manager and the Trustee, which could result in the cancellation of the registration of the Trust.***

Each of the Parties to the Trust is required to satisfy the eligibility conditions specified in the InvIT Regulations on an ongoing basis. These eligibility conditions include, among other things, that: (a) the Sponsor, Investment Manager and Trustee are separate entities; (b) the Sponsor has a net worth of not less than ₹ 1,000 million and has a sound track record in the development of infrastructure or fund management in the infrastructure sector; (c) the Investment Manager has a net worth of not less than ₹ 100 million and has not less than five years' experience in fund management or advisory services or development in the infrastructure sector or development in the infrastructure sector or the combined experience of the directors, partners and employees of the Investment Manager in fund management or advisory services or development in the infrastructure sector is not less than 30 years; (d) the Trustee is registered with the SEBI under

Securities and Exchange Board of India (Debt Securities) Regulations, 1993 and is not an Associate of the Sponsor or Investment Manager; and (e) each of the Sponsor, Investment Manager, Project Manager and Trustee are “fit and proper persons” as defined under Schedule II of the Securities and Exchange Board of India (Intermediaries) Regulations, 2008 on an ongoing basis. We may not be able to ensure such ongoing compliance by the Sponsor, the Investment Manager, the Project Manager and the Trustee, which could result in the cancellation of the registration of the Trust.

12. *The regulatory framework governing infrastructure investment trusts in India is relatively new and the interpretation and enforcement thereof involve uncertainties, which may have a material adverse effect on the ability of certain categories of investors to invest in the Units, our business, financial condition and results of operations and our ability to make distributions to the Unitholders.*

Since their enforcement in 2014, the InvIT Regulations have been amended and supplemented with additional guidelines and circulars.

As the regulatory framework governing infrastructure investment trusts in India comprises a separate set of regulations, interpretation and enforcement by regulators and courts involves uncertainties. Furthermore, regulations and processes with respect to certain aspects of infrastructure investment trusts, including, but not limited to, follow-on public offers and bonus issues, the liabilities of the Unitholders, and the procedure for dissolution and delisting of infrastructure investment trusts have not yet been issued. For example, trust units may not be classified as “securities” under the Securities Contract Regulation Act, 1956, as amended, and infrastructure investment trusts are not “companies” or “bodies corporate” within the meaning of the Companies Act, 2013 and various SEBI regulations, including the Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018 and the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. Accordingly, the applicability of several regulations (including regulations relating to intermediaries, underwriters, merchant bankers, takeovers, insider trading and fraudulent and unfair trade practices) to the Trust is unclear. Further, it is unclear whether certain categories of investors that are currently permitted to invest in equity shares offered by Indian companies, may also invest in the Units in the Issue. Further, while the recently notified Securities and Exchange Board of India (Foreign Portfolio Investors) Regulations, 2019 (“**FPI Regulations**”) which are effective from September 23, 2019 specify that foreign portfolio investors (“**FPIs**” as defined in the FPI Regulations) may invest in units of infrastructure investment trusts and an offshore derivative instrument may be issued overseas by a FPI that is categorised as a ‘Category I foreign portfolio investor’ under the FPI Regulations against “securities” held by it in India, as its underlying. Accordingly, the issuance of offshore derivative instruments overseas by FPIs against Units may not be permitted as Units may not be classified as “securities”.

Infrastructure investment trusts operate in a relatively nascent regulatory environment. In addition, new costs may arise from audit, certification or self-assessment standards required to maintain compliance with new and existing InvIT Regulations. Such changes in regulation, interpretation and enforcement may have a material adverse effect on our business, financial condition and results of operations.

As we operate in a nascent and relatively unclear regulatory environment as an infrastructure investment trust, it is difficult to forecast how any new laws, regulations or standards or future amendments to the InvIT Regulations will affect infrastructure investment trusts and the road sector in India, and no assurance can be given that the regulatory system will not change in a way that will impair our ability to comply with the regulations, conduct our business, compete effectively or make distributions. Failure to comply with changes in laws, regulations and standards may have a material adverse effect on our business prospects, financial condition, cash flows and results of operations.

13. *The reporting requirements and other obligations of infrastructure investment trusts post-listing are still evolving. Accordingly, the level of ongoing disclosures made to and the protection granted to our Unitholders may be more limited than those made to or available to shareholders of a company that has listed its equity shares upon a recognised stock exchange in India.*

The InvIT Regulations, along with the guidelines and circulars issued by the SEBI from time to time, govern the infrastructure investment trusts in India. However, as compared with the statutory and regulatory framework governing companies that have listed their equity shares or debt securities on recognised stock exchanges in India, the regulatory framework applicable to infrastructure investment trusts is relatively nascent and thus, still evolving.

Accordingly, the ongoing disclosures made to our Unitholders under the InvIT Regulations may differ from those made to shareholders of a company that has listed its equity shares on a recognised stock exchange in India in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, the rights of our Unitholders may not be as extensive as the rights of shareholders of a company that has listed its equity shares on a recognised stock exchange in India, and accordingly, the protection available to our Unitholders may be more limited than those available to such shareholders.

- 14. *The InvIT Regulations allow for sponsors of listed infrastructure investment trusts (“InvITs”) to be declassified from the status of sponsors subject to certain conditions. There can be no assurance that our Sponsor will not exercise its ability to be classified as the Sponsor of the Trust.***

The InvIT Regulations, pursuant to amendments made in June 2020, permit sponsors of listed infrastructure investment trusts to be declassified from the status of sponsors subject to compliance with the following conditions:

- (i). The units of the relevant InvIT should have been listed on the stock exchanges for a period of three years;
- (ii). The unitholding of such sponsor and its associates taken together should not exceed 10.00% of the outstanding units of the relevant InvIT;
- (iii). The investment manager of the relevant InvIT is not an entity controlled by such sponsor or its associates; and
- (iv). approval of unitholders has been obtained in accordance with the InvIT Regulations.

There can be no assurance that in the future, our Sponsor, upon fulfilment of the aforementioned conditions or any other conditions that SEBI prescribes for declassifications of sponsors, will not exercise its ability to declassify itself from the status of our Sponsor.

- 15. *It may be difficult for the Unitholders to remove the Trustee or the Investment Manager.***

Under the InvIT Regulations, the Trustee or the Investment Manager cannot be removed without the prior approval of Unitholders where the votes cast in favour of the resolution shall not be less than one and a half times the votes cast against such resolution. Accordingly, the Unitholders may face difficulties in removing and replacing the Trustee or the Investment Manager. Further, under the InvIT Regulations, prior approval of SEBI is required for change in the Investment Manager of the Trust.

- 16. *Unitholders will have no vote in the election or removal of Directors in the Investment Manager and will be able to remove the Investment Manager and Trustee only pursuant to a majority resolution.***

The Investment Manager has the responsibility of managing the Trust.

Unitholders have no vote in the election or removal of Directors in the Investment Manager. Unitholders' recourse is the removal of the Investment Manager by way of a resolution where Unitholders holding at least 60% of the Units must vote in favour of the resolution. In comparison, the Companies Act, 2013 requires the removal of a director of a public company to be by way of an ordinary resolution approved by a simple majority.

Similarly, Unitholders may remove the Trustee only if they believe that the acts of the Trustee are detrimental to the interests of the Unitholders and by way of a resolution where the votes cast in favour of the resolution must meet the required percentage as set out in the InvIT Regulations. Further, the Investment Manager and the Trustee cannot be discharged until a suitable replacement is appointed in their place, and there can be no guarantees that a suitable replacement will be appointed, or that appointment will take place in a timely manner, or at all.

Accordingly, as opposed to shareholders removing a director of a public company, it may not be possible for Unitholders to remove the Investment Manager or the Trustee.

RISKS RELATING TO THE UNITS

- 1. *The sale or possible sale of a substantial number of Units by the Sponsor in the public market following the lapse of its lock-in requirement as prescribed under the InvIT Regulations could adversely affect the price of the Units.***

Under the InvIT Regulations, the Sponsor is required to hold a minimum of 15% of our Units for a minimum period of three years from the date of listing pursuant to this Issue and the balance of its unitholding in the Trust is required to be locked in for a period of one year from the date of listing of the Units.

The Units are proposed to be listed on NSE. If the Sponsor, following the lapse of either of the aforesaid lock-in periods directly or indirectly sells or is perceived as intending to sell a substantial number of its Units, or if a secondary offering of the Units is undertaken, the market price for the Units could be adversely affected.

- 2. *No investors are permitted to withdraw or lower their Bids (in terms of quantity of Units or the Bid Amount) at any stage after submitting a Bid.***

Pursuant to the InvIT Regulations and SEBI guidelines, investors are required to pay the Bid Amount on submission of the Bid, and are not permitted to withdraw or lower their Bids (in terms of quantity of Units or the Bid Amount) at any stage after submitting a Bid, notwithstanding adverse developments in international or national monetary policy,

financial, political or economic conditions, our business, results of operations, or otherwise, at any stage after the submission of their Bids.

3. *Under Indian law, foreign investors are subject to restrictions that limit their ability to transfer or redeem Units, which may adversely impact the trading price of the Units.*

Under foreign exchange regulations currently in force in India, transfers of units between non-residents and residents are permitted, subject to certain exceptions, if they comply with the pricing and reporting requirements specified by RBI. If a transfer of units is not compliant with such pricing or reporting requirements and does not fall under any of the exceptions specified by RBI, then RBI's prior approval is required.

Additionally, unitholders who seek to convert Indian rupee proceeds from a sale of units in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities.

We cannot assure you that any required approval from RBI or any other Governmental agency can be obtained on any particular terms or in a timely manner, or at all.

Our Unitholders will not have the right to redeem or request the redemption of our Units while our Units are listed on the Stock Exchange. In terms of the InvIT Regulations, an infrastructure investment trust may redeem units only by way of a buyback or at the time of delisting of units and may be subject to additional conditions and restrictions under Indian regulations.

4. *The Units have never been traded and the listing of the Units on the Stock Exchange may not result in an active or liquid market for the Units.*

There is no market for the Units prior to the Issue and an active market for the Units may not develop or be sustained after the Issue. Moreover, the listing and quotation do not guarantee that a trading market for the Units will develop or, if a market does develop, the liquidity of that market for the Units. As the Units will be sold through a private placement in a Minimum Bid Size (₹ 260 million), there may be a lack of liquidity and a limited market for the Units. The price of the Units may be volatile, and investors may be unable to resell the Units at or above the Issue Price, or at all. Although it is currently intended that the Units will remain listed on the Stock Exchange, there is no guarantee of the continued listing of the Units. There is no assurance that the Trust will continue to satisfy the listing requirements for InvITs. Further, it may be difficult to assess the Trust's performance against domestic benchmarks.

5. *Market and economic conditions may affect the market price and demand for the Units.*

Movements in domestic and international securities markets, economic conditions, foreign exchange rates and interest rates may affect the market price of and demand for the Units. In particular, an increase in market interest rates may have an adverse impact on the market price of the Units if the annual yield on the price paid for the Units gives investors a lower return as compared to other investments.

6. *There is no assurance that our Units will remain listed on the stock exchange.*

Although it is currently intended that the Units will remain listed on NSE, there is no guarantee of the continued listing of the Units. Among other factors, we may not continue to satisfy the listing requirements of the Stock Exchange. Accordingly, Unitholders will not be able to sell their Units through trading on the Stock Exchange if the Units are no longer listed on the Stock Exchange. While the InvIT Regulations state that we must provide Unitholders with an exit prior to delisting, the specific mechanism of such delisting and related exit offer has not yet been finalised by the SEBI. Further, under the InvIT Regulations, we are required to maintain a minimum of five Unitholders (other than the Sponsor, its related parties and its associates) at all times after the listing of the Units pursuant to the Issue and certain minimum public holding requirements. Failure to maintain such minimum number of Unitholders or public holding may result in action being taken against us by the SEBI and the Stock Exchange, including the compulsory delisting of our Units.

7. *The Issue Price of the Units may not be indicative of the market price of the Units after the Issue.*

The Units may trade at prices significantly below the Issue Price after the Issue. The trading price of the Units will depend on many factors, including:

- the perceived prospects of our business and the road sector;
- differences between our actual financial and operating results and those expected by investors and analysts;
- changes in analysts' recommendations or projections;
- changes in general economic or market conditions;
- the market value of our assets;

- the perceived attractiveness of the Units against those of other equity or debt securities, including those not in the infrastructure industry;
- the balance of buyers and sellers of the Units;
- the future size and liquidity of the Indian infrastructure investment trust market;
- any future changes to the regulatory system, including the tax system, both generally and specifically in relation to Indian infrastructure investment trusts;
- the ability on our part to successfully implement its investment and growth strategies;
- foreign exchange rates; and
- broad market fluctuations, including weakness of the equity markets and increases in interest rates.

For these reasons, among others, the price of Units may fluctuate. To the extent that we retain operating cash flow for investment purposes, working capital reserves or other purposes, these retained funds, while increasing the value of its underlying assets, may not correspondingly increase the market price of the Units. Any failure on our part to meet market expectations with regard to future earnings and cash distributions may adversely affect the market price for the Units.

In addition, the Units are not capital-protected products and there is no guarantee that Unitholders can regain the amount invested. If the Trust is terminated or liquidated, it is possible that investors may lose all or a part of their investment in the Units.

8. *Any future issuance of Units by us may dilute investors' Unitholding. The sale or possible sale of a substantial number of Units by the Sponsor or another significant Unitholder could adversely affect the price of the Units.*

Where new Units are issued at less than the market price of the Units, the value of an investment in the Units may be affected. In addition, Unitholders who do not, or are not able to, participate in the new issuance of Units may experience a dilution of their interest in the Trust.

Further, under the InvIT Regulations, the Sponsor is required to hold a minimum of 15% of our Units for a minimum period of three years from the date of listing pursuant to the Issue and the balance of its unitholding in the Trust is required to be locked in for a period of one year from the date of listing of the Units. The Units are proposed to be listed on NSE. If the Sponsor, following the lapse of either of the aforesaid lock-in period directly or indirectly sells or is perceived as intending to sell a substantial number of its Units, or if a significant Unitholder other than the Sponsor directly or indirectly sells or is perceived as intending to sell a substantial number of its Units, the market price for the Units could be adversely affected.

9. *Rights of Unitholders under Indian law may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and unitholders' rights may differ from those that would apply to a company in another jurisdiction. Unitholders' rights under Indian law may not be as extensive as Unitholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as unitholder in an Indian entity than as unitholder of a corporation in another jurisdiction.

RISKS RELATING TO INDIA

1. *Our results may be adversely affected by the outbreak of the Novel Coronavirus ("COVID-19") and can be adversely affected by other future unforeseen events, such as adverse weather conditions, natural disasters, terrorist attacks or threats, future epidemics or pandemics or other catastrophic events.*

Unforeseen events, such as adverse epidemics, pandemics, weather conditions, natural disasters, threatened or actual armed conflicts, terrorist attacks, efforts to combat terrorism or other catastrophic events can adversely impact our business. We cannot predict the affect any such events will have on our business, prospects, financial condition, results of operations, cash flows, future operations and performance; however, they could be material.

The World Health Organization declared COVID-19 outbreak a Public Health Emergency of International Concern on January 30, 2020, and a pandemic on March 11, 2020. The rapid and diffused spread of COVID-19 and global health concerns relating to this pandemic have had a severe negative impact on, among other things, financial markets, liquidity, economic conditions and trade and could continue to do so or could worsen for an unknown period of time. The extent to which the COVID-19 outbreak impacts our business, cash flows, results of operations and financial condition will depend on future developments, including the timeliness and effectiveness of actions taken or not taken to contain and mitigate the effects of COVID-19 both in India and internationally, which are highly uncertain and cannot be predicted. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause unprecedented economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and are likely to be severe.

If the outbreak of this virus, or any other similar outbreak, continues for an extended period, occurs again and/or increases in severity, it could have an adverse effect on economic activity in India, and could materially and adversely affect our business, financial condition and results of operations. Similarly, any other future epidemics/ pandemics in India or elsewhere could materially and adversely affect our business, prospects, financial condition, results of operations, cash flows, future operations and performance.

2. *We are exposed to risks associated with the road sector in India.*

We derive and expect to continue to derive in the foreseeable future, most of our revenues and operating profits from India. Changes in macroeconomic conditions generally impact the road industry and could negatively impact our business. Accordingly, our business is highly dependent on the state of development of the Indian economy and the macroeconomic environment prevailing in India. Since the use of our Projects, our expansion plans and future projects depend or will depend on macroeconomic factors that may negatively impact demand the development of road infrastructure projects in India, or the timely commencement of their operations could in turn have a material adverse effect on our growth prospects, business and cash flows. In addition, access to financing may be more expensive or not available on commercially acceptable terms during economic downturns. Any of these factors and other factors beyond our control could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows.

3. *Our performance and growth are dependent on the factors affecting the Indian economy.*

Our performance and the growth are dependent on the performance of the Indian economy, which, in turn, depends on various factors. The Indian economy has been affected by the recent global economic uncertainties, volatility in interest rates, currency exchange rates, commodity and electricity prices, adverse conditions affecting agriculture and various other macroeconomic factors.

Conditions outside India, such as a slowdown or recession in the economic growth of other major countries and regions, especially in U.S., Europe and China, have an impact on the growth of the Indian economy, and GoI policy may change in response to such conditions. While recent Indian governments have been focused on encouraging private participation in the industrial sector, any adverse change in policy could result in a further slowdown of the Indian economy. The rate of economic liberalisation could decrease, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well. In the road sector, there can be no assurance that the GoI's engagement with and outreach to private sector operators, including the Trust, will continue in the future. A significant change in India's economic liberalisation and deregulation policies, in particular, those relating to the road sector, could disrupt business and economic conditions in India generally and our business in particular. In addition, adverse developments in the Indian economy could also impact companies and banks that provide services to us. For example, on March 5, 2020 and November 17, 2020, respectively, the GoI, in consultation with RBI placed Yes Bank Limited and Lakshmi Vilas Bank under moratorium, imposed limitations on their operations as well as on withdrawals by depositors and payments to creditors over certain specified amounts for a limited period of time from the date of such moratorium coming into effect. The limitations on operations and the moratorium were subsequently lifted in both cases. The occurrence of any such development in the future may impact our banking channels, and we may or may not be able to recover our deposits, in part or in full. This could result in potential write-offs on our books of accounts, and materially and adversely affect the business, prospects, financial condition, results of operations and cash flows.

Additionally, an increase in trade deficit or a decline in India's foreign exchange reserves could negatively impact interest rates and liquidity, which could adversely impact the Indian economy and our business. Any downturn in the macroeconomic environment in India could materially and adversely affect the business, prospects, financial condition, results of operations and cash flows.

4. *We may be exposed to variations in foreign exchange rates.*

Our revenues are in Indian rupees, and currently there are no interest payments and loan repayments in foreign currency in relation to debt availed for utilisation at the Project SPVs. The Indian rupee has depreciated in recent years, and in the future may continue to depreciate, against the U.S. dollar, leading to increases in the Indian rupee cost for us to service and repay foreign currency borrowings. In addition, in the event of disputes under any of our foreign currency borrowings, if we raise foreign currency debt in future, we may be required by the terms of those borrowings to defend ourselves in foreign courts or arbitration proceedings, which could result in additional costs. A depreciation of the Indian rupee would also increase the costs of imports and may have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows.

5. *A decline in India’s foreign exchange reserves may reduce liquidity and increase interest rates in India, which could have an adverse impact on us.*

Flows to foreign exchange reserves can be volatile, and past declines have adversely affected the valuation of the Indian rupee. During the first half of 2014, emerging markets including India, witnessed significant capital outflows due to concerns regarding the withdrawal of quantitative easing in the U.S. and other structural factors in India such as high current account deficits and lower growth outlook. As a result, the Indian rupee depreciated significantly. To manage the volatility in the exchange rate, the RBI took several measures including increasing the marginal standing facility rate by 200 basis points and reducing domestic liquidity. The RBI also subsequently announced measures to attract capital flows, particularly targeting the non-resident Indian community. The RBI intervened again in February 2016 as a result of increased volatility of the exchange rate. Depreciation of the Indian rupee in 2018 led to RBI further intervening and increasing the interest rates. Any increased intervention in the foreign exchange market or other measures by the RBI to control the volatility of the exchange rate may result in a decline in India’s foreign exchange reserves, reduced liquidity and higher interest rates in the Indian economy, which could adversely affect our ability to obtain financing on adequate terms or at all, which in turn could affect our business and future financial performance.

6. *Social, economic and political conditions and natural disasters could have a negative effect on our business.*

Each of the Project SPVs is incorporated in India and they derive all of their revenue from India. In addition, all of our assets are located in India. Consequently, our business and the trading price of our Units may be adversely affected by the social, economic and political conditions in India and its neighbouring countries. Specific risks, such as the following could adversely influence the Indian economy, thereby having a material adverse effect on our business, financial condition, results of operations and cash flows:

- political instability, riots or other forms of civil disturbance or violence;
- war, terrorism, invasion, rebellion or revolution;
- Government interventions, including expropriation or nationalisation of assets, increased protectionism and the introduction of tariffs or subsidies;
- changing regulatory regimes;
- underdeveloped industrial and economic infrastructure;
- changes in exchange rates and controls, interest rates, government policies, taxation and economic and political developments;
- changes in policies such as, the fiscal and economic policy, industrial policy, direct and indirect taxes and the export-import policy; and
- changes in state specific regulation and conditions.

Pandemics, such as the outbreak of the COVID-19, and natural disasters such as floods, earthquakes or famines, events and conditions linked to climate change have in the past had a negative impact on the Indian economy. Potential effects may include damage to infrastructure and the loss of business continuity and business information. If our facilities are affected by any of these events, our operations may be significantly interrupted, which could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

7. *Any downgrading of India’s debt rating by rating agencies could have a negative impact on our business.*

India’s sovereign rating decreased from Baa2 with a “negative” outlook to Baa3 with a “negative” outlook by Moody’s in May 2021, from BBB with a “stable” outlook to BBB with a “negative” outlook (Fitch) in April 2021; and from BBB “stable” to BBB (low) “stable” by DBRS in May 2021. India’s sovereign rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India’s foreign exchange reserves, which are outside our control. Any adverse revisions to India’s credit ratings by rating agencies may adversely affect our ability to raise additional financing, and the interest rates and other terms at which such additional financing is available. This could materially and adversely affect our ability to obtain financing for capital expenditure, which could in turn materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. India’s sovereign debt rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India’s foreign exchange resources, which are outside our control.

8. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any such financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us.

Although economic conditions vary across markets, loss of investor confidence in one economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively impact the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections. The dislocation of the sub-prime mortgage loan market in the United States since September 2008, and the more recent European sovereign debt crisis, has led to increased liquidity and credit concerns and volatility in the global credit and financial markets. These and other related events have had a significant adverse impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in the global credit and financial markets. Further, economic developments globally can have a significant impact on our principal markets. Following the United Kingdom's exit from the European Union ("**Brexit**"), there remains significant uncertainty around the terms of their future relationship with the European Union and, more generally, as to the impact of Brexit on the general economic conditions in the United Kingdom and the European Union and any consequential impact on global financial markets. For example, Brexit could give rise to increased volatility in foreign exchange rate movements and the value of equity and debt investments.

In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition, results of operation, and cash flows. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, and cash flows, and reduce the price of the Units.

9. *If inflation rises in India, increased costs may result in a decline in profits.*

Inflation rates in India have been volatile in recent years, and such volatility may continue. Increasing inflation in India could cause a rise in the price of transportation, wages, raw materials and other expenses. There can be no assurance that increased toll charges will sufficiently offset our increased costs due to inflation which could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows. Inflation may also have an impact on interest rates, which can affect our profitability.

10. *Significant differences exist between Ind AS and other accounting principles, such as IFRS, Indian GAAP and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.*

The Combined Financial Statements included in this Final Placement Memorandum are prepared and presented in conformity with Ind AS, consistently applied during the periods stated in those reports, except as otherwise provided therein, and no attempt has been made to reconcile any of the information given in this Final Placement Memorandum to any other principles or to base the information on any other standards. Ind AS differs from accounting principles with which prospective investors may be familiar in other countries, such as IFRS, Indian GAAP and U.S. GAAP. Accordingly, the degree to which the Combined Financial Statements included in this Final Placement Memorandum will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Persons not familiar with Indian accounting practices should limit their reliance on the financial disclosures presented in this Final Placement Memorandum.

Ind AS has certain differences with IFRS and Indian GAAP. In addition, as the mandated transition to Ind AS is very recent, there is no significant body of established practice from which we can draw on in forming judgments regarding the implementation and application of Ind AS, as compared to established IFRS or Indian GAAP generally, or in respect of specific industries.

11. *Fluctuations in the exchange rate of the Indian Rupee with respect to the U.S. Dollar or other currencies could affect the foreign currency equivalent of the value of the Units and any distributions.*

Fluctuations in the exchange rates between the Indian Rupee and other currencies could affect the foreign currency equivalent of the Indian Rupee price of the Units. The fluctuations could also affect the amount that Unitholders will receive in foreign currency upon conversion of any cash distributions or other distributions paid in Indian Rupees by the Trust on the Units, and any proceeds paid in Indian Rupees from any sale of the Units in the secondary trading market.

12. *Unitholders may not be able to enforce a judgment of a foreign court against the Trust or the Investment Manager.*

The enforcement of civil liabilities by overseas investors in the Units, including the ability to effect service of process and to enforce judgments obtained in courts outside of India, may be adversely affected by the fact that (i) the Trust is constituted under the laws of the Republic of India, (ii) the Investment Manager is a limited liability company incorporated under the laws of the Republic of India, (iii) the directors and key personnel of the Investment Manager reside in India and (iv) all of the assets of the Trust and the Investment Manager are located in India. All of the assets of the Trust and the assets of the Directors are also located in India. As a result, it may be difficult to serve process upon the Trust, the Investment Manager or any of these persons outside of India or to enforce in India judgments obtained against such persons in courts outside of India.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Recognition and enforcement of foreign judgments are provided for under Section 13, Section 14 and Section 44A of the Civil Procedure Code. The GoI has, under Section 44A of the Civil Procedure Code, notified certain countries as reciprocating countries. Section 13 of the Civil Procedure Code provides that a foreign judgment will be conclusive regarding any matter directly adjudicated upon, between the same parties or between the parties whom they or any of them claim are litigating under the same title, except: (i) where the judgment has not been pronounced by a court of competent jurisdiction; (ii) where the judgment has not been given on the merits of the case; (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognise the law of India in cases in which such law is applicable; (iv) where the proceedings in which the judgment was obtained were opposed to natural justice; (v) where the judgment has been obtained by fraud; or (vi) where the judgment sustains a claim founded on a breach of any law in force then in India. Section 44A of the Civil Procedure Code provides that where a foreign judgment has been rendered by a superior court in any country or territory outside India, which the GoI has, by notification, declared to be a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the Civil Procedure Code is applicable only to monetary decrees not being in the nature of any amounts payable in respect of taxes or other charges of a similar nature or in respect of a fine or other penalties and does not include arbitration awards. The United Kingdom and some other countries have been declared by the GoI to be a reciprocating territory for the purposes of Section 44A. However, the United States has not been declared by the GoI to be reciprocating territories for the purposes of Section 44A. A judgment of a court in the United States may be enforced in India only by a suit upon the judgment, subject to Section 13 of the Civil Procedure Code and not by proceedings in execution.

There may be considerable delays in the disposal of suits by Indian courts. It may be unlikely that a court in India would award damages on the same basis as a foreign court if an action is brought in India. Furthermore, it may be unlikely that an Indian court would enforce foreign judgments if it viewed the amount of damages awarded as excessive or inconsistent with the public policy in India. A party seeking to enforce a foreign judgment in India is required to obtain prior approval from the RBI to repatriate any amount recovered pursuant to execution and any such amount may be subject to income tax in accordance with applicable laws. Any judgment or award in a foreign currency would be converted into Indian Rupees on the date of the judgment or award and not on the date of the payment which could be subject to foreign exchange risk. Generally, there are considerable delays in the processing of legal actions to enforce a civil liability in India, and therefore it is uncertain whether a suit brought in an Indian court will be disposed of in a timely manner or subject to considerable delays.

13. *We may be affected by competition law in India and any adverse application or interpretation of the Competition Act, 2002 (“Competition Act”) could adversely affect our business.*

The Competition Act regulates practices having an appreciable adverse effect on competition in the relevant market in India. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an appreciable adverse effect on competition, is considered void and results in the imposition of substantial monetary penalties. Further, any agreement among competitors which, directly or indirectly, involves the determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services, shares the market or source of production or provision of services by way of allocation of geographical area, type of goods or services or number of customers in the relevant market or, directly or indirectly, results in bid-rigging or collusive bidding, is presumed to have an appreciable adverse effect on competition. The Competition Act also prohibits abuse of a dominant position by any enterprise. The Competition Commission of India (“CCI”) has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an appreciable adverse effect on competition in India. However, there can be no assurance as to the impact of the provisions of the Competition Act on the agreements that the Project SPVs have entered into. We are not currently party to any outstanding proceedings, nor have we received notice in relation to non-compliance with the Competition Act or the agreements they have entered into. However, if we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or if any prohibition or substantial penalties are levied under the Competition Act, it could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

RISKS RELATING TO TAXATION

1. *Changes in legislation or the rules relating to tax regimes could materially and adversely affect our business, prospects and results of operations.*

The GoI has announced the union budget for the Fiscal 2021 and the Finance Act, 2021 (the “**Finance Act**”) has been granted assent by the President of India on March 28, 2021. By way of the Finance Act, the GoI, amongst others, amended the Securities Contracts (Regulation) Act, 1956 (“**SCRA**”) to recognise pooled investment vehicles and recognise the units, debentures, other marketable securities and other instruments issued by InvITs as “*securities*”. The Finance Act exempted the payment of tax deducted at source on dividends paid to InvITs. Further, the Finance Act, has included a definition of “pooled investment vehicle” which comprises business trusts as defined under the IT Act. The IT Act defines business trusts as trusts registered with SEBI as an InvIT. This amendment has come into effect from April 1, 2021. The Finance Act recognises units, debentures and other instruments issued by infrastructure investment trusts as “*securities*” under the Securities Contracts (Regulation) Act, 1956. This may have further implications under various regulations issued by SEBI, governing securities, including under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015. As announced in previous budgets, the dividend distribution tax applicable on InvITs was abolished and replaced with dividend withholding tax. The Finance Act has also exempted payment of tax deducted at source on dividend paid to InvITs, with effect from April 1, 2020. For further details, please see the risk factor entitled “– *Investors may be subject to Indian taxes arising out of capital gains on the sale of Units and on any dividend or interest component of any returns from the Units*” on page 92 below.

There have been two recent major reforms in Indian tax laws, namely the introduction of the Goods and Services Tax (“**GST**”) and provisions relating to general anti-avoidance rules (“**GAAR**”). The GST regime came into effect on July 1, 2017, combining taxes and levies by the Government and State Governments into a unified rate structure.

Additionally, there is limited clarity on the availability of input tax credit, and any unfavourable orders in this regard may have a material adverse impact on our financial position and cash flows. Further, any application of existing law or future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Tax laws and regulations are subject to differing interpretations by tax authorities. Differing interpretations of tax and other fiscal laws and regulations may exist within governmental ministries, including tax administrations and appellate authorities, thus creating uncertainty and potential unexpected results. The degree of uncertainty in tax laws and regulations, combined with significant penalties for default and a risk of aggressive action by the governmental or tax authorities, may result in tax risks being significantly higher than expected.

The GAAR regime came into effect on April 1, 2017. The tax consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit, among other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain. If the GAAR provisions are made applicable to the Trust or any member of the Trust, it may have a material adverse tax impact on the Trust.

Such transactions are declared as impermissible avoidance arrangements and the consequence in relation to tax arising from such arrangements, including denial of a tax benefit or a benefit under a tax treaty, shall be determined according to the circumstances of the case. The rules notified with respect to GAAR prescribe that these shall not be applicable to FIIs in accordance with the SEBI (Foreign Institutional Investors) Regulations, 1995 subject to the fulfilment of certain conditions. GAAR may have a material adverse tax impact on the Trust, the Sponsor and the Unitholders.

The Investment Manager has not determined the impact of such existing or proposed legislations on our business. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve, and may impact the viability of our current business or restrict our ability to grow our business in the future.

2. *Investors may be subject to Indian taxes arising out of capital gains on the sale of Units and on any dividend or interest component of any returns from the Units*

Under current Indian tax laws, units of a business trust held for more than 36 months are considered as long term capital assets. In case of sale of such units through a recognised stock exchange in India and subject to payment of securities transaction tax (“**STT**”), any gain arising in excess of ₹ 0.10 million is subject to long term capital gains tax at a concessional rate of 10% (plus applicable surcharge and cess). However, if the said units are sold in any other manner,

the same shall be subject to long term capital gains tax at the rate of 20% with indexation benefit (plus applicable surcharge and cess).

In case the units are held for less than or up to 36 months, the same shall be regarded as short term capital asset. Any gain arising in case of sale of such units through a recognised stock exchange in India and subject to payment of STT, is subject to short term capital gains tax at concessional rate of 15% (plus applicable surcharge and cess). However, if the said units are sold in any other manner, the same shall be subject to short term capital gains tax at applicable tax rates of the holder (plus applicable surcharge and cess).

The aforesaid taxability in India is subject to tax treaty benefits in the case of a non-resident holder.

The Finance Act, 2020 amended the Income Tax Act to abolish the dividend distribution tax regime and shift the incidence of taxation of dividend (declared or distributed on or after April 1, 2020) to shareholder. Under the Finance Act, 2020, a distribution made by a business trust, being in nature dividend income received from a special purpose vehicle, will not be subject to tax in the hands of a unitholder, so long as the special purpose vehicle has not opted to pay corporate tax under the beneficial regime introduced under Section 115BAA of the Income Tax Act. Similarly, a business trust (which includes an infrastructure investment trust) will not be required to withhold tax on any distributions which are in the nature of dividend income received from a special purpose vehicle, so long as such special purpose vehicle has not opted to pay corporate tax under the beneficial regime introduced under Section 115BAA of the Income Tax Act. However, where the special purpose vehicle opts to pay tax under Section 115BAA of the Income Tax Act, dividend income distributed by the business trust would be taxed in the hands of a non-resident unitholder at 20% (plus applicable surcharge and cess) or the applicable treaty rate and at the ordinary rate for a resident unitholder. Further, the business trust would be required to withhold tax on such distributions made from dividend received from the special purpose vehicle. Thus, the taxability of dividends distributed by the Trust will depend on the taxation regime opted by the Project SPV.

Further, the Government of India has notified the Finance Act, 2021 (“**Finance Act**”) which has introduced various amendments to taxation laws in India. Further, as announced in the previous budget, the dividend distribution tax regime was abolished and replaced with dividend withholding tax regime. However, the procedural provisions regarding exemption of withholding tax in relation to dividend distribution by Special Purpose Vehicles (SPVs, as defined under IT Act) to InvIT were absent. In this regard, the Finance Act has exempted withholding of taxes on dividend distributions by SPVs to InvITs. Please note that such amendment is proposed to take effect retrospectively from April 1, 2020.

Furthermore, the Trust might not be able to pay or maintain the levels of distributions or ensure that the level of distributions will increase over time, or that future acquisitions will increase the Trust’s distributable free cash flow to the Unitholders. Any reduction in, or elimination or taxation of, payments of distributions could materially and adversely affect the market price of the Units.

3. *The Trust and the Project SPVs may be subject to certain tax related risks under the provisions of the IT Act.*

Shortfall in the determination of fair market value of the equity shares at the time of transfer of the Project SPVs to the Trust may be subject to taxation in the hands of the acquirer. The equity shares of the Project SPVs are proposed to be transferred to the Trust. Under the provisions of section 56(2)(x) of the IT Act, where a purchase of shares is undertaken at a value which is lower than the fair market value of the shares, such shortfall in value is subject to be taxed as income from other sources in the hands of the acquirer. The manner of determination of fair market value as provided under the Income Tax Rules, 1962, includes the value determined by net asset method, subject to the prescribed adjustments.

The Trust is under an obligation to distribute to the Unitholders, the surplus of the income earned from receipt of cash flows from the interest and dividend received from the Project SPVs, after the deduction of the various expenses incurred in connection with earning such income and general-purpose expenses. The provisions of the IT Act provide that the Trust should disclose the nature of the amount distributed to the Unitholders, i.e., whether from dividends received from the Project SPVs, interest income earned, etc. However, there is lack of clarity on the method to be adopted by the Trust for the allocation of various expenses incurred towards earning each specific stream of income by the Trust.

4. *The Project SPVs enjoy certain benefits under Section 80-IA of the IT Act in relation to the Project SPVs and any change in these tax benefits applicable to the Trust may adversely affect its results of operations.*

Under the provisions of section 80-IA of the IT Act, the Project SPVs are eligible for tax holiday for any 10 consecutive assessment years out of 20 years beginning from the year in which the undertaking or enterprise develops and begins to operate any infrastructure facility. As a result of the tax holiday available to the Project SPVs, the taxable profits derived by the Project SPVs from developing, operating and maintaining any infrastructure facility (including toll roads) will not be taxable under the normal provisions of the IT Act during the tax holiday period. Any other taxable income (for example, interest income, profit on sale of mutual funds) from deployment of temporary funds or otherwise would also

be taxable under the terms of the IT Act. The Project SPVs will only be subject to MAT if the Project SPVs have a book profit as required to be computed under section 115JB of the IT Act. Any change in the tax benefits under section 80-IA and/or the provisions of MAT may have an impact on the income tax liability of the Project SPVs and may consequently affect the amount available for distribution by the Project SPVs to the Trust. Furthermore, if the relevant conditions under section 80-IA of the IT Act are not met and the manner of computation of profits and gains are not as permitted, the Project SPVs will not be able to enjoy the benefits of such tax holiday.

5. *The income of the Trust in relation to which pass through status is not granted under the IT Act may be chargeable to Indian taxes.*

Under the provisions of the IT Act, the total income of the Trust other than capital gain, interest and dividend income from the Project SPVs would be tax chargeable at the maximum marginal rate (“MMR”). MMR is defined under the provisions of the IT Act to mean the rate of income-tax (including surcharge on income-tax, if any) applicable in relation to the highest slab of income.

In accordance with section 115UA of the IT Act, the MMR applicable to the Trust, a separately assessable resident entity, is 30.0% (plus applicable surcharge and cess). However, the relevant authorities may view the Trust as a “pass through” entity and the applicable tax rate will be the MMR applicable to its beneficiaries. If any beneficiary is chargeable to MMR at a rate higher than the rate applicable to other beneficiaries, the income of the Trust attributable to the share of such beneficiary will be taxed at a higher applicable rate. For example, if any Unitholder is a non-resident, the MMR of 40.0% (plus applicable surcharge and cess) would apply.

As there are two divergent views, there is a possibility that the matter may be litigated if the latter view is taken up by the tax authorities of India.

6. *Depreciation may not be claimed on the capitalised cost of a road constructed on a BOT basis.*

The Project SPVs have regarded the Projects constructed on a BOT basis as capital assets and claimed depreciation on the capitalised cost of the Projects. Under the provisions of the IT Act, the following conditions must be satisfied if depreciation is claimed on any asset:

- the asset is a capital asset;
- the party seeking to claim depreciation on an asset is the owner of the asset; and
- the asset has been used for the purpose of the business.

In respect of BOT projects, the possession of land is handed over to the developer by the GoI without actual transfer of ownership, and such a developer takes the land on lease for construction and operation of the road for a concession period.

Based on various judicial decisions, it may be inferred that depreciation is allowed if a party has dominant control over the asset during the concession period and is entitled to use it in its own right. Accordingly, a Project SPV may be considered as the owner of a road constructed on a BOT basis. Further, there are previous high court or tribunal decisions which held that road constructed by a taxpayer on a BOT basis is eligible for depreciation even though the taxpayer is not the legal owner of the road.

However, while the provisions of the IT Act specifically provide that a building constructed on leasehold land is regarded as being owned by the lessee and depreciation may be claimed, there is no similar specific provision in respect of the Projects constructed on a BOT basis. An Apex Court decision has held that ownership is necessary for a party to claim depreciation.

The Central Board of Direct Taxes issued Circular No. 9 of 2014 in response to litigation on claims of tax depreciation in respect of BOT projects (the “**Circular**”). The Circular stated that the total project cost incurred on an infrastructure project would be amortised equally across the remaining period of time in which toll collections are received. Consequently, the cost of constructed roads is considered “amortisation” and not “depreciation” for income tax purposes. This has an effect on the financial projections of the Project SPVs and in turn, the financial position of the Trust.

The Project SPVs are eligible to claim tax deduction under section 80-IA(4)(i) of the IT Act. Therefore, adjustment on account of depreciation may not have any income tax impact during the tax holiday period. However, if a higher depreciation is allowed during the tax holiday period as compared to the depreciation claimed in the return of income, tax liability in the post-tax holiday period will be higher as against the tax liability.

7. *The Ministry of Finance, GoI, has constituted a task force to draft new direct tax legislation, the provisions of which may have an unfavourable implication for us.*

The Ministry of Finance, GoI, has set up a panel to review the IT Act and to draft a new direct tax legislation (“**Panel**”).

The Panel has been tasked with drafting appropriate direct tax legislation aimed at (i) aligning India's domestic direct tax regime in line with international best practices; and (ii) ensuring and encouraging compliance. The impact of the report by the Panel, including findings and recommendations in their report and the provisions of the proposed direct tax legislation could have an unfavourable implication on us. Since the Panel and its report, including their recommendations and the draft of the new direct tax legislation has not been released yet, the possible impact on us is not clear.

GENERAL INFORMATION

The Trust

The Trust was set up as a contributory irrevocable trust under the provisions of the Indian Trusts Act, 1882. The Trust was registered as an infrastructure investment trust under the InvIT Regulations on February 4, 2021 having registration number IN/InvIT/20-21/0017. For information on the background of the Trust and the description of the Initial Portfolio Assets, please see the sections entitled “*Overview of the Trust*” and “*Business*” on pages 17 and 152, respectively.

Compliance Officer of the Trust

The compliance officer of the Trust is Mr. Shantilal Kothari. His contact details are as follows:

Mr. Shantilal Kothari
1501, F-Tower, Oberoi Splendor
JVLR, Andheri East
Mumbai 400 060
Tel: +91 22 4228 5562
Fax: +91 22 4228 5577
E-mail: finance@shrem.in

Bidders can contact the Compliance Officer or the Lead Manager in case of any pre-Issue or post-Issue related problems, non-credit of Allotted Units in the respective beneficiary account of Bidders after Allocation or non-receipt of refund orders.

PARTIES TO THE TRUST

A. The Sponsor - Shrem Infra Structure Private Limited

History and Certain Corporate Matters

Shrem Infra Structure Private Limited is the Sponsor of the Trust. The Sponsor was incorporated in India under the Companies Act, 1956 with corporate identity number U45100MH2014PTC254839.

The Sponsor's registered office is situated at 1101, Viraj Towers, Junction off Andheri Kurla Road, W.E. Highway near Land Mark Building, Andheri (East), Mumbai 400 069. For further details, please see the section entitled "General Information" on page 96.

Background of the Sponsor

For details of the acquisition of the Initial Portfolio Assets by the Sponsor, please see the section entitled "Formation Transactions in relation to the Trust – Acquisition of the Initial Portfolio Assets by the Trust and Acquisition of Units by the Sponsor" on page 29.

The Sponsor has experience in the roads and bridges sector through the Holdcos and the Project SPVs from March 2017 onwards. For further details, please see the section entitled "Business" on page 152. Further, between the periods of March 2015 to December 2017, the Sponsor held 49.0% of the equity share capital of Radiant Life Care Mumbai Private Limited ("RLCMPL"). During this period, RLCMPL was responsible for, amongst others, expanding, equipping, operating, upgrading, managing and administering Dr. Balabhai Nanavati Hospital. Additionally, Shrem Resort Private Limited ("SRPL") (now Zon Hotels Private Limited), an erstwhile associate of the Sponsor, developed the Novotel Goa Shrem Hotel, a five-star hotel, located in Anna Waddo, Candolim – Bardez, Goa, from January 2011 to January 2017. First phase of Novotel Goa Shrem Hotel became operational in October 2013 and second phase became operational in January 2017. SRPL later developed Grand Mercure Goa Shrem Resort, a five-star hotel, located in Pinto Waddo, Candolim – Bardez, Goa, December 2011 to November 2014. Grand Mercure Goa Shrem Resort became operational in November 2014. Further, Nitán Chhatwal, an associate of the Sponsor, was involved in the infrastructure sector through the Shrem group, with interests in the tourism, hospital, telecommunications and roads and bridges sectors.

In accordance with the eligibility criteria specified under the InvIT Regulations, the Sponsor had a consolidated net worth of not less than ₹ 1,000 million as on March 31, 2021. The standalone net worth (i.e. the total of share capital and reserves and surplus) of the Sponsor as on March 31, 2021 was ₹ 1,664.65 million.

Further, neither the Sponsor nor any of the promoters or directors of the Sponsor: (i) are or have been debarred from accessing the securities market by SEBI; (ii) are or have been promoters, directors or persons in control of any other company or a sponsor, investment manager or trustee of any other infrastructure investment trust or an infrastructure investment trust which is debarred from accessing the capital market under any order or direction made by SEBI; and/or (iii) are or have been in the list of wilful defaulters published by the RBI.

Board of Directors of the Sponsor

The board of directors of the Sponsor is entrusted with the overall management of the Sponsor. Please see below the details in relation to the board of directors of the Sponsor:

B. The Trustee – Axis Trustee Services Limited

Axis Trustee Services Limited is the Trustee in respect of the Trust. The Trustee is a debenture trustee registered with SEBI under the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993, having registration number IND000000494. The certificate of registration is dated January 31, 2014, which is valid until suspended or cancelled by SEBI. The Trustee's registered office is situated at Axis House, Bombay Dyeing Mills Compound, Pandurang Budhkar Marg, Worli, Mumbai 400 025. The Trustee's address for correspondence and principal place of business is situated at The Ruby, 2nd Floor, SW, 29, Senapati Bapat Marg, Dadar West, Mumbai 400 028. The Trustee is promoted by Axis Bank Limited for providing corporate and other trusteeship services.

Background of the Trustee

The Trustee's services are aimed at catering to the individual needs of the client and enhancing client satisfaction. As Trustee, it ensures compliance with all statutory requirements and believes in the highest ethical standards and best practices in corporate governance. It aims to provide the best services in the industry with its well trained and professionally qualified staff with a sound legal acumen. The Trustee is involved in varied facets of debenture and bond trusteeships, including, advisory functions and management functions. The Trustee also acts as a security trustee and is involved in providing services in relation to security creation, compliance and holding security on behalf of lenders.

The Trustee is also involved in providing services such as: (i) a facility agent for complex structured transactions; (ii) an escrow agent; (iii) a trustee to alternative investment funds; (iv) custodian of documents as a safekeeper; and (v) a trustee to real estate investment funds.

The Trustee has been engaged in the activity of providing trusteeship services since 2008 and has a customer base of over 500 corporate clients. The Trustee is currently the trustee to one of the first publicly offered infrastructure investment trusts in India, India Grid Trust.

The Trustee confirms that it has and undertakes to ensure that it will at all times, maintain adequate infrastructure personnel and resources to perform its functions, duties and responsibilities with respect to the Trust, in accordance with the InvIT Regulations, the Trust Deed and other applicable law.

The Trustee is not an Associate of the Sponsor or the Investment Manager or the Project Manager to the Trust. Further, neither the Trustee nor the settlors of the Trustee (i) are or have been debarred from accessing the securities market by SEBI; (ii) are or have been promoters, directors or persons in control of any other company or a sponsor, investment manager or trustee of any other infrastructure investment trust or an infrastructure investment trust which is debarred from accessing the capital market under any order or direction made by SEBI; and/or (iii) are or have been declared a wilful defaulter by any bank or a financial institution or consortium thereof in accordance with the guidelines on 'wilful defaulters' published by the RBI.

Key Terms of the Trust Deed

The Trustee has entered into the Trust Deed, in terms of the InvIT Regulations, the key terms of which, are provided below:

1. Powers of the Trustee

The Trustee has been provided with various powers under the Trust Deed in accordance with the Indian Trusts Act, 1882 and the InvIT Regulations, including but not limited to:

- (i). The Trustee shall, in relation to the Trust, have every and all powers that a person competent to contract and acting as a legal and beneficial owner of such property has.
- (ii). The Trustee shall have the power to determine, in accordance with the Investment Management Agreement and the investment objectives of the Trust, distributions to Unitholders and other rights attached to the Units

in compliance with the InvIT Regulations and applicable law.

- (iii). The Trustee shall oversee voting of the Unitholders in accordance with the InvIT Regulations.
- (iv). The Trustee shall have the power to do the following, which power may be delegated to the Investment Manager in terms of the Investment Management Agreement:
 - (a). cause offering of the Units through any offer document;
 - (b). cause any offer document to be provided to the investors;
 - (c). issue and allot Units;
 - (d). summon and conduct meetings of the Unitholders in accordance with the relevant InvIT Documents and the InvIT Regulations; and
 - (e). subject to, and only in accordance with, the terms of the InvIT Documents and the InvIT Regulations, approve transfer of the Units.
- (v). The Trustee shall invest and hold the InvIT Assets in the name of the Trust for the benefit of the Unitholders in accordance with the provisions of the InvIT Regulations, the InvIT Documents, the Trust Deed and the investment objectives. The Trustee shall be empowered to make investment decisions with respect to the underlying assets or projects of the Trust including any further investments or divestment, subject to InvIT Regulations, provided such power is delegated to, and exclusively exercised by, the Investment Manager pursuant to the Investment Management Agreement, and in this regard is also empowered to:
 - (a). acquire, hold, manage, trade, transfer and dispose of shares, stocks, convertibles, debentures, bonds and other equity or equity-related securities and other debt or mezzanine securities of all kinds issued by any SPVs, infrastructure projects in India, whether in physical or dematerialised form, including power to hypothecate, pledge or create encumbrances, as defined in the Trust Deed, of any kind on such securities held by the Trust in such Holding Companies, and / or SPVs, or infrastructure projects to be used as collateral security for any borrowings by the Trust;
 - (b). avail commercial loans, including the power to hypothecate, pledge or create encumbrances of any kind on the InvIT Assets as collateral security for any such loans availed by the Trust, in accordance with the InvIT Regulations and applicable law;
 - (c). keep the capital and monies of the Trust on deposit with banks or other institutions whatsoever;
 - (d). accept contributions;
 - (e). collect and receive the profit, interest, repayment of principal of debt or debt like, or equity or equity like, mezzanine securities, dividend, return of capital of any type by the Holding Companies, or SPVs, or infrastructure projects and income of the Trust as and when the same may become due and receivable;
 - (f). invest in securities or in units of mutual funds in accordance with the InvIT Regulations and applicable law;
 - (g). invest in money market instruments including government securities, treasury bills, certificates of deposit and commercial paper in accordance with applicable law;
 - (h). to give, provide and agree to provide to any SPV financial assistance in the form of investment in the Trust's debt securities or share capital of any class including ordinary, preference, participating, non-participating, voting, non-voting or other class, and in the form of investment in securities convertible into share capital; and
 - (i). to invest, acquire, purchase, hold, divest, sale, hypothecate, pledge or otherwise transfer land and building and immovable property of any kind including any rights and interest therein.
- (vi). Subject to the provisions of the InvIT Regulations, the Trustee, in consultation with the Investment Manager, shall have the power to make such reserves out of the income or capital as the Trustee may deem proper and any decisions of the Trustee whether made in writing or implied from its acts, so far as the applicable law may permit, shall be conclusive and binding on the Unitholders and all persons actually or prospectively

interested in the Trust Deed. Any distribution made by the Trust from such reserves shall be in terms of the Trust Deed;

- (vii). The Trustee shall have the power to employ and pay at the expense of the Trust, any agent in any jurisdiction whether attorneys, solicitors, brokers, banks, trust companies or other agents whether associated or connected in any way with the Trustee or not, without being responsible for the default of any agent if employed in good faith to transact any business, including without limitation, the power to appoint agents to raise funds, or do any act required to be transacted or done in the execution of the trusts hereof including the receipt and payment of moneys and the execution of documents.
- (viii). The Trustee shall, on behalf of the Trust, appoint an Investment Manager to manage assets and investments of the Trust and undertake activities of the Trust in accordance with the terms and conditions set out in the Trust Deed, the Investment Management Agreement and applicable law.
- (ix). The Trustee shall oversee the activities of the Investment Manager in the interest of the Unitholders, ensure that the Investment Manager complies with the InvIT Regulations and applicable law and shall obtain a compliance certificate from the Investment Manager on a quarterly basis or such other time period as prescribed by applicable law, in the form prescribed by SEBI, if any.
- (x). The Trustee shall, on behalf of the Trust, appoint a Project Manager for the operation and management of the InvIT Assets, in accordance with the terms and conditions set out in the Trust Deed, the Project Implementation and Management Agreement and applicable law.
- (xi). The Trustee shall oversee the activities of the Project Manager, in terms of the InvIT Regulations, applicable law and the Project Implementation and Management Agreement, and shall obtain a compliance certificate from the project manager on a quarterly basis or such other time period as prescribed by applicable law, in the form prescribed by SEBI, if any.
- (xii). The Trustee may, in consultation with the Investment Manager, appoint any custodian in order to provide custodian services, any may permit any property comprised in the InvIT to be and remain deposited with a custodian or with any Person or Persons in India or in any other jurisdiction subject to such deposit being permissible under applicable law.
- (xiii). The Trustee shall have the power and duty to pay all such duties, fee or taxes (and any interest or penalty chargeable thereon) as well as to create any reserves for future potential tax liability out of the Trust or the income thereof, or to the extent of the amount invested in the Units by the Unitholders, as may be permitted under applicable law, and the Trustee may pay such duties, fees or taxes (and any such interest or penalty) on behalf of the Trust. For the avoidance of doubt it is clarified that no Unitholder will be required to make a contribution as a capital commitment to the Trust (other than the value for Units already paid).
- (xiv). The Trustee shall, subject to the advice of the Investment Manager, have the power to pay Trust expenses out of the funds held by the Trust, in accordance with the InvIT Documents and InvIT Regulations.
- (xv). The Trustee shall, in discharge of its duties, have the power to take the opinion of legal or tax counsel in any jurisdiction concerning any disputes or differences arising under the Trust Deed or any matter relating to the Trust and the fee of such counsel shall be paid out of the funds held in the Trust.
- (xvi). The Trustee may sell, rent or buy any property, or borrow property from or carry out any other transaction with the trustees of any other trust or the executors or administrators of any estate notwithstanding that the Trustee is the same person as those trustees, executors or administrators or any of them and where the Trustee is the same person as those trustees, executors or administrators, the transaction shall be binding on all persons then or thereafter interested hereunder though effected and evidenced only by an entry in the books of accounts of the Trustee, provided that such power is delegated to, and exclusively exercised by the Investment Manager pursuant to the Investment Management Agreement. The Trustee shall ensure that no conflict of interest shall arise while conducting such activities.
- (xvii). Subject to applicable law, the Trustee shall have the power to accept any property before the time at which it is transferable or payable, pay or allow any claim on any evidence, accept any security payable or immovable in lieu of any amounts payable to it, alter the dates for payment of any amounts payable to it and compromise, compound, abandon or otherwise settle any claim or thing whatsoever relating to the Trust of the Trust Deed.
- (xviii). The Trustee shall, subject to the advice of the Investment Manager, have the power to borrow funds including any subordinated equity, bonds or other fund from any person or authority (whether Government

or otherwise, whether Indian or overseas) for the purpose of the Trust on such terms and conditions and for such periods and subject to approval of the Unitholders in accordance with and as may be required in terms of the InvIT Regulations and applicable law in case of a listed Trust. In the event the Trust is unlisted, the aggregate consolidated borrowings of the Trust, Holdcos and SPVs shall not exceed 75% of the InvIT Assets and such limit on aggregate consolidated borrowings shall be approved by at least 75% of the Unitholders by value and shall be in accordance with the InvIT Regulations and applicable law. The Trustee shall, subject to the advice of the Investment Manager, also have the power to create encumbrances of any kind on the InvIT Assets as collateral security for any such borrowings.

- (xix). Subject to the conditions laid down in offer document, and the InvIT Regulations and applicable laws, the Trustee may, subject to any advice of the Investment Manager, retain the proceeds received by the Trust from any InvIT Assets.
- (xx). The Trustee may make rules to give effect to and carry out the investment objectives. In particular, and without prejudice to the generality of such power, the Trustee may provide, not inconsistent with the provisions of the Trust Deed and the InvIT Regulations, for all or any of the following matters:
 - (a). manner of maintaining of the records and particulars of the Unitholders;
 - (b). norms of investment by the Trust in accordance with the investment objectives of the Trust and in accordance with the powers and authorities of the Trustee, as set out under the Trust Deed;
 - (c). matters relating to entrustment / deposit or handing over of any securities or SPVs of the Trust to any one or more custodians and the procedure relating to the holding thereof by the custodian;
 - (d). such other administrative, procedural or other matters relating to the administration or management of the affairs of the Trust and which matters are not by the very nature required to be included or provided for in the Trust Deed or by the management thereof;
 - (e). procedure for seeking the vote of the Unitholders either by calling a meeting or through postal ballot or otherwise; and
 - (f). procedure for summoning and conducting meetings of Unitholders.

The aforementioned power to make rules may be delegated by the Trustee to the Investment Manager subject to the InvIT Regulations and in terms of the Investment Management Agreement.

- (xxi). The Trustee shall cause the depository to maintain the depository register in accordance with the InvIT Documents and the InvIT Regulations.
- (xxii). The Trustee shall advise the Investment Manager in relation to the appointment of valuer, auditors, registrar and transfer agent, merchant bankers, custodian, credit rating agency and any other intermediary or service provider or agent, as may be applicable, with respect to the activities pertaining to the Trust, in a timely manner in accordance with the InvIT Regulations and applicable law. The Investment Manager shall ensure that the activities of, and the services provided by, any of the intermediaries are as per the provisions of the InvIT Regulations and the applicable law.
- (xxiii). The Trustee shall review the reports required in terms of the InvIT Regulations and applicable law, as submitted by the Investment Manager. In the event such reports are not submitted in a timely manner, the Trustee, after due follow-up with the Investment Manager shall intimate SEBI.
- (xxiv). The Trustee shall have the power to open one or more bank accounts for the purposes of the Trust, to deposit and withdraw money and fully operate the same, in accordance with the InvIT Documents and InvIT Regulations.
- (xxv). The Trustee shall have the power to take up with SEBI or with the stock exchange(s) as applicable, any matter which has been approved in any meeting of Unitholders, if the matter requires such action.
- (xxvi). The Trustee shall also have the following powers and authorities:
 - (a). to institute, conduct, compromise, compound, or abandon any legal proceedings for or on behalf of or in the name of the Trust or the Trustee, and to defend, compound or otherwise deal with any such proceedings against the Trustee or Trustee or its officers or concerning the affairs of the Trust, and also to compound and allow time for payment or satisfaction of any equity due and of any

- claims or demands by or against the Trust and observe and perform in relation to any decisions thereof;
 - (b). to make and give receipts, releases and other discharges for moneys payable to the Trust and for the claims and demands of the Trust;
 - (c). to enter into all such negotiations and contracts, and, execute and do all such acts, deeds and things for or on behalf of or in the name of the Trust as the Trustee may consider expedient;
 - (d). to sign, seal, execute, deliver and register according to law all deeds, documents, agreements, and assurances;
 - (e). to negotiate, sign, seal, execute and deliver the InvIT Documents, including but not limited to, any issue agreement, share purchase agreement, services agreement, deed of right of first offer, debenture subscription agreement, escrow agreement, underwriting agreement, loan documentation, offer document or any other deed, agreement or document in connection with the Trust or the Units, including any amendments, supplements or modifications thereto;
 - (f). take into their custody and/or control all the capital, assets, property of the Trust and hold the same in trust for the Unitholders in accordance with this Trust Deed, the InvIT Regulations and applicable law; and
 - (g). generally to exercise all such powers as it may be required to exercise under the InvIT Regulations and applicable law for the time being in force and do all such matters and things as may promote the Trust or as may be incidental to or consequential upon the discharge of its functions and the exercise and enforcement of all or any of the powers and rights under the Trust Deed.
- (xxvii). The Trustee may at any time, buy-back the Units from the Unitholders, subject to applicable law.
- (xxviii). For administrative and operational convenience, the Trustee may delegate to any committee or any other person, any powers set out above and the duties set out below or as available to It under the InvIT Regulations and applicable law, including *inter alia* management of the assets and investments of the Trust vested in it under this Trust Deed, taking investment decisions, issue, listing and allotment of Units and making distributions in accordance with the InvIT Regulations, provided, however, that the Trustee shall remain responsible and liable for any such persons' acts of commission or omission as determined by a court of competent jurisdiction whose decision is final, binding and non-appealable, except the roles and responsibilities delegated by the Trustee to the Investment Manager, Project Manager or any third party expert, or any sub-delegation by the Investment Manager or the Project Manager.

2. *Duties of the Trustee*

The Trustee shall perform its duties as required under the Trust Deed in accordance with the Indian Trusts Act, 1882 and the InvIT Regulations, including but not limited to:

- (i). The Trustee shall use best endeavours to carry on and conduct its business in a proper and efficient manner in the best interest of the Unitholders.
- (ii). The Trustee shall appoint an investment manager and project manager in accordance with the InvIT Regulations and applicable law.
- (iii). The Trustee shall, on behalf of the Trust, enter into the Investment Management Agreement with the Investment Manager.
- (iv). The Trustee shall ensure that the Investment Manager performs its obligations as specified below:
 - (a). The Trustee shall ensure that the Investment Manager complies with reporting and disclosure requirements in accordance with InvIT Regulations and in case of any delay or discrepancy, require the Investment Manager to rectify such delay or discrepancy on an urgent basis;
 - (b). The Trustee shall review the transactions carried out between the Investment Manager and its associates and where the Investment Manager has advised that there may be a conflict of interest, it shall obtain a certificate from a practising chartered accountant or valuer, as applicable, that such transaction is on arm's length basis;

- (c). The Trustee shall review the valuation report submitted by the Investment Manager;
 - (d). The Trustee shall require the Investment Manager to set up such systems and procedures and submit such reports to the Trustee, as may be necessary for effective monitoring of the functioning of the Trust; and
 - (e). The Trustee shall ensure that the Investment Manager convenes meetings of the Unitholders in accordance with the InvIT Regulations and oversee the voting by Unitholders. The Trustee shall ensure that the Investment Manager convenes meetings of Unitholders not less than one every year and the period between such meetings shall not exceed 15 months.
- (v). The Trustee shall provide SEBI and the stock exchange(s), where applicable, such information as may be sought by SEBI or by the stock exchange(s) pertaining to the activity of the Trust. The Trustee shall comply with intimation requirements under the InvIT Regulations and applicable law, including in relation to intimating SEBI in case of any discrepancy in the operation of the Trust with the InvIT Regulations and any offer document. The Trustee shall also immediately inform SEBI in case any act which is detrimental to the interest of the Unitholders is noted.
 - (vi). The Trustee shall at all times exercise due diligence in carrying out its duties and protecting the interests of the Unitholders.
 - (vii). The Trustee shall delegate all such powers to the Investment Manager and the Project Manager as may be required to carry out obligations under the Investment Management Agreement, Project Implementation and Management Agreement and applicable law.
 - (viii). The Trustee shall delegate all such powers to the Project Manager as may be required by the Project Manager to carry out its obligations under the Project Implementation and Management Agreement and under applicable law.
 - (ix). The Trustee shall obtain prior approval from the Unitholders in accordance with the InvIT Regulations before any change in, or change in control of, the Investment Manager due to removal or otherwise. In this regard, the Trustee shall also obtain prior approval from SEBI prior to any change in Investment Manager, in the event that such approval is required in terms of the InvIT Regulations. The Trustee shall, appoint a new investment manager in accordance with the InvIT Regulations and applicable law, in case of change in Investment Manager due to removal or otherwise, within the time period prescribed under the InvIT Regulations. The previous investment manager shall continue to act as such at the discretion of the Trustee until such time as the new investment manager is appointed. The Trustee shall ensure that the new investment manager shall stand substituted as a party in all the documents to which the earlier investment manager was a party. The Trustee shall also ensure that the earlier investment manager continues to be liable for all its acts of omissions and commissions for the period during which it served as investment manager, notwithstanding its termination.
 - (x). The Trustee shall appoint a new project manager in accordance with the InvIT Regulations and applicable law in case of change in Project Manager due to removal or otherwise. The Trustee shall appoint a new project manager within the time period prescribed under the InvIT Regulations. The Trustee may, either *suo moto* or based on the advice of the concessioning authority(ies) appoint an administrator in connection with an infrastructure project for such terms and on such conditions as it deems fit. The previous project manager shall continue to act as the project manager till such time as a new project manager is appointed. All costs and expenses in this regard will be borne by the new project manager. The Trustee shall ensure that the new project manager shall stand substituted as a party in all the documents to which the earlier project manager was a party. The Trustee shall also ensure that the earlier project manager continues to be liable for all its acts of omissions and commissions for the period during which it served as project manager, notwithstanding its termination.
 - (xi). The Trustee shall ensure that in case of change in control of the Project Manager, written consent is obtained from the concessioning authority(ies) in terms of the concession agreement(s), prior to such change, if applicable.
 - (xii). The Trustee shall ensure that subscription amount is kept in a separate bank account in name of the Trust and is only utilised for adjustment against allotment of Units or refund of money to the applicant till the time such Units are allotted in the case of an unlisted Trust or listed in the case of a listed Trust and the same will be utilised for objectives of the offering as will be mentioned in the relevant offer document.
 - (xiii). The Trustee shall cause the books of accounts of the Trust to be in accordance with the Trust Deed.

- (xiv). The Trustee shall ensure that all acts, deeds and things are done for the attainment of the Investment Objectives of the Trust and in compliance with the InvIT Regulations and applicable law and to secure the best interests of the Unitholders.
- (xv). The Trustee shall file such reports as may be required by SEBI or any other regulatory authority or as required under the InvIT Regulations and applicable law with regard to the activities carried on by the Trust.
- (xvi). The Trustee shall periodically review the status of the Unitholders' complaints and their redressal undertaken by the Investment Manager, in accordance with the InvIT Regulations.
- (xvii). The Trustee and its directors, officers, employees and agents shall at all times maintain the greatest amount of confidentiality as regards the activities and assets of the Trust and such other matters connected with them and the Trust generally and shall not disclose any confidential information to any other person, other than the Investment Manager, or the Project Manager, unless such information is required to be disclosed to some regulatory authority, court or any other person under any order of court or any law in force in India.
- (xviii). The assets and liabilities of the Trust shall at all times be segregated from the assets and liabilities of the Trustee and the assets and liabilities of other trusts managed by the Trustee. The assets held under the Trust shall be held for the exclusive benefit of the Unitholders and such assets shall not be subject to the claims of any creditor or person claiming under any other fund administered by the Trustee or by the Investment Manager, respectively.
- (xix). The Trustee shall ensure that the Investment Manager shall ensure that a detailed valuation is undertaken of the InvIT assets by a valuer at such intervals and in the manner as may be prescribed under the InvIT Regulations and applicable law. The Trustee shall ensure that the remuneration of the valuer is not linked to or based on the value of the asset being valued.
- (xx). The Trustee of the Trust shall not invest in Units of the Trust.
- (xxi). The Trustee shall fulfil its obligations in terms of the InvIT Regulations.
- (xxii). The Trustee shall ensure that the activity of the Trust is being operated in accordance with the provisions of the Trust Deed, the InvIT Regulations, applicable law and the InvIT Documents and in case of any discrepancy, it shall inform SEBI immediately in writing.
- (xxiii). The Trustee shall maintain records in accordance with the InvIT Regulations and applicable law.
- (xxiv). The Trustee shall wind up the Trust in accordance with the InvIT Regulations and applicable law. Upon winding up of the Trust, the Trustee shall surrender the certificate of registration to SEBI.

3. *Rights of the Trustee*

The Trustee shall have the following rights:

- (i). The Trustee may, in the discharge of its duties, act upon any advice obtained in writing from any bankers, accountants, brokers, lawyers, professionals, consultants, or other experts acting as advisers to the Trustee.
- (ii). Subject to applicable law, no Unitholder shall be entitled to inspect or examine the Trust's premises or properties (including any Holding Company and SPVs) without the permission of the Trustee, who shall give such permission, if necessary, in consultation with the Investment Manager. Further, no Unitholder shall be entitled to require discovery of any information respecting any detail of the Trust's activities or any matter which may relate to the conduct of the business of the Trust and which information may, in the opinion of the Trustee and the Investment Manager adversely affect the interest of the Unitholder.
- (iii). The Trustee shall be entitled to reimburse itself and shall be entitled to charge the Trust, and shall be entitled to be indemnified and be kept indemnified from the Trust and from any distributions made by the Trust to the Unitholders, with the expenses, outgoings, taxes, levies, and liabilities (including indemnity obligations of the Trust, if any).
- (iv). The Trustee may accept as sufficient evidence for the value of any investment or for the cost price or sale price thereof or for any other fact within its competence, a certificate by a valuer or any other professional person appointed by the Investment Manager for the purpose.

4. *Liabilities of the Trustee*

The liabilities of the Trustee in terms of the Trust Deed are as follows:

- (i). The Trustee shall only be chargeable for such monies, stocks, funds and securities as the Trustee shall have actually received and shall not be liable or responsible for any banker, broker, custodian or other person in whose hands the same may be deposited or placed, nor for the deficiency or insufficiency in the value of any investments of the Trust nor otherwise for any involuntary loss. Any receipt signed by the Trustee for any monies, stocks, funds, shares, securities, investment or property, paid, delivered or transferred to the Trustee under or by virtue of the Trust Deed or in exercise of the duties, functions and powers of the Trustee shall effectively discharge the Trustee or the person or persons paying, delivering or transferring the same therefrom or from being bound to see to the application thereof, or being answerable for the loss or misapplication thereof provided that the Trustee and such persons shall have acted in good faith, without negligence and shall have used their best efforts in connection with such dealings and matters.
- (ii). The Trustee shall not be under any liability on account of anything done or omitted to be done or suffered by the Trustee in good faith in accordance with, or in pursuance of any request or advice of the Investment Manager.
- (iii). The Trustee shall not be under any obligation to institute, acknowledge the service of, appear in, prosecute or defend any action, suit, proceedings or claim in respect of the provisions hereof or in respect of the InvIT Assets or any part thereof or any corporate action which in its opinion would or might involve it in expense or liability unless the Investment Manager shall so request in writing and the Trustee is satisfied that the value of the investment is sufficient to provide adequate indemnity against costs, claims, damages, expenses or demands to which it may be put as Trustee as a result thereof. The costs in relation to such action, suit, proceedings or claims (whether undertaken upon request of Investment Manager or otherwise) incurred by the Trustee in connection with or arising out of the Trust, shall be borne by the Trust.
- (iv). The Trustee shall not be liable in respect of any action taken or damage suffered by it on reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganization or (without being limited in any way by the foregoing) other paper or document believed to be genuine and to have been passed, sealed or signed by appropriate authorities or entities.
- (v). The Trustee shall not be liable to the Unitholders for doing or failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (which legally or otherwise) it shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of these presents the Trustee shall not be under any liability therefore or thereby.
- (vi). The Trustee shall not be responsible to any Unitholder for the authenticity of any signature affixed to any document or be, in any way, liable for any forged or unauthorized signature on or for acting upon or giving effect to any such forged or unauthorized signature. The Trustee shall be entitled but not bound to require that the signature of any Unitholder to any document required to be signed by him under or in connection with these presents shall be verified to the Trustee's reasonable satisfaction.
- (vii). If the Trustee is required by the InvIT Regulations or any other applicable law to provide information regarding the Trust or the Sponsor or the Unitholders, the investments made by the Trust and income therefrom and provisions of these presents and complies with such request in good faith, whether or not it was in fact enforceable, the Trustee shall not be liable to the Unitholders or to any other party as a result of such compliance or in connection with such compliance.
- (viii). The Trustee shall not incur any liability for any act or omission or (as the case may be) failing to do any act or thing which may result in a loss to a Unitholder (by reason of any depletion in the value of the InvIT Assets or otherwise), except in the event that such loss is a direct result of fraud, gross negligence or wilful default on the part of the Trustee or results from a breach by the Trustee of this Trust Deed, as determined finally by a court of competent jurisdiction.
- (ix). If the Trustee engages any external advisors or experts (in accordance with the Trust Deed), to discharge its obligations under the Trust Deed, or undertakes any work (in consultation with the Investment Manager, in the interest of the Unitholders) which is not covered within the scope of work of the Trustee and such additional work is beyond the obligations of the Trustee under applicable law, the Trustee shall be entitled to recover such costs, charges and expenses which the Trustee may incur in this regard, from the funds of

the Trust. The Trustee will not be required to utilize funds held by the Trustee for any other trust for which Axis Trustee Services Limited is appointed as a trustee, for discharging its obligations as the Trustee under this Trust Deed.

- (x). The liability of the Trustee shall be limited to the extent of the fee received by it, in all circumstances whatsoever except (a) in case of any negligence or misconduct or fraud on the part of the Trustee; or (b) failure to show the degree of care and diligence required under the Indian Trusts Act, 1882 while carrying out the duties of the Trustee described herein, in each case as may be determined finally by a court of competent jurisdiction.

5. *Term, discharge and removal of the Trustee and appointment of new Trustee*

- (i). The Trustee shall hold the office of the Trustee until the dissolution of the Trust or the discharge of the Trustee, whichever is earlier.
- (ii). The Trustee shall stand discharged as the Trustee of the Trust on the happening of any of the following events:
 - (a). The board of directors of the Trustee passes a resolution for the Trustee to be voluntarily wound up or any order of winding up against the Trustee is passed by any court of competent jurisdiction, in which case the Sponsor shall, within 90 business days of the notice appoint a new trustee;
 - (b). In the event that the Trustee desires to resign, it may submit its resignation to the Investment Manager and all the Unitholders setting out reasons for the same and may nominate a new trustee, which has consented in writing to serve as the new trustee. The Unitholders with required majority (as set out in the InvIT Regulations) may approve the aforesaid resignation. A new trustee may be appointed in its place by execution of a deed of appointment between the Investment Manager (acting on behalf of the Unitholders) and the new trustee, to hold office in its place from the date of acceptance of the resignation. The date of acceptance of the Trustee's resignation shall be deemed to be the date of discharge of the Trustee. On such appointment, the InvIT shall vest with the new trustee;
 - (c). If SEBI or any other governmental or regulatory authority passes a direction to remove the Trustee; or
 - (d). Post listing of Units on a recognised stock exchange, the Unitholders may by passing a resolution with required majority as set out in the InvIT Regulations, remove the Trustee if the Unitholders have sufficient reason to believe that the acts of the Trustee are detrimental to the interests of the Unitholders. Upon such removal, a new trustee may be appointed as the trustee of the InvIT as prescribed in the InvIT Regulations.

Provided that the Trustee shall, upon it becoming aware, promptly intimate the Trust of any event or potential event which may result in any of the foregoing events set out above.

- (iii). In any event, the Trustee shall not be discharged unless a new trustee is appointed in its place and on such appointment of a new trustee the Trustee shall be deemed to have vacated office as Trustee of the Trustee.
- (iv). The Trustee shall continue to be responsible and liable for all its past acts and deeds, whether by way of commission or omission, subject to the indemnity of the Trustee as provided in the Trust Deed, during its tenure as Trustee. Every new trustee shall have the powers, authorities and discretion, and shall in all respects act and be liable as if originally appointed as a Trustee under the Trust Deed.

6. *Provisions relating to Unitholders*

- (i). The aggregate liability of each Unitholder shall be limited to making the Capital Contribution payable by it in respect of the Units subscribed by it. The Unitholders shall not be responsible or liable, directly or indirectly, for acts, omissions or commissions of the Trustee, the Investment Manager, the Sponsor, or any other person, whether or not such act, omission or commission, has been approved by the Unitholders in accordance with the InvIT Regulations or not.
- (ii). Each Unit allotted to the Unitholders shall have one vote for any decisions requiring a vote of Unitholders.
- (iii). No Unitholder shall enjoy preferential voting or any other rights over another Unitholder subject to subordinate Units being issued to the Sponsor and its Associates, as defined in the Trust Deed, where such subordinate Units shall carry only inferior voting or any other rights compared to other Units, in accordance with the InvIT Regulations and Applicable Law.

- (iv). In no event shall the Trustee or the Investment Manager be bound to make payment to any Unitholder, except out of the funds held by it for that purpose under the provisions of the Trust Deed.
- (v). A Unitholder whose name and account details are entered in the depository register shall be the only person entitled to be recognised by the Trustee as having a right, title, interest in or to the Units registered in his name and the Trustee shall recognise such holder as an absolute owner and shall not be bound by any notice to the contrary and shall also not be bound to take notice of or to see to the execution of any trust, express or implied, save as expressly provided or as required by any court of competent jurisdiction to recognise any trust or equity or interest affecting the title of the Units.
- (vi). The Unitholders shall not give any directions to the Trustee or the Investment Manager (whether in a meeting of Unitholders or otherwise) if it would require the Trustee or the Investment Manager to do or omit doing anything which may result in:
 - (a). the Trust or the Trustee, in its capacity as the trustee of the Trust, or the Investment Manager, in its capacity as the investment manager of the Trust, ceasing to comply with applicable law;
 - (b). interference with the exercise of any discretion expressly conferred on the Trustee by the Trust Deed or the Investment Manager by the Investment Management Agreement, or the determination of any matter which requires the agreement of the Trustee or the Investment Manager, provided that nothing shall limit the right of the Unitholder to require the due administration of the Trust in accordance with the Trust Deed.
- (vii). The depository register shall (save in case of manifest error) be conclusive evidence of the number of Units held by each depositor and in the event of any discrepancy between the entries of the depository register and any statement issued by the depository, the entries in the depository register shall prevail unless the depositor proves to the satisfaction of the Trustee and the depository that the depository register is incorrect.
- (viii). The Unitholders shall have the right to call for certain matters to be subject to their consent, in accordance with the InvIT Regulations and applicable law.
- (ix). The Unitholders may, in accordance with the provisions of the InvIT Documents and applicable law, transfer any of the Units to an investor where such investor accepts all the rights and obligations of the transferor and the Trustee or the Investment Manager shall give effect to such transfer in accordance with applicable law.
- (x). No Person, other than the Sponsor, its related parties and associates (“**Investor**”) shall acquire Units, which when taken together with Units held by the Investor and by persons acting in concert with the Investor exceeds 25% (twenty five percent) of the value of the outstanding Units unless prior approval of the Unitholders is obtained in accordance with the InvIT Regulations. In the event such approval is not received, the Investor shall provide an exit option to the dissenting Unitholders in terms of the InvIT Regulations and in the manner specified by SEBI.
- (xi). The Trustee shall and shall ensure that the Investment Manager obtains the consent of the Unitholders for the matters prescribed under the InvIT Regulations in accordance with the provisions of the InvIT Regulations.

7. *Indemnity*

In addition to the fees, distributions and expense reimbursements herein described, the InvIT Assets shall be utilized to indemnify and hold harmless the Trustee, the Sponsor and any of their respective officers, directors, shareholders, sponsors, partners, members, employees, advisors and agents (“**Indemnified Parties**”) from and against any claims, losses, costs, damages, liabilities and expenses, including legal fee (“**Losses**”) suffered or incurred by them by reason of their activities on behalf of the Trust, unless such Losses resulted from fraud, gross negligence, willful default or willful misconduct or breach of any obligations or duties under applicable law by the relevant Indemnified Party, as determined finally by a court of competent jurisdiction.

8. *Termination*

The Trust is subject to dissolution and termination in accordance with and subject to the InvIT Regulations and applicable law:

- (i). if the Trust fails to make any offer of Units, whether by way of public issue or private placement, within the

time period stipulated in the InvIT Regulations or any other time period as specified by SEBI, the Trust shall surrender its certificate to SEBI and cease to operate as an investment infrastructure trust, unless the period is extended by SEBI;

- (ii). upon the liquidation of InvIT Assets;
- (iii). if there are no projects remaining under the Trust and the Trust does not invest in any project for six months thereafter;
- (iv). delisting of the Units in accordance with the InvIT Regulations; or
- (v). illegality of the Trust.

C. The Investment Manager – Shrem Financial Private Limited

History and Certain Corporate Matters

Shrem Financial Private Limited is the Investment Manager for the Trust. The Investment Manager was originally incorporated under the Companies Act, 1956 as Yogita Multitrade Private Limited on August 17, 2010 at Mumbai, with corporate identity number U51101MH2010PTC206680. Subsequently, the name of the Investment Manager was changed to Shrem Financial Private Limited. A fresh certificate of incorporation consequent to the change in name of the Investment Manager was issued by the RoC on August 14, 2013. The Investment Manager's registered office is situated at 1101, Viraj Towers, Junction off Andheri Kurla Road, W.E. Highway near Land Mark Building, Andheri (E), Mumbai 400 069.

Background of the Investment Manager

The Investment Manager is held by the Chhatwal Group Trust, with Nitán Chhatwal and Hitesh Chhatwal as the beneficial owners. The Chhatwal Group Trust holds 99.90% of the equity share capital of the Investment Manager.

The principal business of the Investment Manager in terms of its memorandum of association is to:

- (a). carry on the business of a 'Core Investment Company' as defined by Reserve Bank of India Act, 1934 and subject to the provisions/ directives/ notifications of Reserve Bank of India for investment in equity shares, preference shares, bonds, debentures, debt or loans in group companies including trade through block sale for the purpose of dilution and disinvestment, investment in bank deposits, money market instruments including money market mutual funds, government securities, and bonds or debentures issued by group companies, granting of loans to group companies, issuing guarantees on behalf of group companies except not to carry on any other financial activity referred to in section 45-I(C) and 45-I(F) of the Reserve Bank of India Act, 1934 and not to trade in its investments in shares, bonds, debentures, debt or loans in group companies; and
- (b). to carry on the business of acting as investment manager, investment adviser, trustee, settlor, sponsor, promoter, portfolio manager, manager, administrator, attorney, agent, consultant, representative or nominee of or for any investment funds, unit trusts, private equity funds, debt funds, mutual funds, venture capital funds, alternative investment funds, hedge funds, collective investment schemes, taxable or tax exempt funds, trusts, pooled investment vehicles, special purpose vehicles, infrastructure investment trusts, real estate investment trusts, or any other portfolio of securities, properties and/or assets of any kind, including any pension, provident fund or superannuation fund set up, formed or established in India or in any other country by the Company or by any other person including bodies corporate, limited liability partnerships, partnerships, trusts, societies, associations of persons, or by government, state, local authority, institute (whether incorporated or not) of any other agency or organization with respect to any class of assets, and to thereby settle, administer, manage and deploy funds, acquire, take up, manage, invest, hold, sell, deal or dispose of all or any property, investments, securities or other assets of any kind whatsoever.

The Investment Manager has been engaged in the infrastructure business since 2011. The Investment Manager, through its erstwhile subsidiary, Shrem Resort Private Limited (now Zon Hotels Private Limited), developed the Novotel Goa Shrem Hotel and the Grand Mercure Goa Shrem Resort between January 2011 – September 2017. It successfully operated the two hotels until September 2017 and subsequently sold the hotels and the Investment Manager subsequently divested its entire shareholding in Shrem Resort Private Limited (now Zon Hotels Private Limited).

Further, as a director of the Sponsor, he has also been involved in the acquisition of 24 road projects with a total project cost of approximately ₹ 9,830 crores from DBL in 2017, and continues to be involved in strategic activities relating to the road projects acquired and operated by the Holdcos. Accordingly, Shyam Sunder Malani has approximately five years and six months of experience in the infrastructure sector. Prior to joining the Sponsor, he was associated with Viraj Profiles Limited as manager – finance. He is on the board of directors of several companies including DBL Hirekerur Ranibennur Tollways Limited, DBL Hassan Periyapatna Tollways Limited, DBL Mahagaon Yavatmal Highways Private Limited, DBL Yavatmal Wardha Highways Private Limited, DBL Wardha Butibori Highways Private Limited, DBL Lucknow Sultanpur Highways Limited, DBL Bankhlafata-Dogawa Tollways Limited, DBL Tikamgarh-Nowgaon Tollways Limited, DBL Ashoknagar-Vidisha Tollways Limited and DBL Mundargi Harapanahalli Tollways Limited. Additionally, he is also associated with Avyukta Investments and Advisors LLP in the capacity of a designated partner.

3. **Mr S.L. Kothari** joined the Investment Manager on November 1, 2020 as director – finance, risk and compliance. He holds a bachelor’s degree in science from M.L.V. Government (Autonomous) College, Bhilwara, and is a company secretary, as well as a member of the Institute of Chartered Accountants of India. Prior to joining the Investment Manager, he served in the following organisations:
 - He served in Sanjana Cryogenic Storages Limited as chief financial officer (“**CFO**”) for 9 years and four months from July 1999 till November 2008. During his tenure, he was involved in the following:
 - setting up of 1x10,000 metric tonnes of ammonia storage facilities for Indo Gulf Corporation Limited;
 - setting up of 1x10,000 metric tonnes of cryogenic storage facilities for Hind Lever Chemicals; and
 - setting up of 8.6 mega watt wind power projects.
 - He was appointed as the chief financial officer – finance & accounts of Kewal Kiran Clothing Limited in November 2008 and was serving with Kewal Kiran Clothing Limited up to October 2015;
 - Shalby Limited (“**Shalby**”), a leading chain of multi-specialty hospitals, as CFO for 2.5 years from April 2016 to August 2018; and
 - He served at MBL Infrastructures Limited as the “group CFO and executive director – finance and commercial”, from August 2018 till July 2019.

Accordingly, Mr. S.L. Kothari has approximately 13 years of experience in the infrastructure sector.
4. **Mr. Naresh Lohiya** joined Shrem Roadways Private Limited in December 2017 in the capacity of deputy general manager (accounts) and was internally transferred to the Investment Manager in September 2020 as general manager (accounts and finance). He has been handling the accounts and taxation of the 24 Project SPVs and the three Holdcos. Previously, he has worked with Supreme Infrastructure India Limited (“**SIIL**”) as senior manager (accounts) from July 2007 to November 2017. SIIL is engaged in construction and development of roads, highways, buildings and bridges. Accordingly, Naresh Lohiya has approximately thirteen years and three months of experience in the infrastructure sector.
5. **Mr. Abhimanyu Chauhan** joined Shrem Roadways Private Limited in August 2018 as toll – operations head and was internally transferred to the Investment Manager in November 2020. He has been handling the operation and maintenance of Jalpa Devi Tollways Limited having two toll plazas. He holds a bachelor’s degree in arts from Maharshi Dayanand University, Rohtak. He also holds a certification from NSCE Computer Education, Narela. Previously, he worked with Intertoll ICS Cecons O&M Company Private Limited (a multi-national corporation) as a toll collector from August 2002 to 2008. From August 2010 to April 2012, he joined Pink City Expressway Private Limited, a joint venture of M/S Emirates Trading Agency LLC and M/S KMC Constructions Limited as a “lane supervisor”, and was also promoted as a “toll supervisor”. He joined Nagarjuna Construction Company Infra Limited, having a project named Western UP Tollways Limited in Meerut at national highway-58, as an assistant plaza manager, from April 2012 to October 2015. During his tenure, he was promoted as deputy plaza manager. He worked with Sadbhav Infrastructure Projects Limited from October 2015 to August 2018 as “plaza manager” in a special purpose vehicle named Rohtak Panipat Tollway Private Limited with two toll plazas. Accordingly, Mr. Abhimanyu Chauhan has approximately 16 years and eight months of experience in the infrastructure sector.
6. **Mr. Vaibhav Joshi** joined the Investment Manager in November 2020 in the capacity of senior technical manager. He has been overseeing maintenance and other technical activities of the 24 Project SPVs. He holds a bachelor’s degree in technology (civil engineering), from Rajasthan Technical University, Kota. He has also worked with L&T Infrastructure Development Projects Limited from September 2017 to May 2018, as a maintenance engineer. He has also worked as assistant manager (technical) at Patil Rail Infrastructure Private Limited from July 2014 to August 2017. Accordingly, Mr. Vaibhav Joshi has approximately six years and nine months of experience in the infrastructure sector.
7. **Mr. Tapan Kumar Raut** joined Shrem Roadways Private Limited in the capacity of manager – accounts, and was internally transferred to the Investment Manager in November 2020 as manager – accounts. He has been handling the accounts of the 24 road projects and the three Holdcos. Previously, he had worked with Meka Dredging Company Private Limited (“**Meka Dredging**”) as an assistant manager – accounts, from December 2011 to April 2019. Meka Dredging is engaged in both capital dredging and maintenance dredging. Accordingly, Mr. Tapan Kumar has approximately eight years and eight months of experience in the infrastructure sector.

Key Terms of the Investment Management Agreement

The Investment Manager has entered into the Investment Management Agreement, in terms of the InvIT Regulations, the key terms of which, are provided below.

1. *Powers of the Investment Manager*

The Investment Manager has been provided with various powers under the Investment Management Agreement in accordance with the InvIT Regulations, including but not limited to:

- (i). The Investment Manager shall take all decisions in relation to the management and administration of InvIT Assets and the investments of the Trust as may be incidental or necessary for the advancement or fulfilment of the Investment Objectives of the Trust in accordance with the InvIT Regulations and other applicable law.
- (ii). The Investment Manager shall, subject to such approval as may be required from the Unitholders, make the investment decisions with respect to the underlying assets or projects of the Trust, including any further investments or divestments, subject to InvIT Regulations and in accordance with the offer document and in this regard is also empowered to do the following acts on behalf of the Trust including:
 - (a). acquire, hold, manage, trade and dispose of shares, stocks, convertibles, debentures, bonds and other equity or equity-related securities and other debt or mezzanine securities of all kinds issued by any SPVs, infrastructure projects in India, whether in physical or dematerialised form, including power to hypothecate, pledge or create encumbrances of any kind on such securities held by the Trust in such Holding Companies, and/or SPVs, or infrastructure projects to be used as collateral security for any borrowings by the Trust;
 - (b). keep the capital and monies of the Trust in deposit with banks or other institutions, whatsoever;
 - (c). accept contributions;
 - (d). collect and receive the profit, interest, repayment of principal of debt or debt like, or equity or equity like, mezzanine securities, dividend, return of capital of any type by the Holding Companies, or SPVs, or infrastructure projects and income of the Trust as and when the same may become due and receivable;
 - (e). invest in securities or in units of mutual funds in accordance with the InvIT Regulations and other applicable law;
 - (f). invest in money market instruments including government securities, treasury bills, certificates of deposit and commercial papers in accordance with applicable law;
 - (g). to give, provide and agree to provide to any Holding Companies, or SPVs financial assistance in the form of investment in the Trust's debt securities or share capital of any class including ordinary, preference, participating, non-participating, voting, non-voting or other class, and in the form of investment in securities convertible into share capital; and
 - (h). to invest, acquire, purchase, hold, divest, sale, hypothecate, pledge or otherwise transfer land and building and immovable property of any kind including any rights and interest therein.
- (iii). The Investment Manager along with the Trustee shall appoint a Project Manager for the Trust, by execution of the Project Implementation and Management Agreement.
- (iv). The Investment Manager shall oversee activities of the Project Manager with respect to compliance with the InvIT Regulations and the Project Implementation and Management Agreement and in terms of the InvIT Regulations and applicable law. The Investment Manager shall obtain a compliance certificate from the Project Manager on a quarterly basis or such other intervals as may be prescribed.
- (v). The Trustee authorizes the Investment Manager to do all such other acts, deeds and things as may be incidental or necessary for the advancement or fulfilment of the investment objectives of the Trust, as set out in the offer document.
- (vi). The Investment Manager shall have the power to issue and allot Units in accordance with the InvIT Regulations and within such time period as may be prescribed under applicable law. The Investment Manager shall have the power to accept subscriptions to Units of the Trust and issue and allot Units to Unitholders or such other persons and undertake all related activities under applicable law. The Investment Manager shall also have the power to refund subscription money and pay necessary interest thereon, in accordance with applicable law. Further, the Investment Manager shall, subject to and only in accordance with the terms of the InvIT Documents and applicable law, have the power to transfer the Units. The power of the Investment Manager is subject to the condition that no person, other than the Sponsor, its related parties and associates

("Investor") shall acquire Units, which when taken together with Units held by the Investor and by persons acting in concert with the Investor exceeds 25% (twenty five percent) of the value of the outstanding Units unless prior approval of the Unitholders is obtained in accordance with the InvIT Regulations. In the event such approval is not received, the Investor shall provide an exit option to the dissenting Unitholders in terms of the InvIT Regulations and in the manner specified by SEBI.

- (vii). The Investment Manager shall cause the depository to maintain a depository register.
- (viii). The Investment Manager shall make such reserves out of the income or capital as it may deem proper, and any directions of the Trustee in this behalf whether made in writing or implied from their acts shall, so far as the applicable law may permit, be conclusive and binding. Any distribution made from such reserves shall be in accordance with the InvIT Regulations.
- (ix). The Investment Manager shall have the power to cause the Trust to borrow funds, including any subordinated equity, bonds or other fund from any person or authority (whether government or otherwise, whether Indian or overseas) for the purpose of the Trust and the InvIT Assets on such terms and conditions and for such periods subject to any approval of the Unitholders in accordance with and as may be required in terms of the InvIT Regulations and applicable law in case of a listed Trust. In the event that the Trust is unlisted such power of the Investment Manager shall be subject to the provisions of the Trust Deed. The Investment Manager shall also have the power to cause the Trust to create encumbrances of any kind on the InvIT Assets as collateral security for any such borrowings.
- (x). The Investment Manager shall have the power to exercise all rights of the Trust in the InvIT Assets, including voting rights, rights to appoint directors, whether pursuant to securities held by it, or otherwise, in such manner as it deems to be in the best interest of the Trust, and in accordance with the InvIT Regulations and applicable law. Additionally, if the Trust has invested in infrastructure projects through the Holding Company or SPVs, then the Investment Manager, in consultation with the Trustee, shall appoint the majority of the directors of the Holding Company(ies) or the SPV(s), in accordance with the applicable law, as well as ensure that in every general meeting including the annual general meeting of any SPV or holding company, the voting of the Trust is exercised, in accordance with the InvIT Regulations and applicable law.
- (xi). The Investment Manager may use the services of external advisors and rely on the information provided in the due diligence process of assessing investment proposals as it deems necessary in its sole discretion.
- (xii). The Investment Manager shall have the power to employ and pay at the expense of the Trust, any agent in any jurisdiction whether attorneys, solicitors, brokers, banks, trust, companies or other agents, without being responsible for the default of any agent if employed in good faith to transact any business, including without limitation, the power to appoint agents to raise funds, or do any act required to be transacted or done in the execution of the responsibilities hereof including the receipt and payment of moneys and the execution of documents.
- (xiii). The Investment Manager may appoint any custodian in order to provide custodian services, and may permit any property comprised in the Trust to be and remain deposited with a custodian or with any person or persons in India or in any other jurisdiction subject to such deposit as authorised by the Trustee and permissible under the applicable law.
- (xiv). The Investment Manager, in consultation with the Trustee, shall appoint and have the power to appoint, determine the remuneration and enter into, execute, deliver and terminate all documents and agreements, any contracts, agreements, including share purchase agreement, deed of right of first offer and refusal, escrow agreements, debt documentation, underwriting agreements and other InvIT Documents, any investment pooling agreement, agreement relating to strategic investments, co-investment agreements and other any and all documents and instruments containing customary terms including any amendments or supplements thereto as may be applicable with respect to the activities pertaining to the Trust in a timely manner as per the provisions of the InvIT Regulations and applicable law. The Investment Manager shall appoint an auditor for a period of not more than five consecutive years or such period as provided in the InvIT Regulations. The Investment Manager shall have the power to determine the remuneration of the auditors in consultation with the Trustee. Provided that in the event the Investment Manager is required to take any approval of the Unitholders for approval of remuneration of the auditors or appointment of the auditors, the same shall be obtained in accordance with the requirements as set out in the InvIT Regulations. The Investment Manager shall also have the power to determine the remuneration of the valuer. The remuneration of the valuer shall not be linked to or based on the value of the InvIT Assets being valued.
- (xv). The Investment Manager shall have the power and duty to pay all such duties, fee or taxes (and any interest or penalty chargeable thereon) as well as to create any reserves for future potential tax liability (and any such

interest or penalty) out of the Trust's income, in accordance with applicable law. No Unitholder will be required to make a contribution as a capital commitment to the Trust (other than the issue price for Units allotted). The Investment Manager shall exercise due care and prudence in payment of duties and taxes of the Trust and shall endeavour to ensure that there are no material outstanding dues in that behalf, except for any claim or demand made by any tax department or authority subsequently, or any amounts disputed in good faith.

- (xvi). The Investment Manager shall have the power to pay Trust expenses out of the funds of the Trust, or from any or all of the InvIT Assets, in such proportion as may be determined from time to time, and the Investment Manager shall be entitled to reimbursement of any such expenditure duly incurred.
- (xvii). The Investment Manager shall have the power to take the opinion of legal / tax counsel in any jurisdiction concerning any difference arising under the Investment Management Agreement or any matter in any way relating to the Investment Management Agreement or to its duties in connection with the Investment Management Agreement.
- (xviii). Subject to applicable law, the Investment Manager shall have the power to:
 - (a). accept any property before the time at which it is transferable or payable;
 - (b). pay or allow any equity or claim on any evidence that it thinks sufficient;
 - (c). accept any composition or any security, movable or immovable, for any equity or other property;
 - (d). allow any time for payment of any equity; and
 - (e). subject to such approval as may be required from the Unitholders, compromise, compound, abandon, submit to arbitration or otherwise settle any equity account, claim or thing whatsoever relating to the Trust or the Investment Management Agreement.
- (xix). Subject to the conditions laid down in any offer document and applicable law, the Investment Manager may retain the invested capital portion of any proceeds received by the Trust from any Holding Company or SPV.
- (xx). The Investment Manager may make rules to give effect to, and carry out the Investment Objectives, subject to applicable law. In particular, and without prejudice to the generality of such power, the Investment Manager may provide for all or any of the following matters, namely:
 - (a). manner of maintaining of the records and particulars of Unitholders;
 - (b). norms of investment by the Trust in accordance with the Investment Objectives of the Trust and in accordance with the powers and authorities of the Trustee as set out in the Trust Deed;
 - (c). matters relating to entrustment, deposit or handing over of any securities or SPVs of the Trust to any one or more custodians and the procedure relating to the holding thereof by the custodian;
 - (d). such other administrative, procedural or other matters relating to the administration or management of the affairs of the Trust and which matters are not, by their very nature, required to be included or provided for in the Trust Deed or by the management thereof and which matters are not inconsistent with the Investment Objectives;
 - (e). procedure for seeking the vote of the Unitholders either by calling a meeting or through postal ballot or otherwise; and
 - (f). procedure for summoning and conducting of meetings of Unitholders.
- (xxi). Subject to applicable law, no Unitholder shall be entitled to inspect or examine the Trust's premises or properties without the prior permission of the Investment Manager. Further, no Unitholder shall be entitled to require discovery of any information with respect to any detail of the Trust's activities or any matter which may be related to the conduct of the business of the Trust and which information may, in the opinion of the Investment Manager, adversely affect the interest of other Unitholders.
- (xxii). In the event the Trust is listed, the Investment Manager may buyback the Units from the Unitholders at the end of the term of the Trust or any other time or in any other manner in accordance with applicable law, if so directed by the Trustee.

- (xxiii). The Investment Manager shall provide the Trustee with advice and recommendations regarding the extension of loans from the Trust to the holding company and SPV and also subscription to debt securities or quasi-debt securities or any similar kind of securities issued by the Holding Company and SPV from the Trust or extension of loans from the Trust in compliance with applicable law.
- (xxiv). The Investment Manager shall also have the following powers and authorities:
- (a). to institute, conduct, compromise, compound, or abandon any legal proceedings for or on behalf of or in the name of the Trust, and to defend, compound or otherwise deal with any such proceedings against the Trust or the Investment Manager or their officers or concerning the affairs of the Trust, and also to compound and allow time for payment or satisfaction of any equity due and of any claims or demands by or against the Trust and to refer any differences to arbitration and observe and perform any awards thereof;
 - (b). to make and give receipts, releases and other discharges for moneys payable to the Trust and for the claims and demands of the Trust;
 - (c). to enter into all such negotiations and contracts, and, execute or terminate and do all such acts, deeds and things for or on behalf of or in the name of the Trust as it may consider expedient for or in relation to any of the matters or otherwise for the purposes of the Trust;
 - (d). to ascertain, appropriate, declare and distribute or reinvest the surplus generally or under the Trust, to determine and allocate income, profits and gains in respect of the Trust to and amongst the Unitholders, to carry forward, reinvest or otherwise deal with any surplus and to transfer such sums, as it may deem fit, to one or more reserve funds which may be established by it;
 - (e). to open one or more bank accounts and demat accounts for the purposes of the Trust, to deposit and withdraw money, and fully operate and manage any such account fully;
 - (f). to sign, seal, execute, deliver and register according to applicable law all deeds, documents, and assurances in respect of the Trust;
 - (g). pay out of the income of the Trust, after deducting all expenses, the income and other distributions in accordance with the InvIT Regulations and applicable law;
 - (h). take into their custody or control all the capital, assets, property of the Trust and hold the same in trust for the Unitholders in accordance with the Trust Deed, applicable law and the InvIT Regulations;
 - (i). generally to exercise all such powers as it may be required to exercise under the InvIT Regulations and applicable law for the time being in force and do all such matters and things as may promote the Investment Objectives of the Trust or as may be incidental to or consequential upon the discharge of its functions and the exercise and enforcement of all or any of the powers and rights under the Investment Management Agreement, applicable law and the InvIT Regulations;
 - (j). in accordance with applicable law, together with the Trustee, initiate, prosecute or defend any action or other proceedings in any court of law or through arbitration or in any other manner for recovery of debts or sums of money, right, title or interest, property, claim, matter or thing whatsoever now or hereafter to become due or payable or in any way and belonging to the Trust by any means or on any account whatsoever in respect of and pertaining to the investments made by it and the same actions or proceedings or suits to discontinue or settle, as it shall in its best judgment or discretion deem fit;
 - (k). to issue statement of accounts or Unit certificates (if requested) to the Unitholders on behalf of the Trustee in accordance with applicable law. To submit Units for dematerialisation and to make all applications and execute all documents with the depositories and depository participants as may be necessary in this regard;
 - (l). to set up such systems and procedures, and submit such reports, as may be required by the Trustee as necessary for effective monitoring of the functioning of the Trust.

2. *Duties of the Investment Manager*

The Investment Manager shall perform its duties as required under the Investment Management Agreement in accordance with the InvIT Regulations, including but not limited to:

- (i). The Investment Manager shall use best endeavours to carry on and conduct its business in a proper and efficient manner in the best interest of the Unitholders. Further, it shall at all times exercise due diligence in carrying out its duties and protecting the interest of the Unitholders.
- (ii). The Investment Manager shall coordinate with the Trustee, as may be necessary, with respect to the operations of the Trust.
- (iii). The Investment Manager shall appoint an eligible Valuer and ensure that the valuation of the InvIT Assets is done by the valuer(s) in accordance with the InvIT Regulations and at the frequency as required under the InvIT Regulations. The Investment Manager shall submit the valuation reports to the Trustee as required under the InvIT Regulations and within the timelines prescribed in the InvIT Regulations. In the event the Trust is listed, the Investment Manager shall also submit the valuation reports to the stock exchange(s) in accordance with the InvIT Regulations and applicable law.
- (iv). The Investment Manager shall arrange for adequate insurance coverage for the InvIT Assets in accordance with the InvIT Regulations. The Investment Manager shall ensure that InvIT Assets held by the holding companies or the SPVs are adequately insured.
- (v). The Investment Manager shall maintain proper books of accounts, documents and records with respect to the Trust, to give a true, fair and accurate account of the investments, expenses, earnings, profits etc. of the Trust. The financial year of the Trust shall begin from the date of the Trust Deed and shall end on the immediately succeeding 31st of March and on the 31st of March in each succeeding year, unless otherwise determined. The Investment Manager shall ensure that audit of the accounts of the Trust by the auditors is undertaken in accordance with the InvIT Regulations and such report is submitted to the stock exchange(s) within the time stipulated by the stock exchange(s), if any, and in accordance with the InvIT Regulations.
- (vi). The Investment Manager shall declare distributions to Unitholders in accordance with the InvIT Regulations. Subject to applicable law, such percentage of the net distributable cash flows of the SPVs shall be distributed to the Trust in terms of the InvIT Regulations. Such declared distributions shall be made within the time period prescribed by the InvIT Regulations.
- (vii). The Investment Manager shall convene meetings of the Unitholders and maintain records pertaining to the meetings in accordance with the InvIT Regulations.
- (viii). The Investment Manager shall intimate the Trustee prior to any change in control of the Investment Manager to enable the Trustee to seek prior approval from the Unitholders as required in accordance with the InvIT Regulations, and prior approval from SEBI, if required under applicable law, and shall ensure that no such change is given effect to until such prior approval has been obtained, or the Investment Management Agreement is terminated and a new investment manager has been appointed in accordance with the Investment Management Agreement, or in compliance with any other requirement under the InvIT Regulations and applicable law.
- (ix). The Investment Manager will monitor the Trust, including monitoring current and projected financial position of the Trust and the InvIT Assets, including the SPVs. The Investment Manager shall place before its board of directors, a report on the activity and performance of the Trust, in accordance with the InvIT Regulations. The Investment Manager shall designate an employee or a director as the compliance officer for monitoring of compliance with the InvIT Regulations and any circulars or guidelines issued thereunder and intimating SEBI in case of non-compliance.
- (x). The Investment Manager shall maintain records pertaining to the activity of the Trust in terms of the InvIT Regulations.
- (xi). The Investment Manager shall manage the Trust in accordance with the InvIT Regulations and the Investment Objectives of the Trust, and shall ensure that the investments made by the Trust are in accordance with the investment conditions enumerated in the InvIT Regulations, applicable law and in accordance with the Investment Objectives.
- (xii). The Investment Manager shall review the transactions carried out between the Project Manager and its associates and where the Project Manager has advised that there may be a conflict of interest, shall obtain confirmation from a practising chartered accountant or a valuer, as applicable, that such transaction is on an arm's length basis.
- (xiii). The Investment Manager shall ensure adequate and timely redressal of all Unitholders' grievances pertaining

to the activities of the Trust in accordance with the InvIT Regulations and applicable law.

- (xiv). The Investment Manager shall submit to the Trustee:
- (a). quarterly reports on the activities of the Trust including receipts for all funds received by it and for all payments made, status of compliance with the InvIT Regulations specifically Regulation 18, 19 and 20 of the InvIT Regulations, performance report, status of development of under-construction projects, within the time period specified under the InvIT Regulations;
 - (b). valuation reports as required under the InvIT Regulations within the time period specified under the InvIT Regulations;
 - (c). proposal or decision to acquire, sell or develop, or bid for any asset or project or expand existing completed assets or projects along with rationale for the same;
 - (d). details of any action which requires approval from the Unitholders as may be stipulated under the InvIT Regulations;
 - (e). details of transactions it enters into with its associates;
 - (f). details of any other material fact including change in its directors, change in its shareholding, any legal proceedings that may have a significant bearing on the activity of the Trust, within such period as stipulated under applicable law;
 - (g). such information, document and records as pertaining to the activities of the Trust as may be required under the InvIT Regulations and as may be reasonably necessary for the Trustee with respect to its responsibilities under the Trust Deed, the InvIT Regulations and applicable law; and
 - (h). such other information, document and records as pertaining to its activities, obligations, duties and responsibilities under the Investment Management Agreement, the InvIT Regulations and applicable law, as may be reasonably necessary for, and sought by, the Trustee.

In the event of failure of the Investment Manager to submit information or reports as specified above in a timely manner and in terms of the InvIT Regulations, the Trustee shall intimate SEBI.

- (xv). The Investment Manager shall submit to the Unitholders such information, document and records as pertaining to the activities of the Trust or having a bearing on the operation or performance of the Trust as may be required under the InvIT Regulations.
- (xvi). The Investment Manager shall be responsible for all activities pertaining to the offer, issue and listing of the Units of the Trust, as applicable, in accordance with applicable law, including:
- (a). filing of offer document (as defined in the Investment Management Agreement) with SEBI;
 - (b). filing the offer document with the stock exchange(s), in the event the Trust is listed or proposes to be listed, within the prescribed time period;
 - (c). dealing with all matters up to the allotment of Units to the Unitholders;
 - (d). obtaining in-principle approval and final listing and trading approval from the designated stock exchange, in the event the Trust is listed or proposes to be listed; and
 - (e). dealing with all matters relating to the issue and listing of the Units as specified under Chapter IV of the InvIT Regulations and all matters relating to the offer and issue of Units under Chapter VIA of the InvIT Regulations and any guidelines as may be issued by SEBI in this regard, as applicable. In the event the Trust is listed, the Trust shall also comply with the minimum public holding for the Units and minimum number of Unitholders as prescribed under the InvIT Regulations.
- (xvii). The Investment Manager shall also ensure that all relevant provisions of the InvIT Regulations and applicable law have been complied with and all statements and disclosures made in any offer document are material, true, correct, not misleading and are adequate disclosures in order to enable the investors to make an informed decision and are in accordance with the InvIT Regulations and applicable law, and such offer document should not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

- (xviii). In the event the Trust is listed and in case of occurrence of any event specified in Regulations 17(1)(a) to 17(1)(g) of the InvIT Regulations, the Investment Manager shall apply for delisting of units of the Trust to SEBI and the designated stock exchange in accordance with the InvIT Regulations and applicable law.
- (xix). The Investment Manager shall within the time period prescribed under the InvIT Regulations, submit an annual report to all the Unitholders electronically or provide physical copies, and to the designated stock exchange.
- (xx). In the event the Trust is listed, the Investment Manager shall, in accordance with the requirements of the InvIT Regulations and other applicable law, including any requirements prescribed by SEBI or the stock exchange(s) from time to time, shall disclose half-yearly reports within the time period prescribed under the InvIT Regulations to the stock exchange(s) and provide any information having bearing on the operation or performance of the Trust, as well as price sensitive information and other information that is required in terms of the InvIT Regulations and applicable law.
- (xxi). The Investment Manager will also have the following duties and obligations:
 - (a). ensure that computation and declaration of Net Asset Value of the Trust is based on the valuation done by the valuer in accordance with the InvIT Regulations and applicable law;
 - (b). maintain regular interaction with the Trustee regarding performance of the Trust and providing the Trustee with any information in relation to the operations of the Trust as maybe required under applicable law;
 - (c). conducting its affairs and the affairs of the Trust in such a manner that no Unitholder will have any personal liability (except to the extent of their Unitholding, where such Unit is partly paid) with respect to any liability or obligation of the Trust;
 - (d). keeping the Unitholders of the Trust informed and updated on investment activities of the Trust in accordance with the terms of the InvIT Documents;
 - (e). collecting all dividends, fee, property and other payments due and receivable by the Trust declaring distribution to the Unitholders in the manner set out in the Trust Deed and in terms of the InvIT Regulations and applicable law;
 - (f). to ensure that no commission or rebate or any other remuneration, arising out of transactions pertaining to the Trust is collected by it or its associates, other than as specified in the offer document or any other document as may be specified by SEBI for the purpose of the issue of the Units of the Trust;
 - (g). to ensure that the InvIT Assets including the Holding Companies and the SPVs, have proper legal titles, to the extent applicable, and that all the material contracts entered into on behalf of the Trust or the InvIT Assets are legal, valid, binding and enforceable by and on behalf of the Trust;
 - (h). to ensure that the activities of the intermediaries or agents or service providers appointed by it are in accordance with the InvIT Regulations or any guidelines or circulars issued thereunder;
 - (i). to ensure that any possible conflict of interest involving its role as Investment Manager is reported to the Trustee;
 - (j). to ensure that disclosures or reporting to Unitholders, SEBI, the Trustee and the designated stock exchange(s) are in accordance with the InvIT Regulations and applicable law;
 - (k). provide SEBI, the designated stock exchange and Trustee, where applicable, such information as may be sought by SEBI or by the Designated Stock Exchange or Trustee pertaining to the activity of the Trust;
 - (l). to inform the Trustee in writing about any change in the representations and warranties provided under the Investment Management Agreement; and
 - (m). taking any other actions reasonably incidental to any of the foregoing, or necessary or convenient in order to fully effect or evidence any action or transaction contemplated under the Investment Management Agreement.

- (xxii). The Investment Manager shall provide to the Trustee such assistance as may be required by the Trustee in fulfilling its obligation towards the Trust under applicable law or as may be required by any regulatory authority with respect to the Trust.

3. *Liabilities of the Investment Manager*

The liabilities of the Investment Manager in terms of the Investment Management Agreement are as follows:

- (i). The Investment Manager shall not be liable in respect of any action taken or damage suffered by it on reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganization or, without being limited in any way by the foregoing, other paper or document believed to be genuine and to have been passed, sealed or signed by appropriate authorities or entities.
- (ii). The Investment Manager shall not be liable to the Unitholders for doing or failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action, whether of binding legal effect or not, which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (legally or otherwise) it shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Investment Management Agreement, the Investment Manager shall not be under any liability. However, it shall duly inform the Trustee and the Unitholders of the same.
- (iii). The Investment Manager shall not be liable to the Unitholder or any of them or to any other party as a result of such compliance or in connection with such compliance if the Investment Manager is required by the InvIT Regulations or any other applicable law to provide information regarding the Trust or the Unitholders, the Trust investments and income therefrom and provisions of these presents and complies with such request in good faith, whether or not it was in fact enforceable.
- (iv). The Investment Manager shall not incur any liability for any act or omission which may result in a loss to a Unitholder by reason of any depletion in the value of the InvIT Assets or otherwise, except in the event that such loss is a result of fraud or gross negligence or wilful default on the part of the Investment Manager, or where the Investment Manager fails to exercise due care in relation to its obligations under this Agreement.
- (v). The Investment Manager shall be liable to pay interest to the Unitholders at the rate as may be prescribed in the InvIT Regulations until the distribution is made, and such interest shall not be recovered in the form of fee or any other form payable to the Investment Manager by the Trust.
- (vi). The Investment Manager shall not be liable to any Unitholder for the authenticity of any signature or of any seal affixed to any endorsement or other document affecting the title to or the transmission of Units or interests in the Trust or of any investments of the Trusts or be in any way liable for any forged or unauthorized signature or seal affixed to such endorsement, transfer or other document, or for acting upon or giving effect to any such forged or unauthorized signature or seal. The Investment Manager shall be bound to require that the signature of any Unitholder to any document required to be signed by such Unitholder, under or in connection with these presents shall be verified to its reasonable satisfaction.
- (vii). The Investment Manager shall continue to be liable for all of its acts of omission and commission with respect to the activities of the Trust, notwithstanding surrender of registration of the Trust to SEBI.

4. *Indemnity*

In addition to the fee, distributions and expense reimbursements herein described, the Trustee shall, from the InvIT Assets, indemnify and hold harmless the Investment Manager and its respective officers, directors, shareholders, partners, members, employees, advisors and agents (“**Indemnified Parties**”) from and against any claims, losses, costs, damages, liabilities, suits, proceedings and expenses, including legal fee (“**Losses**”) suffered or incurred by them by reason of their activities on behalf of the Trust, unless such Losses have resulted from fraud, gross negligence, wilful default or wilful misconduct or breach of any obligations or duties under applicable law by the relevant Indemnified Party, as determined by a court of competent jurisdiction.

The Trustee, its directors, employees and officers (“**Trustee Party**”) shall be indemnified by the Investment Manager against any and all direct and actual losses, actions, claims, suits, proceedings, damages, liabilities, costs and expenses including legal fee, incurred or suffered by the Trustee Party in connection with the breach of any of the terms of the Investment Management Agreement by the Investment Manager, or failure in furnishing information required by SEBI or any regulatory authority with respect to the Trust, or furnishing incorrect information by the Investment Manager

under the InvIT Regulations or related to Trust including in any offer document, or arising out of gross negligence, wilful default or misconduct or fraud on part of the Investment Manager, in carrying out its obligations under the Investment Management Agreement, Trust Deed, the other InvIT Documents, any information memorandum, offer document and applicable law. The Trustee acknowledges and agrees that the aggregate maximum liability of the Investment Manager in each financial year, shall be limited to the aggregate fee paid to the Investment Manager for the immediately preceding one financial year, in accordance with the terms of the Investment Management Agreement, provided that such aggregate maximum liability shall not be applicable in the event such liability of the Investment Manager to indemnify the Trustee Party for losses or damages suffered arises out of any gross negligence, willful default or misconduct or fraud of the Investment Manager, as determined by a court of competent jurisdiction.

5. *Termination*

The Investment Management Agreement shall be effective from the date of execution of the Investment Management Agreement and shall terminate in accordance with the terms of the Investment Management Agreement. The appointment of the Investment Manager may be terminated by the Trustee or the Unitholders in accordance with the procedure specified under the InvIT Regulations.

- (i). The Unitholders, other than any party related to the transactions and its associates holding not less than such percentage by value as specified under the InvIT Regulations, may apply in writing to the Trustee for removal of the Investment Manager.
- (ii). Subject to the approval of Unitholders (if required) and compliance with other requirements under applicable law, the Investment Management Agreement may be terminated:
 - (a). by the Investment Manager by delivery of a written notice of 30 (thirty) business days to the Trustee, subject to appointment of new Investment Manager in accordance with the Investment Management Agreement and the InvIT Regulations; or
 - (b). by the Trustee by delivery of a written notice to the Investment Manager at any time, upon breach of any of the terms, covenants, conditions or provisions of the Investment Management Agreement by the Investment Manager and a failure of the Investment Manager to cure the said breach within a period that is earlier of: (a) the period stipulated under applicable law, or (b) 60 business days; or such other period as may be mutually agreed to cure such breach; or
 - (c). by any party to the Investment Management Agreement by delivery of a written notice to the other party upon the bankruptcy of such other party, or if winding up or liquidation proceedings are commenced against such other Party, and such proceedings persist for a period of more than three months.
- (iii). After prior approval from the Unitholders and SEBI (in the event the Trust is listed) in accordance with the InvIT Regulations, for the change in the Investment Manager due to removal or otherwise, the Trustee shall appoint a new investment manager and execute a new investment management agreement within three months from the termination of the previous investment management agreement in accordance with applicable law. The Trustee shall also ensure that the new investment manager stands substituted as a party in all documents to which the Investment Manager was a party, in relation to the Trust in its capacity as the Investment Manager. The Investment Manager shall remain in office until the appointment of a new investment manager. The Investment Manager shall continue to be liable for all of its acts, omissions and commissions during its tenure as Investment Manager, notwithstanding the termination.
- (iv). Upon removal or replacement of the Investment Manager in accordance with the InvIT Regulations, the Investment Manager shall, within a period of 30 (thirty) business days, transfer custody of the Trust to the Trustee and give the Trustee all books of accounts, correspondence, documents and records relating to the Trust which the Investment Manager has in its possession. In the event of removal or resignation of the Investment Manager, the Investment Manager shall be entitled to receive management fee only up to the date of such removal or resignation.

Notwithstanding anything contained hereinabove, (i) in the event that the offer of Units does not occur within the time period stipulated in the InvIT Regulations or such other date as may be mutually agreed to between the Investment Manager and the Trustee, or (ii) in the event of cancellation of registration of the Trust by SEBI, or (iii) winding up of the Trust, then the Investment Management Agreement shall automatically terminate without any liability on any party.

D. The Project Manager – Shrem Road Projects Private Limited

History and Certain Corporate Matters

Shrem Road Projects Private Limited is the Project Manager in respect of the Trust. The Project Manager was originally incorporated under the Companies Act, 1956 as Suswagat Buildcon Private Limited on May 24, 2013 at Mumbai, with corporate identity number U45100MH2013PTC243565. Subsequently, the name of the Project Manager was changed to Shrem Oil and Gas Private Limited. A fresh certificate of incorporation consequent to the change in name of the Investment Manager was issued by the RoC on September 30, 2016. Subsequently, the name of the Project Manager was further changed to Shrem Road Projects Private Limited. A fresh certificate of incorporation consequent to the change in name of the Investment Manager was issued by the RoC on May 24, 2018. The Project Manager's registered office is situated at 1101 Viraj Towers, Junction off Andheri Kurla Road W. E. Highway, Andheri (East), Mumbai 400 069.

Background of the Project Manager

The Project Manager will be looking over the operation and maintenance of the entire portfolio of the 24 projects proposed to be transferred to the InvIT.

Neither the Project Manager nor any of the promoters or directors of the Project Manager (i) are or have been debarred from accessing the securities market by SEBI; (ii) are or have been a promoter, director or person in control of any other company or a sponsor, investment manager or trustee of any other infrastructure investment trust or an infrastructure investment trust which is debarred from accessing the capital market under any order or direction made by SEBI; and/or (iii) are or have been declared a wilful defaulter by any bank or financial institution or consortium thereof in accordance with the guidelines on wilful defaulters published by the RBI.

Key terms of the Project Implementation and Management Agreements

The Project Manager has entered into the Project Implementation and Management Agreements for the Project SPVs, in terms of the InvIT Regulations, the key terms of each of which, are provided below:

1. Scope of Services

The scope of services of the Project Manager are as follows:

- (i). The Project Manager shall, either directly or through the appointment and supervision of appropriate agents (including the O&M team and any other third parties appointed by the relevant Project SPV), provide or procure the performance of all such services (the “**Services**”) as are required to enable the relevant Project SPV to perform and fulfil its operation and maintenance (“**O&M**”) related obligations under and in compliance with the Concession Agreement (“**O&M Obligations**”).
- (ii). All costs and expenses payable to any third party (recommended by the Project Manager and engaged by the relevant Project SPV) shall be borne and paid by the relevant Project SPV in accordance with the terms and conditions of the contract entered into between the relevant Project SPV and such third party.
- (iii). The Project Manager shall, either directly or through the appointment and supervision of appropriate agents (including the O&M team and any other third parties appointed by the relevant Project SPV), ensure and procure the performance of the Services for discharge of obligations under the Concession Agreement and the InvIT Regulations.

2. Functions, Duties and Responsibilities of the Project Manager

The functions, duties and responsibilities of the Project Manager in terms of the Project Implementation and Management Agreements are as follows:

- (i). The Project Manager, either directly or through the appointment and supervision of agents (including the O&M team and any other third parties appointed by the relevant Project SPV), shall: (a). supervise the operations and management of the Project; and (b). be liable for making arrangements for fulfilment of the Services either directly or through the appointment and supervision of agents, if any, as may be necessary for discharge of its duties under the terms of the Project Implementation and Management Agreement and under applicable law (“**Applicable Law**”).
- (ii). The Project Manager shall, either directly or through appropriate agents (including the O&M team),

oversee the progress of development, approval status and other aspects of the Project, or progress of development of any expansion of the Project in accordance with the Concession Agreement, or, progress of development of any additional works or assets proposed to be executed by the relevant Project SPV (collectively, the “**SPV Under-construction Works**”), until their respective completion in accordance with the Concession Agreement, including the supervision of the agents appointed for such purpose.

- (iii). The Project Manager shall, either directly or through appropriate agents (including the O&M team), discharge its obligations in respect of achieving timely completion, implementation and development of the relevant Project SPV’s Under-construction Works in accordance with the Concession Agreement, the Project Implementation and Management Agreement and Applicable Law.
- (iv). The Project Manager acknowledges that the Trustee and the Investment Manager will oversee the activities of the Project Manager in accordance with the InvIT Regulations and accordingly, the Project Manager shall extend complete assistance and cooperation for this purpose. Further, the Project Manager shall provide compliance certificate(s) to the Investment Manager and the Trustee in accordance with Applicable Law, in the form, if any, prescribed by SEBI or any other regulatory authority.
- (v). The Project Manager shall promptly notify the Investment Manager regarding any deficiency in the services of the O&M team along with an assessment report covering, amongst others, the details of deficiency in service, remedial measures and financial impact on the relevant Project or the relevant Project SPV. Any such deficiency shall be remedied in accordance with the terms of the O&M Agreement, the Concession Agreement and Applicable Law.
- (vi). Other than on account of any non-compliance or deficiency, the Project Manager shall promptly notify the Investment Manager regarding any proposed change in the O&M team along with an assessment report covering, amongst other things, rationale for the change and its assessment of the same and professional competence of the persons proposed to be appointed to the O&M team. The Project Manager shall not grant consent for any change in the O&M team without the approval of the Investment Manager.
- (vii). The Project Manager shall provide the Investment Manager details of transactions carried out between itself and its associates and disclose any conflict of interest in such cases to the Investment Manager, in accordance with the InvIT Regulations and Applicable Law.
- (viii). The Project Manager shall provide to the Trustee and Investment Manager or to such other person as the Trustee or the Investment Manager may authorise and direct, all information that may be necessary for each of them to maintain the records of the InvIT and as may be required for making submissions to SEBI or other governmental authority as per the Project Implementation and Management Agreement, including with respect to relevant approvals, consents and other documents required in relation to the Project and the reporting requirements under the InvIT Regulations, in a proper and timely manner, and in the format prescribed (if any), as required by the Trustee or the Investment Manager.
- (ix). The Project Manager shall appoint one of its qualified employees acceptable to the Investment Manager and the relevant Project SPV with adequate and appropriate experience as a principal contact for the board of directors of the relevant Project SPV, the Trustee and the Investment Manager in relation to the Project and the Services. The principal contact shall have full authority, to receive directions and instructions from the Investment Manager and to take action in relation to and ensure compliance with such directions and instructions and report back to the Trustee and the Investment Manager.
- (x). The Project Manager shall, at all times, ensure that the transactions or arrangement entered into by the Project Manager with a related party is on an arm’s-length basis. The Project Manager shall promptly inform the Trustee and the Investment Manager regarding any actual (or potential) conflict of interest and shall obtain and submit to the Investment Manager a certificate issued by a practicing chartered accountant or a valuer (as applicable) confirming that such transaction is on arm’s length basis.
- (xi). The Project Manager shall promptly inform the parties to the Project Implementation and Management Agreement in writing of any act, occurrence or event, which the Project Manager believes is reasonably likely to prejudice the financial viability, quality, function or operation of the Project.
- (xii). If any defects are found in provision of Services, the Project Manager shall promptly, in consultation and agreement with the other parties to the Project Implementation and Management Agreement, regarding appropriate remedying of the defects, and at its own cost, repair, replace or otherwise make good (as may be mutually agreed by the Project Manager, Investment Manager and the relevant Project SPV) such defects, provided that the obligation of the Project Manager under the Project Implementation

and Management Agreement whether to make good the defects or damages caused by such defect shall be subject to the maximum cap on the liability of the Project Manager as set out in the Project Implementation and Management Agreement.

- (xiii). The duties of Project Manager shall also include the following:
- (a). prudently exercise due diligence and vigilance in carrying out its duties and protecting the interests of the relevant Project SPV;
 - (b). comply with the InvIT Regulations and take all actions as may be required to be taken in accordance with the InvIT Regulations as applicable to the Project Manager;
 - (c). keeping the Investment Manager informed on all matters which have a material bearing on the operations of the relevant Project SPV;
 - (d). where required, liaising with governmental authorities in respect of its obligations under the Project Implementation and Management Agreement as applicable to the Project Manager;
 - (e). take all steps to mitigate the risks which may be encountered by the InvIT in respect of the relevant Project SPV;
 - (f). keeping proper records for actions taken in respect of the relevant Project SPV; and
 - (g). complying with the instructions of the Investment Manager and the Trustee, in accordance with the InvIT Regulations.
- (xiv). The parties to the Project Implementation and Management Agreements may, from time to time, agree to provisions for additional services to be rendered by the Project Manager. If, in the assessment of the Project Manager, additional services are required for the purposes of carrying out its duties and obligations under the Project Implementation and Management Agreement and Applicable Law, the Project Manager shall notify the parties to the Project Implementation and Management Agreement in writing of such requirement including the fee payable and terms and conditions for such additional services, and obtain prior written approval of the parties to the Project Implementation and Management Agreement in this regard.
- (xv). In case of any inconsistency or discrepancy between the Project Implementation and Management Agreement and the O&M Agreement, the Project Manager shall bring such inconsistency to the notice of the Trustee and the Investment Manager. The Investment Manager, in consultation with the Trustee, shall issue instructions for resolving the inconsistency. The Project Manager shall be bound to comply with the instructions of the Trustee and the Investment Manager, provided that if any such compliance requirement has financial implications, the same shall be mutually discussed and agreed without casting any additional financial burden on the Project Manager which is not contemplated herein.
- (xvi). Notwithstanding anything to the contrary contained in the Project Implementation and Management Agreement, nothing contained in the Project Implementation and Management Agreement shall be construed to limit or restrict the performance of any duties or obligations of the Project Manager, Investment Manager or the Trustee contained in the Concession Agreement, InvIT Regulations and Applicable Law.
- (xvii). During the term of the Project Implementation and Management Agreement, in the event the representations provided by the Project Manager under the Project Implementation and Management Agreement, become untrue, incorrect or incomplete in any respect, the Project Manager shall forthwith inform the Trustee and Investment Manager of such event.

3. *Indemnity*

The Trustee, the Investment Manager, the relevant Project SPV and their respective directors, employees, officers and the Trust (“**Indemnified Parties**”) shall be indemnified by the Project Manager against any actions, claims, suits, proceedings, losses, costs, damages, liabilities and expenses, including legal fee from and incurred or suffered by the Indemnified Parties in connection with the breach of any of the terms of the Project Implementation and Management Agreement by the Project Manager, or failure in furnishing information required by SEBI or any regulatory authority with respect to the Trust or the relevant Project SPV, or furnishing wrong information by the Project Manager under the InvIT Regulations or related to the Trust or the relevant Project SPV including in any offer documents as defined in the Project Implementation and Management Agreement, or arising out of gross negligence, wilful default, wilful misconduct or fraud on part of the Project Manager, in carrying out its obligations under this Agreement, the other InvIT documents, any offer documents, the Concession Agreement and Applicable Law. Notwithstanding anything to the contrary, the Trustee, the relevant Project SPV and the Investment Manager acknowledge and agree that the aggregate maximum liability of the Project Manager in any financial year pursuant to any provision of the Project Implementation and Management Agreement shall cumulatively not exceed the fee payable to the Project Manager in such financial

year in accordance with the terms of the Project Implementation and Management Agreement, provided further that such aggregate maximum liability shall not be applicable in the event such liability of the Project Manager arises out of any gross negligence, wilful default or fraud of the Project Manager.

The Project Manager and its directors, employees and officers (“**PM Indemnified Parties**”) shall be indemnified by the Investment Manager and the relevant Project SPV against any actions, claims, suits, proceedings, losses, costs, damages, liabilities and expenses, including legal fee from and incurred or suffered by the PM Indemnified Parties in connection with the breach of any of the terms of the Project Implementation and Management Agreement by the Investment Manager or the relevant Project SPV, or failure in furnishing information required by the Project Manager to discharge its functions under the InvIT Regulations or furnishing wrong information to the Project Manager, or arising out of gross negligence, wilful default, wilful misconduct or fraud on part of the Investment Manager or the relevant Project SPV. Notwithstanding anything to the contrary, the Project Manager acknowledges and agrees that the aggregate maximum liability of the Investment Manager and the SPV in any financial year pursuant to any provision of this Agreement shall cumulatively not exceed the fee payable to the Project Manager in such financial year in accordance with the terms of this Agreement, provided further that such aggregate maximum liability shall not be applicable in the event such liability of the Investment Manager or SPV arises out of any gross negligence, wilful default or fraud by such entity.

4. *Termination*

- (i). The Project Implementation and Management Agreement shall remain effective, unless terminated by the Parties in accordance with the provisions hereto or extended by mutual consent expressed in writing by the parties to the Project Implementation and Management Agreement, for the period that the Concession Agreement is in force (“**Validity Period**”).
- (ii). Subject to clauses (iii). and (iv). below, the Project Implementation and Management Agreement may be terminated prior to the expiry of the Validity Period:
 - (a). by the Investment Manager, after consultation with the Trustee, by delivery of a written notice to the Project Manager at any time (with prior intimation to the relevant Project SPV), subject to appointment of new project manager in accordance with the InvIT Regulations;
 - (b). by the Investment Manager, after consultation with the Trustee, by delivery of a written notice to the Project Manager at any time (with prior intimation to the relevant Project SPV), upon breach of any of the terms, covenants, conditions or provisions of the Project Implementation and Management Agreement by the Project Manager and failure of the Project Manager to remedy the said breach within a period of 60 days or such other period as may be mutually agreed by the parties to the Project Implementation and Management Agreement;
 - (c). by any party to the Project Implementation and Management Agreement by delivery of a written notice to the other party to the Project Implementation and Management Agreement upon the bankruptcy of such other party to the Project Implementation and Management Agreement or if winding up or liquidation proceedings are commenced against such other party to the Project Implementation and Management Agreement (and such proceedings persist for a period of more than three months); or
 - (d). by the Project Manager by delivery of a written notice of not less than three months to the Trustee, relevant Project SPV and the Investment Manager, subject to InvIT Regulations and Applicable Law.
- (iii). The Investment Manager in consultation with the Trustee shall appoint a new project manager and execute a new project implementation and management agreement within three months from the termination of the earlier project implementation and management agreement in accordance with Applicable Law. The Trustee and Investment Manager shall also ensure that the new project manager stands substituted as a party in all documents to which the Project Manager was a party. The Project Manager shall remain in office until the appointment of a new project manager. The Project Manager shall continue to be liable for all its acts and omissions and commissions notwithstanding its termination until the date of its termination. Notwithstanding any other provision of the Project Implementation and Management Agreement, the Project Implementation and Management Agreement shall not be terminated for a period of three years from the date of listing of Units of InvIT, except in accordance with Applicable Law (including the InvIT Regulations).
- (iv). The termination of the Project Implementation and Management Agreement shall not affect the rights and obligations of the parties to the Project Implementation and Management Agreement accrued prior to such termination.

- (v). Notwithstanding anything contained hereinabove, the Project Implementation and Management Agreement shall automatically terminate (subject to any requirement under Applicable Law, including InvIT Regulations), if (i). the listing of the units does not occur within the time period stipulated in the InvIT Regulations or such other date as mutually agreed between the parties to the Project Implementation and Management Agreement, or (ii). registration of the InvIT with SEBI is cancelled, or (iii). the InvIT is wound up in accordance with the InvIT Regulations.

OTHER PARTIES INVOLVED IN THE TRUST

The Auditors

Background and terms of appointment

The Investment Manager, in consultation with the Trustee, has appointed Mukund M. Chitale & Co., Chartered Accountants (Firm Registration No. 106655W) with effect from February 4, 2021, as the auditors of the Trust until March 31, 2025, subject to approval of the Unitholders each year. The Auditors have audited the Audited Special Purpose Combined Financial Statements and have certified the Projections of Revenue from Operations and Cash Flow from Operating Activities, and their report in relation to such Audited Special Purpose Combined Financial Statements dated July 21, 2021 and Projections of Revenue from Operations and Cash Flow from Operating Activities dated July 21, 2021 have been included in this Final Placement Memorandum.

Functions, Duties and Responsibilities of the Auditors

The functions, duties and responsibilities of the Auditors will be in accordance with the InvIT Regulations. Presently, in terms of the InvIT Regulations, the Auditors is required to comply with the following conditions at all times:

1. the Auditors shall conduct audit of the accounts of the Trust and draft the audit report based on the accounts examined after taking into account the relevant accounting and auditing standards, as may be specified by SEBI;
2. the Auditors shall, to the best of its information and knowledge, ensure that the accounts and financial statements give a true and fair view of the state of the affairs of the Trust, including profit or loss and cash flow for the period and such other matters as may be specified;
3. the Auditors shall have a right of access at all times to the books of accounts and vouchers pertaining to activities of the Trust; and
4. the Auditors shall have a right to require such information and explanation pertaining to activities of the Trust as he may consider necessary for the performance of its duties as auditors from the employees of the Trust or parties to the Trust or the Initial Portfolio Assets or any other person in possession of such information.

The Valuer

Background and terms of appointment

The Investment Manager, in consultation with the Trustee, has appointed Mr. S Sundararaman with effect from February 4, 2021, as the valuer of the Trust, for a period of one year. In accordance with the InvIT Regulations, the Valuer has undertaken a full valuation of the Project SPVs, and their report dated July 28, 2021, in relation to such valuation as on March 31, 2021, has been included in this Final Placement Memorandum.

Functions of the Valuer

The functions, duties and responsibilities of the Valuer will be in accordance with the InvIT Regulations. Presently, in terms of the InvIT Regulations, the Valuer is required to comply with the following conditions at all times:

1. the Valuer shall ensure that the valuation of the InvIT Assets is impartial, true and fair and is in accordance with Regulation 21 of the InvIT Regulations;
2. the Valuer shall ensure that adequate and robust internal controls to ensure the integrity of its valuation reports;
3. the Valuer shall ensure that it has sufficient key personnel with adequate experience and qualification to perform valuations;
4. the Valuer shall ensure that it has sufficient financial resources to enable it to conduct its business effectively and meet its liabilities;
5. the Valuer and any of its employees involved in valuing of the assets of the Trust, shall not, (i) invest in Units or in the assets being valued; and (ii) sell the assets or Units held prior to being appointed as the valuer, until the time the Valuer is designated as the valuer of the Trust and not less than six months after ceasing to be valuer of the Trust;
6. the Valuer shall conduct valuation of the Trust's assets with transparency and fairness and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment;

7. the Valuer shall act with independence, objectivity and impartiality in performing the valuation;
8. the Valuer shall discharge its duties towards the Trust in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete given assignment;
9. the Valuer shall not accept remuneration, in any form, for performing a valuation of the Trust's assets from any person other than the Trust or its authorized representative;
10. the Valuer shall before accepting any assignment from any related party of the Trust, disclose to the Trust any direct or indirect consideration which the valuer may have in respect of such assignment;
11. the Valuer shall disclose to the Trust any pending business transactions, contracts under negotiation and other arrangements with the investment manager or any other party whom the Trust is contracting with and any other factors that may interfere with the Valuer's ability to give an independent and professional valuation of the assets;
12. the Valuer shall not make false, misleading or exaggerated claims in order to secure assignments;
13. the Valuer shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information;
14. the Valuer shall not accept an assignment which interferes with its ability to do fair valuation; and
15. the Valuer shall, prior to performing a valuation, acquaint itself with all laws or regulations relevant to such valuation.

Policy on Appointment of Auditor and Valuer (“Appointment Policy”)

The Investment Manager has adopted a policy on the appointment of auditor and valuer of the Trust, pursuant to its resolution dated February 22, 2021. The key terms of the Appointment Policy are set out below:

Appointment and role of the auditor of the Trust

1. The Investment Manager, in consultation with the trustee to the Trust, shall appoint the auditor of the Trust, in a timely manner and in accordance with the InvIT Regulations.
2. The Investment Manager shall ensure that the appointment of the auditor of the Trust and the fees payable to the auditor of the Trust is approved by the Unitholders in accordance with the InvIT Regulations.
3. The Investment Manager shall ensure that if the removal of the auditor of the Trust and appointment of another auditor to the Trust is taken up at a meeting of the Unitholders at the request of the Unitholders, such removal of the auditor of the Trust shall be approved by the Unitholders in accordance with the InvIT Regulations.
4. The Investment Manager shall appoint an auditor to the Trust for a period of not more than five consecutive years; provided that the auditor, not being an individual, may be reappointed for a period of another five consecutive years, subject to approval of Unitholders in the annual meeting in accordance with the InvIT Regulations.
5. The Investment Manager shall ensure that the audit of accounts of the Trust by the auditor is done not less once in a year and such report is submitted to the stock exchanges within the timelines prescribed under the InvIT Regulations.
6. The auditor shall conduct the audit of the accounts of the Trust and draft the audit report based on the accounts examined by it after taking into account the relevant accounting and auditing standards under applicable law including the InvIT Regulations and any guidelines, circulars, notifications and clarifications framed or issued by SEBI, as may be specified from time to time.
7. The auditor of the Trust shall comply with the conditions prescribed under the InvIT Regulations at all times, including the following:
 - (a). the accounts of the Trust shall be subjected to audit by the auditor of the Trust and shall be accompanied by a report of the auditor in such manner and at such intervals as may be prescribed under applicable law, including the InvIT Regulations;
 - (b). the auditor of the Trust shall, to the best of his information and knowledge, ensure that the accounts and financial statements give a true and fair view of the state of the affairs of the Trust, including profit or loss and cash flow for the period and such other matters as may be specified by SEBI;

- (c). the auditor shall have a right of access at all times to the books of accounts and vouchers pertaining to activities of the Trust; and
 - (d). the auditor shall have a right to obtain such information and explanation pertaining to activities of the Trust as he may consider necessary for the performance of his duties as auditor from the employees of Trust or any holding company or parties to the Trust or any holding company or the SPV(s) or any other person in possession of such information.
8. The Investment Manager, in consultation with the Trustee, shall have the right to take all necessary steps to remove the auditor of the Trust who ceases to comply with the eligibility criteria required under the InvIT Regulations and applicable law. In case of removal of the auditor and appointment of another auditor to the Trust, approval from the Unitholders shall be required in accordance with the InvIT Regulations.

Appointment and role of valuer of the Trust

1. The Investment Manager, in consultation with Trustee, shall appoint the valuer of the Trust, in a timely manner and shall determine the remuneration of such valuer, in accordance with the InvIT Regulations.
2. The remuneration of the valuer shall not be linked to or based on the value of the assets being valued.
3. The valuer shall not be an associate of any of the Sponsor or the Investment Manager or Trustee.
4. The valuer shall be eligible to act as a valuer in accordance with the InvIT Regulations or any clarifications, guidelines, notifications or exemptions issued by SEBI.
5. The valuer shall undertake valuation in accordance with the InvIT Regulations. The full valuation report shall include the mandatory minimum disclosures as specified in InvIT Regulations.
6. The valuer shall not undertake valuation of the same project for more than four years consecutively, provided that the valuer may be reappointed after a period of not less than two years from the date it ceases to be the valuer of the Trust.
7. The valuer shall not undertake valuation of any assets in which it has either been involved with the acquisition or disposal within the last twelve months other than such cases where the valuer was engaged by the Trust for such acquisition or disposal.
8. The valuer shall comply with the following conditions at all times:
 - (a) the valuer shall ensure that the valuation of the Trust assets is impartial, true and fair and is in accordance with the InvIT Regulations;
 - (b) the valuer shall ensure adequate and robust internal controls to ensure the integrity of its valuation reports;
 - (c) the valuer shall ensure that it has sufficient key personnel with adequate experience and qualification to perform valuations;
 - (d) the valuer shall ensure that it has sufficient financial resources to enable it to conduct its business effectively and meet its liabilities;
 - (e) the valuer and any of its employees involved in valuing of the assets of the Trust, shall not:
 - (i) invest in units of the Trust or in the assets being valued; and
 - (ii) sell the assets or units of the Trust held prior to being appointed as the valuer, until the time such person is designated as valuer of the Trust and not less than six months after ceasing to be valuer of the Trust;
 - (f) the valuer shall conduct valuation of the Trust assets with transparency and fairness and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment;
 - (g) the valuer shall act with independence, objectivity and impartiality in performing the valuation;
 - (h) the valuer shall discharge its duties towards the Trust in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete given assignment;
 - (i) the valuer shall not accept remuneration, in any form, for performing a valuation of the Trust assets from any person other than the Trust or its authorized representative;
 - (j) the valuer shall before accepting any assignment, from any related party of the Trust, disclose to the Trust, by disclosing to the Investment Manager or the Trustee, any direct or indirect consideration which the valuer may have in respect of such assignment;
 - (k) the valuer shall disclose to the Trust, through the Investment Manager, any pending business transactions, contracts under negotiation and other arrangements with the Investment Manager or any other party whom the Trust is contracting with and any other factors that may interfere with the valuer's ability to give an independent and professional valuation of the assets, and other necessary disclosures required under the InvIT Regulations;
 - (l) the valuer shall not make false, misleading or exaggerated claims in order to secure assignments;

- (m) the valuer shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information;
- (n) the valuer shall not accept an assignment which interferes with its ability to do fair valuation; and
- (o) the valuer shall, prior to performing a valuation, acquaint itself with all laws or regulations relevant to such valuation.

The Investment Manager in consultation with the Trustee shall have the right to take all necessary steps to remove a valuer who ceases to comply with the eligibility criteria required under the InvIT Regulations and applicable law. If the removal of a valuer and appointment of another valuer to the Trust is taken up at a meeting of the Unitholders at the request of the Unitholders, such removal of a valuer shall be approved by the Unitholders in accordance with the InvIT Regulations.

CORPORATE GOVERNANCE

The section below is a summary of the corporate governance framework in relation to the Trust, implemented by or to be implemented by the Investment Manager and the Initial Portfolio Assets, as applicable and as specified in this section.

1. Investment Manager

Board of Directors

Composition of the Board of Directors of the Investment Manager

In addition to the applicable provisions of the Companies Act and LODR Regulations (if applicable), the board of directors shall adhere to the following:

- (a). Not less than 50% of the board of directors shall comprise independent directors, determined in accordance with the Companies Act read with the LODR Regulations, as applicable, who are not directors or members of the governing board of an investment manager of another infrastructure investment trust registered under the InvIT Regulations;
- (b). the chairman of the board of directors may be an executive or a non-executive director; and
- (c). collective experience of the directors should cover a broad range of commercial experience, particularly experience in infrastructure sector (including the applicable sub-sector), including development, investment/fund management or advisory and financial matters.

For details of the current composition of the board of directors, please see the section entitled “Parties to the Trust – The Investment Manager – Shrem Financial Private Limited – Board of Directors of the Investment Manager” on page 112.

Quorum

The quorum shall be one-third of the total strength of the board of directors or three directors, whichever is higher, including at least one independent director.

Frequency of meetings

The board of directors of the Investment Manager should meet at least four times every year, with a maximum gap of 120 days between any two successive meetings. Additionally, the board of directors of the Investment Manager shall meet prior to any meeting of the Unitholders and approve the agenda for Unitholders’ meetings.

Sitting fee

The directors of the Investment Manager will receive sitting fee for attending board meetings and meetings of the committees, in accordance with the Companies Act.

Articles of Association of the Investment Manager

The articles of association should not include any affirmative rights for the Sponsor/ Sponsor group.

Committees of the board of directors

 - (b). relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
 - (c). remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the company and its goals;
- (iv). ensuring compliance with the requirements of the Companies Act, 2013;
- (v). making all decisions in relation to appointment or replacement or removal of:
 - (a). independent directors;
 - (b). any key managerial personnel; and
 - (c). directors on the board of directors of the SPVs;
- (vi). formulating the following policies:
 - (a). the policy for appointment of independent directors (including the qualification and experience requirements, compensation model, performance parameters, process for appointment and removal);
 - (b). the policy for nomination of directors on the board of directors of the SPVs (including qualification and experience requirements, compensation model, performance parameters, process for appointment and removal); and
 - (c). the human resources policy (in relation to employment terms including remuneration for key managerial personnel);

- (vii). reviewing the investment decisions with respect to the underlying assets or projects of the Trust from the Sponsor including any further investments or divestments to ensure protection of the interest of unitholders;
- (viii). undertaking all functions in relation to protection of Unitholders' interests and resolution of any conflicts of interest (other than in relation to investors grievances), including reviewing agreements or transactions in this regard;
- (ix). approving any proposal in relation to acquisition of assets, further issue of units including in relation to acquisition or assets;
- (x). reviewing investments made by the Trust and ensuring compliance of such investments with the investment conditions specified in the InvIT Regulations;
- (xi). subject to approval of Unitholders as required under the Trust Deed and applicable law, make all decisions in relation to borrowing or availing debt (including provision of security for such debt or borrowing) by the Trust, Holding Companies or SPVs or any prepayment of any borrowing or debt at the Trust, Holding Companies or SPVs;
- (xii). making decisions, including framing of policies in relation to entrustment, deposit or handing over of any securities to any one or more custodians and the procedure relating to the holding thereof by the custodian;
- (xiii). ensuring that all activities of the intermediaries or agents or service providers appointed by the investment, nomination and remuneration committee are in accordance with the InvIT Regulations and guidelines or circulars issued under applicable law; and
- (xiv). formulating any policy for the Investment Manager as necessary, in relation to its functions, as specified above.

Audit Committee

Terms of reference of the Audit Committee

The terms of reference of the Audit Committee include the following:

- (i). provide recommendations to the board of directors regarding any proposed distributions;
- (ii). overseeing the Trust's financial reporting process and disclosure of its financial information to ensure that its financial statements are correct, sufficient and credible;
- (iii). giving recommendations to the board of directors regarding appointment, re-appointment and replacement, remuneration and terms of appointment of the statutory auditor of the Trust and the audit fee, subject to the approval of the Unitholders;
- (iv). reviewing and monitoring the independence and performance of the statutory auditor of the Trust, and effectiveness of audit process;
- (v). approving payments to statutory auditors of the Trust for any other services rendered by such statutory auditors;
- (vi). reviewing the annual financial statements and auditor's report thereon of the Trust, before submission to the board of directors for approval, with particular reference to:
 - changes, if any, in accounting policies and practices and reasons for such change;
 - major accounting entries involving estimates based on the exercise of judgment by management;
 - significant adjustments made in the financial statements arising out of audit findings;
 - compliance with listing and other legal requirements relating to financial statements;
 - disclosure of any related party transactions; and
 - qualifications in the draft audit report;
- (vii). reviewing, with the management, all periodic financial statements, including but not limited to quarterly, half-yearly and annual financial statements of the Trust, whether standalone or consolidated or in any other form as may be required under applicable law, before submission to the board of directors for approval;
- (viii). reviewing, with the management, the statement of uses/application of funds raised through an issue of units by the Trust (including but not limited to public issue, rights issue, preferential issue, private placement, etc.) and any issue

of debt securities and the statement of funds utilised for purposes other than those stated in the offer documents/ notice, and making appropriate recommendations to the board of directors for follow-up action;

- (ix). approval or any subsequent modifications of transactions of the Trust with related parties;
- (x). recommending such related party transactions to the board of directors or the Unitholders, as may be required, under the InvIT Regulations;
- (xi). scrutinising loans including inter-corporate loans and investments of the Trust;
- (xii). reviewing all valuation reports required to be prepared under applicable law, periodically, and as required, under applicable law;
- (xiii). evaluating financial controls and risk management systems of the Trust;
- (xiv). reviewing, with the management, the performance of statutory auditors of the Trust, and adequacy of the internal control systems, as necessary;
- (xv). discussion with internal auditors of any significant findings and follow up there on;
- (xvi). reviewing the adequacy of internal audit function if any of the Trust, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- (xvii). reviewing the findings of any internal investigations in relation to the Trust, into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board of directors;
- (xviii). reviewing the procedures put in place by the Investment Manager for managing any conflict that may arise between the interests of the unitholders, the parties to the Trust and the interests of the Investment Manager, including related party transactions, the indemnification of expenses or liabilities incurred by the Investment Manager, and the setting of fees or charges payable out of the Trust's assets;
- (xix). discussing with statutory auditors and valuers prior to commencement of the audit or valuation, respectively, about the nature and scope, as well as post-audit/ valuation discussion to ascertain any area of concern;
- (xx). reviewing and monitoring the independence and performance of the valuer of the Trust;
- (xxi). giving recommendations to the board of directors regarding appointment, re-appointment and replacement, remuneration and terms of appointment of the valuer of the Trust;
- (xxii). evaluating any defaults or delay in payment of distributions to the Unitholders or dividends by the SPVs to the Holding Companies and by the Holding Companies to the Trust and payments to any creditors of the Trust or the Holding Companies or the SPVs, and recommending remedial measures;
- (xxiii). reviewing the management's discussion and analysis of financial condition and results of operations;
- (xxiv). reviewing the statement of significant related party transactions, submitted by the management;
- (xxv). reviewing the management letters/letters of internal control weaknesses issued by the statutory auditors;
- (xxvi). approving any management information systems or interim financial statements to be submitted by the Trust to any unitholder or regulatory or statutory authority;
- (xxvii). approving any reports required to be issued to the Unitholders under the InvIT Regulations; and
- (xxviii). formulating any policy for the Investment Manager as necessary, in relation to its functions, as specified above.

Stakeholders' Relationship Committee

Terms of reference of the Stakeholders' Relationship Committee

The terms of reference of the Stakeholders' Relationship Committee shall include the following:

- (i). consider and resolve grievances of the Unitholders, including complaints related to the transfer of Units, non-receipt of annual report and non-receipt of declared distributions;
- (ii). review of any litigation related to Unitholders' grievances;
- (iii). update Unitholders on acquisition / sale of assets by the Trust and any change in the capital structure of the Holding Companies or the SPVs;
- (iv). reporting specific material litigation related to Unitholders' grievances to the board of directors; and
- (v). approve the report on investor grievances to be submitted to the Trustee.

Policies of the Board of Directors of the Investment Manager in relation to the Trust

The Investment Manager has adopted the following policies, in relation to management of the Trust and all assets of the Trust:

(a). **Policy on Unpublished Price Sensitive Information and Dealing in Units by Parties to the Trust (“UPSI Policy”)**

The Investment Manager has adopted the UPSI Policy pursuant to a resolution of its board of directors on February 22, 2021. The purpose of the policy is, *inter alia*, to ensure that the Trust complies with applicable law, including the InvIT Regulations or such other laws, regulations, rules or guidelines prohibiting insider trading and governing disclosure of material, unpublished price sensitive information (“UPSI”).

The key principles of the UPSI Policy are set out below:

- (i). the Investment Manager shall promptly disclose to the public all UPSI that would impact price discovery no sooner than credible and concrete information comes into being in order to make such information generally available;
- (ii). the Investment Manager shall follow uniform and universal dissemination of UPSI to avoid selective disclosure;
- (iii). the compliance officer of the Trust (“**Compliance Officer**”) shall be responsible for deciding whether a public announcement is necessary for verifying or denying rumours and then making the disclosure, in accordance with the procedure specified in the Materiality of Information for Periodic Disclosures Policy;
- (iv). the Compliance Officer shall also make an appropriate and fair response to the queries on news reports and requests for verification of market rumours by regulatory authorities, in accordance with the procedure specified in the policy for determining materiality of information for periodic disclosures of InvIT (“**Materiality of Information for Periodic Disclosures Policy**”);
- (v). while dealing with analysts or research persons or large investors like institutions, the Investment Manager shall provide only public information. Alternatively, the information given to analysts or research persons shall be simultaneously made public at the earliest;
- (vi). the Investment Manager shall handle all UPSI on a “need to know” basis, provided that UPSI may be disclosed to persons who need such information for furtherance of legitimate purposes, performance of duties or discharge of legal obligations in relation to the Trust; and
- (vii). in case of conflict between the provisions of the UPSI Policy and applicable law, provisions of the applicable law will prevail over the provisions of the UPSI Policy.

Further, the UPSI Policy also provides the process and procedures for closure of the trading window for dealing in Units, policy and procedure for inquiry into leak or suspected leak of any UPSI and disclosure of UPSI for legitimate purposes.

(b). **Code of Conduct for the Trust (the “Code”)**

The Investment Manager has adopted the Code pursuant to a resolution of its board of directors dated February 22, 2021, in relation to the Trust. Trust and the parties to the Trust shall comply with the Code at all time, in accordance with the InvIT Regulations.

The key principles of the Code are set out below:

- (i). the Trust and the parties to the Trust shall conduct all the affairs of the Trust in the interest of all the Unitholders;
- (ii). the Trust and the parties to the Trust shall make adequate, accurate, explicit and timely disclosure of relevant material information to all Unitholders, the stock exchanges and SEBI in accordance with the InvIT Regulations and as may be specified by the stock exchanges from time to time;
- (iii). the Trust and the parties to the Trust shall try to avoid conflicts of interest, as far as possible, in managing the affairs of the Trust and keep the interest of all Unitholders paramount in all matters. In case such events cannot

be avoided, it shall be ensured that appropriate disclosures are made to the Unitholders and they are fairly treated;

- (iv). the Trust and the parties to the Trust shall ensure that fees charged by them with respect to activities of the Trust shall be fair and reasonable;
- (v). the Investment Manager shall carry out the business of the Trust and invest in accordance with the investment objectives (as disclosed in the draft placement memorandum, placement memorandum and the final placement memorandum) and take investment decisions solely in the interest of Unitholders;
- (vi). the Trust, the parties to the Trust and any third party appointed by the Investment Manager shall not use any unethical means to sell, market or induce any person to buy units of the Trust and where a third party appointed by the Investment Manager fails to comply with this condition, the Investment Manager shall be held liable for the same;
- (vii). the Trust and the parties to the Trust shall maintain high standards of integrity and fairness in all their dealings and in the conduct of their business;
- (viii). the Trust and the parties to the Trust shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment; and
- (ix). the Trust and the parties to the Trust shall not make any exaggerated statement, whether oral or written, either about their qualifications or capabilities or experience.

(c). **Materiality of Information for Periodic Disclosures Policy (“Materiality of Information Policy”)**

The Investment Manager has adopted the Materiality of Information Policy pursuant to a resolution of its board of directors dated February 22, 2021, in relation to Trust. The Materiality of Information Policy aims to outline process and procedures for determining materiality of information in relation to periodic disclosures on the Trust’s website, to the stock exchange and to all stakeholders at large, in relation to the Trust. The key principles of the Materiality of Information Policy are set out below:

- (i). any information concerning the Trust is considered material to the business and affairs of the Trust if (i). it results in, or would reasonably be expected to result in a significant change in the market price or value of units of the Trust; or (ii). if there is a substantial likelihood that a reasonable Unitholder would consider it important in determining whether to buy, sell or hold, or engage in other transactions concerning the Trust’s units; or (iii). the investor would consider important in making an investment decision.
- (ii). The Investment Manager or the Trustee shall provide to SEBI and to the stock exchanges, where applicable, such information as may be sought by SEBI or by the stock exchanges pertaining to the activity of the Trust.
- (iii). certain events or information, as specified in the Materiality of Information for Periodic Disclosures Policy, shall be deemed to be material information and against which the Trust shall not be required to apply the criteria for determining materiality of information, and are deemed material information;
- (iv). the Trust shall use certain criteria for determination of materiality of events or information other than for the deemed material information, as specified in the Materiality of Information for Periodic Disclosures Policy;
- (v). the Trust shall also submit such information to the designated stock exchanges and Unitholders on a periodical basis as may be required under the listing agreements. Further, the Trust shall disclose all such information as may be specified by SEBI to the designated stock exchange(s), Unitholders and SEBI, in the manner as may be specified by SEBI; and
- (vi). the Materiality of Information for Periodic Disclosures Policy also provides for the approval process for disclosure or dissemination of any material or unpublished price sensitive information on behalf of the Trust and authorises the compliance officer and other authorised persons to make the disclosures, as may be required.

(d). **Borrowing Policy of the Trust (“Borrowing Policy”)**

The Investment Manager has adopted the Borrowing Policy pursuant to a resolution of its board of directors dated February 22, 2021, in relation to Trust. The Investment Manager shall ensure that all funds borrowed in relation to the Trust are in compliance with the InvIT Regulations. Accordingly, the Investment Manager has formulated the Borrowing Policy to outline the process for borrowing monies in relation to the Trust. The key terms of the Borrowing Policy include, among other things, the following:

- (i). The Trust may raise debt and avail borrowings and deferred payments from time to time, including through issuance of debt securities and availing loans from banks and financial institutions in accordance with applicable law (including the InvIT Regulations). The Trust may issue debt securities in the manner specified by SEBI, and in accordance with applicable law.
- (ii). The Investment Manager shall ensure that if the value of funds borrowed from related parties in a financial year, exceeds any thresholds prescribed under the InvIT Regulations of the total consolidated borrowings of the Trust, holding companies and the special purposes vehicles, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any related party, in accordance with Regulation 22 of the InvIT Regulations.
- (iii). In the event the aggregate consolidated borrowings and deferred payments (net of cash and cash equivalents) of the Trust, holding companies and the special purposes vehicles, exceed any thresholds prescribed under the InvIT Regulations in this regard, any further borrowings by the Trust shall be availed in accordance with the requirements prescribed under the InvIT Regulations, including any approval from Unitholders under Regulation 22 of the InvIT Regulations.
- (iv). The Investment Manager shall ensure that the aggregate consolidated borrowings and deferred payments (net of cash and cash equivalents) of the Trust, holding companies and the special purposes vehicles shall not exceed the limits prescribed under the InvIT Regulations. Further, where the foregoing limits are breached on account of market movements of the price of the underlying assets or securities, the Investment Manager shall inform the same to the Trustee and ensure that the conditions as specified in the InvIT Regulations are satisfied within the time period prescribed under the InvIT Regulations, subject to any extensions permitted under the InvIT Regulations.
- (v). The Trust shall be permitted to borrow monies through any permitted means, by any instrument, in Indian or foreign currency, as permitted by applicable law, including as prescribed by the RBI. The Investment Manager and the Trustee (on behalf of the Trust) shall be permitted to borrow monies in relation to the Trust, subject to the approval of its board of directors or such other committee of the board of directors as may be constituted in this regard.
- (vi). The Trust also has the power to create mortgage or secure any of its assets or provide guarantees in order to borrow funds. However, the Investment Manager shall not be allowed to create any obligation which would allow the liabilities to extend beyond the assets held by the Trust.
- (vii). Except with prior approval of the Unitholders and obtaining any other approvals required under applicable law (including the InvIT Regulations), any such obligation will not allow the Investment Manager to make the liabilities of the Trust or its Unitholders unlimited.
- (viii). In addition to the above, any borrowing by holding companies or the InvIT Assets, incorporated under the Companies Act, 1956 or the Companies Act, 2013, will be in accordance with the conditions prescribed therein.
- (ix). Any variation of the Borrowing Policy shall be in accordance with the InvIT Regulations.
- (x). In case of any discrepancy, the provisions of applicable law shall prevail over the provisions of the Borrowing Policy. Notwithstanding the above, the Borrowing Policy will stand amended to the extent of any change in applicable law, including any amendment to the InvIT Regulations, without any action from the Investment Manager or approval of the Unitholders.
- (xi). Disclosure and reporting:
 - (a). The Investment Manager shall disclose to the designated stock exchange(s) any additional borrowing, at level of SPVs or the Trust in excess of the threshold limits specified under the InvIT Regulations (presently 15% of the value of the assets of the Trust), as per the requirements prescribed under the InvIT Regulations.
 - (b). Details of changes during the year pertaining to borrowings or repayment of borrowings (standalone and consolidated) shall be disclosed in the annual report of the Trust as per the requirements prescribed under the InvIT Regulations.
 - (c). Details of outstanding borrowings and deferred payments of the Trust, including any credit rating(s), debt maturity profile, gearing ratios of the Trust on a consolidated and standalone basis, shall be disclosed in the annual report of the Trust as per the requirements prescribed under the InvIT Regulations.

(e). **Policy on Preservation of Documents (“Document Archival Policy”)**

The board of directors has adopted the Document Archival Policy pursuant to its resolution dated February 22, 2021. The document archival policy aims to provide a comprehensive policy on the preservation and conservation of the records and documents of the Trust. It provides guidance on the preservation and management of documents to help ensure the authenticity, reliability and accessibility of such documents. The policy aims at identifying, classifying, storing, securing, retrieving, tracking and destroying or permanently preserving records. It stipulates the duration and manner in and place at which records and documents of the Trust shall be preserved. The key terms of the Policy are:

- (i). *Type of Documents*: The Trust’s records and documents can be classified as physical and electronic records. Documents can also be categorised into documents to be preserved for limited life span and those to be preserved permanently.
- (ii). Physical records would consist of all the hand written or printed and signed books and records maintained by the *Investment Manager* in physical form. Electronic records would comprise of all such documents which are digitally or virtually maintained in the electronic forms. Electronic record shall be authenticated by digital signatures.
- (iii). *Place of Preservation of documents and records*: All records and documents along with all the supportive documents which are physically available shall be maintained at the principal place of business of the Trust, presently being 1101, Viraj Towers, Junction off Andheri Kurla Road, W.E. Highway near Land Mark Building, Andheri (East), Mumbai 400 069. All the documents required to be maintained in terms of the InvIT Regulations and any applicable law, shall be preserved under the custody of the compliance officer of the Trust.
- (iv). All financials records required to be maintained in terms of the InvIT Regulations, prescribed accounting standards, Income-tax Act, 1961 and other applicable law, shall be maintained under the custody of the finance and accounts department.
- (v). For paucity of space at the principal place of business of the Trust, data may be kept at an external storage facility, provided that the data so preserved is capable of being easily accessed and retrieved when need be.
- (vi). *Method and tenor of preservation*: All the statutory documents shall be preserved for a minimum period of eight financial years, immediately preceding a financial year, and since creation of the Trust, when the Trust has been created for a period of less than eight years; or such longer duration if prescribed under applicable law. Documents shall be preserved in a chronological manner for each financial year. The person in charge of custody of the documents shall be responsible for proper maintenance and safe keeping of documents under his custody. The Trust shall maintain back-up of all documents preserved in the electronic form.
- (vii). Documents which are confidential in nature shall, wherever possible, be kept under lock and key and shall be shared on need to know basis only with persons directly involved in the transaction involving such documents and records.
- (viii). *Inspection*: If required under applicable law, some of the registers and records may be required to be kept open by a Trust for inspection by directors of the Investment Manager and unitholders of the Trust and by other persons, including creditors of the Trust. Upon receipt of advance notice from a unitholder or from any other specified person the Trust shall facilitate inspection of such documents by such persons and allow extracts to be taken from certain documents, registers and records and to furnish copies of certain documents, registers and records. Such documents and records shall be kept open for inspection during the business hours of the Trust without payment of any fee.
- (ix). *Documents hosted on the Trust website*: Documents which are statutorily required to be hosted on the Trust website shall be hosted within the prescribed timeline from the occurrence of the event. All statutory data shall be hosted on the Trust website for a minimum period of five years or for such minimum period as prescribed under applicable law, after which it shall be preserved in the archival folder of the Trust maintained offline, until it is destroyed upon the expiry of the statutory period for the preservation such documents.
- (x). *Register of documents destroyed to be maintained*: Documents and records may be destroyed after the expiry of the statutory period for the preservation the documents, after keeping a suitable record of documents destroyed.

(f). **Policy on appointment of the auditor and valuer of the Trust**

The board of directors of the Investment Manager has adopted the policy on appointment of the auditor and valuer of the Trust pursuant to its resolution dated February 22, 2021. For details of the policy on appointment of the auditor and the valuer of the Trust, adopted by the board of directors of the Investment Manager pursuant to its resolution dated February 22, 2021, please see “*Other Parties Involved in the Trust – Policy on appointment of Auditor and Valuer*” on page 131.

(g). **Distribution Policy**

The board of directors of the Investment Manager has adopted the distribution policy pursuant to its resolution dated February 22, 2021. For details of the distribution policy, please see the section entitled “*Distribution*” on page 386.

(h). **Policy on Related Party Transactions (“RPT Policy”)**

The board of directors of the Investment Manager has adopted the RPT Policy pursuant to a resolution of its board of directors dated February 22, 2021. For details of the RPT Policy, please see the section entitled “*Related Party Transactions – Procedure for dealing with Related Party Transactions*” on page 413.

The Investment Manager undertakes on behalf of the Trust that it shall comply with such disclosure and accounting norms as specified by SEBI from time to time.

2. Project SPVs

Representatives on the Board of Directors of the Project SPVs

The Investment Manager, in consultation with the Trustee, shall appoint the majority of the members of the board of directors of each of the Project SPVs, in accordance with the requirements prescribed under the InvIT Regulations.

3. Holding Companies

Representatives on the Board of Directors of the Holding Companies

The Investment Manager, in consultation with the Trustee, shall appoint majority of the members of the board of directors of each of the holding companies, in accordance with the requirements prescribed under the InvIT Regulations.

INDUSTRY OVERVIEW

The information contained in this section is derived from various government and other industry sources. Neither we nor any other person connected with the Issue has independently verified this information. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry publications are also prepared based on information available as of specific dates and may no longer be current or reflect current trends. Accordingly, investment decisions should take these limitations into account. All references to years refer to calendar years except as otherwise stated. References to Indian financial years are to the one year period ending March 31 of the named year.

Overview of the Indian Economy

According to the Economic Survey 2020-2021, in 2018, 2019 and 2020 (advance estimates), India’s gross domestic product (“GDP”) based on constant prices was estimated at ₹ 1,39,81,426 crores (revised estimates), ₹ 1,45,65,951 crores (provisional estimates) and ₹ 1,34,39,662 crores (advance estimates) respectively. (Source: Economic Survey 2020-2021 Statistical Appendix Volume 2).

Median CPI inflation is projected at 5.0%, 5.0%, 4.4% and 5.1% for Q1FY22, Q2FY22, Q3FY22 and Q4FY22 respectively (Source: Reserve Bank of India, Minutes of the Monetary Policy Committee Meeting December 2 to 4, 2020 and Minutes of the Monetary Policy Committee Meeting February 3 to 5, 2021).

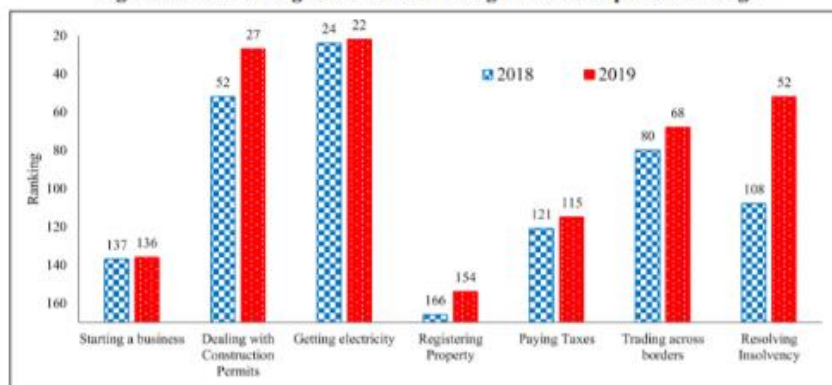

The Government of India has taken several industry specific reform initiatives since 2014 that have significantly improved the overall business environment. In order to improve ease of doing business, the emphasis has been on simplification and rationalization of the existing rules and introduction of information technology to make governance more efficient and effective. The improvement in the business environment as a result of these reforms is reflected in India’s considerably improved ranking to 63rd position among the 190 countries in the World Bank’s Doing Business 2020 Report (Source: Economic Survey of India 2019 - 2020, Volume II (“ESI II”)).

Overview of the Indian Infrastructure Sector

It is well-accepted that investment in infrastructure is necessary for growth. Inadequate transport infrastructure leads to bottlenecks both in the supply of raw materials as well as movement of finished goods to the marketplace. The price that farmers get for their produce is depressed if there is no connectivity through good quality rural roads, which in turn keeps rural incomes depressed negating the fruits of high overall growth performance. For all these reasons, provision of adequate infrastructure is essential for growth and for making growth inclusive. India recently launched the National Infrastructure Pipeline for the period FY 2020-2025 (Source: *ESI II*).

Investment in Infrastructure is necessary for growth. To achieve the GDP of \$5 trillion by 2024-25, India needs to spend about \$1.5 trillion (₹ 111 lakh crore) over these years on infrastructure. The challenge is to step-up annual infrastructure investment so that lack of infrastructure does not become a binding constraint to the growth of the Indian economy. To implement an infrastructure program of this scale, it is important that projects are adequately prepared and launched (Source: *ESI II*).

To draw up the National Infrastructure Pipeline (“NIP”) for each of the years from FY 2019-20 to FY 2024-25, an inter-ministerial Task Force was set up in September 2019 under the chairmanship of Secretary (Department of Economic Affairs), Ministry of Finance. NIP is expected to enable well-prepared infrastructure projects which will create jobs, improve ease of living, and provide equitable access to infrastructure for all, thereby making growth more inclusive. NIP also intends to facilitate supply side interventions in infrastructure development to boost short-term as well as the potential GDP growth. Improved infrastructure capacities will also drive competitiveness of the Indian economy (Source: *ESI II*).

The Finance Minister released the Report of the Task Force on National Infrastructure Pipeline (abridged version) on December 31, 2019. The NIP has projected total infrastructure investment of ₹ 111 lakh crore during the period FY 2020 to 2025 in India. Energy (24 per cent), roads (18 per cent), urban (17 per cent), and railways (12 per cent) amount to over 70 per cent of the projected capital expenditure during the said period. As per the NIP, Central Government (39 per cent) and State Government (40 per cent) are expected to have equal share in funding of the projects followed by the private sector (21 per cent). It is expected that private sector share may increase to 30 per cent by 2025. Out of the total expected capital expenditure of ₹ 111 lakh crore, projects worth ₹ 44 lakh crore (40 per cent) are under implementation, projects worth ₹ 34 lakh crore (30 per cent) are in conceptualization stage and Rs 22 lakh crore (20%) rest are under development. Hence about two-thirds of the pipeline is already firmed up. It is also expected that projects of certain states would be added to the pipeline in due course (Source: *ESI II*).

The Task Force has given its recommendations on required changes to several key sectoral policies and other reform initiatives by the Central and State Governments such as developing a robust bond market for infrastructure companies, revitalizing asset monetization, speedy resolution of infrastructure disputes, optimal risk sharing through better and balanced PPP contracts, and sanctity and enforceability of contracts. The NIP captures the infrastructure vision of the country for the period FY 2020-2025. This is the first ever exercise undertaken in the country. However, it is recognized that financing of NIP would be a challenge. It is hoped that a bouquet of well-prepared projects would attract investment from Central and State Governments, urban local bodies, banks and financial institution, PE funds, and private investors, both local and foreign (Source: *ESI II*).

The Government of India set up the Public Private Partnership Appraisal Committee (PPPAC) responsible for the appraisal of PPP projects in the Central sector. During Financial Year 2020, PPPAC recommended 5 projects with total project cost of ₹4,321 crore. Out of these 5 projects, 4 are railway sector projects (passenger train projects) and 1 is port sector project. In Fiscal 2021, PPPAC recommended 7 projects with total project cost of ₹66,600.59 crore. Out of these 7 projects, 1 is a telecom sector project, 3 are railway sector projects (2 station redevelopment projects & 1 passenger train project), 2 are MHA sector projects (Eco-tourism projects) and 1 is port sector project.

In Fiscal 2021, the Government of India approved the continuation of the revamped Infrastructure Viability Gap Funding (VGF) scheme till 2024-25. Revamping of the proposed VGF scheme will attract more PPP projects and facilitate the private investment in the social sectors (Health, Education, Waste Water, Solid Waste Management, Water Supply etc.). The revamped Scheme is mainly related to introduction of the two sub-schemes for mainstreaming private participation in social infrastructure. (Source: *Economic Survey of India 2020 - 2021, Volume II*)

Overview of Road Sector in India

Introduction

Road transport is the dominant mode of transportation in terms of its contribution to Gross Value Added (“GVA”) and traffic share. The share of transport sector in the GVA for 2017-18 was about 4.77 per cent of which the share of road transport is the largest at 3.06 per cent, followed by the share of the Railways (0.75 per cent), air transport (0.15 per cent) and water transport (0.06 per cent). Similarly, as per the National Transport Development Policy Committee Report, as of 2011-12, road transport is estimated to handle 69 per cent and 90 per cent of the countrywide freight and passenger traffic, respectively. The Ministry of Road Transport and Highways (“MoRTH”) is mandated with the development and maintenance of road networks especially the national highways as well as the implementation of the Motor Vehicle Act under which it formulates broad policies relating to road transport (Source: *ESI II*).

The national highways have a total length of 1,32,500 km, which in totality serve as the arterial network of the country. The development of national highways is the responsibility of the Government of India. The Government of India has launched major initiatives to upgrade and strengthen national highways through various phases of the National Highways Development Project (“NHDP”) (Source: *Annual Report of the Ministry of Road Transport and Highways 2019 – 2020 (“MoRTH Annual Report”)*).

During the decade ending in Fiscal 2019, the national highways recorded a CAGR of 7.25 per cent followed by rural roads (6.25 per cent) and urban roads (4.27 per cent). The pace at which roads have been constructed has grown significantly from 12 kms per day in 2014-15 to 30 kms per day in Fiscal 2019 before it moderated in Fiscal 2020. Total investment in the Roads and Highway sector has gone up more than three times in the six years period from FY15 to FY20 (Table 10), which also led to increased road density across the states.. (Source: *Economic Survey of India 2020 - 2021, Volume II*) Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. Under the Union Budget 2021-22, the Government of India has allocated Rs. 108,230 crore (US\$ 14.85 billion) to the Ministry of Road Transport and Highways. The Government, through a series of initiatives, is working on policies to attract significant investor interest. A total of 200,000 km of national highways is expected to be completed by 2022. In the next five years, National Highway Authority of India (NHAI) will be able to generate Rs. 1 lakh crore (US\$ 14.30 billion) annually from toll and other sources. (Source: *IBEF Roads Report, 2021*).

Road Network

The capacity of national highways in term of handling traffic (passenger and goods) needs to keep pace with economic growth. India has the second largest road network in the world of about 62.16 lakh km. This comprises national highways, expressways, state highways, major district roads, other district roads and village roads as under and transports 64.5% of all goods in the country and 90% of India’s total passenger traffic uses road network to commute:

Particulars	Capacity (in km)
National Highways	1,36,440
State Highways	1,76,818
Other Roads	59,02,539
Total	62,15,797

(Source: *MoRTH Annual Report*)

The Government of India has launched major initiatives to upgrade and strengthen national highways through various phases of NHDP. The status of various programmes up to December 31, 2019 is as under:

Phases	Total Length in km	Length completed up to March 31, 2020	Length completed during April 1, 2020 to December 31, 2020	Length Completed up to December 31, 2020
Bharatmala Pariyojana (I+ II +III +IV) GQ, Port connection & Upgradation with 2/4/6 -laning / Development of North South-East West Corridor	46,278	35,579	1,106	38,685
V 6-laning of GQ and High density corridor	6,500	3,799	289	4,088
VI Expressways	1,000	209	10	219
VII Ring Roads, Bypasses and flyovers and other structures	700 km of ring roads, bypass + flyovers etc.	150	31	181
Other Schemes				
SARDP-NE (Phase A + Arunachal Pradesh)	6,418	3,269	176	3,445
LWE (including Vijaywada Ranchi Route)	6,014	5,380	805	5,460
EAP (WB+JICA+ADB)	1,985	1,109	97	1,206

(Source: *MoRTH Annual Report*)

A good road network is an essential requirement for the rapid growth of the economy. Roads provide connectivity to remote areas, open up backward regions and facilitate access to markets, trade and investment. Roads should not be looked at in isolation, but as part of an integrated multi-modal transport system, which provides crucial links with airports, railway stations, ports and other logistical hubs. As on March 31, 2020, India had a road network of about 62.16 lakh km. The total length of

National Highways was 1.36 lakh km as on March 1, 2020. The pace at which roads have been constructed has grown significantly from 17 kms per day in 2015-16 to 29.7 kms per day in 2018-19 and in FY 2020-21 construction of roads grew to a new milestone of 34 km per day which is almost three times of the rate of construction of highways of about 12 km per day in 2014-15. (Source: *ESI II*). During 2019-20, projects with about 8,948 km length were awarded and completion was achieved in about 10,237 km length of roads and during 2020-21 national highways of 12,205.25 km were constructed. The rate of development of roads has increased significantly from about 11.7 km during 2013-14 to about 28 km now. Due to consistent efforts of MoRTH, length of the National Highways has increased from 91,287 km in April, 2014 to about 1,36,155 km as on December 20, 2020 (Source: *Press Information Bureau, Year-End Review, Ministry of Road Transport and Highways 2020: The Year of Marching Ahead* (<https://pib.gov.in/PressReleaseDetailm.aspx?PRID=1684574>)). In December 2020, the MoRTH proposed to develop additional 60,000 kms of national highways (in the next five years), of which 2,500 kms are expressways/access controlled highways, 9,000 kms are economic corridors, 2,000 kms are coastal and port connectivity highways and 2,000 kms are border road/strategic highways.

Construction of National Highways		
Year	Award (km)	Construction (km)
2020-21* (till 22 nd March, 2021)	6,764	12,205.25
2019-20	8,948	10,237
2018-19	5,493	10,855
2017-18	17,055	9,829
2016-17	15,948	8,231
2015-16	10,098	6,061
2014-15	7,972	4,410

(Source: *Press Information Bureau, Year-End Review, Ministry of Road Transport and Highways 2020: The Year of Marching Ahead* (<https://pib.gov.in/PressReleaseDetailm.aspx?PRID=1684574>))

During the period April 1, 2018 to December 31, 2020, a total of 6,291 land acquisition notifications have been issued and 59,825 hectares of land has been notified for acquisition under Section 3D of the National Highways Act, 1956. Details of land acquired by the National Highways Authority of India during last four years are set out below:

Sr. No.	Year	Area notified u/s 3A (Ha.)	Area notified u/s 3D i.e Total area acquired (Ha.)
1.	2016-17	8,471	7,491
2.	2017-18	11,459	9,494
3.	2018- 19	96,450	29,374
4.	2019-20 (Upto Dec. 2019)	12,784	7,774

(Source: *MoRTH Annual Report*)

Investments in the Road Sector

Total investment in the Roads and Highway sector has gone up more than three times in the six years period from 2014-15 to 2019-20, which also led to increased road density across the states.

Details of total investment on road construction in India

(₹ in Crores)

Heads	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21*
Total Budgetary Support	29,359	45,949	49,172	59,636	76,137	75,853	45,508
IEBR	3,343	23,281	33,118	50,533	61,217	74,988	17,128

Key Organisations governing the National Highways

1. Ministry of Road Transport and Highways

MoRTH is the apex organisation under the Government of India entrusted with the task of formulating and administering, in consultation with other central ministries and departments, State Governments, Union Territory administrations, organisations

and individuals, policies for road transport, national highways and transport research with a view to increasing the mobility and efficiency of the road transport system in the country. MoRTH has two wings: roads wing and transport wing (Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

The road wing deals with development and maintenance of national highways in the country. Its main responsibilities are as follows:

- planning, development and maintenance of National Highways in the country;
- extending technical and financial support to State Governments for the development of state roads and the roads of inter-state connectivity and economic importance;
- evolving standard specifications for roads and bridges in the country; and
- serving as a repository of technical knowledge on roads and bridges.

(Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

The transport wing deals with matter relating to road transport. Its main responsibilities are as follows:

- motor vehicles legislation;
- administration of the Motor Vehicles Act, 1988.
- taxation of motor vehicles;
- compulsory insurance of motor vehicles;
- administration of the Road Transport Corporations Act, 1950 and promotion of transport co-operatives in the field of motor transport;
- evolution of road safety standards in the form of a National Policy on Road Safety and by preparing and implementing the Annual Road Safety Plan;
- collecting, compiling and analysing road accident statistics and taking steps for developing a road safety culture in the country by involving the members of public and organising various awareness campaigns; and
- providing grants-in-aid to non-governmental organisations in accordance with the laid down guidelines.

(Source: *Website of the Ministry of Road Transport and Highways, Government of India* (<https://morth.nic.in/about-us>)).

2. *National Highways Authority of India*

National Highways Authority of India (“**NHAI**”) was set up by an act of the Parliament i.e. National Highways Authority of India Act, 1988. It has been entrusted with NHDP, which along with other minor projects, has vested in it the development, maintenance and management of national highways. NHAI’s objective is to ensure that all contract awards and procurements conform to the best industry practices with regard to transparency of process, adoption of bid criteria to ensure healthy competition in award of contracts, implementation of projects conform to best quality requirements and the highway system is maintained to ensure best user comfort and convenience. National highways are the arterial roads of the country for inter-state movement of passengers and goods. They traverse the length and width of the country connecting the national and state capitals, major ports and rail junctions and link up with border roads and foreign highways. The total length of national highways (including expressways) in the country at present is 136,440 kms. While highways and expressways constitute only about 1.7% of the length of all roads, they carry about 40% of the road traffic (Source: *Website of National Highways Authority of India* (<https://nhai.gov.in/#/about-nhai>)).

Development initiatives in the Roads and Highways Sector

National Highway Development Project

NHAI is mandated to implement NHDP, which is India’s largest ever highways project, in a phased manner. The national highways have a total length of approximately 72,000 km to serve as the arterial network of the country. Although national highways constitute only about 1.7 per cent of the road network, it carries 40 per cent of the total road traffic. Rapid expansion of passenger and freight traffic makes it imperative to improve the road network in the country. Accordingly, Government of India launched major initiatives to upgrade and strengthen national highways through various phases of NHDP.

- **NHDP Phase I:** CCEA on January 12, 2000 approved NHDP Phase-I - Four laning of 6,359 km at a cost of ₹ 30,300.00 crore.
- **NHDP Phase II:** CCEA on December 18, 2003 approved NHDP Phase-II: Four laning of 6,702 km at a cost of ₹. 34,339 crore in December 2003. These two phases comprise of Golden Quadrilateral (“**GQ**”), North-South and East-West Corridors (“**NS-EW**”), port connectivity and other projects. The GQ (5,846 km) connects the four major cities of Delhi, Mumbai, Chennai and Kolkata. The NS-EW Corridors (7,300 km) connect Srinagar in the North to Kanyakumari in the South, including a spur from Salem to Kochi and Silchar in the East to Porbandar in the West.

- **NHDP Phase III:** CCEA on April 12, 2007 approved upgradation of 12,109 km under NHDP Phase III at an estimated cost of ₹ 80,626 crore.
- **NHDP Phase-IV:** CCEA on June 18, 2008 approved upgradation/strengthening of 20,000 kms of national highways to 2/4 lane with paved shoulders on EPC/ BOT (Toll/Annuity) basis under NHDP Phase-IV.
- **NHDP Phase-V:** CCEA on October 5, 2006 approved six laning of 6,500 km of national highways comprising 5,700 km of GQ and balance 800 km of other sections under NHDP Phase-V at a cost of Rs. ₹ 41,210 crore.
- **NHDP Phase-VI:** In November 2006, approved construction of 1,000 km of expressways with full access control on new alignments at a cost of ₹ 16,680 crore under NHDP-Phase-VI.
- **NHDP Phase-VII:** CCEA in December 2007 approved construction of ring roads, bypasses, grade separators, flyovers, elevated roads and tunnels at a cost of ₹16,680 crore under the NHDP Phase-VII.

Advantages of NHDP

Advantages of having a well-developed network of world class highways are many for a nation like India -poised to surge ahead.

- Savings in vehicle operating costs
- Benefits to trade especially in movement of perishable matter
- Faster, comfortable journeys
- Reduced maintenance costs
- Reduced fuel consumption
- Safer travel
- All round development of areas

Prime Focus of NHDP

NHDP's prime focus is on developing International standard roads with facilities for uninterrupted flow of traffic with:

- Enhanced safety features
- Divided carriageways and service roads
- Better riding surface
- Grade separators
- Better road geometry
- Over bridges and underpasses
- Better traffic management and noticeable signage
- Bypasses and wayside amenities

(Source: Website of NHAI (<https://nhai.gov.in/#/about-nhdp>))

Bharatmala Pariyojana (Phase-I)

The Cabinet Committee on Economic Affairs approved the implementation of an umbrella programme for the National Highways – “Bharatmala Pariyojana Phase-I” in its meeting held on October 24, 2017, for construction/ up-gradation of national highways of 34,800 kms length over a period of five years (2017-18 to 2021-22) at an estimated outlay of ₹ 5,35,000 Crore. The programme focuses on optimizing efficiency of freight and passenger movement across the country by bridging critical infrastructure gaps through effective interventions like development of economic corridors, inter corridors and feeder routes, national corridor efficiency improvement, border and international connectivity roads, coastal and port connectivity roads and green-field expressways. Multi-modal integration is also built into this program. Special attention has been paid to fulfilling the connectivity needs of backward and tribal areas, areas of economic activity, places of religious and tourist interest, border areas, coastal areas and trade routes with neighbouring countries. Projects with aggregate length of approximately 9,674 kms (includes projects with length 347 kms which had been awarded and terminated) have already been awarded under Bharatmala Pariyojana (including residual NHDP Works) till December 2019, while projects with length 3,555 kms are currently under bidding. Additionally, work on preparation of detailed project reports for about 16,326 kms is under progress (Source: MoRTH Annual Report).

Phase-I of Bharatmala Pariyojana includes development of following schemes:

Sr. No.	Scheme	Length (km)	Cost (₹ crore)
1.	Economic Corridors	9,000	120,000
2.	Inter-Corridors and feeder roads	6,000	80,000
3.	National Corridor Efficiency improvement	5,000	100,000
4.	Border and International connectivity roads	2,000	25,000
5.	Coastal and port connectivity roads	2,000	20,000
6.	Expressways	800	40,000
Sub Total		24,800	385,000
7.	Ongoing Projects, including NHDP*	10,000	150,000
Total		34,800	535,000

* Balance works under various phases of NHDP shall be fully subsumed under the proposed Bharatmala Pariyojana, to remove overlap and undertake comprehensive development. Balance works under NH(O), SARDP-NE, EAP & LWE schemes would continue under relevant schemes.

(Source: MoRTH Annual Report)

Select Public Private Partnership (PPP) models implemented by NHAI

Build-Operate-Transfer (BOT) Toll

Private developers and operators, who invest in toll-able highway projects, are entitled to collect and retain toll revenue for the tenure of the project concession period. Responsibility for design and development of the project is vested with the concessionaire under this mode. It is also responsible for operation and maintenance (“O&M”) of the project for the entire concession period after it is developed and put to commercial operation. The tolls are prescribed by the authority on per vehicle per km basis for different types of vehicles in accordance with the Gazette notification by NHAI for each of such projects.

Build-Operate-Transfer (BOT) Annuity

As in case of BOT (Annuity) Projects, responsibility for design, development and O&M of the project section for the entire concession period is vested with the concessionaire for the project. The concessionaire is given annuity payments during the O&M period as per provisions of the concession agreement and at a pre-determined rate or percentage. Tolling rights during O&M period vest with the employer after declaration of commercial operation of the developed section.

Hybrid Annuity Model (HAM)

Under this model, 40% of the project cost is paid by the Government/ concessioning authority as construction support/ grant to the private developer and the balance 60% is to be arranged by the successful bidder during the construction period. The concessionaire is paid back the amount of 60% along with interest and O&M payment in the form of annuities during operation period. While the concessionaire is responsible for the operation & maintenance during the concession period, the traffic risk is taken by the project concessioning authority. Tolling rights during the O&M period are vested with the concessioning authority after declaration of commercial operation of the developed section.

Union Budget 2021 – 2022 and the Infrastructure Sector

Further, in the Union Budget 2021-2022 presented on February 1, 2021, the following key announcements relating to the infrastructure sector were made:

1. **Asset monetization:** Monetizing operating public infrastructure assets has been identified as a very important financing option for new infrastructure construction. A “National Monetization Pipeline” of potential brownfield infrastructure assets is proposed to be launched. An asset monetization dashboard also is proposed to be created for tracking the progress and to provide visibility to investors. Some important measures in the direction of monetisation are as follows:
 - (i). Each of National Highways Authority of India (“NHAI”) and Power Grid Corporation of India Limited (“PGCIL”) has sponsored an InvIT that will attract international and domestic institutional investors. Five operational roads with an estimated enterprise value of ₹ 5,000 crores would be transferred to the InvIT sponsored by National Highways Authority of India. Similarly, transmission assets of a value of ₹ 7,000 crores would be transferred to the InvIT sponsored by Power Grid Corporation of India Limited.
 - (ii). Railways plan to monetise dedicated freight corridor assets for operations and maintenance after commissioning.
 - (iii). The next lot of airports would be monetised for operations and management concession.
 - (iv). Other core infrastructure assets that are proposed to be rolled out under the asset monetization programme are: (i) NHAI operational toll roads; (ii) transmission assets of PGCIL; (iii) oil and gas pipelines of GAIL (India) Limited, Indian Oil Corporation Limited and Hindustan Petroleum Corporation Limited; (iv) Airports Authority of India airports in Tier II and III cities; (v) other railway infrastructure assets; (vi) warehousing assets of central public service enterprises (“CPSEs”) such as Central Warehousing Corporation and NAFED, among others; and (vii) sports stadiums.
2. **Roads and infrastructure:**
 - (i). More than 13,000 km length of roads, at a cost of ₹ 3.3 lakh crores, have already been awarded under the ₹ 5.35 lakh crores Bharatmala Pariyojana project of which 3,800 kms have been constructed. By March 2022, GoI would be awarding another 8,500 kms and complete an additional 11,000 kms of national highway corridors.

- (ii). To further augment road infrastructure, more economic corridors are being planned. Some are:
- 3,500 km of national highway works in the state of Tamil Nadu at an investment of ₹ 1.03 lakh crores. These include the Madurai-Kollam corridor and Chittoor-Thatchur corridor. Construction is proposed to start next year.
 - 1,100 km of national highway works in the state of Kerala at an investment of ₹ 65,000 crores, including 600 kilometres section of the Mumbai-Kanyakumari corridor in Kerala.
 - 675 km of highway works in the state of West Bengal at a cost of ₹ 25,000 crores, including upgradation of existing road between Kolkata – Siliguri.
 - National highway works of around ₹ 19,000 crores are currently in progress in the state of Assam. Further works of more than ₹ 34,000 crores covering more than 1,300 kms of national highways will be undertaken in the state of Assam in the coming three years.

3. *Railway Infrastructure:*

- (i). Indian railways have prepared a National Rail Plan for India – 2030. The plan is to create a ‘future ready’ railway system by 2030.
- (ii). It is expected that Western dedicated freight corridor and Eastern dedicated freight corridor will be commissioned by June 2022.
- (iii). Sum of ₹ 110,055 crores have been allocated to the railways, of which ₹ 107,100 crores is for capital expenditure.

4. *Urban Infrastructure:*

- (i). A new scheme is proposed to be launched at a cost of ₹18,000 crores to support augmentation of public bus transport services. The scheme will facilitate deployment of innovative PPP models to enable private sector players to finance, acquire, operate and maintain over 20,000 buses. The scheme will boost the automobile sector, provide fillip to economic growth, create employment opportunities for our youth and enhance ease of mobility for urban residents.
- (ii). A total of 702 km of conventional metro is operational and another 1,016 km of metro and RRTS is under construction in 27 cities. Two new technologies i.e., ‘MetroLite’ and ‘MetroNeo’ will be deployed to provide metro rail systems at much lesser cost with same experience, convenience and safety in Tier-2 cities and peripheral areas of Tier-1 cities.
- (iii). Central counterpart funding will be provided to:
- Kochi Metro Railway Phase-II of 11.5 km at a cost of ₹ 1,957.05 crores.
 - Chennai Metro Railway Phase-II of 118.9 km at a cost of ₹ 63,246 crores.
 - Bengaluru Metro Railway Project Phase 2A and 2B of 58.19 km at a cost of ₹ 14,788 crores.
 - Nagpur Metro Rail Project Phase-II and Nashik Metro at a cost of ₹ 5,976 crores and ₹ 2,092 crores, respectively.

5. *Power Infrastructure:*

- (i). The distribution companies across the country are monopolies, either government or private. There is a need to provide choice to consumers by promoting competition. A framework will be put in place to give consumers alternatives to choose from among more than one distribution company.
- (ii). A revamped reforms-based result-linked power distribution sector scheme will be launched with an outlay of ₹ 3,05,984 crores over five years. The scheme will provide assistance to distribution companies for infrastructure creation, including pre-paid smart metering and feeder separation, upgradation of systems, etc., tied to financial improvements.
- (iii). GoI has proposed to launch a Hydrogen Energy Mission in 2021-22 for generating hydrogen from green power sources.

6. *Ports, Shipping, Waterways:*

- (i). Major ports will be moving from managing their operational services on their own to a model where a private partner will manage it for them. For the purpose, seven projects worth more than ₹ 2,000 crores will be offered by the major ports on PPP mode in Fiscal 2022.
- (ii). A scheme to promote flagging of merchant ships in India will be launched by providing subsidy support to Indian shipping companies in global tenders floated by ministries and CPSEs. An amount of ₹ 1,624 crores will be provided over five years.
- (iii). India has enacted Recycling of Ships Act, 2019 and acceded to the Hong Kong International Convention (“**HKC**”). Around 90 ship recycling yards at Alang in Gujarat have already achieved HKC-compliant certificates. Efforts will be made to bring more ships to India from Europe and Japan. Recycling capacity of around 4.50 million light displacement tonne will be doubled by 2024.

BUSINESS

Some of the information in this section, including information with respect to our plans, strengths, and strategies, contain forward-looking statements that involve risks and uncertainties. You should read “Forward-Looking Statements” on page 14 for a discussion on the risks and uncertainties related to those statements and also “Risk Factors”, “Audited Special Purpose Combined Financial Statements”, “Projections of Revenue From Operations and Cash Flow from Operating Activities” and “Discussion and Analysis by the Directors of the Investment Manager of the Financial Condition, Results of Operations and Cash Flows of the Initial Portfolio Assets of the Trust” on pages 64, 465, 527 and 389, respectively, for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements.

Our fiscal year ends on March 31 of each year, and references to a particular Fiscal are to the twelve months ended March 31 of that year.

Unless otherwise stated or the context requires otherwise, the financial information included herein is based on our Audited Special Purpose Combined Financial Statements included in this Final Placement Memorandum. For further details, please see the section entitled “Audited Special Purpose Combined Financial Statements” on page 465. Unless otherwise stated or the context requires otherwise, references in this section to “we”, “our” or “us” are to Shrem InvIT along with the Initial Portfolio Assets. However, for the purpose of the Combined Financial Statements, references to “we”, “us”, and “our” refers to the Initial Portfolio Assets. We have included various operational and financial performance indicators in this section, some of which may not have been derived from our Audited Special Purpose Combined Financial Statements and which may not have been subject to an audit or review of the Auditors. The manner in which such operational and financial indicators are calculated and presented, and the assumptions and estimates used in such calculations, may vary from that used by other entities in the business similar to ours. Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and must evaluate such information in the context of the Combined Financial Statements.

Unless stated otherwise or the context otherwise requires, industry data used in this section has been obtained or derived from publicly available information as well as industry publications and sources, including from various government publications and websites. Neither we nor any other person connected with the Issue have independently verified this information. The data may have been re-classified by us for the purposes of presentation. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Investors must rely on their independent examination of, and should not place undue reliance on, or base their investment decision solely on this information.

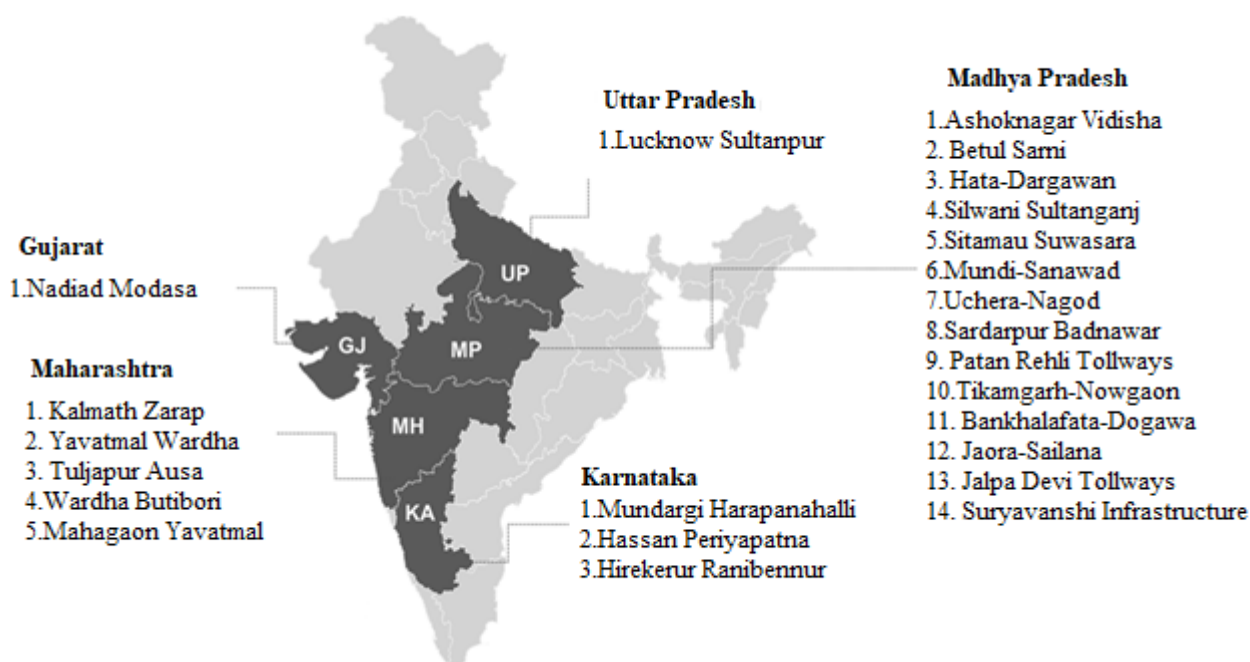

Overview

We are an InvIT set-up for the purposes of carrying on the activity of an infrastructure investment trust and for making investments in the Project SPVs or infrastructure projects or securities of Indian companies engaged in the infrastructure sector, as may be permitted, in accordance with the InvIT Regulations. We were registered with SEBI as an InvIT on February 4, 2021. Our Sponsor, Shrem Infra Structure Private Limited, is a part of the Shrem group. The Shrem group was founded in 2010 by Nitan Chhatwal, and has managed diverse investments in the hospitality, health care, telecommunication and infrastructure sectors. The Sponsor has set up the Trust, which, subject to receiving approvals from the Concessions Authorities, will, amongst other things, acquire 100% of the issued and paid-up equity share capital of Shrem Infraventure Private Limited, Shrem Roadways Private Limited and Shrem Tollway Private Limited (together, the “**Holding Companies**”). It is proposed that through the Holding Companies, the Trust will ultimately acquire 100% shareholding in 20 Project SPVs and 74% shareholding in four Project SPVs (on account of shareholding requirements under the relevant concession agreements), which maintain and operate road assets aggregating to approximately 6,442.35 lane kilometers, located across five states in India (the “**Projects**”). For details of such proposed acquisitions, please see the section entitled “*Formation Transactions in relation to the Trust*” on page 19.

Our Projects

The Projects, consisting of both National Highways and State Highways, are located in the States of Madhya Pradesh, Maharashtra, Uttar Pradesh, Gujarat and Karnataka.

The map below illustrates the locations of the Projects:

* Map not to scale

We operate and maintain our Projects through the Project SPVs, the key details of which are provided below:

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
1.	DBL Lucknow Sultanpur Highways Limited (“ DLSHL ”)	Augmenting the existing road from 11.500 kilometer to 134.700 kilometer (approximately 127.425 kilometer) on the Lucknow-Sultanpur section of National Highway number 56 (new National Highway number 731) by four-laning thereof on design, build, operate and transfer (annuity) basis.	666.77	Uttar Pradesh
2.	DBL Kalmath Zarap Highways Limited (“ DKZHL ”)	Augmenting the existing road from kilometer 406.030 to kilometer 450.170 (43.905 kilometer) on the Kalmath-Zarap section of National Highway number 17 (new National Highway number 66) by four-laning on design, build, operate and transfer (annuity) basis.	267.40	Maharashtra
3.	DBL Yavatmal Wardha Highways Private Limited (“ DYWHPL ”)	Augment the existing road from kilometer 400.575 to kilometer 465.500 of Yavatmal-Wardha section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	370.55	Maharashtra
4.	DBL Tuljapur Ausa Highways Limited (“ DTAHL ”)	Augmenting the existing road from kilometer 0.000 to kilometer 55.835 (existing chainage: kilometer 416.000 to kilometer 470.000) (approximately 67.428 kilometer) on the Tuljapur-Ausa (including Tuljapur bypass) section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	376.96	Maharashtra
5.	DBL Wardha Butibori Highways	Augmenting the existing road from kilometer 28.800 to kilometer 85.374 (approximately 59.374 kilometer) on	351.93	Maharashtra

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
	Private Limited (“ DWBHPL ”)	the Wardha-Butibori section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.		
6.	DBL Mahagaon Yavatmal Highways Private Limited (“ DMYHPL ”)	Augmenting the existing road from kilometer 320.580 to kilometer 400.575 (approximately 80.195 kilometer) on the Mahagaon to Yavatmal section of National Highway number 361 by four-laning thereof on design, build, operate and transfer (annuity) basis.	450.42	Maharashtra
7.	DBL Ashoknagar Vidisha Tollways Limited (“ DAVTL ”)	Augmenting the existing road from bypass junction of Ashoknagar (kilometer 0/10) to Bangla Chauraha (kilometer 35.68) (approximately 35.68 kilometer), on the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis.	107.04	Madhya Pradesh
8.	DBL Betul Sarni Tollways Limited (“ DBSTL ”)	Augmenting the existing road from kilometer 0.00 (Kamani Gate Betul) to kilometer 124.10 (approximately 124.10 kilometer) on the section of State Highway number 43 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	372.30	Madhya Pradesh
9.	DBL Hata-Dargawan Tollways Limited (“ DHDTL ”)	Augmenting the existing road from kilometer 0.00 (Damoh naka in Ilatta town) to kilometer 64.40 (at Dargawan Tiraha) (approximately 64.40 kilometer), section of the State Highway number 48, by intermediate-laning on build, operate and transfer (toll plus annuity) basis.	193.20	Madhya Pradesh
10.	DBL Silwani Sultanganj Tollways Limited (“ DBL Silwani ”)	Augmenting the existing road from kilometer 0.00 to kilometer 75.995 (approximately 76.00 kilometer) on the Silwani-Sultanganj-Jaisinghnagar-Sagar Road section of State Highway number 15 by intermediate-laning / two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	228.00	Madhya Pradesh
11.	DBL Sitamau Suwasara Tollways Limited (“ DSSTL ”)	Augment the existing road from kilometer 0/00 to kilometer 34/000 (approximately 34.97 kilometer) on the Sitamau-Basai-Suwasara section of major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	104.91	Madhya Pradesh
12.	DBL Mundi-Sanawad Tollways Limited (“ DMSTL ”)	Augmenting the existing road from kilometer 0.00 (at Mundi) to kilometer 64.400 (at Sanawad town) (approximately 67.63 kilometer) on the Mundi-Punasa-Sulgaon- Sanawad section of the major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	202.89	Madhya Pradesh
13.	DBL Uchera-Nagod Tollways Limited (“ DUNTL ”)	Augmenting the existing road from kilometer 32.00 (near Nagod National Highway number 75) to kilometer 87.00 (near Uttar Pradesh Border) including 1.70 kilometer Nagod bypass (approximately 55.60 kilometer) on the section of State Highway number 56 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	166.80	Madhya Pradesh

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
14.	DBL Sardarpur Badnawar Tollways Limited (“ DSBTL ”)	Augmenting the existing road from kilometer 0/00 to kilometer 43/300 (approximately 43.00 kilometer) on the Sardarpur-Badnawar Road section of State Highway number 34 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis	129.00	Madhya Pradesh
15.	DBL Patan Rehli Tollways Limited (“ DPRTL ”)	Augmenting the existing road from kilometer 31/10 of State Highway number 15 Rehli-Gorjhamar-Patan Chok and cross the junction of kilometer 113/00 of Rehli Gourjhamar State Highway number 15 including bypass of Rehli which is about 4.4 kilometer and terminated at kilometer 38/10 (approximately 86.60 kilometer) on the section of State Highway number 15 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	259.80	Madhya Pradesh
16.	DBL Tikamgarh-Nowgaon Tollways Limited (“ DTNTL ”)	Augmenting the existing road from Y-junction in kilometer 10/8 at Tikamgarh-Malehra road (State Highway number 10) to kilometer 107 of Jhansi-Nowgaon (National Highway number 76) (approximately 76.40 kilometer), the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis	229.20	Madhya Pradesh
17.	DBL Nadiad Modasa Tollways Limited (“ DNMTL ”)	Improving the section Nadiad-Madhudha-Kathial-Kapadwanj-Bayad-Modasa from kilometer 0.60 to kilometer 109.00 on State Highway number 59 by strengthening and widening to two-laning on design, build, finance, operate and transfer (annuity) basis.	325.20	Gujarat
18.	DBL Bankhalafata-Dogawa Tollways Limited (“ DBDTL ”)	Augmenting the existing three major district roads under package-I comprising (i) Bankhalafata-Dogawa-via-Borawa-Savardevala (23.67 kilometer); (ii) Punasa-Mundi-Singhaji (thermal power plant) and Singhaji bridge approach road (13.30 kilometer); and (iii) Beed-Mundi-Devala-Khutala-Attoot-NVDA (28.43 kilometer) (total length of 65.40 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.	196.20	Madhya Pradesh
19.	DBL Jaora-Sailana Tollways Limited (“ DJSTL ”)	Augmenting the existing four major district roads under package-IV comprising (i) Jaora-Piplodha-Jalandharkheda and Piploda-Sailana (42.27 kilometer); (ii) Raipururiya-Petlabad-Bamniya (18.18 kilometer); (iii) Jawad-Khoh (21.07 kilometer); and (iv) Soyat-Pidawa (6.25 kilometer) (total length of 87.77 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.	263.31	Madhya Pradesh
20.	DBL Mundargi Harapanahalli Tollways Limited (“ DMHTL ”)	Augmenting the existing State Highway from Mundargi-Hadagali-Harapanahalli (approximate length 51.21 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.	153.63	Karnataka
21.	DBL Hassan Periyapatna	Augmenting the existing State Highway from Hassan-Ramanathapura-Periyapatna (approximate length of	221.07	Karnataka

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
	Tollways Limited (“ DHPTL ”)	73.69 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.		
22.	DBL Hirekerur Ranibennur Tollways Limited (“ DHRTL ”)	Augmenting the existing State Highway from Hirekerur-Ranibennur (approximate length 55.69 kilometers) on design, build, finance, operate, maintain and transfer (annuity) basis.	167.07	Karnataka
23.	Jalpa Devi Tollways Limited (“ JDTL ”)	Augmenting the existing road National Highway number 3 from kilometer 332.100 to kilometer 426.100 (approximately 93.500 kilometer) on the Guna-Biaora section of National Highway number 3 by four-laning on design, build, finance, operate and transfer (toll) basis.	506.70	Madhya Pradesh
24.	Suryavanshi Infrastructure Private Limited (“ Suryavanshi Infra ”)	Reconstruction, strengthening, widening and rehabilitation of Mandsaur-Sitamau section from existing kilometer stone 18 and ends at the existing kilometer stone 62 at Chambal River (Rajasthan border) (total 44 kilometer) on State Highway number 14 section, and its operation and maintenance, on build, operate and transfer basis.	132.00	Madhya Pradesh

*The calculation of lane kilometres is done as per the circular of MoRTH (Ref. No.341/PS/Secretary/RTH/2018) dated March 1, 2018 (“**MoRTH Measurement Circular**”). As per the MoRTH Measurement Circular, the linear measurement of the project highway has been dispensed with.

The concessioning authorities for the State Projects are Madhya Pradesh Road Development Corporation Limited (“**MPRDC**”), Karnataka Road Development Corporation Limited (“**KRDCL**”), Roads and Buildings Department, Government of Gujarat (“**RBDGG**”) and for the National Highway Projects are National Highways Authority of India (“**NHAI**”) and Ministry of Road Transport and Highways, Government of India (“**MoRTH**”) (collectively, the “**Concessioning Authorities**”). Each of the concessioning authorities is a government entity.

The Projects are divided into four types on the basis of the implementation mode: (i) hybrid annuity; (ii) toll; (iii) annuity; and (iv) annuity plus toll. Key details of these models are set out below:

- The hybrid annuity model (“**HAM**”) was introduced in January 2016 by the Government with an intent to share the financial risk with the developers, given that infrastructure projects are capital intensive in nature. In a HAM project, the concessioning authority shares a portion of the total project cost during the construction phase. As a mix of EPC and annuity models, HAM reduces the financial burden of a concessionaire during the project construction phase and provides an assured revenue in form of annuities, interest on reducing balance of completion cost (BCC) and O&M payments linked to inflation in the operational phase. Annuity payments eliminate the risk of income fluctuations resulting from changes in traffic volumes. Going forward, HAM is expected to remain the preferred mode of contract for both the Government as well as developers.
- In an annuity project or where the annuity component of an annuity plus toll project is concerned, a fixed amount is paid semi-annually as annuity by the respective Concessioning Authority pursuant to the applicable concession agreement. Income from the project is thus assured to the extent of the annuity to be collected, thus eliminating or reducing our risk of income fluctuations resulted from changes in traffic volumes.
- In a toll-based project or where the toll component of an annuity plus toll project is concerned, concessionaires are allowed to collect tolls from vehicles that use their project carriageways during the concession period at rates notified by the relevant Concessioning Authority, as updated from time to time. Income collected on a toll basis thus fluctuates as traffic volume changes, which is a risk inherent in the operation of our toll roads. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.

Salient Features of the Projects				
Particulars	HAM	Toll	Annuity	Annuity Plus Toll
Bid Criteria	Bid project cost (“BPC”) and first year O&M payable during operation (Both BPC and O&M are indexed with inflation from bid date at every payment invoice)	One time grant receivable from the relevant Concessioneing Authority or annual premium payable to the relevant Concessioneing Authority	Fixed half yearly payment (annuity) throughout the concession period	Fixed half yearly payment (annuity) throughout the concession period
Bid Parameter	Lowest lifecycle cost considering net present value of BPC & O&M bids	Lowest grant or highest premium, as the case maybe	Lowest fixed half year payment (annuity)	Lowest fixed half year payment (annuity)
Payments during Construction	40% of the BPC, linked to physical progress in five equal instalments	Grant if payable else Nil	Nil	Nil
Payments during Operation/Revenue	60% of the BPC is paid in bi-annual annuities over 15 years after COD along with interest at 3 per cent above the RBI Bank Rate and O&M payment as per bid norms	Actual Toll Collection. Toll rates are revised and notified annually by the relevant Concessioneing Authority with a fixed formula which consists of one fixed component (3% annual) and second inflation linked (40% of wholesale price index)	Fixed Half Yearly Payment	Fixed Half Yearly Payment and Actual Toll Collection. Toll Rates are revised and notified annually by Authority with a fixed formula
Concession Period	Construction period and 15 years of operations	As per the concession agreement (which varies between 12 to 26 years)	As per the concession agreement (which is usually up to 15 years)	As per the concession agreement (which is usually up to 15 years)
Revenue Risk	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual annuity, interest and O&M payments are made by the relevant Concessioneing Authority irrespective of the traffic.	The revenue is directly linked with the actual traffic plying on the project stretch. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by the relevant Concessioneing Authority irrespective of the traffic.	There is no revenue risk with respect to annuity payments as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by Concessioneing Authority irrespective of the traffic. The toll revenue is directly linked with the actual traffic plying on the project stretch.

Parties to the Trust

Our Sponsor, Shrem Infra Structure Private Limited and its directors, prior to entering the road infrastructure sector, was an investor in Radiant Life Care Mumbai Private Limited (from March 2015 to December 2017), which through an operation and maintenance agreement, was involved in expanding, equipping, operating, upgrading, managing and administering work of Dr. Balabhai Nanavati Hospital. For further details, please see the section entitled “Parties to the Trust – The Sponsor - Shrem Infra

Structure Private Limited” on page 101. Further, the promoters of the Shrem group have managed investments in various assets classes such as debt capital markets, development of hotels, upgradation of hospital, private equity, lending through a group NBFC entity and development of road projects.

Our Investment Manager, Shrem Financial Private Limited, is responsible for managing us, the Holding Companies and the Project SPVs as well as undertaking investment decisions relating to our assets. The Investment Manager has been engaged in the infrastructure business since 2011. The Investment Manager, through its erstwhile subsidiary, Shrem Resort Private Limited (now Zon Hotels Private Limited), developed and operated the Novotel Goa Shrem Resorts Hotel and the Grand Mercure Goa Shrem Resort between January 2011 – September 2017. It successfully operated the two hotels until September 2017 and subsequently sold them. For further details, please see the section entitled “*Parties to the Trust – The Investment Manager – Shrem Financial Private Limited*” on page 112.

Our Trustee, Axis Trustee Services Limited, is a trusteeship company which has been registered with SEBI on January 31, 2014, and has been promoted by Axis Bank Limited for providing corporate and other trusteeship services. For further details, please see the section entitled “*Parties to the Trust – The Trustee – Axis Trustee Services Limited*” on page 101.

Our Project Manager, Shrem Road Projects Private Limited, will be overseeing the operation and maintenance of the entire portfolio of the Projects which has been contracted on a fixed price basis to DBL for the entire life of the respective Project. For further details, please see the section entitled “*Parties to the Trust – The Project Manager – Shrem Road Projects Private Limited*” on page 125. For further details in respect of our O&M arrangements, please see the section entitled “*– Operation and Maintenance*” on page 222.

Competitive Strengths

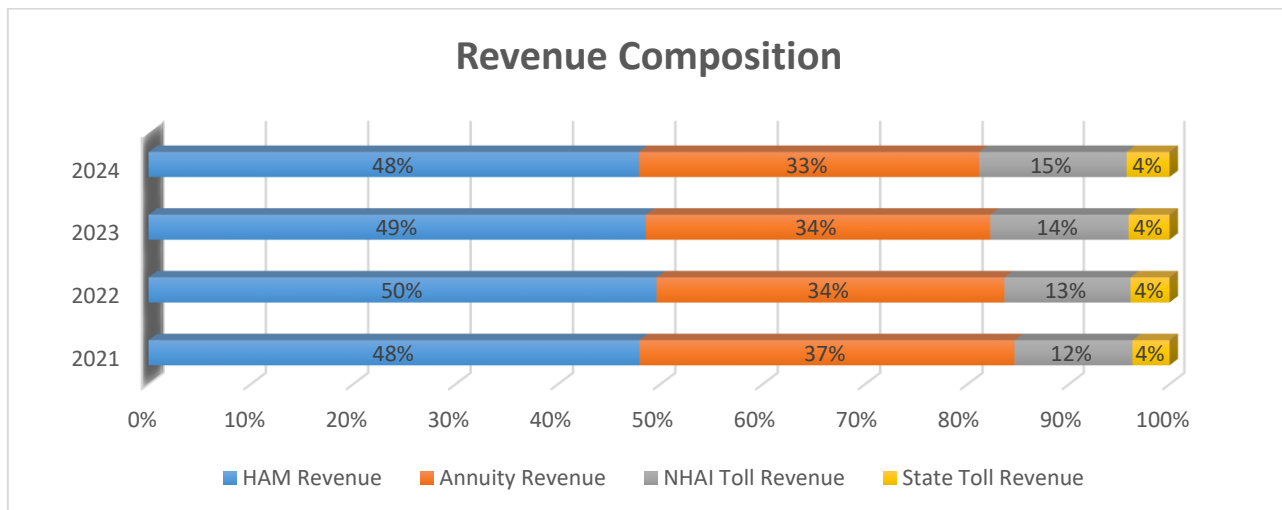

Sizeable portfolio of long term steady revenue-generating assets

The Trust will have a sizeable initial portfolio of completed and revenue-generating assets, consisting of the 24 Projects, having an aggregate length of 6,442.35 lane kilometres, located across five states in India. Each Project SPV has entered into a long term concession agreement with one of the Concessioneing Authorities, having concession periods ranging between 10 and 26 years, with each such concession period commencing from the appointed date of the relevant Project. Thus, the Projects will provide long term cash flows to the Trust. On a collective basis, the HAM Projects had a weighted average residual project life of approximately 13.58 years, JDTL had a residual project life of approximately 21.45 years and the state Projects had a weighted average residual project life of approximately 7.21 years, each as of March 31, 2021.

Diversified road asset portfolio in terms of Concessioneing Authorities, categories of revenue and geographies

The Projects comprise six hybrid annuity projects, 10 annuity plus toll projects, six annuity projects and two toll projects (one being a sole toll project and the other being a grant and toll project) across five states of India, with concessions granted by five different Concessioneing Authorities. We believe that the diversified revenue streams from our Projects place us at a unique position in the Indian road sector providing us with steady cash flow during the course of the year.

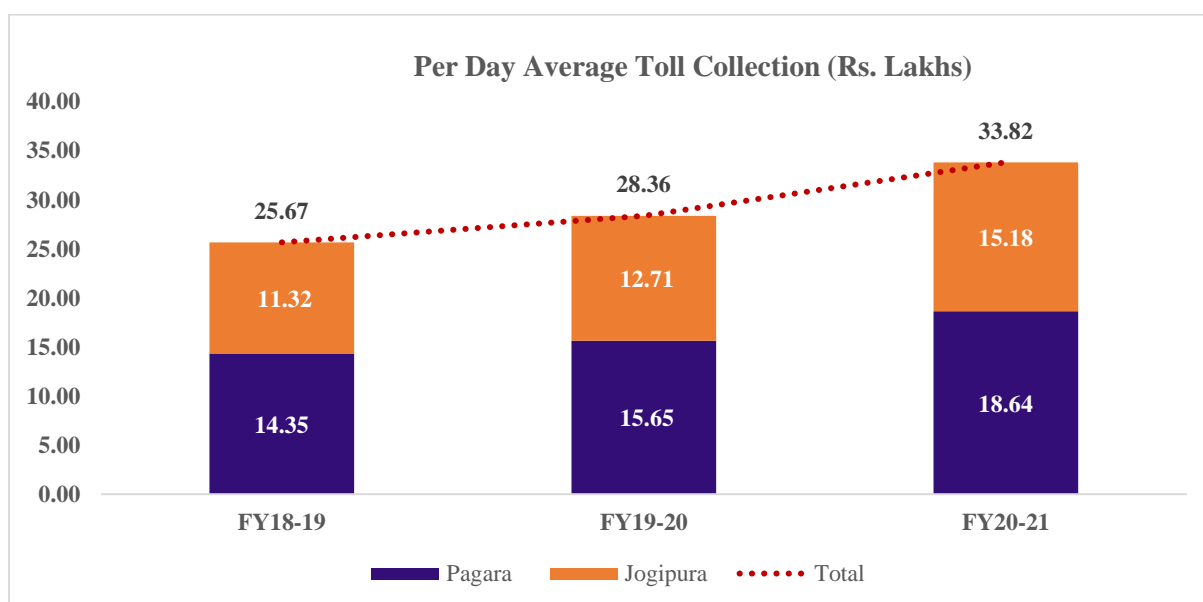

1. *Breakup of share of annuity revenue and toll revenue in total revenue:* A significant portion of our revenue comes and is expected to continue in the future from annuities paid by the relevant Concessioneing Authorities, which signifies the steady nature of income for the Trust. Further, the state toll revenue from our Projects comprising approximately 4% of our combined revenue from operations has been linked with the O&M payments under 14 state Projects to the O&M Contractor, thus eliminating any risk of fluctuations in toll collection.

* The revenue composition for the financial year ended March 31, 2021 is based on the Audited Special Purpose Combined Financial Statements. For further details, please see the section entitled “Audited Special Purpose Combined Financial Statements” on page 465.

** The revenue composition for Fiscal 2022, 2023 and 2024 is based on the Projections of Revenue from Operations and Cash Flow from Operating Activities (based on actual cash inflow). For further details of the Projections of Revenue from Operations and Cash Flow from Operating Activities and reliance on the same, please see the sections entitled “Projections of Revenue from Operations and Cash Flow from Operating Activities” and “Risk Factors – The Audited Special Purpose Combined Financial Statements and Projections of Revenue from Operations and Cash Flow from Operating Activities presented in this Final Placement Memorandum may not be indicative of the future financial condition and results of operations of the Trust” on pages 527 and 68, respectively.

4. **Annuity Track Record:** The Project SPVs have received 196 regular semi-annual annuities till March 31, 2021. We have been receiving regular semi-annual annuities from MPRDC since 2013, RBDGG since January 2015, KRDC since March 2019 and NHAI since October 2019. As per the concession agreements, the relevant Concessioning Authorities are required to make payment within 15 days of due date as per concession period and average collection days on all annuities is 12 days from the due date.
2. **Sole NHAI Toll Asset:** Jalpa Devi Tollway Limited is the only NHAI project in our portfolio that is entirely based on NHAI toll revenues. It is part of a NH-3, which connects Agra-Gwalior-Shivpuri-Biaora-Dewas-Indore-Nasik-Mumbai. Toll revenue have shown consistent growth since its COD i.e. 18th June 2018. During Financial year 2020-21, the first quarter showed a decline in traffic in freight modes due to a complete lockdown in view of COVID-19. The traffic showed recovery in second and third quarter of FY21 as the lockdowns were eased and economic activities slowly started to pick up (Source: *Traffic Report*).

The concession periods of the Project SPVs started at different times and they are expected to expire at different times, thereby ensuring continuous cash flows. The residual terms of the concession agreements range between 5.26 years and 21.45 years as

of March 31, 2021. We believe that our temporally and geographically diverse project portfolio and our expertise leveraged from existing projects provides us with an advantage in capitalizing on new opportunities available in the Indian roads and highways sector. We believe that this diversification strengthens our business by reducing our reliance on any specific project and reducing the potential impact on our business of any economic slowdown or Project-specific *force majeure* event or with respect to any particular project.

Strong O&M support and favourable O&M structure

For the present O&M arrangements of the Project SPVs, please see the section entitled “– *Operation and Maintenance*” on page 222.

Pursuant to the O&M Agreements, Dilip Buildcon Limited has been appointed as the O&M contractor in respect of the Project SPVs (“**DBL**” or the “**O&M Contractor**”) prior to filing the Placement Memorandum with SEBI. DBL was the original bidder for the Project SPVs, and was also the EPC contractor for the construction and development of each of the Projects.

DBL is one of the largest players in the Indian road construction sector in terms of scale of operations and order book size. DBL has demonstrated strong execution capability over the past few years. DBL bids for projects after factoring synergetic benefits arising from clustering of projects and stretches with relatively lower hurdles of land acquisition and clearances. DBL has a large fleet of self-owned equipment and machinery and a large workforce to support all their contractual obligations, including the O&M activities relating to our projects.

Pursuant to the terms of the O&M Agreements, DBL will be responsible for discharging all the O&M responsibilities required to be discharged under the Concession Agreements by the Project SPVs. For further details, please see the section entitled “– *Operation and Maintenance*” on page 222. The Investment Manager believes that the Trust will benefit from DBL’s engagement as the O&M Contractor for the Project SPVs, given that DBL was the original owner and developer of the Projects and has extensive experience in the road infrastructure sector. Some of the benefits that arise from our O&M arrangements with DBL include:

- The O&M Agreements will have a fixed cost structure for the entire concession life of each Project SPV, and the O&M Contractor will not be entitled to any adjustments in payments on account of any escalation in prices and inflation as well as adjustments for items required for the execution of the O&M obligations under the O&M Agreements.
- In case of the NHAI and MoRTH HAM Projects, we shall be entitled to withhold the release of the defect liability deposit (submitted in the form of performance security) and utilise such deposit against any cost incurred by the Project SPV or the O&M Contractor due to non-fulfilment of the O&M obligations mentioned in the relevant O&M Agreements. Further, under the O&M Agreements, the Project SPV will be required to make payments after the expiry of six months from the date of the expiry of the defects liability period under the relevant EPC agreements.
- Payments to the O&M Contractor will be subject to certain conditions, including:
 - such payments being subject to receipt of the annuity by the relevant Project SPV under its concession agreement, except where there is any loss of annuity or delay in receipt of annuity from the relevant Concessions Authority due to reasons attributable to the relevant Project SPV or the relevant Concessions Authority (in which case the payments will be released to the O&M Contractor on the due date of payment). DBL has agreed that O&M payments in respect of major maintenance shall only be paid by the Concessions Authority upon completion of major maintenance by DBL in accordance with the relevant Concession Agreement and as per the specifications and standards provided under the O&M Agreements; and
 - the entitlement of a Project SPV to adjust payments to be made to the O&M Contractor in the event any annuity is withheld or reduced by the relevant Concessions Authority on account of any deficiency in the O&M of the relevant Project or for the breach of by the O&M Contractor of the relevant O&M Agreement.

Further, since a significant portion in six of our HAM Projects is rigid pavement roads (i.e. road constructed with cement, also known as pavement quality concrete roads (“**PQC Roads**”). The design life of PQC Roads is approximately 25-30 years which is more than the concession life of such Projects (being 15 years). Since PQC roads does not require periodic overlay, the maintenance expenses are relatively lower. In addition, the average annual daily traffic plying on the State Projects is 1,303 passenger car equivalent units. The maintenance cost of such Projects, amongst other aspects, is also linked with the vehicular traffic using the Projects. Since traffic on such Projects is very low, the associated maintenance cost is also low.

Hedge against adverse interest rate movements

The NHAI and MoRTH HAM Projects have a natural hedge against the risk of adverse interest rate movement. In addition to the annuity payments due under such concession agreements during the operations period, the relevant concession agreements for HAM Projects require the relevant Concessions Authority to pay interest on the reducing balance of the completion cost (equivalent to 60% of the BPC) throughout the operation period at the rate of 3 per cent above the prevailing RBI Bank Rate.

Accordingly, any increase in the interest payable on loans by us due to an increase in interest rates gets offset by the increased revenues earned by us on such HAM Projects. The value of the financial assets carrying this interest is higher than the consolidated debt of the Project SPVs availed from banks and financial institutions.

Skilled and experienced management team with industry experience

We will be managed by qualified personnel of the Investment Manager who have management and operational experience in the roads and highways sector. For further details, see “*Parties to the Trust – The Investment Manager – Shrem Financial Private Limited*” on page 112. We believe that the experience and leadership of these teams will contribute to our growth and success and will position the Project SPVs to be operated and managed in an efficient manner.

Attractive industry sector with favourable government policies

Further development of the infrastructure sector, in particular road infrastructure, is a priority for the GoI and has been the subject of enhanced investment from the public sector through traditional means of public investment and new channels such as PPPs. Roads have been the key focus area for budget allocations over the years. Under Union Budget 2020-21, the Government has allocated ₹ 91,823 crore (US\$ 13.14 billion) under the Ministry of Road Transport and Highways. Between FY2016 and FY2021, budget outlay for road transport and highways increased at a robust CAGR of 13.10%. Huge investment have been made in the sector with total investment increasing more than three times from ₹ 51,914 crore (US\$ 7.43 billion) in 2014-15 to ₹ 158,839 crore (US\$ 22.73 billion) in 2018 – 2019. More than 13,000 km length of roads have already been awarded under the Bharatmala Pariyojana project, of which 3,800 kms have been constructed. By March 2022, the government aims to award another 8,500 kms and complete an additional 11,000 kms of national highway corridors (Source: *Union Budget 2021-2022*). Through the PPP model, among others, the Investment Manager believes that the Trust has acquired, and will continue to capture through further acquisitions, a significant share in the PPP format of the road infrastructure sector.

For further details, please see the section entitled “*Industry Overview*” on page 143.

Business Strategies

The Investment Manager believes the following to be the key strategies of the Trust:

Institute and maintain prudent capital management policies

The Investment Manager will seek to employ appropriate financing policies and diversify its sources of financing with the objective of minimizing our overall cost of capital to retain enough flexibility to make acquisitions in the future while also maximising distributions to Unitholders.

Active asset management

We intend to continue to manage our road assets through the services of the Project Manager and the O&M Contractor. The Project Manager and the O&M Contractor will be responsible for providing routine O&M services pursuant to the provisions of the Project Implementation and Management Agreements and O&M Agreements. For further details in respect of our O&M arrangements, please see the section entitled “– *Operation and Maintenance*” on page 222.

Future acquisition of completed steady revenue- generating annuity road infrastructure assets

The Investment Manager may in the future expand our initial portfolio by identifying and acquiring additional operational revenue generating hybrid annuity or annuity projects which meet our Investment Objectives in accordance with the provisions of the Trust Deed. For further details of the Investment Objectives, please see the section entitled “*Overview of the Trust*” on page 17.

In addition, the Investment Manager believes that due to trends in the industry, a number of acquisition opportunities may be available. These trends include the potential divestment of assets by reputed Infrastructure developers, highly leveraged private companies and by financial and private equity investors seeking to exit their investments. The Investment Manager hopes to take advantage of these opportunities by actively sourcing and acquiring quality assets from such third parties on a case-by-case basis which is value accretive to existing unitholders. The acquisitions shall be done only after a detailed technical and financial due diligence from independent third parties.

Details of the Projects

The Project SPVs have undertaken or are undertaking their respective Projects on a BOT or DBFOT basis, pursuant to which they design, build, finance, operate and maintain the Projects pursuant to concession agreements with the Concessional Authorities.

The initial portfolio of the Trust comprises 24 Projects that are operated and maintained by the Project SPVs. The Projects are divided into four types on the basis of the implementation mode: (i) hybrid annuity; (ii) toll; (iii) annuity; and (iv) annuity plus toll.

The table below sets forth details of the Project SPVs:

Sr. No.	Project	Type of Project Model	Project Length (in km)	Lanes in Main Carriageway (Nos. of lanes)	Type of Road and Pavement	Concessioneing Authority	PCOD	Number of Annuities Received as on March 31, 2021/ Total Annuities to be paid in the Concession Period	Residual Concession Period (in years) as of March 31, 2021 / End of Concession Period
1.	DBL Lucknow Sultanpur Highways Limited	Hybrid Annuity	127.43	4	NH/ Rigid	NHAI	April 30, 2019	3/30	13.09 (April 29, 2034)
2.	DBL Kalmath Zarap Highways Limited	Hybrid Annuity	43.91	4	NH ⁽⁶⁾ / Rigid / Flexible	MoRTH	March 23, 2020	2/30	13.98 (March 22, 2035)

DBL Lucknow Sultanpur Highways Limited Project

Concession agreement

On October 24, 2016, the National Highways Authority of India and DLSHL entered into a concession agreement (the “**DLSHL Concession Agreement**”). DLSHL was engaged, on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from 11.500 kilometer to 134.700 kilometer (approximately 127.425 kilometer) on the Lucknow-Sultanpur section of National Highway number 56 (new National Highway number 731) by four-laning, in accordance with the terms and conditions of the DLSHL Concession Agreement. The DLSHL Project was commissioned in and commenced operations from April 2019. The concession period includes 910 days of construction period and operation period of 15 years. As consideration, DLSHL shall receive the bid project cost of ₹ 20,160 million, in accordance with the payment mechanism described in the DLSHL Concession Agreement. For further details on the DLSHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DLSHL Project and the corridor it covers:

Salient Features

Salient features of the DLSHL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of the Project Highway	127.43 Km
2.	No of Bypass Roads	4 Nos.
3.	Flexible Pavement for Main carriageway (2 Lane)	-
4.	Slip Roads with 5.5 m Width	14.82 Km
5.	Toll Plaza	2 Nos
6.	Bus Bays / Bus Shelters	43 Nos.
7.	Truck Lay Bays	2 Nos
8.	Major Junction	20 Nos.
9.	Minor Junctions	110 Nos.
10.	Vehicle Underpass	4 Nos.
11.	Pedestrian/Cattle Underpass	6 Nos.
12.	ROB	1 No
13.	Major Bridges	1 No
14.	Minor Bridges for Main Carriageway	13 Nos.
15.	Box/Slab Culverts	75 Nos.
16.	Pipe Culverts	184 Nos.

Operation and Maintenance

For details of the O&M obligations of DLSHL under the DLSHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DLSHL Project net of grant / construction support received from NHAI during the construction period (wherever applicable) is ₹ 7,846.31 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinate debt) was ₹ 2,594.42 million and debt outstanding to lenders was ₹ 7,885.29 million.

DBL Kalmath Zarap Highways Limited Project

Concession agreement

On February 9, 2017, MoRTH (through the Public Works Department, Government of Maharashtra) and DKZHL entered into a concession agreement (the “**DKZHL Concession Agreement**”). DKZHL was engaged on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from kilometer 406.030 to kilometer 450.170 (43.905 kilometer) on the Kalmath-Zarap section of National Highway number 17 (new National Highway number 66) by four-laning,

in accordance with the terms and conditions of the DKZHL Concession Agreement. The DKZHL Project was commissioned in and commenced operations from March 2020. The concession period includes 730 days of construction period and an operation period of 15 years. As consideration, DKZHL shall receive the bid project cost of ₹ 9,140 million, in accordance with the payment mechanism described in the DKZHL Concession Agreement. For further details on the DKZHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DKZHL Project and the corridor it covers:

Salient Features

Salient features of the DKZHL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Main Carriageway with Rigid Pavement (Considering both sides)	(33.560*2) 67.12 Km
2.	Total Length of Main Carriageway with Flexible Pavement (Considering both sides)	10.35 Km
3.	Total length of Service Roads	23.938 Km
4.	Total length of Slip Roads	-
5.	No of Toll Plazas	1 No
6.	No of Bus Bays with Bus Shelters	43Nos. Completed 3 Nos. Construction Pending
7.	Number of Truck Lay Bays	1 No
8.	No of Rest Areas	---
9.	No of Major Junctions	5 Nos.
10.	No of Minor Junctions	61 Nos.
11.	No of Vehicular underpasses	5 Nos.
12.	No of Light Vehicular underpasses	5 Nos.
13.	No of Pedestrian underpasses	1 No.
14.	No of Subways	1 No.
15.	No of Flyovers	1 No.
16.	No of Major Bridges	7 Nos.
17.	No of Minor Bridges	9 Nos.
18.	No of Hume Pipe Culverts	127 Nos.
19.	No of Box / Slab Culverts	19 Nos.

Operation and Maintenance

For details of the O&M obligations of DKZHL under the DKZHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224

Project cost and financing

The cost of the DKZHL Project net of grant / construction support received from MoRTH during the construction period (wherever applicable) is ₹ 2,687.80 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 795.50 million and debt outstanding to lenders was ₹ 2,875.80 million.

DBL Yavatmal Wardha Highways Private Limited Project

Concession agreement

On June 9, 2017, NHAI and DYWHPL entered into a concession agreement (the “**DYWHPL Concession Agreement**”). DYWHPL was engaged, on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from kilometer 400.575 to kilometer 465.500 of Yavatmal – Wardha section of National Highway number 361 by four-laning, in accordance with the terms and conditions of the DYWHPL Concession Agreement. The DYWHPL Project was commissioned in and commenced operations from August 2019. The concession period includes 910 days of construction period and an operation period of 15 years. As consideration, DYWHPL shall receive the bid project cost of ₹ 10,432.8 million, in accordance with the payment mechanism described in the DYWHPL Concession Agreement. For further details on the DYWHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DYWHPL Project and the corridor it covers:

Salient features of the DYWHPL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of the Project Highway	64.92 Km
2.	Widening	47.12 Km
3.	New Alignment including bypass	6.99 Km
4.	Approaches to underpasses	10.82 Km
5.	No of Bypass Roads	2 Nos.
6.	Service Roads with 7.5 m Width	9.49 Km
7.	Slip Roads with 5.5 m Width	13.47 Km
8.	Toll Plaza	1 No.
9.	Bus Bays / Bus Shelters	32 Nos.
10.	Truck Lay Bays	1 No.
11.	Rest Area	1 No.
12.	Major Junction	3 Nos.
13.	Minor Junctions	26 Nos.
14.	Vehicle Underpass	3 Nos.
15.	Light Vehicle Underpass	6 Nos.
16.	Pedestrian Underpass	2 Nos.
17.	Cattle Underpass	1 No.
18.	Vehicle Overpass	1 No. with 2 Lane Width
19.	Flyover	2 Nos.
20.	Major Bridges	3 Nos.
21.	Minor Bridges for Main Carriageway	30 Nos.
22.	Box/Slab Culverts	32 No.
23.	Pipe Culverts	83 Nos.

Operation and Maintenance

For details of the O&M obligations of DYWHPL under the DYWHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DYWHPL Project net of grant / construction support received from NHAI during the construction period (wherever applicable) is ₹ 2,346.61 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 982.78 million and debt outstanding to lenders was ₹ 2,676.39 million.

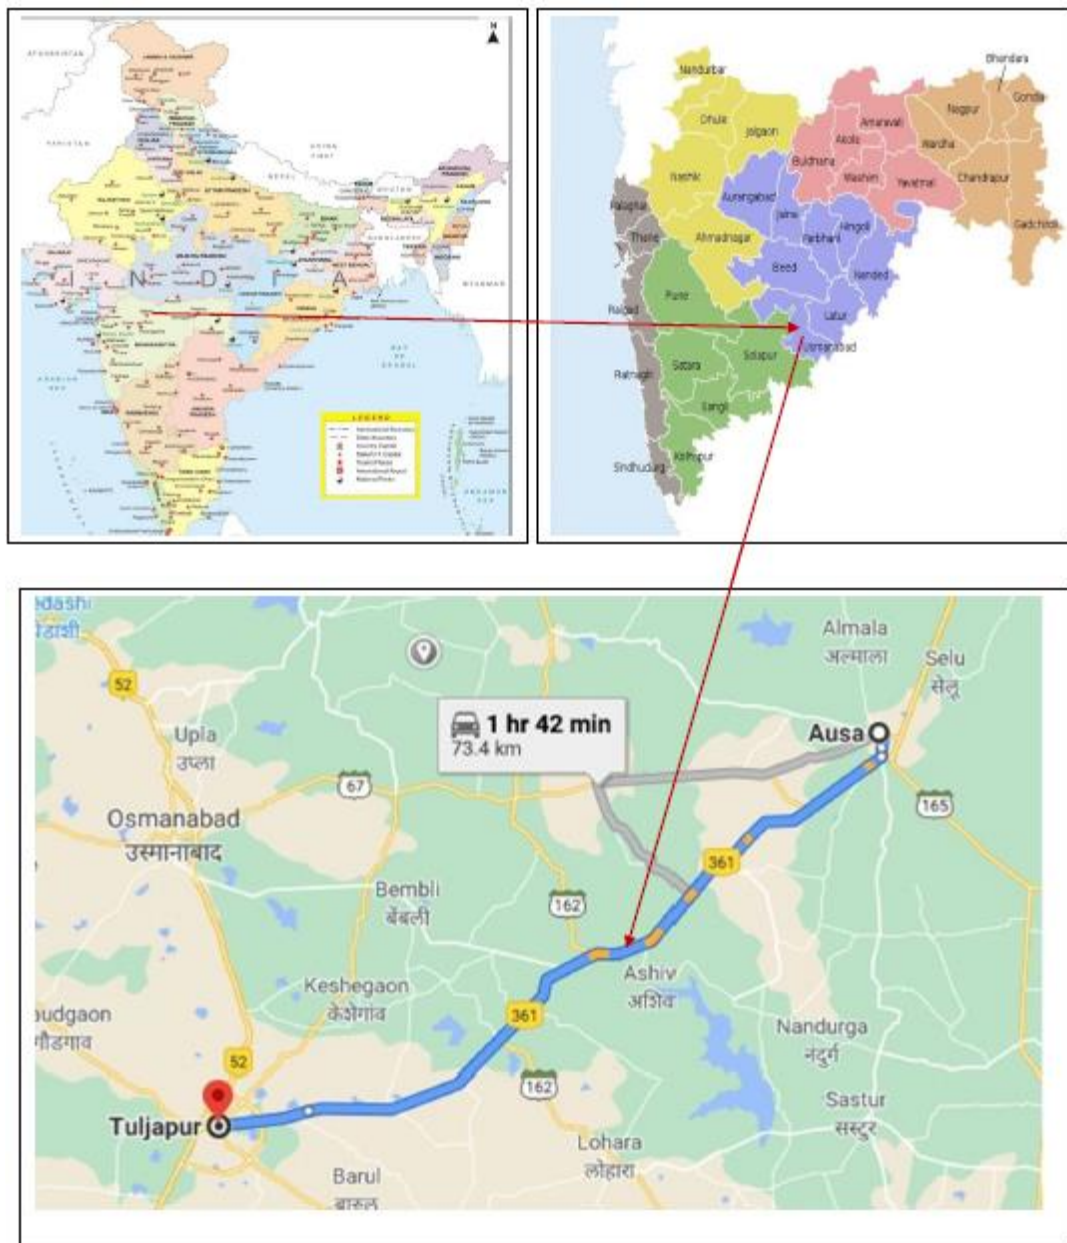

DBL Tuljapur Ausa Highways Limited Project

Concession agreement

On May 1, 2017, the National Highways Authority of India and DTAHL entered into a concession agreement (the “**DTAHL Concession Agreement**”). DTAHL was engaged on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from kilometer 0.000 to kilometer 55.835 (existing chainage: kilometer 416.000 to kilometer 470.000) (approximately 67.428 kilometer) on the Tuljapur-Ausa (including Tuljapur bypass) section of National Highway number 361 by four-laning, in accordance with the terms and conditions of the DTAHL Concession Agreement. The DTAHL Project was commissioned in and commenced operations from November 2019. The concession period includes 910 days of construction period and an operation period of 15 years. As consideration, DTAHL shall receive the bid project cost of ₹ 9,110.7 million, in accordance with the payment mechanism described in the DTAHL Concession Agreement. For further details on the DTAHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DTAHL Project and the corridor it covers:

Salient features of the DTAHL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Main Carriageway 4 Lane with Rigid Pavement	67.43 Km
2.	Total length of Service Roads	18.85 Km
3.	Total length of Slip Roads	0.96 Km
4.	No of Toll Plazas	1 No.
5.	No of Bus Bays with Bus Shelters	34 Nos.
6.	Number of Truck Lay Bays	1 No
7.	No of Rest Areas	1 No
8.	No of Major Junctions	8 Nos.
9.	No of Minor Junctions	49 Nos.
10.	No of Vehicular underpasses	4 Nos.
11.	No of Light Vehicular underpasses	3 Nos.
12.	No of Pedestrian underpasses	3 Nos.
13.	No of Minor Bridges	20 Nos.
14.	No of Hume Pipe Culverts	72 Nos.
15.	No of Box / Slab Culverts	17 Nos.

Operation and Maintenance

For details of the O&M obligations of DTAHL under the DTAHL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DTAHL Project net of grant / construction support received from NHAI during the construction period (wherever applicable) is ₹ 2,078.45 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 650.78 million and debt outstanding to lenders was ₹ 2,373.28 million.

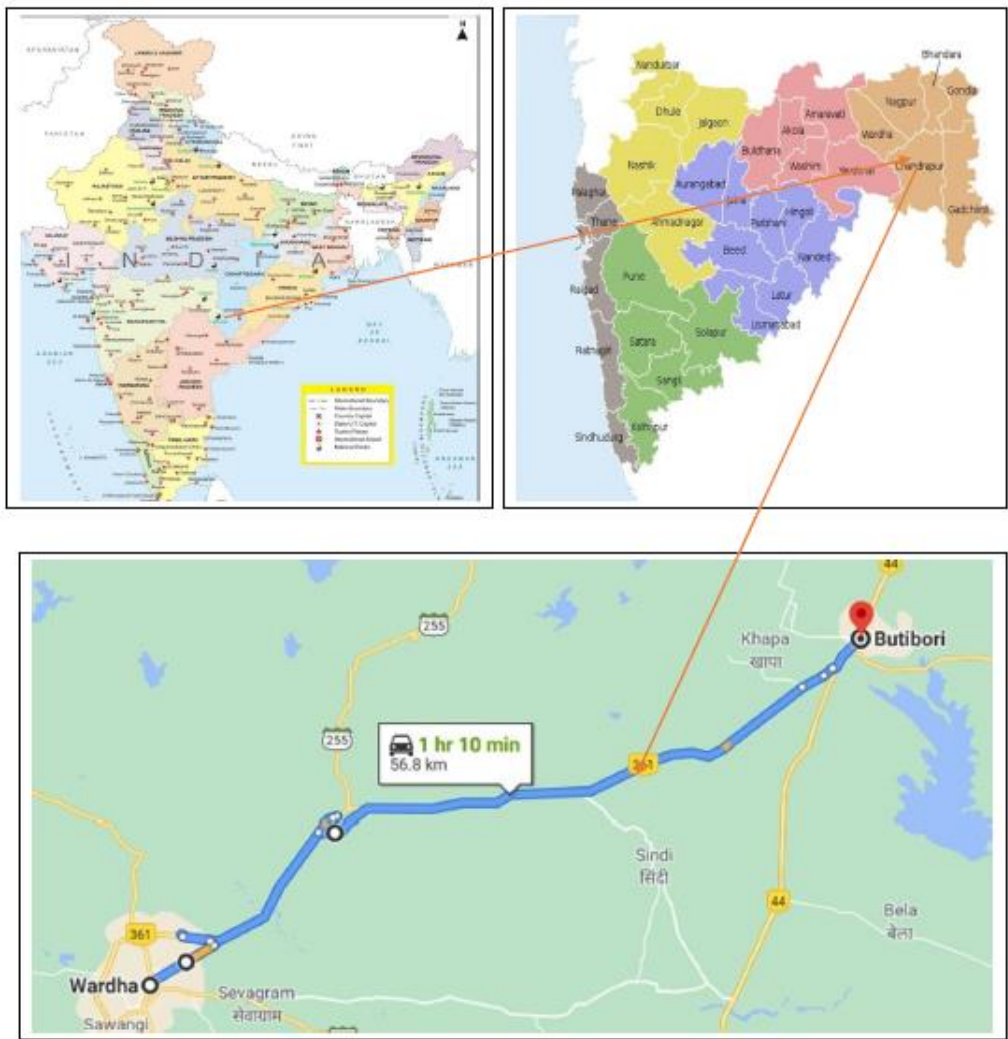

DBL Wardha Butibori Highways Private Limited Project

Concession agreement

On June 9, 2017, the National Highways Authority of India and DWBHPL entered into a concession agreement (the “**DWBHPL Concession Agreement**”). DWBHPL was engaged on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from kilometer 28.800 to kilometer 85.374 (approximately 59.374 kilometer) on the Wardha – Butibori section of National Highway number 361 by four-laning, in accordance with the terms and conditions of the DWBHPL Concession Agreement. The DWBHPL was commissioned in and commenced operations from November 2019. The concession period includes 910 days of construction period and an operation period of 15 years. As consideration, DWBHPL shall receive the bid project cost of ₹ 10,655.1 million, in accordance with the payment mechanism described in the DWBHPL Concession Agreement. For further details on the DWBHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DWBHPL Project and the corridor it covers:

Salient Features

Salient features of the DWBHPL Project include:

Sr. No.	Particulars	As per Site
1.	Total Length of Main Carriageway 4 Lane with Rigid Pavement	59.19 Km
2.	Total length of Service Roads	8.80 Km
3.	Total length of Slip Roads	19.10 Km
4.	No of Toll Plazas	1 No.
5.	No of Bus Bays with Bus Shelters	28 Nos.
6.	Number of Truck Lay Bays	2 No
7.	No of Rest Areas	Nil
8.	No of Major Junctions	9 Nos.
9.	No of Minor Junctions	30 Nos.
10.	No of Vehicular underpasses	9 Nos.
11.	No of Light Vehicular underpasses	2 Nos.
12.	No of Pedestrian underpasses	1 Nos.
13.	No of Grade Separators	1 Nos.
14.	No of Major Bridges	2 Nos.
15.	No of Minor Bridges	16 Nos.
16.	No of ROBs	1 Nos.
17.	No of Hume Pipe Culverts	65 Nos.
18.	No of Box / Slab Culverts	28 Nos.

Operation and Maintenance

For details of the O&M obligations of DWBHPL under the DWBHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DWBHPL Project net of grant / construction support received from NHAI during construction period (wherever applicable) is ₹ 2,669.68 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 869.91 million and debt outstanding to lenders was ₹ 2,466.08 million.

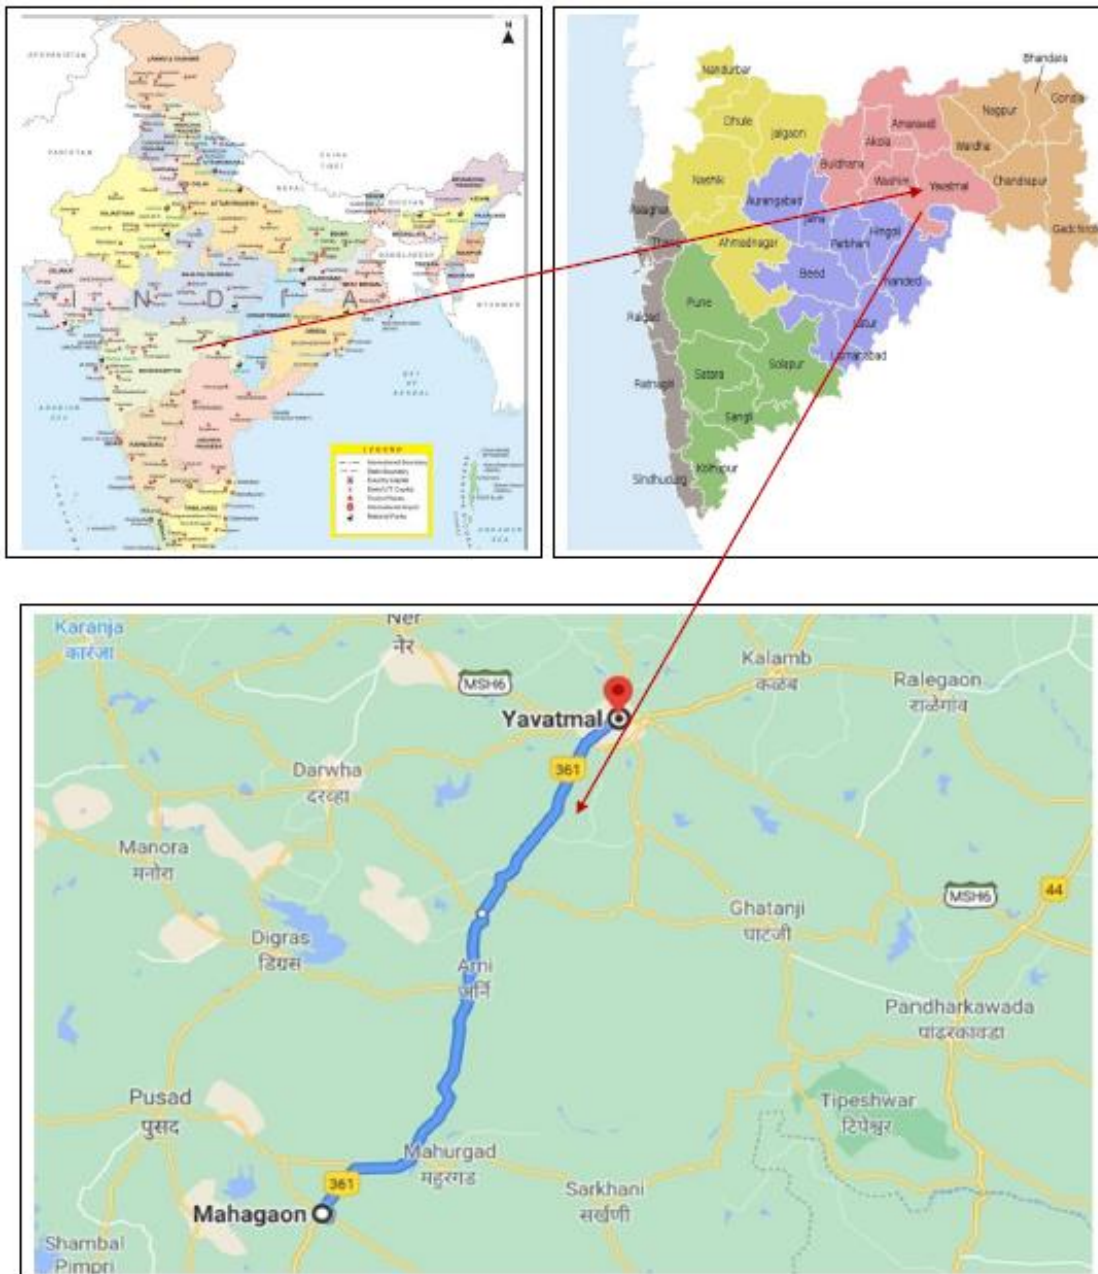

DBL Mahagaon Yavatmal Highways Private Limited Project

Concession agreement

On June 9, 2017, the National Highways Authority of India and DMYHPL entered into a concession agreement (the “**DMYHPL Concession Agreement**”). DMYHPL was engaged on a design, build, operate and transfer (annuity) or hybrid annuity (HAM) basis, to augment the existing road from kilometer 320.580 to kilometer 400.575 (approximately 80.195 kilometer) on the Mahagaon to Yavatmal section of National Highway number 361 by four-laning, in accordance with the terms and conditions of the DMYHPL Concession Agreement. The DMYHPL Project was commissioned in and commenced operations from May 2020. The concession period includes 910 days of construction period and an operation period of 15 years. As consideration, DMYHPL shall receive the bid project cost of ₹ 11,606.40 million, in accordance with the payment mechanism described in the DMYHPL Concession Agreement. For further details on the DMYHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DMYHPL Project and the corridor it covers:

Salient Features

Salient features of the DMYHPL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Main Carriageway	79.99 Km
2.	Total length of Service Roads	15.34 Km
3.	Total length of Slip Roads	10.54 Km
4.	No of Toll Plazas	1 No.
5.	No of Bus Bays with Bus Shelters	38 Nos.
6.	Number of Truck Lay Bays	1 No
7.	No of Rest Areas	1 No
8.	No of Major Junctions	07 Nos.
9.	No of Minor Junctions	45 Nos.
10.	No of Vehicular underpasses	5 Nos.
11.	No of Light Vehicular underpasses	5 Nos.
12.	No of Small Vehicular Underpass	1 No
13.	No of Pedestrian underpasses	3 Nos.
14.	No of Subways	Nil
15.	No of Flyovers	Nil
16.	No of Major Bridges	2 Nos.
17.	No of Minor Bridges	39 Nos.
18.	No of Hume Pipe Culverts	133 Nos.
19.	No of Box / Slab Culverts	24 Nos.

Operation and Maintenance

For details of the O&M obligations of DMYHPL under the DMYHPL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DMYHPL Project net of grant / construction support received from NHAI during the construction period (wherever applicable) is ₹ 2,788.68 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 1019.23 million and debt outstanding to lenders was ₹ 3,711.20 million.

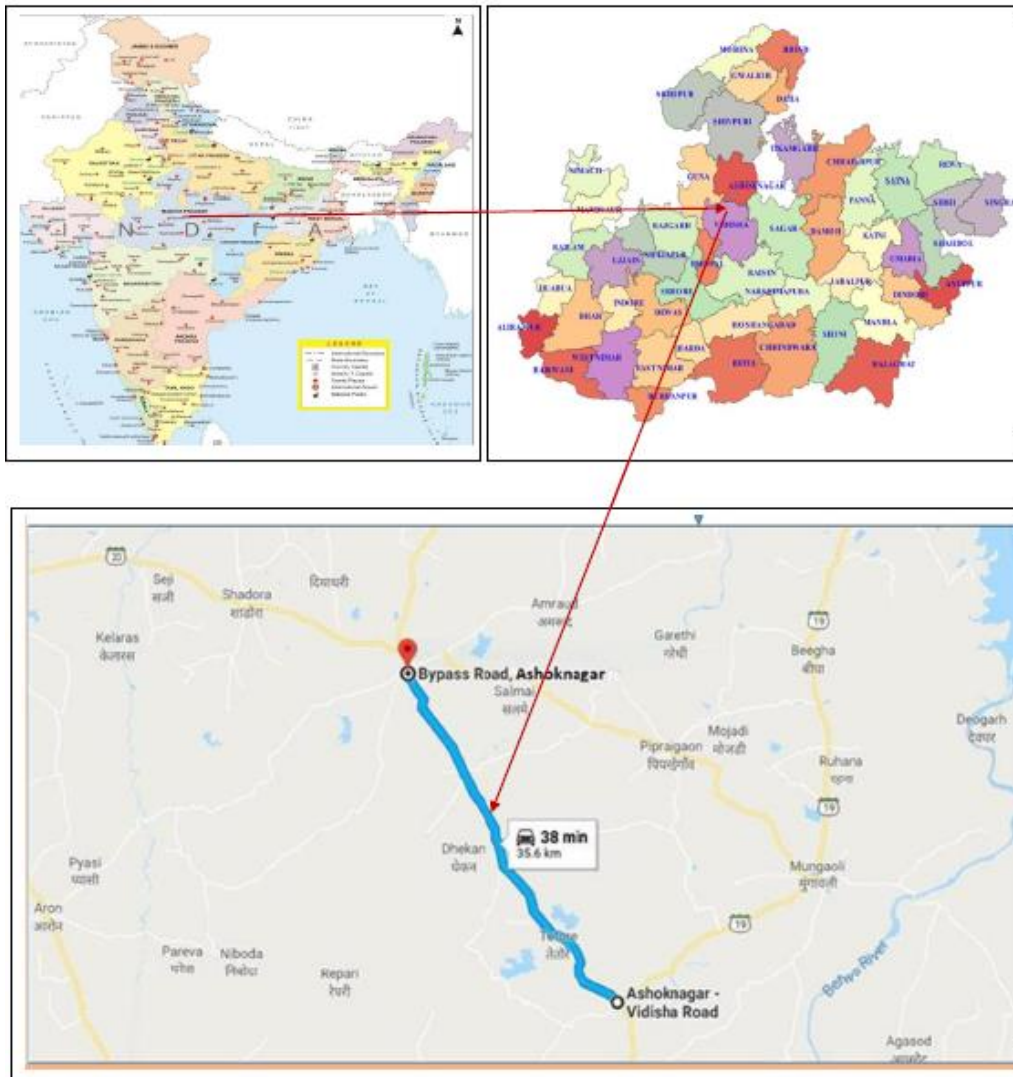

DBL Ashoknagar Vidisha Tollways Limited Project

Concession agreement

On March 22, 2013, the Madhya Pradesh Road Development Corporation Limited and DAVTL entered into a concession agreement (the “**DAVTL Concession Agreement**”). DAVTL was engaged, on a build, operate and transfer (toll plus annuity) basis, to augment the existing road from bypass junction of Ashoknagar (kilometer 0/10) to Bangla Chauraha (kilometer 35.68) (approximately 35.68 kilometer), on the section of major district road in Madhya Pradesh by two-laning, in accordance with the terms and conditions of the DAVTL Concession Agreement. The DAVTL Project was commissioned in and commenced collection of tolls from July 2014. The DAVTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DAVTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DAVTL Concession Agreement, DAVTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 50.4 million. DAVTL pays per year, as concession fee, ₹ 1. For further details on the DAVTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DAVTL Project and the corridor it covers:

Salient Features

Salient features of the DAVTL Project include:

Sr. No.	Salient features	As per Site
1.	Total Length	35.57 Km
2.	Total Length of 2 Lane (Flexible)	33.77 Km
3.	Total Length of 4 Lane (Flexible)	1.80 Km
4.	Toll Plaza	1 No.
5.	Bus Shelters	16 Nos.
6.	Truck Lay Bays (Both sides)	2 Nos.
7.	Major Junction	2 Nos.
8.	Minor Junctions	9 Nos.
9.	ROB	Nil
10.	Major Bridges	1 No.
11.	Minor Bridges	10 Nos.
12.	Pipe Culverts	15 Nos.
13.	Slab/Box Culverts	19 Nos.

Operation and Maintenance

For details of the O&M obligations of DAVTL under the DAVTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DAVTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 778.67 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 216.41 million and debt outstanding to lenders was ₹ 449.96 million.

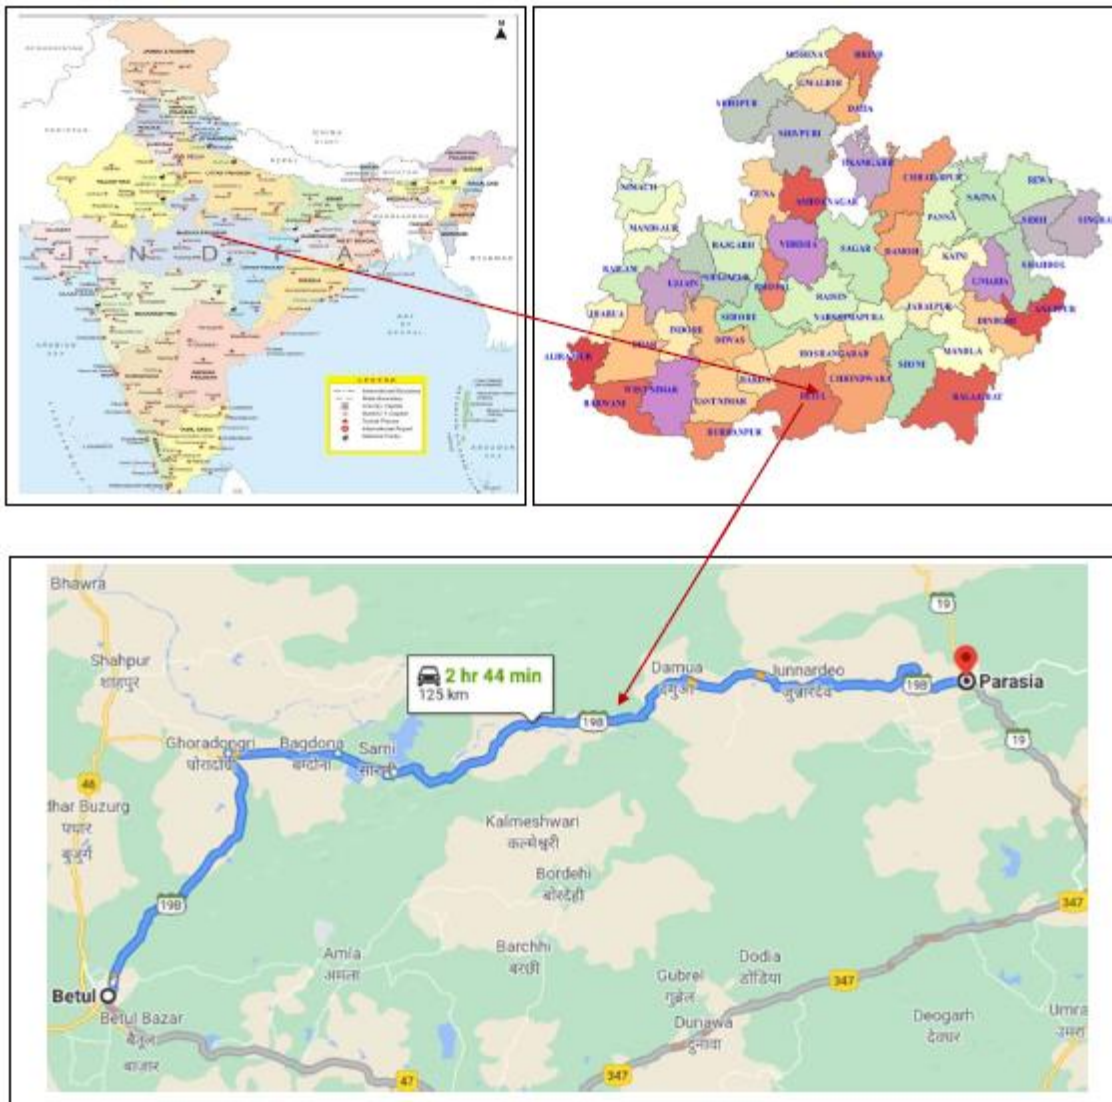

DBL Betul Sarni Tollways Limited Project

Concession agreement

On May 20, 2013, the Madhya Pradesh Road Development Corporation Limited and DBSTL entered into a concession agreement (the “**DBSTL Concession Agreement**”). DBSTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 0.00 (Kamani Gate Betul) to kilometer 124.10 (approximately 124.10 kilometer) on the section of State Highway number 43 by two-laning, in accordance with the terms and conditions of the DSBTL Concession Agreement. The DBSTL Project was commissioned in and commenced collection of tolls from May 2015. The DBSTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DBSTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBSTL Concession Agreement, DBSTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 154.80 million. DBSTL pays per year, as concession fee, ₹ 1. For further details on the DBSTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DBSTL Project and the corridor it covers:

Salient features of the DBSTL Project include:

Sr. No.	Salient Features	As per Site
1.	Two lane length with earthen shoulder	86.66 Km
2.	Two lane with paved shoulder	27.51 Km
3.	Four Lane	5.25 Km
4.	Two lane Rigid Pavement	4.69 Km
5.	Bypasses	Nil
6.	Major Junctions / Minor Junctions	5 Nos. / 10 Nos.
7.	Toll Plaza	2 Nos.
8.	Bus Bays	22 Nos.
9.	Truck Lay bye	2 Nos.
10.	ROB	Nil
11.	Major Bridges	9 Nos.
12.	Minor Bridges	36 Nos.
13.	Pipe Culverts	245 Nos.
14.	Slab/Box Culverts	36 Nos.

Operation and Maintenance

For details of the O&M obligations of DBSTL under the DBSTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DBSTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 2,925.02 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 875.46 million and debt outstanding to lenders was ₹ 1,733.34 million.

DBL Hata-Dargawan Tollways Limited Project

Concession agreement

On August 10, 2015, the Madhya Pradesh Road Development Corporation Limited and DHDTL entered into a concession agreement (the “**DHDTL Concession Agreement**”). DHDTL was engaged, on a build, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 0.00 (Damoh naka in Ilatta town) to kilometer 64.40 (at Dargawan Tiraha) (approximately 64.40 kilometer), section of the State Highway number 48, by intermediate-laning, in accordance with the terms and conditions of the DHDTL Concession Agreement. The DHDTL Project was commissioned in and commenced collection of tolls from March 2017. The DHDTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DHDTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DHDTL Concession Agreement, DHDTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 70.2 million. DHDTL pays per year, as concession fee, ₹ 1. For further details on the DHDTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DHDTL Project and the corridor it covers:

Salient features of the DHDTL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of 2 Lane (Flexible)	64.40 Km.
2.	Toll Plaza	1 No.
3.	Bus Bays / Bus Shelters	14 Nos.
4.	Truck Lay Bays	Nil
5.	Major Junction	3 Nos.
6.	Minor Junctions	11 Nos.
7.	ROB	Nil
8.	Major Bridges	02Nos.
9.	Minor Bridges	15 Nos.
10.	Pipe Culverts	74 Nos.
11.	Slab/Box Culverts	20 Nos.

Operation and Maintenance

For details of the O&M obligations of DHDTL under the DHDTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DHDTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 876.66 million. This cost does not include non-EPC expenditure. . As of March 31, 2021, equity invested (including subordinated debt) was ₹ 185.30 million and debt outstanding to lenders was ₹ 650.46 million.

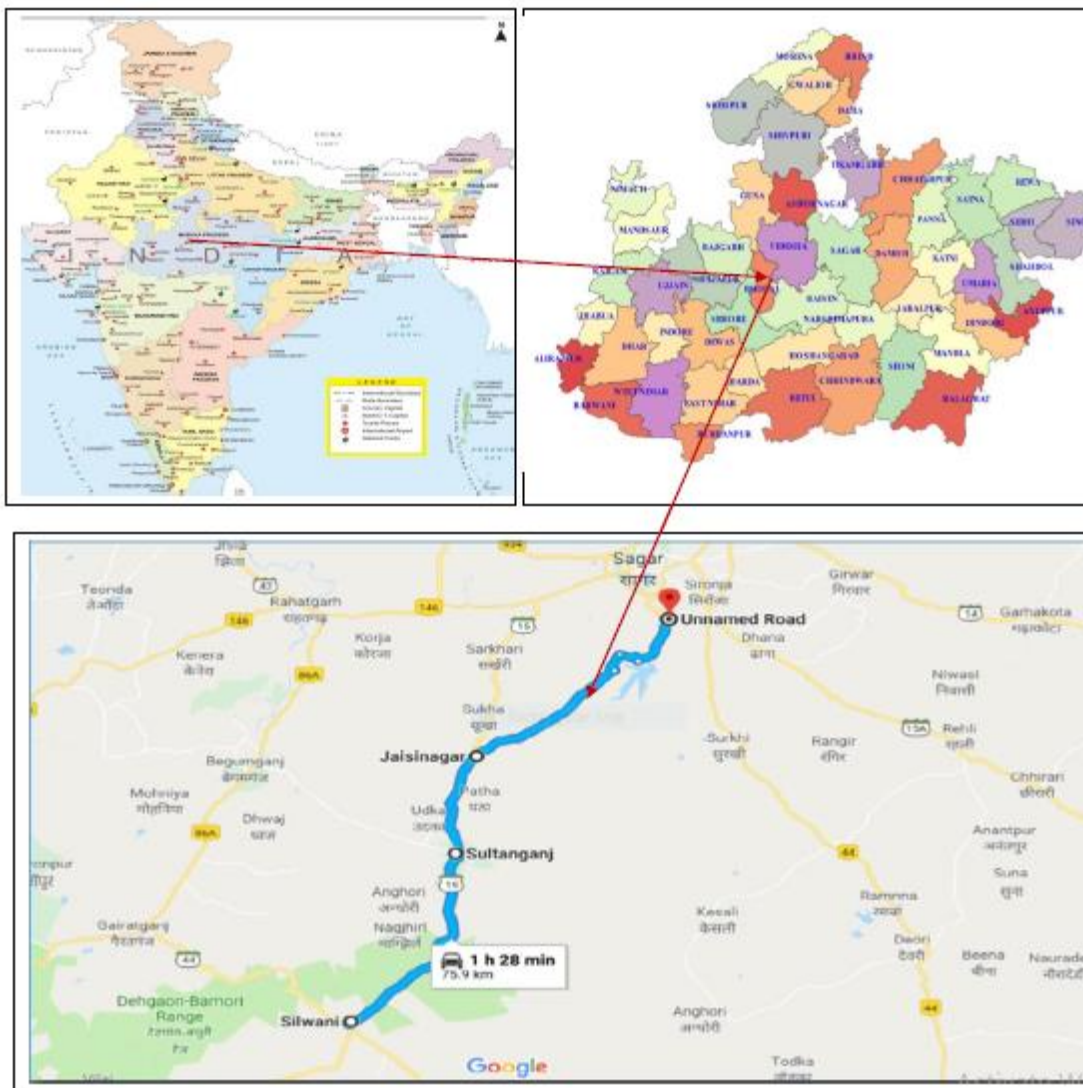

DBL Silwani Sultanganj Tollways Limited Project

Concession agreement

On September 8, 2011, the Madhya Pradesh Road Development Corporation Limited and DBL Silwani entered into a concession agreement (the “**DBL Silwani Concession Agreement**”). DBL Silwani was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment Augmenting the existing road from kilometer 0.00 to kilometer 75.995 (approximately 76.00 kilometer) on the Silwani-Sultanganj-Jaisinghnagar-Sagar Road section of State Highway number 15 by intermediate-laning / two-laning, in accordance with the terms and conditions of the DBL Silwani Concession Agreement. The Section 1 of the DBL Silwani Project was commissioned in and commenced collection of tolls from November 2012, and the section 2 of the DBL Silwani Project was commissioned in and commenced collection of tolls from March 2013. The DBL Silwani concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DBL Silwani accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBL Silwani Concession Agreement, DBL Silwani shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 94.9 million. DBL Silwani pays per year, as concession fee, ₹ 1. For further details on the DBL Silwani Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DBL Silwani Project and the corridor it covers:

Salient features of the DBL Silwani Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length (Flexible)	75.99 Km
2.	Two lanes with Paved Shoulder	3.70 Km
3.	Two lanes with Granular Shoulder	72.30 Km
4.	Reconstruction	75.10 Km
5.	Realignment/Bypass	Nil
6.	Toll Plaza	2 Nos.
7.	Bus Bays / Bus Shelters	6 Nos.
8.	Truck Lay Bays	Nil
9.	Major Junction	3 Nos.
10.	Minor Junctions	15 Nos.
11.	ROB	Nil
12.	Level Crossing	Nil
13.	Major Bridges	1 No.
14.	Minor Bridges	17 Nos.
15.	Box/ Slab Culverts	11 Nos.
16.	Pipe Culverts	134 Nos.

Operation and Maintenance

For details of the O&M obligations of DBL Silwani under the DBL Silwani Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DBL Silwani Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 1,166 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 210.45 million and debt outstanding to lenders was ₹ 436.91 million.

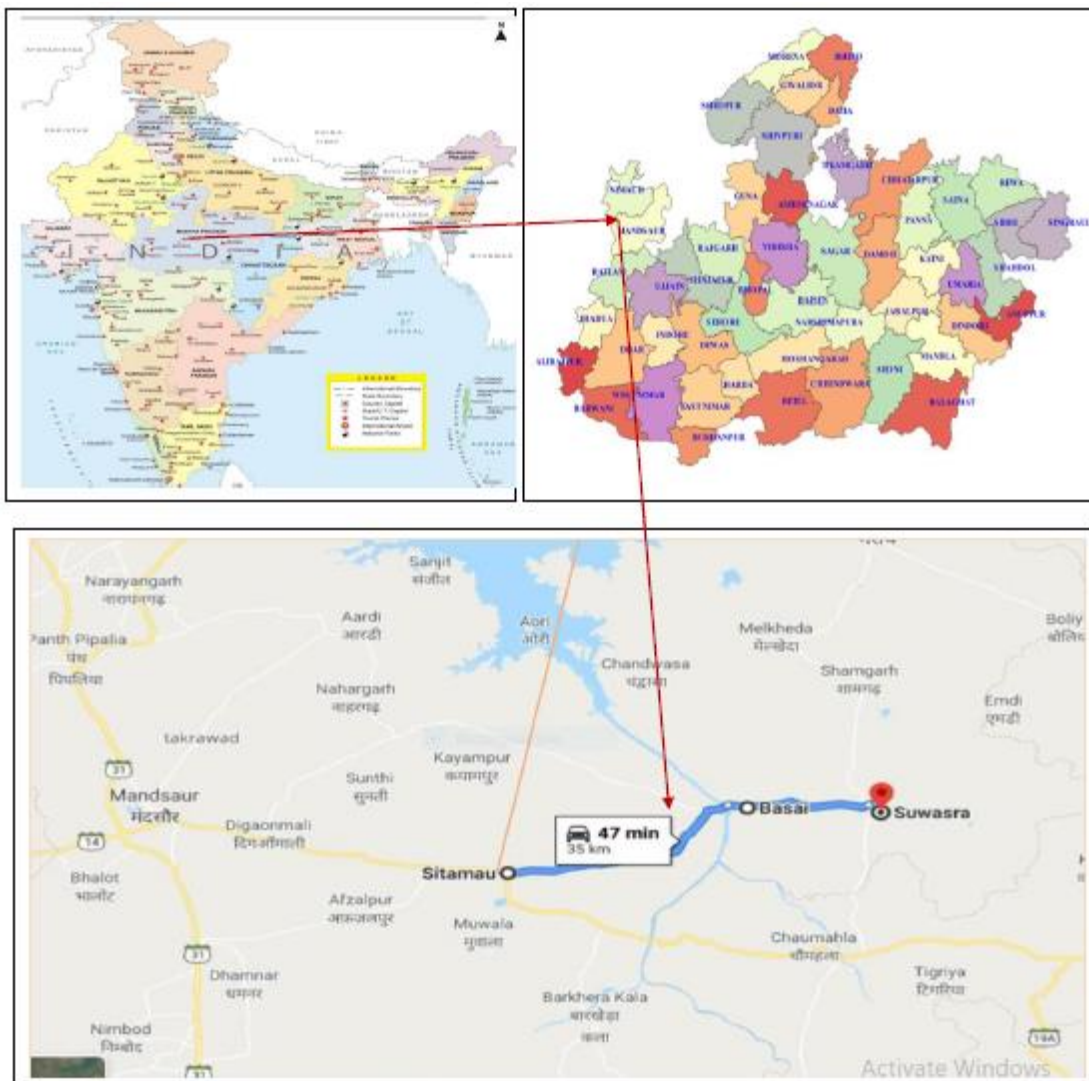

DBL Sitamau Suwasara Tollways Limited Project

Concession agreement

On December 5, 2011, the Madhya Pradesh Road Development Corporation Limited and DSSTL entered into a concession agreement (the “**DSSTL Concession Agreement**”). DSSTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 0/00 to kilometer 34/000 (approximately 34.97 kilometer) on the Sitamau-Basai-Suwasara section of major district road by two-laning, in accordance with the terms and conditions of the DSSTL Concession Agreement. The DSSTL Project was commissioned in and commenced collection of tolls from March 2013. The DSSTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DSSTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DSSTL Concession Agreement, DSSTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 36.9 million. DSSTL pays per year, as concession fee, ₹ 1. For further details on the DSSTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DSSTL Project and the corridor it covers:

Salient Features

Salient features of the DSSTL Project include:

Sr. No.	Particulars	As per Site
1.	Total project length	34.96 Km
2.	Four lane divided carriageway	0.55 Km
3.	Two lane with paved shoulder	2.56 Km
4.	Bypass realignment	0.20 Km
5.	Intermediate lane with granular shoulder	31.65 Km
6.	Rigid pavement-two lane with paved shoulder	2.11 Km
7.	Flexible pavement	32.85 Km
8.	Toll plaza	1 No.
9.	Bus bays / Bus shelters	24 Nos.
10.	Truck lay bays	--
11.	Major junction	1 No.
12.	Minor Junctions	11 no.
13.	Major Bridges	2 No.
14.	Minor Bridges	7 No.
15.	Pipe Culverts	25 Nos.
16.	Slab/Box Culverts	5 Nos.

Operation and Maintenance

For details of the O&M obligations of DSSTL under the DSSTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DSSTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 562.76 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 91.11 million and debt outstanding to lenders was ₹ 273.16 million.

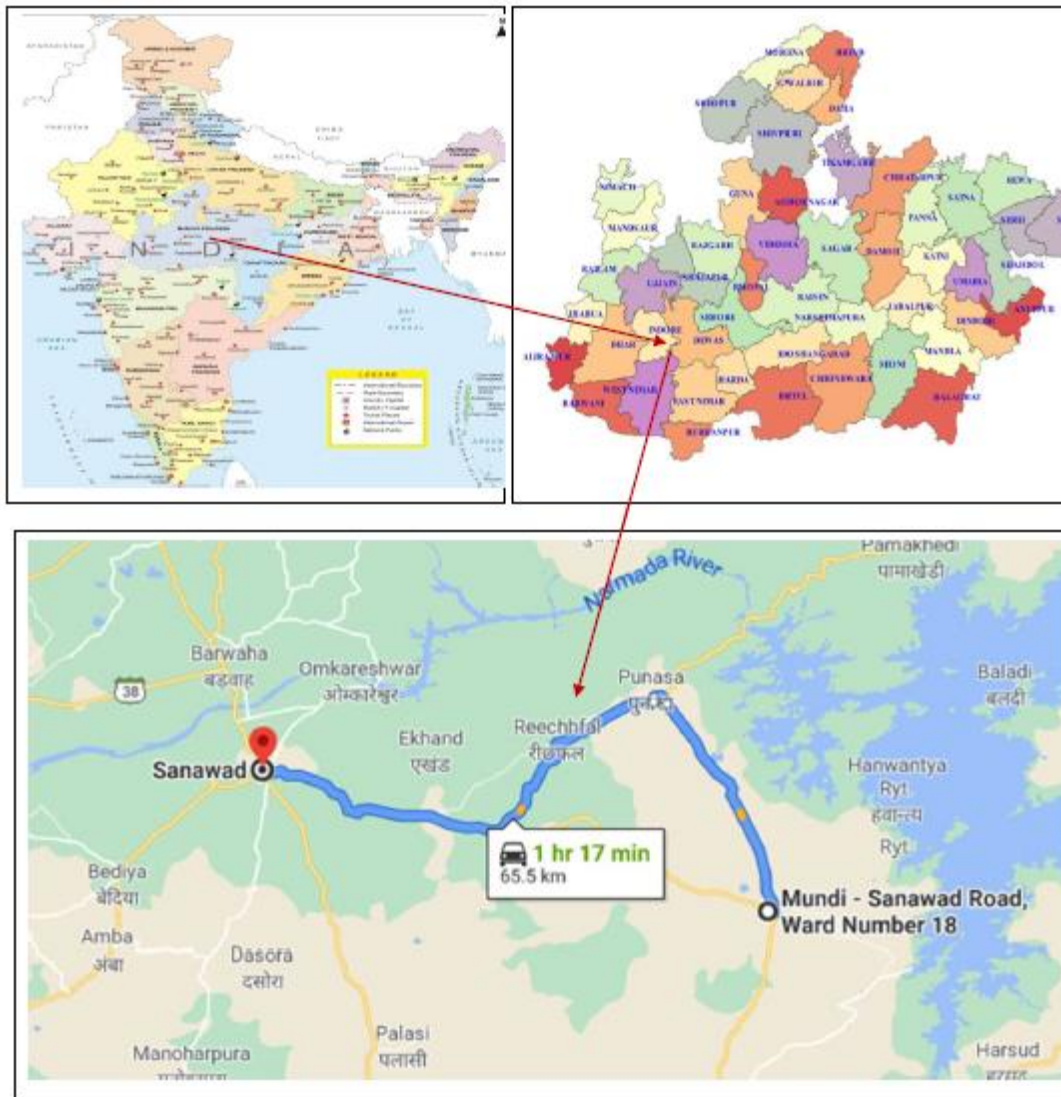

DBL Mundi-Sanawad Tollways Limited Project

Concession agreement

On December 5, 2011, the Madhya Pradesh Road Development Corporation Limited and DMSTL entered into a concession agreement (the “**DMSTL Concession Agreement**”). DMSTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 0.00 (at Mundi) to kilometer 64.400 (at Sanawad town) (approximately 67.63 kilometer) on the Mundi-Punasa-Sulgaon- Sanawad section of the major district road by two-laning, in accordance with the terms and conditions of the DMSTL Concession Agreement. The DMSTL Project was commissioned in and commenced collection of tolls from May 2013. The DMSTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DMSTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DMSTL Concession Agreement, DMSTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 82.8 million. DMSTL pays per year, as concession fee, ₹ 1. For further details on the DMSTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

The map below illustrates the location of the DMSTL Project and the corridor it covers:

Salient features of the DMSTL Project include:

Sr. No.	Particulars	As per Site
1.	Total Project Length	67.63 Km
2.	Total Length of 2 Lane (Flexible)	65.40 Km
3.	Total Length of 4 Lane (Flexible)	2.24 Km
4.	Rigid Pavement	1.09 Km
5.	Bypass/ Realignment	2.920Km./1.35 Km
6.	Toll Plaza	1 No.
7.	Bus Bays / Bus Shelters	56 nos.
8.	Truck Lay Bays	Nil
9.	Major Junction	1 No.
10.	Minor Junctions	20 Nos.
11.	ROB	Nil
12.	Major Bridges	1 No.
13.	Minor Bridges	24 Nos.
14.	Pipe Culverts	88 Nos
15.	Slab/Box Culverts	16 Nos

Operation and Maintenance

For details of the O&M obligations of DMSTL under the DMSTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DMSTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 1,187.08 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 351.16 million and debt outstanding to lenders was ₹ 574.82 million.

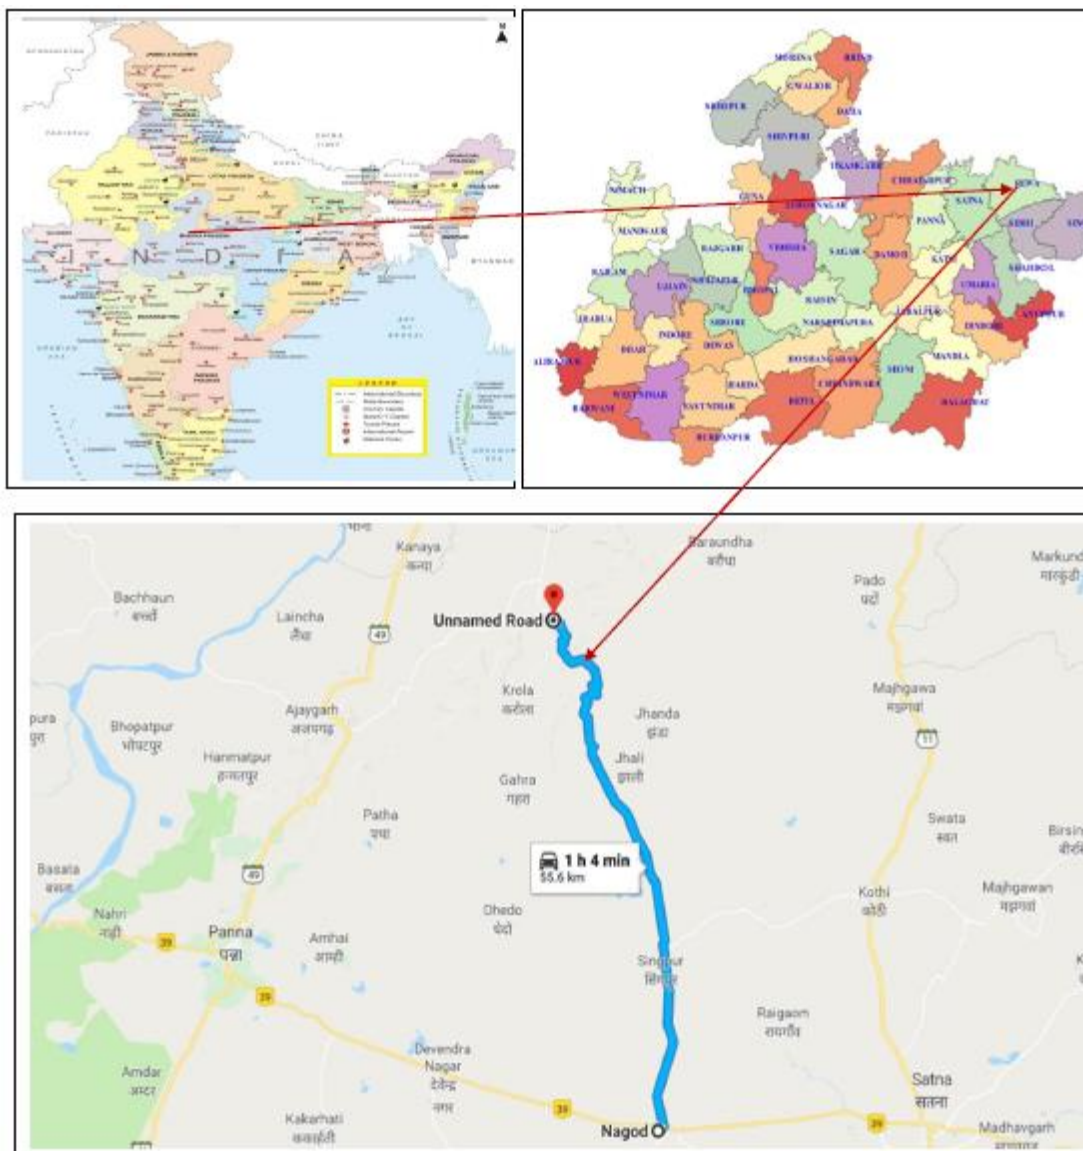

DBL Uchera-Nagod Tollways Limited Project

Concession agreement

On September 24, 2012, the Madhya Pradesh Road Development Corporation Limited and DUNTL entered into a concession agreement (the “**DUNTL Concession Agreement**”). DUNTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 32.00 (near Nagod National Highway number 75) to kilometer 87.00 (near Uttar Pradesh Border) including 1.70 kilometer Nagod bypass (approximately 55.60 kilometer) on the section of State Highway number 56 by two-laning, in accordance with the terms and conditions of the DUNTL Concession Agreement. The DUNTL Project was commissioned in and commenced collection of tolls from May 2014. The DUNTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DUNTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DUNTL Concession Agreement, DUNTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 84.6 million. DUNTL pays per year, as concession fee, ₹ 1. For further details on the DUNTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DUNTL Project and the corridor it covers:

Salient features of the DUNTL Project include:

Sr. No.	Salient Features	As per Site
1.	Length of 2-Lane without paved shoulder	51.80 Km
2.	Length of 2-Lane with paved shoulder	3.80 Km
3.	Length of Nagod Bypass	1.70 Km
4.	Toll Plaza	1 No.
5.	Bus Bays / Bus Shelters	7 Nos.
6.	Truck Lay Bays	1 No.
7.	Major Junction	4 Nos.
8.	Minor Junctions	9 Nos.
9.	Major Bridges	2 Nos.
10.	Minor Bridges	10 Nos.
11.	Box/Slab Culverts	30 Nos.
12.	Pipe Culverts	92 Nos.

Operation and Maintenance

For details of the O&M obligations of DUNTL under the DUNTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DUNTLE Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 987.43 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 320 million and debt outstanding to lenders was ₹ 539.12 million.

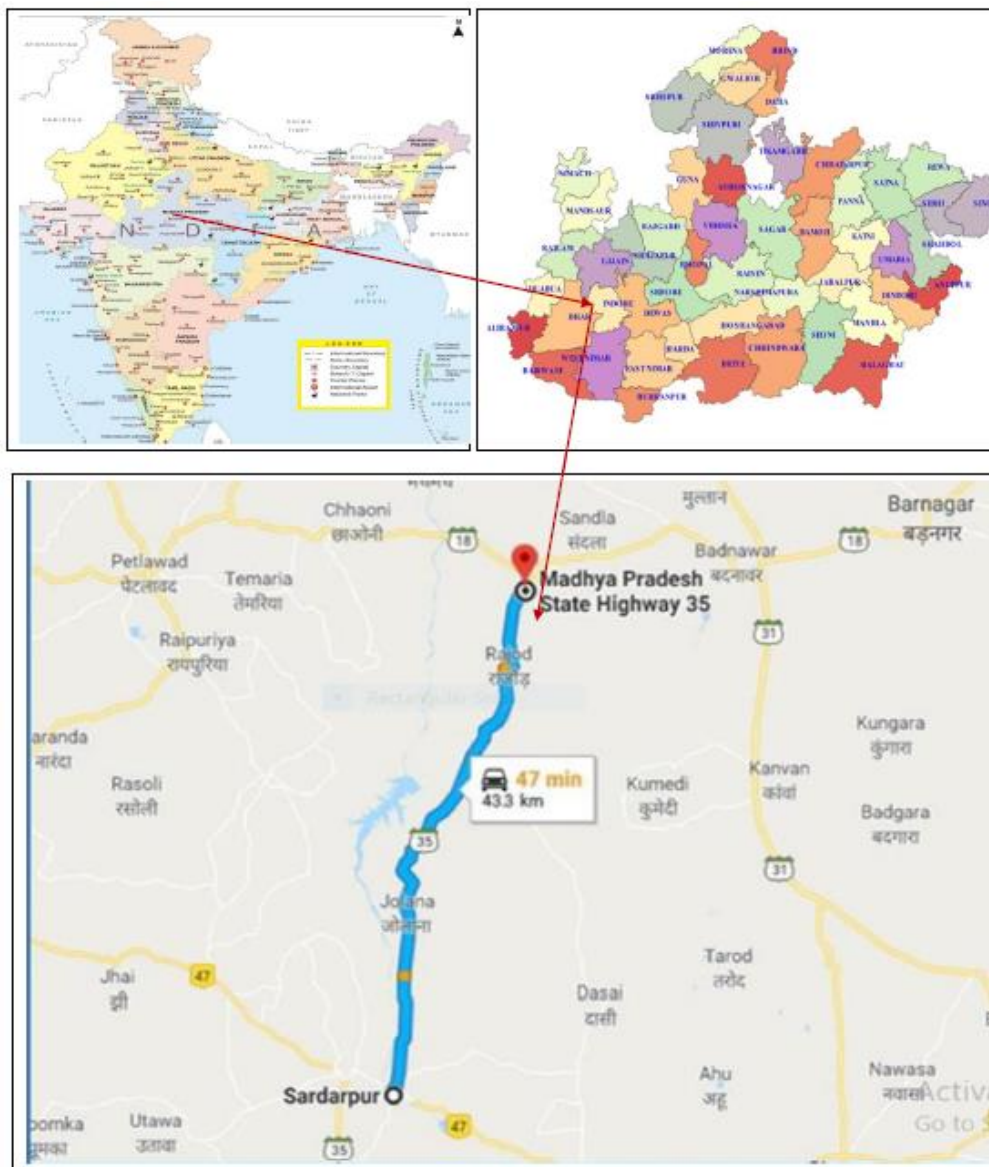

DBL Sardarpur Badnawar Tollways Limited Project

Concession agreement

On June 29, 2011, the Madhya Pradesh Road Development Corporation Limited and DSBTL entered into a concession agreement (the “**DSBTL Concession Agreement**”). DSBTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 0/00 to kilometer 43/300 (approximately 43.00 kilometer) on the Sardarpur-Badnawar Road section of State Highway number 34 by two-laning, in accordance with the terms and conditions of the DSBTL Concession Agreement. The DSBTL Project was commissioned in and commenced collection of tolls from June 2012. The DSBTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DSBTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DSBTL Concession Agreement, DSBTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 47.1 million. DSBTL pays per year, as concession fee, ₹ 1. For further details on the DSBTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DSBTL Project and the corridor it covers:

Salient features of the DSBTL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of 2 Lane with earthen shoulder (Flexible)	38.73 Km
2.	Total Length of 2 Lane with paved shoulder	4.245 Km
3.	Widening	Nil
4.	Reconstruction	31.242 Km
5.	Realignment/Bypass	11.734 Km
6.	Toll Plaza	Km8+600
7.	Bus Bays / Bus Shelters	16 Nos.
8.	Truck Lay Bays	1 No.
9.	Rest Areas	Nil
10.	Major Junction	2 Nos.
11.	Minor Junctions	12 Nos.
12.	ROB/RUB	Nil
13.	Under Passes (VUP/PUP/FO)	Nil
14.	Major Bridges Retained	1 No.
15.	Total Minor Bridges	17 Nos.
16.	Total Pipe Culverts	22 Nos.
17.	Total Slab Culverts	24 Nos.

Operation and Maintenance

For details of the O&M obligations of DSBTL under the DSBTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DSBTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 895.21 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 178.43 million and debt outstanding to lenders was ₹ 313.08 million.

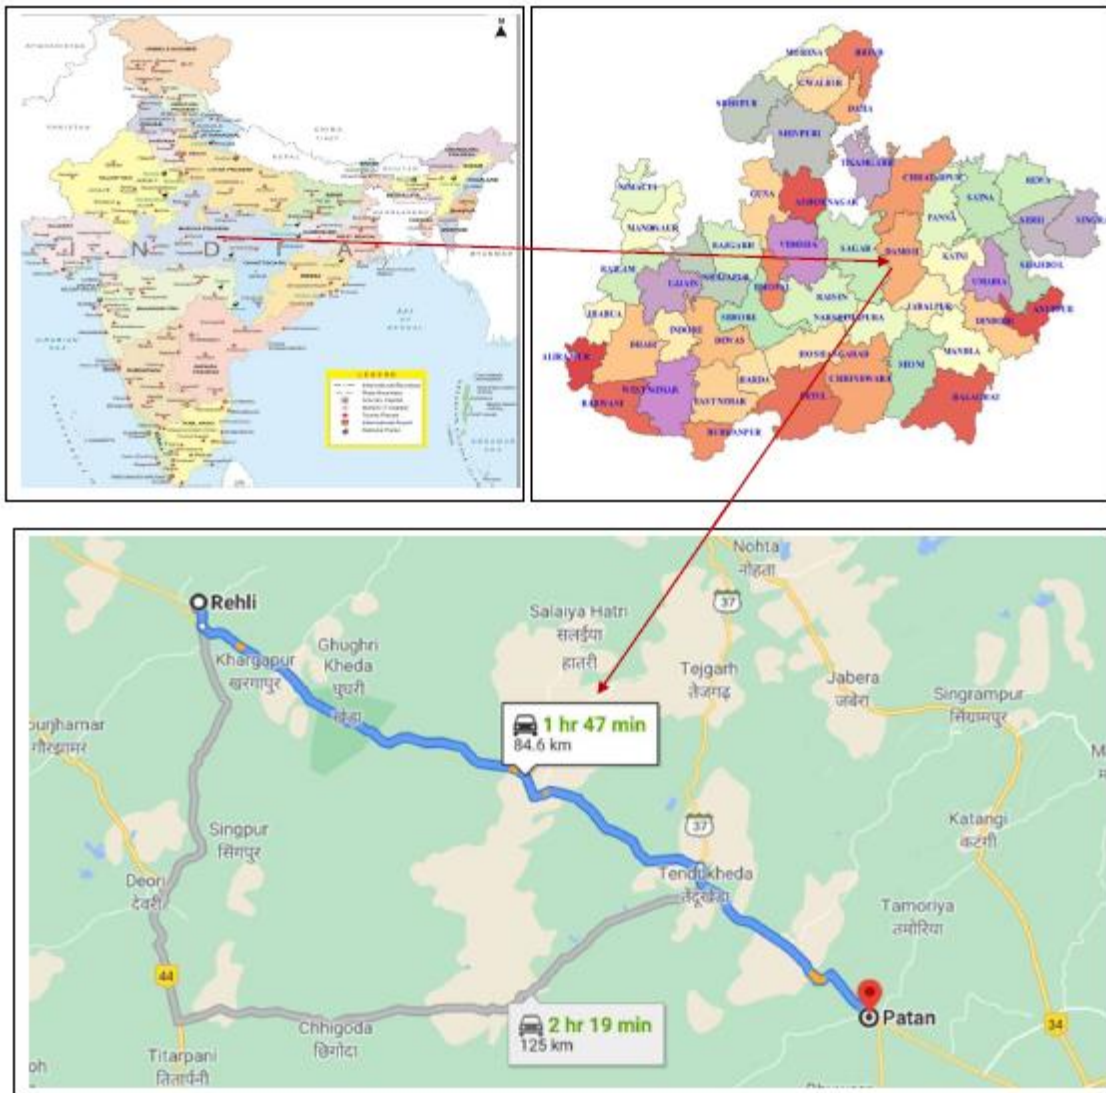

DBL Patan Rehli Tollways Limited Project

Concession agreement

On September 1, 2015, the Madhya Pradesh Road Development Corporation Limited and DPRTL entered into a concession agreement (the “**DPRTL Concession Agreement**”). DPRTL was engaged, on a design, build, finance, operate and transfer (toll plus annuity) basis, to augment the existing road from kilometer 31/10 of State Highway number 15 Rehli-Gorjhamar-Patan Chok and cross the junction of kilometer 113/00 of Rehli Gourjhamar State Highway number 15 including bypass of Rehli which is about 4.4 kilometer and terminated at kilometer 38/10 (approximately 86.60 kilometer) on the section of State Highway number 15 by two-laning, in accordance with the terms and conditions of the DPRTL Concession Agreement. The DPRTL Project was commissioned in and commenced collection of tolls from March 2017. The DPRTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DPRTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DPRTL Concession Agreement, DPRTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 176.4 million. DPRTL pays per year, as concession fee, ₹ 1. For further details on the DPRTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DPRTL Project and the corridor it covers:

Salient features of the DPRTL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Stretch	86.60 Km
	Four lane divided carriageway	2.20 Km
	Two lane with paved shoulder	4.30 Km
	Single Lane with granular shoulder	21.40 Km
	Two Lane with Granular Shoulder	53.40 Km
	Bypass	4.40 Km
3.	Toll Plaza	02 Nos.
4.	Bus Bays / Bus Shelters	16 Nos.
5.	Truck Lay Bays	Nil
6.	Major Junction	06 Nos.
7.	Minor Junctions	14 Nos.
8.	ROB	Nil
9.	Major Bridges	05 Nos.
10.	Minor Bridges	19 Nos.
11.	Box/Slab Culverts	20 Nos.
12.	Pipe Culverts	78 Nos.
13.	CUP	4 Nos.

Operation and Maintenance

For details of the O&M obligations of DPRTL under the DPRTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DPRTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 2,342.92 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 733.90 million and debt outstanding to lenders was ₹ 1,546.32 million.

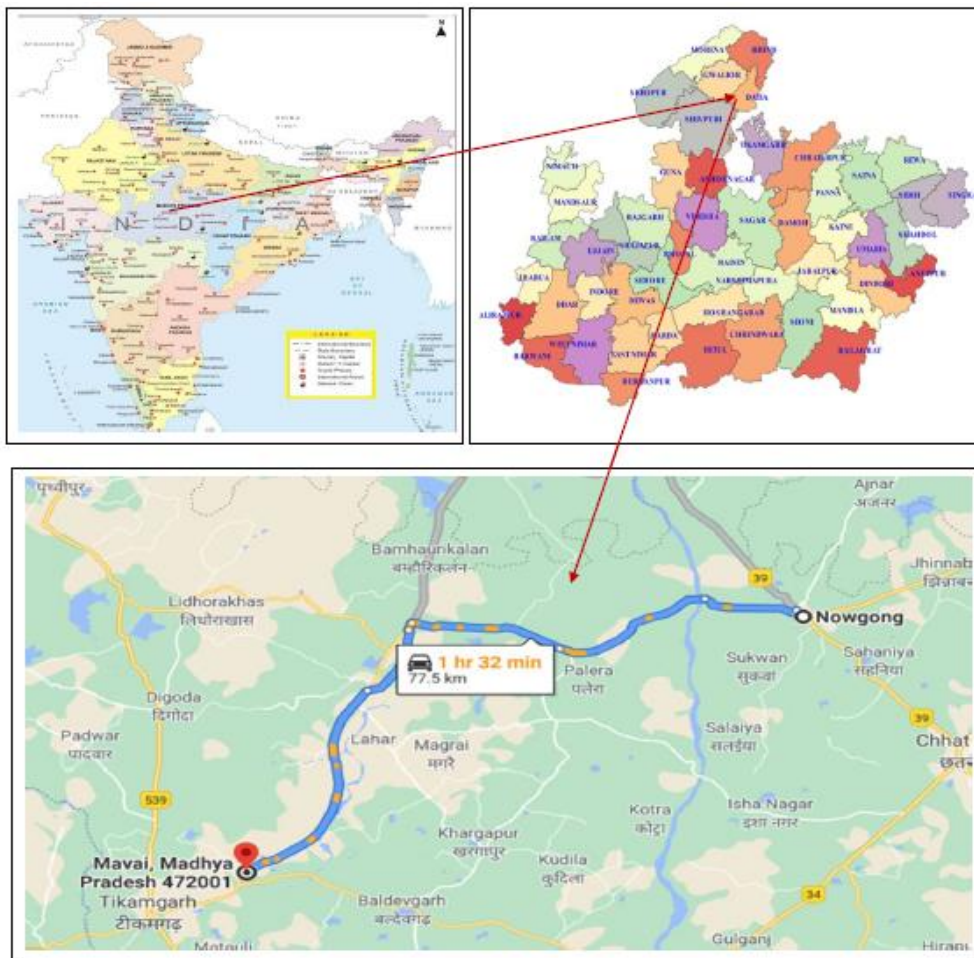

DBL Tikamgarh-Nowgaon Tollways Limited Project

Concession agreement

On November 12, 2013, the Madhya Pradesh Road Development Corporation Limited and DTNTL entered into a concession agreement (the “**DTNTL Concession Agreement**”). DTNTL was engaged, on a build, operate and transfer (toll plus annuity) basis, to augment the existing road from Y-junction in kilometer 10/8 at Tikamgarh-Malehra road (State Highway number 10) to kilometer 107 of Jhansi-Nowgaon (National Highway number 76) (approximately 76.40 kilometer), the section of major district road by two-laning, in accordance with the terms and conditions of the DTNTL Concession Agreement. The DTNTL Project was commissioned in and commenced collection of tolls from May 2015. The DTNTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DTNTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DTNTL Concession Agreement, DTNTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 89.1 million. DTNTL pays per year, as concession fee, ₹ 1. For further details on the DTNTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DTNTL Project and the corridor it covers:

Salient features of the DTNTL Project include:

Sr. No.	Particulars	As per Site
1.	Total Length	77.52 km
2.	Length of 2-Lane with granular shoulder	64.12 km
3.	Length of 2-Lane with paved shoulder	10.00 Km
4.	Length of 4-Lane road	3.40 Km
5.	Length of Jatara Bypass	8.40 Km
6.	Toll Plaza	2 Nos.
7.	Bus Shelters	8 No
8.	Truck Lay Bays	Nil
9.	Major Junction	6 Nos.
10.	Minor Junctions	14 Nos.
11.	Major Bridges	3 Nos.
12.	Minor Bridges	12 Nos.
13.	Box/Slab Culverts	36 Nos.
14.	Pipe Culverts	60 Nos.

Operation and Maintenance

For details of the O&M obligations of DTNTL under the DTNTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DTNTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 1,172.45 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 321.78 million and debt outstanding to lenders was ₹ 691.92 million.

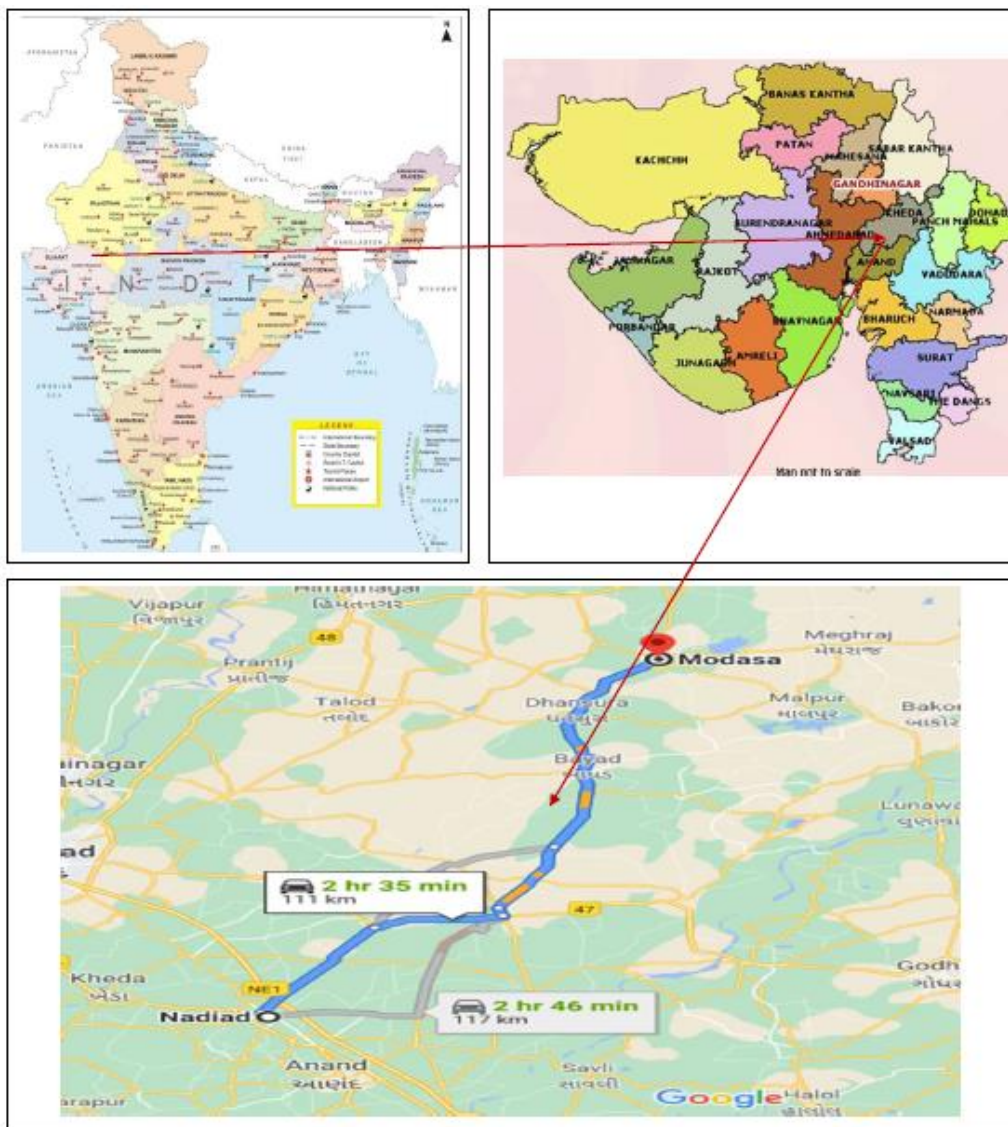

DBL Nadiad Modasa Tollways Limited Project

Concession agreement

On January 5, 2012, the Governor of State of Gujarat, represented by Executive Engineer, Roads and Buildings Department and DNMTL entered into a concession agreement (the “**DNMTL Concession Agreement**”). DNMTL was engaged, on a design, build, finance, operate and transfer (annuity) basis, to improve of the section Nadiad-Madhudha-Kathlal-Kapadwanj-Bayad-Modasa from kilometer 0.60 to kilometer 109.00 on State Highway number 59 by strengthening and widening to two-laning, in accordance with the terms and conditions of the DNMTL Concession Agreement. The DNMTL Project was commissioned in and commenced operations from December 2013. The DNMTL concession was granted for 14 years. As consideration, for DNMTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DNMTL Concession Agreement, DNMTL shall receive, on each annuity payment date, the sum of ₹ 174.60 million. DNMTL pays per year, as concession fee, ₹ 1. For further details on the DNMTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DNMTL Project and the corridor it covers:

Salient features of the DNMTL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of 2 Lane Road	101.03 Km
2.	Total Length of 4 Lane Road	7.37 Km.
3.	Length of Project Highway in Widening	Nil
4.	Length of Realignment/Bypass	Nil
5.	Number of Toll Plazas	1 No.
6.	Number of Bus Shelters	36 Nos.
7.	Number of Truck Lay Bays	0 Nos.
8.	Number of Major Junction	9 Nos.
9.	Number of Minor Junctions	58 Nos.
10.	Number of ROB structures	Nil
11.	Number of Bypasses	Nil
12.	Number of Major Bridges (Retain & Repair)	7 Nos.
13.	Number of Minor Bridges	14 Nos.
14.	Number of Box/Slab Culverts	32 Nos.
15.	Number of Pipe Culverts	72 Nos.

Operation and Maintenance

For details of the O&M obligations of DNMTL under the DNMTL Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the DNMTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 1,838.89 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 359.08 million and debt outstanding to lenders was ₹ 637.72 million.

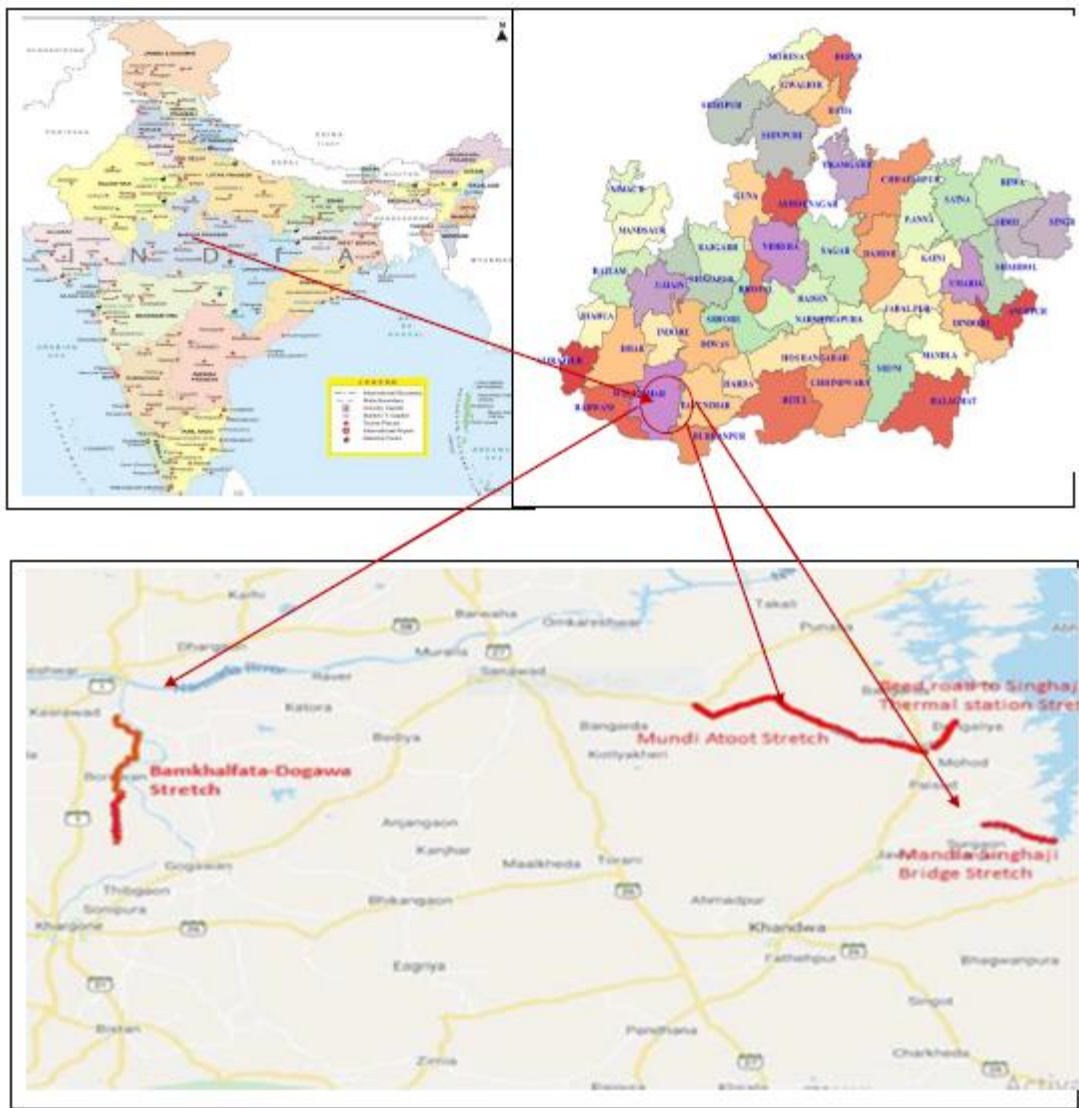

DBL Bankhalafata-Dogawa Tollways Limited Project

Concession agreement

On January 28, 2013, the Madhya Pradesh Road Development Corporation Limited and DBDTL entered into a concession agreement (the “**DBDTL Concession Agreement**”). DBDTL was engaged, on a design, build, finance, operate and transfer (annuity) basis, to augment the existing three major district roads under package-I comprising (i) Bankhalafata-Dogawa-via-Borawa-Savardevala (23.67 kilometer); (ii) Punasa-Mundi-Singhaji (thermal power plant) and Singhaji bridge approach road (13.30 kilometer); and (iii) Beed-Mundi-Devala-Khutala-Attoot-NVDA (28.43 kilometer) (total length of 65.40 kilometer) by intermediate-laning / two-laning, in accordance with the terms and conditions of the DBDTL Concession Agreement. The DBDTL Project was commissioned in, and commenced operations from, March 2014. The DBDTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DBDTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBDTL Concession Agreement, DBDTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 99 million. DBDTL pays per year, as concession fee, ₹ 1. For further details on the DBDTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DBDTL Project and the corridor it covers:

Salient Features

Salient features of the DBDTL Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Project	65.40 Kms.
2.	Total Length of 2 Lane(Flexible)	60.71 Kms
3.	Total Length of 2 Lane (Rigid)	4.69 Kms.
4.	Toll Plaza	Nil
5.	Bus Bays / Bus Shelters	48 Nos.
6.	Truck Lay Bays	Nil
7.	Major Junction	7 Nos.
8.	Minor Junctions	25 Nos.
9.	ROB	Nil
10.	Major Bridges	3 Nos.
11.	Minor Bridges	13 Nos.
12.	Pipe Culverts	96 Nos.
13.	Slab/Box Culverts	12 Nos.

Operation and Maintenance

For details of the O&M obligations of DBDTL under the DBDTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DBDTL Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 1,022.97 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 180.11 million and debt outstanding to lenders was ₹ 555.57 million.

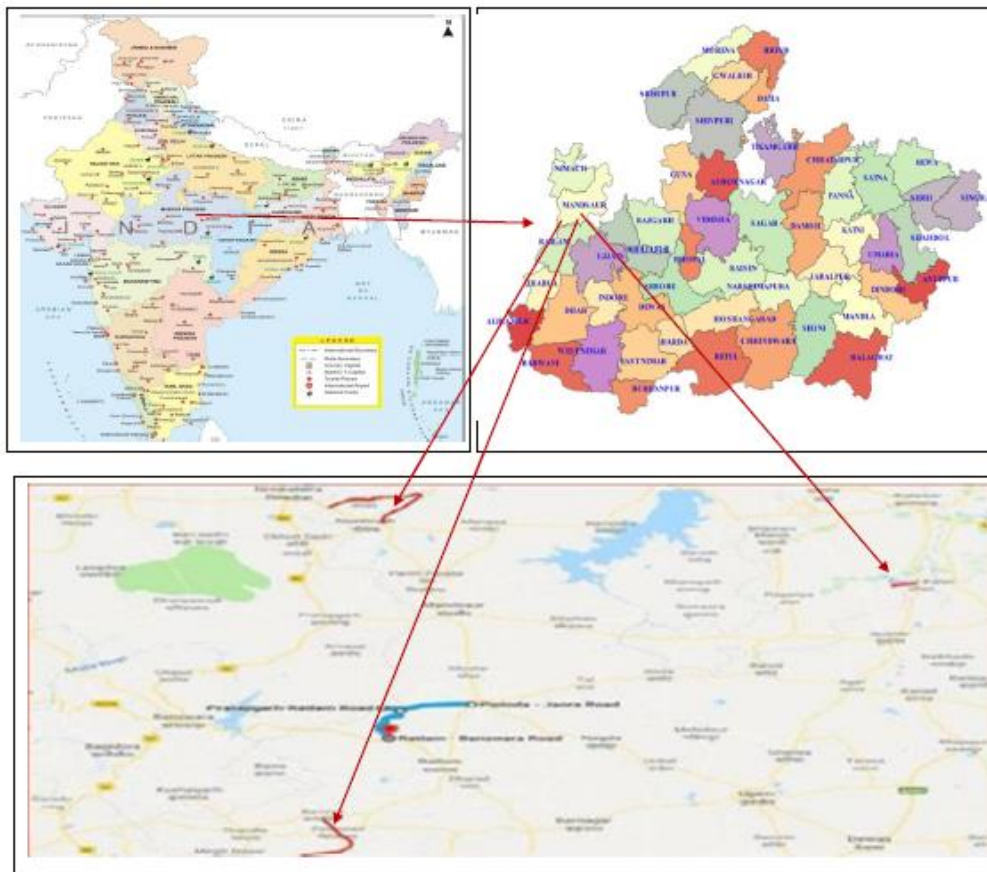

DBL Jaora-Sailana Tollways Limited Project

Concession agreement

On December 24, 2012, the Madhya Pradesh Road Development Corporation Limited and DJSTL entered into a concession agreement (the “**DJSTL Concession Agreement**”). DJSTL was engaged, on a design, build, finance, operate and transfer (annuity) basis, to augment the existing four major district roads under package-IV comprising (i) Jaora-Piplodha-Jalandharkheda and Piploda-Sailana (42.27 kilometer); (ii) Raipururiya-Petlabad-Bamniya (18.18 kilometer); (iii) Jawad-Khoh (21.07 kilometer); and (iv) Soyat-Pidawa (6.25 kilometer) (total length of 87.77 kilometer) by intermediate-laning / two-laning, in accordance with the terms and conditions of the DJSTL Concession Agreement. The DJSTL Project was commissioned in, and commenced operations from, May 2014. The DJSTL concession was granted for 15 years. As consideration, upon achieving commercial operation date for the project highway and DJSTL accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DJSTL Concession Agreement, DJSTL shall receive, for each annuity payment period, on each annuity payment date, the sum of ₹ 120.6 million. DJSTL pays per year, as concession fee, ₹ 1. For further details on the DJSTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the DJSTL Project and the corridor it covers:

14.	Minor Bridges	11
15.	Causeway	0 Nos.
16.	Box/Slab Culverts	18 Nos.
17.	Pipe Culverts	76 Nos.

Operation and Maintenance

For details of the O&M obligations of DHRTL under the DHRTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the DHRTL Project net of grant / construction support received from KRDCCL during the construction period (wherever applicable) is ₹ 975.34 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 297.85 million and debt outstanding to lenders was ₹ 530.15 million.

Jalpa Devi Tollways Limited Project

Concession agreement

On September 21, 2015, the National Highways Authority of India and JDTL entered into a concession agreement (the “**JDTL Concession Agreement**”). JDTL was engaged, on a design, build, finance, operate and transfer (toll) basis, to augment the existing road National Highway number 3 from kilometer 332.100 to kilometer 426.100 (approximately 93.500 kilometer) on the Guna-Biaora section of National Highway number 3 by four-laning, in accordance with the terms and conditions of the JDTL Concession Agreement. The JDTL Project was provisionally commissioned in and commenced collection of tolls from June 2018. The JDTL concession was granted for 26 years. JDTL shall receive cash support by way of an outright grant of ₹ 270 million. Further, JDTL shall have the sole and exclusive right to demand, collect and appropriate fee from the users of the project highway, in accordance with the JDTL Concession Agreement. JDTL pays per year, as concession fee, ₹ 1. For further details on the JDTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Corridor description

The corridor forms a part of the existing National Highway number 3 from kilometer 332.100 to kilometer 426.100 (approximately 93.500 kilometer) on the Guna-Biaora section of National Highway number 3. The NH-3 connects the city of Agra with Mumbai, the financial capital of India. This 1,161 Km long road spans across the states of Uttar Pradesh, Madhya Pradesh and Maharashtra. It acts as a major connection between economic centres falling on and around the corridor such as New Delhi, Agra, Gwalior, Bhopal, Indore, Nashik, Mumbai and Pune. Further, the project road has presence of two large scale industries in the vicinity which influences the traffic on the corridor, being National Fertilizer Limited (largest in the state) and GAIL (India) Limited.

The map below illustrates the location of the JDTL Project and the corridor it covers:

Salient Features

Salient features of the JDTL Project include:

Sr. No.	Salient Features	As per Site
1.	Length of 4-Lane road	93.50 km
2.	Service Road	2*9.800 Km
3.	No and Length of Bypass	2 Nos., 7.95 Km
4.	Toll Plaza	2 Nos.
5.	Bus Bays / Bus Shelters	22 Nos.
6.	Truck Lay Bays	2 Nos.
7.	Rest Area	Nil
8.	Major Junction	7 Nos.
9.	Minor Junctions	34 Nos.
10.	Major Bridges	4 Nos.
11.	Minor Bridges	34 Nos.
12.	Box/Slab Culverts	18 Nos.
13.	Pipe Culverts	77 Nos.
14.	Flyovers	2 Nos.
15.	Foot Over Bridge	2 Nos.
16.	Public Under Pass/ Covered Under Pass / Vehicle Under Pass	12 Nos

Operation and Maintenance

For details of the O&M obligations of JDTL under the JDTL Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

Project cost and financing

The cost of the JDTL Project net off grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 7,782.11 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 2,200 million and debt outstanding to lenders was ₹ 6,322.64 million.

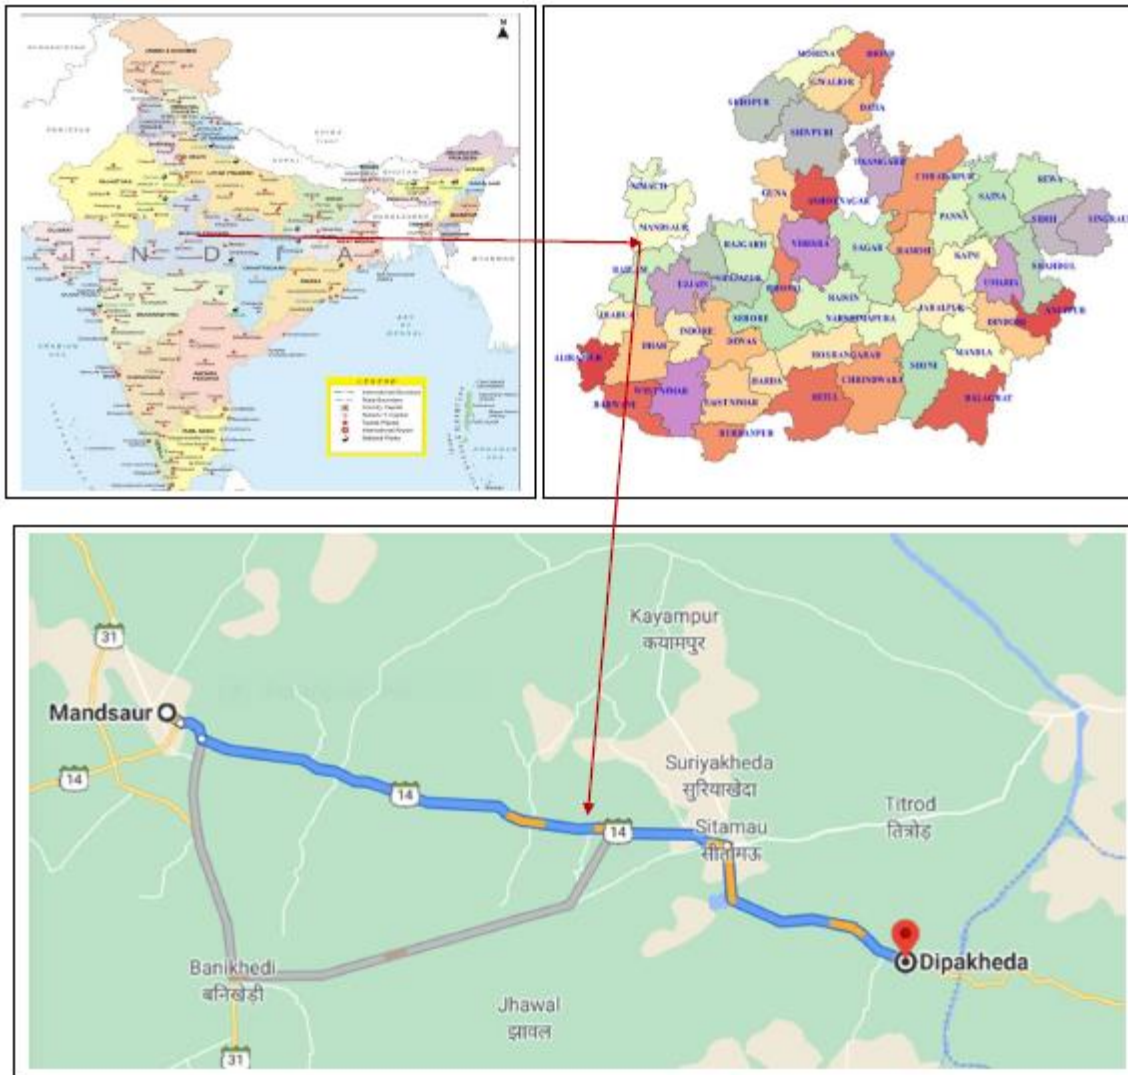

Suryavanshi Infrastructure Private Limited Project

Concession agreement

On July 10, 2007, the Madhya Pradesh Road Development Corporation Limited and Suryavanshi Infra entered into a concession agreement (the “**Suryavanshi Infra Concession Agreement**”). Suryavanshi Infra was engaged, on a build, operate and transfer basis, to reconstruct, strengthen, widen and rehabilitate Mandsaur-Sitamau section from existing kilometer stone 18 and ending at the existing kilometer stone 62 at Chambal River (Rajasthan border) (total 44 kilometer) on State Highway number 14 section, and its operation and maintenance, in accordance with the terms and conditions of the Suryavanshi Infra Concession Agreement. The Suryavanshi Infra Project was commissioned in and commenced collection of tolls from February 2009. The Suryavanshi Infra concession was granted for 25 years. Suryavanshi Infra shall receive cash support by way of an outright grant of ₹ 99 million from MPRDC. Suryavanshi Infra shall be entitled to levy, collect and appropriate fee from users of the project highway, in accordance with the Suryavanshi Infra Concession Agreement. Suryavanshi Infra pays per year, as concession fee, ₹ 1. For further details on the Suryavanshi Infra Concession Agreement, please see the section entitled “*Summary of Key Agreements*” on page 224.

The map below illustrates the location of the Suryavanshi Infra Project and the corridor it covers:

Salient Features

Salient features of the Suryavanshi Infra Project include:

Sr. No.	Salient Features	As per Site
1.	Total Length of Intermediate (Flexible)	43 Km
2.	Total Length of 5.5 to 7m wide (Flexible)	1 Km
3.	Toll Plaza	1 No.
4.	Bus Shelters	Nil
5.	Truck Lay Bays (Both sides)	Nil
6.	Major/Minor Junction	13 Nos.
7.	ROB	Nil
8.	Major Bridges	1 No.
9.	Minor Bridges	4 Nos.
10.	Pipe Culverts	27 Nos.
11.	Slab Culverts	15 Nos.

Operation and Maintenance

For details of the O&M obligations of Suryavanshi Infra under the Suryavanshi Infra Concession Agreement, please see the section entitled “Summary of Key Agreements” on page 224.

Project cost and financing

The cost of the Suryavanshi Infra Project net of grant / construction support received from MPRDC during the construction period (wherever applicable) is ₹ 348.62 million. This cost does not include non-EPC expenditure. As of March 31, 2021, equity invested (including subordinated debt) was ₹ 122.50 million and debt outstanding to lenders was nil.

Operation and Maintenance

The operation and maintenance activities in relation to each Project is carried out by the O&M Contractor (as a sub-contractor of the Holdcos). Pursuant to the O&M Agreements, the O&M Contractor is responsible for:

- (i). operation and maintenance of the Projects in accordance with the specifications and standards set out in the relevant concession agreements;
- (ii). operation and maintenance of the Project highways in accordance with the provisions of the O&M Agreements and the relevant concession agreements;
- (iii). performance and fulfilment of all other obligations of the O&M Contractor in accordance with the provisions of the O&M Agreements and matters incidental thereto or necessary for the performance of any or all of the obligations of the O&M Contractor under the O&M Agreements and the concession agreements in relation to operation and maintenance; and
- (iv). performing all activities, for ensuring timely release of the annuity to the Project SPVs in accordance with the provisions of the concession agreements, including coordination with the relevant Concessioning Authorities, conducting site visits, undertaking requisite tests at the relevant Project sites, liaising with relevant officials and submission of test reports.

Environment, health and safety

The Project SPVs are required to meet certain health, safety and environmental specifications and standards in the operation and maintenance of the Projects, and are subject to a number of laws and regulations relating to health, safety and environmental protection. The Project SPVs are also required to adhere to various labour and workplace related laws and regulations in India. For more details on the applicable labour and workplace related laws, please see the section entitled “*Regulations and Policies*” on page 417.

Competition

The Trust faces competition from other road operators, financial investors, private equity funds and from other InvITs, in acquiring lucrative concessions for existing and future projects. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience, are important considerations in client decisions, price is a major factor in most tender awards.

Insurance

The Project SPVs maintain project-specific insurance coverage with leading insurers in India. Some of the major risks covered in their all-risk policies for their assets are against risk of fire and natural calamities, such as earthquakes. Some of the project-specific insurance policies also generally cover the Project SPVs against material damage, and debris removal. Further, most of the Project SPVs also maintain insurance policies relating to any employees’ compensation liability.

Employees

We have appointed KMPs in certain Project SPVs. Further, employees of the Investment Manager will be engaged in managing the Trust. For further details, please see section entitled “*Parties to the Trust*” on page 101.

Properties

Under the terms of the Concession Agreements, title to the roads and related infrastructure such as toll plazas and monitoring posts remains with the relevant Concessioning Authority for the duration of the relevant concession period. During the concession period, the Project SPVs are licensed to use the roads and the related infrastructure which constitute the concession assets and in case of toll-based projects, the Project SPVs are entitled to an income from the collection of tolls. Upon the expiration of the relevant concession period, each Project SPV is required to transfer possession of its concession assets to the relevant Concessioning Authority.

Seasonality

In relation to our toll projects, we experience an increase at the beginning and end of holiday seasons, but decrease during the monsoon season and on the day of a holiday.

Month-wise revenue of the Project SPVs since March 31, 2021

SUMMARY OF KEY AGREEMENTS

A. Summary of the SASHAs and SHA

Summary of the DBL Ashoknagar-Vidisha Tollways Limited SASHA

SRPL, DBL and DBL Ashoknagar-Vidisha Tollways Limited (“**DAVTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Ashoknagar-Vidisha SASHA**”). The key terms of the DBL Ashoknagar-Vidisha SASHA are as follows:

Sale and Purchase: Subject to the DBL Ashoknagar-Vidisha SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DAVTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Ashoknagar-Vidisha SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Ashoknagar-Vidisha SASHA. All amounts invested by the SRPL in the DAVTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing major district road of Ashoknagar-Ishagarh from bypass junction of Ashoknagar to Bangla Chauraha in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer on toll plus annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Ashoknagar-Vidisha SASHA, DBL has acknowledged that SRPL has entered into the DBL Ashoknagar-Vidisha SASHA based on the purchase warranties, as defined in the DBL Ashoknagar-Vidisha SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Ashoknagar-Vidisha SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and Damages, as defined in the DBL Ashoknagar-Vidisha SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the Second Closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DAVTL of any of their respective covenants and obligations under the DBL Ashoknagar-Vidisha SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DAVTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Ashoknagar-Vidisha SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DAVTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Ashoknagar-Vidisha SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Ashoknagar-Vidisha SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DAVTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DAVTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 62,079.30 million (“**Identified Liabilities**”);
- (b). In the event the DAVTL suffers a shortfall in the cash flows, then the Parties to DBL Ashoknagar-Vidisha SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DAVTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DAVTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DAVTL without being first offered to SRPL, *pro rata* to its shareholding in DAVTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DAVTL without being first offered to DBL, *pro rata* to its shareholding in DAVTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DAVTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DAVTL or any legal or beneficial interest therein, except in compliance with the DBL Ashoknagar-Vidisha SASHA, the Concession Agreement and the financing documents, as defined in the DBL Ashoknagar-Vidisha SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DAVTL other than in the manner set out in the DBL Ashoknagar-Vidisha SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Ashoknagar-Vidisha SASHA, shall be null and void. DAVTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Ashoknagar-Vidisha SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other Shareholders of DAVTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Ashoknagar-Vidisha SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DAVTL shall jointly procure such Drag-Along transfer by all the shareholders of DAVTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DAVTL shall not grant rights, to any other holder of DAVTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DAVTL, whether in the capacity of a Shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Ashoknagar-Vidisha SASHA agree that in the event that DBL possesses any rights in DAVTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Ashoknagar-Vidisha SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DAVTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DAVTL and/ or SRPL the cost of funds that may be dedicated by the DAVTL/ SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DAVTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DAVTL.

- However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DAVTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DAVTL as on the Execution date.

Summary of the DBL Bankhalafata-Dogawa Tollways Limited SASHA

SRPL, DBL and DBL Bankhalafata-Dogawa Tollways Limited (“**DBDTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Bankhalafata-Dogawa SASHA**”). The key terms of the DBL Bankhalafata-Dogawa SASHA are as follows:

Sale and Purchase: Subject to the DBL Bankhalafata-Dogawa SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DBDTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Bankhalafata-Dogawa SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Bankhalafata-Dogawa SASHA. All amounts invested by the SRPL in the DBDTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing three roads comprising of (i) Bankhalafata-Dogawa-via-Borawa-Savardevala; (ii) Punasa-Mundi-Singhaji (Thermal Power Plant) & Singhaji bridge approach road; (iii) Beed- Mundi-Devala-Khutala-Attool-NVDA in the State of Madhya Pradesh by two- laning on design, build, finance, operation and transfer annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Bankhalafata-Dogawa SASHA, DBL has acknowledged that SRPL has entered into the DBL Bankhalafata-Dogawa SASHA based on the purchase warranties, as defined in the DBL Bankhalafata-Dogawa SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Bankhalafata-Dogawa SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Bankhalafata-Dogawa SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DBDTL of any of their respective covenants and obligations under the DBL Bankhalafata-Dogawa SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DBDTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Bankhalafata-Dogawa SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DBDTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Bankhalafata-Dogawa SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Bankhalafata-Dogawa SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DBDTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DBDTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 88,082.40 million (“**Identified Liabilities**”);
- (b). In the event the DBDTL suffers a shortfall in the cash flows, then the Parties to DBL Bankhalafata-Dogawa SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall;

- (c). If DBDTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DBDTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DBDTL without being first offered to SRPL, *pro rata* to its shareholding in DBDTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DBDTL without being first offered to DBL, *pro rata* to its shareholding in DBDTL.

Transfer Rights

(a). Restriction on Transfer:

- (i). DBL has agreed that till such time that SRPL is a shareholder in DBDTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DBDTL or any legal or beneficial interest therein, except in compliance with the DBL Bankhalafata-Dogawa SASHA, the Concession Agreement and the financing documents, as defined in the DBL Bankhalafata-Dogawa SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DBDTL other than in the manner set out in the DBL Bankhalafata-Dogawa SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Bankhalafata-Dogawa SASHA, shall be null and void. DBDTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Bankhalafata-Dogawa SASHA, the Concession Agreement and the financing documents.

(b). Drag-Along Right:

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DBDTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Bankhalafata-Dogawa SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DBDTL shall jointly procure such Drag-Along transfer by all the shareholders of DBDTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DBDTL shall not grant rights, to any other holder of DBDTL’s securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DBDTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Bankhalafata-Dogawa SASHA agree that in the event that DBL possesses any rights in DBDTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Bankhalafata-Dogawa SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DBDTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DBDTL and/ or SRPL the cost of funds that may be dedicated by the DBDTL/ SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DBDTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DBDTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DBDTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DBDTL as on the Execution date.

DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Betul Sarni SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Betul Sarni SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DBSTL of any of their respective covenants and obligations under the DBL Betul Sarni SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DBSTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Betul Sarni SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DBSTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Betul Sarni SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Betul Sarni SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DBSTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DBSTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 2,63,382 million (“**Identified Liabilities**”);
- (b). In the event the DBSTL suffers a shortfall in the cash flows, then the Parties to DBL Betul Sarni SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall;

- (c). If DBSTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DBSTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DBSTL without being first offered to SRPL, *pro rata* to its shareholding in DBSTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DBSTL without being first offered to DBL, *pro rata* to its shareholding in DBSTL.

Transfer Rights

(a). Restriction on Transfer:

- (i). DBL has agreed that till such time that SRPL is a shareholder in DBSTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DBSTL or any legal or beneficial interest therein, except in compliance with the DBL Betul Sarni SASHA, the Concession Agreement and the financing documents, as defined in the DBL Betul Sarni SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DBSTL other than in the manner set out in the DBL Betul Sarni SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Betul Sarni SASHA, shall be null and void. DBSTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Betul Sarni SASHA, the Concession Agreement and the financing documents.

(b). Drag-Along Right:

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DBSTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Betul Sarni SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DBSTL shall jointly procure such Drag-Along transfer by all the shareholders of DBSTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DBSTL shall not grant rights, to any other holder of DBSTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DBSTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Betul Sarni SASHA agree that in the event that DBL possesses any rights in DBSTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Betul Sarni SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DBSTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DBSTL and/ or SRPL the cost of funds that may be dedicated by the DBSTL/ SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DBSTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DBSTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DBSTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DBSTL as on the Execution date.

Summary of the DBL Hata-Dargawan Tollways Limited SASHA

SRPL, DBL and DBL Hata-Dargawan Tollways Limited (“**DHDTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Hata-Dargawan SASHA**”). The key terms of the DBL Hata-Dargawan SASHA are as follows:

Sale and Purchase: Subject to the DBL Hata-Dargawan SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DHDTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Hata-Dargawan SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Hata-Dargawan SASHA. All amounts invested by the SRPL in the DHDTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing State Highway-48 from 0.00 km (Damoh Naka in Hatta Town) to km 64.40 (at Dargawan Tiraha) on Hata-Fatchpur- Rajpuria- Solapuri- Bajna- Dargawan in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer annuity basis. (“**Project**”).

Indemnification:

- (a). DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Hata-Dargawan SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Hata-Dargawan SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DHDTL of any of their respective covenants and obligations under the DBL Hata-Dargawan SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DHDTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Hata-Dargawan SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DHDTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Hata-Dargawan SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Hata-Dargawan SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DHDTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DHDTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to ₹ 91,664.10 million (“**Identified Liabilities**”);
- (b). In the event the DHDTL suffers a shortfall in the cash flows, then the Parties to DBL Hata-Dargawan SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall;

- (c). If DHDTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DHDTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DHDTL without being first offered to SRPL, *pro rata* to its shareholding in DHDTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DHDTL without being first offered to DBL, *pro rata* to its shareholding in DHDTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DHDTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DHDTL or any legal or beneficial interest therein, except in compliance with the DBL Hata-Dargawan SASHA, the Concession Agreement and the financing documents, as defined in the DBL Hata-Dargawan SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DHDTL other than in the manner set out in the DBL Hata-Dargawan SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Hata-Dargawan SASHA, shall be null and void. DHDTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Hata-Dargawan SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DHDTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Hata-Dargawan SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DHDTL shall jointly procure such Drag-Along transfer by all the shareholders of DHDTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DHDTL shall not grant rights, to any other holder of DHDTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DHDTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Hata-Dargawan SASHA agree that in the event that DBL possesses any rights in DHDTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Hata-Dargawan SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DHDTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DHDTL and/ or SRPL the cost of funds that may be dedicated by the DHDTL/ SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DHDTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DHDTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DHDTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DHDTL as on the Execution date.

Summary of the DBL Kalmath Zarap Highways Limited SASHA

SIPL, DBL and DBL Kalmath Zarap Highways Limited (“**DKZHL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Kalmath Zarap SASHA**”). The key terms of the DBL Kalmath Zarap SASHA are as follows:

Issue of Securities: Subject to the DBL Kalmath Zarap SASHA, SIPL shall subscribe to the second closing securities and DBL shall subscribe to the first closing securities, free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Kalmath Zarap SASHA. All amounts invested by the SIPL in the DKZHL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing roads NH-17 (New NH 66) including section km 406.030 to km 450.170 in the State of Maharashtra on hybrid annuity mode. (“**Project**”).

Infusion of Further Capital: DKZHL agrees that in the event there is a requirement for additional capital by DKZHL, DKZHL shall raise the same through issue of further securities to SIPL and DBL, at the same terms and price, and pro-rata in accordance with the existing ratio of holding of the parties in the capital of DKZHL at that relevant point of time. SIPL shall be entitled to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DKZHL then the other party (“**Subscribing Party**”) shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DKZHL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DKZHL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DKZHL shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DKZHL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DKZHL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DKZHL for subscribing all the securities in DKZHL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to repay the loan amount. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DKZHL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DKZHL.

Indemnification:

- (a). The parties to the DBL Kalmath Zarap SASHA acknowledge that SIPL has entered into the DBL Kalmath Zarap SASHA based on subscription warranties set out in the DBL Kalmath Zarap SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Kalmath Zarap SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Kalmath Zarap SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five

- years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DKZHL of any of their respective covenants and obligations under the DBL Kalmath Zarap SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DKZHL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MoRTH, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the Second closing date, as defined in the DBL Kalmath Zarap SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DKZHL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DKZHL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DKZHL. No part of the annuity payment shall be utilised by DBL for settlement of liabilities of DKZHL;
- (b). In the event the DKZHL suffers a shortfall in the cash flows, then the Parties to DBL Kalmath Zarap SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall;

Issuance of Further Shares: From the first closing date as provided in the DBL Kalmath Zarap SASHA, DKZHL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DKZHL without being first offered to SIPL, *pro rata* to its shareholding in DKZHL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DKZHL without being first offered to DBL, *pro rata* to its shareholding in DKZHL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SIPL is a shareholder in DKZHL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has further agreed that it shall not transfer any securities of DKZHL or any legal or beneficial interest therein, except in compliance with the DBL Kalmath Zarap SASHA, the Concession Agreement and the financing documents, as defined in the DBL Kalmath Zarap SASHA, unless otherwise agreed in writing by SIPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DKZHL other than in the manner set out in the DBL Kalmath Zarap SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Kalmath Zarap SASHA, shall be null and void. DKZHL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Kalmath Zarap SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DKZHL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Kalmath Zarap SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SIPL, DBL and DKZHL shall jointly procure such Drag-Along transfer by all the shareholders of DKZHL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Kalmath Zarap SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Kalmath Zarap SASHA, SIPL shall have the first right of refusal over such proposed investment or divestment.

DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DKZHL shall not grant rights, to any other holder of DKZHL's securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DKZHL, whether in the capacity of a shareholder or through its representatives on the board of DKZHL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Kalmath Zarap SASHA agree that in the event that DBL possesses any rights in DKZHL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SIPL breaches the terms of the DBL Kalmath Zarap SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). DBL agrees and undertakes that it shall be sole responsibility to ensure that the DKZHL undertakes all possible steps to ensure that the commercial operations date of the Project shall be achieved within the time period mentioned in the Concession Agreement ("Scheduled Commercial Operation Date"). In the event the DKZHL receives any bonus under the Concession Agreement due to early completion of the Project, then DBL being the promoter of the DKZHL shall be solely entitled to such bonus amount and SIPL shall be liable to undertake all necessary actions to facilitate the receipt of such amount by DBL.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of SIPL to deal with such adverse impact.

Other Covenants: SIPL shall not be liable to infuse any additional capital into the DKZHL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DKZHL.

Summary of the DBL Lucknow Sultanpur Highways Limited SASHA

SIPL, DBL and DBL Lucknow Sultanpur Highways Limited ("**DLSHL**") entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the "**DBL Lucknow Sultanpur SASHA**"). The key terms of the DBL Lucknow Sultanpur SASHA are as follows:

All amounts invested by the SIPL in the DLSHL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing roads comprising of NH-56 (New NH 731) from km 11.500 to km 134.700 in the State of Uttar Pradesh under NHDP Phase-IV on hybrid annuity mode ("**Project**").

Infusion of Further Capital: DLSHL agrees that in the event there is a requirement for additional capital by DLSHL, DLSHL shall raise the same through issue of further securities to SIPL and DBL, at the same terms and price, and pro-rata in accordance with the existing ratio of holding of the parties in the capital of DLSHL at that relevant point of time. SIPL shall be entitles to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DLSHL then the other party ("**Subscribing Party**") shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DLSHL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DLSHL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DLSHL shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DLSHL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole

responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DLSHL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DLSHL for subscribing all the securities in DLSHL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to refund the loan granted. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DLSHL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DLSHL.

Indemnification:

- (a). The parties to the DBL Lucknow Sultanpur SASHA acknowledge that SIPL has entered into the DBL Lucknow Sultanpur SASHA based on subscription warranties set out in the DBL Lucknow Sultanpur SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Lucknow Sultanpur SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Lucknow Sultanpur SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DLSHL of any of their respective covenants and obligations under the DBL Lucknow Sultanpur SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DLSHL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MoRTH, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the Second closing date, as defined in the DBL Lucknow Sultanpur SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DLSHL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DLSHL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DLSHL. No part of the annuity payment shall be utilised by DBL for settlement of liabilities of DLSHL;
- (b). In the event the DLSHL suffers a shortfall in the cash flows, then the Parties to DBL Lucknow Sultanpur SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall.

Issuance of Further Shares: From the first closing date as provided in the DBL Lucknow Sultanpur SASHA, DLSHL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DLSHL without being first offered to SIPL, *pro rata* to its shareholding in DLSHL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DLSHL without being first offered to DBL, *pro rata* to its shareholding in DLSHL.

Transfer Rights

- (a). *Restriction on Transfer:*
 - (i). DBL has agreed that till such time that SIPL is a shareholder in DLSHL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has further agreed that it shall not transfer any securities of DLSHL or any legal or beneficial interest therein, except in compliance with the DBL Lucknow Sultanpur SASHA, the Concession Agreement and the financing documents, as defined in the DBL Lucknow Sultanpur SASHA, unless otherwise agreed in writing by SIPL.

- (ii). Any agreement or arrangements to transfer any of the securities of DLSHL other than in the manner set out in the DBL Lucknow Sultanpur SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Lucknow Sultanpur SASHA, shall be null and void. DLSHL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Lucknow Sultanpur SASHA, the Concession Agreement and the financing documents.
- (b). *Drag-Along Right:*
- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DLSHL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Lucknow Sultanpur SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
 - (ii). Upon exercise of the Drag Along right by SIPL, DBL and DLSHL shall jointly procure such Drag-Along transfer by all the shareholders of DLSHL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Lucknow Sultanpur SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Lucknow Sultanpur SASHA, SIPL shall have the first right of refusal over such proposed investment or divestment. DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DLSHL shall not grant rights, to any other holder of DLSHL securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DLSHL, whether in the capacity of a shareholder or through its representatives on the board of DLSHL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Lucknow Sultanpur SASHA agree that in the event that DBL possesses any rights in DLSHL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. SIPL shall be entitles to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DMYHPL then the other party (“**Subscribing Party**”) shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DMYHPL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DMYHPL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DMYHPL shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DMYHPL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DMYHPL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DMYHPL for subscribing all the securities in DMYHPL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to repay the loan granted. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DMYHPL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DMYHPL.

Indemnification:

- (a). The parties to the DBL Mahagaon Yavatmal SASHA acknowledge that SIPL has entered into the DBL Mahagaon Yavatmal SASHA based on subscription warranties set out in the DBL Mahagaon Yavatmal SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Mahagaon Yavatmal SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Mahagaon Yavatmal SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DMYHPL of any of their respective covenants and obligations under the DBL Mahagaon Yavatmal SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DMYHPL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or

- any claim/ penalties/ damages that was or is raised by NHAI, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the Second closing date, as defined in the DBL Mahagaon Yavatmal SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DMYHPL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DMYHPL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DMYHPL. No part of the annuity payment shall be utilised by DBL for settlement of liabilities of DMYHPL;
- (b). In the event the DMYHPL suffers a shortfall in the cash flows, then the Parties to DBL Mahagaon Yavatmal SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall

Issuance of Further Shares: From the first closing date as provided in the DBL Mahagaon Yavatmal SASHA, DMYHPL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DMYHPL without being first offered to SIPL, *pro rata* to its shareholding in DMYHPL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DMYHPL without being first offered to DBL, *pro rata* to its shareholding in DMYHPL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SIPL is a shareholder in DMYHPL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has further agreed that it shall not transfer any securities of DMYHPL or any legal or beneficial interest therein, except in compliance with the DBL Mahagaon Yavatmal SASHA, the Concession Agreement and the financing documents, as defined in the DBL Mahagaon Yavatmal SASHA, unless otherwise agreed in writing by SIPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DMYHPL other than in the manner set out in the DBL Mahagaon Yavatmal SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Mahagaon Yavatmal SASHA, shall be null and void. DMYHPL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Mahagaon Yavatmal SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DMYHPL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Mahagaon Yavatmal SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SIPL, DBL and DMYHPL shall jointly procure such Drag-Along transfer by all the shareholders of DMYHPL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Mahagaon Yavatmal SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Mahagaon Yavatmal SASHA, SIPL shall have the first right of refusal over such proposed investment or divestment. DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DMYHPL shall not grant rights, to any other holder of DMYHPL securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DMYHPL, whether in the capacity of a shareholder or through its representatives on the board of DMYHPL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Mahagaon Yavatmal SASHA agree that in the event that DBL possesses any rights in DMYHPL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SIPL breaches the terms of the DBL Mahagaon Yavatmal SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). DBL agrees and undertakes that it shall be sole responsibility to ensure that the DMYHPL undertakes all possible steps to ensure that the commercial operations date of the Project shall be achieved within the time period mentioned in the Concession Agreement ("Scheduled Commercial Operation Date"). In the event the DMYHPL receives any bonus under the Concession Agreement due to early completion of the Project, then DBL being the promoter of the DMYHPL shall be solely entitled to such bonus amount and SIPL shall be liable to undertake all necessary actions to facilitate the receipt of such amount by DBL.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of SIPL to deal with such adverse impact.

Other Covenants: SIPL shall not be liable to infuse any additional capital into the DMYHPL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DMYHPL.

Summary of the DBL Nadiad Modasa Tollways Limited SASHA

SRPL, DBL and DBL Nadiad Modasa Tollways Limited ("DNMTL") entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the "DBL Nadiad Modasa SASHA"). The key terms of the DBL Nadiad Modasa SASHA are as follows:

Sale and Purchase: Subject to the DBL Nadiad Modasa SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DNMTL on a fully-diluted basis ("Sale Securities"), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Nadiad Modasa SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties. All amounts invested by the SRPL in the DNMTL shall be utilized solely for the purposes of the construction, operation and maintenance for redevelopment of section Nadiad – Madhudha – Muthlal – Kapadwanj - Bayad - Modasa from km 0.60 to km 109.00 on State highway number 59 in the State of Gujarat by two-laning on design, build, finance, operation and transfer annuity basis ("Project").

Loan extended to DBL: Upon request of loan from DBL, the SRPL shall grant loan, subject to DBL pledging its remaining shareholding which constitutes 26% of the issued and paid-up share capital of the DNMTL. In case, DBL fails to repay the loan, SRPL shall invoke pledge over the pledged securities and initiate transfer process. The SRPL Investor shall have the absolute discretion whether to transfer the pledged securities in its own name and shall not be required to refund/repay to DBL any part of consideration and the loan amount payable by DBL to SRPL shall stand satisfied.

Indemnification:

- (a). Notwithstanding anything contained in the DBL Nadiad Modasa SASHA, DBL has acknowledged that SRPL has entered into the DBL Nadiad Modasa SASHA based on the purchase warranties, as defined in the DBL Nadiad Modasa SASHA. DBL ("**Indemnifying Party**") has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Nadiad Modasa SASHA, all their directors, officers, employees and advisors ("**Indemnified Party**") harmless against all losses and damages, as defined in the DBL Nadiad Modasa SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i)

and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DNMTL of any of their respective covenants and obligations under the DBL Nadiad Modasa SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SIPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DNMTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by State Government of Gujarat, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Nadiad Modasa SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DNMTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Nadiad Modasa SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Nadiad Modasa SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DNMTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DNMTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 1,65,955.90 million (“**Identified Liabilities**”);
- (b). In the event the DNMTL suffers a shortfall in the cash flows, then the Parties to DBL Nadiad Modasa SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall.

Issuance of Further Shares: From the first closing date, DNMTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DNMTL without being first offered to SRPL, *pro rata* to its shareholding in DNMTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DNMTL without being first offered to DBL, *pro rata* to its shareholding in DNMTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DNMTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DNMTL or any legal or beneficial interest therein, except in compliance with the DBL Nadiad Modasa SASHA, the Concession Agreement and the financing documents, as defined in the DBL Nadiad Modasa SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DNMTL other than in the manner set out in the DBL Nadiad Modasa SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Nadiad Modasa SASHA, shall be null and void. DNMTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Nadiad Modasa SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DNMTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Nadiad Modasa SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DNMTL shall jointly procure such Drag-Along transfer by all the shareholders of DNMTL (other than SRPL and their assignees), including any employee

shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DNMTL shall not grant rights, to any other holder of DNMTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DNMTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Nadiad Modasa SASHA agree that in the event that DBL possesses any rights in DNMTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Nadiad Modasa SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DNMTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DNMTL and/ or SRPL the cost of funds that may be dedicated by the DNMTL / the SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DNMTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DNMTL. However, if any point of time, ‘capacity augmentation’ exercise by the State Government of Gujarat then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DNMTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DNMTL as on the execution date.

Summary of the DBL Silwani Sultanganj Tollways Limited SASHA

SRPL, DBL and DBL Silwani Sultanganj Tollways Limited (“**DSSTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Silwani Sultanganj SASHA**”). The key terms of the DBL Silwani Sultanganj SASHA are as follows:

Sale and Purchase: Subject to the DBL Silwani Sultanganj SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DSSTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Silwani Sultanganj SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties. All amounts invested by the SRPL in the DSSTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing road to 0.00 km to 75.996 on the Silwani- Sultanganj- Jaisinghnagar- Sagar road section of the State Highway number 15 in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer toll plus annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Silwani Sultanganj SASHA, DBL has acknowledged that SRPL has entered into the DBL Silwani Sultanganj SASHA based on the purchase warranties, as defined in the DBL Silwani Sultanganj SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Silwani Sultanganj SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Silwani Sultanganj SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DSSTL of any of their respective covenants and obligations under the DBL Silwani Sultanganj SASHA; failure by DBL to obtain NOC from the

Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SIPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DSSTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Silwani Sultanganj SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DSSTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Silwani Sultanganj SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Silwani Sultanganj SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DSSTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DSSTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 98,567.70 million (“**Identified Liabilities**”);
- (b). In the event the DSSTL suffers a shortfall in the cash flows, then the Parties to DBL Silwani Sultanganj SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DSSTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DSSTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DSSTL without being first offered to SRPL, *pro rata* to its shareholding in DSSTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DSSTL without being first offered to DBL, *pro rata* to its shareholding in DSSTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DSSTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DSSTL or any legal or beneficial interest therein, except in compliance with the DBL Silwani Sultanganj SASHA, the Concession Agreement and the financing documents, as defined in the DBL Silwani Sultanganj SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DSSTL other than in the manner set out in the DBL Silwani Sultanganj SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Silwani Sultanganj SASHA, shall be null and void. DSSTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Silwani Sultanganj SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DSSTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Silwani Sultanganj SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DSSTL shall jointly procure such Drag-Along transfer by all the shareholders of DSSTL (other than SRPL and their assignees), including any employee

shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DSSTL shall not grant rights, to any other holder of DSSTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DSSTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Silwani Sultanganj SASHA agree that in the event that DBL possesses any rights in DSSTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Silwani Sultanganj SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DSSTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DSSTL and/ or SRPL the cost of funds that may be dedicated by the DSSTL / the SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DSSTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DSSTL. However, if any point of time, ‘capacity augmentation’ exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DSSTL
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DSSTL as on the execution date.

Summary of the Suryavanshi Infrastructure Private Limited SASHA

SRPL, DBL and Suryavanshi Infrastructure Private Limited (“**Suryavanshi Infrastructure**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**Suryavanshi Infrastructure SASHA**”). The key terms of the Suryavanshi Infrastructure SASHA are as follows:

Sale and Purchase: Subject to the Suryavanshi Infrastructure SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of Suryavanshi Infrastructure on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the Suryavanshi Infrastructure SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties. All amounts invested by the SRPL in the Suryavanshi Infrastructure shall be utilized solely for the purposes of the construction, operation and maintenance of Mandsaur- Sitamau section from existing km. stone 18 and ends at the existing Km. stone 62 at Chambal river (Rajasthan Border) on State Highway-14 section in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer toll plus annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the Suryavanshi Infrastructure SASHA, DBL has acknowledged that SRPL has entered into the Suryavanshi Infrastructure SASHA based on the purchase warranties, as defined in the Suryavanshi Infrastructure SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the Suryavanshi Infrastructure SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the Suryavanshi Infrastructure SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or Suryavanshi Infrastructure of any of

their respective covenants and obligations under the Suryavanshi Infrastructure SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SIPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the Suryavanshi Infrastructure due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the Suryavanshi Infrastructure SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from Suryavanshi Infrastructure in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the Suryavanshi Infrastructure SASHA on the ground of disclosures being made to SRPL, in the manner provided under the Suryavanshi Infrastructure SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the Suryavanshi Infrastructure shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of Suryavanshi Infrastructure. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 32,500.65 million (“**Identified Liabilities**”);
- (b). In the event the Suryavanshi Infrastructure suffers a shortfall in the cash flows, then the Parties to DBL Suryavanshi Infrastructure SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.

Issuance of Further Shares: From the first closing date, Suryavanshi Infrastructure shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by Suryavanshi Infrastructure without being first offered to SRPL, *pro rata* to its shareholding in Suryavanshi Infrastructure. Similarly, till the time DBL is a shareholder, no new shares shall be issued by Suryavanshi Infrastructure without being first offered to DBL, *pro rata* to its shareholding in Suryavanshi Infrastructure.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in Suryavanshi Infrastructure, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of Suryavanshi Infrastructure or any legal or beneficial interest therein, except in compliance with the Suryavanshi Infrastructure SASHA, the Concession Agreement and the financing documents, as defined in the Suryavanshi Infrastructure SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of Suryavanshi Infrastructure other than in the manner set out in the Suryavanshi Infrastructure SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the Suryavanshi Infrastructure SASHA, shall be null and void. Suryavanshi Infrastructure shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the Suryavanshi Infrastructure SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of Suryavanshi Infrastructure, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the Suryavanshi Infrastructure SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and Suryavanshi Infrastructure shall jointly procure such Drag-Along transfer by all the shareholders of Suryavanshi Infrastructure (other than SRPL and their

assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, Suryavanshi Infrastructure shall not grant rights, to any other holder of Suryavanshi Infrastructure securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL is represented and warranted that on and from the first closing it shall not possess any rights in Suryavanshi Infrastructure, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the Suryavanshi Infrastructure SASHA agree that in the event that DBL possesses any rights in Suryavanshi Infrastructure that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the Suryavanshi Infrastructure SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the Suryavanshi Infrastructure on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the Suryavanshi Infrastructure and/ or SRPL the cost of funds that may be dedicated by the Suryavanshi Infrastructure / the SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the Suryavanshi Infrastructure apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the Suryavanshi Infrastructure. However, if any point of time, ‘capacity augmentation’ exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the Suryavanshi Infrastructure.
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the Suryavanshi Infrastructure as on the Execution date.

Summary of the DBL Tikamgarh-Nowgaon Tollways Limited SASHA

SRPL, DBL and DBL Tikamgarh-Nowgaon Tollways Limited (“**DTNTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Tikamgarh-Nowgaon SASHA**”). The key terms of the DBL Tikamgarh-Nowgaon SASHA are as follows:

Sale and Purchase: Subject to the DBL Tikamgarh-Nowgaon SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DTNTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Tikamgarh-Nowgaon SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties. All amounts invested by the SRPL in the DTNTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of the existing major district from Y-Junction in km 10/8 at Tikamgarh- Malchra road (SH-10) to km, 107 of Jhansi- Nowgaon (NH-76) in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer toll plus annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Tikamgarh-Nowgaon SASHA, DBL has acknowledged that SRPL has entered into the DBL Tikamgarh-Nowgaon SASHA based on the purchase warranties, as defined in the DBL Tikamgarh-Nowgaon SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Tikamgarh-Nowgaon SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Tikamgarh-Nowgaon SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation

mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DTNTL of any of their respective covenants and obligations under the DBL Tikamgarh-Nowgaon SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DTNTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Tikamgarh-Nowgaon SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DTNTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Tikamgarh-Nowgaon SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Tikamgarh-Nowgaon SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DTNTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DTNTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 1,13,792.50 million (“**Identified Liabilities**”);
- (b). In the event the DTNTL suffers a shortfall in the cash flows, then the Parties to DBL Tikamgarh-Nowgaon SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DTNTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DTNTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DTNTL without being first offered to SRPL, *pro rata* to its shareholding in DTNTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DTNTL without being first offered to DBL, *pro rata* to its shareholding in DTNTL.

Transfer Rights

- (a). *Restriction on Transfer:*
 - (i). DBL has agreed that till such time that SRPL is a shareholder in DTNTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DTNTL or any legal or beneficial interest therein, except in compliance with the DBL Tikamgarh-Nowgaon SASHA, the Concession Agreement and the financing documents, as defined in the DBL Tikamgarh-Nowgaon SASHA, unless otherwise agreed in writing by SRPL.
 - (ii). Any agreement or arrangements to transfer any of the securities of DTNTL other than in the manner set out in the DBL Tikamgarh-Nowgaon SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Tikamgarh-Nowgaon SASHA, shall be null and void. DTNTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Tikamgarh-Nowgaon SASHA, the Concession Agreement and the financing documents.
- (b). *Drag-Along Right:*
 - (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DTNTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Tikamgarh-Nowgaon SASHA, (a). on the same terms at which SRPL is transferring its shares to such

- third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DTNTL shall jointly procure such Drag-Along transfer by all the shareholders of DTNTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DTNTL shall not grant rights, to any other holder of DTNTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DTNTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Tikamgarh-Nowgaon SASHA agree that in the event that DBL possesses any rights in DTNTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Tikamgarh-Nowgaon SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DTNTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DTNTL and/ or SRPL the cost of funds that may be dedicated by the DTNTL / the SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DTNTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DTNTL. However, if any point of time, ‘capacity augmentation’ exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DTNTL.
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DTNTL as on the Execution date.

Summary of the DBL Yavatmal Wardha Highways Private Limited SASHA

SIPL, DBL and DBL Yavatmal Wardha Highways Private Limited (“**DYWHPL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Yavatmal Wardha SASHA**”). The key terms of the DBL Yavatmal Wardha SASHA are as follows:

Issue of Securities: Subject to the DBL Yavatmal Wardha SASHA, SIPL shall subscribe to the second closing securities and DBL shall subscribe to the first closing securities, free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Yavatmal Wardha SASHA. All amounts invested by the SIPL in the DYWHPL shall be utilized solely for the purposes of the development, maintenance and management of National Highway No. 361 including the section from km 400.575 to km 465.500 of Yavatmal-Wardha section of NH-361 on hybrid annuity mode in state of Maharashtra subsequent augmentation of the existing road from km 400.575 to km 465.500 of Yavatmal - Wardha section of NH-361 (“**Project**”).

Infusion of Further Capital: DYWHPL agrees that in the event there is a requirement for additional capital by DYWHPL, DYWHPL shall raise the same through issue of further securities to SIPL and DBL, at the same terms and price, and pro-rata in accordance with the existing ratio of holding of the parties in the capital of DYWHPL at that relevant point of time. SIPL shall be entitled to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DYWHPL then the other party (“**Subscribing Party**”) shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DYWHPL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DYWHPL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DYWHPL

shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DYWHPL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DYWHPL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DYWHPL for subscribing all the securities in DYWHPL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to refund the loan granted. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DYWHPL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DYWHPL.

Indemnification:

- (a). The parties to the DBL Yavatmal Wardha SASHA acknowledge that SIPL has entered into the DBL Yavatmal Wardha SASHA based on subscription warranties set out in the DBL Yavatmal Wardha SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Yavatmal Wardha SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Yavatmal Wardha SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DYWHPL of any of their respective covenants and obligations under the DBL Yavatmal Wardha SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DYWHPL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by NHAI, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the Second closing date, as defined in the DBL Yavatmal Wardha SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DYWHPL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DYWHPL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DYWHPL. No part of the annuity payment shall be utilised by DBL for settlement of liabilities of DYWHPL;
- (b). In the event the DYWHPL suffers a shortfall in the cash flows, then the Parties to DBL Yavatmal Wardha SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall.

Issuance of Further Shares: From the first closing date as provided in the DBL Yavatmal Wardha SASHA, DYWHPL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DYWHPL without being first offered to SIPL, *pro rata* to its shareholding in DYWHPL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DYWHPL without being first offered to DBL, *pro rata* to its shareholding in DYWHPL.

Transfer Rights

- (a). Restriction on Transfer:
- (i). DBL has agreed that till such time that SIPL is a shareholder in DYWHPL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has further agreed that it shall not transfer any securities of DYWHPL or any legal or beneficial interest therein, except in compliance with the DBL Yavatmal Wardha SASHA, the Concession Agreement and the financing documents, as defined in the DBL Yavatmal Wardha SASHA, unless otherwise agreed in writing by SIPL.
 - (ii). Any agreement or arrangements to transfer any of the securities of DYWHPL other than in the manner set out in the DBL Yavatmal Wardha SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Yavatmal Wardha SASHA, shall be null and void. DYWHPL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Yavatmal Wardha SASHA, the Concession Agreement and the financing documents.
- (b). Drag-Along Right:
- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DYWHPL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Yavatmal Wardha SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
 - (ii). Upon exercise of the Drag Along right by SIPL, DBL and DYWHPL shall jointly procure such Drag-Along transfer by all the shareholders of DYWHPL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Yavatmal Wardha SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Yavatmal Wardha SASHA, SIPL shall have the first right of refusal over such proposed investment or divestment. DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DYWHPL shall not grant rights, to any other holder of DYWHPL securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DYWHPL, whether in the capacity of a shareholder or through its representatives on the board of DYWHPL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Yavatmal Wardha SASHA agree that in the event that DBL possesses any rights in DYWHPL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SIPL breaches the terms of the DBL Yavatmal Wardha SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). DBL agrees and undertakes that it shall be sole responsibility to ensure that the DYWHPL undertakes all possible steps to ensure that the commercial operations date of the Project shall be achieved within the time period mentioned in the Concession Agreement (“Scheduled Commercial Operation Date”). In the event the DYWHPL receives any bonus under the Concession Agreement due to early completion of the Project, then DBL being the promoter of the DYWHPL shall be solely entitled to such bonus amount and SIPL shall be liable to undertake all necessary actions to facilitate the receipt of such amount by DBL.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of SIPL to deal with such adverse impact.

Other Covenants: SIPL shall not be liable to infuse any additional capital into the DYWHPL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DYWHPL.

Summary of the DBL Jaora-Sailana Tollways Limited SASHA

SRPL, DBL and DBL Jaora-Sailana Tollways Limited (“**DJSTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Jaora-Sailana SASHA**”). The key terms of the DBL Jaora-Sailana SASHA are as follows:

Sale and Purchase: Subject to the DBL Jaora-Sailana SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DJSTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Jaora-Sailana SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Jaora-Sailana SASHA. All amounts invested by the SRPL in the DJSTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of existing four roads: (i) Jaora Piploadha- Jalandharkheda & Piploda-Sailana (42.27 km) (ii) Raipururiya- Petlabad Bamniya (18.18 Km) (iii) Jawad-Kholi (21.07 Km) (iv) Soyat-Pidawa (km. 6.25) in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Jaora-Sailana SASHA, DBL has acknowledged that SRPL has entered into the DBL Jaora-Sailana SASHA based on the purchase warranties, as defined in the DBL Jaora-Sailana SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Jaora-Sailana SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Jaora-Sailana SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the Second Closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DJSTL of any of their respective covenants and obligations under the DBL Jaora-Sailana SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M subcontractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DJSTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Jaora-Sailana SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DJSTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Jaora-Sailana SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Jaora-Sailana SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DJSTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DJSTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 1,06,025.30 million (“**Identified Liabilities**”);
- (b). In the event the DJSTL suffers a shortfall in the cash flows, then the Parties to DBL Jaora-Sailana SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DJSTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DJSTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DJSTL without being first offered to SRPL, *pro rata* to its shareholding in DJSTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DJSTL without being first offered to DBL, *pro rata* to its shareholding in DJSTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DJSTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DJSTL or any legal or beneficial interest therein, except in compliance with the DBL Jaora-Sailana SASHA, the Concession Agreement and the financing documents, as defined in the DBL Jaora-Sailana SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DJSTL other than in the manner set out in the DBL Jaora-Sailana SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Jaora-Sailana SASHA, shall be null and void. DJSTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Jaora-Sailana SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DJSTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Jaora-Sailana SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DJSTL shall jointly procure such Drag-Along transfer by all the shareholders of DJSTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DJSTL shall not grant rights, to any other holder of DJSTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DJSTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Jaora-Sailana SASHA agree that in the event that DBL possesses any rights in DJSTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Jaora-Sailana SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DJSTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DJSTL and/ or SRPL the cost of funds that may be dedicated by the DJSTL / SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DJSTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DJSTL. However,

- if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DJSTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DJSTL as on the Execution date.

Summary of the DBL Patan-Rehli Tollways Limited SASHA

SRPL, DBL and DBL Patan-Rehli Tollways Limited (“**DPRTL**”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “**DBL Patan-Rehli SASHA**”). The key terms of the DBL Patan-Rehli SASHA are as follows:

Sale and Purchase: Subject to the DBL Patan-Rehli SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DPRTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Patan-Rehli SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Patan-Rehli SASHA. All amounts invested by the SRPL in the DPRTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of existing road comprising from Km. 31/10 of State Highway- 15 (Rehli- Gorjhamar -Patan Chowk and cross the junction of Km. 113/00 of Rehli Gourjhamar including bypass of Rehli which is about 4.4 km to 38.10 km) on the section of State Highway - 15 in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer toll plus annuity basis (“**Project**”).

Indemnification:

- (a). Notwithstanding anything contained in the DBL Patan-Rehli SASHA, DBL has acknowledged that SRPL has entered into the DBL Patan-Rehli SASHA based on the purchase warranties, as defined in the DBL Patan-Rehli SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Patan-Rehli SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Patan-Rehli SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL any default or breach by DBL or DPRTL of any of their respective covenants and obligations under the DBL Patan-Rehli SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DPRTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Patan-Rehli SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DPRTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Patan-Rehli SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Patan-Rehli SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DPRTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DPRTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 2,49,215.80 million (“**Identified Liabilities**”);
- (b). In the event the DPRTL suffers a shortfall in the cash flows, then the Parties to DBL Patan-Rehli SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DPRTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DPRTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DPRTL without being first offered to SRPL, *pro rata* to its shareholding in DPRTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DPRTL without being first offered to DBL, *pro rata* to its shareholding in DPRTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DPRTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DPRTL or any legal or beneficial interest therein, except in compliance with the DBL Patan-Rehli SASHA, the Concession Agreement and the financing documents, as defined in the DBL Patan-Rehli SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DPRTL other than in the manner set out in the DBL Patan-Rehli SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Patan-Rehli SASHA, shall be null and void. DPRTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Patan-Rehli SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DPRTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Patan-Rehli SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DPRTL shall jointly procure such Drag-Along transfer by all the shareholders of DPRTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DPRTL shall not grant rights, to any other holder of DPRTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DPRTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Patan-Rehli SASHA agree that in the event that DBL possesses any rights in DPRTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Patan-Rehli SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DPRTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DPRTL and/ or SRPL the cost of funds that may be dedicated by the DPRTL / SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DPRTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DPRTL. However,

- if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DPRTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DPRTL as on the Execution date.

- (a). Notwithstanding anything contained in the DBL Mundi Sanavad SASHA, DBL has acknowledged that SRPL has entered into the DBL Mundi Sanavad SASHA based on the purchase warranties, as defined in the DBL Mundi Sanavad SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Mundi Sanavad SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Mundi Sanavad SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DMSTL of any of their respective covenants and obligations under the DBL Mundi Sanavad SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DMSTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Mundi Sanavad SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DMSTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Mundi Sanavad SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Mundi Sanavad SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DMSTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DMSTL. No part of the annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 78,511.80 million (“**Identified Liabilities**”);
- (b). In the event the DMSTL suffers a shortfall in the cash flows, then the Parties to DBL Mundi Sanavad SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.

- (c). If DMSTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DMSTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DMSTL without being first offered to SRPL, *pro rata* to its shareholding in DMSTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DMSTL without being first offered to DBL, *pro rata* to its shareholding in DMSTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DMSTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DMSTL or any legal or beneficial interest therein, except in compliance with the DBL Mundi Sanavad SASHA, the Concession Agreement and the financing documents, as defined in the DBL Mundi Sanavad SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DMSTL other than in the manner set out in the DBL Mundi Sanavad SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Mundi Sanavad SASHA, shall be null and void. DMSTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Mundi Sanavad SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DMSTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Mundi Sanavad SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DMSTL shall jointly procure such Drag-Along transfer by all the shareholders of DMSTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DMSTL shall not grant rights, to any other holder of DMSTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DMSTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Mundi Sanavad SASHA agree that in the event that DBL possesses any rights in DMSTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Mundi Sanavad SASHA, including but not limited to default in payment.

Role and Responsibility:

- (i) Any adverse effect on the DMSTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DMSTL and/ or SRPL the cost of funds that may be dedicated by the DMSTL / SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (ii) In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DMSTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DMSTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DMSTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DMSTL as on the Execution date.

- (c). If DSBTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DSBTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DSBTL without being first offered to SRPL, *pro rata* to its shareholding in DSBTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DSBTL without being first offered to DBL, *pro rata* to its shareholding in DSBTL.

Transfer Rights

(a). Restriction on Transfer:

- (i). DBL has agreed that till such time that SRPL is a shareholder in DSBTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DSBTL or any legal or beneficial interest therein, except in compliance with the DBL Sardarpur Badnawar SASHA, the Concession Agreement and the financing documents, as defined in the DBL Sardarpur Badnawar SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DSBTL other than in the manner set out in the DBL Sardarpur Badnawar SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Sardarpur Badnawar SASHA, shall be null and void. DSBTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Sardarpur Badnawar SASHA, the Concession Agreement and the financing documents.

(b). Drag-Along Right:

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DSBTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Sardarpur Badnawar SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DSBTL shall jointly procure such Drag-Along transfer by all the shareholders of DSBTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DSBTL shall not grant rights, to any other holder of DSBTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DSBTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Sardarpur Badnawar SASHA agree that in the event that DBL possesses any rights in DSBTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Sardarpur Badnawar SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DSBTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DSBTL and/ or SRPL the cost of funds that may be dedicated by the DSBTL / SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project,

the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DSBTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DSBTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DSBTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DSBTL as on the Execution date.

- (a). Notwithstanding anything contained in the DBL Uchera-Nagod SASHA, DBL has acknowledged that SRPL has entered into the DBL Uchera-Nagod SASHA based on the purchase warranties, as defined in the DBL Uchera-Nagod SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Uchera-Nagod SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Uchera-Nagod SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DUNTTL of any of their respective covenants and obligations under the DBL Uchera-Nagod SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M subcontractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DUNTTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Uchera-Nagod SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DUNTTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Uchera-Nagod SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Uchera-Nagod SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DUNTTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DUNTTL. No part of the

annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 81,317.60 million (“**Identified Liabilities**”);

- (b). In the event the DUNTL suffers a shortfall in the cash flows, then the Parties to DBL Uchera-Nagod SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DUNTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DUNTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DUNTL without being first offered to SRPL, *pro rata* to its shareholding in DUNTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DUNTL without being first offered to DBL, *pro rata* to its shareholding in DUNTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DUNTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DUNTL or any legal or beneficial interest therein, except in compliance with the DBL Uchera-Nagod SASHA, the Concession Agreement and the financing documents, as defined in the DBL Uchera-Nagod SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DUNTL other than in the manner set out in the DBL Uchera-Nagod SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Uchera-Nagod SASHA, shall be null and void. DUNTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Uchera-Nagod SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DUNTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Uchera-Nagod SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DUNTL shall jointly procure such Drag-Along transfer by all the shareholders of DUNTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DUNTL shall not grant rights, to any other holder of DUNTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DUNTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Uchera-Nagod SASHA agree that in the event that DBL possesses any rights in DUNTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Uchera-Nagod SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DUNTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DUNTL and/ or SRPL the cost of funds that may be dedicated by the DUNTL / SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project,

the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DUNTIL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DUNTIL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DUNTIL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DUNTIL as on the Execution date.

Summary of the DBL Sitamau Suswara Tollways Limited SASHA

SRPL, DBL and DBL Sitamau Suswara Tollways Limited ("DSSTL") entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the "DBL Sitamau Suswara SASHA"). The key terms of the DBL Sitamau Suswara SASHA are as follows:

Sale and Purchase: Subject to the DBL Sitamau Suswara SASHA, SRPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of DSSTL on a fully-diluted basis ("**Sale Securities**"), free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Sitamau Suswara SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to DBL Sitamau Suswara SASHA. All amounts invested by the SRPL in the DSSTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site comprising of 0/00 to 34/000 on Sitamau- Basai- Suwasara section in the State of Madhya Pradesh by two-laning on design, build, finance, operation and transfer toll plus annuity basis ("**Project**").

Indemnification:

- (a). Notwithstanding anything contained in the DBL Sitamau Suswara SASHA, DBL has acknowledged that SRPL has entered into the DBL Sitamau Suswara SASHA based on the purchase warranties, as defined in the DBL Sitamau Suswara SASHA. DBL ("**Indemnifying Party**") has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Sitamau Suswara SASHA, all their directors, officers, employees and advisors ("**Indemnified Party**") harmless against all losses and damages, as defined in the DBL Sitamau Suswara SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DSSTL of any of their respective covenants and obligations under the DBL Sitamau Suswara SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the SRPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DSSTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by MPRDC, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the DBL Sitamau Suswara SASHA ("**Third Party Claim**").
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DSSTL in this regard.
- (c). Notwithstanding anything contained hereinabove, DBL shall not be absolved of its indemnity obligation as contained under the DBL Sitamau Suswara SASHA on the ground of disclosures being made to SRPL, in the manner provided under the DBL Sitamau Suswara SASHA. However, SRPL shall not have the right to claim indemnity from DBL twice for the same loss or damages suffered by it.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DSSTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DSSTL. No part of the

annuity payment shall be utilised by DBL for settlement of identified liabilities amounting to Rs. 45,548.90 million (“**Identified Liabilities**”);

- (b). In the event the DSSTL suffers a shortfall in the cash flows, then the Parties to DBL Sitamau Suswara SASHA shall, to the extent permitted by applicable law and the financing documents, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.
- (c). If DSSTL and/ or DBL procures additional annuity payment over and above the annuity payment, then DBL shall be entitled to receive from the SRPL an additional amount plus interest at the rate of 16.5% on such amount from the execution of master term sheet until the date of receipt of the additional annuity payment.

Issuance of Further Shares: From the first closing date, DSSTL shall not, without the prior written consent of SRPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SRPL becoming a shareholder, no new shares shall be issued by DSSTL without being first offered to SRPL, *pro rata* to its shareholding in DSSTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DSSTL without being first offered to DBL, *pro rata* to its shareholding in DSSTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SRPL is a shareholder in DSSTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DSSTL or any legal or beneficial interest therein, except in compliance with the DBL Sitamau Suswara SASHA, the Concession Agreement and the financing documents, as defined in the DBL Sitamau Suswara SASHA, unless otherwise agreed in writing by SRPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DSSTL other than in the manner set out in the DBL Sitamau Suswara SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Sitamau Suswara SASHA, shall be null and void. DSSTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Sitamau Suswara SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DSSTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Sitamau Suswara SASHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DSSTL shall jointly procure such Drag-Along transfer by all the shareholders of DSSTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, DSSTL shall not grant rights, to any other holder of DSSTL securities, superior to those granted to SRPL, without the prior approval of SRPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in DSSTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of SRPL. The parties to the DBL Sitamau Suswara SASHA agree that in the event that DBL possesses any rights in DSSTL that are superior to those granted to SRPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SRPL breaches the terms of the DBL Sitamau Suswara SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the DSSTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DSSTL and/ or SRPL the cost of funds that may be dedicated by the DSSTL/ SRPL for the purpose of maintaining the DSRA or for DSRA Collateral.

- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants:

- (a). SRPL shall not be liable to infuse any additional capital into the DSSTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DSSTL. However, if any point of time, 'capacity augmentation' exercise by the MPRDC then it shall be the sole responsibility of SRPL to infuse the capital/ additional capital in the DSSTL;
- (b). DBL shall be solely responsible to settle the Identified Liabilities and provide proof of such settlement to the SRPL. DBL further covenants that apart from the Identified Liabilities, there are no other liabilities in the DSSTL as on the Execution date.

Summary of the Jalpa-Devi Tollways Limited SASHA

STPL, DBL and Jalpa Devi Tollways Limited (“**JDTL**”) entered into a share acquisition cum shareholders agreement dated July 18, 2018 (the “**Jalpa Devi SASHA**”). The key terms of the Jalpa Devi SASHA are as follows:

Sale and Purchase: Subject to the Jalpa Devi SASHA, STPL shall purchase, and DBL shall sell and transfer, and cause to be sold and transferred, 100% of the share capital of JDTL on a fully-diluted basis (“**Sale Securities**”), free and clear of all encumbrances and together with all right, title and interests, in accordance with the Jalpa Devi SASHA. Sale consideration may be adjusted on account of agreed adjustments i.e. financial liabilities or adjustments as are identified by mutual agreement in writing between the parties to Jalpa Devi SASHA. All amounts invested by the STPL in the JDTL shall be utilized solely for the purposes of the construction, operation and maintenance of the site at existing road NH- 3 from km 332.100 to km 426.00 (approximately 93.500 km) on the Guna - Biaora section of the National Highway no. 3, in the state of Madhya Pradesh by four - laning on DBFOMT basis (“**Project**”).

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, STPL shall transfer an amount equal to amount invested by DBL in the JDTL for subscribing all the securities in JDTL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the STPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, STPL shall have a right to call upon DBL to refund the loan granted. In case, DBL fails to repay the loan, STPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then STPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the JDTL; (iii) Post achievement of commercial operation date, STPL shall hold 100% shares of the JDTL.

Indemnification:

- (a). Notwithstanding anything contained in the Jalpa Devi SASHA, DBL has acknowledged that STPL has entered into the Jalpa Devi SASHA based on the purchase warranties, as defined in the Jalpa Devi SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold STPL and/ or its Affiliates, as defined in the Jalpa Devi SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the Jalpa Devi SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the purchase warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or JDTL of any of their respective covenants and obligations under the Jalpa Devi SASHA; failure by DBL to obtain NOC from the Income Tax Authorities issued under Section 281 of the Income Tax Act, 1961 permitting transfer of the Sale Securities by DBL to the STPL; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the JDTL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by NHAI, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the first closing date, as defined in the Jalpa Devi SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from JDTL in this regard.

Collection and utilisation of toll payment: Toll payments received by the JDTL shall be deposited in the Escrow Account as provided for under the Escrow Agreement and the utilisation of the same shall be in accordance with the terms of the Escrow Agreement.

Issuance of Further Shares: From the first closing date, JDTL shall not, without the prior written consent of STPL, issue any further shares/ securities. Without prejudice to the foregoing, upon STPL becoming a shareholder, no new shares shall be issued by JDTL without being first offered to STPL, *pro rata* to its shareholding in JDTL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by JDTL without being first offered to DBL, *pro rata* to its shareholding in JDTL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that STPL is a shareholder in JDTL, it shall not transfer any of its shares to any person other than STPL or its nominee, unless otherwise agreed in writing by STPL. DBL has further agreed that it shall not transfer any securities of JDTL or any legal or beneficial interest therein, except in compliance with the Jalpa Devi SASHA, the Concession Agreement and the financing documents, as defined in the Jalpa Devi SASHA, unless otherwise agreed in writing by STPL.
- (ii). Any agreement or arrangements to transfer any of the securities of JDTL other than in the manner set out in the Jalpa Devi SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the Jalpa Devi SASHA, shall be null and void. JDTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the Jalpa Devi SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that STPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of JDTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by STPL, transfer such number of their shares as may be notified by STPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the Jalpa Devi SASHA, (a) on the same terms at which STPL is transferring its shares to such third party (“**Drag-Along**”); and (b) simultaneously with the transfer of the shares of STPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by STPL, DBL and JDTL shall jointly procure such Drag-Along transfer by all the shareholders of JDTL (other than STPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Superior Right: From the first closing date, JDTL shall not grant rights, to any other holder of JDTL securities, superior to those granted to STPL, without the prior approval of STPL. DBL has represented and warranted that on and from the first closing it shall not possess any rights in JDTL, whether in the capacity of a shareholder or through its representatives on the board or by any other means, which would be superior to the rights of STPL. The parties to the Jalpa Devi SASHA agree that in the event that DBL possesses any rights in JDTL that are superior to those granted to STPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case STPL breaches the terms of the Jalpa Devi SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). Any adverse effect on the JDTL on account of non-maintenance of debt service reserve account (“**DSRA**”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the JDTL and/ or STPL the cost of funds that may be dedicated by the JDTL / STPL for the purpose of maintaining the DSRA or for DSRA Collateral.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL.

However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of the SRPL to deal with such adverse impact.

Other Covenants: STPL shall not be liable to infuse any additional capital into the JDTL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the JDTL. However, if any point of time, 'capacity augmentation' exercise by the NHAI then it shall be the sole responsibility of STPL to infuse the capital/ additional capital in the JDTL;

Summary of the DBL Tuljapur Ausa Highways Limited SASHA

SIPL, DBL and DBL Tuljapur Ausa Highways Limited (“DTAHL”) entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the “DBL Tuljapur Ausa SASHA”). The key terms of the DBL Tuljapur Ausa SASHA are as follows:

Issue of Securities: Subject to the DBL Tuljapur Ausa SASHA, SIPL shall subscribe to the second closing securities and DBL shall subscribe to the first closing securities, free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Tuljapur Ausa SASHA. All amounts invested by the SIPL in DTAHL shall be utilized solely for the purposes of the development, maintenance and management of National Highway No. 361 including the section from km 0.000 to km 55.835 of Tuljapur - Ausa section of NH-361 on hybrid annuity mode in State of Maharashtra subsequent augmentation of the existing road from km 0.000 to km 55.835 of Tuljapur - Ausa section of NH-361 (“**Project**”).

Infusion of Further Capital: DTAHL agrees that in the event there is a requirement for additional capital by DTAHL, DTAHL shall raise the same through issue of further securities to SIPL and DBL, at the same terms and price, and pro-rata in accordance with the existing ratio of holding of the parties in the capital of DTAHL at that relevant point of time. SIPL shall be entitled to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DTAHL then the other party (“**Subscribing Party**”) shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DTAHL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DTAHL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DTAHL shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DTAHL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DTAHL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DTAHL for subscribing all the securities in DTAHL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to refund the loan granted. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DTAHL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DTAHL.

Indemnification:

- (a). The parties to the DBL Tuljapur Ausa SASHA acknowledge that SIPL has entered into the DBL Tuljapur Ausa SASHA based on subscription warranties set out in the DBL Tuljapur Ausa SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Tuljapur Ausa SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Tuljapur Ausa SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the

second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DTAHL of any of their respective covenants and obligations under the DBL Tuljapur AUSA SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M subcontractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DTAHL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by NHAI, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the second closing date, as defined in the DBL Tuljapur AUSA SASHA (“**Third Party Claim**”).

- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DTAHL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DTAHL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DTAHL. No part of the annuity payment shall be utilised by DBL for settlement of liabilities of DTAHL;
- (b). In the event the DTAHL suffers a shortfall in the cash flows, then the Parties to DBL Tuljapur AUSA SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall

Issuance of Further Shares: From the first closing date as provided in the DBL Tuljapur AUSA SASHA, DTAHL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DTAHL without being first offered to SIPL, *pro rata* to its shareholding in DTAHL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DTAHL without being first offered to DBL, *pro rata* to its shareholding in DTAHL.

Transfer Rights

(a). *Restriction on Transfer:*

- (i). DBL has agreed that till such time that SIPL is a shareholder in DTAHL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has further agreed that it shall not transfer any securities of DTAHL or any legal or beneficial interest therein, except in compliance with the DBL Tuljapur AUSA SASHA, the Concession Agreement and the financing documents, as defined in the DBL Tuljapur AUSA SASHA, unless otherwise agreed in writing by SIPL.
- (ii). Any agreement or arrangements to transfer any of the securities of DTAHL other than in the manner set out in the DBL Tuljapur AUSA SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Tuljapur AUSA SASHA, shall be null and void. DTAHL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Tuljapur AUSA SASHA, the Concession Agreement and the financing documents.

(b). *Drag-Along Right:*

- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DTAHL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Tuljapur AUSA SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SIPL, DBL and DTAHL shall jointly procure such Drag-Along transfer by all the shareholders of DTAHL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Tuljapur AUSA SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the

DBL Tuljapur AUSA SASHA, SIPL shall have the first right of refusal over such proposed investment or divestment. DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DTAHL shall not grant rights, to any other holder of DTAHL securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DTAHL, whether in the capacity of a shareholder or through its representatives on the board of DTAHL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Tuljapur AUSA SASHA agree that in the event that DBL possesses any rights in DTAHL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SIPL breaches the terms of the DBL Tuljapur AUSA SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). DBL agrees and undertakes that it shall be sole responsibility to ensure that the DTAHL undertakes all possible steps to ensure that the commercial operations date of the Project shall be achieved within the time period mentioned in the Concession Agreement ("Scheduled Commercial Operation Date"). In the event the DTAHL receives any bonus under the Concession Agreement due to early completion of the Project, then DBL being the promoter of the DTAHL shall be solely entitled to such bonus amount and SIPL shall be liable to undertake all necessary actions to facilitate the receipt of such amount by DBL.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of SIPL to deal with such adverse impact.

Other Covenants: SIPL shall not be liable to infuse any additional capital into the DTAHL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DTAHL.

Summary of the DBL Wardha Butibori Highways Private Limited SASHA

SIPL, DBL and DBL Wardha Butibori Highways Private Limited ("**DWBHPL**") entered into a share acquisition cum shareholders agreement dated March 26, 2018 (the "**DBL Wardha Butibori SASHA**"). The key terms of the DBL Wardha Butibori SASHA are as follows:

Issue of Securities: Subject to the DBL Wardha Butibori SASHA, SIPL shall subscribe to the second closing securities and DBL shall subscribe to the first closing securities, free and clear of all encumbrances and together with all right, title and interests, in accordance with the DBL Wardha Butibori SASHA. All amounts invested by the SIPL in the DWBHPL shall be utilized solely for the purposes of the construction, maintenance and management of National Highway No. 361 including the section from km 465.500 to km 524.690 of Wardha- Butibori section of NH-361 on Hybrid Annuity mode (HAM) in state of Maharashtra subsequent augmentation of the existing road from km 28.800 to km 85.374 of Wardha- Butibori section of NH-361 ("**Project**").

Infusion of Further Capital: DWBHPL agrees that in the event there is a requirement for additional capital by DWBHPL, DWBHPL shall raise the same through issue of further securities to SIPL and DBL, at the same terms and price, and pro-rata in accordance with the existing ratio of holding of the parties in the capital of DWBHPL at that relevant point of time. SIPL shall be entitles to subscribe to such additional securities through their affiliates also.

In the event either SIPL or DBL decides not to participate in such further issue of securities by DWBHPL then the other party ("**Subscribing Party**") shall have the right but not the obligation to subscribe to the unsubscribed portion of the securities offered by DWBHPL. If the Subscribing Party expresses its willingness to subscribe the unsubscribed portion of the securities offered to the other party, it shall be the sole discretion of the Subscribing Party to decide the mode and manner of allotment of such additional securities to it by DWBHPL, including but not limited to the nature of securities to be issued, the value at which such securities are to be issued and all related aspects. The other party and DWBHPL shall have the obligation to accept such terms of subscription laid down by the Subscribing Party and undertaking necessary corporate actions to allot the unsubscribed portion of the securities to the Subscribing Party on such terms and conditions.

SIPL and DBL agree that in the event any loss or damage is suffered by the Subscribing Party due to failure of the other party to subscribe to its share of additional securities offered by DWBHPL, including but not limited to any loss or damage caused due to breach of any terms of the Concession Agreement and/or financing documents, it shall be the sole responsibility of the other party to refund the subscribing party all amounts invested by the Subscribing Party into DWBHPL till the relevant date along with an interest of 16.5% on the total amount from the date of occurrence of default giving rise to the loss or damages till the date of receipt of actual payment by the Subscribing Party.

Achievement of Commercial Operations Date: Upon achievement of the commercial operations date, on request of loan from DBL, SIPL shall transfer an amount equal to amount invested by DBL in the DWBHPL for subscribing all the securities in DWBHPL. In order to secure the loan, DBL has agreed to pledge its entire shareholding as well as by giving a call option right to the SIPL.

Post achievement of commercial operations date: (i) Upon the expiry of 25 months from the commercial operations date, SIPL shall have a right to call upon DBL to refund the loan granted. In case, DBL fails to repay the loan, SIPL shall invoke pledge over the pledged securities and initiate transfer process; (ii) In case DBL repays the loan within one day of receiving the intimation to repay the loan, then SIPL shall transfer the amount equals to the loan amount for subscribing to the entire shareholding of DBL in the DWBHPL; (iii) Post achievement of commercial operation date, SIPL shall hold 100% shares of the DWBHPL.

Indemnification:

- (a). The parties to the DBL Wardha Butibori SASHA acknowledge that SIPL has entered into the DBL Wardha Butibori SASHA based on subscription warranties set out in the DBL Wardha Butibori SASHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SIPL and/ or its Affiliates, as defined in the DBL Wardha Butibori SASHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Wardha Butibori SASHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the subscription warranties; (i) breach of general representation made by DBL before the expiry of five years from the second closing date and (ii) tax warranties made by DBL before the expiry of eight years from the second closing date (ii) the limitation mentioned in (i) and (ii) does not apply to damages caused due to gross negligence, wilful misconduct and fraud arising out of any act or omission by DBL; any default or breach by DBL or DWBHPL of any of their respective covenants and obligations under the DBL Wardha Butibori SASHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue or loss of annuity payment (payable under the Concession Agreement) suffered by the DWBHPL due to any change in the legal and regulatory regime, including but not limited to the impact of levy of GST or any claim/ penalties/ damages that was or is raised by NHAI, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions prior to the second closing date, as defined in the DBL Wardha Butibori SASHA (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DWBHPL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DWBHPL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DWBHPL. No part of the annuity payment shall be utilised by DBL for settlement of any liabilities of the DWBHPL;
- (b). In the event the DWBHPL suffers a shortfall in the cash flows, then the Parties to DBL Wardha Butibori SASHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SIPL has made investment, to cover such shortfall.

Issuance of Further Shares: From the first closing date as provided in the DBL Wardha Butibori SASHA, DWBHPL shall not, without the prior written consent of SIPL, issue any further shares/ securities. Without prejudice to the foregoing, upon SIPL becoming a shareholder, no new shares shall be issued by DWBHPL without being first offered to SIPL, *pro rata* to its shareholding in DWBHPL. Similarly, till the time DBL is a shareholder, no new shares shall be issued by DWBHPL without being first offered to DBL, *pro rata* to its shareholding in DWBHPL.

Transfer Rights

- (a). *Restriction on Transfer:*
 - (i). DBL has agreed that till such time that SIPL is a shareholder in DWBHPL, it shall not transfer any of its shares to any person other than SIPL or its nominee, unless otherwise agreed in writing by SIPL. DBL has

further agreed that it shall not transfer any securities of DWBHPL or any legal or beneficial interest therein, except in compliance with the DBL Wardha Butibori SASHA, the Concession Agreement and the financing documents, as defined in the DBL Wardha Butibori SASHA, unless otherwise agreed in writing by SIPL.

- (ii). Any agreement or arrangements to transfer any of the securities of DWBHPL other than in the manner set out in the DBL Wardha Butibori SASHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Wardha Butibori SASHA, shall be null and void. DWBHPL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Wardha Butibori SASHA, the Concession Agreement and the financing documents.

(b). Drag-Along Right:

- (i). In the event that SIPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DWBHPL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SIPL, transfer such number of their shares as may be notified by SIPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Wardha Butibori SASHA, (a). on the same terms at which SIPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SIPL to such third party purchaser.
- (ii). Upon exercise of the Drag Along right by SIPL, DBL and DWBHPL shall jointly procure such Drag-Along transfer by all the shareholders of DWBHPL (other than SIPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Right of First Refusal of SIPL: DBL agrees and undertakes that in the event DBL is desirous of bringing in investment into any hybrid annuity project of which DBL is the promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Wardha Butibori SASHA or DBL wishes to divest its shareholding in any hybrid annuity project of which DBL is promoter or shareholder, other than the identified hybrid annuity project as provided in the DBL Wardha Butibori SASHA. SIPL shall have the first right of refusal over such proposed investment or divestment. DBL agrees that in the event DBL desire to transfer its entire shareholding in any hybrid annuity project to any third party or DBL invites any third party to subscribe to shares of such hybrid annuity project then DBL shall be required to make the offer of purchase of its shareholding or the offer of investment into the hybrid annuity project (as the case maybe) first to SIPL on such terms and conditions in which offer of divestment or investment has been made to the third party.

Superior Right: From the second closing date, DWBHPL shall not grant rights, to any other holder of DWBHPL securities, superior to those granted to SIPL, without the prior approval of SIPL. DBL has represented and warranted that on and from the second closing it shall not possess any rights in DWBHPL, whether in the capacity of a shareholder or through its representatives on the board of DWBHPL or by any other means, which would be superior to the rights of SIPL. The parties to the DBL Wardha Butibori SASHA agree that in the event that DBL possesses any rights in DWBHPL that are superior to those granted to SIPL (whether in a meeting of the board or shareholders or any committees or otherwise), the same shall stand terminated forthwith and in perpetuity without the need of any further act, deed or thing. However, all such right shall be suspended in case SIPL breaches the terms of the DBL Wardha Butibori SASHA, including but not limited to default in payment.

Role and Responsibility:

- (a). DBL agrees and undertakes that it shall be sole responsibility to ensure that the DWBHPL undertakes all possible steps to ensure that the commercial operations date of the Project shall be achieved within the time period mentioned in the Concession Agreement ("Scheduled Commercial Operation Date"). In the event the DWBHPL receives any bonus under the Concession Agreement due to early completion of the Project, then DBL being the promoter of the DWBHPL shall be solely entitled to such bonus amount and SIPL shall be liable to undertake all necessary actions to facilitate the receipt of such amount by DBL.
- (b). In the event any circumstance arise due to a change in the legal and regulatory framework including but not limited to the impact of GST and which has an adverse impact on the operation and maintenance of the Project, the impact of the same so long it relates to the operation and maintenance of the Project shall be borne by DBL. However, if there is any adverse financial impact on the Project on account of change in the legal and regulatory framework, it shall be the responsibility of SIPL to deal with such adverse impact.

Other Covenants: SIPL shall not be liable to infuse any additional capital into the DWBHPL apart from the sale consideration and it shall be the sole responsibility of DBL to arrange for any additional funding requirement of the DWBHPL.

Summary of the DBL Mundargi Harapanahalli Tollways Limited SHA

SRPL, DBL and DBL Mundargi Harapanahalli Tollways Limited (“DMHTL”) entered into an amended and restated shareholders agreement dated March 26, 2018 (the “**DBL Mundargi Harapanahalli SHA**”). The key terms of the DBL Mundargi Harapanahalli SHA are as follows:

Effective Date of the DBL Mundargi Harapanahalli SHA: the DBL Mundargi Harapanahalli SHA, SRPL shall come into force upon SRPL becoming shareholder of DMHTL pursuant to exercise of call option right by SRPL or invocation of the pledge by SRPL over the pledge securities.

Indemnification:

- (a). DBL and DMHTL acknowledge that SRPL has entered into the DBL Mundargi Harapanahalli SHA based on the warranties in the DBL Mundargi Harapanahalli SHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Mundargi Harapanahalli SHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Mundargi Harapanahalli SHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the warranties; any default or breach by DBL or DMHTL of any of their respective covenants and obligations under the DBL Mundargi Harapanahalli SHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue of annuity payment (payable under the Concession Agreement) suffered by DMHTL due to any change in legal and regulatory regime, including but not limited to the impact of levy of GST; or any claim/ penalties/ damages that was or is raised by Karnataka Road Development Corporation Limited, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions of DBL and pertaining to the period when DBL is a shareholder of DMHTL (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DMHTL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DMHTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DMHTL.
- (b). In the event the DMHTL suffers a shortfall in the cash flows, then the Parties to DBL Mundargi Harapanahalli SHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.

Transfer Rights

- (a). *Restriction on Transfer:*
 - (i). DBL has agreed that till such time that DBL is a shareholder in DMHTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DMHTL or any legal or beneficial interest therein, except in compliance with the DBL Mundargi Harapanahalli SHA, the Concession Agreement and the financing documents, as defined in the DBL Mundargi Harapanahalli SHA, unless otherwise agreed in writing by SRPL.
 - (ii). Any agreement or arrangements to transfer any of the securities of DMHTL other than in the manner set out in the DBL Mundargi Harapanahalli SHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Mundargi Harapanahalli SHA, shall be null and void. DMHTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Mundargi Harapanahalli SHA, the Concession Agreement and the financing documents.
- (b). *Drag-Along Right:*
 - (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DMHTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Mundargi Harapanahalli SHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.

- (ii). Upon exercise of the Drag Along right by SRPL, DBL and DMHTL shall jointly procure such Drag-Along transfer by all the shareholders of DMHTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Role and Responsibility of DBL: Any adverse effect on the DMHTL on account of non-maintenance of debt service reserve account (“DSRA”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DMHTL and/ or SRPL the cost of funds that may be dedicated by the DMHTL/ SRPL for the purpose of maintaining the DSRA.

Summary of the DBL Hirekerur Ranibennur Tollways Limited SHA

SRPL, DBL and DBL Hirekerur Ranibennur Tollways Limited (“**DHRTL**”) entered into an amended and restated shareholders agreement dated March 26, 2018 (the “**DBL Hirekerur Ranibennur SHA**”). The key terms of the DBL Hirekerur Ranibennur SHA are as follows:

Effective Date of the DBL Hirekerur Ranibennur SHA: the DBL Hirekerur Ranibennur SHA, SRPL shall come into force upon SRPL becoming shareholder of DHRTL pursuant to exercise of call option right by SRPL or invocation of the pledge by SRPL over the pledge securities.

Indemnification:

- (a). DBL and DHRTL acknowledge that SRPL has entered into the DBL Hirekerur Ranibennur SHA based on the warranties in the DBL Hirekerur Ranibennur SHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Hirekerur Ranibennur SHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Hirekerur Ranibennur SHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the warranties; any default or breach by DBL or DHRTL of any of their respective covenants and obligations under the DBL Hirekerur Ranibennur SHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue of annuity payment (payable under the Concession Agreement) suffered by DHRTL due to any change in legal and regulatory regime, including but not limited to the impact of levy of GST; or any claim/ penalties/ damages that was or is raised by Karnataka Road Development Corporation Limited, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions of DBL and pertaining to the period when DBL is a shareholder of DHRTL (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DHRTL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DHRTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DHRTL.
- (b). In the event the DHRTL suffers a shortfall in the cash flows, then the Parties to DBL Hirekerur Ranibennur SHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.

Transfer Rights

- (a). *Restriction on Transfer:*
 - (i). DBL agrees that till such time that DBL is a shareholder in DHRTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DHRTL or any legal or beneficial interest therein, except in compliance with the DBL Hirekerur Ranibennur SHA, the Concession Agreement and the financing documents, as defined in the DBL Hirekerur Ranibennur SHA, unless otherwise agreed in writing by SRPL.
 - (ii). Any agreement or arrangements to transfer any of the securities of DHRTL other than in the manner set out in the DBL Hirekerur Ranibennur SHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Hirekerur Ranibennur SHA, shall be null and void. DHRTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Hirekerur Ranibennur SHA, the Concession Agreement and the financing documents.

- (b). Drag-Along Right:
- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DHRTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Hirekerur Ranibennur SHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
 - (ii). Upon exercise of the Drag Along right by SRPL, DBL and DHRTL shall jointly procure such Drag-Along transfer by all the shareholders of DHRTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons

Role and Responsibility of DBL: Any adverse effect on the DHRTL on account of non-maintenance of debt service reserve account (“DSRA”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DHRTL and/ or SRPL the cost of funds that may be dedicated by the DHRTL/ SRPL for the purpose of maintaining the DSRA.

Summary of the DBL Hassan Periyapatna Tollways Limited SHA

SRPL, DBL and DBL Hassan Periyapatna Tollways Limited (“**DHPTL**”) entered into an amended and restated shareholders agreement dated March 26, 2018 (the “**DBL Hassan Periyapatna SHA**”). The key terms of the DBL Hassan Periyapatna SHA are as follows:

Effective date of the DBL Hassan Periyapatna SHA: The DBL Hassan Periyapatna SHA, shall come into force upon SRPL becoming shareholder of DHPTL pursuant to exercise of call option right by SRPL or invocation of the pledge by SRPL over the pledge securities.

Indemnification:

- (a). DBL and DHPTL acknowledge that SRPL has entered into the DBL Hassan Periyapatna SHA based on the warranties in the DBL Hassan Periyapatna SHA. DBL (“**Indemnifying Party**”) has agreed to indemnify and hold SRPL and/ or its Affiliates, as defined in the DBL Hassan Periyapatna SHA, all their directors, officers, employees and advisors (“**Indemnified Party**”) harmless against all losses and damages, as defined in the DBL Hassan Periyapatna SHA, grossed up for taxes, which arise out of, or result from or may be payable by virtue of, among other things, any falsity, incomplete, default, breach or inaccuracy of any of the warranties; any default or breach by DBL or DHPTL of any of their respective covenants and obligations under the DBL Hassan Periyapatna SHA; any delay in receipt of the annuity payments under the Concession Agreement on account of breach of the O&M sub-contractor under the O&M subcontract; any loss of revenue of annuity payment (payable under the Concession Agreement) suffered by DHPTL due to any change in legal and regulatory regime, including but not limited to the impact of levy of GST; or any claim/ penalties/ damages that was or is raised by Karnataka Road Development Corporation Limited, EPC contractor, O&M subcontractor (if appointed) or any third party in relation to the project attributable to actions of DBL and pertaining to the period when DBL is a shareholder of DHPTL (“**Third Party Claim**”).
- (b). The Indemnifying Party had expressly acknowledged and agreed that it shall be solely responsible to fulfil its indemnity obligation towards the Indemnified Party and shall not be entitled to seek any contribution from DHPTL in this regard.

Utilization of Annuity Payment:

- (a). Annuity payments received by the DHPTL shall be in accordance with the Concession Agreement and the financing documents and balance shall be utilized as per the directions of the Board of DHPTL.
- (b). In the event the DHPTL suffers a shortfall in the cash flows, then the Parties to DBL Hassan Periyapatna SHA shall, to the extent permitted by applicable law and the financing agreements, endeavour to utilize the excess cash (if any) in the other group companies of DBL in which the SRPL has made investment, to cover such shortfall.

Transfer rights

- (a). Restriction on transfer:
 - (i). DBL has agreed that till such time that DBL is a shareholder in DHPTL, it shall not transfer any of its shares to any person other than SRPL or its nominee, unless otherwise agreed in writing by SRPL. DBL has further agreed that it shall not transfer any securities of DHPTL or any legal or beneficial interest

therein, except in compliance with the DBL Hassan Periyapatna SHA, the Concession Agreement and the financing documents, as defined in the DBL Hassan Periyapatna SHA, unless otherwise agreed in writing by SRPL.

- (ii). Any agreement or arrangements to transfer any of the securities of DHPTL other than in the manner set out in the DBL Hassan Periyapatna SHA, the Concession Agreement and the financing documents or as may be specifically agreed in writing by the parties to the DBL Hassan Periyapatna SHA, shall be null and void. DHPTL shall not record or recognize any such transfer or such agreement or arrangement on its books or register and shall not recognise or register any equitable or other claim to, or any interest in, such securities which have been transferred in any manner other than as permitted under the DBL Hassan Periyapatna SHA, the Concession Agreement and the financing documents.
- (b). *Drag-along right:*
- (i). In the event that SRPL is desirous of transferring its shares to a third party, it shall be entitled to call upon DBL and all the other shareholders of DHPTL, including any employee shareholders (“**Dragged Shareholders**”) to also participate in such transfer. Each of DBL and all the other shareholders shall, if so required by SRPL, transfer such number of their shares as may be notified by SRPL to the same third party, provided such transfer gives DBL a return equivalent to the consideration as mentioned in the DBL Hassan Periyapatna SHA, (a). on the same terms at which SRPL is transferring its shares to such third party (“**Drag-Along**”); and (b). simultaneously with the transfer of the shares of SRPL to such third party purchaser.
 - (ii). Upon exercise of the Drag Along right by SRPL, DBL and DHPTL shall jointly procure such Drag-Along transfer by all the shareholders of DHPTL (other than SRPL and their assignees), including any employee shareholder, through appropriate representation, warranties and covenants, in the concerned documents with such other persons.

Role and Responsibility of DBL: Any adverse effect on the DHPTL on account of non-maintenance of debt service reserve account (“DSRA”) Collateral or on account of default of DBL to maintain DSRA Collateral shall be the liability of DBL. DBL shall also, in such an event be liable to pay to the DHPTL and/ or SRPL the cost of funds that may be dedicated by the DHPTL/ SRPL for the purpose of maintaining the DSRA.

B. Summary of the Concession Agreements

- ***MPRDC Annuity Projects***

The DBL Bankhalafata-Dogawa Tollways Limited (“DBDTL”) Concession Agreement (“DBDTL Concession Agreement”)

Annuity: DBDTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBDTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 99 million.

Fee: DBDTL shall not levy, demand or collect from or in respect of any user, vehicle or person, for the use of project facilities, any sum whatsoever in the nature of a toll or fee. MPRDC shall have the right and authority to levy toll or fee on the users and vehicles using the project facilities (“**Fee**”) and to demand, collect, retain and appropriate the Fee in accordance with the applicable laws.

Concession fee: In consideration of the grant of concession under the DBDTL Concession Agreement, the concession fee payable by DBDTL to MPRDC shall be ₹ 1.00 per year during the term of the DBDTL Concession Agreement.

Performance security: DBDTL shall, for the performance of its obligations under the DBDTL Concession Agreement, during the Construction Period, as defined in the DBDTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DBDTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 50 million in the form set forth in the DBDTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DBDTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DBDTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DBDTL Concession Agreement. MPRDC shall disburse to DBDTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DBDTL Concession Agreement,

shall be borne by DBDTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DBDTL shall operate and maintain the Project Highway, as defined in the DBDTL Concession Agreement, in accordance with the DBDTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DBDTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DBDTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- allowing authority or authority contractor in collecting and appropriating the Fee;
- disruption to traffic in the event of accidents or other incidents affecting the safety and use of the Project Highway by providing a rapid and effective response and maintaining liaison with emergency services of the state;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- preventing, with the assistance of concerned law enforcement agencies, any unauthorised use of the Project Highway;
- preventing, with the assistance of concerned law enforcement agencies, any encroachments on the Project Highway;
- protection of the environment and provision of equipment and materials therefor;
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway;
- maintaining a public relations unit to interface with and attend to suggestions from the Users, government agencies, media and other agencies; and
- complying with safety requirements in accordance with the DBDTL Concession Agreement.

Maintenance manual: DBDTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DBDTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DBDTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time)

Reduction in annuity on account of delayed project completion: In case DBDTL achieves commercial operation date after the scheduled date, as provided in the DBDTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Obligations relating to change in ownership: DBDTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DBDTL Concession Agreement, DBDTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DBDTL; or
- acquisition of any control directly or indirectly of the board of directors of DBDTL by any person either

by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DBDTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DBDTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DBDTL from any liability or obligation under the DBDTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "**DBDTL Escrow Agreement**") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DBDTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DBDTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DBDTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DBDTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DBDTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DBDTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**Government Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DBDTL of any of its obligations under the DBDTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DBDTL to any user or from any negligence of DBDTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DBDTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DBDTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DBDTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DBDTL in respect of the income or other taxes of DBDTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DBDTL or any of its contractors which are payable by DBDTL or any of its contractors.
- DBDTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DBDTL or by DBDTL's contractors in performing the obligations of DBDTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DBDTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DBDTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DBDTL is unable to secure such licence within a reasonable time, DBDTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DBDTL's rights: Upon occurrence of a DBDTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DBDTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DBDTL under the DBDTL Concession Agreement including the DBDTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DBDTL Concession Agreement, shall be entitled to substitute DBDTL under and in accordance with the Substitution Agreement, as defined in the DBDTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DBDTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DBDTL Concession Agreement, prior to the Appointed Date, as defined in the DBDTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DBDTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists;

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DBDTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DBDTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DBDTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DBDTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DBDTL; and
 - upon occurrence of a Political Event, as defined in the DBDTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DBDTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DBDTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Upon occurrence of a DBDTL Default, MPRDC shall be entitled to terminate the DBDTL Concession Agreement by issuing a termination notice to DBDTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DBDTL of its intention to issue such termination notice and grant 15 days to DBDTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination for DBDTL Default: In the event that any of the defaults by DBDTL which it fails to cure within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 (sixty) days, DBDTL shall be deemed to be in default of the DBDTL Concession Agreement (the “**DBDTL Default**”). The DBDTL defaults include, among other things abandonment; change in Ownership has occurred in breach of the DBDTL Concession Agreement; non-replenishment of Performance Security; failure to fulfil conditions precedent or cure default for which Performance Security was encashed; non-achievement of project milestones; financial default; non-occurrence of COD or non-completion of punch-list items; failure to make payments to MPRDC; breach of maintenance requirements etc.

Termination Payments for DBDTL Default: Upon termination on account of DBDTL Default, MPRDC will pay

an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DBDTL may terminate the DBDTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DBDTL; (ii) the failure to make any payment due to DBDTL; (iii) repudiation of the DBDTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DBDTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DBDTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DBDTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DBDTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DBDTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DBDTL Concession Agreement.

The DBL Jaora-Sailana Tollways Limited (“DJSTL”) Concession Agreement (“DJSTL Concession Agreement”)

Annuity: DJSTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DJSTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 120.6 million.

Fee: DJSTL shall not levy, demand or collect from or in respect of any user, vehicle or person, for the use of project facilities, any sum whatsoever in the nature of a toll or fee. MPRDC shall have the right and authority to levy toll or fee on the users and vehicles using the project facilities (“**Fee**”) and to demand, collect, retain and appropriate the Fee in accordance with the applicable laws.

Concession fee: In consideration of the grant of concession under the DJSTL Concession Agreement, the concession fee payable by DJSTL to MPRDC shall be ₹ 1.00 per year during the term of the DJSTL Concession Agreement.

Performance security: DJSTL shall, for the performance of its obligations under the DJSTL Concession Agreement, during the Construction Period, as defined in the DJSTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DJSTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 61.5 million in the form set forth in the DJSTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DJSTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DJSTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DJSTL Concession Agreement. MPRDC shall disburse to DJSTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DJSTL Concession Agreement, shall be borne by DJSTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DJSTL shall operate and maintain the Project Highway, as defined in the DJSTL Concession Agreement, in accordance with the DJSTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DJSTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DJSTL, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- allowing and assisting the authority in collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains,

- embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DJSTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DJSTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, among other things, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DJSTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DJSTL achieves commercial operation date after the scheduled date, as provided in the DJSTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Obligations relating to change in ownership: DJSTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DJSTL Concession Agreement, DJSTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DJSTL; or
- acquisition of any control directly or indirectly of the board of directors of DJSTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DJSTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DJSTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DJSTL from any liability or obligation under the DJSTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the escrow bank (the “**DJSTL Escrow Agreement**”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DJSTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DJSTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DJSTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DJSTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects);

(vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DJSTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DJSTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**Government Indemnified Persons**”) against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DJSTL of any of its obligations under the DJSTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DJSTL to any user or from any negligence of DJSTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DJSTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DJSTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DJSTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DJSTL in respect of the income or other taxes of DJSTL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DJSTL or any of its contractors which are payable by DJSTL or any of its contractors.
- DJSTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DJSTL or by DJSTL’s contractors in performing the obligations of DJSTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DJSTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DJSTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DJSTL is unable to secure such licence within a reasonable time, DJSTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DJSTL’s rights: Upon occurrence of a DJSTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DJSTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DJSTL under the DJSTL Concession Agreement including the DJSTL’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DJSTL Concession Agreement, shall be entitled to substitute DJSTL under and in accordance with the Substitution Agreement, as defined in the DJSTL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DJSTL Concession Agreement, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DJSTL Concession Agreement, prior to the Appointed Date, as defined in the DJSTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DJSTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DJSTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DJSTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DJSTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DJSTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DJSTL; and
 - upon occurrence of a Political Event, as defined in the DJSTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DJSTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DJSTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DJSTL Default: Subject to the provisions of the DJSTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DJSTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DJSTL shall be deemed to be in default of the DJSTL Concession Agreement (the “**DJSTL Default**”), unless the default has occurred solely as a result of any breach of the DJSTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DJSTL Concession Agreement and DJSTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DJSTL Concession Agreement, DJSTL fails to cure, within a cure period of 90 days, the DJSTL Default for which whole or part of the Performance Security was appropriated;
- DJSTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DJSTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DJSTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DJSTL fails to cure the default within the cure period specified;
- DJSTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DJSTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DJSTL has failed to make any payment to MPRDC within the period specified in the DJSTL Concession Agreement; and
- a change in ownership has occurred in breach of the DJSTL Concession Agreement.

Upon occurrence of a DJSTL Default, MPRDC shall be entitled to terminate the DJSTL Concession Agreement by issuing a termination notice to DJSTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DJSTL of its intention to issue such termination notice and grant 15 days to DJSTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DJSTL Default: Upon termination on account of DJSTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DJSTL may terminate the DJSTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DJSTL; (ii) the failure to make any payment due

to DJSTL; (iii) repudiation of the DJSTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DJSTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DJSTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DJSTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DJSTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DJSTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DJSTL Concession Agreement.

- ***MPRDC Annuity and Toll Projects***

The DBL Ashoknagar-Vidisha Tollways Limited (“DAVTL”) Concession Agreement (“DAVTL Concession Agreement”)

Annuity: DAVTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DAVTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 50.4 million.

Fee: On and from the commercial operation date till the transfer date, DAVTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DAVTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DAVTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DAVTL Concession Agreement, the concession fee payable by DAVTL to MPRDC shall be ₹ 1.00 per year during the term of the DAVTL Concession Agreement.

Performance security: DAVTL shall, for the performance of its obligations under the DAVTL Concession Agreement, during the Construction Period, as defined in the DAVTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DAVTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 42.7 million in the form set forth in the DAVTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DAVTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DAVTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DAVTL Concession Agreement. MPRDC shall disburse to DAVTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DAVTL Concession Agreement, shall be borne by DAVTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DAVTL shall operate and maintain the Project Highway in accordance with the DAVTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DAVTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DAVTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee, as defined in the DAVTL Concession Agreement;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;

- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DAVTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DAVTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway; and
- intervals at which DAVTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and scope thereof; and
- lane closure schedule for each type of maintenance (length and time)

Reduction in annuity on account of delayed project completion: In case DAVTL achieves commercial operation date after the scheduled date, as provided in the DAVTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DAVTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DAVTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Ashoknagar-Vidisha road on Major District Road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DAVTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Ashoknagar-Vidisha road Major District Road if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DAVTL shall, without prejudice to its other rights and remedies under the DAVTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DAVTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DAVTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DAVTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DAVTL in accordance with the DAVTL Concession Agreement, and such compensation shall be the sole remedy of DAVTL.

Obligations relating to change in ownership: DAVTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DAVTL Concession Agreement, DAVTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DAVTL; or
- acquisition of any control directly or indirectly of the board of directors of DAVTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DAVTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DAVTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DAVTL from any liability or obligation under the DAVTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "DAVTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DAVTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DAVTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DAVTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DAVTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DAVTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DAVTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**Government Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DAVTL of any of its obligations under the DAVTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DAVTL to any user or from any negligence of DAVTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DAVTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DAVTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DAVTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DAVTL in respect of the income or other taxes of DAVTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DAVTL or any of its contractors which are payable by DAVTL or any of its contractors.
- DAVTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DAVTL or by DAVTL's contractors in performing the obligations of DAVTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DAVTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DAVTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DAVTL is unable to secure such licence within a reasonable time, DAVTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DAVTL's rights: Upon occurrence of a DAVTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DAVTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DAVTL under the DAVTL Concession Agreement including the DAVTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DAVTL Concession Agreement, shall be entitled to substitute DAVTL under and in accordance with the Substitution Agreement, as defined in the DAVTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold

termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DAVTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DAVTL Concession Agreement, prior to the Appointed Date, as defined in the DAVTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DAVTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DAVTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DAVTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DAVTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DAVTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DAVTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DAVTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DAVTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DAVTL; and
 - upon occurrence of a Political Event, as defined in the DAVTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DAVTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DAVTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DAVTL Default: Subject to the provisions of the DAVTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DAVTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DAVTL shall be deemed to be in default of the DAVTL Concession Agreement (the “**DAVTL Default**”), unless the default has occurred solely as a result of any breach of the DAVTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DAVTL Concession Agreement and DAVTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DAVTL Concession Agreement, DAVTL fails to cure, within a cure period of 90 days, the DAVTL Default for which whole or part of the Performance Security was appropriated;
- DAVTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DAVTL Concession Agreement and continues to be in default for 120 days;

- upon occurrence of a Financial Default, as defined in the DAVTL Concession Agreement, the Lenders' Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DAVTL fails to cure the default within the cure period specified;
- DAVTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DAVTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DAVTL has failed to make any payment to MPRDC within the period specified in the DAVTL Concession Agreement; and
- a change in ownership has occurred in breach of the DAVTL Concession Agreement.

Upon occurrence of a DAVTL Default, MPRDC shall be entitled to terminate the DAVTL Concession Agreement by issuing a termination notice to DAVTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DAVTL of its intention to issue such termination notice and grant 15 days to DAVTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DAVTL Default: Upon termination on account of DAVTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DAVTL may terminate the DAVTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DAVTL; (ii) the failure to make any payment due to DAVTL; (iii) repudiation of the DAVTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DAVTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DAVTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DAVTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DAVTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DAVTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DAVTL Concession Agreement.

The DBL Betul Sarni Tollways Limited (“DBSTL”) Concession Agreement (“DBSTL Concession Agreement”)

Annuity: DBSTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBSTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 154.80 million.

Fee: On and from the commercial operation date till the transfer date, DBSTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DBSTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DBSTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DBSTL Concession Agreement, the concession fee payable by DBSTL to MPRDC shall be ₹ 1.00 per year during the term of the DBSTL Concession Agreement.

Performance security: DBSTL shall, for the performance of its obligations under the DBSTL Concession Agreement, during the Construction Period, as defined in the DBSTL Concession Agreement, provide to MPRDC no later than 180 days from the date of the DBSTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 118.8 million in the form set forth in the DBSTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DBSTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DBSTL in a sum equal to 20% of the cost of Change of Scope, and in the event

of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DBSTL Concession Agreement. MPRDC shall disburse to DBSTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DBSTL Concession Agreement, shall be borne by DBSTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DBSTL shall operate and maintain the Project Highway in accordance with the DBSTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DBSTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DBSTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DBSTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DBSTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DBSTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DBSTL achieves commercial operation date after the scheduled date, as provided in the DBSTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DBSTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DBSTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Betul-Parasia (state highway number 43) road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DBSTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Betul-Parasia (state highway number 43) if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DBSTL shall, without prejudice to its other rights and remedies under the DBSTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DBSTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DBSTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DBSTL Concession Agreement. Upon

breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DBSTL in accordance with the DBSTL Concession Agreement, and such compensation shall be the sole remedy of DBSTL.

Obligations relating to change in ownership: DBSTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DBSTL Concession Agreement, DBSTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DBSTL; or
- acquisition of any control directly or indirectly of the board of directors of DBSTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DBSTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DBSTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DBSTL from any liability or obligation under the DBSTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "DBSTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DBSTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DBSTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DBSTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DBSTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DBSTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DBSTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**Government Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DBSTL of any of its obligations under the DBSTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DBSTL to any user or from any negligence of DBSTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DBSTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DBSTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DBSTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DBSTL in respect of the income or other taxes of DBSTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DBSTL or any of its contractors which are payable by DBSTL or any of its contractors.
- DBSTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DBSTL or by DBSTL's contractors in performing the obligations of DBSTL or

in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DBSTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DBSTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DBSTL is unable to secure such licence within a reasonable time, DBSTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DBSTL's rights: Upon occurrence of a DBSTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DBSTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DBSTL under the DBSTL Concession Agreement including the DBSTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DBSTL Concession Agreement, shall be entitled to substitute DBSTL under and in accordance with the Substitution Agreement, as defined in the DBSTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DBSTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DBSTL Concession Agreement, prior to the Appointed Date, as defined in the DBSTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DBSTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DBSTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DBSTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DBSTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DBSTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DBSTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DBSTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DBSTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DBSTL; and
 - upon occurrence of a Political Event, as defined in the DBSTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DBSTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information

contained in the Financial Package, as defined in the DBSTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DBSTL Default: Subject to the provisions of the DBSTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DBSTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DBSTL shall be deemed to be in default of the DBSTL Concession Agreement (the “**DBSTL Default**”), unless the default has occurred solely as a result of any breach of the DBSTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DBSTL Concession Agreement and DBSTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DBSTL Concession Agreement, DBSTL fails to cure, within a cure period of 90 days, the DBSTL Default for which whole or part of the Performance Security was appropriated;
- DBSTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DBSTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DBSTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DBSTL fails to cure the default within the cure period specified;
- DBSTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DBSTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DBSTL has failed to make any payment to MPRDC within the period specified in the DBSTL Concession Agreement; and
- a change in ownership has occurred in breach of the DBSTL Concession Agreement.

Upon occurrence of a DBSTL Default, MPRDC shall be entitled to terminate the DBSTL Concession Agreement by issuing a termination notice to DBSTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DBSTL of its intention to issue such termination notice and grant 15 days to DBSTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DBSTL Default: Upon termination on account of DBSTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DBSTL may terminate the DBSTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DBSTL; (ii) the failure to make any payment due to DBSTL; (iii) repudiation of the DBSTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DBSTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DBSTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DBSTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DBSTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DBSTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DBSTL Concession Agreement.

The DBL Hata Dargawan Tollways Limited (“DHDTL”) Concession Agreement (“DHDTL Concession Agreement”)

Annuity: DHDTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DHDTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 70.2 million.

Fee: On and from the commercial operation date till the transfer date, DHDTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DHDTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DHDTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DHDTL Concession Agreement, the concession fee payable by DHDTL to MPRDC shall be ₹ 1.00 per year during the term of the DHDTL Concession Agreement.

Performance security: DHDTL shall, for the performance of its obligations under the DHDTL Concession Agreement, during the Construction Period, as defined in the DHDTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DHDTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 37.1 million in the form set forth in the DHDTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DHDTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DHDTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DHDTL Concession Agreement. MPRDC shall disburse to DHDTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DHDTL Concession Agreement, shall be borne by DHDTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DHDTL shall operate and maintain the Project Highway in accordance with the DHDTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DHDTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DHDTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DHDTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DHDTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DHDTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time)

Reduction in annuity on account of delayed project completion: In case DHDTL achieves commercial operation date after the scheduled date, as provided in the DHDTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DHDTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DHDTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Hata-Dargawan (state highway number 48) road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DHDTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Hata-Dargawan (state highway number 48) if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DHDTL shall, without prejudice to its other rights and remedies under the DHDTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DHDTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DHDTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DHDTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DHDTL in accordance with the DHDTL Concession Agreement, and such compensation shall be the sole remedy of DHDTL.

Obligations relating to change in ownership: DHDTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DHDTL Concession Agreement, DHDTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DHDTL; or
- acquisition of any control directly or indirectly of the board of directors of DHDTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DHDTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DHDTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DHDTL from any liability or obligation under the DHDTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the escrow bank (the “DHDTL Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DHDTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DHDTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DHDTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DHDTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DHDTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DHDTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**Government Indemnified Persons**”) against any and all suits,

proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DHDTL of any of its obligations under the DHDTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DHDTL to any user or from any negligence of DHDTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DHDTL Concession Agreement on the part of MPRDC Indemnified Persons;

- DHDTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DHDTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DHDTL in respect of the income or other taxes of DHDTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DHDTL or any of its contractors which are payable by DHDTL or any of its contractors.
- DHDTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DHDTL or by DHDTL's contractors in performing the obligations of DHDTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DHDTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DHDTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DHDTL is unable to secure such licence within a reasonable time, DHDTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DHDTL's rights: Upon occurrence of a DHDTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DHDTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DHDTL under the DHDTL Concession Agreement including the DHDTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DHDTL Concession Agreement, shall be entitled to substitute DHDTL under and in accordance with the Substitution Agreement, as defined in the DHDTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DHDTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DHDTL Concession Agreement, prior to the Appointed Date, as defined in the DHDTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DHDTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DHDTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DHDTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DHDTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DHDTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DHDTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DHDTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DHDTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DHDTL; and
 - upon occurrence of a Political Event, as defined in the DHDTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DHDTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DHDTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DHDTL Default: Subject to the provisions of the DHDTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DHDTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DHDTL shall be deemed to be in default of the DHDTL Concession Agreement (the “**DHDTL Default**”), unless the default has occurred solely as a result of any breach of the DHDTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DHDTL Concession Agreement and DHDTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DHDTL Concession Agreement, DHDTL fails to cure, within a cure period of 90 days, the DHDTL Default for which whole or part of the Performance Security was appropriated;
- DHDTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DHDTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DHDTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DHDTL fails to cure the default within the cure period specified;
- DHDTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DHDTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DHDTL has failed to make any payment to MPRDC within the period specified in the DHDTL Concession Agreement; and
- a change in ownership has occurred in breach of the DHDTL Concession Agreement.

Upon occurrence of a DHDTL Default, MPRDC shall be entitled to terminate the DHDTL Concession Agreement by issuing a termination notice to DHDTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DHDTL of its intention to issue such termination notice and grant 15 days to DHDTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DHDTL Default: Upon termination on account of DHDTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DHDTL may terminate the DHDTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DHDTL; (ii) the failure to make any payment

due to DHDTL; (iii) repudiation of the DHDTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DHDTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DHDTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DHDTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DHDTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DHDTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DHDTL Concession Agreement.

The DBL Mundi-Sanawad Tollways Limited (“DMSTL”) Concession Agreement (“DMSTL Concession Agreement”)

Annuity: DMSTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DMSTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 82.8 million.

Fee: On and from the commercial operation date till the transfer date, DMSTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DMSTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DMSTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DMSTL Concession Agreement, the concession fee payable by DMSTL to MPRDC shall be ₹ 1.00 per year during the term of the DMSTL Concession Agreement.

Performance security: DMSTL shall, for the performance of its obligations under the DMSTL Concession Agreement, during the Construction Period, as defined in the DMSTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DMSTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 61 million in the form set forth in the DMSTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DMSTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DMSTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DMSTL Concession Agreement. MPRDC shall disburse to DMSTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DMSTL Concession Agreement, shall be borne by DMSTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DMSTL shall operate and maintain the Project Highway in accordance with the DMSTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DMSTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DMSTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the

efficient operation of the Project Highway.

Maintenance manual: DMSTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DMSTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DMSTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DMSTL achieves commercial operation date after the scheduled date, as provided in the DMSTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DMSTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DMSTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Mundi-Punasa-Sulgaon-Sanawad Road on Major District Road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DMSTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Mundi-Punasa-Sulgaon-Sanawad Road on Major District Road if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DMSTL shall, without prejudice to its other rights and remedies under the DMSTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DMSTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DMSTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DMSTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DMSTL in accordance with the DMSTL Concession Agreement, and such compensation shall be the sole remedy of DMSTL.

Obligations relating to change in ownership: DMSTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DMSTL Concession Agreement, DMSTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DMSTL; or
- acquisition of any control directly or indirectly of the board of directors of DMSTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DMSTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DMSTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DMSTL from any liability or obligation under the DMSTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the

escrow bank (the “DMSTL Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DMSTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DMSTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DMSTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DMSTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DMSTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DMSTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**Government Indemnified Persons**”) against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DMSTL of any of its obligations under the DMSTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DMSTL to any user or from any negligence of DMSTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DMSTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DMSTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DMSTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DMSTL in respect of the income or other taxes of DMSTL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DMSTL or any of its contractors which are payable by DMSTL or any of its contractors.
- DMSTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DMSTL or by DMSTL’s contractors in performing the obligations of DMSTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DMSTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the. injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DMSTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DMSTL is unable to secure such licence within a reasonable time, DMSTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DMSTL’s rights: Upon occurrence of a DMSTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DMSTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DMSTL under the DMSTL Concession Agreement including the DMSTL’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DMSTL Concession Agreement, shall be entitled to substitute DMSTL under and in accordance with the Substitution Agreement, as defined in the DMSTL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant

to the DMSTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DMSTL Concession Agreement, prior to the Appointed Date, as defined in the DMSTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DMSTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DMSTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DMSTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DMSTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DMSTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DMSTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DMSTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DMSTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DMSTL; and
 - upon occurrence of a Political Event, as defined in the DMSTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DMSTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DMSTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DMSTL Default: Subject to the provisions of the DMSTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DMSTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DMSTL shall be deemed to be in default of the DMSTL Concession Agreement (the "**DMSTL Default**"), unless the default has occurred solely as a result of any breach of the DMSTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DMSTL Concession Agreement and DMSTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DMSTL Concession Agreement, DMSTL fails to cure, within a cure period of 90 days, the DMSTL Default for which whole or part of the Performance Security was appropriated;
- DMSTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DMSTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DMSTL Concession Agreement, the Lenders' Representative has by notice required MPRDC to undertake Suspension or termination, as the case may

be, in accordance with the Substitution Agreement and DMSTL fails to cure the default within the cure period specified;

- DMSTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DMSTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DMSTL has failed to make any payment to MPRDC within the period specified in the DMSTL Concession Agreement; and
- a change in ownership has occurred in breach of the DMSTL Concession Agreement.

Upon occurrence of a DMSTL Default, MPRDC shall be entitled to terminate the DMSTL Concession Agreement by issuing a termination notice to DMSTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DMSTL of its intention to issue such termination notice and grant 15 days to DMSTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DMSTL Default: Upon termination on account of DMSTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DMSTL may terminate the DMSTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DMSTL; (ii) the failure to make any payment due to DMSTL; (iii) repudiation of the DMSTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DMSTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DMSTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DMSTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DMSTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DMSTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DMSTL Concession Agreement.

The DBL Patan Rehli Tollways Limited (“DPRTL”) Concession Agreement (“DPRTL Concession Agreement”)

Annuity: DPRTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DPRTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 176.4 million.

Fee: On and from the commercial operation date till the transfer date, DPRTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DPRTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DPRTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DPRTL Concession Agreement, the concession fee payable by DPRTL to MPRDC shall be ₹ 1.00 per year during the term of the DPRTL Concession Agreement.

Performance security: DPRTL shall, for the performance of its obligations under the DPRTL Concession Agreement, during the Construction Period, as defined in the DPRTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DPRTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 104.3 million in the form set forth in the DPRTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DPRTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DPRTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DPRTL Concession Agreement. MPRDC shall disburse to DPRTL such amounts as are certified by the Independent Engineer, as

reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DPRTL Concession Agreement, shall be borne by DPRTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DPRTL shall operate and maintain the Project Highway in accordance with the DPRTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DPRTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DPRTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DPRTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DPRTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DPRTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DPRTL achieves commercial operation date after the scheduled date, as provided in the DPRTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DPRTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DPRTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Patan-Tendukheda-Rehli road of state highway number 15 (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DPRTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Patan-Tendukheda-Rehli road of state highway number 15 if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DPRTL shall, without prejudice to its other rights and remedies under the DPRTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DPRTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DPRTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DPRTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DPRTL in accordance with the DPRTL Concession Agreement, and such compensation shall be the sole remedy of DPRTL.

Obligations relating to change in ownership: DPRTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DPRTL Concession Agreement, DPRTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DPRTL; or
- acquisition of any control directly or indirectly of the board of directors of DPRTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DPRTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DPRTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DPRTL from any liability or obligation under the DPRTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "DPRTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DPRTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DPRTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DPRTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DPRTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DPRTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DPRTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**Government Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DPRTL of any of its obligations under the DPRTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DPRTL to any user or from any negligence of DPRTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DPRTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DPRTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DPRTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DPRTL in respect of the income or other taxes of DPRTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DPRTL or any of its contractors which are payable by DPRTL or any of its contractors.
- DPRTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DPRTL or by DPRTL's contractors in performing the obligations of DPRTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DPRTL shall make every reasonable effort,

by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DPRTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DPRTL is unable to secure such licence within a reasonable time, DPRTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DPRTL's rights: Upon occurrence of a DPRTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DPRTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DPRTL under the DPRTL Concession Agreement including the DPRTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DPRTL Concession Agreement, shall be entitled to substitute DPRTL under and in accordance with the Substitution Agreement, as defined in the DPRTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DPRTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DPRTL Concession Agreement, prior to the Appointed Date, as defined in the DPRTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DPRTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DPRTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DPRTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DPRTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DPRTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DPRTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DPRTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DPRTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DPRTL; and
 - upon occurrence of a Political Event, as defined in the DPRTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DPRTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DPRTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DPRTL Default: Subject to the provisions of the DPRTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DPRTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DPRTL shall be deemed to be in default of the DPRTL Concession Agreement (the “**DPRTL Default**”), unless the default has occurred solely as a result of any breach of the DPRTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DPRTL Concession Agreement and DPRTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DPRTL Concession Agreement, DPRTL fails to cure, within a cure period of 90 days, the DPRTL Default for which whole or part of the Performance Security was appropriated;
- DPRTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DPRTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DPRTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DPRTL fails to cure the default within the cure period specified;
- DPRTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DPRTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DPRTL has failed to make any payment to MPRDC within the period specified in the DPRTL Concession Agreement; and
- a change in ownership has occurred in breach of the DPRTL Concession Agreement.

Upon occurrence of a DPRTL Default, MPRDC shall be entitled to terminate the DPRTL Concession Agreement by issuing a termination notice to DPRTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DPRTL of its intention to issue such termination notice and grant 15 days to DPRTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DPRTL Default: Upon termination on account of DPRTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DPRTL may terminate the DPRTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DPRTL; (ii) the failure to make any payment due to DPRTL; (iii) repudiation of the DPRTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DPRTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DPRTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DPRTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DPRTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DPRTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DPRTL Concession Agreement.

The DBL Sardarpur Badnawar Tollways Limited (“DSBTL”) Concession Agreement (“DSBTL Concession Agreement”)

Annuity: DSBTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DSBTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 47.1 million.

Fee: On and from the commercial operation date till the transfer date, DSBTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DSBTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DSBTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DSBTL Concession Agreement, the concession fee payable by DSBTL to MPRDC shall be ₹ 1.00 per year during the term of the DSBTL Concession Agreement.

Performance security: DSBTL shall, for the performance of its obligations under the DSBTL Concession Agreement, during the Construction Period, as defined in the DSBTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DSBTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 42 million in the form set forth in the DSBTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DSBTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DSBTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DSBTL Concession Agreement. MPRDC shall disburse to DSBTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DSBTL Concession Agreement, shall be borne by DSBTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DSBTL shall operate and maintain the Project Highway in accordance with the DSBTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DSBTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DSBTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DSBTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DSBTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DSBTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DSBTL achieves commercial operation date after the scheduled date, as provided in the DSBTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DSBTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DSBTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Sardarpur-Badnawar Road on state highway number 35 (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DSBTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Sardarpur-Badnawar Road on state highway number 35 if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DSBTL shall, without prejudice to its other rights and remedies under the DSBTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DSBTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DSBTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DSBTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DSBTL in accordance with the DSBTL Concession Agreement, and such compensation shall be the sole remedy of DSBTL.

Obligations relating to change in ownership: DSBTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DSBTL Concession Agreement, DSBTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DSBTL; or
- acquisition of any control directly or indirectly of the board of directors of DSBTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DSBTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DSBTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DSBTL from any liability or obligation under the DSBTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the escrow bank (the “DSBTL Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DSBTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DSBTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DSBTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DSBTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DSBTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DSBTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**MPRDC Indemnified Persons**”) against any and all suits,

proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DSBTL of any of its obligations under the DSBTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DSBTL to any user or from any negligence of DSBTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DSBTL Concession Agreement on the part of MPRDC Indemnified Persons;

- DSBTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DSBTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DSBTL in respect of the income or other taxes of DSBTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DSBTL or any of its contractors which are payable by DSBTL or any of its contractors.
- DSBTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DSBTL or by DSBTL's contractors in performing the obligations of DSBTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DSBTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DSBTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DSBTL is unable to secure such licence within a reasonable time, DSBTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DSBTL's rights: Upon occurrence of a DSBTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DSBTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DSBTL under the DSBTL Concession Agreement including the DSBTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DSBTL Concession Agreement, shall be entitled to substitute DSBTL under and in accordance with the Substitution Agreement, as defined in the DSBTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DSBTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DSBTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DSBTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DSBTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DSBTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DSBTL; and
 - upon occurrence of a Political Event, as defined in the DSBTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DSBTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DSBTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DSBTL Default: Subject to the provisions of the DSBTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DSBTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DSBTL shall be deemed to be in default of the DSBTL Concession Agreement (the “**DSBTL Default**”), unless the default has occurred solely as a result of any breach of the DSBTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DSBTL Concession Agreement and DSBTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DSBTL Concession Agreement, DSBTL fails to cure, within a cure period of 90 days, the DSBTL Default for which whole or part of the Performance Security was appropriated;
- DSBTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DSBTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DSBTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DSBTL fails to cure the default within the cure period specified;
- DSBTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DSBTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DSBTL has failed to make any payment to MPRDC within the period specified in the DSBTL Concession Agreement; and
- a change in ownership has occurred in breach of the DSBTL Concession Agreement.

Upon occurrence of a DSBTL Default, MPRDC shall be entitled to terminate the DSBTL Concession Agreement by issuing a termination notice to DSBTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DSBTL of its intention to issue such termination notice and grant 15 days to DSBTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DSBTL Default: Upon termination on account of DSBTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DSBTL may terminate the DSBTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DSBTL; (ii) the failure to make any payment due to DSBTL; (iii) repudiation of the DSBTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DSBTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DSBTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DSBTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DSBTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DSBTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DSBTL Concession Agreement.

The DBL Silwani Sultanganj Tollways Limited (“DBL Silwani”) Concession Agreement (“DBL Silwani Concession Agreement”)

Annuity: DBL Silwani shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DBL Silwani Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 94.9 million.

Fee: On and from the commercial operation date till the transfer date, DBL Silwani shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DBL Silwani Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DBL Silwani Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DBL Silwani Concession Agreement, the concession fee payable by DBL Silwani to MPRDC shall be ₹ 1.00 per year during the term of the DBL Silwani Concession Agreement.

Performance security: DBL Silwani shall, for the performance of its obligations under the DBL Silwani Concession Agreement, during the Construction Period, as defined in the DBL Silwani Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DBL Silwani Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 60.5 million in the form set forth in the DBL Silwani Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DBL Silwani Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DBL Silwani in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DBL Silwani Concession Agreement. MPRDC shall disburse to DBL Silwani such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DBL Silwani Concession Agreement, shall be borne by DBL Silwani, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DBL Silwani shall operate and maintain the Project Highway in accordance with the DBL Silwani Concession Agreement either by itself, or through the O&M Contractor, as defined in the DBL Silwani Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DBL Silwani, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DBL Silwani shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DBL Silwani shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, among other things, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;

- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DBL Silwani shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DBL Silwani achieves commercial operation date after the scheduled date, as provided in the DBL Silwani Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DBL Silwani Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DBL Silwani Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Silwani-Sagar on state highway number 15 (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DBL Silwani Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Silwani-Sagar on state highway number 15 if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DBL Silwani shall, without prejudice to its other rights and remedies under the DBL Silwani Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DBL Silwani Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DBL Silwani Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DBL Silwani Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DBL Silwani in accordance with the DBL Silwani Concession Agreement, and such compensation shall be the sole remedy of DBL Silwani.

Obligations relating to change in ownership: DBL Silwani shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DBL Silwani Concession Agreement, DBL Silwani agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DBL Silwani; or
- acquisition of any control directly or indirectly of the board of directors of DBL Silwani by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DBL Silwani, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DBL Silwani without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DBL Silwani from any liability or obligation under the DBL Silwani Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the escrow bank (the “DBL Silwani Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DBL Silwani Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DBL Silwani Concession Agreement.

- During concession period: (i) all taxes due and payable by DBL Silwani for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DBL Silwani for and in respect of the Project; (ii) 90%

of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DBL Silwani shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DBL Silwani Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**MPRDC Indemnified Persons**”) against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DBL Silwani of any of its obligations under the DBL Silwani Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DBL Silwani to any user or from any negligence of DBL Silwani under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DBL Silwani Concession Agreement on the part of MPRDC Indemnified Persons;
- DBL Silwani shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DBL Silwani to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DBL Silwani in respect of the income or other taxes of DBL Silwani’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DBL Silwani or any of its contractors which are payable by DBL Silwani or any of its contractors.
- DBL Silwani shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DBL Silwani or by DBL Silwani’s contractors in performing the obligations of DBL Silwani or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DBL Silwani shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DBL Silwani shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DBL Silwani is unable to secure such licence within a reasonable time, DBL Silwani shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DBL Silwani’s rights: Upon occurrence of a DBL Silwani Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DBL Silwani Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DBL Silwani under the DBL Silwani Concession Agreement including the DBL Silwani’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DBL Silwani Concession Agreement, shall be entitled to substitute DBL Silwani under and in accordance with the Substitution Agreement, as defined in the DBL Silwani Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DBL Silwani Concession Agreement, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DBL Silwani Concession Agreement, prior to the Appointed Date, as defined in the DBL Silwani Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DBL Silwani Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or

- after COD, whereupon DBL Silwani is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DBL Silwani was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DBL Silwani to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DBL Silwani Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DBL Silwani Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DBL Silwani Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DBL Silwani, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DBL Silwani; and
 - upon occurrence of a Political Event, as defined in the DBL Silwani Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DBL Silwani.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DBL Silwani Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DBL Silwani Default: Subject to the provisions of the DBL Silwani Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DBL Silwani fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 (sixty) days, DBL Silwani shall be deemed to be in default of the DBL Silwani Concession Agreement (the “**DBL Silwani Default**”), unless the default has occurred solely as a result of any breach of the DBL Silwani Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DBL Silwani Concession Agreement and DBL Silwani fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DBL Silwani Concession Agreement, DBL Silwani fails to cure, within a cure period of 90 days, the DBL Silwani Default for which whole or part of the Performance Security was appropriated;
- DBL Silwani does not achieve the latest outstanding project milestone due in accordance with the provisions of the DBL Silwani Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DBL Silwani Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DBL Silwani fails to cure the default within the cure period specified;
- DBL Silwani abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DBL Silwani is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DBL Silwani has failed to make any payment to MPRDC within the period specified in the DBL Silwani Concession Agreement; and
- a change in ownership has occurred in breach of the DBL Silwani Concession Agreement.

Upon occurrence of a DBL Silwani Default, MPRDC shall be entitled to terminate the DBL Silwani Concession Agreement by issuing a termination notice to DBL Silwani; provided that before issuing the termination notice,

MPRDC shall by a notice inform DBL Silwani of its intention to issue such termination notice and grant 15 days to DBL Silwani to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DBL Silwani Default: Upon termination on account of DBL Silwani Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DBL Silwani may terminate the DBL Silwani Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DBL Silwani; (ii) the failure to make any payment due to DBL Silwani; (iii) repudiation of the DBL Silwani Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DBL Silwani shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DBL Silwani Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DBL Silwani fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DBL Silwani so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DBL Silwani to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DBL Silwani Concession Agreement.

The DBL Sitamau Suwasara Tollways Limited (“DSSTL”) Concession Agreement (“DSSTL Concession Agreement”)

Annuity: DSSTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DSSTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 36.9 million.

Fee: On and from the commercial operation date till the transfer date, DSSTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DSSTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DSSTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DSSTL Concession Agreement, the concession fee payable by DSSTL to MPRDC shall be ₹ 1.00 per year during the term of the DSSTL Concession Agreement.

Performance security: DSSTL shall, for the performance of its obligations under the DSSTL Concession Agreement, during the Construction Period, as defined in the DSSTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DSSTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 26.5 million in the form set forth in the DSSTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DSSTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DSSTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DSSTL Concession Agreement. MPRDC shall disburse to DSSTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DSSTL Concession Agreement, shall be borne by DSSTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DSSTL shall operate and maintain the Project Highway in accordance with the DSSTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DSSTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DSSTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DSSTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DSSTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DSSTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DSSTL achieves commercial operation date after the scheduled date, as provided in the DSSTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DSSTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DSSTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Sitamau-Basai-Suwasara road on Major District Road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DSSTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Sitamau-Basai-Suwasara road on Major District Road if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DSSTL shall, without prejudice to its other rights and remedies under the DSSTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DSSTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DSSTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DSSTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DSSTL in accordance with the DSSTL Concession Agreement, and such compensation shall be the sole remedy of DSSTL.

Obligations relating to change in ownership: DSSTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DSSTL Concession Agreement, DSSTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DSSTL; or
- acquisition of any control directly or indirectly of the board of directors of DSSTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in

ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DSSTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DSSTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DSSTL from any liability or obligation under the DSSTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "**DSSTL Escrow Agreement**") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DSSTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DSSTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DSSTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DSSTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DSSTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DSSTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**MPRDC Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DSSTL of any of its obligations under the DSSTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DSSTL to any user or from any negligence of DSSTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DSSTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DSSTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DSSTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DSSTL in respect of the income or other taxes of DSSTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DSSTL or any of its contractors which are payable by DSSTL or any of its contractors.
- DSSTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DSSTL or by DSSTL's contractors in performing the obligations of DSSTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DSSTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the. injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DSSTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DSSTL is unable to secure such licence within a reasonable time, DSSTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DSSTL's rights: Upon occurrence of a DSSTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DSSTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DSSTL under the DSSTL Concession Agreement including the DSSTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorize any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DSSTL Concession Agreement, shall be entitled to substitute DSSTL under and in accordance with the Substitution Agreement, as defined in the DSSTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DSSTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DSSTL Concession Agreement, prior to the Appointed Date, as defined in the DSSTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DSSTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DSSTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DSSTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DSSTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DSSTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DSSTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DSSTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DSSTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DSSTL; and
 - upon occurrence of a Political Event, as defined in the DSSTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DSSTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DSSTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DSSTL Default: Subject to the provisions of the DSSTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DSSTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DSSTL shall be deemed to be in default of the DSSTL Concession Agreement (the "**DSSTL Default**"), unless the default has occurred solely as a result of any breach of the DSSTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DSSTL Concession

Agreement and DSSTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;

- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DSSTL Concession Agreement, DSSTL fails to cure, within a cure period of 90 days, the DSSTL Default for which whole or part of the Performance Security was appropriated;
- DSSTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DSSTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DSSTL Concession Agreement, the Lenders' Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DSSTL fails to cure the default within the cure period specified;
- DSSTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DSSTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DSSTL has failed to make any payment to MPRDC within the period specified in the DSSTL Concession Agreement; and
- a change in ownership has occurred in breach of the DSSTL Concession Agreement.

Upon occurrence of a DSSTL Default, MPRDC shall be entitled to terminate the DSSTL Concession Agreement by issuing a termination notice to DSSTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DSSTL of its intention to issue such termination notice and grant 15 days to DSSTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DSSTL Default: Upon termination on account of DSSTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DSSTL may terminate the DSSTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DSSTL; (ii) the failure to make any payment due to DSSTL; (iii) repudiation of the DSSTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DSSTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DSSTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DSSTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DSSTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DSSTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DSSTL Concession Agreement.

The DBL Tikamgarh-Nowgoan Tollways Limited (“DTNTL”) Concession Agreement (“DTNTL Concession Agreement”)

Annuity: DTNTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DTNTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 89.1 million.

Fee: On and from the commercial operation date till the transfer date, DTNTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DTNTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DTNTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DTNTL Concession Agreement, the concession fee payable by DTNTL to MPRDC shall be ₹ 1.00 per year during the term of the DTNTL Concession Agreement.

Performance security: DTNTL shall, for the performance of its obligations under the DTNTL Concession Agreement, during the Construction Period, as defined in the DTNTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DTNTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 51.3 million in the form set forth in the DTNTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DTNTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DTNTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DTNTL Concession Agreement. MPRDC shall disburse to DTNTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DTNTL Concession Agreement, shall be borne by DTNTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DTNTL shall operate and maintain the Project Highway in accordance with the DTNTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DTNTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DTNTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DTNTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DTNTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DTNTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DTNTL achieves commercial operation date after the scheduled date, as provided in the DTNTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DTNTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DTNTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Tikamgarh (Dhajrai) Jatar Palera -Nowgaon Major District Road (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DTNTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Tikamgarh (Dhajrai) Jatar Palera -Nowgaon Major District Road if the length of such expressway or

toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DTNTL shall, without prejudice to its other rights and remedies under the DTNTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DTNTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DTNTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DTNTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DTNTL in accordance with the DTNTL Concession Agreement, and such compensation shall be the sole remedy of DTNTL.

Obligations relating to change in ownership: DTNTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DTNTL Concession Agreement, DTNTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DTNTL; or
- acquisition of any control directly or indirectly of the board of directors of DTNTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DTNTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DTNTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DTNTL from any liability or obligation under the DTNTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "**DTNTL Escrow Agreement**") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DTNTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DTNTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DTNTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DTNTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DTNTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DTNTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**MPRDC Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DTNTL of any of its obligations under the DTNTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DTNTL to any user or from any negligence of DTNTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DTNTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DTNTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DTNTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DTNTL in respect of the income or other taxes of

- DTNTL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DTNTL or any of its contractors which are payable by DTNTL or any of its contractors.
- DTNTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DTNTL or by DTNTL’s contractors in performing the obligations of DTNTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DTNTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the. injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DTNTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DTNTL is unable to secure such licence within a reasonable time, DTNTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DTNTL’s rights: Upon occurrence of a DTNTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DTNTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DTNTL under the DTNTL Concession Agreement including the DTNTL’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DTNTL Concession Agreement, shall be entitled to substitute DTNTL under and in accordance with the Substitution Agreement, as defined in the DTNTL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DTNTL Concession Agreement, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DTNTL Concession Agreement, prior to the Appointed Date, as defined in the DTNTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DTNTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon DTNTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DTNTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DTNTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DTNTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DTNTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DTNTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the

insurance cover for such Indirect Political Event, shall be borne by DTNTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DTNTL; and

- upon occurrence of a Political Event, as defined in the DTNTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DTNTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DTNTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DTNTL Default: Subject to the provisions of the DTNTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DTNTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DTNTL shall be deemed to be in default of the DTNTL Concession Agreement (the “**DTNTL Default**”), unless the default has occurred solely as a result of any breach of the DTNTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DTNTL Concession Agreement and DTNTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DTNTL Concession Agreement, DTNTL fails to cure, within a cure period of 90 days, the DTNTL Default for which whole or part of the Performance Security was appropriated;
- DTNTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DTNTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DTNTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DTNTL fails to cure the default within the cure period specified;
- DTNTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DTNTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DTNTL has failed to make any payment to MPRDC within the period specified in the DTNTL Concession Agreement; and
- a change in ownership has occurred in breach of the DTNTL Concession Agreement.

Upon occurrence of a DTNTL Default, MPRDC shall be entitled to terminate the DTNTL Concession Agreement by issuing a termination notice to DTNTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DTNTL of its intention to issue such termination notice and grant 15 days to DTNTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DTNTL Default: Upon termination on account of DTNTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DTNTL may terminate the DTNTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DTNTL; (ii) the failure to make any payment due to DTNTL; (iii) repudiation of the DTNTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DTNTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DTNTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DTNTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DTNTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DTNTL to MPRDC

within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DTNTL Concession Agreement.

The DBL Uchera-Nagod Tollways Limited (“DUNTL”) Concession Agreement (“DUNTL Concession Agreement”)

Annuity: DUNTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DUNTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 84.6 million.

Fee: On and from the commercial operation date till the transfer date, DUNTL shall have the sole and exclusive right to demand, collect and appropriate charge to be levied on and payable for a vehicle using the Project Highway, as defined in the DUNTL Concession Agreement, or a part thereof (“**Fee**”) from users of the Project Highway, in accordance with the DUNTL Concession Agreement and the Fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the DUNTL Concession Agreement, the concession fee payable by DUNTL to MPRDC shall be ₹ 1.00 per year during the term of the DUNTL Concession Agreement.

Performance security: DUNTL shall, for the performance of its obligations under the DUNTL Concession Agreement, during the Construction Period, as defined in the DUNTL Concession Agreement, provide to MPRDC no later than 180 (one hundred and eighty) days from the date of the DUNTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 56.3 million in the form set forth in the DUNTL Concession Agreement.

Change of scope: MPRDC may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DUNTL Concession Agreement (the “**Change of Scope**”). MPRDC shall make an advance payment to DUNTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DUNTL Concession Agreement. MPRDC shall disburse to DUNTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DUNTL Concession Agreement, shall be borne by DUNTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by MPRDC.

O&M: DUNTL shall operate and maintain the Project Highway in accordance with the DUNTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DUNTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DUNTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DUNTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DUNTL shall provide to MPRDC and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DUNTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DUNTL achieves commercial operation date after the scheduled date, as provided in the DUNTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Restrictions on construction of additional tollway: In accordance with the provisions of the DUNTL Concession Agreement, MPRDC shall not construct, and shall procure that no Government Instrumentality, as defined in the DUNTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* Uchera-Nagod-Singhpur-Kalinjer road on state highway number 56 (collectively the “**Additional Tollway**”) for use by traffic at any time before the tenth anniversary of the Appointed Date, as defined in the DUNTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, Uchera-Nagod-Singhpur-Kalinjer road on state highway number 56 if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If MPRDC shall be in breach of this provision, DUNTL shall, without prejudice to its other rights and remedies under the DUNTL Concession Agreement, be entitled to receive compensation from MPRDC.

Obligations relating to competing roads: MPRDC shall procure that during the subsistence of the DUNTL Concession Agreement, neither MPRDC nor any Government Instrumentality shall, at any time before the tenth anniversary of the Appointed Date, construct or cause to be constructed any Competing Road, as defined in the DUNTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the DUNTL Concession Agreement. Upon breach of its obligations hereunder, MPRDC shall be liable to payment of compensation to DUNTL in accordance with the DUNTL Concession Agreement, and such compensation shall be the sole remedy of DUNTL.

Obligations relating to change in ownership: DUNTL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC. Notwithstanding anything to the contrary contained in the DUNTL Concession Agreement, DUNTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of DUNTL; or
- acquisition of any control directly or indirectly of the board of directors of DUNTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of MPRDC from national security and public interest perspective, the decision of MPRDC in this behalf being final, conclusive and binding on DUNTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DUNTL without such prior approval of MPRDC. It has been expressly agreed that approval of MPRDC hereunder shall be limited to national security and public interest perspective, and MPRDC shall endeavour to convey its decision thereon expeditiously. It has also been agreed that MPRDC shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DUNTL from any liability or obligation under the DUNTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders’ Representative & the escrow bank (the “DUNTL Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The DUNTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DUNTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DUNTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DUNTL for and in respect of the Project; (ii) 90% of the

Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DUNTL shall indemnify, defend, save and hold harmless MPRDC and its officers, servants, agents, Government Instrumentalities, as defined in the DUNTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**MPRDC Indemnified Persons**”) against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DUNTL of any of its obligations under the DUNTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DUNTL to any user or from any negligence of DUNTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DUNTL Concession Agreement on the part of MPRDC Indemnified Persons;
- DUNTL shall fully indemnify, hold harmless and defend MPRDC and MPRDC Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DUNTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DUNTL in respect of the income or other taxes of DUNTL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DUNTL or any of its contractors which are payable by DUNTL or any of its contractors.
- DUNTL shall fully indemnify, hold harmless and defend MPRDC Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which MPRDC Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of- claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DUNTL or by DUNTL’s contractors in performing the obligations of DUNTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DUNTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the. injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DUNTL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authorising continued use of the infringing work. If DUNTL is unable to secure such licence within a reasonable time, DUNTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DUNTL’s rights: Upon occurrence of a DUNTL Default, as defined below, MPRDC shall be entitled, without prejudice to its other rights and remedies under the DUNTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DUNTL under the DUNTL Concession Agreement including the DUNTL’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DUNTL Concession Agreement, shall be entitled to substitute DUNTL under and in accordance with the Substitution Agreement, as defined in the DUNTL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, MPRDC shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DUNTL Concession Agreement, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DUNTL Concession Agreement, prior to the Appointed Date, as defined in the DUNTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DUNTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or

- after COD, whereupon DUNTL is unable to collect Fee despite making best efforts or it is directed by MPRDC to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which DUNTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, MPRDC shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle DUNTL to extension of one day in the concession period.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DUNTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DUNTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DUNTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DUNTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by MPRDC to DUNTL; and
 - upon occurrence of a Political Event, as defined in the DUNTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by MPRDC to DUNTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DUNTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DUNTL Default: Subject to the provisions of the DUNTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DUNTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DUNTL shall be deemed to be in default of the DUNTL Concession Agreement (the “**DUNTL Default**”), unless the default has occurred solely as a result of any breach of the DUNTL Concession Agreement by MPRDC or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DUNTL Concession Agreement and DUNTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DUNTL Concession Agreement, DUNTL fails to cure, within a cure period of 90 days, the DUNTL Default for which whole or part of the Performance Security was appropriated;
- DUNTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DUNTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DUNTL Concession Agreement, the Lenders’ Representative has by notice required MPRDC to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DUNTL fails to cure the default within the cure period specified;
- DUNTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of MPRDC;
- DUNTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DUNTL has failed to make any payment to MPRDC within the period specified in the DUNTL Concession Agreement; and
- a change in ownership has occurred in breach of the DUNTL Concession Agreement.

Upon occurrence of a DUNTL Default, MPRDC shall be entitled to terminate the DUNTL Concession Agreement by issuing a termination notice to DUNTL; provided that before issuing the termination notice, MPRDC shall by a notice inform DUNTL of its intention to issue such termination notice and grant 15 days to DUNTL to make a

representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DUNTL Default: Upon termination on account of DUNTL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: DUNTL may terminate the DUNTL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on DUNTL; (ii) the failure to make any payment due to DUNTL; (iii) repudiation of the DUNTL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: DUNTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DUNTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DUNTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by MPRDC, MPRDC shall be entitled to get the same repaired or rectified at the risk and cost of DUNTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by MPRDC in this regard shall be reimbursed by DUNTL to MPRDC within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, MPRDC shall be entitled to recover the same in accordance with the provisions of the DUNTL Concession Agreement.

- **R&BD GOG Annuity Project**

The DBL Nadiad Modasa Tollways Limited (“DNMTL”) Concession Agreement (“DNMTL Concession Agreement”)

Annuity: DNMTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DNMTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 174.6 million.

Concession fee: In consideration of the grant of concession under the DNMTL Concession Agreement, the concession fee payable by DNMTL to Road and Buildings Department, Government of Gujarat (“**R&BD, GoG**”) shall be ₹ 1.00 per year during the term of the DNMTL Concession Agreement.

Performance security: DNMTL shall, for the performance of its obligations under the DNMTL Concession Agreement, during the Construction Period, as defined in the DNMTL Concession Agreement, provide to R&BD, GoG no later than 120 days from the date of the DNMTL Concession Agreement, an irrevocable and unconditional guarantee from a scheduled bank other than the co-operative banks for a sum equivalent to ₹ 134.1 million in the form set forth in the DNMTL Concession Agreement.

Change of scope: R&BD, GoG may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DNMTL Concession Agreement (the “**Change of Scope**”). R&BD, GoG shall disburse to DNMTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DNMTL Concession Agreement, shall be borne by DNMTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by R&BD, GoG.

O&M: DNMTL shall operate and maintain the Project Highway, as defined in the DNMTL Concession Agreement, in accordance with the DNMTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DNMTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DNMTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- minimising disruption to traffic in the event of accidents or other incidents affecting the safety and use of the Project Highway by providing a rapid and effective response and maintaining liaison with emergency services of the State;
- carrying out periodic preventive maintenance of the Project Highway;

- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- preventing, with the assistance of concerned law enforcement agencies, any unauthorised use of the Project Highway;
- preventing, with the assistance of concerned law enforcement agencies, any encroachments on the Project Highway;
- protection of the environment and provision of equipment and materials therefor;
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway;
- maintaining a public relations unit to interface with and attend to suggestions from the Users, government agencies, media and other agencies; and
- complying with Safety Requirements in accordance with the DNMTL Concession Agreement.

Maintenance manual: DNMTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DNMTL shall provide to R&BD, GOG and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, among other things, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DNMTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Obligations relating to change in ownership:

- DNMTL shall not undertake or permit any change in ownership, except with the prior written approval of the R&BD, GoG.
- The criteria mentioned in RFP document, as defined in the DNMTL Concession Agreement, will prevail with respect to ownership and equity holding which is reproduced hereunder: the applicant would be required to commit to hold a minimum equity stake equal to 51% of the aggregate shareholding of the special purpose vehicle until 3 years after commercial operation date and not less than 26% of paid up equity capital in the special purpose vehicle for rest of the concession period.

Escrow Account: As per the escrow agreement entered into between R&BD, GoG, the Lenders’ Representative & the escrow bank (the “DNMTL Escrow Agreement”) all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by R&BD, GoG etc is to be deposited into the escrow account opened with escrow bank. The DNMTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DNMTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DNMTL for and in respect of the Project; (ii) Concession Fee and other dues payable to R&BD, GoG; (iii) monthly proportionate provision of Debt Service due in an Accounting Year; (iv) all payments relating to construction of the Project; (v) O&M Expenses; (vi) O&M Expenses and other costs and expenses incurred by R&BD, GoG; (vii) Debt service payment in respect of Subordinated Debt; (viii) Any reserve requirements as set forth in the Financing Agreements; and damages to R&BD, GoG under the Concession Agreement;
- On termination: (i) all taxes due and payable by DNMTL for and in respect of the Project; (ii) Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iii) all payments and damages to R&BD, GoG under the Concession Agreement; (iv) retention monies (on account of liabilities for defects); (v) outstanding Debt Service (including balance of Debt Due); (vi) outstanding Subordinate Debt; (vii) incurred or accrued O&M Expenses; (viii) other payments under the Concession Agreement.

Indemnities:

- DNMTL shall indemnify, defend, save and hold harmless R&BD, GOG and its officers, servants, agents, Government Instrumentalities, as defined in the DNMTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the “**R&BD, GOG Indemnified Persons**”) against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DNMTL of any of its obligations under the DNMTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DNMTL to any user or from any negligence of DNMTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DNMTL Concession Agreement on the part of R&BD, GOG Indemnified Persons;
- DNMTL shall fully indemnify, hold harmless and defend R&BD, GoG and R&BD, GoG Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DNMTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DNMTL in respect of the income or other taxes of DNMTL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DNMTL or any of its contractors which are payable by DNMTL or any of its contractors.
- DNMTL shall fully indemnify, hold harmless and defend R&BD, GoG Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which R&BD, GoG Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DNMTL or by DNMTL’s contractors in performing the obligations of DNMTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DNMTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DNMTL shall promptly make every reasonable effort to secure for R&BD, GoG a licence, at no cost to R&BD, GoG, authorising continued use of the infringing work. If DNMTL is unable to secure such licence within a reasonable time, DNMTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DNMTL’s rights: Upon occurrence of a DNMTL Default, as defined below, R&BD, GoG shall be entitled, without prejudice to its other rights and remedies under the DNMTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DNMTL under the DNMTL Concession Agreement including the DNMTL’s right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, each term as defined in the DNMTL Concession Agreement, shall be entitled to substitute DNMTL under and in accordance with the Substitution Agreement, as defined in the DNMTL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, R&BD, GOG shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DNMTL Concession Agreement, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DNMTL Concession Agreement, prior to the Appointed Date, as defined in the DNMTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DNMTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DNMTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DNMTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DNMTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DNMTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by R&BD, GoG to DNMTL; and
 - upon occurrence of a Political Event, as defined in the DNMTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by R&BD, GoG to DNMTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DNMTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DNMTL Default: Subject to the provisions of the DNMTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DNMTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DNMTL shall be deemed to be in default of the DNMTL Concession Agreement (the “**DNMTL Default**”), unless the default has occurred solely as a result of any breach of the DNMTL Concession Agreement by R&BD, GoG or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DNMTL Concession Agreement and DNMTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DNMTL Concession Agreement, DNMTL fails to cure, within a cure period of 90 days, the DNMTL Default for which whole or part of the Performance Security was appropriated;
- DNMTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DNMTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DNMTL Concession Agreement, the Lenders’ Representative has by notice required R&BD, GoG to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DNMTL fails to cure the default within the cure period specified;
- DNMTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of R&BD, GoG;
- DNMTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DNMTL has failed to make any payment to R&BD, GoG within the period specified in the DNMTL Concession Agreement; and
- a change in ownership has occurred in breach of the DNMTL Concession Agreement.

Upon occurrence of a DNMTL Default, R&BD, GoG shall be entitled to terminate the DNMTL Concession Agreement by issuing a termination notice to DNMTL; provided that before issuing the termination notice, R&BD, GoG shall by a notice inform DNMTL of its intention to issue such termination notice and grant 90 days to DNMTL to make a representation, and may, after the expiry of such 90 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DNMTL Default: Upon termination on account of DNMTL Default, R&BD, GOG will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for R&BD, GoG Default: DNMTL may terminate the DNMTL Concession Agreement on account of occurrence of a default by the R&BD, GoG which is not rectified within cure periods (the “**R&BD, GoG Default**”)

and includes – (i) material breach causing a material adverse effect on DNMTL; (ii) the failure to make any payment due to DNMTL; (iii) repudiation of the DNMTL Concession Agreement etc.

Termination Payment for R&BD, GoG Default: Upon termination on account of R&BD, GoG Default, R&BD, GoG will pay an amount equal to Discounted Value of Future Net Cash Flows.

Defects liability after termination: DNMTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DNMTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DNMTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by R&BD, GoG, R&BD, GoG shall be entitled to get the same repaired or rectified at the risk and cost of DNMTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by R&BD, GoG in this regard shall be reimbursed by DNMTL to R&BD, GoG within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, R&BD, GoG shall be entitled to recover the same in accordance with the provisions of the DNMTL Concession Agreement.

- **MPRDC Toll Project**

The Suryavanshi Infrastructure Private Limited (“SIPL”) Concession Agreement (“SIPL Concession Agreement”)

Fee: SIPL shall be entitled during the Toll Period, as defined in the SIPL Concession Agreement, to levy, collect and appropriate the fee from the users of the Project Highway, as defined in the SIPL Concession Agreement, pursuant to and in accordance with the fee notification in the SIPL Concession Agreement. SIPL acknowledges that the fee notification, inter alia, provides for revision in the fees by increase in the fees of, at the rate of 7% per year based on the fees charged in the previous accounting year, as per the fee notification in the SIPL Concession Agreement, and SIPL has confirmed that save and except as provide in the fee notification, SIPL shall not be entitled to and shall not seek any relief whatsoever from MPRDC, Government of India or Government of Madhya Pradesh on account of increase or otherwise in wholesale price index or on any other account except in accordance with the express provisions of the SIPL Concession Agreement. SIPL shall collect fees from local personal traffic and local commercial traffic after reducing the fees by the following rates:

- For local personal traffic: 75% of the applicable fees for the specific category of vehicle; and
- For local commercial traffic: 50% of the applicable fees for the specific category of vehicle.

Concession fee: In consideration of the grant of concession under the SIPL Concession Agreement, the concession fee payable by SIPL to MPRDC shall be ₹ 1.00 per year during the term of the SIPL Concession Agreement.

Performance security: SIPL shall, for due and faithful performance of its obligations under the SIPL Concession Agreement, during the Construction Period, as defined in the SIPL Concession Agreement, provide to MPRDC a security for a sum equivalent to ₹ 12.6 million, in the form of an irrevocable and unconditional guarantee from a bank, as provided in the SIPL Concession Agreement.

Maintenance Security: SIPL shall, for due and faithful performance of its obligations under the SIPL Concession Agreement, during the Toll Period, provide to MPRDC a security for a sum equivalent to ₹ 2.9 million in the form of an irrevocable and unconditional bank guarantee on or before the issue of completion certificate and start of toll date.

Change of scope: MPRDC may require the provision of additional works and services on or about Project Highway which are beyond the scope of the project as contemplated by the SIPL Concession Agreement (the “**Change of Scope**”), to be carried out by SIPL at its own cost during the concession period and that there shall be no change in concession period or any compensation payable if such changes do not require expenditure exceeding ₹ 1.3 million (0.5% of the project cost) and do not adversely affect the toll date. All such changes shall be made by MPRDC by an order (the “**Change of Scope Order**”) issued in accordance with the procedure set forth in the SIPL Concession Agreement. MPRDC shall not increase/decrease the scope of work under normal circumstances. However, in the exceptional circumstances any increase in the scope of work shall lead to increase in the concession period to the extent such changes require expenditure exceeding ₹ 1.3 million. However, in case the demand of grant is more than 20% of project cost, any reduction in the scope of work under exceptional circumstances shall not alter the concession period and will result in reduction in the subsidy to the extent that grant remains 20% of total project cost and beyond that the same will result in reduction in concession period, to the extent such change in scope requires reduction in expenditure exceeding ₹ 1.3 million. In case the demand of grant is equal or less than 20%, the reduction in change of scope under exceptional circumstances will result in reduction of concession period.

O&M: SIPL shall operate and maintain the Project Highway in accordance with the SIPL Concession Agreement either by itself, or through the O&M Contractor, as defined in the SIPL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of SIPL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- charging, collecting and retaining the fee in accordance with the SIPL Concession Agreement;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices; and
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment.

Grant/Subsidy: MPRDC has agreed to pay SIPL as cash support by way of an outright grant equal to the sum of ₹ 99 million in accordance with the SIPL Concession Agreement. The Government of India shall be able to grant up to 20% of total project cost as per the provisions of scheme for support to public-private partnerships in infrastructure. The rest of the grant will be disbursed by MPRDC in accordance with SIPL Concession Agreement. The grant shall be, in no case, more than 40% of the total project cost.

Obligations relating to change in ownership: SIPL shall not undertake or permit any change in ownership, except with the prior written approval of MPRDC.

Escrow Account: As per the escrow agreement entered into between MPRDC, the Lenders' Representative & the escrow bank (the "**SIPL Escrow Agreement**") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by MPRDC etc is to be deposited into the escrow account opened with escrow bank. The SIPL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the SIPL Concession Agreement.

- During concession period: (i) all taxes due and payable by SIPL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by MPRDC; (v) Concession Fee and other dues payable to MPRDC; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to MPRDC under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by SIPL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to MPRDC under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- SIPL shall be entirely responsible for and bear the cost of and shall indemnify, hold MPRDC not liable for and defend any and all proceedings, actions and, third party claims (other than a claim by Government of Madhya Pradesh or Government of India) for loss, damage and expense of whatever kind and nature arising out of the design, engineering, construction, procurement, operation and maintenance of entire Project Highway or any arising out of a breach by SIPL of any of its obligations under the SIPL Concession Agreement except to the extent that any such claim has arisen due to MPRDC event of default. It has been agreed that no liability or general indemnity would be upon MPRDC;
- SIPL shall fully indemnify, defend, hold MPRDC not liable including its officers, servants, agents and subsidiaries, from and against any and all loss and damages arising out of or with respect to (a). failure of SIPL to comply with applicable laws and applicable permits; (b). payments of taxes relating to SIPL contractors, suppliers and representatives, income or other taxes required to be paid by SIPL without reimbursement hereunder, or (c). non-payment of amounts due as a result of materials or services furnished to SIPL or any of its contractors which are payable by SIPL or any of its contractors.
- SIPL shall be entirely responsible for and bear the cost of and shall indemnify, defend and hold MPRDC not liable from and against any and all damages which MPRDC, its officers, servants, agents, subsidiaries and contractors ("**MPRDC Indemnified Persons**") may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by SIPL or by SIPL's contractors, in performing the obligations of SIPL or in any way incorporated in or related to the project. If in any such suit, claim or

proceedings, a temporary restraint order or preliminary injunction, is granted, SIPL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the suspension of the injunction or restraint order. If, in any such suit claim or proceedings, the project, or any part, thereof or comprised therein is held to constitute an infringement and its use is permanently enjoined, SIPL shall promptly make every reasonable effort to secure for MPRDC a licence, at no cost to MPRDC, authoring continued use of the infringing work. If SIPL is unable to secure such licence within a reasonable time, SIPL shall, at its own expense and without impairing the specifications and standards either replace the affected work, or pail, or process thereof with non-infringing work or parts or process, or modify the same so that it becomes non-infringing.

Material Breach and Suspension: If SIPL shall be in Material Breach, as defined in the SIPL Concession Agreement, of the SIPL Concession Agreement, MPRDC shall be entitled in its sole discretion and without prejudice to its other rights and remedies under the SIPL Concession Agreement, including its right of Termination hereunder, to (i) suspend all or any rights of SIPL under the SIPL Concession Agreement including the SIPL's right to collect all Fees and other revenues from the project highway, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the SIPL Concession Agreement, shall be entitled to substitute SIPL under and in accordance with the Substitution Agreement, as defined in the SIPL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, MPRDC shall withhold termination for a period not exceeding 120 days from the date of Suspension, and any extension thereof pursuant to the SIPL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Allocation of costs during subsistence of force majeure:

- Upon occurrence of a Force Majeure Event, as defined in the SIPL Concession Agreement, after financial closure, the costs arising out of such events ("**Force Majeure Costs**") shall be allocated as follows:
 - When the Force Majeure Event is a Non-Political Event, as defined in the SIPL Concession Agreement, the parties shall bear their respective costs and neither party shall be required to pay to the other party any costs arising of any such Force Majeure Event;
 - When the Force Majeure Event is an Indirect Political Event, as defined in the SIPL Concession Agreement, the Force Majeure Costs attributable to such Indirect Political Event and directly relating to such project, shall be borne by SIPL to the extent Force Majeure Costs exceed the insurance claims, one half of the same to the extent actually incurred and duly certified by the auditors of SIPL shall be compensated to SIPL; and
 - When the Force Majeure Event is a Political Event, as defined in the SIPL Concession Agreement, all Force Majeure Costs to the extent actually incurred and certified by the auditors of SIPL shall be compensated by MPRDC to SIPL within 180 days of such amount accepted by MPRDC.

Force Majeure Costs shall not include loss of Fee revenues but shall include interest payments, debt repayment obligations on such debt in proportion to the period of Force Majeure Event subsisting, O&M expenses and all other costs directly attributable to the Force Majeure Event.

Termination for SIPL Default: The following events, among others, shall constitute an event of default by SIPL ("**SIPL Event of Default**") unless such SIPL event of default has occurred as a result of MPRDC event of default or a force majeure event:

- SIPL fails to achieve any project milestone other than scheduled project completion date within the period set forth in the SIPL Concession Agreement and fails to cure such default within a period of 90 days from the date of its occurrence;
- SIPL abandons the operations of the Project Highway for more than 15 consecutive days without the prior written consent of MPRDC, provided that SIPL shall be deemed not to have abandoned such operation if such abandonment was (i). as a result of force majeure event and is only for the period such force majeure is continuing, or (ii). is on account of a breach of its obligations by MPRDC after due notice is given to MPRDC.
- SIPL repudiates the SIPL Concession Agreement or otherwise evidences an intention not to be bound by the SIPL Concession Agreement; and
- SIPL has delayed any payment that has fallen due under the SIPL Concession Agreement, if such delay exceeds 90 days.

Upon the occurrence of any breach by SIPL under the SIPL Concession Agreement including any SIPL Event of Default, MPRDC shall be entitled to encash and appropriate the performance guarantee and to terminate the SIPL Concession Agreement by a communication in writing.

Termination Payments for SIPL Default: Upon termination on account of SIPL Default, MPRDC will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for MPRDC Default: SIPL may terminate the SIPL Concession Agreement on account of occurrence of a default by the MPRDC which is not rectified within cure periods (the “**MPRDC Default**”) and includes – (i) material breach causing a material adverse effect on SIPL; (ii) the failure to make any payment due to SIPL; (iii) repudiation of the SIPL Concession Agreement etc.

Termination Payment for MPRDC Default: Upon termination on account of MPRDC Default, MPRDC will pay an amount equal to (i) debt due, less insurance claims; (ii) the entire subordinated debt; and (iii) 100% of the equity (subscribed in cash and actually spent on the project) but excluding the Grant/ Subsidy if such termination occurs during two years Commencement date and for each year thereafter, such amount will be adjusted every year.

Defects Liability: Not less than 12 months or more than 15 months prior to the expiry of the concession period, SIPL and the Independent Consultant, as defined in the SIPL Concession Agreement, shall conduct a joint inspection (“**Initial Inspection**”) of the Project Highway and all project facilities. Within 90 days after the completion of the Initial Inspection, SIPL shall provide to the Independent Consultant a report on the condition of the Project Highway and the project facilities, and a notice setting out proposals by SIPL as to the renewal works, pursuant to the provisions of the SIPL Concession Agreement. SIPL shall carry out the renewal works at its own cost. Not less than nine months nor more than 12 months prior to the expiry of the concession period, SIPL and the Independent Consultant shall conduct a joint inspection (“**Second Inspection**”) of all elements of the Project Highway and the project facilities (whether or not the renewal works have been carried out). Within 30 days after the completion of the Second Inspection, SIPL shall provide to the Independent Consultant a report on the condition of the Project Highway and Project Facilities and a notice setting out any revisions or additions to the renewal works, pursuant to the provisions of the SIPL Concession Agreement. SIPL shall carry out the revised renewal works at its own cost. If following the Second Inspection, it is agreed or determined that no renewal works are required, then within 14 days of such agreement, 50% of the sums retained for the purposes of defect liability shall be released to SIPL. Within 14 days after the issue of the Vesting Certificate, as defined in the SIPL Concession Agreement, the remaining sums retained for the purposes of defects liability shall be released to SIPL.

- **NHAI Toll Project**

The Jalpa Devi Tollways Limited (“JDTL”) Concession Agreement (“JDTL Concession Agreement”)

Grant: NHAI agrees to provide JDTL cash support by way of an outright grant equal to ₹ 270 million in accordance with the JDTL Concession Agreement.

Fee: On and from the commercial operation date till the transfer date, JDTL shall have the sole and exclusive right to demand, collect and appropriate charge levied on and payable for a vehicle using the Project Highway, as defined in the JDTL Concession Agreement, or a part thereof (“**Fee**”) from the users subject to and in accordance with the JDTL Concession Agreement and the fee notification set forth therein.

Concession fee: In consideration of the grant of concession under the JDTL Concession Agreement, the concession fee payable by JDTL to NHAI shall be ₹ 1.00 per year.

Performance security: JDTL shall, for the performance of its obligations under the JDTL Concession Agreement, during the Construction Period, as defined in the JDTL Concession Agreement, provide to NHAI no later than 180 (one hundred and eighty) days from the date of the JDTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 506.5 million in the form set forth in the JDTL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the JDTL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to JDTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the JDTL Concession Agreement. NHAI shall disburse to JDTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the JDTL Concession Agreement, shall be borne by JDTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by NHAI.

O&M: JDTL shall operate and maintain the Project Highway, as defined in the JDTL Concession Agreement, in accordance with the JDTL Concession Agreement either by itself, or through the O&M Contractor, as defined in

the JDTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of JDTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- collecting and appropriating the Fee;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: JDTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: JDTL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which JDTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Restrictions on construction of additional tollway: In accordance with the provisions of the JDTL Concession Agreement, NHAI shall not construct, and shall procure that no Government Instrumentality, as defined in the JDTL Concession Agreement, shall construct or cause to be constructed, any expressway or other toll road between, *inter alia* four laning of Guna-Biaora section of national highway number 3, as provided in the JDTL Concession Agreement (collectively the “**Additional Tollway**”) for use by traffic at any time before the sixteenth anniversary of the Appointed Date, as defined in the JDTL Concession Agreement. Additional Tollway does not include any expressway or other toll road connecting, *inter alia*, four laning of Guna-Biaora section of national highway 3 if the length of such expressway or toll road exceeds the length of the existing route comprising the Project Highway by 20%. If NHAI shall be in breach of this provision, JDTL shall, without prejudice to its other rights and remedies under the JDTL Concession Agreement, be entitled to receive compensation from NHAI.

Obligations relating to competing roads: NHAI shall procure that during the subsistence of the JDTL Concession Agreement, neither NHAI nor any Government Instrumentality shall, at any time before the tenth anniversary of the appointed date, construct or cause to be constructed any competing road, as defined in the JDTL Concession Agreement; provided that this restriction shall not apply if the average traffic on the Project Highway in any year exceeds 90% of its designed capacity specified in the JDTL Concession Agreement. Upon breach of its obligations hereunder, NHAI shall be liable to payment of compensation to JDTL in accordance with the JDTL Concession Agreement, and such compensation shall be the sole remedy of JDTL.

Obligations relating to change in ownership: JDTL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the JDTL Concession Agreement, JDTL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 15% of the total equity of JDTL; or
- acquisition of any control directly or indirectly of the board of directors of JDTL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the

decision of NHAI in this behalf being final, conclusive and binding on JDTL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of JDTL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve JDTL from any liability or obligation under the JDTL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders' Representative & the escrow bank (the "**JDTL Escrow Agreement**") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by NHAI etc is to be deposited into the escrow account opened with escrow bank. The JDTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the JDTL Concession Agreement.

- During concession period: (i) all taxes due and payable by JDTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) Concession Fee and other dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by JDTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to NHAI under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- JDTL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents, Government Instrumentalities, as defined in the JDTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**NHAI Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by JDTL of any of its obligations under the JDTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by JDTL to any user or from any negligence of JDTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the JDTL Concession Agreement on the part of NHAI Indemnified Persons;
- JDTL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of JDTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by JDTL in respect of the income or other taxes of JDTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to JDTL or any of its contractors which are payable by JDTL or any of its contractors.
- JDTL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by JDTL or by JDTL's contractors in performing the obligations of JDTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, JDTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, JDTL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If JDTL is unable to secure such licence within a reasonable time, JDTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of JDTL's rights: Upon occurrence of a JDTL Default, NHAI shall be entitled, without prejudice to its other rights and remedies under the JDTL Concession Agreement including its rights of termination thereunder, to

(i) suspend all rights of JDTL under the JDTL Concession Agreement, including JDTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). Suspension hereunder shall be effective forthwith upon issue of notice by NHAI to JDTL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from JDTL and the Lenders' Representative, as defined in the JDTL Concession Agreement, NHAI shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the JDTL Concession Agreement, shall be entitled to substitute JDTL under and in accordance with the Substitution Agreement, as defined in the JDTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the JDTL Concession Agreement, prior to the Appointed Date, as defined in the JDTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the JDTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, whereupon JDTL is unable to collect Fee despite making best efforts or it is directed by NHAI to suspend the collection thereof during the subsistence of such Force Majeure Event, the concession period shall be extended by a period, equal in length to the period during which JDTL was prevented from collection of Fee on account thereof; provided that in the event of partial collection of Fee where the daily collection is less than 90% of the average daily Fee, NHAI shall extend the concession period in proportion to the loss of Fee on a daily basis. Loss of 25% in collection of Fee as compared to the average daily Fee for four days shall entitle JDTL to extension of one day in the concession period.

Allocation of costs arising out of Force Majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the JDTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the JDTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the JDTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by JDTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to JDTL; and
 - upon occurrence of a Political Event, as defined in the JDTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by NHAI to JDTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss of Fee revenues or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the JDTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for JDTL Default: Subject to the provisions of the JDTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and JDTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, JDTL shall be deemed to be in default of the JDTL Concession Agreement (the “**JDTL Default**”), unless the default has occurred solely as a result of any breach of the JDTL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the JDTL Concession

Agreement and JDTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;

- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the JDTL Concession Agreement, JDTL fails to cure, within a cure period of 90 days, the JDTL Default for which whole or part of the Performance Security was appropriated;
- JDTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the JDTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, the Lenders' Representative, each term as defined in the JDTL Concession Agreement, has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement, as defined in the JDTL Concession Agreement, and JDTL fails to cure the default within the cure period specified;
- JDTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- JDTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- JDTL has failed to make any payment to NHAI within the period specified in the JDTL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the JDTL Concession Agreement.

Upon occurrence of a JDTL Default, NHAI shall be entitled to terminate the JDTL Concession Agreement by issuing a termination notice to JDTL; provided that before issuing the termination notice, NHAI shall by a notice inform JDTL of its intention to issue such termination notice and grant 15 days to JDTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for JDTL Default: Upon termination on account of JDTL Default, NHAI will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for NHAI Default: JDTL may terminate the JDTL Concession Agreement on account of occurrence of a default by the NHAI which is not rectified within cure periods (the “**NHAI Default**”) and includes – (i) material breach causing a material adverse effect on JDTL; (ii) the failure to make any payment due to JDTL; (iii) repudiation of the JDTL Concession Agreement etc.

Termination Payment for NHAI Default: Upon termination on account of NHAI Default, NHAI will pay an amount equal to (i) debt due; and (ii) 150% of the adjusted equity.

Defects liability after termination: JDTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the JDTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that JDTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAI, NHAI shall be entitled to get the same repaired or rectified at the risk and cost of JDTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by NHAI in this regard shall be reimbursed by JDTL to NHAI within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAI shall be entitled to recover the same in accordance with the provisions of the JDTL Concession Agreement.

- **KRDCL Annuity Projects**

The DBL Hassan Periyapatna Tollways Limited (“DHPTL”) Concession Agreement (“DHPTL Concession Agreement”)

Annuity: DHPTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DHPTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 262.8 million.

Fee: DHPTL shall not levy, demand or collect from or in respect of any user, vehicle or person, for the use of project facilities, any sum whatsoever in the nature of a toll or fee. KRDCL shall have the right and authority to levy toll or fee on the users and vehicles using the project facilities (“**Fee**”) and to demand, collect, retain and appropriate the Fee in accordance with the applicable laws.

Concession fee: In consideration of the grant of concession under the DHPTL Concession Agreement, the concession fee payable by DHPTL to KRDCL shall be ₹ 1.00 per year during the term of the DHPTL Concession Agreement.

Performance security: DHPTL shall, for the performance of its obligations under the DHPTL Concession Agreement, during the Construction Period, as defined in the DHPTL Concession Agreement, provide to KRDCCL no later than 120 days from the date of the DHPTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 138.5 million in the form set forth in the DHPTL Concession Agreement.

Change of scope: KRDCCL may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DHPTL Concession Agreement (the “**Change of Scope**”). KRDCCL shall make an advance payment to DHPTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DHPTL Concession Agreement. KRDCCL shall disburse to DHPTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DHPTL Concession Agreement, shall be borne by DHPTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by KRDCCL.

O&M: DHPTL shall operate and maintain the Project Highway, as defined in the DHPTL Concession Agreement, in accordance with the DHPTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DHPTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DHPTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- allowing authority or authority contractor in collecting and appropriating the Fee;
- minimising disruption to traffic in the event of accidents or other incidents affecting the safety and use of the Project Highway by providing a rapid and effective response and maintaining liaison with emergency services of the state;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- preventing, with the assistance of concerned law enforcement agencies, any unauthorised use of the Project Highway;
- preventing, with the assistance of concerned law enforcement agencies, any encroachments on the Project Highway;
- protection of the environment and provision of equipment and materials therefor;
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway;
- maintaining a public relations unit to interface with and attend to suggestions from the Users, government agencies, media and other agencies; and
- complying with safety requirements in accordance with the DHPTL Concession Agreement.

Maintenance manual: DHPTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DHPTL shall provide to KRDCCL and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DHPTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DHPTL achieves commercial operation date after the scheduled date, as provided in the DHPTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Obligations relating to change in ownership:

- Subject to the next clause, in the case of DHPTL that has been set up by a joint venture, the key joint venture member shall, until the end of concession period, maintain an equity share capital not less than 26% of the subscribed and paid-up equity of DHPTL and 5% of the total project cost.
- Any key joint venture member, other than the lead member, may, with the prior written approval of the KRDCCL, which shall not be unreasonably withheld, reduce its shareholding to below 26% of the subscribed and paid-up equity share capital of DHPTL and less than 5 % of the total project cost, after the date falling two years after the commercial operation date, subject to:
 - all joint venture members continuing to collectively hold at least 26% of the subscribed and paid-up equity of DHPTL until the end of concession period; and
 - the joint venture member who is to provide the O&M experience according to the application submitted by the joint venture shall subscribe and continue to hold at least 5% of the subscribed and paid up equity of DHPTL until the end of concession period.

Escrow Account: As per the escrow agreement entered into between KRDCCL, the Lenders' Representative & the escrow bank (the "DHPTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by KRDCCL etc is to be deposited into the escrow account opened with escrow bank. The DHPTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DHPTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DHPTL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by KRDCCL; (v) Concession Fee and other dues payable to KRDCCL; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to KRDCCL under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt.
- On termination: (i) all taxes due and payable by DHPTL for and in respect of the Project; (ii) 90% of the Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to KRDCCL under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix); other payments under the Concession Agreement.

Indemnities:

- DHPTL shall indemnify, defend, save and hold harmless KRDCCL and its officers, servants, agents, Government Instrumentalities, as defined in the DHPTL Concession Agreement, and Government owned and/or controlled entities/enterprises (the "**KRDCCL Indemnified Persons**"), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DHPTL of any of its obligations under the DHPTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DHPTL to any user, or from any negligence of DHPTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DHPTL Concession Agreement on the part of KRDCCL Indemnified Persons;
- DHPTL shall fully indemnify, hold harmless and defend KRDCCL and KRDCCL Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DHPTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DHPTL in respect of the income or other taxes of DHPTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DHPTL or any of its contractors which are payable by DHPTL or any of its contractors.
- DHPTL shall fully indemnify, hold harmless and defend KRDCCL Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which KRDCCL Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DHPTL or by DHPTL's contractors in performing the obligations of DHPTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a

temporary restraint order or preliminary injunction is granted, DHPTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DHPTL shall promptly make every reasonable effort to secure for KRDCCL a licence, at no cost to KRDCCL, authorising continued use of the infringing work. If DHPTL is unable to secure such licence within a reasonable time, DHPTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DHPTL's rights: Upon occurrence of a DHPTL Default, as defined below, KRDCCL shall be entitled, without prejudice to its other rights and remedies under the DHPTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DHPTL under the DHPTL Concession Agreement including the DHPTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DHPTL Concession Agreement, shall be entitled to substitute DHPTL under and in accordance with the Substitution Agreement, as defined in the DHPTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, KRDCCL shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DHPTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DHPTL Concession Agreement, prior to the Appointed Date, as defined in the DHPTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DHPTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DHPTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DHPTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DHPTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DHPTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by KRDCCL to DHPTL; and
 - upon occurrence of a Political Event, as defined in the DHPTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by KRDCCL to DHPTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss on account of damages or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DHPTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DHPTL Default: Subject to the provisions of the DHPTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DHPTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DHPTL shall be deemed to be in default of the DHPTL Concession Agreement (the "**DHPTL Default**"), unless the default has occurred solely as a result of any breach of the DHPTL Concession Agreement by KRDCCL or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DHPTL Concession Agreement and DHPTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DHPTL Concession Agreement, DHPTL fails to cure, within a cure period of 90 days, the DHPTL Default for which whole or part of the Performance Security was appropriated;
- DHPTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DHPTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DHPTL Concession Agreement, the Lenders' Representative has by notice required KRDCCL to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DHPTL fails to cure the default within the cure period specified;
- DHPTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of KRDCCL;
- DHPTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DHPTL has failed to make any payment to KRDCCL within the period specified in the DHPTL Concession Agreement; and
- a change in ownership has occurred in breach of the DHPTL Concession Agreement.

Upon occurrence of a DHPTL Default, KRDCCL shall be entitled to terminate the DHPTL Concession Agreement by issuing a termination notice to DHPTL; provided that before issuing the termination notice, KRDCCL shall by a notice inform DHPTL of its intention to issue such termination notice and grant 15 days to DHPTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DHPTL Default: Upon termination on account of DHPTL Default, KRDCCL will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for KRDCCL Default: DHPTL may terminate the DHPTL Concession Agreement on account of occurrence of a default by the KRDCCL which is not rectified within cure periods (the “**KRDCCL Default**”) and includes – (i) material breach causing a material adverse effect on DHPTL; (ii) the failure to make any payment due to DHPTL; (iii) repudiation of the DHPTL Concession Agreement etc.

Termination Payment for KRDCCL Default: Upon termination on account of KRDCCL Default, KRDCCL will pay an amount equal to (i) debt due, less insurance claims; and (ii) 120% of the adjusted equity.

Defects liability after termination: DHPTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DHPTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DHPTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by KRDCCL, KRDCCL shall be entitled to get the same repaired or rectified at the risk and cost of DHPTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by KRDCCL in this regard shall be reimbursed by DHPTL to KRDCCL within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, KRDCCL shall be entitled to recover the same in accordance with the provisions of the DHPTL Concession Agreement.

The DBL Hirekerur Ranibennur Tollways Limited (“DHRTL”) Concession Agreement (“DHRTL Concession Agreement”)

Annuity: DHRTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DHRTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 196.2 million.

Fee: DHRTL shall not levy, demand or collect from or in respect of any user, vehicle or person, for the use of project facilities, any sum whatsoever in the nature of a toll or fee. KRDCCL shall have the right and authority to levy toll or fee on the users and vehicles using the project facilities (“**Fee**”) and to demand, collect, retain and appropriate the Fee in accordance with the applicable laws.

Concession fee: In consideration of the grant of concession under the DHRTL Concession Agreement, the concession fee payable by DHRTL to KRDCCL shall be ₹ 1.00 per year during the term of the DHRTL Concession Agreement.

Performance security: DHRTL shall, for the performance of its obligations under the DHRTL Concession Agreement, during the Construction Period, as defined in the DHRTL Concession Agreement, provide to KRDCCL no later than 120 days from the date of the DHRTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 110 million in the form set forth in the DHRTL Concession Agreement.

Change of scope: KRDCCL may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DHRTL Concession Agreement (the “**Change of Scope**”). KRDCCL shall make an advance payment to DHRTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DHRTL Concession Agreement. KRDCCL shall disburse to DHRTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DHRTL Concession Agreement, shall be borne by DHRTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by KRDCCL.

O&M: DHRTL shall operate and maintain the Project Highway, as defined in the DHRTL Concession Agreement, in accordance with the DHRTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DHRTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DHRTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- allowing authority or authority contractor in collecting and appropriating the Fee;
- minimising disruption to traffic in the event of accidents or other incidents affecting the safety and use of the Project Highway by providing a rapid and effective response and maintaining liaison with emergency services of the state;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- preventing, with the assistance of concerned law enforcement agencies, any unauthorised use of the Project Highway;
- preventing, with the assistance of concerned law enforcement agencies, any encroachments on the Project Highway;
- protection of the environment and provision of equipment and materials therefor;
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway;
- maintaining a public relations unit to interface with and attend to suggestions from the Users, government agencies, media and other agencies; and
- complying with safety requirements in accordance with the DHRTL Concession Agreement.

Maintenance manual: DHRTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DHRTL shall provide to KRDCCL and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include, the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DHRTL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DHRTL achieves commercial operation date after the scheduled date, as provided in the DHRTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Obligations relating to change in ownership:

- Subject to the next clause, in the case of DHRTL that has been set up by a joint venture, the key joint venture member shall, until the end of concession period, maintain an equity share capital not less than 26% of the subscribed and paid-up equity of DHRTL and 5% of the total project cost.
- Any key joint venture member, other than the lead member, may, with the prior written approval of the KRDCCL, which shall not be unreasonably withheld, reduce its shareholding to below 26% of the subscribed and paid-up equity share capital of DHRTL and less than 5 % of the total project cost, after the date falling two years after the commercial operation date, subject to:
 - all joint venture members continuing to collectively hold at least 26% of the subscribed and paid-up equity of DHRTL until the end of concession period; and
 - the joint venture member who is to provide the O&M experience according to the application submitted by the joint venture shall subscribe and continue to hold at least 5% of the subscribed and paid up equity of DHRTL until the end of concession period.

Escrow Account: As per the escrow agreement entered into between KRDCCL, the Lenders' Representative & the escrow bank (the "DHRTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by KRDCCL etc is to be deposited into the escrow account opened with escrow bank. The DHRTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DHRTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DHRTL for and in respect of the Project; (ii) Concession Fee and other dues payable to KRDCCL; (iii) monthly proportionate provision of Debt Service due in an Accounting Year; (iv) all payments relating to construction of the Project; (v) O&M Expenses; (vi) O&M Expenses and other costs and expenses incurred by KRDCCL; (vii) Debt service payment in respect of Subordinated Debt; (viii) Any reserve requirements as set forth in the Financing Agreements; and damages to KRDCCL under the Concession Agreement;
- On termination: (i) all taxes due and payable by DHRTL for and in respect of the Project; (ii) Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to KRDCCL under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (viii); other payments under the Concession Agreement.

Indemnities:

- DHRTL shall indemnify, defend, save and hold harmless KRDCCL and its officers, servants, agents, Government Instrumentalities, as defined in the DHRTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**KRDCCL Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DHRTL of any of its obligations under the DHRTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DHRTL to any user or from any negligence of DHRTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DHRTL Concession Agreement on the part of KRDCCL Indemnified Persons;
- DHRTL shall fully indemnify, hold harmless and defend KRDCCL and KRDCCL Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DHRTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DHRTL in respect of the income or other taxes of DHRTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DHRTL or any of its contractors which are payable by DHRTL or any of its contractors.
- DHRTL shall fully indemnify, hold harmless and defend KRDCCL Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which KRDCCL Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DHRTL or by DHRTL's contractors in performing the obligations of DHRTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a

temporary restraint order or preliminary injunction is granted, DHRTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DHRTL shall promptly make every reasonable effort to secure for KRDCCL a licence, at no cost to KRDCCL, authorising continued use of the infringing work. If DHRTL is unable to secure such licence within a reasonable time, DHRTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DHRTL's rights: Upon occurrence of a DHRTL Default, as defined below, KRDCCL shall be entitled, without prejudice to its other rights and remedies under the DHRTL Concession Agreement, including its rights of termination thereunder, to (i) suspend all rights of DHRTL under the DHRTL Concession Agreement including the DHRTL's right to collect Fee, and other revenues pursuant hereto, and (ii) exercise such rights itself and perform the obligations hereunder or authorise any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DHRTL Concession Agreement, shall be entitled to substitute DHRTL under and in accordance with the Substitution Agreement, as defined in the DHRTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, KRDCCL shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof pursuant to the DHRTL Concession Agreement, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DHRTL Concession Agreement, prior to the Appointed Date, as defined in the DHRTL Concession Agreement, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs before COD, the concession period and the dates set forth in the Project Completion Schedule, as defined in the DHRTL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists.
- No extension in Concession Period, as defined in the DHRTL Concession Agreement, shall be granted in case of Force Majeure Event occurs after the COD.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DHRTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DHRTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DHRTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DHRTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by KRDCCL to DHRTL; and
 - upon occurrence of a Political Event, as defined in the DHRTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by KRDCCL to DHRTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss on account of damages or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DHRTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DHRTL Default: Subject to the provisions of the DHRTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DHRTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DHRTL shall be deemed

to be in default of the DHRTL Concession Agreement (the “**DHRTL Default**”), unless the default has occurred solely as a result of any breach of the DHRTL Concession Agreement by KRDCCL or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DHRTL Concession Agreement and DHRTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DHRTL Concession Agreement, DHRTL fails to cure, within a cure period of 90 days, the DHRTL Default for which whole or part of the Performance Security was appropriated;
- DHRTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DHRTL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DHRTL Concession Agreement, the Lenders’ Representative has by notice required KRDCCL to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DHRTL fails to cure the default within the cure period specified;
- DHRTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of KRDCCL;
- DHRTL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DHRTL has failed to make any payment to KRDCCL within the period specified in the DHRTL Concession Agreement; and
- a change in ownership has occurred in breach of the DHRTL Concession Agreement.

Upon occurrence of a DHRTL Default, KRDCCL shall be entitled to terminate the DHRTL Concession Agreement by issuing a termination notice to DHRTL; provided that before issuing the termination notice, KRDCCL shall by a notice inform DHRTL of its intention to issue such termination notice and grant 15 days to DHRTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DHRTL Default: Upon termination on account of DHRTL Default, KRDCCL will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for KRDCCL Default: DHRTL may terminate the DHRTL Concession Agreement on account of occurrence of a default by the KRDCCL which is not rectified within cure periods (the “**KRDCCL Default**”) and includes – (i) material breach causing a material adverse effect on DHRTL; (ii) the failure to make any payment due to DHRTL; (iii) repudiation of the DHRTL Concession Agreement etc.

Termination Payment for KRDCCL Default: Upon termination on account of KRDCCL Default, KRDCCL will pay an amount equal to (i) debt due, less the insurance claims; and (ii) 120% of the adjusted equity.

Defects liability after termination: DHRTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DHRTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DHRTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by KRDCCL, KRDCCL shall be entitled to get the same repaired or rectified at the risk and cost of DHRTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by KRDCCL in this regard shall be reimbursed by DHRTL to KRDCCL within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, KRDCCL shall be entitled to recover the same in accordance with the provisions of the DHRTL Concession Agreement.

The DBL Mundargi Harapanahalli Tollways Limited (“DMHTL”) Concession Agreement (“DMHTL Concession Agreement”)

Annuity: DMHTL shall receive, upon achieving commercial operation date and in consideration of accepting the concession and undertaking to perform and discharge its obligations in accordance with the terms, conditions and covenants set forth in the DMHTL Concession Agreement, for each annuity payment period, on each annuity payment date, the sum of ₹ 177.3 million.

Fee: DMHTL shall not levy, demand or collect from or in respect of any user, vehicle or person, for the use of project facilities, any sum whatsoever in the nature of a toll or fee. KRDCCL shall have the right and authority to levy toll or fee on the users and vehicles using the project facilities (“**Fee**”) and to demand, collect, retain and appropriate the Fee in accordance with the applicable laws.

Concession fee: In consideration of the grant of concession under the DMHTL Concession Agreement, the concession fee payable by DMHTL to KRDCCL shall be ₹ 1.00 per year during the term of the DMHTL Concession Agreement.

Performance security: DMHTL shall, for the performance of its obligations under the DMHTL Concession Agreement, during the Construction Period, as defined in the DMHTL Concession Agreement, provide to KRDCCL no later than 120 days from the date of the DMHTL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 102.6 million in the form set forth in the DMHTL Concession Agreement.

Change of scope: KRDCCL may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DMHTL Concession Agreement (the “**Change of Scope**”). KRDCCL shall make an advance payment to DMHTL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DMHTL Concession Agreement. KRDCCL shall disburse to DMHTL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. All costs arising out of any Change of Scope order issued during the Construction Period, as defined in the DMHTL Concession Agreement, shall be borne by DMHTL, subject to an aggregate ceiling of 0.25% of the total project cost. Any costs in excess of the ceiling shall be reimbursed by KRDCCL.

O&M: DMHTL shall operate and maintain the Project Highway, as defined in the DMHTL Concession Agreement, in accordance with the DMHTL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DMHTL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DMHTL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- allowing authority or authority contractor in collecting and appropriating the Fee;
- minimising disruption to traffic in the event of accidents or other incidents affecting the safety and use of the Project Highway by providing a rapid and effective response and maintaining liaison with emergency services of the state;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- preventing, with the assistance of concerned law enforcement agencies, any unauthorised use of the Project Highway;
- preventing, with the assistance of concerned law enforcement agencies, any encroachments on the Project Highway;
- protection of the environment and provision of equipment and materials therefor;
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway;
- maintaining a public relations unit to interface with and attend to suggestions from the Users, government agencies, media and other agencies; and
- complying with safety requirements in accordance with the DMHTL Concession Agreement.

Maintenance manual: DMHTL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DMHTL shall provide to KRDCCL and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DMHTL shall carry out periodic maintenance;

- arrangements and procedures for carrying out safety related measures;
- intervals for major maintenance works and the scope thereof; and
- lane closure schedule for each type of maintenance (length and time).

Reduction in annuity on account of delayed project completion: In case DMHTL achieves commercial operation date after the scheduled date, as provided in the DMHTL Concession Agreement, then it shall be liable for reduction in its first annuity for delayed completion.

Obligations relating to change in ownership:

- Subject to the next clause, in the case of DMHTL that has been set up by a joint venture, the key joint venture member shall, until the end of concession period, maintain an equity share capital not less than 26% of the subscribed and paid-up equity of DMHTL and 5% of the total project cost.
- Any key joint venture member, other than the lead member, may, with the prior written approval of the KRDCCL, which shall not be unreasonably withheld, reduce its shareholding to below 26% of the subscribed and paid-up equity share capital of DMHTL and less than 5 % of the total project cost, after the date falling two years after the commercial operation date, subject to:
 - all joint venture members continuing to collectively hold at least 26% of the subscribed and paid-up equity of DMHTL until the end of concession period; and
 - the joint venture member who is to provide the O&M experience according to the application submitted by the joint venture shall subscribe and continue to hold at least 5% of the subscribed and paid up equity of DMHTL until the end of concession period.

Escrow Account: As per the escrow agreement entered into between KRDCCL, the Lenders' Representative & the escrow bank (the "DMHTL Escrow Agreement") all funds including the disbursements by Senior Lenders, Project related Fees & revenues, payments by KRDCCL etc is to be deposited into the escrow account opened with escrow bank. The DMHTL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after the termination of the DMHTL Concession Agreement.

- During concession period: (i) all taxes due and payable by DMHTL for and in respect of the Project; (ii) Concession Fee and other dues payable to KRDCCL; (iii) monthly proportionate provision of Debt Service due in an Accounting Year; (iv) all payments relating to construction of the Project; (v) O&M Expenses; (vi) O&M Expenses and other costs and expenses incurred by KRDCCL; (vii) Debt service payment in respect of Subordinated Debt; (viii) Any reserve requirements as set forth in the Financing Agreements; and damages to KRDCCL under the Concession Agreement;
- On termination: (i) all taxes due and payable by DMHTL for and in respect of the Project; (ii) Debt Due (excluding Subordinate Debt); (iii) Outstanding Concession Fee; (iv) all payments and damages to KRDCCL under the Concession Agreement; (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (viii); other payments under the Concession Agreement.

Indemnities:

- DMHTL shall indemnify, defend, save and hold harmless KRDCCL and its officers, servants, agents, Government Instrumentalities, as defined in the DMHTL Concession Agreement, and Government owned and/or controlled entities/enterprises, (the "**KRDCCL Indemnified Persons**") against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DMHTL of any of its obligations under the DMHTL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DMHTL to any user or from any negligence of DMHTL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DMHTL Concession Agreement on the part of KRDCCL Indemnified Persons;
- DMHTL shall fully indemnify, hold harmless and defend KRDCCL and KRDCCL Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DMHTL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DMHTL in respect of the income or other taxes of DMHTL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DMHTL or any of its contractors which are payable by DMHTL or any of its contractors.
- DMHTL shall fully indemnify, hold harmless and defend KRDCCL Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which KRDCCL Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings

arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DMHTL or by DMHTL's contractors in performing the obligations of DMHTL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DMHTL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DMHTL shall promptly make every reasonable effort to secure for KRDCCL a licence, at no cost to KRDCCL, authorising continued use of the infringing work. If DMHTL is unable to secure such licence within a reasonable time, DMHTL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DMHTL's right:

Upon occurrence of a DMHTL Default, KRDCCL shall be entitled, without prejudice to its other rights and remedies under the DMHTL Concession Agreement including its rights of termination hereunder, to (i) suspend all rights of DMHTL under the DMHTL Concession Agreement including the DMHTL's right to receive annuity and other revenues pursuant hereto, and (ii) exercise such rights itself or authorise any other person to exercise the same on its behalf during such suspension ("**Suspension**"). Suspension hereunder shall be effective forthwith upon issue of notice by KRDCCL to DMHTL and copied to the Independent Engineer, as defined in the DMHTL Concession Agreement, setting out the applicable DMHTL Default, and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DMHTL and the Lenders' Representative, as defined in the DMHTL Concession Agreement, KRDCCL shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, as defined in the DMHTL Concession Agreement, shall be entitled to substitute DMHTL under and in accordance with the Substitution Agreement, as defined in the DMHTL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, KRDCCL shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, the period for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- Upon the occurrence of any Force Majeure Event after the Appointed Date but before COD, the concession period and the dates set forth in the Project Completion Schedule shall, as defined in the DMHTL Concession Agreement, be extended by a period equal in length to the duration for which such Force Majeure Event subsists.
- It has been agreed that no extension in concession period shall be granted in case of Force Majeure Event occurs after the COD.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DMHTL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DMHTL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof; provided that the DMHTL's liability in such a case would be limited to the damages of the physical assets like plant and machinery owned by it.
 - upon occurrence of an Indirect Political Event, as defined in the DMHTL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DMHTL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by KRDCCL to DMHTL; and
 - upon occurrence of a Political Event, as defined in the DMHTL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by KRDCCL to DMHTL.

Force Majeure Costs may include interest payments on debt, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include loss on account of damages under the DMHTL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DMHTL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DMHTL Default: Subject to the provisions of the DMHTL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DMHTL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 (sixty) days, DMHTL shall be deemed to be in default of the DMHTL Concession Agreement (the “**DMHTL Default**”), unless the default has occurred solely as a result of any breach of the DMHTL Concession Agreement by KRDCCL or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DMHTL Concession Agreement and DMHTL fails to replenish or provide fresh Performance Security within a cure period of 30 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DMHTL Concession Agreement, DMHTL fails to cure, within a cure period of 90 days, the DMHTL Default for which whole or part of the Performance Security was appropriated;
- DMHTL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DMHTL Concession Agreement and continues to be in default for 90 days;
- upon occurrence of a Financial Default, as defined in the DMHTL Concession Agreement, the Lenders’ Representative has by notice required KRDCCL to undertake Suspension in accordance with the Substitution Agreement and DMHTL fails to cure the default within the cure period specified in the Substitution Agreement;
- DMHTL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of KRDCCL;
- DMHTL is in breach of the maintenance requirements or health, environment and safety requirements, as the case may be;
- DMHTL has failed to make any material payment to KRDCCL within the period specified in the DMHTL Concession Agreement; and
- a change of ownership has occurred in breach of the DMHTL Concession Agreement.

Upon occurrence of a DMHTL Default, KRDCCL shall be entitled to terminate the DMHTL Concession Agreement by issuing a termination notice to DMHTL; provided that before issuing the termination notice, KRDCCL shall by a notice inform DMHTL of its intention to issue such termination notice and grant 15 days to DMHTL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DMHTL Default: Upon termination on account of DMHTL Default, KRDCCL will pay an amount equal to 90.00% of the debt due, less insurance claims.

Termination for KRDCCL Default: DMHTL may terminate the DMHTL Concession Agreement on account of occurrence of a default by the KRDCCL which is not rectified within cure periods (the “**KRDCCL Default**”) and includes – (i) material breach causing a material adverse effect on DMHTL; (ii) the failure to make any payment due to DMHTL; (iii) repudiation of the DMHTL Concession Agreement etc.

Termination Payment for KRDCCL Default: Upon termination on account of KRDCCL Default, KRDCCL will pay an amount equal to (i) debt due less insurance claims; and (ii) 120% of the adjusted equity.

Defects liability after termination: DMHTL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DMHTL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DMHTL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by KRDCCL, KRDCCL shall be entitled to get the same repaired or rectified at the risk and cost of DMHTL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by KRDCCL in this regard shall be reimbursed by DMHTL to KRDCCL within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, KRDCCL shall be entitled to recover the same in accordance with the provisions of the DMHTL Concession Agreement.

- **NHAI HAM Projects**

The DBL Mahagaon Yavatmal Highways Private Limited (“DMYHPL”) Concession Agreement (“DMYHPL Concession Agreement”)

Bid project cost: The parties to the DMYHPL Concession Agreement expressly agree that the cost of construction of the project, as provided in the DMYHPL Concession Agreement, shall be deemed to be ₹ 11,606.4 million (“**Bid Project Cost**”). The Bid Project Cost for payment to DMYHPL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DMYHPL in accordance with the provisions of the DMYHPL Concession Agreement. The Bid Project Cost represents the amount due and payable by NHAI to DMYHPL and may be less than, equal to, or more than the estimated project cost.

Performance security: DMYHPL shall, for the performance of its obligations under the DMYHPL Concession Agreement, provide to NHAI no later than 30 days from the date of the DMYHPL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 580.4 million in the form set forth in the DMYHPL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DMYHPL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to DMYHPL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DMYHPL Concession Agreement. NHAI shall disburse to DMYHPL such amounts as are certified by the Independent Engineer as reasonable and after making a proportionate deduction for the advance payment made. DMYHPL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DMYHPL shall operate and maintain the Project Highway, as defined in the DMYHPL Concession Agreement, in accordance with the DMYHPL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DMYHPL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DMYHPL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DMYHPL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DMYHPL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DMYHPL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and

- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DMYHPL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the DMYHPL Concession Agreement, DMYHPL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 25% of the total equity of DMYHPL; or
- acquisition of any control directly or indirectly of the board of directors of DMYHPL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the decision of NHAI in this behalf being final, conclusive and binding on DMYHPL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DMYHPL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DMYHPL from any liability or obligation under the DMYHPL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders' Representative and the escrow bank (the “**DMYHPL Escrow Agreement**”) all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by NHAI etc is to be deposited into the escrow account. The DMYHPL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DMYHPL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DMYHPL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) any amount dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DMYHPL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to NHAI; (iv) all payments and damages to NHAI under the Concession Agreement (as self-certified by NHAI); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DMYHPL Concession Agreement.

Indemnities:

- DMYHPL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents, Government Instrumentalities, as defined in the DMYHPL Concession Agreement, and Government owned and/or controlled entities/enterprises (the “**NHAI Indemnified Persons**”), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DMYHPL of any of its obligations under the DMYHPL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DMYHPL to any user, or from any negligence of DMYHPL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DMYHPL Concession Agreement on the part of NHAI Indemnified Persons;
- DMYHPL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DMYHPL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DMYHPL in respect of the income or other taxes of DMYHPL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DMYHPL or any of its contractors which are payable by DMYHPL or any of its contractors.
- DMYHPL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by

DMYHPL or by DMYHPL's contractors in performing the obligations of DMYHPL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DMYHPL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DMYHPL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If DMYHPL is unable to secure such licence within a reasonable time, DMYHPL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DMYHPL's rights: Upon occurrence of a DMYHPL Default, as defined below, NHAI shall be entitled, without prejudice to its other rights and remedies under the DMYHPL Concession Agreement including its rights of termination thereunder, to (a) suspend all rights of DMYHPL under the DMYHPL Concession Agreement, and pursuant thereto, and (b) exercise such rights itself and perform the obligations hereunder or authorize any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). Suspension hereunder shall be effective forthwith upon issue of notice by NHAI to DMYHPL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DMYHPL and the Lenders' Representative, as defined in the DMYHPL Concession Agreement, NHAI shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DMYHPL Concession Agreement, shall be entitled to substitute DMYHPL under and in accordance with the Substitution Agreement, as defined in the DMYHPL Concession Agreement, and upon receipt of notice thereunder from the Lenders' Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the Concession:

- Upon the occurrence of any Force Majeure Event, as defined in the DMYHPL Concession Agreement, prior to the Appointed Date, as defined in the DMYHPL Concession Agreement, the period set forth for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined in the DMYHPL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - After COD, DMYHPL shall be entitled to receive annuity payments plus interest due and payable under the DMYHPL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of NHAI, if any.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DMYHPL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the Project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DMYHPL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DMYHPL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DMYHPL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to DMYHPL; and
 - upon occurrence of a Political Event, as defined in the DMYHPL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by NHAI to DMYHPL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost

of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DMYHPL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DMYHPL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DMYHPL Default: Subject to the provisions of the DMYHPL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DMYHPL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DMYHPL shall be deemed to be in default of the DMYHPL Concession Agreement (the “**DMYHPL Default**”), unless the default has occurred solely as a result of any breach of the DMYHPL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DMYHPL Concession Agreement and DMYHPL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DMYHPL Concession Agreement, DMYHPL fails to meet any condition precedent or cure the DMYHPL Default, as the case may be, for which whole or part of the Performance Security was appropriated, within a cure period of 120 days;
- DMYHPL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DMYHPL Concession Agreement and continues to be in default for 120 days;
- DMYHPL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- upon occurrence of a Financial Default, as defined in the DMYHPL Concession Agreement, the Lenders’ Representative, as defined in the DMYHPL Concession Agreement, has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DMYHPL fails to cure the default within the cure period specified;
- DMYHPL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DMYHPL has failed to make any payment to NHAI within the period specified in the DMYHPL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DMYHPL Concession Agreement.

Upon occurrence of a DMYHPL Default, NHAI shall be entitled to terminate the DMYHPL Concession Agreement by issuing a termination notice to DMYHPL; provided that before issuing the termination notice, NHAI shall by a notice inform DMYHPL of its intention to issue such termination notice and grant 15 days to DMYHPL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DMYHPL Default: Upon termination on account of a DMYHPL Default, NHAI will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DMYHPL Default during the construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for NHAI Default: DMYHPL may terminate the DMYHPL Concession Agreement which is not rectified within cure periods (the “**NHAI Default**”) and includes: (i) material default having a Material Adverse Effect on the DMYHPL; (ii) failure to make any payment due to DMYHPL; (iii) repudiation of the DMYHPL Concession Agreement.

Termination Payment for NHAI Default: Upon termination on account of NHAI Default, NHAI will pay DMYHPL an amount equal to-

- In case termination occurs prior to COD, aggregate of (i) Payment Milestone - based Termination Payment by NHAI to the DMYHPL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

***In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.*

- In case termination occurs on or after COD, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DMYHPL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DMYHPL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DMYHPL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAI, NHAI shall be entitled to get the same repaired or rectified at the risk and cost of DMYHPL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by NHAI in this regard shall be reimbursed by DMYHPL to NHAI within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAI shall be entitled to recover the same in accordance with the provisions of the DMYHPL Concession Agreement.

The DBL Tuljapur Ausa Highways Limited Concession Agreement (“DTAHL Concession Agreement”)

Bid project cost: The parties to the DTAHL Concession Agreement expressly agree that the cost of construction of the project, as on the bid date, as provided in the DTAHL Concession Agreement, shall be deemed to be ₹ 9,110.7 million (the “**Bid Project Cost**”). The Bid Project Cost for payment to DTAHL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DTAHL in accordance with the provisions of the DTAHL Concession Agreement. The Bid Project Cost represents the amount due and payable by NHAI to DTAHL and may be less than, equal to, or more than the estimated project cost.

Performance security: DTAHL shall, for the performance of its obligations under the DTAHL Concession Agreement, provide to NHAI no later than 30 days from the date of the DTAHL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 455.6 million in the form set forth in the DTAHL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DTAHL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to DTAHL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DTAHL Concession Agreement. NHAI shall disburse to DTAHL such amounts as are certified by the Independent Engineer as reasonable and after making a proportionate deduction for the advance payment made. DTAHL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DTAHL shall operate and maintain the Project Highway, as defined in the DTAHL Concession Agreement, in accordance with the DTAHL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DTAHL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DTAHL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;

- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DTAHL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DTAHL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DTAHL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DTAHL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the DTAHL Concession Agreement, DTAHL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 25% of the total equity of DTAHL; or
- acquisition of any control directly or indirectly of the board of directors of DTAHL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the decision of NHAI in this behalf being final, conclusive and binding on DTAHL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DTAHL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DTAHL from any liability or obligation under the DTAHL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders’ Representative and the escrow bank (the “**DTAHL Escrow Agreement**”) all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by NHAI etc is to be deposited into the escrow account. The DTAHL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DTAHL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DTAHL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) any amount dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DTAHL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to NHAI; (iv) all payments and damages to NHAI under the Concession Agreement (as self-certified by NHAI); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DTAHL Concession Agreement.

Indemnities:

- DTAHL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents,

Government Instrumentalities, as defined in the DTAHL Concession Agreement, and Government owned and/or controlled entities/enterprises (the “**NHAI Indemnified Persons**”), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DTAHL of any of its obligations under the DTAHL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DTAHL to any user, or from any negligence of DTAHL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DTAHL Concession Agreement on the part of NHAI Indemnified Persons;

- DTAHL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DTAHL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DTAHL in respect of the income or other taxes of DTAHL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DTAHL or any of its contractors which are payable by DTAHL or any of its contractors.
- DTAHL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DTAHL or by DTAHL’s contractors in performing the obligations of DTAHL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DTAHL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DTAHL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If DTAHL is unable to secure such licence within a reasonable time, DTAHL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DTAHL rights: Upon occurrence of a DTAHL Default, NHAI shall be entitled, without prejudice to its other rights and remedies under the DTAHL Concession Agreement including its rights of termination thereunder, to (a) suspend all rights of DTAHL under the DTAHL Concession Agreement, and pursuant thereto, and (b) exercise such rights itself and perform the obligations hereunder or authorize any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). Suspension thereunder shall be effective forthwith upon issue of notice by NHAI to DTAHL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DTAHL and the Lenders’ Representative, as defined in the DTAHL Concession Agreement, NHAI shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, as defined in the DTAHL Concession Agreement, shall be entitled to substitute DTAHL under and in accordance with the Substitution Agreement, as defined in the DTAHL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, each term as defined in as defined in the DTAHL Concession Agreement, the period for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined in the DTAHL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, DTAHL shall be entitled to receive annuity payments plus interest due and payable under the DTAHL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of NHAI, if any.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DTAHL Concession Agreement, shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined the DTAHL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined the DTAHL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DTAHL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to DTAHL; and
 - Upon occurrence of a Political Event, as defined the DTAHL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by NHAI to DTAHL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DTAHL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DTAHL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DTAHL Default: Subject to the provisions of the DTAHL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DTAHL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DTAHL shall be deemed to be in default of the DTAHL Concession Agreement (the “**DTAHL Default**”), unless the default has occurred solely as a result of any breach of the DTAHL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DTAHL Concession Agreement and DTAHL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DTAHL Concession Agreement, DTAHL fails to meet any condition precedent or cure the DTAHL Default, as the case may be, for which whole or part of the Performance Security was appropriated, within a cure period of 120 days;
- DTAHL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DTAHL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DTAHL Concession Agreement, the Lenders’ Representative has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DTAHL fails to cure the default within the cure period specified;
- DTAHL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- DTAHL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DTAHL has failed to make any payment to NHAI within the period specified in the DTAHL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DTAHL Concession Agreement.

Upon occurrence of a DTAHL Default, NHAI shall be entitled to terminate the DTAHL Concession Agreement by issuing a termination notice to DTAHL; provided that before issuing the termination notice, NHAI shall by a notice inform DTAHL of its intention to issue such termination notice and grant 15 days to DTAHL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DTAHL Default: Upon termination on account of a DTAHL Default, NHAI will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DTAHL Default during the

construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for NHAH Default: DTAHL may terminate the DTAHL Concession Agreement which is not rectified within cure periods (the “**NHAH Default**”) and includes: (i) material default having a Material Adverse Effect on the DTAHL; (ii) failure to make any payment due to DTAHL; (iii) repudiation of the DTAHL Concession Agreement.

Termination Payment for NHAH Default: Upon termination on account of NHAH Default, NHAH will pay DTAHL an amount equal to-

- **In case termination occurs prior to COD**, aggregate of (i) Payment Milestone - based Termination Payment by NHAH to the DTAHL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

**In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

- **In case termination occurs on or after COD**, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DTAHL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DTAHL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DTAHL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAH, NHAH shall be entitled to get the same repaired or rectified at the risk and cost of DTAHL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by NHAH in this regard shall be reimbursed by DTAHL to NHAH within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAH shall be entitled to recover the same in accordance with the provisions of the DTAHL Concession Agreement.

The DBL Wardha Butibori Highways Private Limited Concession Agreement (“DWBHPL Concession Agreement”)

Bid project cost: The parties to the DWBHPL Concession Agreement expressly agree that the cost of construction of the project, as on the bid date, as provided in the DWBHPL Concession Agreement, shall be deemed to be ₹ 10,655.1 million (the “**Bid Project Cost**”). The Bid Project Cost for payment to DWBHPL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DWBHPL in accordance with the provisions of the DWBHPL Concession Agreement. The Bid Project Cost represents the amount due and payable by NHAH to DWBHPL and may be less than, equal to, or more than the estimated project cost.

Performance security: DWBHPL shall, for the performance of its obligations under the DWBHPL Concession Agreement, provide to NHAH no later than 30 days from the date of the DWBHPL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 532.8 million in the form set forth in the DWBHPL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DWBHPL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to DWBHPL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DWBHPL Concession Agreement. NHAI shall disburse to DWBHPL such amounts as are certified by the Independent Engineer, as reasonable and after making a proportionate deduction for the advance payment made. DWBHPL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DWBHPL shall operate and maintain the Project Highway, as defined in the DWBHPL Concession Agreement, in accordance with the DWBHPL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DWBHPL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DWBHPL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DWBHPL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DWBHPL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DWBHPL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DWBHPL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the DWBHPL Concession Agreement, DWBHPL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 25% of the total equity of DWBHPL; or
- acquisition of any control directly or indirectly of the board of directors of DWBHPL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the decision of NHAI in this behalf being final, conclusive and binding on DWBHPL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DWBHPL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DWBHPL from any liability or obligation under the DWBHPL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders' Representative and the escrow bank (the "DWBHPL Escrow Agreement") all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by NHAI etc is to be deposited into the escrow account. The DWBHPL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DWBHPL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DWBHPL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) any amount dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DWBHPL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to NHAI; (iv) all payments and damages to NHAI under the Concession Agreement (as self-certified by NHAI); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DWBHPL Concession Agreement.

Indemnities:

- DWBHPL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents, Government Instrumentalities, as defined in the DWBHPL Concession Agreement, and Government owned and/or controlled entities/enterprises (the "**NHAI Indemnified Persons**"), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DWBHPL of any of its obligations under the DWBHPL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DWBHPL to any user, or from any negligence of DWBHPL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DWBHPL Concession Agreement on the part of NHAI Indemnified Persons;
- DWBHPL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DWBHPL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DWBHPL in respect of the income or other taxes of DWBHPL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DWBHPL or any of its contractors which are payable by DWBHPL or any of its contractors.
- DWBHPL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DWBHPL or by DWBHPL's contractors in performing the obligations of DWBHPL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DWBHPL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DWBHPL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If DWBHPL is unable to secure such licence within a reasonable time, DWBHPL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DWBHPL's rights: Upon occurrence of a DWBHPL Default, NHAI shall be entitled, without prejudice to its other rights and remedies under the DWBHPL Concession Agreement including its rights of termination thereunder, to (a) suspend all rights of DWBHPL under the DWBHPL Concession Agreement, and pursuant thereto, and (b) exercise such rights itself and perform the obligations hereunder or authorize any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). Suspension thereunder shall be effective forthwith upon issue of notice by NHAI to DWBHPL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DWBHPL and the Lenders' Representative, as defined in the DWBHPL Concession Agreement, NHAI shall extend the aforesaid period of 180

days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, as defined in the DWBHPL Concession Agreement, shall be entitled to substitute DWBPHL under and in accordance with the Substitution Agreement, and upon receipt of notice thereunder from the Lenders' Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, as defined in the DWBHPL Concession Agreement, the period set forth for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined in the DWBHPL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, DWBHPL shall be entitled to receive annuity payments plus interest due and payable under the DWBHPL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of NHAI, if any.

Allocation of costs arising out of Force Majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DWBHPL Concession Agreement, shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined by the DWBHPL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined by the DWBHPL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DWBHPL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to DWBHPL; and
 - Upon occurrence of a Political Event, as defined by the DWBHPL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by NHAI to DWBHPL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DWBHPL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DWBHPL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DWBHPL Default: Save as otherwise provided in the DWBHPL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DWBHPL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DWBHPL shall be deemed to be in default of the DWBHPL Concession Agreement (the "**DWBHPL Default**"), unless the default has occurred solely as a result of any breach of the DWBHPL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DWBHPL Concession Agreement and DWBHPL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DWBHPL Concession Agreement, DWBHPL fails to meet any condition precedent or cure the DWBHPL Default, as the case may be, for which whole or part of the Performance Security was appropriated, within a cure period of 120 days;
- DWBHPL does not achieve the latest outstanding project milestone due in accordance with the provisions

- of the DWBHPL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DWBHPL Concession Agreement, the Lenders' Representative has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DWBHPL fails to cure the default within the cure period specified hereinabove;
- DWBHPL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- DWBHPL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DWBHPL has failed to make any payment to NHAI within the period specified in the DWBHPL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DWBHPL Concession Agreement.

Upon occurrence of a DWBHPL Default, NHAI shall be entitled to terminate the DWBHPL Concession Agreement by issuing a termination notice to DWBHPL; provided that before issuing the termination notice, NHAI shall by a notice inform DWBHPL of its intention to issue such termination notice and grant 15 days to DWBHPL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

NHAI will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DWBHPL Default during the construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for NHAI Default: DWBHPL may terminate the DWBHPL Concession Agreement which is not rectified within cure periods (the “**NHAI Default**”) and includes: (i) material default having a Material Adverse Effect on the DWBHPL; (ii) failure to make any payment due to DWBHPL; (iii) repudiation of the DWBHPL Concession Agreement.

Termination Payment for NHAI Default: Upon termination on account of NHAI Default, NHAI will pay DWBHPL an amount equal to-

- In case termination occurs prior to COD, aggregate of (i) Payment Milestone - based Termination Payment by NHAI to the DWBHPL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

**In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

- In case termination occurs on or after COD, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DWBHPL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DWBHPL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DWBHPL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAI, NHAI shall be entitled to get the same repaired or rectified at the risk and cost of DWBHPL so as to make the Project Highway conform to the

maintenance requirements. All costs incurred by NHAI in this regard shall be reimbursed by DWBHPL to NHAI within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAI shall be entitled to recover the same in accordance with the provisions of the DWBHPL Concession Agreement.

The DBL Yavatmal Wardha Highways Private Limited (“DYWHPL”) Concession Agreement (“DYWHPL Concession Agreement”)

Bid project cost: The parties to the DYWHPL Concession Agreement expressly agree that the cost of construction of the project, as on the bid date, as provided in the DYWHPL Concession Agreement, shall be deemed to be ₹ 10,432.8 million (the “**Bid Project Cost**”). The Bid Project Cost for payment to DYWHPL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DYWHPL in accordance with the provisions of the DYWHPL Concession Agreement. The Bid Project Cost represents the amount due and payable by NHAI to DYWHPL and may be less than, equal to, or more than the estimated project cost.

Performance security: DYWHPL shall, for the performance of its obligations under the DYWHPL Concession Agreement, provide to NHAI no later than 30 days from the date of the DYWHPL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 521.7 million in the form set forth in the DYWHPL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DYWHPL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to DYWHPL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DYWHPL Concession Agreement. NHAI shall disburse to DYWHPL such amounts as are certified by the Independent Engineer as reasonable and after making a proportionate deduction for the advance payment made. DYWHPL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DYWHPL shall operate and maintain the Project Highway, as defined in the DYWHPL Concession Agreement, in accordance with the DYWHPL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DYWHPL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DYWHPL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- carrying out periodic preventive maintenance of the Project Highway;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DYWHPL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DYWHPL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;

- intervals at which DYWHPL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DYWHPL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the DYWHPL Concession Agreement, DYWHPL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 25% of the total equity of DYWHPL; or
- acquisition of any control directly or indirectly of the board of directors of DYWHPL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the decision of NHAI in this behalf being final, conclusive and binding on DYWHPL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DYWHPL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DYWHPL from any liability or obligation under the DYWHPL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders' Representative and the escrow bank (the "DYWHPL Escrow Agreement") all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by NHAI etc is to be deposited into the escrow account. The DYWHPL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DYWHPL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DYWHPL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) any amount dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DYWHPL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to NHAI; (iv) all payments and damages to NHAI under the Concession Agreement (as self-certified by NHAI); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DYWHPL Concession Agreement.

Indemnities:

- DYWHPL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents, Government Instrumentalities, as defined in the DYWHPL Concession Agreement, and Government owned and/or controlled entities/enterprises (the "**NHAI Indemnified Persons**"), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DYWHPL of any of its obligations under the DYWHPL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DYWHPL to any user or from any negligence of DYWHPL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DYWHPL Concession Agreement on the part of NHAI Indemnified Persons;
- DYWHPL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DYWHPL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DYWHPL in respect of the income or other taxes of DYWHPL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DYWHPL or any of its contractors which are payable by DYWHPL or any of its contractors.
- DYWHPL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of

claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DYWHPL or by DYWHPL's contractors in performing the obligations of DYWHPL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DYWHPL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DYWHPL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If DYWHPL is unable to secure such licence within a reasonable time, DYWHPL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DYWHPL rights: Upon occurrence of a DYWHPL Default, NHAI shall be entitled, without prejudice to its other rights and remedies under the DYWHPL Concession Agreement, including its rights of termination thereunder, to (a) suspend all rights of YDWHPL under the DYWHPL Concession Agreement, and pursuant thereto, and (b) exercise such rights itself and perform the obligations thereunder or authorize any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). Suspension hereunder shall be effective forthwith upon issue of notice by NHAI to DYWHPL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DYWHPL and the Lenders’ Representative, as defined in the DYWHPL Concession Agreement, NHAI shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, as defined in the DYWHPL Concession Agreement, shall be entitled to substitute DYWHPL under and in accordance with the Substitution Agreement, as defined in the DYWHPL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, as defined in the DYWHPL Concession Agreement, the period for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined in the DYWHPL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, DWYHPL shall be entitled to receive annuity payments plus interest due and payable under the DYWHPL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of NHAI, if any.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DYWHPL Concession Agreement, shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DYWHPL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DYWHPL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DYWHPL to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to DYWHPL; and
 - Upon occurrence of a Political Event, as defined in the DYWHPL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by NHAI to DYWHPL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DYWHPL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DYWHPL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DYWHPL Default: Subject to the provisions of the DYWHPL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DYWHPL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DYWHPL shall be deemed to be in default of the DYWHPL Concession Agreement (the “**DYWHPL Default**”), unless the default has occurred solely as a result of any breach of the DYWHPL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DYWHPL Concession Agreement and DYWHPL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DYWHPL Concession Agreement, DYWHPL fails to meet any condition precedent or cure the DYWHPL Default, as the case may be, for which whole or part of the Performance Security was appropriated, within a cure period of 120 days;
- DYWHPL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DYWHPL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DYWHPL Concession Agreement, the Lenders’ Representative has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DYWHPL fails to cure the default within the cure period specified;
- DYWHPL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- DYWHPL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DYWHPL has failed to make any payment to NHAI within the period specified in the DYWHPL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DYWHPL Concession Agreement.

Upon occurrence of a DYWHPL Default, NHAI shall be entitled to terminate the DYWHPL Concession Agreement by issuing a termination notice to DYWHPL; provided that before issuing the termination notice, NHAI shall by a notice inform DYWHPL of its intention to issue such termination notice and grant 15 days to DYWHPL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DYWHPL Default: Upon termination on account of a DYWHPL Default, NHAI will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DYWHPL Default during the construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for NHAI Default: DYWHPL may terminate the DYWHPL Concession Agreement which is not rectified within cure periods (the “**NHAI Default**”) and includes: (i) material default having a Material Adverse Effect on the DYWHPL; (ii) failure to make any payment due to DYWHPL; (iii) repudiation of the DYWHPL Concession Agreement.

Termination Payment for NHAI Default: Upon termination on account of NHAI Default, NHAI will pay DYWHPL an amount equal to-

- In case termination occurs prior to COD, aggregate of (i) Payment Milestone - based Termination Payment by NHAI to the DYWHPL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

***In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.*

- In case termination occurs on or after COD, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DYWHPL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DYWHPL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DYWHPL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAI, NHAI shall be entitled to get the same repaired or rectified at the risk and cost of DYWHPL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by NHAI in this regard shall be reimbursed by DYWHPL to NHAI within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAI shall be entitled to recover the same in accordance with the provisions of the DYWHPL Concession Agreement.

The DBL Lucknow Sultanpur Highways Limited (“DLSHL”) Concession Agreement (“DLSHL Concession Agreement”)

Bid project cost: The parties to the DLSHL Concession Agreement expressly agree that the cost of construction of the project, as on the bid date, as provided in the DLSHL Concession Agreement, shall be deemed to be ₹ 20,160 million (“**Bid Project Cost**”). The Bid Project Cost for payment to DLSHL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DLSHL in accordance with the provisions of the DLSHL Concession Agreement. The Bid Project Cost represents the amount due and payable by NHAI to DLSHL and may be less than, equal to, or more than the estimated project cost.

Performance security: DLSHL shall, for the performance of its obligations under the DLSHL Concession Agreement, provide to NHAI no later than 30 days from the date of the DLSHL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 1,008 million in the form set forth in the DLSHL Concession Agreement.

Change of scope: NHAI may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DLSHL Concession Agreement (the “**Change of Scope**”). NHAI shall make an advance payment to DLSHL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DLSHL Concession Agreement. NHAI shall disburse to DLSHL such amounts as are certified by the Independent Engineer as reasonable and after making a proportionate deduction for the advance payment made. DLSHL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DLSHL shall operate and maintain the Project Highway, as defined in the DLSHL Concession Agreement, in accordance with the DLSHL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DLSHL Concession Agreement, and if required, modify, repair or otherwise make improvements to the Project Highway, and conform to specifications, standards and good industry practice. The obligations of DLSHL, among other things, shall include:

- permitting safe, smooth and uninterrupted flow of traffic on the Project Highway during normal operating conditions;
- carrying out periodic preventive maintenance of the Project Highway;

- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, pavement markings, lighting, road signs and other traffic control devices;
- undertaking major maintenance such as resurfacing of pavements, repairs to structures, and repairs and refurbishment of tolling system and other equipment;
- protection of the environment and provision of equipment and materials therefor; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the Project Highway.

Maintenance manual: DLSHL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the Project Highway in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance programme: DLSHL shall provide to NHAI and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Programme**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Programme shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the Project Highway;
- intervals at which DLSHL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DLSHL shall not undertake or permit any change in ownership, except with the prior written approval of NHAI. Notwithstanding anything to the contrary contained in the DLSHL Concession Agreement, DLSHL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of not less than 25% of the total equity of DLSHL; or
- acquisition of any control directly or indirectly of the board of directors of DLSHL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of NHAI from national security and public interest perspective, the decision of NHAI in this behalf being final, conclusive and binding on DLSHL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DLSHL without such prior approval of NHAI. It has been expressly agreed that approval of NHAI hereunder shall be limited to national security and public interest perspective, and NHAI shall endeavour to convey its decision thereon expeditiously. It has also been agreed that NHAI shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DLSHL from any liability or obligation under the DLSHL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between NHAI, the Lenders’ Representative and the escrow bank (the “DLSHL Escrow Agreement”) all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by NHAI etc is to be deposited into the escrow account. The DLSHL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DLSHL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DLSHL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by NHAI; (v) any amount dues payable to NHAI; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to NHAI under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DLSHL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to NHAI; (iv) all payments and damages to NHAI under the Concession Agreement (as self-certified by NHAI); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DLSHL Concession Agreement.

Indemnities:

- DLSHL shall indemnify, defend, save and hold harmless NHAI and its officers, servants, agents, Government Instrumentalities, as defined in the DLSHL Concession Agreement, and Government owned and/or controlled entities/enterprises (the “**Authority Indemnified Persons**”), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DLSHL of any of its obligations under the DLSHL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DLSHL to any user, or from any negligence of DLSHL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DLSHL Concession Agreement on the part of NHAI Indemnified Persons;
- DLSHL shall fully indemnify, hold harmless and defend NHAI and NHAI Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DLSHL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DLSHL in respect of the income or other taxes of DLSHL’s contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DLSHL or any of its contractors which are payable by DLSHL or any of its contractors.
- DLSHL shall fully indemnify, hold harmless and defend NHAI Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which NHAI Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DLSHL or by DLSHL’s contractors in performing the obligations of DLSHL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DLSHL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the Project Highway, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DLSHL shall promptly make every reasonable effort to secure for NHAI a licence, at no cost to NHAI, authorising continued use of the infringing work. If DLSHL is unable to secure such licence within a reasonable time, DLSHL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DLSHL rights: Upon occurrence of a DLSHL Default, as defined below, NHAI shall be entitled, without prejudice to its other rights and remedies under the DLSHL Concession Agreement including its rights of termination thereunder, to (a) suspend all rights of NHAI under the DLSHL Concession Agreement, and pursuant thereto, and (b) exercise such rights itself and perform the obligations hereunder or authorize any other person to exercise or perform the same on its behalf during such suspension (“**Suspension**”). Suspension thereunder shall be effective forthwith upon issue of notice by NHAI to DLSHL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DLSHL and the Lenders’ Representative, as defined in the DLSHL Concession Agreement, NHAI shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders’ Representative, on behalf of Senior Lenders, as defined in the DLSHL Concession Agreement, shall be entitled to substitute DLSHL under and in accordance with the Substitution Agreement, as defined in the DLSHL Concession Agreement, and upon receipt of notice thereunder from the Lenders’ Representative, NHAI shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders’ Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of force majeure event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, each term as defined in the DLSHL Concession Agreement, the period for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined in the DLSHL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - after COD, DLSHL shall be entitled to receive annuity payments plus interest due and payable under the DLSHL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of NHAI, if any.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DLSHL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the Project (“**Force Majeure Costs**”) shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DLSHL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party any costs thereof;
 - upon occurrence of an Indirect Political Event, as defined in the DLSHL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by NHAI, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by NHAI to DLSHL; and
 - upon occurrence of a Political Event, as defined in the DLSHL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by the NHAI to DLSHL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DLSHL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DLSHL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DLSHL Default: Subject to the provisions of the DLSHL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DLSHL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DLSHL shall be deemed to be in default of the DLSHL Concession Agreement (the “**DLSHL Default**”), unless the default has occurred solely as a result of any breach of the DLSHL Concession Agreement by NHAI or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DLSHL Concession Agreement and DLSHL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DLSHL Concession Agreement, DLSHL fails to meet any condition precedent or cure the DLSHL Default, as the case may be, for which whole or part of the Performance Security was appropriated, within a cure period of 120 days;
- DLSHL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DLSHL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, as defined in the DLSHL Concession Agreement, the Lenders’ Representative has by notice required NHAI to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement and DLSHL fails to cure the default within the cure period specified;
- DLSHL abandons or manifests intention to abandon the construction or operation of the Project Highway without the prior written consent of NHAI;
- DLSHL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DLSHL has failed to make any payment to NHAI within the period specified in the DLSHL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DLSHL Concession Agreement.

Upon occurrence of a DLSHL Default, NHAI shall be entitled to terminate the DLSHL Concession Agreement by issuing a termination notice to DLSHL; provided that before issuing the termination notice, NHAI shall by a notice inform DLSHL of its intention to issue such termination notice and grant 15 days to DLSHL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DLSHL Default: Upon termination on account of a DLSHL Default, NHAI will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DLSHL Default during the construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for NHAI Default: DLSHL may terminate the DLSHL Concession Agreement which is not rectified within cure periods (the “**NHAI Default**”) and includes: (i) material default having a Material Adverse Effect on the DLSHL; (ii) failure to make any payment due to DLSHL; (iii) repudiation of the DLSHL Concession Agreement.

Termination Payment for NHAI Default: Upon termination on account of NHAI Default, NHAI will pay DLSHL an amount equal to-

- In case termination occurs prior to COD, aggregate of (i) Payment Milestone - based Termination Payment by NHAI to the DLSHL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

**In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

- In case termination occurs on or after COD, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DLSHL shall be responsible for all defects and deficiencies in the Project Highway for a period of 120 days after termination, as defined in the DLSHL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the Project Highway during this period. In the event that DLSHL fails to repair or rectify such defect or deficiency within a period of 15 days from the date of notice issued by NHAI, NHAI shall be entitled to get the same repaired or rectified at the risk and cost of DLSHL so as to make the Project Highway conform to the maintenance requirements. All costs incurred by NHAI in this regard shall be reimbursed by DLSHL to NHAI within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, NHAI shall be entitled to recover the same in accordance with the provisions of the DLSHL Concession Agreement.

- **PWD HAM Project**

The DBL Kalmath Zarap Highways Limited (“DKZHL”) Concession Agreement (“DKZHL Concession Agreement”)

Bid project cost: The parties to the DKZHL Concession Agreement expressly agree that the cost of construction of the project, as provided in the DKZHL Concession Agreement, shall be deemed to be ₹ 9,140 million (the “**Bid Project Cost**”). The Bid Project Cost for payment to DKZHL shall be inclusive of the cost of construction, interest during construction, working capital, physical contingencies and all other costs, expenses and charges for and in respect of construction of the project, save and except any additional costs arising, which shall be due and payable to DKZHL in accordance with the provisions of the DKZHL Concession Agreement. The Bid Project Cost represents the amount due and payable by PWD to DKZHL and may be less than, equal to, or more than the estimated project cost.

Performance security: DKZHL shall, for the performance of its obligations under the DKZHL Concession Agreement, provide to PWD no later than 30 days from the date of the DKZHL Concession Agreement, an irrevocable and unconditional guarantee from a bank for a sum equivalent to ₹ 457 million in the form set forth in the DKZHL Concession Agreement.

Change of scope: PWD may require the provision of additional works and services which are not included in the scope of the project as contemplated by the DKZHL Concession Agreement (the “**Change of Scope**”). PWD shall make an advance payment to DKZHL in a sum equal to 20% of the cost of Change of Scope, and in the event of a dispute, 20% of the cost assessed by the Independent Engineer, as defined in the DKZHL Concession Agreement. PWD shall disburse to DKZHL such amounts as are certified by the Independent Engineer as reasonable and after making a proportionate deduction for the advance payment made. DKZHL shall be entitled to nullify any Change of Scope order if it causes the cumulative costs relating to all the Change of Scope orders to exceed 10% of the Bid Project Cost in any continuous period of three years immediately preceding the date of such Change of Scope order or if such cumulative costs exceed 25% of the Bid Project Cost at any time during the concession period.

O&M: DKZHL shall operate and maintain the project in accordance with the DKZHL Concession Agreement either by itself, or through the O&M Contractor, as defined in the DKZHL Concession Agreement, and if required, modify, repair or otherwise make improvements to the project, and conform to specifications, standards and good industry practice. The obligations of DKZHL, among other things, shall include:

- procuring and ensuring safe, smooth and uninterrupted use of the project, including prevention of loss or damage thereto, during normal operating conditions;
- minimizing disruption in the event of accidents or other incidents affecting the safety and use of the project by providing a rapid and effective response and maintaining liaison with emergency services of the State;
- carrying out periodic preventive maintenance of the project;
- undertaking routine maintenance including prompt repairs of potholes, cracks, joints, drains, embankments, structures, markings, lighting, signage and other control devices;
- undertaking major maintenance such as resurfacing, repairs to structures, and repairs and refurbishment of system and equipment; and
- operation and maintenance of all communication, control and administrative systems necessary for the efficient operation of the project and for providing safe, smooth and uninterrupted use of the project.

Maintenance manual: DKZHL shall, in consultation with the Independent Engineer, evolve a repair and maintenance manual (the “**Maintenance Manual**”) for the regular and preventive maintenance of the project in conformity with the specifications, standards, maintenance requirements, safety requirements and good industry practice. The Maintenance Manual shall be revised and updated once every three years.

Maintenance program: DKZHL shall provide to PWD and the Independent Engineer its proposed annual programme of preventive, urgent and other scheduled maintenance (the “**Maintenance Program**”) to comply with the maintenance requirements, maintenance manual and safety requirements. Such Maintenance Program shall include the following:

- preventive maintenance schedule;
- arrangements and procedures for carrying out urgent repairs;
- criteria to be adopted for deciding maintenance needs;
- intervals and procedures for carrying out inspection of all elements of the project;
- intervals at which DKZHL shall carry out periodic maintenance;
- arrangements and procedures for carrying out safety related measures; and
- intervals for major maintenance works and the scope thereof.

Obligations relating to change in ownership: DKZHL shall not undertake or permit any change in ownership, except with the prior written approval of PWD. Notwithstanding anything to the contrary contained in the DKZHL Concession Agreement, DKZHL agrees and acknowledges that:

- all acquisitions of equity by an acquirer, either by himself or with any person acting in concert, directly or indirectly, including by transfer of the direct or indirect legal or beneficial ownership or control of any equity, in aggregate of 25% or more of the total equity of DKZHL; or
- acquisition of any control directly or indirectly of the board of directors of DKZHL by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of PWD from national security and public interest perspective, the decision of PWD in this behalf being final, conclusive and binding on DKZHL, and undertakes that it shall not give effect to any such acquisition of equity or control of the board of directors of DKZHL without such prior approval of PWD. It has been expressly agreed that approval of PWD hereunder shall

be limited to national security and public interest perspective, and PWD shall endeavour to convey its decision thereon expeditiously. It has also been agreed that PWD shall not be liable in any manner on account of grant or otherwise of such approval and that such approval or denial thereof shall not in any manner absolve DKZHL from any liability or obligation under the DKZHL Concession Agreement.

Escrow Account: As per the escrow agreement entered into between PWD, the Lenders' Representative and the escrow bank (the "DKZHL Escrow Agreement") all funds including disbursements by Senior Lenders, Project-related Fee & revenues, payments by PWD etc is to be deposited into the escrow account. The DKZHL Escrow Agreement prescribes an order/priority of payments from the escrow account, both during the concession period and after termination of the DKZHL Concession Agreement:

- During Concession Period: (i) all taxes due and payable by DKZHL for and in respect of the Project; (ii) all payments relating to construction of the Project; (iii) O&M Expenses; (iv) O&M Expenses and other costs and expenses incurred by PWD; (v) any amount dues payable to PWD; (vi) monthly proportionate provision of Debt Service due in an Accounting Year; (vii) damages to PWD under the Concession Agreement; (viii) monthly proportionate provision of Debt Service in respect of Subordinated Debt etc.
- On termination: (i) all taxes due and payable by DKZHL for and in respect of the Project; (ii) percentage of the Debt Due (excluding Subordinate Debt); (iii) Outstanding payments due to PWD; (iv) all payments and damages to PWD under the Concession Agreement (as self-certified by PWD); (v) retention monies (on account of liabilities for defects); (vi) outstanding Debt Service (including balance of Debt Due); (vii) outstanding Subordinate Debt; (viii) incurred or accrued O&M Expenses; (ix) other payments under the DKZHL Concession Agreement.

Indemnities:

- DKZHL shall indemnify, defend, save and hold harmless PWD and its officers, servants, agents, Government Instrumentalities, as defined in the DKZHL Concession Agreement, and Government owned and/or controlled entities/enterprises (the "**PWD Indemnified Persons**"), against any and all suits, proceedings, actions, demands and claims from third parties for any loss, damage, cost and expense of whatever kind and nature, whether arising out of any breach by DKZHL of any of its obligations under the DKZHL Concession Agreement or any related agreement or on account of any defect or deficiency in the provision of services by DKZHL to PWD or to any user, or from any negligence of DKZHL under contract or tort or on any other ground whatsoever, except to the extent that any such suits, proceedings, actions, demands and claims have arisen due to any negligent act or omission, or breach or default of the DKZHL Concession Agreement on the part of PWD Indemnified Persons;
- DKZHL shall fully indemnify, hold harmless and defend PWD and PWD Indemnified Persons from and against any and all loss and/or damages arising out of or with respect to:
 - failure of DKZHL to comply with applicable laws and applicable permits;
 - payment of taxes required to be made by DKZHL in respect of the income or other taxes of DKZHL's contractors, suppliers and representatives; or
 - non-payment of amounts due as a result of materials or services furnished to DKZHL or any of its contractors which are payable by DKZHL or any of its contractors.
- DKZHL shall fully indemnify, hold harmless and defend PWD Indemnified Persons from and against any and all suits, proceedings, actions, claims, demands, liabilities and damages which PWD Indemnified Persons may hereafter suffer, or pay by reason of any demands, claims, suits or proceedings arising out of claims of infringement of any domestic or foreign patent rights, copyrights or other intellectual property, proprietary or confidentiality rights with respect to any materials, information, design or process used by DKZHL or by DKZHL's contractors in performing the obligations of DKZHL or in any way incorporated in or related to the project. If in any such suit, action, claim or proceedings, a temporary restraint order or preliminary injunction is granted, DKZHL shall make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the revocation or suspension of the injunction or restraint order. If, in any such suit, action, claim or proceedings, the project, or any part thereof or comprised therein, is held to constitute an infringement and its use is permanently enjoined, DKZHL shall promptly make every reasonable effort to secure for PWD a licence, at no cost to PWD, authorising continued use of the infringing work. If DKZHL is unable to secure such licence within a reasonable time, DKZHL shall, at its own expense, and without impairing the specifications and standards, either replace the affected work, or part, or process thereof with non-infringing work or part or process, or modify the same so that it becomes non-infringing.

Suspension of DKZHL rights: Upon occurrence of a DKZHL Default, PWD shall be entitled, without prejudice to its other rights and remedies under the DKZHL Concession Agreement including its rights of termination thereunder, to (a) suspend all rights of DKZHL under the DKZHL Concession Agreement, and pursuant hereto, and (b) exercise such rights itself and perform the obligations thereunder or authorize any other person to exercise or perform the same on its behalf during such suspension ("**Suspension**"). Suspension hereunder shall be effective

forthwith upon issue of notice by PWD to DKZHL and may extend up to a period not exceeding 180 days from the date of issue of such notice; provided that upon written request from DKZHL and the Lenders' Representative, as defined in the DKZHL Concession Agreement, PWD shall extend the aforesaid period of 180 days by a further period not exceeding 90 days. At any time during the period of Suspension, the Lenders' Representative, on behalf of Senior Lenders, each term as defined in the DKZHL Concession Agreement including, shall be entitled to substitute DKZHL under and in accordance with the Substitution Agreement, as defined in the DKZHL Concession Agreement, including, and upon receipt of notice thereunder from the Lenders' Representative, PWD shall withhold termination for a period not exceeding 180 days from the date of Suspension, and any extension thereof, for enabling the Lenders' Representative to exercise its rights of substitution on behalf of Senior Lenders.

Effect of Force Majeure Event on the concession:

- Upon the occurrence of any Force Majeure Event prior to the Appointed Date, each term as defined the DKZHL Concession Agreement, the period set for fulfillment of conditions precedent and for achieving financial close shall be extended by a period equal in length to the duration of the Force Majeure Event.
- At any time after the Appointed Date, if any Force Majeure Event occurs:
 - before COD, the construction period and the dates set forth in the Project Completion Schedule, as defined the DKZHL Concession Agreement, shall be extended by a period equal in length to the duration for which such Force Majeure Event subsists; or
 - After COD, DKZHL shall be entitled to receive annuity payments plus interest due and payable under the DKZHL Concession Agreement.

Provided any payment to be made under this clause shall be subject to deduction of outstanding dues of PWD, if any.

Allocation of costs arising out of force majeure:

- Upon occurrence of any Force Majeure Event prior to the Appointed Date, the parties to the DKZHL Concession Agreement shall bear their respective costs and no party shall be required to pay to the other party any costs thereof.
- Upon occurrence of a Force Majeure Event after the Appointed Date, the costs incurred and attributable to such event and directly relating to the project ("**Force Majeure Costs**") shall be allocated and paid as follows:
 - upon occurrence of a Non-Political Event, as defined in the DKZHL Concession Agreement, the parties shall bear their respective Force Majeure Costs and neither party shall be required to pay to the other party costs therefore;
 - upon occurrence of an Indirect Political Event, as defined in the DKZHL Concession Agreement, all Force Majeure Costs attributable to such Indirect Political Event, and not exceeding the insurance cover for such Indirect Political Event, shall be borne by DKZHL, and to the extent Force Majeure Costs exceed such insurance cover, one half of such excess amount shall be reimbursed by PWD to DKZHL; and
 - upon occurrence of a Political Event, as defined in the DKZHL Concession Agreement, all Force Majeure Costs attributable to such Political Event shall be reimbursed by PWD to DKZHL.

Force Majeure Costs may include interest payments on debt due, O&M expenses, any increase in the cost of construction works on account of inflation and all other costs directly attributable to the Force Majeure Event, but shall not include any costs which are expressly covered under any provision of the DKZHL Concession Agreement or debt repayment obligations, and for determining such costs, information contained in the Financial Package, as defined in the DKZHL Concession Agreement, may be relied upon to the extent that such information is relevant.

Termination for DKZHL Default: Subject to the provisions of the DKZHL Concession Agreement, in the event that any of the defaults specified below shall have occurred, and DKZHL fails to cure the default within the mentioned cure periods, or where no cure period is specified, then within a cure period of 60 days, DKZHL shall be deemed to be in default of the DKZHL Concession Agreement (the "**DKZHL Default**"), unless the default has occurred as a result of any breach of the DKZHL Concession Agreement by PWD or due to force majeure. The defaults referred to shall include, among other things, the following:

- the Performance Security has been encashed and appropriated in accordance with the DKZHL Concession Agreement and DKZHL fails to replenish or provide fresh Performance Security within a cure period of 15 days;
- subsequent to the replenishment or furnishing of fresh Performance Security in accordance with the DKZHL Concession Agreement, DKZHL fails to meet any condition precedent or cure the DKZHL Default, as the case may be for which whole or part of the Performance Security was appropriated, within

a cure period of 120 days;

- DKZHL does not achieve the latest outstanding project milestone due in accordance with the provisions of the DKZHL Concession Agreement and continues to be in default for 120 days;
- upon occurrence of a Financial Default, the Lenders' Representative, each term as defined in the DKZHL Concession Agreement, has by notice required PWD to undertake Suspension or termination, as the case may be, in accordance with the Substitution Agreement, and DKZHL fails to cure the default within the cure period specified hereinabove;
- DKZHL abandons or manifests intention to abandon the construction or operation of the project without the prior written consent of PWD;
- DKZHL is in breach of the maintenance requirements or the safety requirements, as the case may be;
- DKZHL has failed to make any payment to PWD within the period specified in the DKZHL Concession Agreement; and
- a change in ownership has occurred in breach of the provisions of the DKZHL Concession Agreement.

Upon occurrence of a DKZHL Default, PWD shall be entitled to terminate the DKZHL Concession Agreement by issuing a termination notice to DKZHL; provided that before issuing the termination notice, PWD shall by a notice inform DKZHL of its intention to issue such termination notice and grant 15 days to DKZHL to make a representation, and may, after the expiry of such 15 days, whether or not it is in receipt of such representation, issue the termination notice.

Termination Payments for DKZHL Default: Upon termination on account of a DKZHL Default, PWD will pay an amount equal to 65% of the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date. On termination on account of DKZHL Default during the construction period, the termination payment shall be based on payment milestones achieved (based on the physical progress of the project) and the termination payment corresponding to the achieved milestone shall be as follows:

Payment Milestone	Basis of calculation for termination payment **
1 st	Nil
2 nd	50% of Debt Due or 5.25% of Bid Project Cost, whichever is lower
3 rd	60% of Debt Due or 11.70% of Bid Project Cost, whichever is lower
4 th	70% of Debt Due or 24% of Bid Project Cost, whichever is lower
5 th	80% of Debt Due or 32% of Bid Project Cost, whichever is lower

** In the event of termination happening in between two Payment Milestones, for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

Termination for PWD Default: DKZHL may terminate the DKZHL Concession Agreement which is not rectified within cure periods (the “**PWD Default**”) and includes: (i) material default having a Material Adverse Effect on the DKZHL; (ii) failure to make any payment due to DKZHL; (iii) repudiation of the DKZHL Concession Agreement.

Termination Payment for PWD Default: Upon termination on account of PWD Default, DKZHL will pay DKZHL an amount equal to-

- In case termination occurs prior to COD, aggregate of (i) Payment Milestone - based Termination Payment by PWD to the DKZHL till 5th Payment Milestone as given below; and (ii) 150% of the adjusted equity.

Payment Milestone	Basis of calculation for termination payment **
1 st	Debt Due or 1.50% of Bid Project Cost, whichever is lower
2 nd	Debt Due or 10.50% of Bid Project Cost, whichever is lower
3 rd	Debt Due or 19.50% of Bid Project Cost, whichever is lower
4 th	Debt Due or 33.75% of Bid Project Cost, whichever is lower
5 th	Debt Due or 40.50% of Bid Project Cost, whichever is lower

**In the event of termination happening takes place in between two Payment Milestones, then for the purpose of calculation of Termination Payment, the milestone achieved would only be considered.

- In case termination occurs on or after COD, the sum of Annuity payments remaining unpaid for and in respect of the concession period, including interest thereon up to the transfer date.

Defects liability after termination: DKZHL shall be responsible for all defects and deficiencies in the project for a period of 120 days after termination, as defined in the DKZHL Concession Agreement, and it shall have the obligation to repair or rectify, at its own cost, all defects and deficiencies observed by the Independent Engineer in the project during this period. In the event that DKZHL fails to repair or rectify such defect or deficiency within a

period of 15 days from the date of notice issued by PWD, PWD shall be entitled to get the same repaired or rectified at the risk and cost of DKZHL so as to make the project conform to the maintenance requirements. All costs incurred by PWD in this regard shall be reimbursed by DKZHL to PWD within 15 days of receipt of demand thereof, and in the event of default in reimbursing such costs, PWD shall be entitled to recover the same in accordance with the provisions of the DKZHL Concession Agreement.

INFORMATION CONCERNING THE UNITS

Unit holding of the Trust

Particulars	Number of Units
Units issued and outstanding prior to this Issue	Nil
Units issued and outstanding after this Issue	390,470,000*

**The first allotment of Units is proposed to be made to the Sponsor on or about September 20, 2021, in accordance with the Securities Purchase Agreements (for further details, please see the section entitled "Related Party Transactions – Securities Purchase Agreements" on page 415) after the Bid/ Issue Closing Date and prior to the Allotment of Units pursuant to the Issue.*

Unitholders holding more than 5% of the Units

Sr. No.	Name of Unit Holders	Pre-Issue*		Post-Issue	
		Number of Units	Percentage of holding (%)	Number of Units	Percentage of holding (%)
1.	Shrem Infra Structure Private Limited	Nil	Nil	245,524,030	62.88%
2.	Shrem Investments Private Limited	Nil	Nil	31,235,030	8.00%
3.	Chhatwal Group Trust	Nil	Nil	26,300,960	6.74%
4.	RS Infra Advisors and Consultants LLP	Nil	Nil	26,160,300	6.70%

**The first allotment of Units is proposed to be made to the Sponsor on or about September 20, 2021, in accordance with the Securities Purchase Agreements (for further details, please see the section entitled "Related Party Transactions – Securities Purchase Agreements" on page 415) after the Bid/ Issue Closing Date and prior to the Allotment of Units pursuant to the Issue.*

Unitholding of the Sponsor, Investment Manager, Project Manager and Trustee

Shrem Infra Structure Private Limited, being the Sponsor, shall be allotted Units of the Trust pursuant to the Securities Purchase Agreements, at the time of Allotment of Units in the Issue.

The Trustee, Investment Manager and Project Manager do not hold any Units and shall not acquire any Units in this Issue.

Unitholding of the directors of the Investment Manager

As on the date of this Final Placement Memorandum, none of the directors of the Investment Manager hold any Units or propose to hold any Units in the Trust.

Sponsor lock-in

In terms of the InvIT Regulations, the Sponsor shall hold not less than 15% of Units on a post-Issue basis, aggregating up to 58,570,500 Units, which shall be locked-in for a period of three years from the date of listing of the Units. Further, unitholding of the Sponsor, exceeding 15% on a post-Issue basis, shall be locked-in for a period of not less than one year from the date of listing of the Units.

USE OF PROCEEDS

The Issue Proceeds will be up to ₹ 6,000 million (the “**Issue Proceeds**”). The Issue Proceeds will be utilised towards providing loans to certain Initial Portfolio Assets for repayment or pre-payment of debt, including any accrued interest, availed by them from certain banks and financial institutions.

Requirements of Funds

The Issue Proceeds are proposed to be utilised in accordance with the details provided in the following table:

S. No.	Particulars	Amount
(i)	Providing loans to certain Initial Portfolio Assets for repayment or pre-payment of debt, including any accrued interest, availed by them from certain banks and financial institutions	6,000.00

The Investment Manager believes that providing a loan to DBL Lucknow Sultanpur Highways Limited for repayment or pre-payment of debt, including any accrued interest, availed by DBL Lucknow Sultanpur Highways Limited from certain banks, will help reduce outstanding indebtedness of the Trust on a consolidated basis and assist the Trust in maintaining a favourable debt-equity ratio, which will enable the Trust to raise further resources in the future to fund potential business development opportunities and plans to grow and expand its business in the future thereby enabling the Trust to meet its commitment towards distributions to Unitholders.

The fund requirements mentioned above and the proposed deployment are based on the estimates of the Investment Manager and have not been appraised by any bank, financial institution or any other external agency. The fund requirements may vary due to factors beyond the Investment Manager’s control, such as market conditions, competitive environment, interest rate and exchange rate fluctuations. Consequently, the fund requirements are subject to revisions, in the future, at the discretion of the Investment Manager.

Details of Utilisation of the Issue Proceeds

The details of utilisation of the Issue Proceeds are set forth herein below:

- Providing loans to certain Initial Portfolio Assets for repayment or pre-payment of debt, including any accrued interest, availed by them from certain banks and financial institutions*

The Trust proposes to utilise an estimated aggregate amount of ₹ 6,000.00 million from the Issue Proceeds to provide loans to DBL Lucknow Sultanpur Highways Limited (“**DLSHL**”) and Shrem Tollways Private Limited (“**STPL**”) for repayment or pre-payment of debt, including any accrued interest, availed by DLSHL and STPL from certain banks and financial institutions, as described below:

Sr. No.	Name of the lender(s)	Principal Amount Outstanding as on June 30, 2021 (in ₹ million)	Interest outstanding as on June 30, 2021 (in ₹ million)
DLSHL			
1.	State Bank of India	7,607.45	Nil
STPL			
2.	IL&FS Infrastructure Debt Fund	850.00	Nil

The repayment or prepayment of indebtedness availed by DLSHL and STPL, as set out above, shall be based on various factors, including: (i) any conditions attached to the loan restricting the Trust’s ability to repay or prepay the loan and time taken to fulfil such requirements; (ii) levy of any pre-payment penalties; (iii) provisions of any laws, rules, regulations and contracts governing such borrowings; and (iv) other commercial considerations, including the interest rate on the loan facility, the amount of the loan outstanding and the remaining tenor of the loan.

In case of a shortfall in Issue Proceeds, the Investment Manager may, in compliance with the InvIT Regulations, have the flexibility to meet such shortfall including, by utilising the Trust’s internal accruals or availing facilities from lenders. The Investment Manager, in accordance with the Investment Objectives of the Trust, policies of its board of directors of the Investment Manager and the InvIT Regulations, will have flexibility in utilising any surplus amounts.

Issue Expenses

The total expenses of this Issue are estimated to be up to ₹ 200.00 million (“**Issue Expenses**”). The Issue Expenses consist of fee and commissions payable to the Lead Manager, fee payable to legal counsels, fee payable to Escrow Collection Bank and

Registrar and Unit Transfer Agent and all other incidental and miscellaneous expenses for undertaking the Formation Transactions and for listing the Units on the Stock Exchange. The Issue Expenses shall be borne by the Trust.

For ease of operations, if required, the expenses in relation to the Issue as stated above, at the outset, may be borne by the Sponsor or the Investment Manager on behalf of the Trust, and the Investment Manager (on behalf of the Trust) agrees that it will reimburse the Sponsor or the Investment Manager for all such expenses as may be incurred by the Sponsor or the Investment Manager on actual basis, from the future cash flows of the Trust.

*The amounts appearing under the heads 'Unsecured loans from DBL and Shrem group entities', 'Unsecured Non-convertible Debenture', and 'Non-convertible Debenture', in relation to the above entities forming part of the Initial Portfolio Assets will either get netted-off upon consolidation of accounts at the Trust-level or shall be repaid (through internal accruals) prior to filing of this Final Placement Memorandum with SEBI.

For further details of the equity share capital of each of the Initial Portfolio Assets, please see the section entitled "Formation Transactions in relation to the Trust" on page 19.

Principal terms of the borrowings availed by the Initial Portfolio Assets:

1. **Security:** Loans availed by the Initial Portfolio Assets, are secured by, amongst others:

- (i). a first charge over all immovable properties (present and future) except the project assets;
 - (ii). a first charge over all moveable properties (present and future) except the project assets;
 - (iii). pledge of a certain specified percentage of the equity shares of the Project SPVs until the final settlement date;
 - (iv). corporate guarantee by DBL and the relevant Holdco;
 - (v). a first charge on all intangible assets including but not limited to goodwill, rights, undertaking and uncalled capital present and future excluding the project assets; and
 - (vi). a first charge of all revenues and receivables from the project or otherwise, project's book debts, operating cash flows, commissions or revenues of whatever nature, after such revenues and receivables are deposited in the relevant escrow account.
2. *Pre-payment:* The Initial Portfolio Assets may prepay the loans availed by them in full or in part without the payment of any prepayment penalty, if the revised applicable interest rate due to spread reset is not acceptable and such prepayment is made within 90 days of spread reset notice from the lender agent with the applicable notice as may be provided under the relevant financing documents. Additionally, some of the Initial Portfolio Assets may prepay the loans availed by them in full or in part without the payment of any prepayment penalty provided such prepayment is made out of the proceeds of insurance claims or if such prepayment is made out of any project agreements or the termination payment received from relevant concessioning authorities. Under certain of our loan agreements, in the event of prepayment from any other source, prepayment penalty ranging between 0.25% - 2.0% of the amount prepaid shall be charged.
3. *Events of Default:* The borrowing arrangements entered into by the Initial Portfolio Assets contain standard events of default affecting the Initial Portfolio Assets, including:
- (i). failure to pay any sum under the financing agreement;
 - (ii). application of the loan to any purpose other than the purpose(s) for which it had been availed;
 - (iii). any event that may have a material adverse effect, in the opinion of the lenders;
 - (iv). breach of obligations in the performance of the financial covenants under the relevant financing agreements;
 - (v). winding up or insolvency of the borrower or its promoters;
 - (vi). default in the performance or observance of the material covenants that may have a material adverse effect on the respective project;
 - (vii). failure to maintain any of the insurance as described under the insurance contracts;
 - (viii). It is or becomes unlawful for the respective initial portfolio asset or any person (including the respective senior lender) to perform any of their respective obligations under any transaction document; and
 - (ix). occurrence of a force majeure event as defined under the relevant Concession Agreement.

This is an indicative list and there are additional terms that may result in an event of default under the various borrowing arrangements entered into by the Initial Portfolio Assets.

4. *Restrictive Covenants:* Borrowing arrangements entered into by the Initial Portfolio Assets contain standard restrictive covenants affecting the Initial Portfolio Assets, including:
- (i). formulation of any scheme of amalgamation or reconstruction;
 - (ii). entering into borrowing arrangements either secured or unsecured with any bank or financial institution or otherwise or accept deposits other than the bank borrowings for meeting the working capital requirements;

- (iii). effecting any change in their respective capital structure;
- (iv). selling or disposing off or creating security or encumbrances on the security charged to the respective senior lender in favour of any other bank, financial institutions, company, firm, individual or person; and
- (v). undertaking guarantee obligations on behalf of any other company.

Given the nature of these borrowings and the terms of pre-payment, the aggregate outstanding borrowing amounts may vary from time to time.

Principal terms of the borrowings proposed to be availed by the Trust

The Trust has entered into definitive documentation in relation to the InvIT Loan, the principal terms of which are as follows:

Facility	Rupee term loan of ₹ 34,310 million

No prepayment premium will be applicable in case the loan is prepaid, amongst others, (i) at the instance of lenders; (ii) made from internal accruals / contribution by Unitholders with a notice of minimum 30 days to the lenders; and (iii) if prepayment is made out of fresh investor proceed for subscribing to Units of the Trust.
Mandatory Prepayment	The Trust shall make mandatory prepayments on a <i>pro rata</i> basis to the lender of amounts received as: <ul style="list-style-type: none"> • Any liquidated damages paid under any of the project documents to the extent not applied to pay penalties or to pay for completion of work contemplated by such project documents;

	<ul style="list-style-type: none"> • Any insurance proceeds to the extent not applied to repair, renovate, restore, or re-instate the Project Assets (as defined in the relevant concession agreement). • The proceeds of any termination payments/ buy-out payments received under the Transaction Documents. • The proceeds resulting from the expropriation or other takeover event by any Government authority or investor of the Project Assets of the Trust. • Proceeds resulting from any strategic sale or stake dilution, without the prior consent of the lender. • The proceeds resulting from an arbitral or judicial award in connection with any of the Project Documents in relation to claims lodged post first disbursement except claims attributed to EPC contractor as per the relevant EPC agreement, provided no payments towards the same have been made by the Trust to the EPC contractor.
Debt Service Reserve Account (“DSRA”)	The Trust shall maintain a DSRA in equivalent to peak interest and instalment obligation of two quarters.
Events of Default	<p>Each of the following events, <i>inter alia</i>, shall constitute an event of default, upon being declared an event of default by the lenders:</p> <ul style="list-style-type: none"> • Any instalment of principal amount or interest on the facility remaining unpaid when due; • The Trust committing any breach or default in the performance or observance of the material covenants excluding financial covenants of the facility agreement and the same is not cured within 30 days; • The Trust committing any breach or default in performance or observation of the financial covenants for two consecutive financial years; • A material representation, warranty or statement made in connection with any financing agreements or in any document delivered by or on behalf of the Trust is found to be substantially incorrect, provided however any non-deliberate misrepresentation or statement may not be an event of default if cured within thirty days of such misrepresentation or statement being made; • Execution or distress being enforced or levied against whole or substantial part of the Borrowers assets and any order relating thereto is not discharged or stayed within a period of 45 days from the date of enforcement or levy; • The Trust ceasing or any action by the Trust through its authorized representative which can be reasonably construed as threatening to cease to carry on its business; • The occurrence of any material event or circumstance that is prejudicial to or materially imperils or materially depreciates the security created or to be created given to the lenders and such event or circumstance continues to have an effect for a period in excess 30 days; • Seizing or change of material activities/projects of Project SPVs which materially impact the obligation of the Trust under financing documents; • Abandonment of the material activities/project by Project SPVs which materially impact the obligation of the Trust under financing documents; and • The occurrence of any event or circumstance that may lead to a material adverse effect and the same is not cured within a period of 30 days from such determination.
Consequences of Event of Default	<p>If an event of default has occurred, <i>inter alia</i>, Lenders may exercise any one or more of the following actions, including but not limited to:</p> <ul style="list-style-type: none"> • Right to reset the spread in addition to regular annual reset as stipulated under interest rate clause/pricing terms; • Accelerate or part accelerate the maturity of the facility and declare all outstanding amounts payable by the Trust in respect of the facility to be due and payable immediately; • Enforce security; • Sue for creditor’s process and/or exercise all or any rights with respect to the security in accordance with the financing documents including enforcement of security; • Declare the commitments to be cancelled or suspended; • Draw on balances in the escrow accounts; • Restructure management set-up of the Investment Manager; • Exercise any other right that lenders have under any transaction documents or under applicable law; • Exercise one or more of the actions or rights available to secured creditors or their agents and trustees under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 or any other rights available under extant and applicable laws and regulatory guidelines; • Exercising options as per RBI stipulations; • Appointment of nominee directors / representative / observer on the Board of Directors of the Investment Manager and Project SPVs or Holdcos;

	<ul style="list-style-type: none"> • Lenders, RBI, the Credit Information Bureau (India) Limited will have an unqualified right to disclose or publish the name of the Trust and its directors (as applicable) as defaulters in such manner and through such medium as the lenders or RBI or CIBIL in their absolute discretion may think fit; • Cash sweep all the cash under the cash trap bucket; • In case of default on the loans extended by the Trust to any Project SPV which results in an event of default, the lenders will have the right to instruct Trust to enforce the security under the Project SPV loan agreement and the Trust shall follow these instructions; • No distributions shall be made to the Unitholders by the Trust in case of an event of default having occurred; and • Any other recourse available under applicable law.
Cash Trap Mechanism	<p>On occurrence of any of the below events, the cash in the Cash Escrow Account shall be trapped in the cash trap bucket and no distribution shall be allowed to the Unitholders. The events shall include, amongst others, (i) non-payment event of default, (ii) DSCR falls below 1.25, and (iii) downgrade of credit rating of the Trust below A.</p> <p>Cash trap will be removed once the said event is cured and the Trust achieves its financial covenants to the satisfaction of the lenders.</p>
Affirmative Covenants	<p>The Trust may add subsequent projects to its portfolio at a later stage. If the Trust decides to approach banks for raising debt for this purpose, our bank shall have the right of first refusal (ROFR).</p> <p>Prior approval of the bank will have to be obtained for any change in Sponsor of the Trust.</p> <p>The repayment of interest and instalments of the bank shall have priority over any other withdrawal from the escrow account of the Trust. The repayments for term loan will be recovered from the escrow account. The escrow arrangement to be in place prior to disbursement of the loan. In case of any default in payment of interest and instalment of the term loan, any withdrawal from the escrow account shall only be done with the permission of SBI.</p> <p>The lenders may appoint advisors or consultants or agents, if required, for funding of the facility and also at any time during the currency of the facility, as deemed fit. All the fee, expenses, charges related to the lenders' advisors or consultants or agents shall be borne by the Trust.</p>
Master Escrow Agreement	<p>Cash flow waterfall has been defined at Project SPV and the Trust level by existing lenders as well as NHAI and other state authorities.</p> <p>Cash inflow of Project SPVs after meeting O&M, taxes and expenses, statutory payments and debt servicing (at Project SPV level) would be transferred from the Project SPV escrow account to Trust's master escrow account. Payment from Trust's master escrow account would be made in the following order:</p> <ul style="list-style-type: none"> • Statutory due; • Debt servicing (at the Trust level); • DSRA maintenance; • Project SPV shortfall; • Amounts towards Cash Sweep (if any); and • Surplus for distribution to Unitholders which will be done quarterly.
Cash Sweep	<p>The lenders shall reserve the right to sweep cash flows received towards prepayment of InvIT Loan out of surplus funds available as per the waterfall under the following scenarios, including, but not limited to:</p> <ul style="list-style-type: none"> • If rating falls below A by any rating agency or if the facility does not have a valid credit rating from any credit rating agencies; or • Cessation of business by any of the Project SPVs whereby the Trust will be required to procure a reaffirmation of the credit rating from the rating agency; or • Termination payment received (to the extent received from the relevant concessioning authority) in lieu of any concession being terminated. <p>Upon occurrence of any such event the Trust shall intimate the same to the lender. Upon occurrence of any such event, no amount shall be withdrawn by the Trust and no payment shall be made to the Unitholders unless the lender's right to appropriate the cash flows has been exercised in terms of the terms and conditions contemplated under the InvIT Loan documents, within 30 days of occurrence of such event being intimated to the lender by the Trust.</p>
Other conditions	<p>Other conditions applicable to the InvIT Loan include:</p> <ul style="list-style-type: none"> • The Trust may add subsequent projects to its portfolio at a later stage. If the Trust decides to approach banks for raising debt for this purpose, the lender shall have the right of first refusal. • New projects which are acquired at a later stage should be fully completed and operational and not under development. • The Trust agrees that in line with the stipulation of the external credit rating agency, the

	<p>Trust shall create and maintain the liquidity buffer, in the quarter following the Trust issue date, to the extent of ₹ 900.00 million up to December 31, 2026.</p> <ul style="list-style-type: none"> The Trust shall have provided evidence that Dilip Buildcon Limited has upfront created a defect liability period (DLP) deposit equivalent to the initial four years' O&M payments required to be made for six road projects namely DBL Lucknow Sultanpur Highways Limited; DBL Kalmath Zarap Highways Limited, DBL Yavatmal Wardha Highways Private Limited, DBL Mahagaon Yavatmal Highways Private Limited, DBL Wardha Butibori Highways Private Limited, DBL Tuljapur AUSA Highways Limited.
Governing Laws & Jurisdiction	India, New Delhi.

Borrowings by the Project SPVs from the Trust

The InvIT Loan has been utilized to subscribe to non-convertible debentures issued by the Project SPVs to the Trust (collectively, the “**Project SPV NCDs**”).

The principal terms of the Project SPV NCDs are as follows:

Instrument	Secured, redeemable non-convertible debentures
Summary of Project SPV NCD amounts (in ₹ million)	<ul style="list-style-type: none"> DLSHL - ₹ 7,557.60; DKZHL - ₹ 2,875.80; DYWHPL - ₹ 2,658.40; DTAHL - ₹ 2,257.50; DWBHPL - ₹ 2,303.50; DMYHPL - ₹ 3,619.60; JDTL - ₹ 6,302.10; DAVTL - ₹ 459.10; DBSTL - ₹ 1,671.30; DHDTL - ₹ 659.60; DMSTL - ₹ 521.10; DUNTL - ₹ 501.70; DSBTL - ₹ 291.30; DPRTL - ₹ 1,557.10; DTNLT - ₹ 656.30; DBDTL - ₹ 505.30; DJSTL - ₹ 655.40; DMHTL - ₹ 443.50; DHPTL - ₹ 814.10; DHRTL - ₹ 530.50; DNMTL - ₹ 653.90; DBL Silwani - ₹ 439.20; and DBL Sitamau - ₹ 249.20.
Summary of tenor and repayment of the Project SPV NCDs	<ul style="list-style-type: none"> DLSHL - January 2022 to July 2034; DKZHL - October 2021 to April 2035; DYWHPL - October 2021 to October 2034; DTAHL - January 2022 to January 2035; DWBHPL - January 2022 to July 2034; DMYHPL - January 2022 to July 2035; JDTL - October 2021 to July 2034; DAVTL - October 2021 to October 2026; DBSTL - January 2022 to July 2028; DHDTL - October 2021 to October 2028; DMSTL - January 2022 to January 2026; DUNTL - January 2022 to July 2027; DSBTL - January 2022 to July 2025; DPRTL - October 2021 to April 2029; DTNLT - January 2022 to January 2026; DBDTL - October 2021 to October 2026; DJSTL - January 2022 to July 2027; DMHTL - October 2021 to October 2025; DHPTL - October 2021 to October 2025; DHRTL - October 2021 to October 2025; DNMTL - October 2021 to April 2025; DBL Silwani - October 2021 to October 2025; and DBL Sitamau - October 2021 to October 2025
Summary of agreements executed dated July 23, 2021	<ul style="list-style-type: none"> Debenture trustee deed executed between each of the Project SPVs and SBICAP Trustee Company Limited; Debenture trustee agreement executed between each of the Project SPVs and SBICAP Trustee Company Limited; and

	<ul style="list-style-type: none"> Unattested deed of hypothecation between each of the Project SPVs in favour of SBICAP Trustee Company Limited.
Summary of agreements proposed to be executed	<ul style="list-style-type: none"> Escrow agreement between each of the Project SPVs, SBICAP Trustee Company Limited, State Bank of India and respective authority; and Substitution agreement between respective authority, each of the Project SPVs and SBICAP Trustee Company Limited.
Purpose	Towards refinancing the existing financial debt of the relevant Project SPVs.
Permitted Indebtedness	<ul style="list-style-type: none"> Any indebtedness pursuant to the Project SPV NCDs documents. Any working capital facilities availed by the relevant Project SPV in connection with the relevant Project. Any indebtedness incurred by the relevant Project SPV to refinance or redeem the Project SPV NCDs. Any performance guarantee facility availed by the relevant Project SPV for the purpose of the relevant Project.
Security for the Trust	<p>Subject to the provisions of the concession agreements, the Project SPV NCDs are secured by the following:</p> <ul style="list-style-type: none"> Charge on all assets (moveable and immovable) of the relevant Project SPV (other than Project Assets); charge on the entire intangible assets of the relevant Project SPV including but not limited to, patents, trademarks and other intellectual property rights, goodwill and uncalled capital, both present and future (other than Project Assets); charge on the Escrow Account of the relevant Project SPV and charge on cash flows (subject to the waterfall under the Escrow Account and charge of Authority over the Escrow Account to the extent of deemed performance security); Charge/assignment on all contracts of the relevant Project SPV including insurance contracts, clearances (other than Project Assets); Assignment of rights of the relevant Project SPV under the Concession Agreement subject to and in accordance with the Substitution Agreement; and <p>All security permissible to ‘Senior Lenders’ (as defined under the Concession Agreement) for the relevant Project shall be created and perfected in favour of the debenture trustee for the benefit of the Trust. The above security will be shared on a <i>pari passu</i> basis with lenders providing permitted indebtedness.</p>
Issuance Mode	The Project SPV NCDs shall be issued in dematerialized form only.
Coupon Rate	Coupon rate shall be determined with respect to each Project SPV. The coupon shall be paid at the coupon rate on monthly intervals, subject to any reset at the option of the Trust.
Put Option	In case there is surplus cash available with a Project SPV after making the repayment instalment of the relevant Project SPV NCDs, other interest, taxes, concession fee, O&M expenses, obligations towards the concession agreement etc., then the redemption of the Project SPV NCDs may be accelerated to the extent of surplus cash available, as directed by the Trust and in accordance with applicable law.
Tranches	Project SPV NCDs will be issued in one or more tranches as per the debenture documents.
Conditions Subsequent	<p>The applicable conditions subsequent include:</p> <ul style="list-style-type: none"> perfection of security in accordance with applicable law; providing to the debenture trustee and the Trust proof of credit of the Project SPV NCDs to the account of the Trust and filing of PAS-5 with the concerned Registrar of Companies in terms of the Companies Act, 2013; filing of the return of allotment with the Registrar of Companies, in Form PAS-3, as required under Section 42 of the Companies Act, 2013; submission of a no dues certificate from existing lenders; and within a specified period, ensuring that the security interest created for the benefit of the existing lenders have been suitably satisfied and all necessary filings in relation thereto have been made with relevant authorities.
Covenants	All covenants (positive or negative) customary to these types of transactions are detailed in definitive documents to be executed in relation to the Project SPV NCDs.
Default Interest	In the event of any default in payment of coupon, principal or any other monies due to the Trust on their respective dates, default interest at the rate not less than 2% on the defaulted amounts, for the period of default shall be payable by the relevant Project SPV. The default interest shall be over and above the coupon rate and shall be payable from the date of occurrence of default and until such time such default is cured or remedied.
Events of Default and consequences of Event of Default	All customary events of default and consequences thereof to these types of transactions are detailed in definitive documents to be executed in relation to the Project SPV NCDs.
Governing Law and Jurisdiction	India, New Delhi

The Project SPVs have entered into definitive documentation in relation to the Project SPV NCDs, including subscription agreements relating to the Project SPV NCDs (the “**Subscription Agreements**”).

The Project SPVs will utilize the funds raised through issuing the Project SPV NCDs towards pre-payment or repayment of debt, including any accrued interest, availed from banks and financial institutions.

All or any of the Project SPVs may repay or refinance some or all of their existing borrowings prior to the date of issuing the Project SPV NCDs. Accordingly, the Project SPVs may utilise the amounts raised through the Project SPV NCDs for the repayment or prepayment of part or all such re-financed loans, or additional loan facilities obtained by all or any of the Project SPVs, including all existing loans. However, the aggregate amount to be utilised towards repayment or prepayment would not exceed ₹ 41,230.74 million (being the aggregate value of the Project SPV NCDs), which is proposed to be refinanced through (i) Project SPV NCDs, and (ii) Issue Proceeds.

Post-Issue Indebtedness of the Trust

Subsequent to the Issue, the InvIT Loan shall continue to remain outstanding.

The post-Issue consolidated borrowings and deferred payments of the Trust will be formulated and approved by the Investment Manager in accordance with the Borrowing Policy. The amounts appearing under the heads '*Unsecured loans from DBL and Shrem group entities*', '*Unsecured Non-convertible Debenture*' and '*Non-convertible Debenture*', in relation to the entities forming part of the Initial Portfolio Assets, as appearing in the table above providing the details of indebtedness of the Trust as at June 30, 2021, will either get netted-off upon consolidation of accounts at the Trust-level or shall be repaid (through internal accruals) prior to filing of this Final Placement Memorandum with SEBI. Accordingly, upon full utilization of the Issue Proceeds, and drawdown of additional debt, the indebtedness and deferred payments of the Trust, on a consolidated basis, shall not exceed ₹ 34,310 million, subject to any additional indebtedness incurred after listing of Units in accordance with applicable law.

Status of lender consents

As on the date of this Final Placement Memorandum, the Project SPVs have availed debt from certain third-party lenders, which is proposed to be repaid or prepaid from the proceeds of the InvIT Loan. Prior to filing this Final Placement Memorandum with SEBI, each of the Project SPVs have served notices to its relevant lenders in relation to the repayment or prepayment of the outstanding debt availed from such lender, which shall include details of the amounts proposed to be repaid or prepaid, the Issue and the proposed transfer of the Holdcos and the Project SPVs to the Trust. For further details, please see the section entitled "*Risk Factors – We propose to intimate our lenders in relation to the transactions contemplated under the Issue or the refinancing of the loans obtained by the Project SPVs from banks and other financial institutions*" on page 64.

Borrowing Policy

The Investment Manager shall ensure that all funds borrowed in relation to the Trust are in compliance with the InvIT Regulations. Accordingly, the Investment Manager has formulated a borrowing policy to outline the process for borrowing monies in relation to the Trust. For further details, please see the section entitled "*Corporate Governance – Investment Manager – Policies of the Board of Directors of the Investment Manager in relation to the Trust – Borrowing Policy*" on page 139.

DISTRIBUTION

Statements contained in this section entitled “Distribution” that are not historical facts are forward-looking statements. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those that may be projected. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction with respect to the accuracy of the underlying assumptions by the Trust, the Trustee, the Sponsor, the Investment Manager, the Lead Manager(s) or any other person. Bidders are cautioned not to place undue reliance on these forward-looking statements that are stated only as at the date of this Final Placement Memorandum. For details in relation to such forward-looking statements, please see the section entitled “Forward-Looking Statements” on page 14.

The net distributable cash flows of the Trust (the “**Distributable Income**”) are based on the cash flows generated from the underlying operations undertaken by the InvIT Assets. For details of the business and operations presently undertaken by the InvIT Assets, please see the section entitled “*Business*” on page 152. Presently, cash flows receivable by the Trust may be in the form of dividend, interest income or principal repayment received from the InvIT Assets in relation to any debt sanctioned by the Trust, or a combination of both.

In terms of the InvIT Regulations, not less than 90% of the net distributable cash flows of the Project SPVs, shall be distributed to the Trust / Holdco in proportion of its holding in such Project SPV, subject to applicable provisions in the Companies Act, 2013, as amended, and not less than 90% of the net distributable cash flows of the Trust shall be distributed to the Unitholders.

The Trust shall declare and distribute at least 90% of the Distributable Income to the Unitholders, at least once in every quarter of a financial year. However, if any infrastructure asset is sold by the Trust or the Initial Portfolio Assets, or if the equity shares or interest in the Initial Portfolio Assets are sold by the Trust; if the Trust proposes to re-invest the sale proceeds into another infrastructure asset within one year, it shall not be required to distribute any sales proceeds to the Trust or to the Unitholders. Further, if the Trust proposes not to invest the sale proceeds into any other infrastructure asset within one year, it shall be required to distribute the same in the manner specified above. In accordance with the InvIT Regulations, distributions by the Trust shall be made no later than 15 days from the date of such declarations. The distribution, when made, shall be made in Indian Rupees. For details on the risks relating to distribution, please see the section entitled “*Risk Factors*” on page 64.

Distribution Policy

Method of calculation of Distributable Income

The Distributable Income of the Trust shall be calculated in accordance with the InvIT Regulations and any circular, notification or guidance issued thereunder. Presently, the Trust proposes to calculate distributable income in the manner provided below:

I. Calculation of net distributable cash flows at each SPV level:

Description
Profit after tax as per statement of profit and loss account (standalone) (A)
Add: Depreciation and amortisation as per statement of profit and loss account. In case of impairment reversal, same needs to be deducted from profit and loss.
Add/less: Loss/gain on sale of infrastructure assets
Add: Net proceeds (after applicable taxes) from sale of infrastructure assets adjusted for the following: <ul style="list-style-type: none"> • related debts settled or due to be settled from sale proceeds; • directly attributable transaction costs; • proceeds reinvested or planned to be reinvested as per Regulation 18(7)(a) of the InvIT Regulations
Add: Net proceeds (after applicable taxes) from sale of infrastructure assets not distributed pursuant to an earlier plan to re-invest, if such proceeds are not intended to be invested subsequently.
Less: Capital expenditure, if any
Add/less: Any other item of non-cash expense / non cash income (net of actual cash flows for these items), including but not limited to <ul style="list-style-type: none"> • any decrease/increase in carrying amount of an asset or a liability recognised in the statement of profit and loss account on measurement of the asset or the liability at fair value; • interest cost as per effective interest rate method (difference between accrued and actual paid); • deferred tax, lease rents etc.; • unwinding of interest cost on interest free loan or other debentures; • portion reserve for major maintenance of InvIT assets which has not been accounted for in profit and loss statement; • reserve for debenture/ loan redemption (Excluding any reserve required by any law or as per lender’s agreement) • any amount to be kept aside as required by lenders
Less: Repayment of external debt (principal) / redeemable preference shares / debentures, etc. (Excluding refinancing) / net cash set aside to comply with DSRA requirement under loan agreements
Add/Less: Change in working capital

Add: Interest on loans (if any) from Trust;
Add: Amount invested by the Trust in the project entity for service of debt or interest, through internal accruals to the extent allowed under the InvIT Regulations.
Add/less: Any other item of non-cash expense / non-cash income (net of actual cash flows for these items) or any other income/expense or adjustments not considered for the calculation of profit after tax, if deemed necessary by the Investment Manager, after the Bid/Issue Closing Date.
Total Adjustments (B)
Net Distributable Cash Flows (C)=(A+B)

II. Calculation of net distributable cash flows at the consolidated Trust level:

Description
Profit after tax as per statement of profit and loss/ income and expenditure (standalone) (A)
Add: Depreciation and amortisation as per statement of profit and loss/ income and expenditure (consolidated)
Add/less: Loss/gain on sale of infrastructure assets or equity shares or interest in SPV
Add: Net proceeds (after applicable taxes) from sale of infrastructure assets or equity shares or interest in SPV adjusted for the following: <ul style="list-style-type: none"> • related debts settled or due to be settled from sale proceeds • directly attributable transaction costs • proceeds reinvested or planned to be reinvested as per Regulation 18 (7)(a) of the InvIT Regulations • capital gains taxes on sale of the SPV, or other investments of the Trust.
Add: Net proceeds (after applicable taxes) from sale of infrastructure assets or equity shares or interest in SPV not distributed pursuant to an earlier plan to re-invest, if such proceeds are not intended to be invested subsequently
Add/less: Any other item of non-cash expense / non cash income (net of actual cash flows for these items), if deemed necessary by the Investment Manager, including but not limited to <ul style="list-style-type: none"> • any decrease/increase in carrying amount of an asset or a liability recognised in statement of profit and loss/income and expenditure on measurement of the asset or the liability at fair value; • interest cost as per effective interest rate method; • deferred tax; and • lease rents.
Less: Repayment of external debt (principal) / redeemable preference shares / debentures, etc., net of any debt raised by refinancing of existing debt or/and any new debt raised, if deemed necessary by the Investment Manager
Add: Any other income accruing at the Trust level and not captured above, including but not limited to interest/return on surplus cash, if any, invested by the Trust
Total cash inflow at the Trust level (A)
Less: Any payment of fees, interest and expense incurred at the Trust level, including but not limited to the fees of the Investment Manager and the Trustee
Less: Any expenditure reimbursed to Investment Manager which the Investment Manager incurred on behalf of Trust
Less: Proceeds reinvested or planned to be reinvested in accordance with Regulation 18(7)(a) of the InvIT Regulations and investment policy, if any.
Less: Income tax (if applicable) at the standalone Trust level
Less: Amount invested in or lent to the SPV for service of debt or interest funded through internal accruals of the Trust, to the extent allowed under the InvIT Regulations. Such amount shall be decided by the IM Board in accordance with Trust Deed;
Add: Net proceeds from fresh issuance of units by the Trust
Less: Any provision, adjustment or reserve deemed necessary by the board of directors of the Investment Manager for expenses which may be due in the future period but for which there may not be commensurate amounts available by the date such expenses become due provided such expenses are already included in accordance with the Trust Deed.
Distributable Income

For the purposes of the Income Tax Act, 1961 (“IT Act”), any income distributed by the Trust to the Unitholders shall be deemed to be of the same nature and in the same proportion in the hands of the Unitholder as it had been received by, or accrued to, the Trust. Accordingly, the Trust may follow either the receipt approach or the accrual approach subject to the provisions of the IT Act and applicable accounting standards, however, the same shall be followed since the beginning and on a consistent basis.

In situations where it is not possible for the Trust to distribute the amounts received from the portfolio assets (whether in the nature of income or capital) net of expenses (direct and indirect) to the unitholders in the same year, due to any reason, the Trustee shall cause the Investment Manager to maintain a record of nature and quantum of such un-distributed amounts. Future distributions by the Trust to the Unitholders to the extent of such un-distributed amounts shall be deemed to be of the same nature as the amounts remaining un-distributed in accordance with section 115UA of the IT Act.

Subject to any privileges/ immunities provided to the Unitholders under the Trust deed or applicable law, the Trust may make deduction of any taxes, cess, fees, charges, duties, etc., as may be required to be deducted or withheld under the applicable law before making any payment of Distributable Income to any Unitholder.

In terms of the InvIT Regulations, if the distribution is not made within 15 days from the date of declaration, the Investment Manager shall be liable to pay interest to the Unitholders at the rate of 15% per annum until the distribution is made. Such interest shall not be recovered by the Investment Manager in the form of fee or any other form payable to the Investment Manager by the Trust.

In-specie Distribution: Subject to the approval of the Unitholders, in accordance with the Trust Deed and provisions of applicable law, the Trustee, in consultation with the Investment Manager, may at any time during the life of the Trust make in-specie distributions of the assets of the Trust on such terms and conditions and in such manner that is in accordance with the Trust Deed, the Investment Management Agreement, the Project Implementation and Management Agreements and other documents for the purpose of the Trust (including the offer documents) and applicable law.

DISCUSSION AND ANALYSIS BY THE DIRECTORS OF THE INVESTMENT MANAGER OF THE FINANCIAL CONDITION, RESULTS OF OPERATIONS AND CASH FLOWS OF THE INITIAL PORTFOLIO ASSETS OF THE TRUST

You should read the following discussion and analysis of our financial condition, results of operations and cash flows in conjunction with the sections entitled “Summary Combined Financial Statements” and “Audited Special Purpose Combined Financial Statements” on pages 31 and 465, respectively. This discussion contains forward-looking statements and involves numerous risks and uncertainties, including, but not limited to, those described in the section entitled “Risk Factors” on page 64. Actual results could differ materially from those contained in any forward-looking statements and for further details regarding forward-looking statements, kindly refer to the section entitled “Forward-Looking Statements” on page 14. The Audited Special Purpose Combined Financial Statements are prepared in accordance with Ind AS, which differs in certain respects from Indian GAAP, IFRS and U.S. GAAP. Our fiscal year ends on March 31 of each year, and references to a particular fiscal are to the twelve months ended March 31 of that year. For the sole purposes of the Audited Special Purpose Combined Financial Statements, references to “we”, “us” and “our” is to the Initial Portfolio Assets on a combined basis.

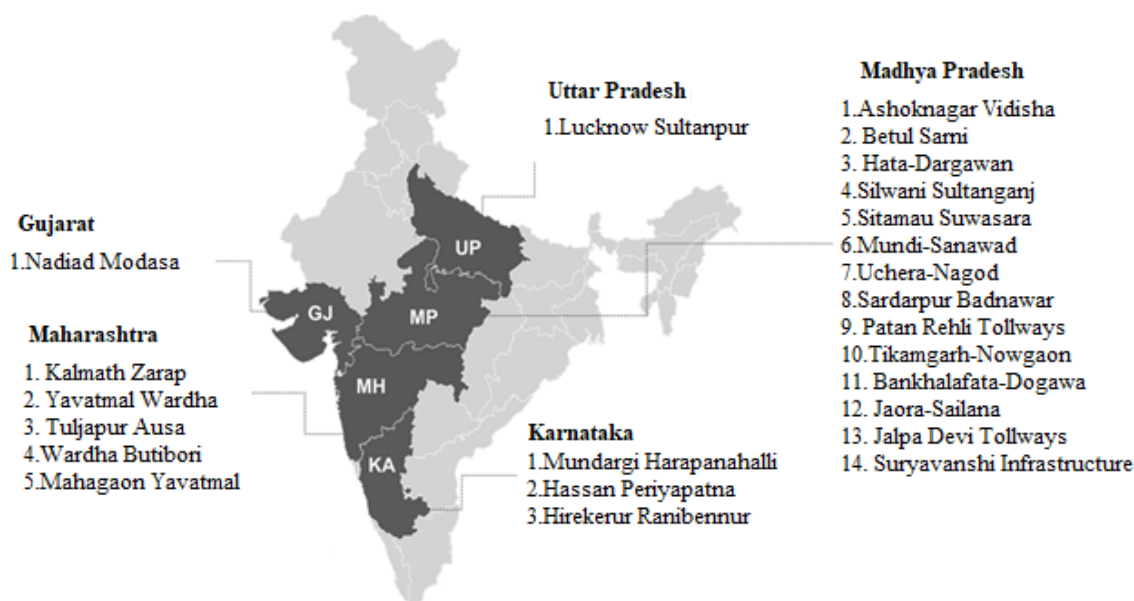

Overview

We are an InvIT set-up for the purposes of carrying on the activity of an infrastructure investment trust and for making investments in the Project SPVs or infrastructure projects or securities of Indian companies engaged in the infrastructure sector, as may be permitted, in accordance with the InvIT Regulations. We were registered with SEBI as an InvIT on February 4, 2021. Our Sponsor, Shrem Infra Structure Private Limited, is a part of the Shrem group. The Shrem group was founded in 2010 by Nitán Chhatwal, and has managed diverse investments in the hospitality, health care, telecommunication and infrastructure sectors. The Sponsor has set up the Trust, which, subject to receiving approvals from the Concessioneing Authorities, will, amongst other things, acquire 100% of the issued and paid-up equity share capital of Shrem Infraventure Private Limited, Shrem Roadways Private Limited and Shrem Tollway Private Limited (together, the “**Holding Companies**”). It is proposed that through the Holding Companies, the Trust will ultimately acquire 100% shareholding in 20 Project SPVs and 74% shareholding in four Project SPVs (on account of shareholding requirements under the relevant concession agreements), which maintain and operate road assets aggregating to approximately 6,442.35 lane kilometers, located across five states in India (the “**Projects**”). For details of such proposed acquisitions, please see the section entitled “*Formation Transactions in relation to the Trust*” on page 19.

Our Projects

The Projects, consisting of both National Highways and State Highways, are located in the States of Madhya Pradesh, Maharashtra, Uttar Pradesh, Gujarat and Karnataka.

The map below illustrates the locations of the Projects:

* Map not to scale

We operate and maintain our Projects through the Project SPVs, the key details of which are provided below:

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
1.	DBL Lucknow Sultanpur Highways Limited (“ DLSHL ”)	Augmenting the existing road from 11.500 kilometer to 134.700 kilometer (approximately 127.425 kilometer) on the Lucknow-Sultanpur section of National Highway number 56 (new National Highway number 731) by four-laning thereof on design, build, operate and transfer (annuity) basis.	666.77	Uttar Pradesh
2.	DBL Kalmath Zarap Highways Limited (“ DKZHL ”)	Augmenting the existing road from kilometer 406.030 to kilometer 450.170 (43.905 kilometer) on the Kalmath-Zarap section of National Highway number 17 (new National Highway number 66) by four-laning on design, build, operate and transfer (annuity) basis.	267.40	Maharashtra
3.	DBL Yavatmal Wardha Highways Private Limited (“ DYWHPL ”)	Augment the existing road from kilometer 400.575 to kilometer 465.500 of Yavatmal-Wardha section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	370.55	Maharashtra
4.	DBL Tuljapur Ausa Highways Limited (“ DTAHL ”)	Augmenting the existing road from kilometer 0.000 to kilometer 55.835 (existing chainage: kilometer 416.000 to kilometer 470.000) (approximately 67.428 kilometer) on the Tuljapur-Ausa (including Tuljapur bypass) section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	376.96	Maharashtra
5.	DBL Wardha Butibori Highways Private Limited (“ DWBHPL ”)	Augmenting the existing road from kilometer 28.800 to kilometer 85.374 (approximately 59.374 kilometer) on the Wardha-Butibori section of National Highway number 361 by four-laning on design, build, operate and transfer (annuity) basis.	351.93	Maharashtra
6.	DBL Mahagaon Yavatmal Highways Private Limited (“ DMYHPL ”)	Augmenting the existing road from kilometer 320.580 to kilometer 400.575 (approximately 80.195 kilometer) on the Mahagaon to Yavatmal section of National Highway number 361 by four-laning thereof on design, build, operate and transfer (annuity) basis.	450.42	Maharashtra
7.	DBL Ashoknagar Vidisha Tollways Limited (“ DAVTL ”)	Augmenting the existing road from bypass junction of Ashoknagar (kilometer 0/10) to Bangla Chauraha (kilometer 35.68) (approximately 35.68 kilometer), on the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis.	107.04	Madhya Pradesh
8.	DBL Betul Sarni Tollways Limited (“ DBSTL ”)	Augmenting the existing road from kilometer 0.00 (Kamani Gate Betul) to kilometer 124.10 (approximately 124.10 kilometer) on the section of State Highway number 43 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	372.30	Madhya Pradesh
9.	DBL Hata-Dargawan Tollways Limited (“ DHDTL ”)	Augmenting the existing road from kilometer 0.00 (Damoh naka in Ilatta town) to kilometer 64.40 (at Dargawan Tiraha) (approximately 64.40 kilometer), section of the State Highway number 48, by intermediate-laning on build, operate and transfer (toll plus annuity) basis.	193.20	Madhya Pradesh
10.	DBL Silwani Sultanganj Tollways	Augmenting the existing road from kilometer 0.00 to kilometer 75.995 (approximately 76.00 kilometer) on the Silwani-Sultanganj-Jaisinghnagar-Sagar Road section of State Highway number 15 by intermediate-laning / two-	228.00	Madhya Pradesh

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
	Limited (“DBL Silwani”)	laning on design, build, finance, operate and transfer (toll plus annuity) basis.		
11.	DBL Sitamau Suwasara Tollways Limited (“DSSTL”)	Augment the existing road from kilometer 0/00 to kilometer 34/000 (approximately 34.97 kilometer) on the Sitamau-Basai-Suwasara section of major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	104.91	Madhya Pradesh
12.	DBL Mundi-Sanawad Tollways Limited (“DMSTL”)	Augmenting the existing road from kilometer 0.00 (at Mundi) to kilometer 64.400 (at Sanawad town) (approximately 67.63 kilometer) on the Mundi-Punasa-Sulgaon- Sanawad section of the major district road by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	202.89	Madhya Pradesh
13.	DBL Uchera-Nagod Tollways Limited (“DUNTL”)	Augmenting the existing road from kilometer 32.00 (near Nagod National Highway number 75) to kilometer 87.00 (near Uttar Pradesh Border) including 1.70 kilometer Nagod bypass (approximately 55.60 kilometer) on the section of State Highway number 56 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	166.80	Madhya Pradesh
14.	DBL Sardarpur Badnawar Tollways Limited (“DSBTL”)	Augmenting the existing road from kilometer 0/00 to kilometer 43/300 (approximately 43.00 kilometer) on the Sardarpur-Badnawar Road section of State Highway number 34 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis	129.00	Madhya Pradesh
15.	DBL Patan Rehli Tollways Limited (“DPRTL”)	Augmenting the existing road from kilometer 31/10 of State Highway number 15 Rehli-Gorjhamar-Patan Chok and cross the junction of kilometer 113/00 of Rehli Gourjhamar State Highway number 15 including bypass of Rehli which is about 4.4 kilometer and terminated at kilometer 38/10 (approximately 86.60 kilometer) on the section of State Highway number 15 by two-laning on design, build, finance, operate and transfer (toll plus annuity) basis.	259.80	Madhya Pradesh
16.	DBL Tikamgarh-Nowgaon Tollways Limited (“DTNTL”)	Augmenting the existing road from Y-junction in kilometer 10/8 at Tikamgarh-Malehra road (State Highway number 10) to kilometer 107 of Jhansi-Nowgaon (National Highway number 76) (approximately 76.40 kilometer), the section of major district road by two-laning on build, operate and transfer (toll plus annuity) basis	229.20	Madhya Pradesh
17.	DBL Nadiad Modasa Tollways Limited (“DNMTL”)	Improving the section Nadiad-Madhudha-Kathial-Kapadwanj-Bayad-Modasa from kilometer 0.60 to kilometer 109.00 on State Highway number 59 by strengthening and widening to two-laning on design, build, finance, operate and transfer (annuity) basis.	325.20	Gujarat
18.	DBL Bankhalafata-Dogawa Tollways Limited (“DBDTL”)	Augmenting the existing three major district roads under package-I comprising (i) Bankhalafata-Dogawa-via-Borawa-Savardevala (23.67 kilometer); (ii) Punasa-Mundi-Singhaji (thermal power plant) and Singhaji bridge approach road (13.30 kilometer); and (iii) Beed-Mundi-Devala-Khutala-Attoot-NVDA (28.43 kilometer) (total length of	196.20	Madhya Pradesh

Sr. No.	Relevant Project SPV	Particulars of the Project (as per the Concession Agreements)	Lane Kilometers (in km)*	State
		65.40 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.		
19.	DBL Jaora-Sailana Tollways Limited (“DJSTL”)	Augmenting the existing four major district roads under package-IV comprising (i) Jaora-Piplodha-Jalandharkheda and Piploda-Sailana (42.27 kilometer); (ii) Raipururiya-Petlabad-Bamniya (18.18 kilometer); (iii) Jawad-Khoh (21.07 kilometer); and (iv) Soyat-Pidawa (6.25 kilometer) (total length of 87.77 kilometer) by intermediate-laning / two-laning on design, build, finance, operate and transfer (annuity) basis.	263.31	Madhya Pradesh
20.	DBL Mundargi Harapanahalli Tollways Limited (“DMHTL”)	Augmenting the existing State Highway from Mundargi-Hadagali-Harapanahalli (approximate length 51.21 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.	153.63	Karnataka
21.	DBL Hassan Periyapatna Tollways Limited (“DHPTL”)	Augmenting the existing State Highway from Hassan-Ramanathapura-Periyapatna (approximate length of 73.69 kilometer) on design, build, finance, operate, maintain and transfer (annuity) basis.	221.07	Karnataka
22.	DBL Hirekerur Ranibennur Tollways Limited (“DHRTL”)	Augmenting the existing State Highway from Hirekerur-Ranibennur (approximate length 55.69 kilometers) on design, build, finance, operate, maintain and transfer (annuity) basis.	167.07	Karnataka
23.	Jalpa Devi Tollways Limited (“JDTL”)	Augmenting the existing road National Highway number 3 from kilometer 332.100 to kilometer 426.100 (approximately 93.500 kilometer) on the Guna-Biaora section of National Highway number 3 by four-laning on design, build, finance, operate and transfer (toll) basis.	506.70	Madhya Pradesh
24.	Suryavanshi Infrastructure Private Limited (“Suryavanshi Infra”)	Reconstruction, strengthening, widening and rehabilitation of Mandsaur-Sitamau section from existing kilometer stone 18 and ends at the existing kilometer stone 62 at Chambal River (Rajasthan border) (total 44 kilometer) on State Highway number 14 section, and its operation and maintenance, on build, operate and transfer basis.	132.00	Madhya Pradesh

*The calculation of lane kilometres is done as per the circular of MoRTH (Ref. No.341/PS/Secretary/RTH/2018) dated March 1, 2018 (“MoRTH Measurement Circular”). As per the MoRTH Measurement Circular, the linear measurement of the project highway has been dispensed with.

The concessioning authorities for the State Projects are Madhya Pradesh Road Development Corporation Limited (“MPRDC”), Karnataka Road Development Corporation Limited (“KRDC”), and Roads and Buildings Department, Government of Gujarat (“RBDG”), and for the National Highway Projects, it is the National Highways Authority of India (“NHAI”) and Ministry of Road Transport and Highways, Government of India (“MoRTH”) (collectively, the “Concessioning Authorities”). Each of the concessioning authorities is a government entity.

The Projects are divided into four types on the basis of the implementation mode: (i) hybrid annuity; (ii) toll; (iii) annuity; and (iv) annuity plus toll. Key details of these models are set out below:

- The hybrid annuity model (“HAM”) was introduced in January 2016 by the Government with an intent to share the financial risk with the developers, given that infrastructure projects are capital intensive in nature. In a HAM project, the concessioning authority shares a portion of the total project cost during the construction phase. As a mix of EPC and annuity models, HAM reduces the financial burden of a concessionaire during the project construction phase and provides an assured revenue in form of annuities, interest on reducing balance of completion cost (BCC) and O&M payments linked

to inflation in the operational phase. Annuity payments eliminate the risk of income fluctuations resulting from changes in traffic volumes. Going forward, HAM is expected to remain the preferred mode of contract for both the Government as well as developers.

- In an annuity project or where the annuity component of an annuity plus toll project is concerned, a fixed amount is paid semi-annually as annuity by the respective Concessioneing Authority pursuant to the applicable concession agreement. Income from the project is thus assured to the extent of the annuity to be collected, thus eliminating or reducing our risk of income fluctuations resulted from changes in traffic volumes.
- In a toll-based project or where the toll component of an annuity plus toll project is concerned, concessionaires are allowed to collect tolls from vehicles that use their project carriageways during the concession period at rates notified by the relevant Concessioneing Authority, as updated from time to time. Income collected on a toll basis thus fluctuates as traffic volume changes, which is a risk inherent in the operation of our toll roads. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.

Salient Features of the Projects				
Particulars	HAM	Toll	Annuity	Annuity Plus Toll
Bid Criteria	Bid project cost (“BPC”) and first year O&M payable during operation (Both BPC and O&M are indexed with inflation from bid date at every payment invoice)	One time grant receivable from the relevant Concessioneing Authority or annual premium payable to the relevant Concessioneing Authority	Fixed half yearly payment (annuity) throughout the concession period	Fixed half yearly payment (annuity) throughout the concession period
Bid Parameter	Lowest lifecycle cost considering net present value of BPC & O&M bids	Lowest grant or highest premium, as the case maybe	Lowest fixed half year payment (annuity)	Lowest fixed half year payment (annuity)
Payments during Construction	40% of the BPC, linked to physical progress in five equal instalments	Grant if payable else Nil	Nil	Nil
Payments during Operation/Revenue	60% of the BPC is paid in bi-annual annuities over 15 years after COD along with interest at 3 per cent above the RBI Bank Rate and O&M payment as per bid norms	Actual Toll Collection. Toll rates are revised and notified annually by the relevant Concessioneing Authority with a fixed formula which consists of one fixed component (3% annual) and second inflation linked (40% of wholesale price index)	Fixed Half Yearly Payment	Fixed Half Yearly Payment and Actual Toll Collection. Toll Rates are revised and notified annually by relevant Concessioneing Authority with a fixed formula
Concession Period	Construction period and 15 years of operations	As per the concession agreement (which varies between 12 to 26 years)	As per the concession agreement (which is usually up to 15 years)	As per the concession agreement (which is usually up to 15 years)
Revenue Risk	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual annuity, interest and O&M payments are made by the relevant Concessioneing	The revenue is directly linked with the actual traffic plying on the project stretch. This risk is partially mitigated by annual revision in toll rates with fixed increase of 3% and 40% of variation in WPI.	There is no revenue risk as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by the relevant Concessioneing Authority	There is no revenue risk with respect to annuity payments as it is not dependent on actual traffic plying on project stretch and the bi-annual payments are made by Concessioneing

Salient Features of the Projects				
Particulars	HAM	Toll	Annuity	Annuity Plus Toll
	Authority irrespective of the traffic.		irrespective of the traffic.	Authority irrespective of the traffic. The toll revenue is directly linked with the actual traffic plying on the project stretch.

Factors Affecting Results Of Operations

The Project SPVs' business, prospects, results of operations and financial condition are affected by a number of factors, including the following key factors:

Inflation and Interest rate risk

In some of our concession agreements, our income from interest on balance completion cost is linked with RBI Bank Rate and income from operation and maintenance is linked with the movements of inflation indices in a relevant period. However, there are no specific provisions in our concession agreements protecting us against increases in interest rates on our borrowings or cost of raw materials except to the limited extent of rates linked to RBI Bank Rate and inflation. Our lenders may have the right to periodically adjust our interest rates and our applicable interest rates may increase based on their review of our credit profile and perceived risks in our operations. Our operational costs may also increase substantially if the O&M Contractor fails to perform its duties as per the O&M Agreements. Many factors causing such adverse changes are beyond our control and we are usually not able to demand matching increases in our tolling rates or annuities. Even if we invoke the inflation adjustment clauses in some of our concession agreements, the increase may not be adequate to offset the negative impact of increases in interest rates or the O&M costs.

Lower than expected returns on our investment in our Projects

In our annuity BOT projects or BOT projects with an annuity component, our annuity revenue depends on the fixed amounts paid to us by our government clients. The amount of annuity is not necessarily linked to our actual costs of construction and may only be deducted pursuant to the relevant concession agreements. In our toll-based projects or projects with a toll component, our toll revenue depends on the tolling rates set by the relevant concessioning authority in accordance with the relevant concession agreements and the actual traffic volume using our roads. Our decision to undertake BOT road projects is largely based on our estimate of our expected toll revenue, which in turn partly based on our estimate of the traffic volume using our roads.

Traffic volume may be affected by a number of factors beyond our control, including general economic conditions, alternate routes, alternate means of transportation, location of toll plazas, weather conditions, demographic changes, fuel prices, reduction in commercial or industrial activities in the regions served by the roads and natural disasters. Thus the actual traffic volume may be lower than our estimate. Decreases in traffic volume could result in a significant loss of our toll revenue. In addition, our concession agreements typically limit and regulate increases in tolling rates. Usually, the NHAI sets the applicable tolling rates and we may not be able to increase tolling rates to cover increases in our operational costs.

In some of our concession agreements, adjustments of annuities are linked to the movements of inflation indices in a relevant year. However, there are no provisions in our concession agreements protecting us against increases in interest rates or cost of raw materials. Our lenders may have the right to periodically adjust our interest rates and our applicable interest rates may increase based on their review of our credit profile and perceived risks in our operations. Our operational costs may also increase substantially during the operation of our BOT projects due to shortage of raw materials or substantial increases in prices of raw materials required for operation and maintenance beyond the permitted scope of adjustment due to occurrence of certain events under the relevant provisions of the concession agreements. Many factors causing such adverse changes are beyond our control and we are usually not able to demand matching increases in our tolling rates over and above fixed increase of 3% and 40% of variation in WPI or annuities. Even if we invoke the inflation adjustment clauses in some of our concession agreements, the increase may not be adequate to offset the negative impact of increases in interest rates or cost of raw materials.

Under the relevant concession agreements, our Project SPVs have rights to construct and operate the road projects exclusively for fixed periods of time and we receive annuities and/or tolls, as the case may be, for the use of our roads. However, we may be faced with competition from new roads developed by State Governments, which are not within our control. For example, MPRDC has the right to construct competing roads after a prescribed period of time, pursuant to the terms of the concession agreements. State Governments may not always charge for the use of these roads. There can be no assurance that our road projects will compete effectively against such roads that connect the same locations. Any material decrease in the actual traffic volume as compared to our forecasted traffic volume could have a material adverse effect on our cash flows from our tolling projects, which in turn can adversely affect our business, prospects, financial condition and results of operation.

As our BOT projects often require significant capital investment with potential returns spread over a long period of time, inadequate toll revenues and annuities collected from our projects may result in a low return or even loss on our investment, which may adversely affect our liquidity, business, financial condition and results of operation.

The road sector in India

We derive and expect to continue to derive in the foreseeable future, most of our revenues and operating profits from India. Changes in macroeconomic conditions generally impact the road industry and could negatively impact our business. Accordingly, our business is highly dependent on the state of development of the Indian economy and the macroeconomic environment prevailing in India. Since the use of our Projects, our expansion plans and future projects depend or will depend on macroeconomic factors that may negatively impact demand the development of road infrastructure projects in India, or the timely commencement of their operations could in turn have a material adverse effect on our growth prospects, business and cash flows. In addition, access to financing may be more expensive or not available on commercially acceptable terms during economic downturns. Any of these factors and other factors beyond our control.

General economic conditions in India

Our performance and the growth are dependent on the performance of the Indian economy, which, in turn, depends on various factors. The Indian economy has been affected by the recent global economic uncertainties, volatility in interest rates, currency exchange rates, commodity and electricity prices, adverse conditions affecting agriculture and various other macroeconomic factors.

Conditions outside India, such as a slowdown or recession in the economic growth of other major countries and regions, especially in U.S., Europe and China, have an impact on the growth of the Indian economy, and GoI policy may change in response to such conditions. While recent Indian governments have been focused on encouraging private participation in the infrastructure sector, any adverse change in policy could result in a further slowdown of the Indian economy. The rate of economic liberalisation could decrease, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well. In the road sector, there can be no assurance that the GoI's engagement with and outreach to private sector operators, including the Trust, will continue in the future. A significant change in India's economic liberalisation and deregulation policies, in particular, those relating to the road sector, could disrupt business and economic conditions in India generally and our business in particular. In addition, adverse developments in the Indian economy could also impact companies and banks that provide services to us. For example, on March 5, 2020 and November 17, 2020, respectively, the GoI, in consultation with RBI placed Yes Bank Limited and Lakshmi Vilas Bank under moratorium, imposed limitations on their operations as well as on withdrawals by depositors and payments to creditors over certain specified amounts for a limited period of time from the date of such moratorium coming into effect. The limitations on operations and the moratorium were subsequently lifted in both cases. The occurrence of any such development in the future may impact our banking channels, and we may or may not be able to recover our deposits, in part or in full. This could result in potential write-offs on our books of accounts. Additionally, an increase in trade deficit or a decline in India's foreign exchange reserves could negatively impact interest rates and liquidity, which could adversely impact the Indian economy and our business.

Dependence on support from governmental entities

Any significant changes in a particular government's policy for the road infrastructure sector could have a significant effect on the Trust's revenues, expenditure and growth prospects as they relate to future projects. The results of operations of future projects are likely to be affected by budgetary allocations made by the various central and state government agencies for the infrastructure sector as well as funding provided by international and multilateral development finance institutions for road infrastructure projects.

Further, trends in particular government's approach to infrastructure – such as slowdowns in the volume of build- operate-transfer projects for which concessions are granted – may be likely to affect the Trust's business, financial condition and results of operations. Policies relating to tolling methodologies, exemptions and changing political or social imperatives can also affect the Trust's or the Project SPVs' businesses.

Tax benefits for road infrastructure sector in India

The Project SPVs are entitled for certain benefits under Section 80-IA of the Income Tax Act, 1961, as amended, if certain conditions are satisfied. However, the benefits to the Project SPVs may expire at various points of time. Any expiry, termination or Government of India withdrawal of these tax benefits could result in an increase in the Trust's tax expenses, thereby adversely affecting the Trust's, or the Project SPVs' results of operations and cash flows.

Competition

The Trust faces competition from other road operators, financial investors and other InvITs in acquiring profitable concessions

for future projects. The competition for road projects varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. Some competitors may have greater financial resources, economies of scale and operating efficiencies than the Trust.

Basis of Preparation of Audited Special Purpose Combined Financial Statements

The Audited Special Purpose Combined Financial Statements have been prepared in accordance with Ind AS as notified by Ministry of Corporate Affairs under sections 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The Audited Special Purpose Combined Financial Statements consist of combined balance sheets as at March 31, 2021, March 31, 2020 and March 31, 2019, combined statement of profit and loss, combined cash flow statement and combined statement of changes in equity for the year ended March 31, 2021, March 31, 2020 and March 31, 2019 and combined statement of net assets at fair value as at March 31, 2021 and the combined statement of total return at fair value as at March 31, 2021, a summary of significant accounting policies, notes and other explanatory information. The Audited Special Purpose Combined Financial Statements have been prepared on a historical cost basis, except for certain assets and liabilities which have been measured at fair value.

The Audited Special Purpose Combined Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements of the Trust Group used for the purpose of combination are drawn for the three year period up to and including the year ended March 31, 2021.

Combination procedure:

- (a) combine like items of assets, liabilities, equity, income, expenses and cash flows of the Trust Group; and
- (b) eliminate in full intra Trust Group assets and liabilities, income, expenses and cash flows relating to transactions between the Trust Group. Profit or loss and each component of other comprehensive income are attributed to the equity holders of the Trust Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

Significant Accounting Policies

Use of estimates

The preparation of the combined financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying accounting policies:

The judgements, apart from those involving estimations that the Trust Group has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Trust Group is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Current versus non-current classification

The Trust Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Project SPV Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Project SPV Group has identified twelve months as its operating cycle.

Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Trust Group's functional currency. All amounts have been rounded-off to the nearest million, unless otherwise indicated.

Property, plant and equipment and Depreciation

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Trust Group. Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the statement of profit and loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Trust Group will obtain ownership by the end of the lease term. Freehold land is not depreciated. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

Intangible Assets

(a) Other Intangible Assets

Intangible assets that the Trust Group controls and from which it expects future economic benefits are capitalised upon acquisition at cost comprising the purchase price and directly attributable costs to prepare the assets for its intended use. Intangible assets that have finite lives are amortised over their useful lives by the straight line method.

(b) Service concession arrangements (Toll Rights)

The Trust Group recognises an intangible asset arising from a service concession arrangement to the extent the Trust Group has right to charge for the use of concession infrastructure. Intangible asset would be initially measured at cost. The fair value, at the time of initial recognition of such an intangible asset received as consideration for providing construction or upgrade services in a service concession arrangement, is regarded to be its cost. Borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost. Subsequent to initial recognition the intangible asset is measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent costs:

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Amortisation:

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life of an intangible asset in a service concession arrangement is a period

from when the Trust Group has right to charge the user of infrastructure for such use to the end of the concession period.

Impairment of non-financial assets:

The Trust Group assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the Trust Group estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis. An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised

Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Trust Group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent measurement

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Derecognition

The Trust Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Trust Group neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Impairment of financial asset

For impairment of financial assets, Trust Group applies expected credit loss (ECL) model. Following financial assets and credit risk exposure are covered within the ECL model:

- (a). Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance
- (b). Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Trust Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables including receivables recognised under service concession arrangements.

The application of simplified approach does not require the Trust Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Trust Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL

Financial liabilities

Initial recognition

The Trust Group initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the Trust Group becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Leases

The Trust Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Trust Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Trust Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Trust Group has the right to direct the use of the asset. At the date of commencement of the lease, the Trust Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases

For these short-term and low value leases, the Trust Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Trust Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

Revenue recognition

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments, to the extent that it is probable that they will result in revenue and can be measured reliably.

If the outcome of a construction contract can be estimated reliably, contract revenue is recognised in profit or loss in proportion to the stage of completion of the contract. The stage of completion is assessed by reference to surveys of work performed. Otherwise, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable. Revenue related to construction or upgrade services provided under a service concession arrangement is recognised based on the stage of completion of the work performed. Operation or service revenue is recognised in the period in which the services are provided by the Trust Group. Income from toll is recognised on receipt basis. Interest income is recognised in the Statement of Profit and Loss using the effective interest method in accordance with the service concession agreements. Other income comprises of interest income, dividend income, foreign currency gain on financial assets and liabilities and export benefits.

Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Earnings per Unit

Basic earnings per unit is computed using the net profit or loss for the year attributable to the unit holders and weighted average number of units outstanding during the year. Diluted earnings per unit is computed using the net profit or loss for the year attributable to the unit holders and weighted average number of equity and potential units outstanding during the year, except where the result would be anti-dilutive.

Cash Flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Trust Group are segregated.

Employee Benefits

Short Term Employment benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of exgratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Trust Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post Employment Employee Benefits

Retirement benefits to employees comprise payments to government provident funds, gratuity fund and Employees State Insurance.

Defined Contribution Plans

The Trust Group's contribution to defined contributions plans such as Provident Fund, Employee State Insurance are recognised in the Statement of Profit and Loss in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective Funds.

Defined Benefit Plans

Gratuity liability is defined benefit obligation. The Trust Group's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary, using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Trust Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs. Actuarial gains/losses are recognized in the other comprehensive income.

Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Trust Group will pay income tax higher than that computed under MAT, during the year that MAT is permitted to be set off under the Income Tax Act, 1961 (specified year). In the year, in which the MAT credit becomes eligible to be recognized as an asset the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement. The Trust Group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Trust Group will pay income tax higher than MAT during the specified year.

Appendix C to Ind AS 12 Uncertainty over Income Tax Treatments: The interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of Ind AS 12 and does not apply to taxes or levies outside the scope of Ind AS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation authorities
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates

The Trust Group has determined whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty has been followed. In determining the approach that better predicts the resolution of the uncertainty, the Trust Group considers, for example, (a) how it prepares its income tax filings and supports tax treatments; or (b) how the Trust Group expects the taxation authority to make its examination and resolve issues that might arise from that examination.

The amendment is effective from April 1, 2019. The Trust Group has evaluated the effect of Ind AS 12 amendment on the financial statements and concluded that there is no material impact on the retained earnings and on its profit for the year ended March 31, 2021.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of

carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Trust Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

Assets Held for Sale

Non-current assets are classified as held for sale when their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is highly probable.

Assets designated as held for sale are held at the lower of carrying amount at designation and fair value less costs to sell.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Trust Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

The Trust Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Trust Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Trust Group has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Segment information

The Project SPV Group is engaged in "Road Infrastructure Projects" which in the context of Ind AS 108 "Operating Segment" is considered as the only segment. The Project SPV Group's activities are restricted within India and hence, no separate geographical segment disclosure is considered necessary.

Principal Components of Combined Statement of Profit and Loss

Income

Our total income consists of revenue from operations and other income.

Revenue from operations

Revenue from operations primarily comprises contract revenue, toll plaza receipts, contract receipts (utility shifting), finance income, interest income from NHAI / MoRTH, income from change in scope and other operating revenue.

- **Contract Revenue:** Contract revenue represents cost incurred for constructing the road and is funded by construction support or grant from Concessioneing Authorities, banks and financial institutions and promoters' contribution. Such construction work is not undertaken by the Project SPVs themselves. Accordingly, the revenue is equivalent to the costs incurred.
- **Toll plaza receipts:** Toll plaza receipts consist of income arising out of toll collection is the income derived from the tolling operations by the Project SPVs. This includes toll revenue collected by Project SPVs as per the respective concession agreements in respect of different categories of vehicles using the Projects.
- **Finance Income:** Finance income consists of interest income on financial assets which is created in accordance with Ind AS by adopting financial asset model for future annuity receivables from the Concessioneing Authorities.
- **Contract revenue (utility shifting):** Contract revenue (utility shifting) represents cost incurred for additional work which is mentioned in the scope of the relevant concession agreements. Such work is not undertaken by the Project SPV themselves.
- **Income from change in scope:** Income from change in scope represents cost incurred for additional work which is not mentioned in scope of the concession agreements. Such work is not undertaken by the Project SPV themselves.
- **Interest Income from NHAI/MoRTH:** This income represents interest earned on the completion cost remaining to be paid by NHAI/ MoRTH as on the COD date.
- **Other operating revenue:** Other operating revenue primarily consists of the revenue from NHAI or MoRTH on account of operation and maintenance and bonus for early completion.

Other income

Other income primarily consists of interest income, which comprises interest from banks on deposits, interest on deposits with others and interest on income tax refund, and other non-operating income, which comprises deferred income on deposits, profit on sale of mutual funds and others.

Expenses

Our expenses consist of cost of construction, employee benefits expense, finance costs, depreciation and amortization expense and other expenses.

- **Cost of Construction:** Cost of construction primarily comprises cost of construction, subcontractor charges (utility), change in scope expenses, independent engineer fees and operation and maintenance charges.
- **Employee benefits expense:** Employee benefits expenses primarily comprise salaries, wages and bonus, contribution towards provident fund and staff welfare expense.
- **Finance costs:** Finance costs primarily comprise interest on borrowings, interest on other financial liability and other borrowing costs.
- **Depreciation and amortization expenses:** Depreciation and amortization expenses include depreciation on tangible assets and amortization of intangible assets.
- **Other expenses:** Other expenses primarily comprise major maintenance expense, legal and professional charges, electricity expenses and other expenses.

Result of Operations

The following table sets forth certain information with respect to the results of operations of the Initial Portfolio Assets for the periods indicated:

Particulars	For the year ended March 31, 2021		For the year ended March 31, 2020		For the year ended March 31, 2019	
	(₹ in million)	Percentage of Total Income (%)	(₹ in million)	Percentage of Total Income (%)	(₹ in million)	Percentage of Total Income (%)
Revenue from Operations	11,783.83	98.35	12,860.54	99.14	38,333.21	99.08
Other income	198.13	1.65	111.54	0.86	354.70	0.92
Total Income	11,981.96	100.00	12,972.08	100.00	38,687.91	100.00
Expenses

Total Comprehensive Income for the period (Comprising Profit (Loss) and Other Comprehensive Income for the period)	4,437.52	37.04	1,268.86	9.78	(548.19)	(1.42)

Financial year ended March 31, 2021 compared to financial year ended March 31, 2020

Total Income

Total income decreased by 7.63% from ₹ 12,972.08 million in Fiscal 2020 to ₹ 11,981.96 million in Fiscal 2021, primarily due to completion of under construction projects resulting into lesser income from construction activities.

Revenue from operations

Revenue from operations decreased by 8.37% from ₹ 12,860.54 million for Fiscal 2020 to ₹ 11,783.83 million for Fiscal 2021, primarily due to completion of under construction projects resulting into lesser income from construction activities.

Toll Plaza Receipts

Toll plaza receipts increased by 13.69%, from ₹ 1,422.16 million for Fiscal 2020 to ₹ 1,616.87 million for Fiscal 2021. This increase was attributable to augmentation in traffic volume and increase in toll rates as per Concession Agreements.

Contract Revenue

Contract revenue decreased by 90.02% from ₹ 4,091.56 million for Fiscal 2020 to ₹ 408.40 million for Fiscal 2021. This decrease was attributable to completion of under construction projects resulting into less income from construction activity.

Contract Receipts (Utility Shifting)

Contract receipts (utility shifting) decreased by 10.78% from ₹ 805.96 million for Fiscal 2020 to ₹ 719.11 million for Fiscal 2021, due to major utility shifting work completed during Fiscal 2020 along with completion of projects.

Income from Change in Scope

Income from change in scope increased by 338.77% from ₹ 109.60 million in Fiscal 2020 to ₹ 480.05 million in Fiscal 2021 on account of change of scope of work received from the Concessioneing Authorities in Fiscal 2021.

Interest Income from NHAI / MoRTH

Interest income from NHAI / MoRTH increased by 80.61% from ₹ 1,796.32 million in Fiscal 2020 to ₹ 3,244.33 million in Fiscal 2021, on account of Revenue for the entire year for five HAM projects in Fiscal 2021 as against the revenue for partial year during Fiscal 2020.

Interest Income on Financial Asset

Interest income increased by 28.75% from ₹ 3,881.66 million for Fiscal 2020 to ₹ 4,997.82 million for Fiscal 2021, due to revenue for the entire year for five HAM projects in Fiscal 2021 as against the revenue for partial year during Fiscal 2020.

Bonus for Early Completion

Bonus for early completion decreased by 86.58% from ₹ 679.56 million in Fiscal 2020 to ₹ 91.18 million in Fiscal 2021 due to completion of major projects resulting into accrual of bonus during Fiscal 2020.

Operation and Maintenance

Operation and maintenance income increased by 206.66% from ₹ 73.72 million in Fiscal 2020 to ₹ 226.07 million in Fiscal 2021, on account of revenue for the entire year for five HAM projects in Fiscal 2021 as against the revenue for partial year during Fiscal 2020.

Other income

Other income increased by 77.63% from ₹ 111.54 million for Fiscal 2020 to ₹ 198.13 million for Fiscal 2021, primarily on account of increase in fixed deposits for DSRA on completion of projects and consequent increase in resulting interest income.

Total Expenses

Total expenses decreased by 33.57% from ₹ 11,549.17 million for Fiscal 2020 to ₹ 7,672.09 million for Fiscal 2021, primarily on account of completion of under construction projects resulting into lesser expenses on construction activities.

Cost of Construction

Cost of construction decreased by 67.43% from ₹ 5,864.99 million for Fiscal 2020 to ₹ 1910.22 million for Fiscal 2021, primarily attributable to completion of under construction projects resulting into lesser construction activities and consequently lesser construction cost.

Employee benefit expense

Employee benefits expenses decreased by 18.21% from ₹ 11.20 million for Fiscal 2020 to ₹ 9.16 million for Fiscal 2021, due to majority of employees being transferred to the Investment Manager.

Finance costs

Finance costs increased by 0.42% from ₹ 4,432.60 million for Fiscal 2020 to ₹ 4,451.25 million for Fiscal 2021, primarily attributable to the slight balance disbursement of one SPV.

Depreciation and Amortization Expense

Depreciation and amortization expense slightly decreased by 0.31% from ₹ 560.20 million for Fiscal 2020 to ₹ 558.44 million for Fiscal 2021 which is in normal course of business and operations.

Other expenses

Other expenses increased by 9.24% from ₹ 680.18 million for Fiscal 2020 to ₹ 743.02 million for Fiscal 2021, due to increase in professional and consultancy charges primarily for refinancing of debt at a lower cost.

Profit before tax

As a result of the factors outlined above, our profit / (loss) before tax increased by 202.89% from ₹ 1,422.90 million for Fiscal 2020 to ₹ 4309.86 million for Fiscal 2021.

Tax expenses

Tax expense decreased from ₹ 154.04 million for Fiscal 2020 to ₹ (127.66) million for Fiscal 2021, due to reversal of previous year's excess tax provisions.

Profit/(loss) after tax

As a result of the factors outlined above, our profit after tax increased by 249.72% from ₹ 1,268.86 million for Fiscal 2020 to ₹ 4,437.52 million for Fiscal 2021.

Financial year ended March 31, 2020 compared to financial year ended March 31, 2019

Total Income

Total income decreased 66.47% from ₹ 38,687.91 million in Fiscal 2019 to ₹ 12,972.08 million in Fiscal 2020, primarily due to decrease in contract revenue, which was partially offset by an increase in interest income from NHAI / MoRTH and finance income.

Revenue from operations

Revenue from operations decreased by 66.45 % from ₹ 38,333.21 million for Fiscal 2019 to ₹ 12,860.54 million for Fiscal 2020, primarily due to decrease in contract revenue, which was partially offset by an increase in interest income from NHAI / MoRTH, finance income and toll plaza receipts.

Toll Plaza Receipts

Toll plaza receipts increased by 29.31%, from ₹ 1,099.79 million for Fiscal 2019 to ₹ 1,422.16 million for Fiscal 2020. This increase was attributable to commencement of toll collection by JDTL in June 2018, increase in toll rates as per concession agreements and increase in traffic volume.

Contract Revenue

Contract revenue decreased by 87.67% from ₹ 33,180.37 million for Fiscal 2019 to ₹ 4,091.56 million for Fiscal 2020. This decrease was attributable to construction of the six HAM projects which got operational in Fiscal 2020, due to which revenue recognition available for Fiscal 2019 equivalent to construction cost was not available for Fiscal 2020.

Contract Receipts (Utility Shifting)

Contract receipts (utility shifting) decreased by 46.97% from ₹ 1,519.90 million for Fiscal 2019 to ₹ 805.96 million for Fiscal 2020, due to utility shifting work of DKZHL and DYHPL being completed in Fiscal 2019.

Income from Change in Scope

Income from change in scope increased from nil in Fiscal 2019 to ₹ 109.60 million in Fiscal 2020 on account of change of scope of work received from the Concessioneing Authorities in Fiscal 2020.

Interest Income from NHAI / MoRTH

Interest income from NHAI / MoRTH increased from nil in Fiscal 2019 to ₹ 1,796.32 million in Fiscal 2020, on account of five HAM projects becoming operational in Fiscal 2020.

Interest Income on Financial assets

Interest income increased by 53.58% from ₹ 2,527.38 million for Fiscal 2019 to ₹ 3,881.66 million for Fiscal 2020, due to addition of income from the three KRDCCL projects and five HAM projects and discounting annuity receivables in light of the adoption of the financial asset model.

Bonus for Early Completion

Bonus for early completion increased from nil in Fiscal 2019 to ₹ 679.56 million in Fiscal 2020 for early completion of the DLSSL Project and DYWHPL Project. These amounts were paid to DBL in its capacity as the EPC contractor.

Operation and Maintenance

Operation and maintenance increased from nil in Fiscal 2019 to ₹ 73.72 million, on account of the five HAM projects becoming operational in Fiscal 2020.

Other income

Other income decreased by 68.55% from ₹ 354.70 million for Fiscal 2019 to ₹ 111.54 million for Fiscal 2020, primarily on account of a decrease in others and deferred income on deposits, which was partially offset by an increase in interest from banks on deposits.

Total Expenses

Total expenses decreased by 71.14% from ₹ 40,020.12 million for Fiscal 2019 to ₹ 11,549.17 million for Fiscal 2020, primarily on account of decrease in construction cost, which was partially offset by an increase in finance cost.

Cost of Construction

Cost of construction decreased by 83.26 % from ₹ 35,039.87 million for Fiscal 2019 to ₹ 5,864.99 million for Fiscal 2020, primarily attributable to a reduction in construction costs relating to the six HAM projects which became operational in Fiscal 2020.

Employee benefit expense

Employee benefits expenses increased by 105.13 % from ₹ 5.46 million for Fiscal 2019 to ₹ 11.20 million for Fiscal 2020, due to an increase in headcount and respective salaries during Fiscal 2020.

Finance costs

Finance costs increased by 17.12% from ₹ 3,784.78 million for Fiscal 2019 to ₹ 4,432.60 million for Fiscal 2020, primarily attributable to an increase in interest on borrowings due to additional borrowings taken for new projects. This was partially offset by a decrease in interest on other financial liability and other borrowing costs.

Depreciation and Amortization Expense

Depreciation and amortization expense increased by 14.19 % from ₹ 490.59 million for Fiscal 2019 to ₹ 560.20 million for Fiscal 2020, primarily attributable to the application of the requirements of Schedule II of the Companies Act, 2013 to depreciation and the revenue-based method to amortization of intangible assets for Fiscal 2020, which increased due to capitalisation of JDTL in June 2018. Accordingly, amortisation of 12 months was charged in Fiscal 2020 whilst amortisation for 10 months was charged in Fiscal 2019.

Other expenses

Other expenses decreased by 2.75 % from ₹ 699.42 million for Fiscal 2019 to ₹ 680.18 million for Fiscal 2020, primarily due to a decrease in other expenses, which was partially offset by an increase in legal and professional charges, rent paid and electricity expenses.

Profit before tax

As a result of the factors outlined above, our profit / (loss) before tax increased by 206.81% from ₹ (1,332.21) million for Fiscal 2019 to ₹ 1,422.90 million for Fiscal 2020.

Tax expenses

Tax expense increased from ₹ (784.02) million for Fiscal 2019 to ₹ 154.04 million for Fiscal 2020, due to an increase in net profit in relation to various projects which resulted in current tax amounting to ₹ 168.88 million. Deferred tax decreased from ₹ (768.87) million for Fiscal 2019 to ₹ 15.08 million for Fiscal 2020 due to reversal of deferred tax expense during Fiscal 2019 which was earlier created on account of timing differences. However, all Project SPVs are eligible for deduction under section 80-IA of the IT Act and accordingly, it is unlikely that deferred tax assets so created would be utilised any time during the tenure of the relevant concession agreements. Accordingly, deferred tax liability has been written back.

Profit/(loss) after tax

As a result of the factors outlined above, our profit/(loss) after tax increased by 131.46% from loss after tax of ₹ 548.19 million for Fiscal 2019 to profit after tax of ₹ 1,268.86 million for Fiscal 2020.

CASH FLOWS

The following table sets forth certain information relating to the cash flows of the Project SPVs on a combined basis for the periods indicated:

Particulars	Financial Year ended March 31,		
	2021	2020	2019
Net cash from / (used) by / in operating activities	13,486.51	(13,275.45)	2,208.49
Net cash from / (used) by / in investing activities	170.10	18,859.41	(13,015.09)
Net cash from / (used) by / in financing activities	(11381.79)	(4,073.68)	11,540.00

Net cash from / (used) by / in operating activities

Net cash from operating activities for Fiscal 2021 was ₹ 13486.51 million, primarily arising out of operational revenue from annuity and toll.

Net cash used in operating activities for Fiscal 2020 was ₹ 13,275.45 million, primarily for construction expenses of new projects which is charged to Statement of Profit and Loss as per Ind AS.

Net cash from operating activities for Fiscal 2019 was ₹ 2,208.49 million, primarily arising out of operational revenue from annuity and toll.

Net cash from / (used) by / in investing activities

Net cash from investing activities for Fiscal 2021 was ₹ 170.10 million, primarily due to interest income from fixed deposit with banks.

Net cash from investing activities for Fiscal 2020 was ₹ 18,859.41 million, primarily due to completion of project and conversion of Capital Work in progress into financial assets.

Net cash used in investing activities for Fiscal 2019 was ₹ 13,015.09 million, primarily for construction expense of new projects resulting into capital work in progress.

Net cash from / (used) by / in financing activities

Net cash used in financing activities for Fiscal 2021 was ₹ 11,381.79 million, primarily due to for repayment of borrowings and finance cost.

Net cash used in financing activities for Fiscal 2020 was ₹ 4,073.68 million, primarily due to repayment of borrowings and finance cost.

Net cash from financing activities for Fiscal 2019 was ₹ 11,540.00 million, primarily due to receipts of proceeds from long term and short term borrowings.

Capital Expenditure

The Project SPVs' capital expenditure has historically been principally for construction cost. In Fiscals 2019, 2020 and 2021, the capital expenditure of the Project SPVs (including capital expenditures with respect to the EPC costs) was ₹ 20,966.25 million, ₹ 2,747.52 million and nil, respectively.

We expect to incur further capital expenditure in connection with additional construction for our remaining projects. For further details, please see the section entitled "Risk Factors — The Project SPVs may be directed by the relevant Concessioning Authority to undertake additional construction work and therefore, may be required to perform additional construction work and/or incur capital expenditure" on page 73.

Indebtedness

The following table provides the types and amounts of the Initial Portfolio Assets' outstanding indebtedness as of March 31, 2021:

	<i>(In ₹ million)</i>		
Particulars	As at March 31, 2021	As at March 31, 2020	As at March 31, 2019
Non-current			
Secured			
a.1 Debentures	900.00	1,000.00	-
a.2 Term loans			
From Banks	38,726.66	41,665.46	40,787.07
From Other Parties	1,604.06	731.14	785.80
Less: Current maturities of non-current borrowings disclosed under the head 'Other financial liabilities - Current'	(4,152.12)	(2,261.48)	(1,517.56)
Unsecured			
Debentures#	5720.03		
Non-current borrowings	42798.63	41,135.11	40,055.31
Unsecured			
Others*	2159.55	10,739.70	10,815.74
Current Borrowings	2159.55	10,739.70	10,815.74
Total Borrowings	44,958.18	51,874.81	50,871.05

#Includes amount payable to related parties of Rs 5720.03 million Fiscal 2021

Includes amount payable to related parties of ₹ 1812.80 million for Fiscal 2021

*Includes amount payable to related parties of ₹ 9,460.83 million for Fiscal 2020.

*Includes amount payable to related parties of ₹ 8,145.45 million for Fiscal 2019.

As at March 31, 2021, the Initial Portfolio Assets' total borrowings, comprising of unsecured loans and secured loans of the Initial Portfolio Assets, was ₹ 44,958.18 million, consisting of unsecured loans of ₹ 7,879.58 million and secured loans of ₹ 41,230.72 million including borrowings classified as other financial liabilities. Most of the Project SPVs' financing arrangements are secured

by their movable and immovable assets, including charges on their equipment and intangible assets relating to toll collection rights and financial assets relating to their respective projects.

Sufficiency of Working Capital

The Investment Manager has confirmed that the Trust has the ability to meet its working capital requirements for at least 12 months from the date of listing of the Units.

Related Party Transactions

We have in the past engaged, and in the future may engage, in related party transactions. For a description of our related party transactions, see the section entitled “*Related Party Transactions*” on page 413.

Seasonality

Our business model is predominantly annuity based. However, two of the Projects are exclusively toll projects, being JDTL and Suryavanshi Infra. JDTL and Suryavanshi Infra are subject to seasonality of traffic and toll revenue. Traffic volumes tend to increase at the beginning and end of holiday seasons, but decrease during the monsoon season and on the day of a holiday. The monsoon season may also restrict our ability to carry on activities related to our operation and maintenance of the Project SPVs. Such events may result in delays in periodic maintenance and reduce productivity, thereby materially and adversely affecting our business, financial condition and results of operations.

Unusual or Infrequent Events or Transactions

Except as described in this Final Placement Memorandum, there have been no events or transactions to our knowledge which may be described as “unusual” or “infrequent”.

Total Turnover of each Major Industry Segment in which we operate

We have one primary business segment, namely the road sector. For further information, please see the section entitled “*Industry Overview*” and “*Our Business*” on pages 143 and 152, respectively.

Known Trends or Uncertainties

Other than as described in the section entitled “*Risk Factors*” on page 64 and this section entitled “*Discussion and Analysis by the Directors of the Investment Manager of the Financial Condition, Results of Operations and Cash Flows of the Initial Portfolio Assets of the Trust*” on page 389, to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on our revenues or income from continuing operations.

Quantitative and Qualitative Disclosure about Market Risks

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk interest rate risk, currency risk and other price risk such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings, trade and other payables, security deposit, trade and other receivables, deposits with banks. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Credit Risk

Credit risk on trade receivables is limited as the customers of the Trust mainly consists of the government promoted entities having a strong credit worthiness.

Liquidity risk

Liquidity risk relates to the risk that the Trust or the Project SPVs will not be able to meet their respective obligations associated with its financial liabilities. The Trust and the Project SPVs are exposed to liquidity risk in respect of financing arrangements and short-term and long-term investment programs mainly in their growth projects.

It is expected that the Trust, through the Investment Manager, will regularly monitor liquidity requirements to ensure that it maintains adequate means of obtaining funds necessary in order to meet liquidity requirements in the short and longer term. Further, the Trust and the Project SPVs aim to minimize the risk by generating sufficient cash flows from their current operations, cash and cash equivalents, liquid investments and by deploying a robust cash management system.

Significant Developments since March 31, 2021

Except as disclosed in this Final Placement Memorandum and except for the ordinary course of business of the Project SPVs, we are not aware of any circumstances that have arisen since March 31, 2021 that materially and adversely affect, or are likely to affect, our operations or profitability, the value of our respective assets, or our ability to pay our respective liabilities within the next twelve months.

The Trust and the Investment Manager confirm that there has been no material change in the contingent liabilities since March 31, 2021, being the date of latest financial information included by way of the Audited Special Purpose Combined Financial Statements.

The Trust and the Investment Manager confirm that there has been no material change in the capital and other commitments since March 31, 2021, being the date of latest financial information included by way of the Audited Special Purpose Combined Financial Statements.

RELATED PARTY TRANSACTIONS

In terms of Regulation 2(1)(zv) of the InvIT Regulations, related party shall be as defined as under the Companies Act, 2013 or under the applicable accounting standards and shall also include: (i) Parties to the Trust; and (ii) promoters, directors, and partners of the Parties to the Trust. Further, related parties also include such persons and entities as defined in terms of the applicable accounting standards, being Ind AS 24 on “*Related Party Disclosures*” (“**Related Parties**”) in relation to related party transactions. For further details in relation to related party transactions, please see the section entitled “*Audited Special Purpose Combined Financial Statements*” on page 465. The Parties to the Trust, may, from time to time, enter into related party transactions, in accordance with applicable law.

Procedure for dealing with Related Party Transactions

To ensure proper approval, supervision and reporting of the transactions between the Trust and its Related Parties, the board of directors of the Investment Manager has adopted the Policy in relation to Related Party Transactions and conflict of interests, pursuant to its resolution dated February 22, 2021, to regulate the transactions between the Trust and its Related Parties. The key terms of the RPT Policy are provided below:

- (i). In accordance with the InvIT Regulations, the Investment Manager will ensure that all future related party transactions shall be:
 - (a). on an arm’s length basis;
 - (b). in accordance with the relevant accounting standards;
 - (c). in the best interest of the Unitholders;
 - (d). consistent with the strategy and investment objectives of the Trust; and
 - (e). compliant with applicable law.
- (ii). Review and approval of related party transactions:
 - (a). Each transaction which is identified as a related party transaction shall be pre-approved by the audit committee constituted by the board of directors pursuant to Section 177 of the Companies Act, 2013 (“**Audit Committee**”) prior to entering into such transaction.
 - (b). The Audit Committee may grant omnibus approval for related party transactions. Each such omnibus approval shall be valid for a period not exceeding one year from the date of such approval, and related party transactions undertaken after the expiry of such period shall require fresh approval of the Audit Committee. The Audit Committee shall review, on a quarterly basis, the details of related party transactions entered into by the Trust pursuant to the omnibus approval.
- (iii). The Investment Manager will establish an internal control system so as to ensure that all future related party transactions are compliant with the InvIT Regulations and applicable accounting standards. Further, the Investment Manager shall convene meetings of the Unitholders in accordance with Regulation 22 of the InvIT Regulations, and maintain records pertaining to such meetings in the manner prescribed. The Investment Manager shall also ensure compliance with any additional guidelines issued in this regard by SEBI and other relevant regulatory, statutory or governmental authorities from time to time.
- (iv). In addition to any other requirement that may be prescribed in terms of the InvIT Regulations or other applicable laws, all related party transactions to be entered into in the future will be decided by the board of directors after the examination of the nature of the transaction and its supporting documents or such other data as may be deemed necessary by the board of directors.
- (v). The Investment Manager will ensure that if the total value of all the related party transactions in a financial year pertaining to acquisition or sale of assets, whether directly or through a holding company or SPV (as defined in the InvIT Regulations), or investments into securities, exceeds 5% of the value of the assets of the Trust or any other threshold prescribed by the InvIT Regulations, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any related party, in accordance with Regulation 22 of the InvIT Regulations.
- (vi). The Investment Manager will ensure that if the value of the funds borrowed from related parties in a financial year exceeds 5% of the total consolidated borrowings of the Trust, any holding company and the SPVs, or any other threshold prescribed by the InvIT Regulations, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any related party, in accordance with Regulation 22 of the InvIT Regulations.
- (vii). As a general rule, the Investment Manager must demonstrate to its board of directors that future related party transactions satisfy the criteria set out in paragraph (i) above, at the time of recommending the same for the approval of its board of directors.

- (viii). The Investment Manager will maintain a register to record all related party transactions entered into by the Trust and the basis on which they are entered into.
- (ix). The Investment Manager will also incorporate into its internal audit plan a review of all related party transactions entered into by the Trust during each financial year, including a review of the implementation of the agreements, including any right of first offer or right of first refusal arrangements, to acquire assets from the Sponsor.
- (x). The board of directors shall review at least quarterly in each financial year the related party transactions entered into during such quarter to ascertain that the guidelines and procedures established to monitor the related party transactions have been complied with.
- (xi). The Investment Manager shall ensure that the profits from related party transactions have arisen from legitimate business transactions.
- (xii). While considering voting on a related party transaction which requires approval of the Unitholders, voting by any person who is a related party in such transaction as well as associate of such person(s) shall not be considered on the specific issue.

Potential Conflict of Interest

- (i). Subject to applicable law and the RPT Policy, all resolutions in writing of the board of directors in relation to matters concerning related party transactions of the Trust must be approved by a majority of the board of directors.
- (ii). Where matters concerning the Trust relate to transactions entered into or to be entered into by the Investment Manager for and on behalf of Trust with a related party, the board of directors is required to consider the terms of the transactions to satisfy itself that the transactions are conducted in accordance with the parameters set out in the RPT Policy.
- (iii). While acquiring assets in the future from the Sponsor, the Investment Manager will maintain a register of all opportunities and transactions arising from the implementation of the agreements to acquire assets from the Sponsor.
- (iv). As part of its review of the internal audit reports at least quarterly in each financial year, the board of directors will review the internal audit reports of the implementation of the agreements to acquire assets from the Sponsor to ensure compliance. The review will include an examination of supporting documents and such other data deemed necessary to the board of directors.

Disclosure and Reporting

- (i). The Investment Manager shall submit to the Trustee, quarterly reports on the activities of the Trust, including the status of compliance with the requirements specified under the InvIT Regulations in relation to related party transactions, within such time as may be prescribed in the InvIT Regulations and applicable law.
- (ii). Related party transactions shall be disclosed: (a). in the offer document with respect to any transactions entered into prior to the offer of units and any such proposed transactions subsequent to the offer; and (b). to the stock exchanges and the Unitholders periodically, in accordance with the InvIT Regulations and the agreements to be entered into with the stock exchanges in relation to the listing of the Units. The Investment Manager shall adequately disclose the details of any fees or commissions received or to be received by such related party(ies) to the stock exchange.
- (iii). In accordance with the InvIT Regulations, the annual report to be submitted by the Investment Manager to all Unitholders, electronically or by physical copies, and to the stock exchanges within three months from the end of the financial year, shall contain, *inter alia*, details of all related party transactions, including acquisitions or disposal of any projects, directly or through SPVs during the year, the value of which exceeded five percent of value of the assets of the Trust.

Related Party Transactions

Present and On-going Related Party Transactions

Related Party Transactions of the Trust in relation to the setting up of the Trust and this Issue

A number of present and on-going transactions with certain Related Parties have been, or will be, entered into in relation to the setting up of the Trust. The Trustee and the Investment Manager confirm that the following related party transactions have been, or shall be, entered into, on an arm's length basis in accordance with the relevant accounting standards, in the best interest of the Unitholders, consistent with:

(A) Securities Purchase Agreements

Please see the section entitled “– *Acquisition of the Initial Portfolio Assets by the Trust*” on page 415 for a description of the terms of the Securities Purchase Agreements.

(B) Trust Deed

Please see the section entitled “*Parties to the Trust – Key Terms of the Trust Deed*” on page 102 for a description of the terms of the Trust Deed. The Trustee has received a sum ₹ 10,000 towards the initial settlement of the Trust from the Sponsor.

(C) Investment Management Agreement

Please see the section entitled “*Parties to the Trust – Key Terms of the Investment Management Agreement*” on page 115 for a description of the terms of the Investment Management Agreement.

(D) Project Implementation and Management Agreements

Please see the section entitled “*Parties to the Trust – Key terms of the Project Implementation and Management Agreements*” on page 125 for a description of the terms of the Project Implementation and Management Agreements.

(E) Trademark License Agreement

We do not own the “Shrem” trademark and “Shrem” logo. For further details, please see the section entitled “*Risk Factors – We do not own the “Shrem” trademark and logo. Our license to use the “Shrem” trademark and logo may be terminated under certain circumstances and our ability to use the trademark and logo may be impaired*” on page 78. However, our Investment Manager and our Trustee (on our behalf) have entered into a trademark license agreement dated February 26, 2021, with Chhatwal Group Trust (the “**Trademark License Agreement**”). As per the Trademark License Agreement, Chhatwal Group Trust has granted us a non-exclusive, non-transferable right (without any right to sub-license) to use the use the aforementioned marks in relation to our business throughout the world. Under the Trademark License Agreement, the Investment Manager and the Trustee are required to pay a license fee linked to the unitholding of entities of the Shrem group in the Trust.

The Securities Purchase Agreements, the Investment Management Agreement and the Project Implementation and Management Agreements will take effect prior to the Allotment of Units.

Acquisition of the Initial Portfolio Assets by the Trust

Securities Purchase Agreements

In connection with this Issue, the Trustee (on behalf of the Trust) shall acquire the entire equity share capital of each of the Holdcos, which in turn hold certain share capital of the Initial Portfolio Assets, from the Sponsor and other shareholders of the Holdcos (the “**Holdco Shareholders**”), pursuant to which the Initial Portfolio Assets shall stand transferred to the Trust. Further, the Trust shall purchase the non-convertible debentures issued by each of the Holdcos to the Sponsor.

In terms of the Securities Purchase Agreements, the consideration payable by the Trust for the aforementioned transactions shall be payable in the form of Units. The number of Units allotted to the Sponsor and the Holdco Shareholders shall be determined upon finalization of the Issue Price, in accordance with the formula set out in the Securities Purchase Agreements.

Under the Securities Purchase Agreements, the Sponsor and the Holdco Shareholders shall provide certain representations and warranties (subject to the disclosures in the Placement Memorandum and this Final Placement Memorandum) to the Trustee (acting in its capacity as the Trustee of the Trust) and the Investment Manager, in relation to themselves and the Initial Portfolio Assets, which include:

- (a). each of the Sponsor and the Holdco Shareholders are duly incorporated;
- (b). due authorization and validity of the shares being sold;
- (c). due accounting and finance conditions;
- (d). representations in relation to taxation, litigation, corporate records and material contracts; and
- (e). validity of approvals, licences, permits and authorizations.

The Sponsor and the Holdco Shareholders shall jointly and not severally, indemnify the Trust and the Investment Manager for the breach of any representations and warranties.

Borrowings from Related Parties

Borrowings in the form of inter-corporate deposits, and other short term and subordinated loans were provided by the Sponsor, the Holdcos, certain of their associates and DBL to the Initial Portfolio Assets. Further, borrowings in the form of inter-corporate deposits, and other short term and subordinated loans were provided by the Sponsor to the Holdcos. For details, please see the section entitled “*Financial Indebtedness and Deferred Payments*” on page 377.

Potential Conflicts of Interest

The Investment Manager has established certain procedures to deal with conflict of interest issues. For further details on management of potential conflicts of interest, please see the section entitled “– *Procedure for dealing with Related Party Transactions*” on page 413.

REGULATIONS AND POLICIES

The following description is a summary of certain sector specific laws currently in force in India, which are applicable to the business of the Initial Portfolio Assets, and the Trust, in the road infrastructure sector. The information summarized in this section has been obtained from statutes, regulations and sector-specific policies available in the public domain. The description set out below is not exhaustive, and is only intended to provide general information to Bidders, and is neither designed as, nor intended to substitute, professional legal advice and regulatory approvals. The interpretations, as provided hereinbelow, are subject to modification or clarification by subsequent legislative, judicial or administrative decisions. For information regarding regulatory approvals obtained by the Initial Portfolio Assets and the Trust, please see the section entitled “Regulatory Approvals” on page 425.

Regulatory Framework on Road Infrastructure

The regulatory framework in India in the highways sector, implemented on a public-private partnership (“PPP”) basis, mainly derives its source from the primary legislations of National Highways Authority of India Act, 1988 (the “NHAI Act”) and the National Highways Act, 1956 (the “NH Act”) enacted by the Indian parliament, each as amended or supplemented.

The National Highways Act, 1956

The policy of the MoRTH, in implementing the NH Act, is to vest the MoRTH with the power to declare a national highway and for acquisition of land for this purpose. The GoI, by notification, can declare the intention to acquire any land for a ‘public purpose’ as envisaged by the law and such land can be used for the purposes of building, maintenance and operation of the declared national highways throughout the country. The NH Act prescribes the procedure for such land acquisition. The procedure includes, *inter alia*, a declaration of an intention to acquire, entering and inspecting such land, hearing of objections, a declaration of the acquisition and the power to take possession. The NH Act also provides for payment of compensation to owners and any other person whose right of enjoyment or ownership in the land has been affected. The NH Act vests MoRTH with the power to appoint a competent authority for the effective implementation of the NH Act and its policies. The said appointed authority retains the right and power to (a) survey, make any inspection, valuation or enquiry; (b) take levels; (c) dig or bore into sub-soil; (d) set out boundaries and intended lines of work; (e) mark such levels, boundaries and lines placing marks and cutting trenches; or (f) do such other acts or things as may be laid down by rules made in this behalf by that government.

All the notified national highways shall vest in the name of the Union and for the purposes, shall include all lands appurtenant thereto and all the bridges, culverts, tunnels and other enlisted constructions under the said NH Act. The Central Government shall assume the responsibility of maintaining and construction of national highways in proper condition in accordance to the law. The Central Government also retains the right to levy fee over the services and benefits rendered in relation to the use of such national highways.

The GoI is responsible for the development and maintenance of national highways. However, it may direct that such functions may also be exercised by the government of a state in which the highway is located or by any officer or authority subordinate to the GoI or to the state government. Further, the GoI has the power to enter into an agreement with any person for the development and maintenance of a part or whole of the highway. Such person would have the right to collect and retain fees at such rates as may be notified by the GoI and will also have the powers to regulate and control the traffic, for proper management of the highway, in accordance with the provisions of the Motor Vehicles Act, 1988, as amended. The GoI also has the power to make rules for carrying out the purposes of the NH Act.

The National Highways (Amendment) Act, 2017, entails the competent authority to issue reports to the Central Government in respect of any land (either acquired or proposed to be acquired) which is, either under incorrect revenue record or which is not required due to change in geometry or alignment of the construction, to issue order for the de-notification of such land from the acquisition for development and maintenance of the national highway. In pursuance of the foregoing amendment to the statute, the National Highways Rules, 1957, have been amended to ensure the exercise of the power under the NH Act. These rules provide for periodic regulatory compliance and reporting standards to be followed by the competent authority in reporting to the Central Government.

The National Highways Authority of India Act, 1988

The NHAI Act was enacted in pursuance of the powers of the Central Government for appointing a competent authority under the NH Act and provides for the constitution of an authority for the development, maintenance and management of national highways and for matters connected therewith or incidental thereto. In accordance with the NHAI Act, the GoI carries out development and maintenance of the national highways through NHAI. Subject to the provisions of the NHAI Act, the NHAI has the power to enter into and perform any contract necessary for the discharge of its functions. The NHAI has the power to acquire any land to discharge its functions, and such acquired land will be deemed to be land needed for a ‘public purpose’. The NHAI Act prescribes a limit in relation to the value of the contracts that may be entered into by NHAI. However, the NHAI may enter into contracts exceeding the specified value, on obtaining prior approval of the GoI. The NHAI Act provides that the contracts for acquisition, sale, or lease of immovable property on behalf of the NHAI cannot exceed a term of 30 years unless previously approved by the GoI.

NHAI's objective is to ensure that all contract awards and procurements conform to the best industry practices with regard to transparency of process, adoption of bid criteria to ensure healthy competition in award of contracts. The implementation of projects conforms to best quality requirements and the highway system is maintained to ensure best user comfort and convenience. NHAI has a three-tier structure. The headquarters (HQ), the regional offices (ROs) and the project implementation units (PIUs). The PIUs, headed by project directors, are responsible for implementation of projects assigned to them and ROs, headed by a Chief General Manager ("CGM") level officer, have been set-up in various parts of the country for decentralizing and strengthening the field level operations in NHAI. The HQ is responsible for overall supervision of the works assigned to NHAI.

In view of the challenging task of construction, development, and management of national highways being undertaken by NHAI, the Committee on Public Undertakings selected the subject "National Highways Authority of India (NHAI)" for comprehensive examination and report. The National Highways Authority of India (Amendment) Act, 2013, received the assent of the President of India on September 10, 2013, and aimed at increasing the institutional capacity of NHAI to help execute the powers delegated to it. National Highways Development Project ("NHDP") was launched in 1998 with the objective of developing roads of international standards which facilitate smooth flow of traffic. The NHDP envisages creation of roads with enhanced safety features, better riding surface, grade separator and other salient features.

As per the NHAI Works Manual, 2006, NHAI's mandate is the time and cost bound implementation of the NHDP. The sources of finance available to the NHAI include fund assistance from external funding agencies like the International Bank of Reconstruction and Development and the Asian Development Bank. NHAI's role encompasses involving the private sector in provision, maintenance, and operation of the national highways.

Financing of the NHDP

The GoI, under the Central Road Fund Act, 2000 created a fund which is required to be utilized for the development and maintenance of national highways (the "Central Road Fund"). Section 18 of the NHAI Act also provides for the creation of a separate NHAI Fund. Any capital grant or aid received, loan taken, borrowing made, or any other sum received by the NHAI is credited to the NHAI Fund. Certain sources for financing of the NHDP are through dedicated accruals under the Central Road Fund by levy of cess on fuel as well as involving the private sector and encouraging public private partnerships. The NHDP is also financed through long-term external loans from the International Bank of Reconstruction and Development, the Asian Development Bank and the Japan Bank for International Cooperation as well as through tolling of roads for different projects undertaken by the NHAI.

Private Participation in NHDP

In an effort to attract private sector participation in the NHDP, the NHAI has formulated model concession agreements ("MCAs") where a private entity, being the concessionaire, is, through an international competitive bidding ("ICB") process, awarded a concession (in form of a bundle of licenses) to build, operate and collect toll on a road for a specified period of time.

The bidding for the projects takes place in two stages as per the process provided below:

1. in the pre-qualification (RFQ) stage, the NHAI selects certain applicants on the basis of technical and financial expertise, prior experience in implementing similar projects and previous track record; and
2. in the bidding (RFP) stage, the NHAI invites financial bids from the pre-qualified applicants at the RFQ-stage on the basis of which the right to develop the project is awarded.

In accordance with the MCAs for projects above ₹1,000 million, the concessionaire meets the upfront cost and expenditure on annual maintenance and recovers the entire cost along with the interest from toll collections during the concession period. As per the 'Guidelines for Investment in Road Sector' issued by MoRTH in 2009, in order to increase the viability of projects, a capital grant of up to 40% of the project cost is provided by the NHAI or the GoI. The quantum of grant is determined on a case to case basis and typically constitutes the bid parameter in Build, Operate, Transfer ("BOT") projects which are generally not viable based on toll revenue alone. For certain projects with high traffic volumes, concessionaire also offers a negative grant (i.e., premium) to the NHAI. The concessionaire at the end of the concession period transfers the road back to the Government (free of charge and clear of all encumbrances). The concessionaire's investment in the road is recovered directly through user fees collected by way of tolls. As per the MCAs for annuity based projects, the concessionaire is required to meet the entire upfront cost (no grant is paid by the NHAI or the GoI) and the expenditure on annual maintenance for annuity based projects. The concessionaire recovers the entire investment through pre-determined annuity payments to be made by the NHAI or the GoI. Furthermore, MoRTH approved certain amendments to the model concession agreement, inter-alia, in relation to deferment of premium payments.

Exit Policy

The CCEA in May 2015 approved a comprehensive exit policy framework with the objective to mobilize funds in the market. In pursuance thereto, NHAI, vide Circular No. NHAI/1103/CGM(FA)/4/2015 dated June 9, 2015 permitted divestment of 100% equity by concessionaires/developers after two years of completion of construction to facilitate unlocking of funds for new infrastructure

projects. The equity divested is required to be invested by promoters in their new projects. This comprehensive exit policy framework is expected to harmonize certain conditions across all concessions signed prior to 2009 with the policy framework for post 2009 contracts which permit divestment of equity up to 100%, two years after completion of construction. In line with the spirit of quoted circular, the NHAI issued another circular dated September 9, 2015 followed by the circular dated November 19, 2015, on the same subject, allowing the promoter to use the proceeds from the sale of divested equity of the concessionaire in one or more of the following:

- (i). in incomplete NHAI projects;
- (ii). any other highway projects;
- (iii). any other power sector projects; or
- (iv). to retire their debt to financial institutions in any other infrastructure projects.

In addition, as per the terms of the Concession Agreements, the acquisition of any control directly or indirectly of the board of directors of the Project SPVs by any person either by himself or together with any person or persons acting in concert with him, shall constitute a change in ownership requiring prior approval of the respective concessioning authority, from national security and public interest perspective and the decision of respective concessioning authority in this behalf being final, conclusive and binding on the Project SPVs. The Project SPVs are also obliged to not give effect to any such acquisition of equity or control of the board of directors without such prior approval of respective concessioning authority.

Relaxation in the 'change in ownership' clause in Hybrid Annuity Model (HAM) projects

The MoRTH, *vide* circular dated November 10, 2020 and November 27, 2020, read along with the NHAI circular dated December 31, 2020, amended the MCAs in respect of project implemented under the HAM model, and permitted the selected bidder/consortium members, for the new as well as subsisting national highways project under the HAM-model, to dilute their equity six months after COD is achieved for the respective project.

Rationalized Compensation

The CCEA in November 2015 approved a policy for rationalized compensation to concessionaires for languishing national highway projects in BOT mode for delays that are not attributable to the concessionaires. Under the policy, the NHAI is authorized to allow an extension of the concession period for BOT (Toll) projects while keeping the original operation period unchanged. The NHAI has also been authorised to pay compensatory annuities to the concessionaire corresponding to the actual period of delay that is not attributable to the concessionaire upon successful completion of the project. In these cases, the construction period will be enhanced but the tenure of the concession will remain unchanged.

One Time Fund Infusion

The CCEA in October 2015 gave its approval to the NHAI for a one-time infusion of funds with the purpose of reviving and physically completing stalled projects in the advanced stages of completion. As per the policy, the amount of funds required in each case shall be approved by NHAI on a case to case basis.

Bidder Information

MoRTH has developed the Bidder Information Management System (“**BIMS**”) to streamline the process of pre-qualification of bidders for EPC mode of contracts for all national highway works, with enhanced transparency and objectivity. BIMS works as a data base of bidder information that covers basic details, civil works experience, cash accruals and network, and annual turnover so that bidders’ pre-qualification can be assessed based on evaluation parameters like threshold capacity and bid capacity from already stored data and the technical evaluation can be carried out in a faster manner.

Land Acquisition

While land is acquired for national highway projects under the NH Act, the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (the “**Land Acquisition Act**”) must also be complied with. MoRTH has issued comprehensive guidelines on land acquisition for national highways taking into account the applicability of the Land Acquisition Act.

Arbitral Awards

CCEA on August 31, 2016 approved various measures to revive the construction sector. An office memorandum dated September 5, 2016 was issued by the National Institute for Transforming India with certain proposals. On November 20, 2019, the CCEA approved certain proposals in relation to the arbitrations by or against government entities, for the effective implementation of the CCEA’s decision on August 31, 2016 on its initiatives to revive the construction sector. Initially, the CCEA had approved the proposal that

government agencies will be required to pay 75% of the arbitral award to the concessionaire against a bank guarantee, in cases where the award already announced is challenged. However, pursuant to a press release dated November 20, 2019, the CCEA approved, inter-alia, that where a government entity has challenged an arbitral award, resultant of which the amount of the arbitral award has not been paid, 75% of such award will be paid by the government entity to the contractor or the concessionaire against a bank guarantee only for the said 75% and not for its interest component. In relation to interest payable to the government entity, if a subsequent court order required the refund of 75% of the amount, the payment of such amounts will be required to be made as per the court orders.

Applicable Rules

As per the NH Act and the NHAI Act, the Central Government is empowered to make rules in order to further the objects of NH Act and NHAI Act. In exercise of such power, the Central Government has framed certain rules which are as follows:

- The National Highways Rules, 1957;
- National Highways Authority of India (Budget, Accounts Audit, Investment of Funds and Powers to enter Premises) Rules, 1990, as amended;
- The National Highways (Manner of Depositing the Amount by the Central Government with Competent Authority for Acquisition of Land) Rules, 1998;
- The National Highways Tribunal (Procedure for Appointment as Presiding Officer of the Tribunal) Rules, 2003;
- The National Highways Tribunal (Procedure) Rules 2003;
- National Highways Authority of India (The Term of Office and Other Conditions of Service of Members) Rules, 2003, as amended;
- The Central Road Fund (State Roads) Rules, 2007;
- The National Highways Tribunal (Financial and Administrative Powers) Rules, 2004;
- The National Highways Tribunal (Procedure for Investigation of Misbehaviour or Incapacity of Presiding Officer) Rules, 2003;
- The National Highways Fee (Determination of Rates and Collection) Rules, 2008, as amended; and
- The Highway Administration Rules, 2004.

Environmental Compliances and Regulations

Infrastructure projects must also ensure compliance with environmental legislations such as the Water (Prevention and Control of Pollution) Act, 1974 (“**Water Pollution Act**”), the Air (Prevention and Control of Pollution) Act, 1981 (“**Air Pollution Act**”) and the Environment Protection Act, 1986 (“**Environment Act**”, together with the Water Pollution Act and the Air Pollution Act, the “**Environment Protection Acts**”). The Water Pollution Act aims to prevent and control water pollution. This legislation provides for the constitution of a central pollution control board (“**Central Pollution Control Board**” or “**CPCB**”) at the Central level and state pollution control boards (“**State Pollution Control Boards**” or “**SPCBs**”, together with the Central Pollution Control Board, the “**PCBs**”) at the State levels. The functions of the CPCB includes, among other things, coordination of activities of the SPCBs, collecting data relating to water pollution and the measures devised for the prevention and control of water pollution and prescription of standards for streams or wells. The SPCBs are responsible for, among other things, the planning for programmes for prevention and control of pollution of streams and wells, collecting and disseminating information relating to water pollution and its prevention and control, inspection of sewage or trade effluents, works and plants for their treatment and to review the specifications and data relating to plants set up for treatment and purification of water, laying down or annulling the effluent standards for trade effluents and for the quality of the receiving waters, and laying down standards for treatment of trade effluents to be discharged. These authorities issue consent to establish and consent to operate which are to be required to be renewed periodically. These authorities also have the power of search, seizure and investigation if the authorities are aware of or suspect violation of such regulations. This legislation prohibits any person from establishing any industry, operation or process or any treatment and disposal system, which is likely to discharge trade effluent into a stream, well or sewer, or bring into use any new or altered outlet for discharge of sewage, or begin to make any new discharge of sewage without taking prior consent of the SPCBs.

In context of the environmental compliances and regulations, the National Green Tribunal Act, 2010 (the “**NGT Act**”) is an important legislation which provides for the establishment of a National Green Tribunal (“**NGT**”) for the effective and expeditious disposal of cases relating to environmental protection and conservation of forests and other natural resources including enforcement of any legal right relating to environment and giving relief and compensation for damages to persons and property and for matters connected therewith or incidental thereto.

In accordance with the Forest (Conservation) Act, 1980, state governments are not permitted to make any order directing the use of forest land for a non-forest purpose, or assignment of any forest land through lease or otherwise to any private person or corporation without the approval of the GoI. The Ministry of Environment, Forest and Climate Change (“**MoEF**”) mandates the Environment Impact Assessment (“**EIA**”) must be conducted for specified projects. In the process, the MoEF receives proposals or the setting up of projects and assesses their impact on the environment before granting clearances to the projects.

The EIA Notification S.O. 1533, issued on September 14, 2006 (the “**EIA Notification**”) and amended from time to time, under the provisions of the Environment Protection Act, prescribes that new construction of specified projects require prior environmental clearance from the MoEF. The environment clearance must be obtained from MoEF according to the procedure specified in the EIA Notification. No construction work or preparation of land by the project management except for securing the land, relating to the setting up of a specified project can be undertaken until such clearance is obtained. Under the EIA Notification, the environmental clearance process for new projects consists of four stages – screening, scoping, public consultation and appraisal. After completion of public consultation, the applicant is required to make appropriate changes in the draft ‘EIA Report’ and the ‘Environment Management Plan.’ The final EIA Report has to be submitted to the concerned regulatory authority for appraisal. The regulatory authority is required to give its decision within 105 days of the receipt of the final EIA Report. The EIA Guidance Manual for Highways, 2010 explains the four stages of the environmental clearance process and the contents of the EIA Report required to be submitted by highway projects.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, impose an obligation and duty on the owners and operators of any facility or industry with a capability to create hazardous materials to safely dispose of such material in transport and other means of collecting and storing. Each occupier and operator of any facility generating hazardous waste is required to obtain an approval from the relevant state pollution control board for collecting, storing and treating the hazardous waste.

Green Highways (Plantation, Transplantation, Beautification and Maintenance) Policy, 2015

In September 2015, MoRTH has launched Green Highways (Plantation, Transplantation, Beautification and Maintenance) Policy, 2015, which will require road developers to earmark 1% of a project’s total cost for planting of trees and shrubs along the national highways. Under this policy, the maintenance of such plantations will be outsourced through a bidding process to plantation agencies. MoRTH/NHAI will appoint the authorized agency for empanelment of such plantation agencies.

Public Liability Insurance Act, 1991

The Public Liability Insurance Act, 1991 (the “**Public Liability Act**”), imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of ‘hazardous substances’ covered by the legislation has been enumerated by the GoI by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the Environment Relief Fund, a sum equal to the premium paid on the insurance policies. This amount is payable to the insurer.

Labour Laws and Other Regulations

The laws and regulations to employment that may be applicable to the Trust, the Investment Manager, the Sponsor, and the Project SPVs include the following:

- Contract Labour (Regulation and Abolition) Act, 1970;
- Payment of Bonus Act, 1965;
- Employees’ State Insurance Act, 1948;
- Employees’ Provident Funds and Miscellaneous Provisions Act, 1952;
- Payment of Gratuity Act, 1972;
- Shops and Commercial Establishments Acts, where applicable;
- Minimum Wages Act 1948;
- Industrial Disputes Act, 1947;
- Employee’s Compensation Act, 1923;
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013;
- Child Labour (Prohibition and Regulation) Act, 1986; and
- The Maternity Benefit Act, 1961.

Further, the Code on Wages, 2019, the Code on Social Security, 2020, the Occupational Safety, Health and Working Conditions Code, 2020 and the Industrial Relations Code, 2020 have been published in the official gazette by the Government of India. These will come into effect on dates as notified by the Government of India in the official gazette.

In addition to the above, various state shops and commercial establishments acts are also applicable to the Trust.

Other applicable law

The Motor Vehicles Act, 1988

The development, maintenance and management as well as control of the National Highways are regulated by the NH Act and the NHAI Act. Under the Motor Vehicles Act, 1988, some powers have been delegated to the Transport Department of the State Governments.

Section 138 of the Motor Vehicles Act, 1988 further empowers the State Governments to make rules for the control of traffic, including for the purpose of the removal and the safe custody of vehicles including their loads which have broken down or which have been left standing or have been abandoned on roads; the installation and use of weighing devices; the maintenance and management of wayside amenities complexes; the exemption from all or any of the provisions of relating to fire brigade vehicles, ambulances and other special classes or descriptions of vehicle, subject to such conditions as may be prescribed; the maintenance and management of parking places and stands and the fee, if any, which may be charged for their use; prohibiting the taking hold of or mounting of a motor vehicle in motion; prohibiting the use of foot-paths or pavements by motor vehicles, generally, the prevention of danger, injury or annoyance to the public or any person, or of danger or injury to property or of obstruction to traffic.

Motor Vehicles (Amendment) Act, 2019

The Motor Vehicles (Amendment) Act, 2019 is targeted towards bringing changes in the transport sector to encourage safer driving practices among Indian motor vehicle drivers. The draft for the amendment was put forward in the lower house of the Parliament, with a proposal to impose strict fines on the violators of traffic rules. The Act proposes to create a National Road Safety Board to be created by the Central Government through a notification. The Board will advise the Central and State governments on all aspects of road safety and traffic management.

Indian Trusts Act, 1882

The Indian Trusts Act, 1882 (“**Trusts Act**”) governs all private trusts in India.

The Trusts Act sets out the purpose for which private trusts can be established, the manner in which they may be created, executed and extinguished. The person creating a trust under the Trusts Act is the author of such trust, the person to whom the author grants the power and authority to regulate the trust is the trustee and the persons for whose benefit such trust has been created are the beneficiaries of such trust. The Trust Act sets out the rights, duties, liabilities and powers of the trustees and the beneficiaries vis-a-vis the trust. The Trust has been settled in accordance with the provisions of the Trusts Act.

Control of National Highways (Land and Traffic) Act, 2002

The Control of National Highways (Land and Traffic) Act, 2002 (the “**Control of NH Act**”) provides for control of land within national highways, right of way and traffic moving on national highways and also for removal of unauthorised occupation thereon.

In accordance with the provisions of the Control of NH Act, the Central Government has established Highway Administrations. Under the Control of NH Act, all land that forms part of a highway which vests in the Central Government, or that which does not already vest in the Central Government but has been acquired for the purpose of highways shall be deemed to be the property of the Central Government. The Control of NH Act prohibits any person from occupying any highway land or discharging any material through on such land without the permission of the Highway Administration or any officer authorised by such administration. The Control of NH Act permits the grant of lease and license for use of highway land for temporary use.

Indian Tolls Act, 1851

In accordance with the Indian Tolls Act, 1851 (the “**Tolls Act**”), the state governments have been vested with the power to levy tolls at such rates as they deem fit, to be levied upon any road or bridge, made or repaired at the expense of the Central or any state government. The tolls levied under the Tolls Act, are deemed to be ‘public revenue’ and the collection of tolls can be placed under any person the State governments’ deem fit. Such persons are enjoined with the same responsibilities as if they were employed in the collection of land revenue. Further, all police officers are bound to assist the toll collectors when required in the implementation of the Tolls Act. The Tolls Act further gives power for recovery of toll and exempts certain category of people from payment of toll.

National Highways Fee (Determination of Rates and Collection) Rules, 2008

The National Highways Fee (Determination of Rates and Collection) Rules, 2008 (the “**NH Fee Rules**”), regulates the collection of fee for the use of national highways. In accordance with the NH Fee Rules, the GoI may, by a notification, levy fee for use of any section of a national highway, permanent bridge, bypass or tunnel forming part of a national highway, as the case may be. However, the GoI may, by notification, exempt any section of a national highway, permanent bridge, bypass or tunnel constructed through a public funded project from levy of such fee.

The NH Fee Rules supersede the National Highways (Temporary Bridges) Rules, 1964, the National Highways (Collection of Fees by any Person for the Use of Section of National Highways/ Permanent Bridge/ Temporary Bridge on National Highways) Rules, 1997, the National Highways (Fees for the use of National Highways Section and Permanent Bridges Public Funded Project) Rules, 1997 and the National Highways (Rate of Fees) Rules, 1997 other than in respect of things done or omitted to be done under such rules prior to supersession. The NH Fee Rules do not apply to agreements and contracts executed or bids invited prior to the publication of such rules i.e. prior to December 5, 2008.

The collection of fee in case of a public funded project shall commence within 45 days from the date of completion of the project. The NH Fee Rules further provide for the base rate of fee applicable for the use of a section of the national highway for different categories of vehicles and the fees collected by the executing authority shall be remitted to the GoI. However, the GoI may, by notification, allow any or all of the executing authorities to appropriate the whole, or part of such fees for purposes as may be specified.

FASTag lanes on fee plazas is a policy initiative of the GoI in which there is an exclusive lane in the fee plaza for movement of vehicles fitted with FASTag. The FASTag is a device which is fitted on the front windscreen of vehicles to indicate online toll payment. The amended NH Fee Rules impose a penalty equivalent to two times the fee applicable if a vehicle not fitted with FASTag enters the exclusive FASTag lane. However, in case a user is unable to pay, due to malfunctioning electronic toll collection infrastructure, the user will be permitted to pass the fee plaza without payment.

The NH Fee rules were also amended to provide that the driver or owner of a mechanical vehicle which is loaded in excess of permissible load specified for its category, (i) shall not be permitted to use the national highway or cross the fee plaza until the excess load has been removed, and (ii) shall be liable to pay a fee to the toll collection agency equal to ten times of the fee applicable to such category of mechanical vehicle. However, in case no weighbridge has been installed at the toll plaza, no fee for overloading shall be levied.

The National Highways Rules, 1957 (the “NH Rules”)

The NH Rules provide that in situations where the estimate cost of the execution of any original work on a national highway exceeds ₹ 1,000,000, a detailed estimated of the cost is to be forwarded to the GoI. An application for allotment of funds for meeting expenditure on an original work on a national highway must also be made to the GoI. The executing agency of the highway is required to furnish monthly progress reports and a completion report on the conclusion of the work. The NH Rules also give the consulting engineer of the GoI the right to inspect the work while it is in progress or after completion.

Provisions under the Constitution of India and other legislations in relation to collection of toll

Entry 59, List II of Schedule VII read with Article 246 of the Constitution of India vests state governments with the power to levy tolls. Further, in accordance with the Tolls Act, state governments have been vested with the power to levy tolls at such rates as they deem fit.

Foreign Investment Regulations

Foreign investment in Indian securities is governed by the provisions of the FEMA, read with the applicable FEMA Rules, the FEMA (Mode of payment and Reporting of Non-Debt Instruments) Regulations, 2019 and the consolidated FDI Policy issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government. Foreign investment is permitted (except in the prohibited sectors) either through the automatic route or the approval route, depending upon the sector in which foreign investment is sought to be made. Under the FEMA Rules and the current consolidated FDI Policy, effective from October 15, 2020, an infrastructure investment trust registered and regulated by the SEBI under the InvIT Regulations, being an ‘investment vehicle’, is permitted to receive foreign investment from a person resident outside India (subject to Press Note 3 (2020 series)), including an FPI or an NRI subject to the terms and conditions specified in the FEMA Rules.

Downstream investment by an infrastructure investment trust shall be regarded as indirect foreign investment if neither the sponsor nor the investment manager of such an infrastructure investment trust is Indian ‘owned and controlled’ as defined in FEMA Rules.

Downstream investment by an ‘investment vehicle’ shall have to conform to the sectoral caps and conditions/restrictions, if any, as applicable to the company in which the downstream investment is made as per the FDI Policy. Foreign investment of up to 100% through the automatic route is permitted in the infrastructure sector in India. An infrastructure investment trust that receives foreign investment shall be required to make such report and in such format to the RBI or to the SEBI as may be prescribed by them from time to time.

The payment for the units of an infrastructure investment trust acquired by a person resident or registered/ incorporated outside India shall be made by an inward remittance from abroad through banking channels or by way of swap of shares of an SPV, or out of funds held in a Non-resident External (“NRE”) or Foreign Currency Non-resident Bank (“FCNR(B)”) account maintained in accordance with the Foreign Exchange Management (Deposit) Regulations, 2016.

Further, any person who is a non-resident and holds units of an infrastructure investment trust in accordance with the FEMA Rules may pledge such units (i) in favour of a bank in India to secure the credit facilities being extended to the Indian company for bona fide purposes; (ii) in favour of an overseas bank to secure the credit facilities being extended to the person, or a person resident outside India who is the promoter of the Indian company or the overseas group company of the Indian company; (iii) in favour of a Non-Banking Financial Company registered with the RBI to secure credit facilities being extended to the Indian company for bona fide purposes; and (iv) subject to the authorized dealer bank satisfying itself of the compliance of the conditions stipulated by the RBI in this regard.

REGULATORY APPROVALS

Provided below are the material consents, licenses, permissions, registrations and approvals from the Government, various governmental agencies and other statutory and/or regulatory authorities, in relation to the Trust, SIPL, SRPL and STPL, required to be obtained by SIPL, SRPL and STPL for carrying out its present business, as applicable. Unless otherwise stated, these approvals are valid as of the date of this Final Placement Memorandum. In the event that any of the approvals and licenses that are required for SIPL, SRPL and STPL's business operations expire in the ordinary course of business, SIPL, SRPL and STPL will apply for such renewal from time to time. Further, provided below are the approvals in relation to the Issue and in relation to the Trust.

A. Approvals in relation to the Issue

1. In-principle listing approval from NSE dated March 15, 2021 and extended by way of its letters dated June 11, 2021 and September 9, 2021.

B. Approvals in relation to the Trust

1. Certificate of registration dated February 4, 2021, bearing registration number IN/InvIT/20-21/0017, issued by SEBI to the Trust pursuant to Regulation 3 of the InvIT Regulations, for registration of the Trust as an infrastructure investment trust.

C. Material Business Approvals in relation to Initial Portfolio Assets

1. Certificate of completion dated April 10, 2014 issued by Sai Consulting Engineers Private Limited certifying March 29, 2014 as the date for commencement of commercial operation of the project highway, to DBL Nadiad-Modasa Tollways Limited;
2. Certificate of completion dated July 6, 2019 issued by TPF Getinsa Euroestudios certifying July 3, 2019 as the date for commencement of commercial operation of the project highway, to DBL Lucknow Sultanpur Highways Limited;
3. Certificate of completion dated February 12, 2018 issued by MC Consulting Engineers Private Limited certifying February 12, 2018 as the date for commencement of commercial operation of the project highway, to DBL Patan Rehli Tollways Limited;
4. Certificate of completion dated November 5, 2018 issued by Aarvee Associates Architects Engineers and Consultants Private Limited certifying September 15, 2018 as the date for commencement of commercial operation of the project highway, to Jalpa Devi Tollways Limited;
5. Certificate of completion dated August 6, 2014 issued by Mahinder Singh certifying August 6, 2014 as the date for commencement of commercial operation of the project highway, to DBL Jaora-Sailana Tollways Limited;
6. Certificate of completion dated July 1, 2014 issued by Poonam Chand Agarwal certifying July 01, 2014 as the date for commencement of commercial operation of the project highway, to DBL Bankhlafata - Dogawa Tollways Limited;
7. Certificate of completion dated October 22, 2014 issued by R.P. Mishra certifying October 22, 2014 as the date for commencement of commercial operation of the project highway, to DBL Ashoknagar Vidisha Tollways Limited;
8. Certificate of completion dated February 28, 2013 issued by SAI Consulting Engineers Private Limited certifying February 28, 2013 as the date for commencement of commercial operation of the project highway, to DBL Silwani-Sultanganj Tollways Limited;
9. Certificate of completion dated June 15, 2013 issued by Theme Engineering Services Private Limited certifying June 15, 2013 as the date for commencement of commercial operation of the project highway, to DBL Sitamau-Suwasara Tollways Limited;
10. Certificate of completion dated July 8, 2013 issued by Poonam Chand Agarwal certifying July 8, 2013 as the date for commencement of commercial operation of the project highway, to DBL Mundi-Sanawad Tollways Limited;
11. Certificate of completion dated August 5, 2014 issued by Redecon (India) Private Limited certifying August 5, 2014 as the date for commencement of commercial operation of the project highway, to DBL Uchera – Nagod

Tollways Limited;

12. Certificate of completion dated November 11, 2015 issued by K.H. Waghmare certifying November 11, 2015 as the date for commencement of commercial operation of the project highway (except for 4.780 kms from km 75+500 km to 80+780 km), to DBL Betul-Sarni Tollways Limited;
13. Certificate of completion dated August 13, 2015 issued by Highway Engineering Consultant certifying August 13, 2015 as the date for commencement of commercial operation of the project highway, to DBL Tikamgarh-Nowgaon Tollways Limited;
14. Certificate of completion dated September 5, 2012 issued by Rajeev K. Bidwai certifying September 5, 2012 as the date for commencement of commercial operation of the project highway, to DBL Sardarpur Badnawar Tollways Limited;
15. Provisional certificate of completion dated May 23, 2020 issued by Artefact Projects Limited certifying section of 72.089 kms out of 79.995 kms of the project highway being fit to enter into commercial operation from May 23, 2020, to DBL Mahagaon Yavatmal Highways Private Limited;
16. Provisional certificate of completion dated November 18, 2019 issued by Lion Engineering Consultants certifying partial completion of the project highway comprising the section from Km. 0+000 to Km. 5+460, Km. 6+500 to Km. 54.820 and Km. 55+350 to Km. 55+835 being fit to enter into commercial operation from November 18, 2019, to DBL Tuljapur Ausa Highways Limited;
17. Provisional certificate of completion dated November 20, 2019 issued by Lion Engineering Consultants certifying completion of the project highway comprising the section from Km. 465+500 to km 467+525, km 472+900 to km 507+200, km 508+320 to km 514+660 and km 515+260 to km 524+690 being fit to enter into commercial operation from November 20, 2019, to DBL Wardha Butibori Highways Private Limited;
18. Provisional certificate of completion dated March 30, 2018 issued by Intercontinental Consultants and Technocrats Private Limited certifying completion of 50.071 kms out of 55.693 kms of the project highway being fit for commercial operation from February 24, 2018, to DBL Hirekerur Ranibennur Tollways Limited;
19. Provisional certificate of completion dated March 31, 2018 issued by Consulting Engineers Group Limited certifying the project highway to be provisionally fit for commercial operation from February 5, 2018, to DBL Mundargi Harappanahalli Tollways Limited;
20. Provisional certificate of completion dated June 27, 2009 issued by Madhya Pradesh Road Development Corporation Limited, certifying the project to be provisionally completed on February 5, 2009 to Suryavanshi Infrastructure Private Limited;
21. Provisional certificate of completion dated March 6, 2017 issued by MSV International Inc., certifying project highway being fit for entry into commercial operation from March 6, 2017, to DBL Hata-Dargawan Tollways Limited;
22. Provisional certificate of completion dated August 2, 2019 issued by Lion Engineering Consultants, certifying partial completion of the project highway comprising the section from Km. 400+575 to Km. 406+750 and Km. 407+250 to Km. 465+500 being fit for operation from August 2, 2019, to DBL Yavatmal Wardha Highways Private Limited;
23. Provisional certificate of completion dated March 23, 2020 issued by Artefact Projects Limited certifying length of 40.108 Km out of 43.905 Km being fit for entry into commercial operations from March 23, 2020, to DBL Kalmath Zarp Highways Limited;
24. Provisional certificate of completion dated April 6, 2018 issued by Roughton International Limited in association with Satra Infrastructure Management Services Private Limited certifying length of 71.940 Km out of 73.690 Km being fit for entry into commercial operations from February 28, 2018, to DBL Hassan Periyapatna Tollways Ltd;
25. Labour license issued by the Office of the Licensing Officer, Government of India under Rule 25(1) of the Contract Labour (Regulation and Abolition) Central Rules, 1971 dated November 19, 2020, to DBL Wardha Butibori Highways Private Limited;
26. Certificate of registration for employer issued by the Office of the Registering Officer, Government of India under Rule 24(1) of the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Central Rules, 1998 dated November 26, 2020, to DBL Wardha Butibori Highways Private Limited;

27. Labour license issued by the Office of the Licensing Officer, Government of India under Rule 25(1) of the Contract Labour (Regulation and Abolition) Central Rules, 1971 dated November 19, 2020, to DBL Yavatmal Wardha Highways Private Limited;
28. Certificate of registration for employer issued by the Office of the Registering Officer, Government of India under Rule 24(1) of the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Central Rules, 1998 dated November 26, 2020, to DBL Yavatmal Wardha Highways Private Limited;
29. Consent to establish issued by the Maharashtra Pollution Control Board dated August 9, 2017 under the provisions of the Air (Prevention and Control of Pollution Act) 1981, Water (Prevention Control of Pollution) Act, 1974 and authorization under the Hazardous and other Waste (Management and Transboundary movement) Rules, 2008 to Dilip Buildcon Limited S. No. 98/2, 130, 132/1, Village Mahasola, Taluka District Yavatmal, valid until commissioning of the unit or for a period of five years, whichever is earlier;
30. Consent to establish issued by the Maharashtra Pollution Control Board dated August 9, 2017 under the provisions of the Air (Prevention and Control of Pollution Act) 1981, Water (Prevention Control of Pollution) Act, 1974 and authorization under the Hazardous and other Waste (Management and Transboundary movement) Rules, 2008 to Dilip Buildcon Limited S. No. 478, 478/4, 475, 475/1, 475/1/1, 475/1/2, 475/3, 477, 478, 476, 472/3, 329, Village Sukuli, Taluka Arni, District Yavatmal, valid until commissioning of the unit or for a period of five years, whichever is earlier;
31. Consent to Operate issued by the Maharashtra Pollution Control Board dated October 3, 2019 under the provisions of the Air (Prevention and Control of Pollution Act) 1981, Water (Prevention Control of Pollution) Act, 1974 and authorization under the Hazardous and other Waste (Management and Transboundary movement) Rules, 2008 to Dilip Buildcon Limited Gat. No. 362, 363 and 375, Village Belkund, Taluka AUSA, District Latur, valid up to July 31, 2021;
32. Consent to Operate issued by the Maharashtra Pollution Control Board dated September 27, 2019 under the provisions of the Air (Prevention and Control of Pollution Act) 1981, Water (Prevention Control of Pollution) Act, 1974 and authorization under the Hazardous and other Waste (Management and Transboundary movement) Rules, 2008 to Dilip Buildcon Limited Gat. No. 90, 91, 92 and 93, Village Khandala, Post Wadgaon, Taluka Tuljapur, District Osmanabad, valid up to July 31, 2022;
33. Approval for, (i) refinancing of the existing senior secured debt of DHPTL from the proceeds of the InvIT Loan and recognition of the Trust as a senior lender within the meaning and the terms of the DHPTL Concession Agreement, and (ii) transfer of 74% of the shareholding of DHPTL to SRPL by DBL and simultaneously transfer of entire ownership of SRPL to the Trust by the Sponsor, issued by Karnataka Road Development Corporation Limited bearing reference KRDC/MD/Co-Finance WCP-3/2021-22/399 dated May 29, 2021;
34. Approval for, (i) refinancing of the existing senior secured debt of DHRTL from the proceeds of the InvIT Loan and recognition of the Trust as a senior lender within the meaning and the terms of the DHRTL Concession Agreement, and (ii) transfer of entire ownership of SRPL to the Trust by the Sponsor, issued by Karnataka Road Development Corporation Limited bearing reference KRDC/MD/Co-Finance WCP-5/2021-22/400 dated May 29, 2021;
35. Approval for, (i) refinancing of the existing senior secured debt of DMHTL from the proceeds of the InvIT Loan and recognition of the Trust as a senior lender within the meaning and the terms of the DMHTL Concession Agreement, and (ii) transfer of entire ownership of SRPL to the Trust by the Sponsor, issued by Karnataka Road Development Corporation Limited bearing reference KRDC/MD/Co-Finance WCP-6/2021-22/401 dated May 29, 2021;
36. No-objection certificate for, (i) refinancing of the existing senior secured debt of DNMTL from the proceeds of the InvIT Loan and recognition of the Trust as a senior lender within the meaning and the terms of the DNMTL Concession Agreement, and (ii) transfer of entire ownership of SRPL to the Trust by the Sponsor subject to certain conditions as provided under the relevant NOC, issued by Government of Gujarat, Roads and Building Department bearing reference SHDP/10/2017/Change in ownership/23/Pvt. dated July 19, 2021;
37. No-objection certificate for, (i) refinancing of the existing senior secured debt of DNMTL from the proceeds of the InvIT Loan and recognition of the Trust as a senior lender within the meaning and the terms of the DNMTL Concession Agreement, and (ii) transfer of entire ownership of SRPL to the Trust by the Sponsor subject to certain conditions as provided under the relevant NOC, issued by Superintending Engineer, State Highway Development Project (R&B), Gandhinagar bearing reference SHDP/Package-8/190/2021 dated July 22, 2021;
38. Approval for, (i) refinancing of the existing senior secured debt of JDTL from the proceeds of the InvIT Loan, and

- (ii) transfer of 51% shareholding of JDTL to STPL by DBL and transfer of the entire ownership of STPL to the Trust held by the Sponsor subject to certain conditions as provided under the relevant approval, issued by National Highways Authority of India bearing reference NHAI/CGM(T)/Guna-Biaora/2021/179 dated July 23, 2021;
39. Joint In-principle Approval by NHAI for, (i) refinancing of the existing senior secured debt of five Project SPVs namely, DTAHL, DMYHPL, DYWHPL, DLSHL and DWBHPL from the proceeds of the InvIT Loan, and (ii) transfer of 51% shareholding of each of the aforesaid five Project SPVs to SIPL by DBL and transfer of entire ownership of SIPL to the Trust held by the Sponsor, subject to certain conditions as provided under the relevant approval, issued by National Highways Authority of India bearing reference NHAI/CGM(FA)/InvIT/2021-22 dated June 24, 2021;
40. Approval for transfer of 51% shareholding of DKZHL to SIPL by DBL and transfer of entire ownership of SIPL to the Trust held by the Sponsor subject to certain conditions as provided under the relevant approval, issued by MoRTH bearing reference RW/NH-37015/26/2016-NHDP-IVA/222 dated July 13, 2021; and
41. Joint approval for, (i) refinancing of the existing senior secured debt of the 13 Project SPVs (operating BOT projects awarded by MPRDC), namely, DAVTL, DBSTL, DHDTL, DBL-Silwani, DSSTL, DMSTL, DUNTTL, DSBTL, DPRTL, DTNTL, DBDTL, DJSTL, Suryavanshi Infra under SRPL from the proceeds of the InvIT Loan, and (ii) transfer of entire ownership of SRPL to the Trust held by the Sponsor subject to certain conditions as provided under the relevant approval, issued by MPRDC bearing reference 5004/MPRDC/BOT/2021 dated July 22, 2021.

D. Approvals applied for, but not yet received

As on the date of this Final Placement Memorandum, there are no approvals required to be obtained by the Trust and the Initial Portfolio Assets, for which applications have been made, but approvals have not been received, other than as described below:

Certain Project SPVs has applied to its relevant Concessioneing Authority to obtain the consent of the relevant Concessioneing Authority for recognition of the Trust as the ‘Senior Lender’ under the respective concession agreements. The approvals in that respect has been received only from (i) KRDC in respect of 3 (three) Project SPVs namely, DHPTL, DHRTL, and DMHTL; and (ii) Roads & Building Department, Government of Gujarat in respect of one Project SPV namely, DNMTL.

E. Approvals for which applications are yet to be made

As on the date of this Final Placement Memorandum, there are no approvals required to be obtained by the Trust and the Initial Portfolio Assets, for which applications are yet to be made.

For further details, please see the section entitled “*Risk Factors – Some of our business approvals and applications for business approvals are not traceable*” on page 64.

LEGAL AND OTHER INFORMATION

Except as stated in this section, there is no material civil litigation or actions by regulatory authorities, in each case against all Holdcos and SPVs, the Trust, the Sponsor, the Investment Manager, the Project Manager, or any of their respective Associates and the Trustee, that are currently pending as on the date of this Final Placement Memorandum.

For the purpose of this section, details of all regulatory actions involving the Trust (including the Holdcos and SPVs), the Sponsor, the Investment Manager, the Project Manager, or any of their respective Associates, and the Trustee, that are currently pending have been disclosed. All criminal matters involving the Trust (if any), the Sponsor, the Investment Manager, the Project Manager, or any of their respective Associates, and the Trustee, that are currently pending have been disclosed. All claims involving the SPVs that are currently pending have been disclosed. Further, any civil matter involving an amount equivalent to, or more than, the amount as disclosed below, in respect of the Trust, the Sponsor, the Project Manager, the Investment Manager and each of their respective Associates, the Trustee and the Initial Portfolio Assets has also been disclosed.

For the Trust (including the Holdcos and Project SPVs), the total combined income for the period ended March 31, 2021 was ₹ 11,981.96 million and the combined net worth (i.e. the total of share capital and consolidated reserves and surplus) was ₹ 2,916.18 million. Accordingly, in respect of the Trust (including the Holdcos and Project SPVs), all outstanding civil matters which involve an amount equal to or exceeding ₹ 146.00 million (being 5% of the total combined net worth for Fiscal 2021) have been considered material.

For the Sponsor, the total consolidated income for Fiscal 2021 was ₹ 3,021.04 million and the consolidated net worth (i.e. the total of share capital and consolidated reserves and surplus) was ₹ 4,961.49 million. Accordingly, in respect of the Sponsor and its Associates, all outstanding civil matters which involve an amount equal to or exceeding ₹ 151.05 million (being 5% of the total consolidated income for Fiscal 2021) have been considered material.

For the Investment Manager, all outstanding civil matters which involve an amount equal to or exceeding ₹ 1.00 million have been considered material.

For the Project Manager, all outstanding civil matters which involve an amount equal to or exceeding ₹ 1.00 million have been considered material.

For the Trustee, the total consolidated income for Fiscal 2021 was ₹ 370.87 million and the consolidated net worth (i.e. the total of share capital and consolidated reserves and surplus) was ₹ 707.90 million. Accordingly, in respect of the Trustee, all outstanding civil matters which involve an amount equal to or exceeding ₹ 18.54 million (being 5% of the total consolidated income for Fiscal 2021) have been considered material.

For entities which are common Associates of the Sponsor, the Investment Manager and the Project Manager, where the above-mentioned materiality thresholds in relation to the Sponsor, the Investment Manager and the Project Manager apply, all outstanding civil matters which involve an amount equal to or exceeding ₹ 151.05 million (being the higher of the thresholds (in terms of amount) applicable to the Sponsor, the Investment Manager and the Project Manager) have been considered material.

Further, all pending cases, where the amount is not ascertainable but considered material by the Trust, the Sponsor, the Investment Manager, the Project Manager or any of their Associates and the Trustee as on the date of this Final Placement Memorandum have been disclosed. Also, in cases where outcome of one litigation impacts one or more other litigations, which individually are below materiality threshold, but collective above, such cases have also been disclosed.

I. Litigation involving the Trust

- (i) There is no litigation involving the Trust.

II. Litigation involving the Initial Portfolio Assets

Material civil litigation

- (i) A notice of dispute dated September 17, 2020, under the relevant Concession Agreement, has been issued by DBL Hassan Periyapatna Tollways Limited (the “**Affected Party**”) to Karnataka Road Development Corporation Limited (the “**KRDCL**”) in relation to, amongst others, (i) failure of KRDCL to provide encumbrance free right of way (“**ROW**”), (ii) unlawful withholding of annuity payments and interest payment on delayed annuity payments, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by KRDCL. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of KRDCL, the Affected Party has, amongst others, claimed damages for, (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in release of annuity payments including interest thereon, (iii) delay in payments for change of scope, and (iv) additional

expenses incurred due to change in law. Owing to the failure of the respective independent engineers under the relevant concession agreement to amicably settle the disputes, the disputes were referred to the dispute review board (the “**DRB**”) constituted in accordance with the terms of the relevant Concession Agreement. However, on account of the DRB being terminated by the parties, the Affected Party has served a notice to KRDCL dated October 9, 2020 invoking arbitration as the means for adjudication of the aforementioned disputes. The estimated amount involved in this matter is ₹ 1,094.67 million. DHPTL has submitted a statement of claim dated May 25, 2021. The parties are yet to constitute the relevant arbitration panel. The dispute is currently pending.

- (ii). A notice of dispute dated August 18, 2020, under the relevant Concession Agreement, has been issued by DBL Hirekerur Ranibennur Tollways Limited (the “**Affected Party**”) to Karnataka Road Development Corporation Limited (the “**KRDCL**”) in relation to, amongst others, (i) failure of KRDCL to provide encumbrance free and hindrance free ROW, (ii) unlawful withholding of annuity payments and interest payment on delayed annuity payments, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by KRDCL. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of KRDCL, the Affected Party has, amongst others, claimed damages for, (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in release of annuity payments including interest thereon, (iii) delay in payments for change of scope, and (iv) additional expenses incurred due to change in law. Owing to the failure of the respective independent engineers under the relevant concession agreement to amicably settle the disputes, the disputes were referred to the dispute review board (the “**DRB**”) constituted in accordance with the terms of the relevant Concession Agreement. However, on account of the DRB being terminated by the parties, the Affected Party has served a notice to KRDCL dated September 19, 2020 invoking arbitration as the means for adjudication of the aforementioned disputes. The estimated amount involved in this matter is ₹ 620.25 million. DHRTL has submitted a statement of claim dated April 28, 2021. The dispute is currently pending.
- (iii). A notice of dispute dated August 18, 2020, under the relevant Concession Agreement, has been issued by DBL Mundargi Harpanhalli Tollways Limited (the “**Affected Party**”) to Karnataka Road Development Corporation Limited (the “**KRDCL**”) in relation to, amongst others, (i) failure of KRDCL to provide encumbrance free ROW, (ii) unlawful withholding of annuity payments and interest payment on delayed annuity payments, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by KRDCL. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of KRDCL, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in release of annuity payments including interest thereon, (iii) delay in payments for change of scope, and (iv) additional expenses incurred due to change in law. Owing to the failure of the respective independent engineers under the relevant concession agreements to amicably settle the disputes, the disputes were referred to the dispute review board (the “**DRB**”) constituted in accordance with the terms of the relevant Concession Agreement. However, on account of the DRB being terminated by the parties, the Affected Party has served a notice to KRDCL dated September 19, 2020 invoking arbitration as the means for adjudication of the aforementioned disputes. The estimated amount involved in this matter is ₹ 414 million. DMHTL has submitted a statement of claim dated April 19, 2021. The dispute is currently pending.
- (iv). A notice of dispute dated June 23, 2020, under the relevant Concession Agreement, has been issued by DBL Lucknow - Sultanpur Highways Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance free ROW, (ii) payment of annuity, bonus and milestone payments as per revised project bid cost of ₹ 20837.4 million along with losses and damages, (iii) change in scope of work, and (iv) delay in release of bonus payment, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in release of annuity, bonus and milestone payments, and (iii) delay in payments for change of scope. Owing to the failure of NHAI to amicably settle the disputes, the Affected Party has served a notice to NHAI dated September 23, 2020 invoking arbitration as the means for adjudication of the aforementioned disputes under Section 21 of the Arbitration and Conciliation Act, 1996. The estimated amount involved in this matter is ₹ 1,300 million. The parties have not been able to constitute the relevant arbitration panel and are therefore considering other methods of resolution of the disputes. The dispute is currently pending.
- (v). A notice of dispute dated March 18, 2020, under the relevant Concession Agreement, has been issued by DBL Tuljapur Ausa Highways Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance free ROW, (ii) delay in execution of the concession agreement and fixing of appointed date, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in payments for change of scope, and (iii) additional expenses incurred due to change in law. The estimated amount involved in this matter is ₹ 930 million. The dispute is currently pending.
- (vi). A notice of dispute dated November 28, 2020, under the relevant Concession Agreement, has been issued by Jalpa Devi Tollways Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance

free ROW, (ii) delay in execution of the concession agreement, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in payments for change of scope, and (iii) additional expenses incurred due to change in law. The estimated amount involved in this matter is ₹ 720 million. The dispute is currently pending.

- (vii). A petition has been filed by MPRDC (“**Petitioner**”) to challenge the arbitral award dated November 13, 2015 before the District and Sessions Court, Bhopal, against DBL Mundi Sanawad Tollways Limited, in relation to alleged incorrect declaration of the ‘Appointed Date’, the corresponding payment of revised bonus, damages due to non-handing over of right of way and claim for idling of resources. The estimated amount involved in this matter is ₹ 147 million. The matter is currently pending.
- (viii). A petition has been filed by MPRDC (“**Petitioner**”) to challenge the arbitral award dated February 26, 2016 before the Additional District Judge, District Court, Bhopal against DBL Uchera Nagod Tollways Limited, in relation to construction of road work, handing over of right of way, delay in fixing of appointed date, and damages for delay, etc. The estimated amount involved in this matter is ₹ 138.5 million. The matter is currently pending.
- (ix). A notice of dispute dated May 26, 2021, under the relevant Concession Agreement, has been issued by DBL Mahagaon Yavatmal Highways Private Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance free ROW, (ii) delay in execution of the concession agreement and fixing of appointed date, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW and claim for idling of resources, (ii) delay in payments for change of scope, and (iii) additional expenses incurred due to change in law. The estimated amount involved in this matter is ₹ 1440 million. The dispute is currently pending.
- (x). A notice of dispute dated May 26, 2021, under the relevant Concession Agreement, has been issued by DBL Yavatmal Wardha Highways Private Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance free ROW, (ii) delay in execution of the concession agreement and fixing of appointed date, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW, (ii) delay in payments for change of scope, and (iii) additional expenses incurred due to change in law. The estimated amount involved in this matter is ₹ 990 million. The dispute is currently pending.
- (xi). A notice of dispute dated May 26, 2021, under the relevant Concession Agreement, has been issued by DBL Wardha Butibori Highways Limited (the “**Affected Party**”) to NHAI in relation to, amongst others, (i) failure of NHAI to provide encumbrance free ROW, (ii) delay in execution of the concession agreement and fixing of appointed date, (iii) change in scope of work, and (iv) delay in payment of increased costs borne by the Affected Party due to change in law, by NHAI. As a measure for overcoming the monetary losses faced by the Affected Party, owing to the acts/omissions on part of NHAI, the Affected Party has, amongst others, claimed damages for (i) delay in handing over of unencumbered and unhindered ROW and for idling of resources, (ii) delay in payments for change of scope, and (iii) additional expenses incurred due to force majeure and change in law. The estimated amount involved in this matter is ₹ 750 million. The dispute is currently pending.

Tax matters

- (i). Nitah Chhatwal filed an appeal before the Commissioner of Income Tax (Appeals) (“**CIT(A)**”), in relation to the assessment year 2018-2019, invoking provisions of section 68 of the Income Tax Act, 1961, appealing against the writing-off of the investments of Surbhi Chemicals and Investment Limited, whose value has become zero and trading has been suspended. The estimated amount involved in this matter is ₹ 15.1 million. The matter is currently pending before CIT(A).
- (ii). Hitesh Chhatwal filed an appeal before the Commissioner of Income Tax (Appeals) (“**CIT(A)**”), in relation to the assessment year 2018-2019, for inclusion of certain jewellery invoices which were not included as a result of non-production. The estimated amount involved in this matter is ₹ 1.625 million. The matter is currently pending before CIT(A).
- (iii). Shrem Constructions Private Limited filed an appeal before the Commissioner of Income Tax (Appeals) (“**CIT(A)**”), in relation to the assessment year 2016-2017, for disallowance of expenses pursuant to section 14A of the Income Tax Act, 1961. The estimated amount involved in this matter is ₹ 2.37 million. The matter is currently pending before CIT(A).

Other matters

- (i). Pursuant to an application by the Reserve Bank of India, the National Company Law Tribunal, Mumbai Bench (“**NCLT**”), through an order dated December 3, 2019, directed the commencement of the corporate insolvency resolution process (“**CIRP**”) against Dewan Housing Finance Corporation Limited (“**DHFL**”) under the provisions of the Insolvency and

Bankruptcy Code, 2016 (“**IBC**”). The administrator appointed in relation to the CIRP (the “**Administrator**”) has filed an application (the “**Avoidance Application**”) under the provisions of sections 25(2) (j), 26, 45, 46, 49 and 66 of the IBC before the NCLT, for avoidance of certain transactions between DHFL and Shrem Investments Private Limited and Shrem Construction Private Limited (together, the “**Shrem Entities**”) and Nitán Chhatwal, each an associate of the Sponsor and not a party to the Trust. In the Avoidance Application, the Administrator has, amongst others, alleged that the Shrem Entities and Nitán Chhatwal, as the managing director of the Shrem Entities, are involved in transactions aggregating to about ₹ 810 million with DHFL and DHFL Sales and Services Limited, which purported to potentially fall under sections 45, 49 and 66 of the IBC. This matter is currently pending.

- (ii). Pursuant to an application by Shrem Residency Private Limited against Shraman Estate Private Limited (“**Affected Party**”), the National Company Law Tribunal, New Delhi (“**NCLT**”), passed an order (“**Order**”), rejecting the claims of Shrem Residency Private Limited for repayment of the inter-corporate deposits aggregating to ₹ 120 million, for a period of six months at an interest of 24% per annum (“**ICDs**”) and held that the ICDs issued by Shrem Residency Private Limited to the Affected Party under a joint venture agreement were non-repayable on account of the ICDs being repayable out of the proceeds of the project under the relevant joint venture agreement and that there was no default on part of the Affected Party. Aggrieved by the Order, Shrem Residency Private Limited has filed an appeal before the National Company Law Appellate Tribunal under section 61 of the IBC against the Order. The matter is currently pending.
- (iii). Pursuant to an application by Shrem Residency Private Limited against GRG Estate Private Limited (“**Affected Party**”), the National Company Law Tribunal, New Delhi (“**NCLT**”), passed an order (“**Order**”), rejecting the claims of Shrem Residency Private Limited for repayment of the inter-corporate deposits aggregating to ₹ 120 million, for a period of six months at an interest of 24% per annum (“**ICDs**”) and held that the ICDs issued by Shrem Residency Private Limited to the Affected Party under a joint venture agreement were non-repayable on account of the ICDs being repayable out of the proceeds of the project under the relevant joint venture agreement and that there was no default on part of the Affected Party. Aggrieved by the Order, Shrem Residency Private Limited has filed an appeal before the National Company Law Appellate Tribunal under section 61 of the IBC against the Order. The matter is currently pending.
- (iv). The Authorities under the Benami Transactions (Prohibition) Act, 1988 (“**Authorities**”) have filed a petition against Pravin Kumar Ostwal and Nitán Chhatwal (“**Respondents**”) under the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Act, 1976. The Respondents have approached the Appellate Tribunal for quashing the aforementioned petition. The matter is currently pending.
- (v). Milan Ratilal Dodhia (“**Petitioner**”) has filed a petition against Nitán Chhatwal, Smita Chhatwal and Hitesh Chhatwal (“**Respondents**”) before the Metropolitan Magistrates Court, Vikhroli (“**Magistrate Court**”). The Respondents have approached the Magistrate Court for quashing the aforementioned petition on the ground that the matter has been wrongly filed against them. The matter is currently pending.

VII. Litigation involving the Trustee

There is currently no pending litigation involving the Trustee.

SECURITIES MARKET OF INDIA

The information in this section has been extracted from documents available on the website of SEBI and the Stock Exchange and has not been prepared or independently verified by the Parties to the Trust or the Lead Manager or any of their respective affiliates or advisors.

The Indian Securities Market

India has a long history of organized securities trading. In 1875, the first stock exchange was established in Mumbai. The BSE and the NSE, together hold a dominant position among the stock exchanges in terms of the number of listed companies, market capitalisation and trading activity.

Stock Exchange Regulation

Indian stock exchanges are regulated primarily by SEBI, as well as by the Government acting through the Ministry of Finance, Capital Markets Division, under the Securities Contracts (Regulation) Act, 1956 (“**SCRA**”) and the Securities Contracts (Regulation) Rules, 1957 (“**SCRR**”). SEBI, in exercise of its powers under the SCRA and the SEBI Act, notified the SCR (SECC) Regulations, which regulate *inter alia* the recognition, ownership and internal governance of stock exchanges and clearing corporations in India together with providing for minimum capitalisation requirements for stock exchanges. The SCRA, the SCRR and the SCR (SECC) Regulations along with various rules, bye-laws and regulations of the respective stock exchanges, regulate the recognition of stock exchanges, the qualifications for membership thereof and the manner, in which contracts are entered into, settled and enforced between members of the stock exchanges.

The SEBI Act empowers SEBI to regulate the Indian securities markets, including stock exchanges and intermediaries in the capital markets, promote and monitor self-regulatory organisations and prohibit fraudulent and unfair trade practices. Regulations concerning minimum disclosure requirements by public companies, rules and regulations concerning investor protection, insider trading, substantial acquisitions of shares and takeover of companies, buy-backs of securities, employee stock option schemes, stockbrokers, merchant bankers, underwriters, mutual funds, foreign institutional investors, credit rating agencies and other capital market participants have been notified by the relevant regulatory authority.

Listing and Delisting of Units

The InvIT Regulations provide for listing and delisting of units of infrastructure investment trusts on the stock exchanges.

BSE

Established in 1875, it is the oldest stock exchange in India. In 1956, it became the first stock exchange in India to obtain permanent recognition from the Government under the SCRA. It has evolved over the years into its present status as one of the premier stock exchanges of India.

NSE

NSE was established by financial institutions and banks to provide nationwide online, satellite-linked, screen-based trading facilities with market-makers and electronic clearing and settlement for securities including government securities, debentures, public sector bonds and units. It has evolved over the years into its present status as one of the premier stock exchanges of India. NSE was recognised as a stock exchange under the SCRA in April 1993 and commenced operations in the wholesale debt market segment in June 1994. The capital market (equities) segment commenced operations in November 1994 and operations in the derivatives segment commenced in June 2000.

Internet-based Securities Trading and Services

Internet trading takes place through order routing systems, which route client orders to exchange trading systems for execution. Stockbrokers interested in providing this service are required to apply for permission to the relevant stock exchange and also have to comply with certain minimum conditions stipulated by SEBI. The NSE became the first exchange to grant approval to its members for providing internet-based trading services. Internet trading is possible on both the “equities” as well as the “derivatives” segments of the NSE.

Trading Hours

Trading on both the NSE and the BSE occurs from Monday to Friday, between 9:15 a.m. and 3:30 p.m. IST (excluding the 15 minutes pre-open session from 9:00 a.m. to 9:15 a.m. that has been introduced recently). The NSE and the BSE are closed on public holidays. The recognised stock exchanges have been permitted to set their own trading hours (in the cash and derivatives segments) subject to

the condition that (i) the trading hours are between 9.00 a.m. and 5.00 p.m.; and (ii) the stock exchange has in place a risk management system and infrastructure commensurate to the trading hours.

Trading Procedure

In order to facilitate smooth transactions, the BSE replaced its open outcry system with BSE On-line Trading facility in 1995. This totally automated screen-based trading in securities and was put into practice nationwide. This has enhanced transparency in dealings and has assisted considerably in smoothening settlement cycles and improving efficiency in back-office work.

NSE has introduced a fully automated trading system called NEAT, which operates on strict time/price priority besides enabling efficient trade. NEAT has provided depth in the market by enabling large number of members all over India to trade simultaneously, narrowing the spreads.

Depositories

The Depositories Act provides a legal framework for the establishment of depositories to record ownership details and effect transfer in book-entry form. Further, SEBI framed regulations in relation to the registration of such depositories, the registration of participants as well as the rights and obligations of the depositories, participants, companies and beneficial owners. The depository system has significantly improved the operation of the Indian securities markets.

SELLING AND TRANSFER RESTRICTIONS

The distribution of this Final Placement Memorandum and the offer, sale or delivery of the Units is restricted by law in certain jurisdictions. Persons who may come into possession of this Final Placement Memorandum are advised to consult with their own legal advisors as to what restrictions may be applicable to them and to observe such restrictions. This Final Placement Memorandum may not be used for the purpose of an offer or invitation in any circumstances in which such offer or invitation is not authorized. Due to the following restrictions, investors are advised to consult legal counsel prior to purchasing Units or making any resale, pledge or transfer of the Units.

European Economic Area

Nothing in this Final Placement Memorandum should be construed as an offer or solicitation or as marketing of any Alternative Investment Fund (“AIF”) in the European Economic Area (the “EEA”) save in circumstances where such AIF is permitted to be marketed in accordance with the Alternative Investment Fund Managers Directive (2011/61/EU) (the “Directive”) and the laws, regulations or delegated acts implementing the directive in any EEA member state. As such, the Trust may not be marketed to, and this Final Placement Memorandum may not be sent to, investors resident, domiciled or with a registered office in any EEA member state unless: (a) in the United Kingdom, Luxembourg or Ireland where the applicable AIF has been notified to the competent authority of the relevant EEA member state by its Alternative Investment Fund Manager (“AIFM”) pursuant to Article 42 of the Directive in which case such AIF may be marketed to professional investors in that EEA member state subject to the requirements set forth for each such jurisdiction below; (b) the applicable AIF may be marketed under any other private placement regime or other exemption in the relevant EEA member state; or (c) such dialogue with an investor was responsive to an unsolicited specific request from the investor. This Final Placement Memorandum must not be distributed to, or relied upon by, investors in the EEA in any other circumstances.

Hong Kong

The Units may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong) and no advertisement, invitation or document relating to the Units may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to the Units which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Saudi Arabia

This Final Placement Memorandum does not constitute an offer to sell, or the solicitation of an offer to subscribe for or buy, the Units in the Kingdom of Saudi Arabia. The Units have not been licensed for offering, promotion, marketing, advertisement or sale in the Kingdom of Saudi Arabia by the Capital Markets Authority or any other relevant Saudi Arabian government agency.

Singapore

The Lead Manager has acknowledged that this Final Placement Memorandum has not been and will not be registered as a prospectus with the Monetary Authority of Singapore. Accordingly, the Lead Manager has represented and agreed that it has not offered or sold any Units or caused such Units to be made the subject of an invitation for subscription or purchase and will not offer or sell such Units or cause such Units to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Final Placement Memorandum or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of such Units, whether directly or indirectly, to any persons in Singapore other than (i) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA and (in the case of an accredited investor) Regulation 3 of the Securities and Futures (Classes of Investors) Regulations 2018, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Units are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Units pursuant to an offer made under Section 275 of the SFA except:

(1) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;

(2) where no consideration is or will be given for the transfer;

(3) where the transfer is by operation of law;

(4) as specified in Section 276(7) of the SFA; or

(5) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018.

Singapore SFA Product Classification: The Units are prescribed capital markets products (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

United Arab Emirates

This Final Placement Memorandum constitutes the promotion of a foreign fund in the United Arab Emirates (the "UAE") for the purposes of Securities & Commodities Authority ("SCA") Chairman Decision No. (9/R.M) of 2016 Concerning the Regulations as to Mutual Funds (the "Fund Regulations") and SCA Chairman Decision No. (3/R.M) of 2017 Concerning the Regulation of Promotion and Introduction (the "Promotion Regulations"). This Final Placement Memorandum is strictly private and confidential, is directed only at, and any investment or investment activity to which this Final Placement Memorandum relates will be engaged in only with, persons who fall within the exceptions set out in the Fund Regulations and the Promotion Regulations (Qualified Investors excluding natural persons). Persons that do not meet this criteria should not rely on, or act on, this Final Placement Memorandum.

By receiving this Final Placement Memorandum, the person to whom it has been issued understands and acknowledges that this Final Placement Memorandum has not been approved by the UAE Central Bank, the SCA, the UAE Ministry of Economy and Planning or any other relevant licensing authority or governmental agency in the UAE, nor has the placement agent, if any, received authorisation or licensing from the UAE Central Bank, the SCA, the UAE Ministry of Economy and Planning or any other relevant licensing authority or governmental agency in the UAE to market or sell securities or fund units within the UAE.

This Final Placement Memorandum is not for general circulation in the UAE and does not constitute a public offer of securities in the UAE in accordance with the Commercial Companies Law (Federal Law No. 2 of 2015), or otherwise.

United States of America

The Units have not been and will not be registered under the Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws. The Units are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S, in each case in compliance with the applicable laws of the jurisdictions where those offers and sales are made.

All Other Units Issued and Sold in this Issue

By accepting delivery of this Final Placement Memorandum, submitting a bid to purchase the Units and accepting delivery of the Units, you will be deemed to have represented and agreed as follows:

- (a) you acknowledge that the Units have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state of the United States, and accordingly may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act;
- (b) you and the person, if any, for whose account or benefit you are acquiring the Units, is purchasing the Units in an offshore transaction meeting the requirements of Rule 903 of Regulation S under the Securities Act;

- (c) you and the person, if any, for whose account or benefit you are acquiring the Units, was located outside the United States at the time the Issue was made to it and when the buy order for the Units was originated, and continues to be located outside the United States and has not purchased the Units for the account or benefit of any person in the United States or entered into any arrangement for the transfer of the Units or any economic interest therein to any person in the United States;
- (d) you are not an affiliate (as defined in Rule 405 under the Securities Act) of the Trust, or a dealer or an underwriter or a person acting on behalf of such affiliate; and you are not in the business of buying and selling securities as a dealer or an underwriter;
- (e) you are aware of the restrictions on the offer and sale of the Units pursuant to Regulation S described in this Final Placement Memorandum;
- (f) neither you, nor any of your affiliates, nor any person acting on your behalf or any of your affiliates, will make any “directed selling efforts” as defined in Regulation S under the Securities Act in the United States with respect to the Units; and
- (g) you acknowledge that the Trust, the Investment Manager and the Lead Manager and their respective affiliates (as defined in Rule 405 under the Securities Act), and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agree that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of your purchase of the Units are no longer accurate, you will promptly notify the Trust and the Investment Manager, and if you are acquiring any of the Units as a fiduciary or agent for one or more accounts, you represent that you have sole investment discretion with respect to each such account and that you have full power to make the foregoing acknowledgements, representations and agreements on behalf of such accounts.

YOU ARE ADVISED TO CONSULT YOUR OWN LEGAL COUNSEL PRIOR TO MAKING ANY OFFER, RE-SALE, PLEDGE OR TRANSFER OF THE UNITS.

RIGHTS OF UNITHOLDERS

The rights and interests of Unitholders are included in this Final Placement Memorandum and the InvIT Regulations. Under the Trust Deed and the Investment Management Agreement, these rights and interests are safeguarded by the Trustee and the Investment Manager, respectively. Any rights and interests of Unitholders as specified in this Final Placement Memorandum would be deemed to be amended to the extent of any amendment to the InvIT Regulations.

Beneficial Interest

Each Unit represents an undivided beneficial interest in the Trust. A Unitholder has no equitable or proprietary interest in the InvIT Assets and is not entitled to transfer of the InvIT Assets (or any part thereof) or any interest in the InvIT Assets (or any part thereof) of the Trust. A Unitholder's right is limited to the right to require due administration of the Trust in accordance with the provisions of the Trust Deed and the Investment Management Agreement.

Ranking

No Unitholder of the Trust shall enjoy superior voting or any other rights over another Unitholder. Further, the Units shall not have multiple classes, except any subordinate Units that may be issued only to the Sponsors and its Associates, where such subordinate units carry only inferior voting or any other rights compared to other Units in the future in accordance with Regulation 4(2)(h) of the InvIT Regulations.

Redressal of grievances

The Trustee shall periodically review the status of Unitholders' complaints and their redressal undertaken by the Investment Manager. The Stakeholders' Relationship Committee of the Investment Manager shall monitor the status of complaints and their redressal. For details, please see the section entitled "*Corporate Governance*" on page 134.

Distribution

The Unitholders shall have the right to receive distribution in accordance with the InvIT Regulations and in the manner provided in this Final Placement Memorandum. For details, please see the section entitled "*Distribution*" on page 386.

Meeting of Unitholders

Meetings of Unitholders will be conducted in accordance with the InvIT Regulations.

Passing of resolutions

1. With respect to any matter requiring approval of the Unitholders:
 - (i) a resolution shall be considered as passed when the votes cast by Unitholders, so entitled and voting, in favour of the resolution exceed a certain percentage as specified in the InvIT Regulations, of votes cast against;
 - (ii) the voting may be done by postal ballot or electronic mode;
 - (iii) a notice of not less than 21 days shall be provided to the Unitholders;
 - (iv) voting by any Unitholder (including, the Sponsor in its capacity as a Unitholder), who is a related party in such transaction, as well as associates of such Unitholder(s) shall not be considered on the specific issue;
 - (v) the Investment Manager shall be responsible for all the activities pertaining to conducting of meeting of the Unitholder, subject to oversight by the Trustee.

However, for issues pertaining to the Investment Manager, including a change in Investment Manager, removal of Investment Manager or change in control of Investment Manager; the Trustee shall convene and handle all activities pertaining to conduct of the meetings. Additionally, for issues pertaining to the Trustee, including change in Trustee, the Trustee shall not be involved in any manner in the conduct of the meeting.
2. For the Trust:
 - (i) an annual meeting of all Unitholders shall be held not less than once a year within 120 days from the end of each financial year and the time between two meetings shall not exceed 15 months;
 - (ii) with respect to the annual meeting of Unitholders,
 - (a) any information that is required to be disclosed to the Unitholders and any issue that, in the ordinary course of business, may require approval of the Unitholders may be taken up in the meeting including:
 - latest annual accounts and performance of the Trust;

- approval of auditors and fee of such auditors, as may be required;
 - latest valuation reports;
 - appointment of valuer, as may be required; and
 - any other issue;
- (b) for any issue taken up in such meetings which require approval from the Unitholders other than as specified in Regulation 22(6) of the InvIT Regulations, votes cast in favour of the resolution shall be more than the votes cast against the resolution.
3. In case of the following, approval from the Unitholders shall be required where the votes cast in favour of the resolution shall be more than the votes cast against the resolution:
- (i) any approval from the Unitholders required in terms of Regulation 18 (*Investment conditions and dividend policy*), Regulation 19 (*Related Party Transactions*) and Regulation 21 (*Valuation of assets*) of the InvIT Regulations;
 - (ii) any borrowings, in excess of the limits specified under Regulation 20(2) of the InvIT Regulations;
 - (iii) any transaction, other than any borrowing, the value of which is equal to or greater than 25% of the InvIT Assets;
 - (iv) increasing period for compliance with investment conditions to one year in accordance with Regulation 18(5)(c) of the InvIT Regulations;
 - (v) any issue, in the ordinary course of business, which in the opinion of the Sponsor or the Trustee or the Investment Manager, is material and requires approval of the Unitholders, if any;
 - (vi) any issue for which SEBI or the designated stock exchanges requires approval; and
 - (vii) de-classification of the status of Sponsor.
4. In case of the following, approval from the Unitholders shall be required where the votes cast in favour of the resolution shall not be less than one and a half times the votes cast against the resolution:
- (i) any issue, not in the ordinary course of business, which in the opinion of the Sponsor or Investment Manager or Trustee requires approval of the Unitholders;
 - (ii) any issue for which SEBI or the designated stock exchanges require approval;
 - (iii) any issue taken up on request of the Unitholders including:
 - (a) removal of the Investment Manager and appointment of another investment manager to the Trust;
 - (b) removal of the Auditors and appointment of another auditors to the Trust;
 - (c) removal of the Valuer and appointment of another valuer to the Trust;
 - (d) any issue which the Unitholders have sufficient reason to believe that is detrimental to the interest of the Unitholders; and
 - (e) change in the Trustee, if Unitholders have sufficient reason to believe that acts of the Trustee are detrimental to the interest of Unitholders.

With respect to the rights of the Unitholders under clause 4(iii) above:

- (i) not less than 25% of the Unitholders by value, other than any party related to the transactions and its associates, shall apply, in writing, to the Trustee for the purpose;
- (ii) on receipt of such application, the Trustee shall require, with the Investment Manager to place the issue for voting in the manner as specified in the InvIT Regulations;
- (iii) with respect to clause 4(iii)(e) above, not less than 60% of the Unitholders by value shall apply, in writing, to the Trustee for the purpose.

Information rights

The Investment Manager, on behalf of the Trust, shall also submit such information to the Stock Exchange and Unitholders, on a periodical basis as may be required under the InvIT Regulations and the Listing Agreement to be entered into with the Stock Exchange. The Investment Manager (on behalf of the Trust) shall disclose to the Stock Exchange, Unitholders and SEBI, all such information and in such manner as specified under the InvIT Regulations and such other requirements as may be specified by SEBI. The Investment Manager, on behalf of the Trust, shall also provide disclosures or reports specific to the sector or sub-sector in which the Trust has invested or proposes to invest, in the manner as may be specified by SEBI.

Buyback and Delisting of Units

Any buyback or delisting of Units, shall be in accordance with the Trust Deed and the InvIT Regulations.

DILUTION

Dilution is the amount by which the Issue Price exceeds the net asset value (“NAV”) per Unit, immediately after the completion of this Issue. NAV per Unit is determined by subtracting the total liabilities of the Trust from the total assets of the Trust and dividing by the number of Units issued and outstanding immediately before this Issue. There was no *pro forma* NAV before this Issue for the Units.

The Trust will issue 60,000,000 Units at an Issue Price of ₹ 100 for each Unit, resulting in a combined NAV of the Trust of approximately ₹ 39,047 million or ₹ 100 per Unit based on the total number of Units outstanding after the completion of this Issue. This represents an immediate dilution in combined NAV of approximately ₹ 0 per Unit to the Sponsor and an immediate dilution in combined NAV of approximately ₹ 0 per Unit to other Unitholders, subscribing in this Issue.

The following provides the per Unit dilution as on March 31, 2021:

Combined NAV per Unit before this Issue	Not Applicable
Combined NAV per Unit after this Issue	₹ 100
Dilution in NAV per Unit to the Sponsor attributable to the Sponsor	Nil
Dilution in NAV per Unit to Unitholders (other than the Sponsor)	Nil
Dilution to Unitholders (other than the Sponsor) as a percentage of the Issue Price	0.00%

ISSUE STRUCTURE

Initial offer through a private placement of 60,000,000* Units for cash at price of ₹ 100 per Unit, aggregating to ₹ 6,000 million by the Trust. In accordance with Regulation 14(1A) of the InvIT Regulations, this Issue shall constitute at least 10% of the total outstanding Units on a post-Issue basis.

**Subject to approval of Allotment by the Board of Directors of the Investment Manager*

Particulars	Details
Number of Units available for Allotment/allocation	60,000,000* Units

Indicative Issue Timeline

Event	Indicative Date
Bid/Issue Opening Date	September 14, 2021
Bidders to submit completed Application Forms	September 15, 2021
Bid/Issue Closing Date	September 15, 2021
Dispatch of CANs to successful Bidders	On or about September 20, 2021
Closing Date	On or about September 20, 2021
Initiation of refunds, if any, in the event of any failure to obtain final listing and trading approval within 30 Working Days from the date of Allotment	On or about September 21, 2021
Designated Date	On or about September 21, 2021
Listing Date	On or about September 24, 2021

The above timetable is indicative and does not constitute any obligation or liability on the Trust, the Investment Manager, the Trustee or the Lead Manager.

While the Investment Manager shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Units on the Stock Exchange is completed within 30 Working Days from the date of Allotment, the timetable may change due to various factors, such as, any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Units will be entirely at the discretion of the Stock Exchange and in accordance with applicable law.

ISSUE INFORMATION

Below is a summary, intended to provide a general outline of the procedures for the bidding, application, payment, Allocation and Allotment of the Units to be offered pursuant to the Issue.

Eligible Investors were advised to inform themselves of any restrictions or limitations that may be applicable to them under applicable law to which they are subject, and should have consulted their respective advisors in this regard. Eligible Investors that have applied in this Issue were required to confirm, and are deemed to have represented to the Trustee, the Investment Manager, the Lead Manager and their respective directors, officers, agents, affiliates and representatives, that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Units. The Investment Manager, the Sponsor and the Lead Manager and their respective directors, officers, agents, affiliates and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Units.

Authority for the Issue

The Trust is making this Issue in accordance with Regulation 14(2) of the InvIT Regulations. The Issue was authorised and approved by the board of directors of the Investment Manager on February 22, 2021.

The Trust has received the in-principle approval of the NSE for the listing of the Units on the NSE, pursuant to the letter dated March 15, 2021 and extended by way of its letters dated June 11, 2021 and September 9, 2021. The Investment Manager has filed a copy of the Draft Placement Memorandum, the Placement Memorandum and this Final Placement Memorandum, with SEBI and the Stock Exchange.

The Units have not been and will not be registered, listed or otherwise qualified in any jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable law of such jurisdiction. The Units shall not be offered or sold where such offer or sale would require registration, qualification or listing.

Bidders should note that Allotment will only be in the dematerialized form. Application Forms which did not have the details of the Bidders' demat accounts including DP ID, PAN and Client ID have been treated as incomplete and rejected. Bidders will not have the option of receiving Allotment in physical form. On Allotment, the Units will be traded only on the dematerialized segment of the Stock Exchange.

Issue Procedure

1. The Lead Manager, in consultation with the Investment Manager, has electronically circulated serially numbered copies of the Placement Memorandum and the Application Form to Eligible Investors. The Application Form has been specifically addressed to each Eligible Investor. The list of Eligible Investors to whom the serially numbered copies of the Placement Memorandum and the Application Form has been circulated, has been determined by the Investment Manager, in consultation with the Lead Manager.
2. **Unless a serially numbered Placement Memorandum along with an Application Form is addressed to a particular Eligible Investor, no invitation to subscribe shall be deemed to have been made to such Eligible Investor.** Even if such documentation were to come into the possession of any person other than the intended recipient, no offer or invitation to offer shall be deemed to have been made to such person and such person shall not be eligible to participate in the Issue.
3. Bidders were required to submit an Application Form to the Lead Manager, only during the Bid/Issue Period and not later than the Bid/Issue Closing Date.
4. Bidders were required *inter alia*, to indicate the following in the Application Form:
 - a. a representation that it is outside the United States acquiring the Units in an offshore transaction under Regulation S has agreed to certain other representations set forth in the Application Form;
 - b. name of the Bidder to whom the Units are to be Allotted;
 - c. number of Units Bid for;
 - d. details of the demat accounts to which the Units should be credited;
 - e. details of the Bid Amount deposited by the Bidder into the Cash Escrow Account;
 - f. a representation that such person is an "Institutional Investor" or a "Body Corporate" in terms of the InvIT Regulations;

- g. the details of Bidder's bank account along with fund transfer details, in case of any refund; and
- h. any other information which may be relevant to the Bid.

Note: The Bids made by asset management companies or custodians of Mutual Funds, if permitted under applicable law, have specifically stated the names of the concerned schemes for which the Bids were made. In case of a Mutual Fund, a separate Bid was made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund has not been treated as multiple Bids provided that the Bids clearly indicated the scheme for which the Bid had been made. Bidders were advised to ensure that any single Bid from them does not exceed the investment limits or maximum number of Units that can be held by them under applicable law.

5. Each Bidder was required to make payment of the entire Bid Amount for the Units at the Offer Price, only through electronic transfer to the Cash Escrow Account during the Bid/Issue Period, along with the completed Application Form.
6. No payment has been made by Bidders in cash. Please note that any payment of Bid Amount for Units has been made from the bank account of the relevant Bidder applying for Units, and the Lead Manager, on behalf of the Investment Manager, has kept a record of the bank account from where such Bid Amounts have been received. The Bid Amount payable on Units to be held by joint holders has been paid from the bank account of the person whose name appears first in the completed Application Form. Pending listing, all Bid Amounts received from Bidders shall be kept by in a separate bank account with a scheduled bank (i.e. the Cash Escrow Account).
7. Once a duly completed Application Form was submitted by a Bidder on the basis of disclosures in the Placement Memorandum, such Application Form constituted an irrevocable offer and cannot be withdrawn.
8. Upon receipt of the completed Application Form and the receipt of the Bid Amount in the Cash Escrow Account, the Investment Manager shall, after Bid/Issue Closing Date, determine the number of the Units to be Allotted pursuant to the Issue, in consultation with the Lead Manager.
9. Upon determination of the Bidders to whom Allocation shall be made, the Lead Manager, on behalf of the Investment Manager, has sent the CANs, along with serially numbered Final Placement Memorandum, to the Bidders who have been Allocated Units. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract in respect of the number of Units Allocated to the Bidder. **Please note that the Allocation and Allotment will be at the absolute discretion of the Investment Manager, and will be based on the recommendation of the Lead Manager.**
10. Upon the dispatch of CAN to successful Bidders, the Investment Manager shall Allot Units of the Trust as per the details in the CAN sent to successful Bidders. The Investment Manager will intimate to the Stock Exchange about the details of the Allotment and apply for approval of the Units for listing and trading of the Units on the Stock Exchange after the credit of Units into the demat accounts of the successful Bidders.
11. Allottees are advised to instruct their respective Depository Participant to accept the Units that may be Allotted to them pursuant to the Issue into their respective demat accounts.
12. In the event the Investment Manager is unable to Allot the Units or upon cancellation of the Issue, the Investment Manager shall be liable to refund the Bid Amounts with interest to the Bidders in accordance with applicable law. For each Bidder to whom any amounts are to be refunded, the refund shall be made to the same bank account from which the Bid Amount was remitted by such Bidder.
13. The Units that have been credited to the demat accounts of the Bidders shall be eligible for trading on the Stock Exchange only upon the receipt of final listing and trading approval from the Stock Exchange. Bidders are advised to apprise themselves of the status of the receipt of the permissions from the Stock Exchange or the Investment Manager.
14. The Bid Amount will be transferred to the account of the Trust from the Cash Escrow Account only after receipt of the final listing and trading approval for the Units from the Stock Exchange.

Who could Bid?

Each Bidder has checked if it is eligible to Bid under applicable law. Furthermore, certain categories of Bidders may not have been permitted to Bid in the Issue or hold Units in excess of the limits specified under applicable law.

Only Institutional Investors and Bodies Corporate were eligible to participate in this Issue.

An Institutional Investor is defined in Regulation 2(1)(ya) of the InvIT Regulations.

A Body Corporate is defined in Section 2(11) of the Companies Act, 2013 to include a company incorporated outside India, but does not include (i) a co-operative society registered under any law relating to co-operative societies; and (ii) any other body corporate (not being a company as defined in the Companies Act, 2013) which the Central Government may, by notification, specify in this regard.

Bodies Corporate incorporated outside India are permitted to participate in the Issue subject to compliance with Schedule VIII of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The Trustee, the Valuer and the employees of the Valuer who were involved in the valuation of the Trust were not permitted to Bid in this Issue.

Bids by FPIs

Foreign Portfolio Investors (other than individuals, corporate bodies and family offices) were permitted to participate in the Issue subject to compliance with Schedule VIII of Foreign Exchange Management (Non-debt Instruments) Rules, 2019. In case of Bids by FPIs the payment should have been paid as inward remittance from abroad through banking channels or out of funds held in NRE, SNRR or FCNR(B) account maintained in accordance with the Foreign Exchange Management (Deposit) Regulations, 2016, along with documentary evidence in support of the remittance. In case of Bids made by FPIs, a verified true copy of the certificate of registration issued by the designated depository participant under the SEBI FPI Regulations was required to be attached along with the Application Form, failing which the Investment Manager, in consultation with the Lead Manager, reserved the right to reject the Bid.

Bids by SEBI registered VCFs and AIFs

The SEBI VCF Regulations prescribe, amongst others, the investment restrictions on VCFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Further, VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations. Additionally, VCFs and AIFs are subject to certain investment restrictions, including with respect to the percentage of investible funds held in each investee entity. Allotments made in respect of Bids by VCFs and AIFs in this Issue shall be subject to the rules and regulations that are applicable to each of them respectively.

Bids by Banking Companies

Bids may be made by banks as permitted by the RBI and were subject to conditions specified in the Prudential Guidelines – Banks' investment in units of REITs and InvITs dated April 18, 2017. In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee were required to be attached to the Application Form. Failing this, any such Bid was liable to be rejected.

Bids by Provident Funds/Pension Funds

On March 2, 2015, the Ministry of Finance issued a notification allowing investments by non-government provident funds, pension funds, superannuation funds and gratuity funds up to 5% in infrastructure investment trusts, as specified. On May 29, 2015, the Ministry of Labour and Employment issued a notification allowing investments by provident funds up to 5% in infrastructure investment trusts, as specified. However, such investments by provident funds, pension funds, superannuation funds and gratuity funds will be subject to, amongst others, the sponsor entity of the InvIT having a minimum of AA or equivalent rating in the applicable rating scale from at least two credit rating agencies registered with SEBI. In case of Bids made by provident funds/ pension funds, subject to applicable laws, with minimum corpus of ₹ 250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must have been attached to the Application Form. Failing this, any such Bid was liable to be rejected.

Bids by NPS Schemes

The Pension Fund Regulatory and Development Authority issued circulars dated June 3, 2015 and September 2, 2015, respectively, allowing investments by national pension fund schemes (“NPS Schemes”) up to 5% in infrastructure investment trusts, as specified. However, in accordance with the circular dated May 4, 2017 (effective from May 8, 2017), as amended by the circular dated May 8, 2018, issued by PFRDA, such investments by NPS Schemes will be subject to, amongst others, such securities having a minimum of A or equivalent rating in the applicable rating scale from at least two credit rating agencies registered with SEBI, subject to the maximum permissible amount of investments in securities rated between A- and AA. In case of Bids made by NPS Schemes, with minimum corpus of ₹ 250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must have been attached to the Application Form. Failing this, any such Bid was liable to be rejected.

Bids by Mutual Funds

Bids were made by mutual funds under all its schemes, existing and future, subject to the investment conditions and other restrictions prescribed under the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (including, the circular on mutual funds dated February 28, 2017 and any other circulars, notifications and guidelines issued thereunder).

Bids by Insurance Companies

Bids were made by insurance companies as permitted by the Insurance Regulatory and Development Authority of India in terms of the Master Circular – Investments, 2016 and the circular issued by the IRDAI entitled, Investment in Units of Real Estate Investment Trusts (REIT) & Infrastructure Investment Trusts (InvIT), dated March 14, 2017.

Bids under Power of Attorney

In case of Bids made pursuant to a power of attorney by Institutional Investors or bodies corporate, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws have been submitted along with the Application Form. Failing this, any such Bid was liable to be rejected.

The Investment Manager, in consultation with the Lead Manager, in its absolute discretion, reserved the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form.

Allotments, if any, made to FVCIs in the Issue are subject to the respective rules and regulations that are applicable to each of them.

The Parties to the Trust and the Lead Manager are not liable for any amendment or modification or change to applicable law or regulations, which may occur after the date of this Final Placement Memorandum. Eligible Investors were advised to make their independent investigations and satisfy themselves that they were eligible to apply in this Issue. Eligible Investors were advised to ensure that any single application from them does not exceed the investment limits or maximum number of Units that can be held by them under applicable law or regulation or as specified in the Placement Memorandum.

Note: Affiliates or associates of the Lead Manager who were Eligible Investors may have participated in the Issue in compliance with applicable law.

Maximum and Minimum Bid Size

- (i) Each Bidder was required to Bid for a Minimum Bid Size of ₹ 260 million and in multiples of 200,000 Units thereafter.
- (ii) No Bidder has Bid for such number of Units that exceeds the Issue size.

Application Process

Application Form

Bidders have only used the Application Forms provided by the Investment Manager electronically, for the purpose of making a Bid in terms of the Placement Memorandum.

By making a Bid for the Units through Application Forms, Bidders were deemed to have made the following representations and warranties, respectively:

1. The Bidder confirms that it is an Institutional Investor or a Body Corporate, and is eligible to participate in the Issue;
2. The Bidder has deposited the Bid Amount in the Cash Escrow Account;
3. The Bidder has no right to withdraw its Bid once such Bid is submitted to the Lead Manager;
4. The Bidder confirms that it is eligible to apply for, and hold, any Units that may be Allotted to the Bidder pursuant to the Issue. The Bidder further confirms that any such Allotment of Units to, and the holding of Units by, the Bidder does not, and shall not, exceed the level permissible as per any law applicable to the Bidder; and
5. The Bidder confirms that it is outside the United States and it is purchasing the Units in an offshore transaction in reliance on Regulation S under the U.S. Securities Act.

ELIGIBLE INVESTORS HAVE PROVIDED THEIR DEMAT ACCOUNT DETAILS, THEIR DEPOSITORY PARTICIPANT'S NAME, DEPOSITORY PARTICIPANT IDENTIFICATION NUMBER, BENEFICIARY ACCOUNT NUMBER AND BANK ACCOUNT DETAILS IN THE APPLICATION FORM. ELIGIBLE INVESTORS ARE

EXPECTED TO HAVE ENSURED THAT THE NAME GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THE DEMAT ACCOUNT IS HELD.

Demographic details such as address and bank account details have been obtained from the Depositories as per the demat account details given in the Application Form.

Instructions for completing the Application Form

Bidders may note that Application Forms not filled completely or correctly as per instructions provided in the Placement Memorandum and the Application Forms were liable to be rejected. The Bids should have adhered to the following:

- (i) Bids must have been made only in the prescribed Application Form;
- (ii) Application Form must have been completed in full, in BLOCK LETTERS in ENGLISH and in accordance with the instructions contained herein and in the Application Form. Incomplete Application Forms were liable to be rejected. Bidders must have provided details of valid and active DP ID, Client ID and PAN clearly and without error. Invalid accounts, suspended accounts, or where such account is classified as invalid or suspended shall not be considered for Allotment. Bidders should note that the Lead Manager, Registrar and the Investment Manager will not be liable for errors in data entry due to incomplete or illegible Application Forms; and
- (iii) Bidders were required to sign the Application Form. Bidders should have ensured that the thumb impressions and signatures other than in the languages specified in the Eighth Schedule to the Constitution of India, are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.

Submission of Application Form

All Application Forms had to be duly completed with information including the name of the Bidder, the number of the Units applied for and the Bid Amount. The Application Form should have been submitted to the Lead Manager either through electronic form or through physical delivery at the following address:

ICICI Securities Limited

ICICI Centre,
H T Parekh Marg
Churchgate
Mumbai 400 020
Tel: +91 22 2288 2460
Fax: +91 22 2282 6580
E-mail: shrem.invit@icicisecurities.com
Contact Person: Mr. Rupesh Khant

The Lead Manager was not required to provide any written acknowledgement of the Application Form.

PAN

Each Eligible Investor must have mentioned its Permanent Account Number (“PAN”) allotted under the IT Act. Each Eligible Investor was required to submit a copy of its PAN card along with the Application Form. Applications without this information have been considered incomplete and were liable to be rejected. Eligible Investors should not have submitted the general index registrar number (“GIR”) instead of the PAN as the Application Form was liable to be rejected on this ground.

Bank Account for Payment of Bid Amount

The Investment Manager has opened the Cash Escrow Account with State Bank of India, acting as the Escrow Collection Bank in terms of the arrangement among the Trust, the Investment Manager, the Lead Manager and the Escrow Collection Bank. Bidders were required to deposit the entire Bid Amount during the Bid/Issue Period, together with the completed Application Form, in favour of “*Shrem InvIT Unit Cash Escrow Account*”.

If the payment of the Bid Amount was not made favouring the Cash Escrow Account within the Bid/Issue Period, the Application Form of the Bidder was liable to be rejected.

The Trustee and the Investment Manager shall utilize the amount deposited in the Cash Escrow Account only for the purposes of: (i) adjustment against Allotment; or (ii) refund of application monies in case of any failure to allot Units in the Issue. For further details, please see the section entitled “*Issue Information – Refunds*” on page 450.

Payment Instructions

The payment of Bid Amount shall have been made by the Bidders in the name of the Cash Escrow Account as per the payment instructions provided in the Placement Memorandum and the Application Form.

Payments were to be made only through electronic fund transfer. Payments through cheques or cash or any mode other than electronic mode have been rejected.

Allocation

Build-up of the book

The Bidders were required to submit their Bids for the Units within the Bid/Issue Period to the Lead Manager. The book shall be maintained by the Lead Manager.

Method of Allocation

The Investment Manager has determined the Allocation in consultation with the Lead Manager on a discretionary basis. After finalization of the Allocation, the Investment Manager has updated the Placement Memorandum with the Issue details and proposes to file this Final Placement Memorandum with SEBI and the Stock Exchange, and dispatch the CAN, together with a serially numbered Final Placement Memorandum to each successful Bidder.

THE DECISION OF THE INVESTMENT MANAGER, IN CONSULTATION WITH THE LEAD MANAGER IN RESPECT OF ALLOCATION SHALL BE FINAL AND BINDING ON ALL BIDDERS. BIDDERS MAY NOTE THAT ALLOCATION OF THE UNITS IS AT THE SOLE AND ABSOLUTE DISCRETION OF THE INVESTMENT MANAGER, IN CONSULTATION WITH THE LEAD MANAGER, AND BIDDERS MAY NOT RECEIVE ANY ALLOCATION EVEN IF THEY HAVE SUBMITTED VALID APPLICATION FORMS. NEITHER THE INVESTMENT MANAGER NOR THE LEAD MANAGER ARE OBLIGED TO ASSIGN ANY REASON FOR ANY SUCH NON-ALLOCATION.

Confirmation of Allocation Note or CAN

Based on the Application Forms and Bid Amounts received from Bidders, the Investment Manager, in consultation with the Lead Manager, in their sole and absolute discretion, has decided the Bidders to whom the serially numbered CANs shall be sent, pursuant to which the details of Units Allocated to them shall be notified to such Bidders. Further, details of the amounts payable for Allotment of the Units in their respective names shall be notified to such Bidders. Additionally, the CAN will include the probable designated date, being the date of credit of the Units to the respective Bidder's demat account ("**Designated Date**").

Bidders, who have been Allocated Units, would also be sent a serially numbered Final Placement Memorandum either in electronic form or by physical delivery along with the serially numbered CAN. The dispatch of the serially numbered Final Placement Memorandum and the CAN to Bidders shall be deemed a valid, binding and irrevocable contract in respect of the number of Units Allocated to each successful Bidder.

Bidders are advised to instruct their Depository Participant to accept the Units that may be Allotted to them pursuant to the Issue.

Bidders' Demat Account and Bank Account Details

Bidders should note that on the basis of Bidders' PAN, DP ID and Client ID provided by them in the Application Form, the Registrar has obtained from the Depository the demographic details including the Bidders' address and bank account details (including the nine-digit Magnetic Ink Character Recognition ("**MICR**") code as appearing on a cheque leaf (the "**Demographic Details**"), from the Depository. The Demographic Details will be used for giving refunds (including through direct credit, NACH, NECS, NEFT and RTGS) to the Bidders. It is mandatory to provide the bank account details in the space provided in the Application Form and Application Forms that do not contain such details were liable to be rejected. Hence, Bidders were advised to immediately update their bank account details, PAN and Demographic Details as appearing in the records of the Depository Participant and ensure that they are true and correct. Failure to do so could result in delays in credit of refunds to Bidders at their sole risk and none of the Lead Manager, the Registrar, the Escrow Collection Bank, the Investment Manager or the Trustee will have any responsibility or undertake any liability for this. Accordingly, Bidders should have carefully filled in their demat account details in the Application Form.

By signing the Application Form, the Bidder is deemed to have authorized the Depositories to provide to the Registrar, on request, the required Demographic Details as available in their records.

Closing Date and Allotment of the Units

The Trustee and the Investment Manager will endeavour to complete the Allotment by the Closing Date.

In accordance with the InvIT Regulations, the Units will be issued and Allotment shall be made only in dematerialised form to the Allottees. The Investment Manager (on behalf of the Trust) and the Registrar have entered into:

- Agreement dated February 16, 2021 with NSDL; and
- Agreement dated February 18, 2021 with CDSL.

The Trustee and/or the Investment Manager, at their discretion, reserve the right to cancel the Issue at any time prior to the issuance of CAN, without assigning any reason whatsoever.

Following the Allotment of the Units, the Investment Manager will apply for final listing and trading approval from the Stock Exchange. The Investment Manager and the Lead Manager shall endeavour to list the Units on the Stock Exchange within 30 Working Days from the date of Allotment.

Refunds

In the event of non-receipt of listing permission from the Stock Exchange(s), the Units shall not be eligible for listing and the Trust shall be liable to refund the Bid Amounts to the Allottees immediately along with interest at the rate of 15% per annum, from the date of Allotment till such time prescribed under, and in compliance with, the InvIT Regulations.

Other Instructions

Right to Reject Applications

The Investment Manager, in consultation with the Lead Manager, has rejected Bids, in part or in full, without assigning any reason whatsoever. The decision of the Investment Manager and the Lead Manager in relation to the rejection of Bids shall be final and binding.

Units in Dematerialised form with NSDL or CDSL

The Allotment shall be only in dematerialised form (i.e., not in physical certificates but represented by the statement issued through the electronic mode).

A Bidder applying for the Units to be issued pursuant to the Issue must have at least one beneficiary account with a Depository Participant of either NSDL or CDSL prior to making the Bid. Allotment to a successful Bidder will be credited in electronic form directly to the beneficiary account (with the Depository Participant) of such Bidder.

Units in electronic form can be traded only on the stock exchanges having electronic connectivity with NSDL and CDSL. NSE has electronic connectivity with NSDL and CDSL. The trading of the Units would be in dematerialised form only for all Unitholders in the respective demat segment of NSE. For details in respect of the minimum trading lot, please see the section entitled “*Issue Structure*” on page 443.

The Trustee, the Investment Manager or the Lead Manager, will not be responsible or liable for the delay in the credit of the Units to be issued and transferred pursuant to the Issue due to errors in the Application Form, delay in payment of Bid Amount or otherwise on part of the Bidders.

STATEMENT OF TAX BENEFITS

To

The Board of Directors
AXIS Trustee Services Limited
(Trustee of SHREM InvIT)

And

The Board of Directors
SHREM Financial Private Limited
(As the Investment Manager of the SHREM InvIT)

Dear Sirs,

Sub: Statement of possible tax benefits available to SHREM INVIT and its unit holders under the Income Tax Act, 1961.

We refer to the proposed initial Private placement offering of the units of SHREM InvIT (“the Trust”) and enclose the statement capturing the current position of tax benefits available to the Trust and to its Unit holders as per the provisions of the Income-tax Act, 1961 (“the Act”) presently in force in India (i.e. applicable for the financial year ending 31 March 2022 relevant to the assessment year 2022-23) for inclusion in the draft offer document, offer document and final offer document. Several of these benefits are dependent on the Trust or its unit holders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Trust or its unit holders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Trust or its unit holders may or may not choose to fulfil.

The enclosed annexure discusses key tax benefits including potential benefits and are neither exhaustive nor conclusive. This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for a professional tax advice on tax matters. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed issue of units of the Trust.

The contents of this enclosed statement are based on information, explanations and representations obtained from the Trust and on the basis of our understanding of the business activities and operations of the Trust and the provisions of the tax laws.

We do not express an opinion or provide any assurance as to whether:

- SHREM InvIT or its unit holders will continue to obtain these benefits in future;
- the conditions prescribed for availing the benefits, where applicable have been/would be met with; and
- the revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to include the enclosed statement, regarding possible tax benefits available to the Trust and to its Unit holders under the Act. in the draft offer document, offer document and final offer document in connection with the initial private placement offering of the units of the Trust which is intended to be filed with Securities and Exchange Board of India, relevant stock exchange(s) and any regulatory authority, as may be required under applicable law.

ANNEXURE TO STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO SHREM InvIT AND ITS UNITHOLDERS UNDER THE APPLICABLE LAWS IN INDIA

[The information provided below sets out the possible tax benefits available to the unit holders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of purchase, ownership and disposal of equity shares or units, under the tax laws presently in force in India. It is not exhaustive or comprehensive analysis and is not intended to be a substitute for professional tax advice.]

UNITHOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF UNITS, INCLUDING TAX IMPLICATIONS ON ANY DISTRIBUTIONS BY/ RECEIPTS FROM SHREM InvIT, IN THEIR PARTICULAR SITUATION.]

The following is based on the provisions of the Income-tax Act, 1961 ('the Act') as amended by Finance Act, 2021. The Act is amended from time to time.

I. UNDER THE INCOME-TAX ACT, 1961 (hereinafter referred to as 'the Act')

1. TAX BENEFITS AVAILABLE TO SHREM InvIT UNDER THE ACT

The following benefits are available to SHREM InvIT ('the Trust') after fulfilling conditions as per the applicable provisions of the Act and the guidelines prescribed by the Securities and Exchange Board of India ('SEBI') including the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended ('SEBI Regulations').

1.1 Tax benefits in the hands of the Trust in respect of interest income received/receivable from the underlying Special Purpose Vehicles ('SPVs'):

Interest received or receivable by the Trust from the Project SPVs (being domestic companies) shall be exempt from tax, subject to satisfaction of conditions given in section 10(23FC) of the Act.

In this regard, please note that as per the explanation to section 10(23FC) of the Act, the expression "special purpose vehicle" means an Indian company in which the business trust holds controlling interest and any specific percentage of shareholding or interest, as may be required by the regulations under which such trust is granted registration.

Please note that in view of the provisions of section 14A of the Act, any expenditure incurred in relation to earning the above exempt income shall not be tax deductible. In case the Tax Authorities are not satisfied by the disallowance considered by the Trust, the quantum of disallowance shall be computed in accordance with the provisions of section 14A read with Rule 8D of the Income-tax Rules, 1962 ('the Rules').

In addition, section 194A(3)(xi) exempts SPV from provisions of tax deduction at source ('TDS') in respect of interest paid or payable to the Trust, provided such interest is in relation to interest other than 'interest on securities'.

As per the provisions of section 193 of the Act, every Indian company shall withhold taxes at rates in force while making payment of any interest on unlisted securities. Accordingly, SPVs will be required to withhold taxes where interest is paid or payable on unlisted securities. Please note that the procedural provisions regarding exemption from TDS in relation to such interest paid or payable by SPV to business trust are absent. Accordingly, where SPVs withhold taxes on interest on securities paid or payable to the Trust, the Trust shall be eligible to claim a refund for the same.

1.2 Tax benefit in the hands of the Trust in respect of dividend income received/receivable from the SPVs:

Dividend received or receivable by the Trust from the Project SPVs shall be exempt from tax, subject to satisfaction of conditions given in section 10(23FC) of the Act.

Please note that in view of the provisions of section 14A of the Act, any expenditure incurred in relation to earning the above exempt income shall not be tax deductible. In case the Tax Authorities are not satisfied by the disallowance considered by the Trust, the quantum of disallowance shall be computed in accordance with the provisions of section 14A read with Rule 8D of the Rules.

As per the provisions of section 194 of the Act, every Indian company shall withhold taxes at the rate of 10% while making payment of any dividend to its shareholders. As per Finance Act, 2021, the SPVs will not be required to deduct tax at source when they make payment of dividend to Trust.

1.3 Section 10(34A) of the Act - Income from buy back of shares

The provisions of section 115QA mandate domestic companies (SPV) to pay an additional tax at the rate of 20% (plus applicable surcharge and cess) on buy-back of shares. Further, income arising from buy-back of unlisted shares shall not be taxable as per section 10(34A) of the Act in the hands of the shareholders. Accordingly, in case income arises in hands of the Trust from buy-back of unlisted shares by the Project SPVs (held in the underlying SPVs), then such income shall be exempt in the hands of the Trust.

Please note that in view of the provisions of section 14A of the Act, any expenditure incurred in relation to earning the above exempt income shall not be tax deductible. In case the Tax Authorities are not satisfied by the disallowance considered by the Trust, the quantum of disallowance shall be computed in accordance with the provisions of section 14A read with Rule 8D of the Rules.

1.4 Section 115UA (2) read with section 112 of the Act - Taxability of capital gains

In terms of section 115UA(2) of the Act, the total income of the Trust shall be chargeable to tax at the maximum marginal rate (MMR) in force except for the income chargeable to tax on transfer of Long Terms Capital assets under section 112 of the Act, short term capital gain u/s 111A of the Act and income referred in para 1.1 and 1.2 above. MMR is defined under the provisions of the Act to mean the rate of income-tax (including surcharge on income-tax, if any) applicable in relation to the highest slab of income as per the relevant Finance Act.

With respect to shares of a company not being listed on a recognized stock exchange, the determinative period of holding shall be more than 24 months for it to be regarded as long term capital asset. With respect to other securities, the determinative period of holding is more than 36 months for it to be regarded as long term capital asset.

As per the provisions of section 112(1)(d) of the Act, gains arising on the transfer of long term capital assets shall be chargeable to tax in the hands of the Trust at the rate of 20% (plus applicable surcharge and cess).

Section 48 of the Act prescribes the mode of computation of Capital Gains and provides for deduction of cost of acquisition/ improvement and expenses incurred in connection with the transfer of a capital asset, from the sale consideration to arrive at the amount of Capital Gains. However, in respect of long term capital gains, section 48 provides for substitution of cost of acquisition/ improvement with indexed cost of acquisition/ improvement, which adjusts the cost of acquisition/ improvement by a cost inflation index as prescribed from time to time. Such indexation benefit would not be available on bonds and debentures, taxable under section 112 of the Act.

As per section 70 read with section 74 of the Act, short term capital loss arising during a year is allowed to be set-off against short term capital gains as well as long term capital gains. Balance loss, if any, shall be carried forward and set-off against any capital gains arising during subsequent eight assessment years. Also, as per section 70 and 74 of the Act, long term capital loss arising during a year is allowed to be set-off only against long term capital gains. Balance loss, if any, shall be carried forward and set-off against long term capital gains arising during subsequent eight assessment years.

Further, as per Section 71 of the Act, short term/ long term capital loss for the year cannot be set-off against income under any other head for the same year.

2. TAX BENEFITS AVAILABLE TO UNIT-HOLDERS OF SHREM INVIT

2.1 Tax Benefits available to the Unit-Holders of the Trust

Following tax benefit is specifically available to the unit holders of the Trust subject to the fulfillment of the conditions specified in the Act and SEBI Regulations:

Section 10(23FD) of the Act - Tax exemption in respect of income distributed by the Trust:

As per the provisions of section 115UA(1) of the Act, the income distributed by the Trust shall be deemed to be of the same nature and in the same proportion in the hands of the Unit holders as if such income was received by or accrued to the Trust.

As per the provisions of section 10(23FD) of the Act, any income referred to in section 115UA of the Act and distributed by the Trust [except for that proportion of income referred in sub-clause (a) of clause (23FC) or sub-clause (b) of said clause (in a case where the SPV has exercised the option under section 115BAA)] shall not be included in the total income of the unit holders.

Please note that in view of the provisions of section 14A of the Act, any expenditure incurred in relation to earning the above exempt income shall not be tax deductible. In case the Tax Authorities are not satisfied by the disallowance considered by the Trust, the quantum of disallowance shall be computed in accordance with the provisions of section 14A read with Rule 8D of the Rules.

Transaction not regarded as transfer under section 47(xvii) of the Act

According to sec. 47(xvii), any transfer of a capital asset, being share of a special purpose vehicle to a business trust in exchange of units allotted by that trust to the transferor shall not be regarded as transfer and accordingly not be liable to capital gains tax.

According to sec. 49(2AC) the cost of units acquired in lieu of shares in SPV shall be deemed to be cost of acquisition of shares in SPV.

As per clause (hc) of explanation 1 of sec. 2(42A), for ascertaining the period of holding of such units, the period of holding of shares in SPV shall also be included.

Please note that any notional gain or loss arising on transfer of shares of SPV to business trust in exchange of units allotted by the trust (as referred u/s 47(xvii)) are to be excluded while calculating book profits for the purpose of Minimum Alternate Tax ('MAT') u/s 115JB. Similarly, any notional gain or loss arising upon change in carrying amount of the units held by Unit holder are to be excluded in calculating book profits for the levy of MAT u/s 115JB. *(Clause (iie)/ (fc) to explanation 1 to section 115JB)*

Further, actual gain or loss on disposal of units held by the Unit holder as referred to in section 47 (xvii) are considered for the purpose of MAT u/s 115JB. *(Clause (iif)/ (k) to explanation 1 to section 115JB)*.

However, if the Unit holder opts for concessional tax regime u/s 115BAA/ 115BAB then provisions of MAT u/s 115JB shall not be applicable for the Unit holder and it will have to forego its entire MAT credit available at the time of exercising concessional tax-regime.

2.2 General Benefits available to the all the Unit-Holder of the Trust:

2.2.1 For resident and non-resident Unit-holder:

Long-term capital gains:

Income arising on transfer of units of the Trust through a recognized stock exchange, on which STT is paid, shall be chargeable to tax in the hands of the Unit holders at a rate of 10% without indexation benefit (plus applicable surcharge and cess) where the amount of income-tax calculated on such long-term capital gains exceeding one lakh rupees under section 112A of the Act if the said units are long-term capital assets. The determinative period of holding for such units to qualify as long-term capital asset is more than 36 months.

Income arising on transfer of units of the Trust that are long term capital assets, which is not through a recognized stock exchange and not subject to STT, shall be chargeable to tax at 20%, with indexation benefit (plus applicable surcharge and cess) under section 112 of the Act.

In case of a Unit-holder being a resident individual or HUF, where the total taxable income as reduced by long-term capital gains taxable is below the basic exemption limit, such long-term capital gains will be reduced to the extent of the shortfall and only the balance long-term capital gains will be subjected to such tax in accordance with the proviso to sub-section (1) of section 112 and proviso to sub-section (2) of section 112A of the Act.

Short-term capital gain:

Short-term capital gains arising on transfer of the units of the Trust will be chargeable to tax at the rate of 15% (plus applicable surcharge and cess) as per the provisions of section 111A of the Act, provided such transaction is subject to STT and through a recognized stock exchange.

In case of a Unit-holder being a resident individual or HUF, where the total taxable income as reduced by short-term capital gains is below the basic exemption limit, the short-term capital gains will be reduced to the extent

of the shortfall and only the balance short-term capital gains will be subjected to such tax in accordance with the proviso to sub-section (1) of section 111A of the Act.

Short-term capital gains arising on transfer of units of the Trust, which is not through a recognized stock exchange and which is not subject to STT, shall be chargeable to tax on applicable tax rates prescribed under the Act.

Set-off of losses:

Short Term Capital Loss computed for the given year is allowed to be set-off against Short Term/ Long Term Capital Gains computed for the said year under section 70 and 74 of the Act. Balance loss, if any, shall be carried forward and set-off against any capital gains arising during subsequent eight assessment years. Also, as per section 70 and 74 of the Act, long term capital loss arising during a year is allowed to be set-off only against long term capital gains. Balance loss, if any, shall be carried forward and set-off against long term capital gains arising during subsequent eight assessment years.

Further, as per Section 71 of the Act, short term/ long term capital loss for the year cannot be set-off against income under any other head for the same year.

Applicability of Minimum Alternate Tax/ Alternate Minimum Tax:

Where Unit holder is a 'domestic company':

In case of domestic companies that are liable to pay MAT under provisions of Section 115JB of the Act, the gains arising, if any, on sale of units of InvIT are to be included as part of book profits for the purpose of computing MAT liability. MAT paid by such companies should be available as credit for set-off against future tax liability, provided such companies do not opt to be governed by the concessional tax rates u/s 115BAA or 115BAB of the Act.

Where Unit holder is a person 'other than company':

In case of unit holders, other than companies, that are liable to Alternate Minimum Tax (AMT) under provisions of Section 115JC of the Act, the gains arising, if any, on sale of units of InvIT are to be included as part of adjusted total income for the purpose of computing AMT liability. AMT paid by such unit holders should be available as credit for set-off against future tax liability, provided they do not opt to be governed by the concessional tax rates u/s 115BAC or 115BAD of the Act.

2.2.2 For unit-holders who are Foreign Portfolio Investors ('FPIs')/ Foreign Institutional Investors ('FIIs'):

In case of Foreign Institutional Investor or Foreign Portfolio Investor registered under SEBI (Foreign Portfolio Investors) Regulations 2014 ('FII/FPI'), as per section 2(14) of the Act, shares/ securities (other than those held as stock in trade) which were invested in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992 shall be deemed to be capital assets. Accordingly, any income from such transfer shall be deemed as a capital gain.

Long-term capital gains:

Income arising on transfer of units of the Trust through a recognized stock exchange, on which STT is paid, shall be chargeable to tax in the hands of the Unit holders at a rate of 10% without indexation benefit (plus applicable surcharge and cess) where the amount of income-tax calculated on such long-term capital gains exceeding 0.1 million rupees under section 112A of the Act, if the said units are long-term capital assets. The determinative period of holding for such units to qualify as long term capital asset is more than 36 months.

Income arising on transfer of units of the Trust that are long term capital assets, which is not through a recognized stock exchange and not subject to STT, shall be chargeable to tax at 10%, without indexation benefit (plus applicable surcharge and cess) in accordance with section 115AD of the Act. However, the same shall hold true only when units of the Trust qualify as 'securities' under Securities Contracts Regulations Act, 1956 ('SCRA').

Accordingly, where a view is taken that the same does not qualify as 'securities' under SCRA, the applicable tax rate will be 20% with indexation benefit (plus applicable surcharge and cess) under section 112 of the Act.

Short-term capital gain:

Short-term capital gains arising on transfer of the units of the Trust will be chargeable to tax at the rate of 15%

(plus applicable surcharge and cess) as per the provisions of section 111A of the Act provided such transaction is subject to STT and through a recognized stock exchange.

Short-term capital gains arising on transfer of units of the Trust, which is not through a recognized stock exchange and which is not subject to STT, shall be chargeable to tax @30% (plus applicable surcharge and cess) in accordance with section 115AD of the Act. However, the same shall hold true only when units of the Trust qualify as 'securities' under SCRA.

Accordingly, where a view is taken that the units of the Trust does not qualify as 'securities' under SCRA, then applicable tax rates (plus applicable surcharge and cess) shall apply.

Set-off of losses:

Short Term Capital Loss computed for the given year is allowed to be set-off against Short Term/ Long Term Capital Gains computed for the said year under section 70 and 74 of the Act. Balance loss, if any, shall be carried forward and set-off against any capital gains arising during subsequent eight assessment years. Also, as per section 70 and 74 of the Act, long term capital loss arising during a year is allowed to be set-off only against long term capital gains. Balance loss, if any, shall be carried forward and set-off against long term capital gains arising during subsequent eight assessment years.

Further, as per Section 71 of the Act, short term/ long term capital loss for the year cannot be set-off against income under any other heads for the same year.

Applicability of Minimum Alternate Tax:

As per the Explanation 4 to section 115JB, provisions of Minimum Alternate Tax shall not be applicable to any foreign company if –

- (i) Such foreign company is a resident of country with which India has a DTAA and such foreign company does not have a permanent establishment in India; or
- (ii) Such foreign company is a resident of country with which India does not have a DTAA and such foreign company is not required to seek registration under any law for the time being in force relating to companies.

Accordingly, provisions of MAT shall not apply to FPIs/ FIIs in case the above conditions hold true.

Benefits under Double Taxation Avoidance Agreement (DTAA):

Under the provisions of section 90(2) of the Act, a non-resident will be governed by the provisions of the DTAA between India and the country of tax residence of the non- resident and the provisions of the Act apply to the extent they are more beneficial to the assessee.

As per section 196D(2)¹ of the Act, no tax is to be deducted from any income, by way of capital gains arising to an FPI/ FII from the transfer of units by such FPI/ FII where such units qualify as securities under SCRA. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the DTAA, if any, between India and the country in which the FPI/ FII has Fiscal domicile. As per the provisions of section 90(2) of the Act, the provisions of the Act would prevail over the provisions of the DTAA to the extent they are more beneficial to the FPI/ FII.

For withholding tax provisions in case FPI/ FII, please refer Section II – 'Tax Deduction at Source' below.

2.2.3 For unit-holders who are Mutual Funds:

Under section 10(23D) of the Act, any income earned by a Mutual Fund registered under the Securities and Exchange Board of India Act, 1992, or a Mutual Fund set up by a public sector bank or a public financial institution, or a Mutual Fund authorised by the Reserve Bank of India would be exempt from income-tax, subject to such conditions as the Central Government may by notification in the Official Gazette specify in this behalf.

In light with the provisions of section 196 of the Act, no deduction of tax shall be made on any sum payable to a Mutual Fund specified under clause (23D) of section 10. Accordingly, the Trust is not required to withhold tax on any sum payable to Mutual Fund set up under section 10(23D) of the Act.

2.2.4 For unit-holders who are Venture Capital Funds (VCF) or Venture Capital Companies (VCC)²:

For VCF/VCC registered prior to 21 May 2012

Under Section 10(23FB) of the Act, any income of Venture Capital Company to whom the certificate of registration is granted before 21/05/2012 under SEBI (Venture Capital Funds) Regulations, 1996 or as a sub-category I Alternative Investment Fund as is regulated under SEBI (Alternative Investment Funds Regulations) under the SEBI Act, 1992, from investment in venture capital undertaking would be exempt from income tax, subject to conditions specified therein.

As per Section 115U of the Act, any income derived by a person from his investment in Venture Capital Company/ Venture Capital Fund would be taxable in the hands of the person making an investment in the same manner as if it were the income accruing or arising to or received by such person had the investments been made directly in the venture capital undertaking.

For VCF/VCC registered post 21 May 2012

VCF/VCC registered post 21 May 2012 shall be classified as a Category 1 Alternate Investment Fund which shall be governed by the SEBI (AIF) Regulations 2012. For such funds benefit of section 10(23FB) and section 115U shall not be applicable and shall be governed by section 115UB read with section 10(23FBA) and 10(23FBB) which states that business income earned by such fund shall be taxable in the hands of the Fund and exempt in the hands of the unit holders, and other income earned viz. capital gains, income from other sources shall be exempt in the hands of the fund and taxable in the hands of unit holder.

For withholding tax provisions in the given case, please refer Section II – ‘Tax Deduction at Source’ below

2.2.5 Section 10(23FE): Income of a specified person in the nature of dividend, interest or long-term capital gains arising from an investment made by it in India.

As per section 10(23FE) of the Act, dividend, interest and long-term capital gains arising from investments made by ‘specified person’ in India, whether in the form of debt or share capital or unit, shall be exempt, if such investment is:

- (i) made on or after the 01 April 2020 but on or before the 31 March 2024
- (ii) is held for at least 3 years
- (iii) inter alia, is in a business trust

Further, such specified person (subject to certain conditions prescribed in section 10(23FE)) shall include:

- (i) Wholly owned subsidiary of Abu Dhabi Investment Authority (ADIA)
- (ii) Sovereign Wealth Funds (SWF)
- (iii) Pension funds

In this regard, please note that there are no amendments in the withholding tax provisions under the Act providing for exemption from withholding taxes on above mentioned income accruing to specified persons.

II. TAX DEDUCTION AT SOURCE³

Section 194LBA – Deduction of tax on certain income from the Trust

Where any interest income referred in section 115UA of the Act, in the nature referred to in section 10(23FC)(a) is distributed by the Trust to its unit holder, the Trust shall deduct TDS at 10% - in case of a resident unit holder, and 5% (plus applicable surcharge and cess) - in case of a non-resident unit holder. The same shall be deducted at the time of credit of such payment to the account of the payee or at the time of payment thereof, whichever is earlier.

However, TDS at the rate of 10% shall be deducted on dividend income distributed by the Trust to its resident unit holders and 10% (plus applicable surcharge and cess) shall be deducted on dividend income distributed by the Trust to its non-resident unit holders, if the SPV has exercised the option of beneficial tax regime under section 115BAA of the Act. If the SPV has not exercised the option of Section 115BAA of the Act, then no TDS is deducted on the distribution of dividend by the Trust.

Additionally, in view of section 90(2) of the Act, a non-resident will be governed by the provisions of the DTAA between India and the country of tax residence of the non-resident and the provisions of the Act apply to the extent they are more beneficial to the assessee.

¹ Please note that the provisions of Section 196D of the Act shall apply only when units of the Trust qualify as ‘securities’ under SCRA.

² Please note that the information provided herewith sets out the possible tax benefits available to the unit holders, who are VCC or VCF, in a summary manner. This is not an exhaustive or comprehensive analysis and is not intended to be a substitute for professional tax advice.

³ Please note that the TDS rates mentioned in the given document may be subject to any concessions introduced/allowed by the Government under any policy, press release, etc. Also, the same may also be subject to lower/ nil withholding tax certificates which may be furnished by the unit holders

Applicability of other provisions:

No income tax is deductible at source from income by way of capital gains arising to a resident unit holder under the present provisions of the Act.

However, as per the provisions of Section 195 of the Act, any income on transfer of units of the Trust by non-residents may be subject to withholding of tax at the rate under the domestic tax laws or under the DTAA, whichever is beneficial to the assessee (other than FPIs/ FIIs which are subject to provisions of section 196D (2) of the Act). However, the non-resident investor will have to furnish a certificate of his being a tax resident in a country outside India and a suitable declaration for not having a fixed base/permanent establishment in India, to get the benefit of the applicable DTAA and such other document as may be prescribed as per the provision of section 90(4) of Act.

Further, as per section 196D⁴ of the Act, no tax is to be deducted from any income, by way of capital gains arising to an FPI or FII from the transfer of units where such units qualify as securities under SCRA.

Section 206AA of the Act – Where PAN details are not furnished by the unit holder

As per Section 206AA of the Act, where a taxpayer does not possess a Permanent Account Number ('PAN'), taxes have to be withheld on payment of income to the taxpayer (where chargeable to tax) at higher of the following:

- at the rate specified in the Act; or
- at the rate or rates in force; or
- at the rate of 20%

Pursuant to amendment in section 206AA in 2016 and introduction of Rule 37B, the requirement of quoting PAN at the time of withholding of tax on certain specified income is eliminated. Further, the CBDT issued a notification prescribing the rules for relaxation from withholding of tax at higher rates in the absence of PAN in the case of non-resident deductee and laid down the information and alternative documents required to claim such relaxation.

Section 206AB of the Act – Where Tax Returns for last two years not filed by the unit holder

As per section 206AB of the Act, in case of a taxpayer whose tax deducted / tax collected for each of the last two assessment years has been Rs.50,000/- or more and he has not filed his income tax returns for those two years, then taxes have to be deducted at higher of the following:

- Twice the rate as specified in the tax law, or
- Twice the rate or rates in force, or
- Rate of 5 percent

General tax rates and provisions:

1. The income-tax rates specified in this note are as applicable for the financial year 2021- 22, and are exclusive of surcharge and education cess, if any. Rate of surcharge and cess are provided below:

Surcharge:

Domestic companies:

- (i) If the total income does not exceed INR 10 million – Nil
- (ii) If the total income exceeds INR 10 million but does not exceed INR 100 million - 7%
- (iii) If the total income exceeds INR 100 million - 12 %

Foreign

companies:

- (i) If the total income does not exceed INR 10 million - Nil
- (ii) If the total income exceeds INR 10 million but does not exceed INR 100 million -2%
- (iii) If the total income exceeds INR 100 million – 5%

⁴ Please note that the provisions of Section 196D of the Act shall apply only when units of the Trust qualify as 'securities' under SCRA

For individuals, HUF, AOP and BOI:

- (i) If the total income does not exceed INR 5 million - Nil
- (ii) If the total income (including dividend income or capital gains on specified securities) exceeds INR 5 million but does not exceed INR 10 million – 10%
- (iii) If the total income (including dividend income or capital gains on specified securities) exceeds INR 10 million but does not exceed INR 20 million – 15%
- (iv) If the total income (excluding dividend income or capital gains on specified securities) exceeds INR 20 million but does not exceed INR 50 million – 25%
- (v) If the total income (excluding dividend income or capital gains on specified securities) exceeds INR 50 million – 37%
- (vi) If total income is above 20 million (including dividend income or capital gain on specified securities) but is not covered under (iv) and (v) above – 15%

However, please note that the applicable surcharge does not exceed 15% in case of dividend income or capital gains on specified securities included in such total income

The above surcharge is subject to marginal tax benefit as per the income Tax Act, 1961. Health and Education cess:

In all cases, Health and education cess will be levied at the rate of 4 per cent of income- tax and surcharge.

Notes:

1. The stated benefits will be available only to the sole/ first named holder in case the units are held by joint holders.
2. In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to any benefits available under the applicable DTAA, if any, between India and the country in which the non-resident has fiscal domicile.
3. This statement is intended only to provide general information to the investors and is neither designed nor intended to be substituted for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his/her own tax advisor with respect to specific tax consequences of his/her participation in the scheme.
4. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.
5. This statement of possible direct tax benefits enumerated above is as per the Act as amended by the Finance Act, 2021. The above statement of possible Direct-tax Benefits sets out the possible tax benefits available to the Trust and its unit holders under the current tax laws presently in force in India. Several of these benefits available are dependent on the Trust or its unit holders fulfilling the conditions prescribed under the relevant tax laws.
6. The information provided above sets out the possible tax benefits available to the unit holders (including unit-holders who are VCF or VCC) in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of equity shares and units, under the current tax laws presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications arising on account of any investment in equity shares or units (including tax implications on account of any distributions by/ receipts from the Trust), particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation impacting the benefits, which an investor can avail.

of **Shrem INVIT** (referred to as the Holding Companies and Project SPVs) which are transferred or are proposed to be transferred to Shrem INVIT pursuant to the proposed placement of units of the Trust (Private Placement) and which comprise

- a. the combined Balance Sheet as at March 31, 2021, March 31, 2020 and March 31, 2019
- b. the combined statement of Profit and Loss (including other comprehensive income), Combined Statements of Cash Flows and Combined Statements of Changes in Equity for the year ended March 31, 2021, March 31, 2020 and March 31, 2019.
- c. a summary of significant accounting policies and other explanatory information
- d. the combined statement of net assets at fair value as at March 31, 2021; and
- e. the combined statement of total returns at fair value for the year ended March 31, 2021 (together referred to as "Special Purpose Combined Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Special Purpose combined financial statements including a summary of significant accounting policies and other explanatory information give a true and fair view in accordance with the basis of preparation as specified in Note 2.1 to the Special Purpose combined Financial Statements, in case of

- a. the Combined balance sheet of the state of affairs of the Holding Companies and Project SPVs as at March 31, 2021, March 31, 2020 and March 31, 2019.
- b. the Combined statement of profit and loss (including other comprehensive income), combined cash flows statement of the cash movements and combined statement of changes in equity of the Holding Companies and Project SPVs for the year ended March 31, 2021, March 31, 2020 and March 31, 2019.
- c. the combined statement of net assets at fair value as at March 31, 2021; and
- d. the combined statement of total returns at fair value for the nine months ended March 31, 2021

in accordance with the basis of preparation as set out in note 2.1 to the Combined Financial Statements.

Basis of Accounting and Restriction on Distribution and Use

Without modifying our opinion, we draw attention to note 2.1 to the Special Purpose Combined Financial Statements, which describes the basis of accounting including the approach to and purpose of preparation of these Special Purpose Combined Financial Statements.

These Combined Financial Statements have been prepared in accordance with the requirements of Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time including guidelines and circulars issued thereunder, including the circular dated October 20, 2016 on disclosure of financial information in placement memorandum for InVITs (together referred to as 'InvIT Regulations'), based on the Indian Accounting Standards as notified under the Companies (Indian Accounting Standards) Rules, 2015 prescribed under section 133 of the Companies Act, 2013 ('the Act'), as applicable ("Ind AS") and the Guidance Note on Combined and Carve Out Financial Statements issued by the Institute of Chartered Accountants of India (the 'Guidance Note') as more clearly specified in Note 2.1 'Basis of preparation' of the Special Purpose Combined Financial Statements.

Accordingly, these Special Purpose Combined Financial Statements have been prepared, as if the Trust structure was in place and 100% interest of the Project SPVs was part of the Trust since April 1, 2017 and have been approved by the Investment Manager of the Trust.

Consequently, these special purpose combined financial statements may not necessarily be indicative of financial performance, financial position and cash flows of the Holding companies and Project SPVs that would have occurred if it had operated as a single group of entities during the periods presented.

This report is addressed to and is provided to the Trustee and the Investment Manager solely for the inclusion in the placement memorandum, in connection with the proposed Private Placement and may not be suitable for another purpose. Our report should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent other than to the Financial Investors in connection with the private placement. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Responsibility of the Management and Those Charged with Governance for the Special Purpose Combined Financial Statements

The Investment Manager of the Trust is responsible for the preparation of these special purpose combined financial statements that give a true and fair view of the combined financial position, combined financial performance (including other comprehensive income), combined cash flows, combined statement of change in equity in accordance with the basis of preparation specified in Note 2.1 to the special purpose combined financial statements.

The respective Board of Directors of the Holding Companies and Project SPVs are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act; for safeguarding the assets of the Holding Companies and Project SPVs and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of these special purpose combined financial statements by the Investment Manager, as aforesaid.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the Special purpose combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the special purpose combined financial statements. The procedures selected depend on the

auditor's judgment, including the assessment of the risks of material misstatement of the Special Purpose Combined Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding companies and Project SPVs preparation of the Special Purpose Combined Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion whether the Trust Group have in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Investment Manager, as well as evaluating the overall presentation of the financial statements. We communicate with those charged with governance of the Investment Manager of the Trust regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of 3 Holding Companies and 24 Project SPV for the relevant periods have been prepared as per Ind AS have been audited by the respective auditors of Group Trust and have been used for the purpose of preparation of the special purpose combined financial statements by the Investment Manager of the Trust and have been relied upon by us for our audit of these special purpose combined financial statements.

The Holding Companies and Project SPVs and the periods which were audited by other auditors are as follows:

Report on Other Legal and Regulatory Requirements

As required by circular number CIR/IMD/DF/114/2016 dated 20 October 2016 issued by Securities and Exchange Board of India; we report that:

a) we have obtained all information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;

b) the combined balance sheet and the combined statement of profit and loss, are in agreement with the books of account of the respective Holding companies and Project SPVs; and

c) the special purpose combined financial statements comply with the Indian Accounting Standards as notified under the Companies (Indian Accounting Standards) Rules, 2015

prescribed under section 133 of the Act and the basis of preparation as specified in Note 2 to these special purpose combined financial statements.

1. Corporate and general information

The Shrem InvIT Fund (the "Fund" / "Trust") is a trust constituted by "The Indenture of Trust" dated *March 31, 2021* registered under the Indian Trust Act, 1882 and registered under Registration Act, 1908 and under the Securities Exchange Board of India (Infrastructure Investment Trust) Regulations, 2014. The Fund is settled by the Sponsor, Shrem Infra Structure Private Limited (the "Sponsor"), an infrastructure development company in India. The Trustee to the Fund is Axis Trustee Services Limited (the "Trustee"). Investment manager for the Fund is Shrem Financial Private Limited (the "Investment Manager").

The Fund has been formed to invest in infrastructure assets primarily being in the road sector in India. All of the Fund's road projects are implemented and held through holding Companies and special purpose vehicles ("Trust Group "). The Fund's portfolio subsequent to the completion of the proposed offering will comprise of 24 road projects and 3 Holding companies as listed below: -

Holding Company	Country of incorporation
Shrem Infraventure Private Limited	India
Shrem Tollway Private Limited	India
Shrem Roadways Private Limited	India

Project SPV Name	Proposed Shareholding	Nature of Proposed investment	Country of incorporation
Suryavanshi Infrastructure Private Limited	100%	Subsidiary	India
DBL Nadiad Modasa Tollways Limited*	74%	Subsidiary	India
DBL Jaora-Sailana Tollways Limited	100%	Subsidiary	India
DBL Bankhlafata - Dogawa Tollways Limited	100%	Subsidiary	India
DBL Ashoknagar Vidisha Tollways Ltd	100%	Subsidiary	India
DBL Silwani-Sultanganj Tollways Limited	100%	Subsidiary	India
DBL Sitamau-Suwasara Tollways Limited	100%	Subsidiary	India
DBL Hata-Dargawon Tollways Limited	100%	Subsidiary	India
DBL Patan Rehli Tollways Limited	100%	Subsidiary	India
DBL Mundi-Sanawad Tollways Limited	100%	Subsidiary	India
DBL Uchera – Nagod Tollways Limited	100%	Subsidiary	India
DBL Betul-Sarni Tollways Limited	100%	Subsidiary	India
DBL Tikamgarh-Nowgaon Tollways Limited	100%	Subsidiary	India
DBL Sardarpur Badnawar Tollways Limited	100%	Subsidiary	India
DBL Mundargi Harapanahalli Tollways Limited*	74%	Subsidiary	India

DBL Hassan Periyapatna Tollways Limited*	74%	Subsidiary	India

DBL Lucknow Sultanpur Highways Limited	100%	Subsidiary	India
DBL Tuljapur AUSA Highways Limited	100%	Subsidiary	India
DBL Mahagaon Yavatmal Highways Private Limited	100%	Subsidiary	India
DBL Yavatmal Wardha Highways Private Limited	100%	Subsidiary	India
DBL Kalmath Zarap Highways Limited	100%	Subsidiary	India
DBL Wardha Butibori Highways Private Limited	100%	Subsidiary	India
Jalpa Devi Tollways Limited	100%	Subsidiary	India

*Shareholding under these entities shall be restricted to 74% in line with the respective concession agreements, whereas 100% financial interest will lie with Trust

2. SIGNIFICANT ACCOUNTING POLICY

2.1 Basis of Preparation of combined financial statements

The Combined financial statements of the Trust Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs under sections 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The Combined Financial Statements of Trust Group comprise of Combined Balance Sheets as at March 31 2021, March 31, 2020 and March 31, 2019 Combined Statement of Profit and Loss, Combined Cash Flow Statement and Combined Statement of Changes in Equity for the year ended March 31, 2021, March 31, 2020 and Combined Statement of Net Assets at Fair Value as at March 31, 2021 and the Combined Statement of Total Return at Fair Value as at March 31 2021, a summary of significant accounting policies, notes and other explanatory Information. The Combined Financial Statement has been prepared for inclusion in the place memorandum (the “Placement Memorandum”) to be issued in connection with the proposed offering (the “Offering”) of the Fund.

The Combined Financial Statements are special purpose financial statements and have been prepared by Trust Group and the Investment Manager to meet the requirements of InvIT Regulations and for inclusion in the placement memorandum prepared by the Investment Manager in connection with the proposed Initial Private Placement of units of Shrem InvIT. As a result, the Combined Financial Statements may not be suitable for another purpose.

In accordance with the requirements of Securities and Exchange Board of India (Infrastructure Investment Trust) Regulations 2014, as amended from time to time including guidelines and circulars issued thereunder including the circular dated October 20, 2016 on disclosure of financial information in placement memorandum for InvIT (together referred to as InvIT Regulations), since the Fund is newly set up on March 31, 2021, to present the financial position and performance of the proposed Trust Group, the historical Combined Financial Statements have been prepared, as if the Fund structure was in place and 100% interest of the Project SPVs was part of the Fund since April 01, 2017

The Combined Financial Statements are presented in Rs. in millions, except when otherwise indicated.

Basis of preparation of Combined Financial Statements

The Combined Financial Statements comprise the financial statements of the Holding companies and Project SPV Group.

Combined Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The financial statements of the Trust Group used for the purpose of combination are drawn for the year ended 31st March 2021.

Combination procedure as per InvIT Regulation:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of Trust Group.
- (b) Eliminate in full intra Trust Group assets and liabilities, income, expenses and cash flows relating to transactions between Trust Group. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Trust Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

2.2 Use of estimates

The preparation of the combined financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying accounting policies:

The judgements, apart from those involving estimations (see note below) that the Trust Group has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Trust Group is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Current versus non-current classification

The Trust Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Project SPV Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Project SPV Group has identified twelve months as its operating cycle.

2.3 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Trust group's functional currency. All amounts have been rounded-off to the nearest million, unless otherwise indicated.

2.4 Property, plant and equipment and Depreciation

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Trust Group. Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognised in the statement of profit and loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the lease term. Freehold land is not depreciated. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

2.5 Intangible Assets

(a) Other Intangible Assets

Intangible assets that the Trust Group controls and from which it expects future economic benefits are capitalised upon acquisition at cost comprising the purchase price and directly attributable costs to prepare the assets for its intended use. Intangible assets that have finite lives are amortised over their useful lives by the straight line method.

(b) Service concession arrangements (Toll Rights)

The Trust Group recognises an intangible asset arising from a service concession arrangement to the extent the Trust Group has right to charge for the use of concession infrastructure. Intangible asset would be initially measured at cost. The fair value, at the time of initial recognition of such an intangible asset received as consideration for providing construction or upgrade services in a service concession arrangement, is regarded to be its cost. Borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost. Subsequent to initial recognition the intangible asset is measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent costs:

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Amortisation:

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life of an intangible asset in a service concession arrangement is a period from when the trust group has right to charge the user of infrastructure for such use to the end of the concession period.

2.6 Impairment of non-financial assets:

The trust group assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the trust group estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis. An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised

2.7 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The trust group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent measurement

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Derecognition

The trust group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the trust group neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Impairment of financial asset

For impairment of financial assets, trust group applies expected credit loss (ECL) model. Following financial assets and credit risk exposure are covered within the ECL model:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The trust group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables including receivables recognised under service concession arrangements.

The application of simplified approach does not require the trust group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the trust group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, then the impairment loss is provided based on lifetime ECL

Financial liabilities

Initial recognition

The trust group initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the trust group becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.8 Leases

The trust group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the trust group assesses whether: (i) the contract involves the use of an identified asset (ii) the trust group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the trust group has the right to direct the use of the asset. At the date of commencement of the lease, the trust group recognizes a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases

For these short-term and low value leases, the trust group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group trust changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.9 Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

2.10 Revenue recognition

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments, to the extent that it is probable that they will result in revenue and can be measured reliably.

If the outcome of a construction contract can be estimated reliably, contract revenue is recognised in profit or loss in proportion to the stage of completion of the contract. The stage of completion is assessed by reference to surveys of work performed. Otherwise, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable. Revenue related to construction or upgrade services provided under a service concession arrangement is recognised based on the stage of completion of the work performed. Operation or service revenue is recognised in the period in which the services are provided by the trust group. Income from toll is recognised on receipt basis. Interest income is recognised in the Statement of Profit and Loss using the effective interest method in accordance with service concession agreements. Other income comprises of interest income, dividend income, foreign currency gain on financial assets and liabilities and export benefits.

2.11 Borrowing Cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

2.12 Earnings per Unit

Basic earnings per unit is computed using the net profit or loss for the year attributable to the unit holders and weighted average number of units outstanding during the year. Diluted earnings per unit is computed using the net profit or loss for the year attributable to the unit holders and weighted average number of equity and potential units outstanding during the year, except where the result would be anti-dilutive.

2.13 Cash Flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the trust group are segregated.

2.14 Employee Benefits

Short Term Employment benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of exgratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the trust group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post Employment Employee Benefits

Retirement benefits to employees comprise payments to government provident funds, gratuity fund and Employees State Insurance.

Defined Contribution Plans

The trust group's contribution to defined contributions plans such as Provident Fund, Employee State Insurance are recognised in the Statement of Profit and Loss in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective Funds

Defined Benefit Plans

Gratuity liability is defined benefit obligation. The trust group's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary, using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs. Actuarial gains/losses are recognized in the other comprehensive income.

2.15 Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the trust group will pay income tax higher than that computed under MAT, during the year that MAT is permitted to be set off under the Income Tax Act, 1961 (specified year). In the year, in which the MAT credit becomes eligible to be recognized as an asset the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement. The trust group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the trust group will pay income tax higher than MAT during the specified year.

Appendix C to Ind AS 12 Uncertainty over Income Tax Treatments:

The interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of Ind AS 12 and does not apply to taxes or levies outside the scope of Ind AS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation authorities
 - How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates

The trust group has determined whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty has been followed. In determining the approach that better predicts the resolution of the uncertainty, the trust group considers, for example, (a) how it prepares its income tax filings and supports tax treatments; or (b) how the trust group expects the taxation authority to make its examination and resolve issues that might arise from that examination.

The amendment is effective from April 1, 2019. The trust group has evaluated the effect of Ind AS 12 amendment on the financial statements and concluded that there is no material impact on the retained earnings and on its profit for the year ended March 31, 2020.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The trust group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

2.16 Assets Held for Sale

Non-current assets are classified as held for sale when their carrying amount will be recovered principally through a sale transaction rather than continuing use and a sale is highly probable.

Assets designated as held for sale are held at the lower of carrying amount at designation and fair value less costs to sell.

2.17 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the trust group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

The trust group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the trust group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the trust group has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.18 Segment information

The Project SPV Group is engaged in "Road Infrastructure Projects" which in the context of Ind AS 108 "Operating Segment" is considered as the only segment. The Project SPV Group's activities are restricted within India and hence, no separate geographical segment disclosure is considered necessary.

The trust Group maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the trust group internally reviews valuations, including independent price validation for certain instruments. Further, in other instances, trust group's retains independent pricing vendors to assist in corroborating the valuations of certain instruments.

The fair value of the financial assets and liabilities are included at the amount at which the instrument that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

* The company has not disclosed the fair values of trade payables, trade receivables and cash and cash equivalents because their carrying amounts are reasonable approximation of fair value.

Fair value of security deposits have been estimated using a discounted cash flow model. The valuation requires management to make certain assumptions about interest rates, maturity period, credit risk, forecated cash flows.

Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the trust group is based on parameters such as interest rates, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables. As of reporting date the carrying amounts of such receivables, net of allowances are not materially different from their calculated fair values.

Carrying value of loans from banks, other non current borrowings and other financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The own non- performance risk as at reporting date was assessed to be insignificant.

Fair value hierarchy

The following table provides the fair value measurement hierarchy of Company's assets and liabilities grouped into Level 1 to Level 3 as described in significant accounting policies - Note 1. Further table describes the valuation techniques used, key inputs to valuations and quantitative information about significant unobservable inputs for fair value measurements.

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021:

Sr. No.	Particulars			Level 3
	Level 1	Level 2	Level 3

(iii)	Trade payable *		5,048.79	
(iv)	Other financial liabilities		2,713.54	

During the year ended 31 March 2019, 31 March 2020 and 31 March 2021 there were no transfers between level 1 and level 2 fair value measurements and no transfers into and out of level 3 fair value measurement.

SHREM INVIT**NOTES TO COMBINED FINANCIAL STATEMENT****Note 32: Capital management**

For the purpose of the Group trust's capital management, capital includes issued equity capital, convertible preference shares, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Group Trust's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents, excluding discontinued operations.

Note 34: Financial risk management policy and objectives

The key objective of the Company's capital management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business. The Company is focused on maintaining a strong equity base to ensure independence, security, as well as financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.

Company's principal financial liabilities, comprise borrowings from banks, trade payables and security deposits. The main purpose of these financial liabilities is to finance Company's operations (short term). Company's principal financial assets include investments, security deposit, trade and other receivables, deposits with banks and cash and cash equivalents, that derive directly from its operations.

Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The Company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk interest rate risk, currency risk and other price risk such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings, trade and other payables, security deposit, trade and other receivables, deposits with banks.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity, other post retirement obligations and provisions

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

ii) Credit risk

Credit risk on trade receivables and unbilled work-in-progress is limited as the customers of the Company mainly consists of the government promoted entities having a strong credit worthiness. For other customers, the Company uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled work-in-progress. The provision matrix takes into account available external and internal credit risk factors such as credit ratings from credit rating agencies, financial condition, ageing of accounts receivable and the Company's historical experience for customers.

(d)	Other adjustments and settlements during the period	4,609.24	4,454.14	3,541.70
(e)	Closing Balance at the end of the period	52,204.48	54,139.69	52,388.62

41. Disclosures as required by SEBI circular no CIR/IMD/DF/114/2016 dated October 20, 2016-Earnings Per Unit (EPU)

The number of units that Shrem Invit will issue to investors in the proposed private placement and to Shrem Infra Structure Private Limited (referred to as 'the Sponsors') in exchange of the shareholdings in the Project SPV Group and against the loan from Sponsors is not presently ascertainable. Hence the disclosures in respect of Earnings per Unit have not been given.

42: Disclosure of Creditors outstanding under MSMED Act, 2006

Disclosure of sundry creditors under current liabilities is based on the information available with the Company regarding the status of the suppliers as defined under the "Micro, Small and Medium Enterprises Development Act, 2006" (the Act). There are no delays in payment made to such suppliers and there is no overdue amount outstanding as at the Balance sheet date. Relevant disclosures as required under the Act are as follows:

(Rs. in Million)				
Sr. No.	Particulars	31-Mar-21	31-Mar-20	31-Mar-19
a)	i) Principal amount remaining unpaid to supplier under the MSMED Act 2006	Nil	Nil	Nil
	ii) Interest on a) (i) above	Nil	Nil	Nil
b)	i) Amount of Principal paid beyond the appointed Date	Nil	Nil	Nil
	ii) Amount of interest paid beyond the appointed date (as per Section 16 of the said Act)	Nil	Nil	Nil
c)	Amount of Interest due and payable for the year of delay in making payment, but without adding the interest specified under section 16 of the said Act	Nil	Nil	Nil
d)	Amount of Interest accrued and due	Nil	Nil	Nil
e)	Amount of further interest remaining due and payable Even in succeeding years	Nil	Nil	Nil

43 : Toll operation suspension due to lockdown amid Covid-19 pandemic

Ministry of Road Transport & Highways (MORTH) has vide letter dated 25th March 2020 ordered the suspension of collection of Toll from 25.03.2020 till 19th April 2020. In accordance with the same, the trust group had suspended collection of Toll during this period.

In accordance with the Concessionaire agreement entered into between the Company and Madhya Pradesh Road Development Corporation, respective company in the Trust Group has submitted letter dated 21st March 2020 initiating the Force Majeure clause as per concession agreement stating that the company will further submit the loss in toll revenue and claim an equivalent extension in the Concession agreement as and when the Force Majeure event finishes.

44 : Loan Moratorium facility vide RBI circular

Due to difficulty faced by the borrowers in repayment of loans due to cash flow issues amid lockdown because of Covid-19 pandemic, RBI vide its Notification Ref RBI/2019-201186 DOR.No. BP.BC.47121.04.04812019-20 dated 27th March 2020 (COVID-19 Regulatory Package) has asked the bankers to provide three months moratorium in loan repayments to its borrowers.

The respective company in the Trust Group has opted for this facility and has intimated to the respective bankers vide letter dated 28th March 2020 asking for keeping all the payments due from the Company under the Loan Agreement, any interests and charges therein in abeyance for the month of April and May 2020

45 : Loan Redemption Reserve

During the financial year ended 31st March 2020 and 31st March 2021, the respective company in the Trust Group has formulated a policy to set aside amount towards Loan Redemption Reserve on account of amount repayable towards loan repayment in the subsequent financial year.

46. Uncertainties relating to the Global Health Pandemic from Covid-19 ("Covid-19)

The impact of COVID-19 on the global economy and how governments, businesses and consumers respond is uncertain. This uncertainty is reflected in the Company's assessment of impairment loss allowance on its loans which are subject to a number of management judgements and estimates. In relation to COVID-19, judgements and assumptions include the extent and duration of the pandemic, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy. While the methodologies and assumptions applied in the impairment loss allowance calculations remained unchanged from those applied while preparing the financial statements for the year ended 31st March 2021, the trust group has separately incorporated estimates, assumptions and judgements specific to the impact of the COVID-19 pandemic and the associated support packages in the measurement of impairment loss allowance and has recognized the same in the statement of profit and loss.

47. Figures relating to previous years have been regrouped / rearranged, wherever necessary.

PROJECTIONS OF REVENUE FROM OPERATIONS AND CASH FLOW FROM OPERATING ACTIVITIES

(This page has been left intentionally blank)

Report of auditors on projections of revenue from operations and cash flow from operating activities and underlying assumptions

To

To,

Axis Trustee Services Limited *(as the Trustee of the Trust)*

The Ruby, 2nd Floor,
SW, 29, Senapati Bapat Marg,
Dadar West, Mumbai 400 028

Shrem Financial Private Limited *(as the Investment Manager of the Trust)*

1101, Viraj Towers,
Junction off Andheri Kurla Road,
W.E. Highway near Land Mark Building,
Andheri (E), Mumbai 400 069

We have reviewed the attached projected revenue from operations and cash flow from operation activities of the 24 Project SPVs for the years ended March 31, 2022, 2023 and 2024 and the Basis and notes to these projections ('Projections') along with significant assumptions underlying the projections ('Projection Assumptions' together with the Projections as ('Projected Revenue from operations and Cash Flow from operating activities') of the following entities, namely

1. Suryavanshi Infrastructure Private Limited (SIPL)
2. DBL Nadiad Modasa Tollways Limited (DNMTL)
3. DBL Jaora-Sailana Tollways Limited (DJSTL)
4. DBL Bankhlfata - Dogawa Tollways Limited (DBDTL)
5. DBL Ashoknagar Vidisha Tollways Ltd (DAVTL)
6. DBL Silwani-Sultanganj Tollways Limited (DSSTL)
7. DBL Sitamau-Suwasara Tollways Limited (DSSTL)
8. DBL Hata-Dargawon Tollways Limited (DHDTL)
9. DBL Patan Rehli Tollways Limited (DPRTL)
10. DBL Mundi-Sanawad Tollways Limited (DMSTL)
11. DBL Uchera – Nagod Tollways Limited (DUNTL)
12. DBL Betul-Sarni Tollways Limited (DBSTL)
13. DBL Tikamgarh-Nowgaon Tollways Limited (DTNTL)
14. DBL Sardarpur Badnawar Tollways Limited (DSBTL)
15. DBL Mundargi Harapanahalli Tollways Limited (DMHTL)
16. DBL Hassan Periyapatna Tollways Limited (DHPTL)
17. DBL Hirekerur Ranibennur Tollways Limited (DHRTL)
18. DBL Lucknow Sultanpur Highways Limited (DLSHL)
19. DBL Tuljapur Ausa Highways Limited (DTAHL)
20. DBL Mahagaon Yavatmal Highways Private Limited (DMYHPL)
21. DBL Yavatmal Wardha Highways Private Limited (DMYHPL)
22. DBL Kalmath Zarap Highways Limited (DKZHL)
23. DBL Wardha Butibori Highways Private Limited (DWBHPL)
24. Jalpa Devi Tollways Limited (JDTL)

(Collectively referred as 'Project SPV) which are proposed to be transferred to Shrem Invit (Trust) prior to allotment of Units ('Units'), pursuant to proposed private placement of Units of the Trust ('Private Placement'), in accordance with Standard on Assurance Engagement 3400, 'The Examination of Prospective Financial Information', issued by The Institute of Chartered Accountants of India.

The Projected Revenue from operations and Cash Flow from operating activities have been prepared in relation to the proposed Private Placement of Units of the Trust (the 'Issue'), under the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time, including the circulars, notifications, clarifications and guidelines issued thereunder, ("InvIT Regulations").

The preparation and presentation of the Projected Revenue from operations and Cash Flow from operating activities in accordance with the InvIT Regulations, is the responsibility of the Investment Manager of Trust and has been approved by the Investment Manager of the Trust for inclusion in the draft placement memorandum and placement memorandum.

We have examined the evidence supporting the assumptions and other information in the Projections. Our responsibility does not include verification of the accuracy of the Projections. Therefore, we do not vouch for the accuracy of the same. The assumptions used for the preparation of these Projections have been provided to us by the Investment Manager of the Trust and relied upon by us as certain matters included are of technical nature.

We have examined and reviewed the projected revenue from operations and cash flow from operating activities for the Project SPVs for the financial years ended March 31, 2022, 2023 and 2024;

Based on our review of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that these Projection Assumptions do not provide a reasonable basis for the Projections and confirm that the Projection Assumptions are appropriate for the purpose of these Projections.

We have verified the arithmetical accuracy of the Projections and found them to be accurate and appropriate. Further, in our opinion, the Projections are properly prepared on the basis of the assumptions as set forth in the basis and notes to Projections and are consistent with the accounting policies of the Project SPV Group and with the financial statements of the Project SPVs and the significant accounting policies adopted by the Project SPV Group in line with the Indian Accounting Standard (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with relevant rules and other accounting principles generally accepted in India and the InvIT Regulations.

Events and circumstances frequently do not occur as expected; even if the events anticipated under the hypothetical assumptions described herewith in the attached documents occur. Actual results are still likely to be different from the Projections since other anticipated events frequently do not occur as expected and the variation may be material. The actual results may therefore differ materially from those forecasted and projected, for the reasons set out above. Therefore, we do not express any opinion as to the possibility of achievement of the Projections.

This report is intended solely for inclusion in the draft placement memorandum and placement memorandum in connection with the proposed Private Placement of the Units of the Trust and is not to be used, referred to or distributed for any other purpose without our written consent.

Shrem Invit

Basis and Notes to Projected revenue from operations and cash flow from operating activities

1. General information

SHREM InvIT (the "Trust") was set up as a contributory irrevocable infrastructure investment trust under the provisions of the Indian Trusts Act, 1882 via "Trust Deed" dated December 31, 2020 between the Shrem Infrastructure Private Limited (the "Sponsor") as the settlor and sponsor of the Trust and Axis Trustee Services Limited ("Trustee"). The Trust was registered under the Securities Exchange Board of India (Infrastructure Investment Trust) Regulations, 2014, as amended including circulars and guidelines issued thereunder ("**SEBI InvIT Regulations**") on January 07, 2021 having registration number IN/InvIT/20-21/0016. The Investment manager for the Trust is Shrem Financial Private Limited (the "Investment Manager" or the "Management"). The Trust along with Shrem Infraventure Private Limited, Shrem Roadways Private Limited and Shrem Tollway Private Limited (together, the "Holding Companies"), through these Holding Companies, will ultimately acquire shareholding in 24 Project SPVs. These holding companies and 24 SPVs together are referred to as the "Trust Group".

1. Suryavanshi Infrastructure Private Limited (SIPL)
2. DBL Nadiad Modasa Tollways Limited (DNMTL)
3. DBL Jaora-Sailana Tollways Limited (DJSTL)
4. DBL Bankhlafata - Dogawa Tollways Limited (DBDTL)
5. DBL Ashoknagar Vidisha Tollways Ltd (DAVTL)
6. DBL Silwani-Sultanganj Tollways Limited (DSSTL)
7. DBL Sitamau-Suwasara Tollways Limited (DSSTL)
8. DBL Hata-Dargawon Tollways Limited (DHDTL)
9. DBL Patan Rehli Tollways Limited (DPRTL)
10. DBL Mundi-Sanawad Tollways Limited (DMSTL)
11. DBL Uchera – Nagod Tollways Limited (DUNTL)
12. DBL Betul-Sarni Tollways Limited (DBSTL)
13. DBL Tikamgarh-Nowgaon Tollways Limited (DTNLT)
14. DBL Sardarpur Badnawar Tollways Limited (DSBTL)
15. DBL Mundargi Harapanahalli Tollways Limited (DMHTL)
16. DBL Hassan Periyapatna Tollways Limited (DHPTL)
17. DBL Hirekerur Ranibennur Tollways Limited (DHRTL)
18. DBL Lucknow Sultanpur Highways Limited (DLSHL)
19. DBL Tuljapur Ausa Highways Limited (DTAHL)
20. DBL Mahagaon Yavatmal Highways Private Limited (DMYHPL)
21. DBL Yavatmal Wardha Highways Private Limited (DMYHPL)
22. DBL Kalmath Zarap Highways Limited (DKZHL)
23. DBL Wardha Butibori Highways Private Limited (DWBHPL)
24. Jalpa Devi Tollways Limited (JDTL)

2. Basis of preparation of projections of revenue from operations and cash flow from operating activities

The projections of revenue from operations and cash flow from operating activities of the Trust Group and of DLSHL, DKZHL, DYWHPL, DTAHL, DWBHPL, DMYHPL, DAVTL, DBSTL, DHDTL, DBL Silwani, DSSTL, DMSTL, DUNTL, DSBTL, DPRTL, DTNLT, DNMTL, DBDTL, DJSTL, DMHTL, DHPTL, DHRTL, JDTL, Suryavanshi Infra ("Projections") for the years ended March 31, 2022, March 31, 2023 and March 31, 2024 ("Projection period") have been prepared by the Investment Manager solely for inclusion in the Draft Placement Memorandum in connection with the private placement of the units of the Trust. Therefore, the use of the Projections is not appropriate and should not be used or relied upon for any purpose other than described above.

The Projections have been prepared based on the assumption that once the private placement is complete, the Trust will acquire equity interests in the Project SPVs

immediately prior to allotment in the private placement and out of the total net proceeds, Rs. six thousand million will be infused to replace part of existing bank debt.

The Projections are prepared based on the accounting policies that are expected to be used for the Trust financial information for the corresponding periods in accordance with Indian Accounting Standards ("Ind AS") and / or any addendum thereto as defined in Rule 2(1)(a) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) Amendment Rules, 2016 and subsequent amendments.

The Projections only include the following information:

1. Projected revenue from operations and cash flow from operating activities for the Project SPVs for the financial years ended March 31, 2022, 2023 and 2024;
2. Basis and Notes to projections
3. Significant assumptions underlying the projections

Though the aforesaid Projections are prepared under the Ind-AS framework, they do not provide for all the detailed disclosures as required under Ind-AS.

The accounting year end of the Trust is March 31 of each year. Accordingly, the Projections are prepared for the years ending March 31, 2022, 2023 and 2024. However, the assumed date of acquisition (April 1, 2021) may be postponed and accordingly, the actual result in the first financial period of the Trust as well as subsequent financial periods may be different from the projection period in the Projections.

The Projections have been prepared and disclosed in INR million, unless otherwise specifically mentioned.

The Projections contain forecasts and projections that relate to future events, which are, by their nature, subject to significant risks and uncertainties. The future events referred to involve risks, uncertainties and other factors which may cause the actual results or performance to be materially different from the Projections. Investors should therefore be aware that future events cannot be predicted with any certainty and there may be deviations from the figures projected in the Projections.

3. Significant assumptions

The Projections have been prepared based on the significant assumptions summarized below. These are Investment Manager's best estimate assumptions and hypothetical assumptions (about future events and actions) and have been prepared by the Investment Manager solely for inclusion in the Draft Placement Memorandum in connection with the proposed Private Placement of Units of the Trust in accordance with the requirements of the InvIT Regulations. The Investment Manager considers the assumptions to be appropriate and reasonable as at the date of the report. However, the investors should consider these assumptions as well as the Projections and make their own assessment of the future performance of the Trust.

3.1 Revenue from Operations:

Revenue from operations of the Trust Group are divided into four types on the basis of the the source of income: (i) hybrid annuity; (ii) annuity; (iii) toll; and (iv) annuity plus toll.

- The hybrid annuity model ("HAM") was introduced in January 2016 by the Government with an intent to share the financial risk with the developers, given that infrastructure projects are capital intensive in nature. In a HAM project, the concessioning authority shares a portion of the total project cost during the construction phase. As a mix of EPC and annuity models, HAM reduces the financial burden of a concessionaire during the project construction phase and provides an assured revenue in form of annuities in the

operational phase. Annuity payments eliminate the risk of income fluctuations resulting from changes in traffic volumes. Going forward, HAM is expected to remain the preferred mode of contract for both the Government as well as developers.

- In an annuity project or where the annuity component of an annuity plus toll project is concerned, a fixed amount is paid semi-annually as annuity by the respective Concessioning Authority pursuant to the applicable concession agreement. Income from the project is thus assured to the extent of the annuity to be collected, thus eliminating or reducing our risk of income fluctuations arising from changes in traffic volumes.
- In a toll-based project or where the toll component of an annuity plus toll project is concerned, SPVs are allowed to collect tolls from vehicles that use the road during the concession period at rates notified by the relevant Concessioning Authority. Income collected on a toll basis thus fluctuates as traffic volume changes, which is a risk inherent in the operation of the toll roads. Key variables for toll revenue growth are traffic growth and are based on Management estimates and traffic study conducted by external consultant.

The revenue projections as above cover only a period of 3 years.

3.2 Operating and maintenance cost

The operating and maintenance cost includes routine, periodic/major maintenance, manpower costs and operational expenses, including, but not limited to, road and site work expenses, employee benefit expenses and other operating and maintenance costs. The operation and maintenance costs are projected based on the costs as stated in the Project Implementation Agreement.

The projected operating and maintenance cost corresponds with the projected traffic and the projected revenue and is primarily based on the currently available information on actual operating and maintenance cost associated with the operation of the Project SPVs.

Operating expenses comprise the following:

i. Operation and Maintenance (O&M) expenses:

O&M expenses considered in the Projections are based on long term contract with the Contractor.

ii. Insurance:

Insurance expenses considered in the Projections are based on premiums as per the insurance policy. The Investment Manager estimates insurance premium to remain constant for the entire life of assets. However, if there are damages to the road infrastructure for which claims are made, the insurance premiums may change significantly.

iii. Other operating expenses:

These mainly include legal/regulatory charges and professional fees. These expenses have been considered in the Projections based on the management's expectations.

iv. Project Manager Fees:

The Project Manager Fees is considered based on management estimates and to be in line with Project implementation and management agreement to be executed between Project Manager and respective SPVs. The annual Fees payable to the Project Manager in respect of the Services is considered to be 0.50% of revenue generated by each SPVs for a particular period. The fee will be payable on quarterly basis post receipt of annuity payments from Authority / Toll collection. The Project Manager fees is assumed to be paid out of the project cash flows of the Project SPVs.

v. Investment Manager Fee

Investment manager fee has been considered based on the Investment Management Agreement (“IMA”) executed between the Trustee and Investment manager. The Investment manager fee is 1.00%(Including applicable taxes (If any)) of the revenue generated by SPVs. The fee will be payable on quarterly basis.

vi. Other Expenses

Other expenses for the Trust include audit fees, credit fees and surveillance fees, valuer’s fees, legal/professional fees and other miscellaneous expenses and are primarily estimated based on the quotes (to the extent available) and Project SPV Management’s experience and best judgment of Investment Manager.

3.3 Income Taxes

For Project SPVs:

Income taxes for Project SPVs have been computed at income tax rates applicable to the Project SPVs for FY 2020- 21 which are expected to apply for the Projection Period. For the computation of income tax for Project SPVs, it is assumed that all project SPV’s are eligible for deduction under section 80-IA of the Income Tax Act, 1961.

3.4 Depreciation in Project SPVs:

Depreciation on tangible assets is calculated based on the written down value method (WDV) using the useful lives as prescribed under the Schedule II to the Companies Act, 2013 or as re-assessed by the Project SPVs.

Toll Collection rights

Toll collection rights including premium obligation are amortised over the period of concession, on a straight line basis.

3.5 Changes in Working Capital

For Project SPVs:

For the computation of changes in working capital, the receivables period is considered based on Management estimates.

For Trust Group:

Changes in working capital for the Trust Group over the Projection Period have been considered as the summation of the working capital changes in the Project SPVs during the Projection Period.

3.6 Other Assumptions

The Investment Manager has made the following additional assumptions in preparing the Projections:

- i. The initial portfolio of Project SPVs is assumed to remain unchanged throughout the Projection period. Further, the Projections have been prepared assuming the proposed InvIT structure from 1st April 2021. The actual structure shall come into existence after the Initial private placement of Units of the Trust which may be before 1st April 2021.
- ii. No further assets are assumed to be acquired during the Projection period;
- iii. No further capital is assumed to be raised during the Projection period;

- iv. It is assumed that there will be no material change in taxation legislations or other applicable legislations during the Projection period.
- v. The relevant tax exemptions, tax remissions, and preferential tax treatments granted remain valid and applicable and that the terms and conditions thereto are complied with.
- vi. The respective components of the Projections have been prepared using Ind AS standards and interpretations that are effective for the Ind AS financial statements for the nine months ended December 31, 2020. The Projections do not take into account the impact of any new Ind AS standard or interpretation not effective as at December 31, 2020. Ind AS standards or interpretations issued but not effective or not issued as at December 31, 2020 which may become effective during the Projections period may have an impact on the Projections and to that extent the actual figures may vary from the Projections;

The Projections are based on assumptions and are subject to a number of factors. Investors should be aware that future events, including actual traffic growth rates, cannot be predicted with any certainty and there may be deviations from the figures projected in the Projections.

The Projections have been prepared based on the Traffic study Report provided by the independent agency. It includes best case scenario for traffic volume growth rates, and no analysis has been performed to demonstrate the sensitivity of the Projections to changes in traffic volume growth rates or other assumptions.

The Trust will be initially holding 100% paid up equity capital in of Shrem Roadways Private Limited (SRPL), Shrem Infraventure Private Limited (SIPL) and Shrem Tollways Private limited (STPL) which in turn shall be holding 100% of the paid up equity share capital of DLSHL, DKZHL, DYWHPL, DTAHL, DWBHPL, DMYHPL, DAVTL, DBSTL, DHDTL, DBL Silwani, DSSTL, DMSTL, DUNT, DSBTL, DPRTL, DTNTL, DBDTL, DJSTL, JDTL and Suryavanshi Infra and 74% of DNMTL, DMHTL, DHPTL and DHRTL. Financial projections have been prepared assuming 100% financial interest in DNMTL, DMHTL, DHPTL and DHRTL.

MATERIAL CONTRACTS AND DOCUMENTS FOR INSPECTION

The following contracts, which are or may be deemed material have been entered or are to be entered into in due course. These contracts and also the documents for inspection referred to hereunder, may be inspected at the principal place of business of the Trust, from 10:00 A.M. to 5:00 P.M., on all Working Days from the date of filing this Final Placement Memorandum until the date of listing of the Units pursuant to this Issue. Any of the contracts or documents mentioned in this Final Placement Memorandum may be amended or modified at any time if so required in the interest of the Trust or if required by the other parties, without reference to the Unitholder, subject to compliance with applicable law and InvIT Documents.

1. Trust Deed entered into between the Sponsor and the Trustee dated December 31, 2020.
2. SEBI registration certificate for the Trust bearing number IN/InvIT/20-21/0017 dated February 4, 2021 as an infrastructure investment trust.
3. Investment management agreement entered into between the Trustee (acting on behalf of the Trust) and the Investment Manager dated January 12, 2021.
4. No-objection certificate from the National Highways Authority of India bearing number NHAI/CGM(T)/Guna-Biaora/2021/179 dated July 23, 2021.
5. Joint In-principle approval from the National Highways Authority of India bearing number NHAI/CGM(FA)/InvIT/2021-22 dated June 24, 2021.
6. Approval from MoRTH bearing reference RW/NH-37015/26/2016-NHDP-IVA/222 dated July 13, 2021.
7. Joint approval from the Madhya Pradesh Road Development Corporation bearing number 5004/MPRDC/BOT/2021 dated July 22, 2021.
8. No-objection certificate from the Karnataka Road Development Corporation Limited bearing number KRDC/MD/Co-Finance WCP-3/2021-22/399 dated May 29, 2021, KRDC/MD/Co-Finance WCP-5/2021-22/400 dated May 29, 2021 and KRDC/MD/Co-Finance WCP-6/2021-22/401 dated May 29, 2021.
9. No-objection certificate from the Roads and Buildings Department, Government of Gujarat bearing number SHDP/10/2017/Change in ownership/23/Pvt. dated July 19, 2021 and SHDP/Package-8/190/2021 dated July 22, 2021.
10. Securities purchase agreement entered into between the Sponsor, the Investment Manager, the Trustee (acting on behalf of the Trust), the Chhatwal Group Trust, RS Infra Advisors and Consultants LLP, Nitan Chhatwal, Hitesh Chhatwal and SIPL dated August 11, 2021.
11. Securities purchase agreement entered into between the Sponsor, the Investment Manager, the Trustee (acting on behalf of the Trust), RS Infra Advisors and Consultants LLP, Nitan Chhatwal, Hitesh Chhatwal and SRPL dated August 11, 2021.
12. Securities purchase agreement entered into between the Sponsor, the Investment Manager, the Trustee (acting on behalf of the Trust), Shrem Investments Private Limited, RS Infra Advisors and Consultants LLP, Nitan Chhatwal, Hitesh Chhatwal and STPL dated August 11, 2021.
13. Placement Agreement entered into among the Trust (acting through its Trustee), the Investment Manager, the Trustee, the Sponsor, the Project Manager and the Lead Manager, dated February 27, 2021.
14. Cash Escrow Agreement entered into among the Trust (acting through its Trustee), the Investment Manager, the Trustee, the Sponsor, the Lead Manager and the Escrow Collection Bank, dated July 21, 2021.
15. Agreement dated February 16, 2021, between NSDL, the Trust, and the Registrar.
16. Agreement dated February 18, 2021 between CDSL, the Trust and the Registrar.
17. Certified copies of the updated Memorandum and Articles of Association of the Investment Manager as amended from time to time.
18. Board resolution of the Investment Manager dated February 22, 2021, authorising this Issue.

19. Consents from the (i) Lead Manager; (ii) Legal counsel to the Trust and to the Sponsor as to Indian law; (iii) Legal Counsel to the Lead Manager as to Indian Law; (iv) International Legal Counsel to the Lead Manager; (v) Initial Portfolio Asset, the Sponsor and the Investment Manager; (vi) Valuer; (vii) Registrar; (viii) Compliance Officer of the Trust; (ix) Traffic Study Consultant; (x) Technical Consultant; and (xi) Auditors.
20. Audited Special Purpose Combined Financial Statements and the report thereon.
21. Summary consolidated financial statements of the Sponsor for financial years ended March 31, 2021, March 31, 2020 and March 31, 2019.
22. Summary consolidated financial statements of the Investment Manager for financial years ended March 31, 2021, March 31, 2020 and March 31, 2019.
23. Projections of Revenue from Operations and Cash Flow from Operating Activities and the report thereon.
24. The statement of tax benefits dated July 30, 2021 from the Auditors.
25. In-principle listing approval dated March 15, 2021 issued by the NSE and extended by way of its letters dated June 11, 2021 and September 9, 2021.
26. Corporate governance policies of the Investment Manager.
27. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DLSHL dated July 23, 2021.
28. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DKZHL dated July 23, 2021.
29. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DYWHPL dated July 23, 2021.
30. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DTAHL dated July 23, 2021.
31. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DWBHPL dated July 23, 2021.
32. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DMYHPL dated July 23, 2021
33. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DAVTL dated July 23, 2021
34. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DBSTL dated July 23, 2021.
35. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DHDTL dated July 23, 2021
36. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DBL Silwani dated July 23, 2021
37. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DSSTL dated July 23, 2021
38. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DMSTL dated July 23, 2021
39. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DUNTTL dated July 23, 2021

40. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DSBTL dated July 23, 2021
41. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DPRTL dated July 23, 2021
42. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DTNTL dated July 23, 2021
43. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DNMTL dated July 23, 2021
44. Project implementation and management agreement entered into between the Trustee (acting on behalf of the Trust), the Investment Manager, the Project Manager, and DBDTL dated July 23, 2021
